## **VIEW RESTORATION**

### **PHASE 1**

**View Restoration** - A property owner may make an application to re-establish pre-existing views. Once pre-existing views are re-established, the applicable vegetation owners shall maintain the vegetation to preserve the pre-existing views. [LBMC 12.16.050(a)] "Pre-existing views" means one or more visual scenes from selected viewing locations or areas that are not significantly impaired by vegetation and that existed on or after either the date of acquisition of the claimant's property or November 4, 2003 (the effective date of Ordinance No. 1430 relating to view preservation), whichever is earlier. It shall be the claimant's responsibility to sustain the burden of proof for establishing and substantiating pre-existing views. [LBMC 12.16.020]

**Process:** Prior to filing this form, the prospective applicant shall first contact the vegetation owner(s) to attempt to resolve the view impairment issue. Upon receipt of this completed form and mediation fee, a staff member will contact the parties to schedule a pre-application mediation meeting with the City's contract View Restoration Mediator.
