This document, *Vision Laguna 2030 Final Report and Strategic Plan*, which focuses on Strategic Planning, is the third and final report that has emerged from the Vision Laguna process. The first report, *Laguna Beach at a Glance*, issued in May 2000, established a baseline of factual data and trends relevant to future decision-making. The second report, *Laguna Beach 2030: A Framework for Strategic Planning*, issued in November 2000, presented a summary of what Lagunans identified as our community's greatest assets, opportunities and challenges. It also articulated the issues around which there appeared to be substantial consensus and synthesized them into a framework that served as the basis for Strategic Planning.

Acknowledgments

Vision Laguna is a strategic planning project conceived and funded by the Laguna Beach City Council. Without its foresight and commitment, this project would not have been initiated. The Laguna Beach Vision Steering Committee, appointed by the City Council in the Spring of 1999, actively oversaw and managed this project.
