LAW ENFORCEMENT CODE OF ETHICS
As a law enforcement officer, my fundamental duty is to serve the community; to safeguard lives and property; to protect the innocent against deception, the weak against oppression or intimidation and the peaceful against violence or disorder; and to respect the constitutional rights of all to liberty, equality and justice.

I will keep my private life unsullied as an example to all and will behave in a manner that does not bring discredit to me or to my agency. I will maintain courageous calm in the face of danger, scorn or ridicule; develop self-restraint; and be constantly mindful of the welfare of others. Honest in thought and deed both in my personal and official life, I will be exemplary in obeying the law and the regulations of my department. Whatever I see or hear of a confidential nature or that is confided to me in my official capacity will be kept ever secret unless revelation is necessary in the performance of my duty.

I will never act officiously or permit personal feelings, prejudices, political beliefs, aspirations, animosities or friendships to influence my decisions. With no compromise for crime and with relentless prosecution of criminals, I will enforce the law courteously and appropriately without fear or favor, malice or ill will, never employing unnecessary force or violence and never accepting gratuities.

I recognize the badge of my office as a symbol of public faith, and I accept it as a public trust to be held so long as I am true to the ethics of police service. I will never engage in acts of corruption or bribery, nor will I condone such acts by other police officers. I will cooperate with all legally authorized agencies and their representatives in the pursuit of justice.

I know that I alone am responsible for my own standard of professional performance and will take every reasonable opportunity to enhance and improve my level of knowledge and competence.

I will constantly strive to achieve these objectives and ideals, dedicating myself before God to my chosen profession . . . law enforcement.

Organizational Divisions and Assignments

101.1 PURPOSE AND SCOPE/ DEFINITIONS

*The following policies have been excerpted from the police department rules and regulations manual. This manual will no longer be a separate entity and has been incorporated into Lexipol (primarily within Chapter One).

The Laguna Beach Police Department is divided into three (3) divisions and is further subdivided as outlined in the Organizational Chart. (See Policy 200 also)

Miscellaneous command staff/supervisory definitions:

**Command:** The direction and control of personnel under his/her command to assure the proper performance of duties and adherence to established rules, regulations, policies, and procedures. Providing for continuation of command and/or supervision in their absence.

**Loyalty and Espirit de Corps:** The development and maintenance of espirit de corps and loyalty to the department.

**Discipline and Morale:** The maintenance of discipline and morale within command and investigation of personnel complaints not assigned elsewhere.

**Interdivisional Action:** The promotion of harmony and cooperation with other units of the department. Initiation of proper action in cases not regularly assigned to his/her command when delay to inform proper unit might result in a failure to perform a police duty.

**Organization and Assignment:** Proper organization and assignment of duties within the unit to assure proper performance of departmental functions and those of the command.

**Reports and Records:** Preparation of required correspondence, reports, and maintenance of records relating to the activities of his/her command. Assurance that information is communicated up and down the chain of command as required, and supervision of, and approval of, subordinate reports.

**Maintenance:** Assurance that quarters, equipment, supplies, and material assigned to his/her command are correctly used and maintained.

**Functional Supervision:** Supervisors are responsible for functional supervision of subordinates. For purposes of this policy manual, functional supervision is the temporary supervision of members not normally under the command of one designated to furnish specialized or technical knowledge necessary to the accomplishment of department objectives.

**Line Supervision:** A supervisor who has the specific responsibility of issuing directives and orders to designated subordinates, shall be considered as having the duty of line supervisors and shall be held accountable for achieving conformance with the directions and orders that he/she issues, or that are issued through him/her.
Supervision: A supervisory officer may be assigned to field or office duties. During his/her tour of duty he/she must closely supervise the activities of his/her subordinates, making corrections where necessary and commending where appropriate.

Leadership: Effective supervision demands leadership. Provision of leadership shall include on-the-job training as needed for efficient operation and coordination of effort when more than one member is involved.

Direction: Supervisors must exercise direct command in a manner that assures the good order, conduct, discipline, and efficiency of subordinates. Exercise of command may extend to subordinates outside of the usual sphere of supervision if the police objective or reputation of the department so requires, or if no other provision is made for personnel temporarily unsupervised. This authority shall not be exercised unnecessarily. If a supervisor requires a subordinate other than his/her own to leave a regular assignment the supervisor so directing will inform the subordinate's own supervisor as soon as possible.

Enforcement of Rules, Etc: Supervisors must enforce departmental rules and insure compliance with departmental policies.

208.7 DAILY TRAINING BULLETINS
The Lexipol Daily Training Bulletins (DTBs) is a web-accessed system that provides training on the Laguna Beach Police Department Policy Manual and other important topics.

Each sworn officer and other personnel assigned to participate in the DTBs is responsible to complete twelve pre-selected DTB's per month. However, the number of DTBs may be adjusted by the Daily Training Bulletin Administrator.

Personnel assigned to participate in DTBs should only use the password and login name assigned to them by the DTB Administrator. Personnel should not share their password with others and should frequently change their password to protect the security of the system. After each session, employees should log off the system to prevent unauthorized access. The content of the DTBs is copyrighted material and shall not be shared with others outside of the Department.

Employees who are assigned to participate in the DTB program should complete each DTB at the beginning of their shift or as otherwise directed by their supervisor. Employees should not allow uncompleted DTBs to build up over time. Personnel are required to complete DTBs missed during extended absences (e.g., vacation, medical leave) upon returning to duty. Although the DTB system can be accessed from any Internet active computer, employees shall only take DTBs as part of their on-duty assignment unless directed otherwise by a supervisor.

Supervisors will be responsible for monitoring the progress of personnel under their command to ensure compliance with this policy.
Electronic Mail

212.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper use and application of the Department’s electronic mail (email) system by employees of this department. Email is a communication tool available to employees to enhance efficiency in the performance of job duties and is to be used in accordance with generally accepted business practices and current law (e.g., California Public Records Act). Messages transmitted over the email system must only be those that involve official business activities or contain information essential to employees for the accomplishment of business-related tasks and/or communication directly related to the business, administration, or practices of the Department.

212.2 EMAIL RIGHT OF PRIVACY
All email messages, including any attachments, that are transmitted over department networks are considered department records and therefore are department property. The Department reserves the right to access, audit or disclose, for any lawful reason, any message including any attachment that is transmitted over its email system or that is stored on any department system.

The email system is not a confidential system since all communications transmitted on, to or from the system are the property of the Department. Therefore, the email system is not appropriate for confidential communications. If a communication must be private, an alternative method to communicate the message should be used instead of email. Employees using the Department's email system shall have no expectation of privacy concerning communications utilizing the system.

Employees should not use personal accounts to exchange email or other information that is related to the official business of the Department.

212.3 PROHIBITED USE OF EMAIL
Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive and harassing or any other inappropriate messages on the email system is prohibited and may result in discipline.

Email messages addressed to the entire department are only to be used for official business related items that are of particular interest to all users and must be approved by the Chief of Police or a Division Commander. Personal advertisements are not acceptable.

It is a violation of this policy to transmit a message under another user’s name. Users are strongly encouraged to log off the network when their computer is unattended. This added security measure would minimize the misuse of an individual’s email, name and/or password by others.

212.4 MANAGEMENT OF E-MAIL
Because the e-mail system is not designed for long-term retention of messages in personal mailboxes, e-mail that the employee desires to save or that becomes part of an official record should be printed and/or stored in another database or file. Users of e-mail are solely responsible
for the management of their mailboxes. Messages should be purged manually by the user at least once per week. All messages in excess of one month can be deleted at regular intervals from the server computer. Email may, depending upon the individual content, be a public record under the California Public Records Act and must be managed in accordance with the established records retention schedule and in compliance with state law.

License to Carry a Firearm

218.1 PURPOSE AND SCOPE
The Chief of Police is given the statutory discretion to issue a license to carry a firearm to residents within the community (Penal Code § 26150; Penal Code § 26155). 218.4.1 PHASE ONE (TO BE COMPLETED BY ALL APPLICANTS)

(a) Any individual applying for a license to carry a firearm shall first fully complete a California Department of Justice (DOJ) application to be signed under penalty of perjury. 2. If an incomplete application package is received, the Chief of Police or authorized designee may do any of the following:
   (a) Require the applicant to complete the package before any further processing.
   (b) Advance the incomplete package to phase two for conditional processing pending completion of all mandatory conditions.
   (c) Issue a denial if the materials submitted at the time demonstrate that the applicant would not qualify for a license to carry a firearm even if the package was completed (e.g., not a resident, disqualifying criminal conviction, absence of good cause).

(b) At the time the completed application is submitted, the applicant shall submit a check made payable to the California Department of Justice for the required California DOJ application fee, along with a separate check made payable to the City of Laguna Beach for a nonrefundable 20 percent of the application fee to cover the cost of processing the application (Penal Code § 26190).

   (a) Additional fees may be required for fingerprinting, training or psychological testing, in addition to the application fee.

   (b) Full payment of the remainder of the application fee will be required upon issuance of a license.

No person determined to fall within a prohibited class described in Penal Code § 29800, Penal Code § 29900, Welfare and Institutions Code § 8100 or Welfare and Institutions Code § 8103 will be issued a license to carry a firearm. A license shall not be issued if the California DOJ determines that the applicant is prohibited by state or federal law from possessing, receiving, owning or purchasing a firearm (Penal Code § 26195).

(d) The applicant should submit at least three signed letters of character reference from individuals other than relatives.

(e) The applicant shall submit proof of ownership or registration of each firearm to be licensed.

Once the Chief of Police or authorized designee has reviewed the completed application package and relevant background information, the application will either be advanced to phase two or denied.

In the event that an application is denied at the conclusion of, or during, phase one, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

218.4.2 PHASE TWO
This phase is to be completed only by those applicants successfully completing phase one.

(a) Upon successful completion of phase one, the applicant shall be scheduled for a personal interview with the Chief of Police or authorized designee. During this stage, there will be further discussion of the applicant’s statement of good cause and any potential restrictions or conditions that might be placed on the license.

1. The determination of good cause should consider the totality of circumstances in each individual case.

2. Any denial for lack of good cause should be rational, articulable and not arbitrary in nature.

3. The Department will provide written notice to the applicant as to the determination of good cause (Penal Code § 26202).
License to Carry a Firearm

(b) The Chief of Police may, based upon criteria established by the Chief of Police, require that the applicant be referred to an authorized psychologist used by the Department for psychological testing. The cost of such psychological testing (not to exceed $150) shall be paid by the applicant. The purpose of any such psychological testing is intended only to identify any outward indications or history of psychological problems that might render the applicant unfit to carry a firearm. This testing is not intended to certify in any other respect that the applicant is psychologically fit. If it is determined that the applicant is not a suitable candidate for carrying a firearm, the applicant shall be removed from further consideration (Penal Code § 26190).

(c) The applicant shall complete a course of training approved by the agency, which complies with Penal Code § 26165. The applicant will not be required to complete and pay for any training courses prior to any determination of good cause (Penal Code § 26165; Penal Code § 26202).

(d) The applicant shall submit any firearm to be considered for a license to the Rangemaster or other departmentally authorized gunsmith, at no cost to the applicant, for a full safety inspection. The Chief of Police reserves the right to deny a license for any firearm that has been altered from the manufacturer’s specifications or that is unsafe (Penal Code § 31910).

(e) The applicant shall successfully complete a firearms safety and proficiency examination with the firearm to be licensed, to be administered by the department Rangemaster, or provide proof of successful completion of another departmentally approved firearms safety and proficiency examination, including completion of all releases and other forms. Once the Chief of Police or authorized designee has verified the successful completion of phase two, the license to carry a firearm will either be granted or denied.

Whether an application is approved or denied at the conclusion of or during phase two, the applicant shall be notified in writing within 90 days of the initial application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later. If the license is denied, the notice shall state which requirement was not satisfied (Penal Code § 26205).

218.5 LIMITED BUSINESS LICENSE TO CARRY A CONCEALED FIREARM

The authority to issue a limited business license to carry a concealed firearm to a non-resident applicant is granted only to the Sheriff of the county in which the applicant works. A chief of a municipal police department may not issue limited licenses (Penal Code § 26150). Therefore, such applicants may be referred to the Sheriff for processing.
License to Carry a Firearm

An individual who is not a resident of the county but who otherwise successfully completes all portions of phases one and two above, may apply for and be issued a limited license subject to approval by the Sheriff and subject to the following:

(a) The applicant physically spends a substantial period of working hours in the applicant's principal place of employment or business within the City of Laguna Beach (Penal Code § 26150).

(b) Such a license will be valid for a period not to exceed 90 days from the date of issuance (Penal Code § 26220).

(c) The applicant shall provide a copy of the license to the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

(d) Any application for renewal or reissuance of such a license may be granted only upon concurrence of the original issuing authority and the licensing authority of the city or county in which the applicant resides (Penal Code § 26220).

218.6 ISSUED FIREARMS PERMITS
In the event a license to carry a firearm is issued by the Chief of Police, the following shall apply:

(a) The license will be subject to any and all reasonable restrictions or conditions the Chief of Police has deemed warranted, including restrictions as to the time, place, manner and circumstances under which the person may carry the firearm.

1. All such restrictions or conditions shall be conspicuously noted on any license issued (Penal Code § 26200).

2. The licensee will be required to sign a Restrictions and Conditions Agreement. Any violation of any of the restrictions and conditions may result in the immediate revocation of the license.

(b) The license shall be laminated, bearing a photograph of the licensee with the expiration date, type of firearm, restrictions and other pertinent information clearly visible.

1. Each license shall be numbered and clearly identify the licensee.

2. All licenses shall be subjected to inspection by the Chief of Police or any law enforcement officer.

(c) The license will be valid for a period not to exceed two years from the date of issuance (Penal Code § 26220).

1. A license issued to a state or federal magistrate, commissioner or judge will be valid for a period not to exceed three years.

2. A license issued to any reserve peace officer as defined in Penal Code § 830.6(a) or (b), or a custodial officer employed by the Sheriff as provided in Penal Code § 831.5 will be valid for a period not to exceed four years, except
that such license shall be invalid upon the individual’s conclusion of service as a reserve officer.

(d) If the licensee’s place of residence was the basis for issuance of a license and the licensee moves out of the county of issuance, the license shall expire 90 days after the licensee has moved (Penal Code § 26210).

(e) The licensee shall notify this department in writing within 10 days of any change of place of residency.

218.6.1 LICENSE RESTRICTIONS

(a) The Chief of Police may place special restrictions limiting time, place, manner and circumstances under which any license shall be valid. In general, these restrictions will prohibit the licensee from:

(b) The Chief of Police reserves the right to inspect any license or licensed firearm at any time.

(c) The alteration of any previously approved firearm including, but not limited to adjusting the trigger pull, adding laser sights or modifications shall void any license and serve as grounds for revocation.

218.6.2 AMENDMENTS TO LICENSES

Any licensee may apply to amend a license at any time during the period of validity by completing and submitting a written Application for License Amendment along with the current processing fee to the Department in order to (Penal Code § 26215):

License to Carry a Firearm

In the event that any amendment to a valid license is approved by the Chief of Police, a new license will be issued reflecting the amendment. An amendment to any license will not serve to extend the original expiration date and an application for an amendment will not constitute an application for renewal of the license.

218.6.3 REVOCATION OF LICENSES
Any license issued pursuant to this policy may be immediately revoked by the Chief of Police for any of the following reasons:

(a) The licensee has violated any of the restrictions or conditions placed upon the license.

(d) The licensee engages in any conduct which involves a lack of good moral character or that might otherwise remove the good cause for the original issuance of the license.
(e) If the license is one to carry “loaded and exposed,” the license shall be revoked immediately upon a change of the licensee’s place of residence to another county (Penal Code § 26210).

The issuance of a license by the Chief of Police shall not entitle the holder to either a property or liberty interest as the issuance, amendment or revocation of such license remains exclusively within the discretion of the Chief of Police as set forth herein.

If any license is revoked, the Department will immediately notify the licensee in writing and the California DOJ (Penal Code § 26225).

218.6.4 LICENSE RENEWAL
No later than 90 days prior to the expiration of any valid license to carry a firearm, the licensee may apply to the Chief of Police for a renewal by:

(a) Verifying all information submitted in the original application under penalty of perjury.

(d) Paying a non-refundable renewal application fee.
License to Carry a Firearm

Once the Chief of Police or authorized designee has verified the successful completion of the renewal process, the renewal of the license to carry a firearm will either be granted or denied. Prior issuance of a license shall not entitle any licensee to any property or liberty right to renewal.

Whether an application for renewal is approved or denied, the applicant shall be notified in writing within 90 days of the renewal application or within 30 days after receipt of the applicant’s criminal background check from the California DOJ, whichever is later (Penal Code § 26205).

Any information in an application or license which tends to indicate when or where the applicant is vulnerable to attack or that concerns the applicant’s medical or psychological history or that of his/her family shall not be considered public record (Government Code § 6254(u)(1)).

(a) The retiree’s previous agency is no longer providing law enforcement services or the relevant government body is dissolved.
(b) This department is in possession of the retiree’s complete personnel record or can verify the retiree’s honorably retired status.
(c) The retiree is in compliance with all of the requirements of this department for the issuance of a CCW Approved endorsement.

220.4.3 QUALIFIED RETIRED RESERVES
Qualified retired reserve officers who meet the department requirements shall be provided an identification card with a CCW Approved endorsement (Penal Code § 26300).

220.5 FORMER OFFICER RESPONSIBILITIES
A former officer with a card issued under this policy shall immediately notify the Watch Commander of his/her arrest or conviction in any jurisdiction, or that he/she is the subject of a court order, in accordance with the Reporting of Employee Convictions policy.

220.5.1 RESPONSIBILITIES UNDER LEOSA
In order to obtain or retain a LEOSA identification card, the former officer shall:

(a) Sign a waiver of liability of the Department for all acts taken related to carrying a concealed firearm, acknowledging both his/her personal responsibility as a private person for all acts taken when carrying a concealed firearm as permitted by LEOSA and also that these acts were not taken as an employee or former employee of the Department.

(a) Qualify annually with the authorized firearm at a course approved by this department at the retired officer’s expense.
(b) Remain subject to all applicable department policies and federal, state and local laws.
(c) Not engage in conduct that compromises public safety.
Retiree Concealed Firearms

(d) Only be authorized to carry a concealed firearm inspected and approved by the Department.

220.6 DENIAL, SUSPENSION OR REVOCATION OF A LEOSA IDENTIFICATION CARD
A LEOSA identification card may be denied or revoked upon a showing of good cause as determined by the Department. In the event that an identification card is denied, suspended or revoked, the former officer may request a review by the Chief of Police. The decision of the Chief of Police is final.

220.7 DUTIES OF THE DEPARTMENT RANGE MASTER AND RANGE COMMANDER
Duties of the Rangemaster - The Rangemaster shall be the point of contact for retirees who wish to qualify with their weapon(s) at the LBPD range in order to maintain their CCW endorsement.
- The Rangemaster shall schedule the qualification at the LBPD range, taking into consideration the needs of both the retiree and the department.
- The Rangemaster shall inform the range commander of the results of each retiree's qualification.

Duties of the Department Range Commander - The Range Commander shall maintain a record of all honorably retired Laguna Beach Police Officers which shall include:
- The date of their retirement.
- The date their most recent I.D. card was issued.
- The date their most recent I.D. card expired.
- The dates of their annual qualification, and any supporting documents.

The Range Commander shall notify the Chief of Police in the event any retiree fails to maintain his yearly qualification. The Range Commander shall provide a copy of this policy to each retiree, as well as subsequent changes. Copies will be mailed to the retiree at his/her last known address. It is also the responsibility of the retiree to provide his current address to the Rangemaster.

220.8 RETIREE PURCHASE OF DEPARTMENTAL OWNED SERVICE WEAPON
A fulltime sworn officer who is honorably retiring may have the option to purchase their departmentally issued handgun upon retirement. The firearm will be sold to the retiree at the fair market value as determined by the Rangemaster or other department designee. Pursuant to California Public Code 10331(b).

Process to Purchase:
(a) A retiree meeting the necessary requirements shall submit a memorandum requesting to purchase their department issued handgun within 30 days of their retirement date. The memorandum shall include the make, model and serial number of the weapon he or she is intending to purchase.
(b) Once authorization is granted by the Chief of Police or his designee, then the employee will submit payment for the purchase and the weapon will transferred to an authorized Federal Firearms Licensee for transfer of ownership pursuant to the existing statutes. All fees associated to the transfer will be at the expense of the retiree.

(c) In order to facilitate the process, the Rangemaster will coordinate the transfer of the firearm from the arsenal to the firearms dealer when necessary.

(d) Once the firearm has been delivered to the appropriate licensed firearms dealer, the retiree assumes all responsibility, care and maintenance of the firearm from that point forward.

220.9 DENIAL, SUSPENSION OR REVOCATION OF A CALIFORNIA CCW ENDORSEMENT CARD

A CCW endorsement under Penal Code § 25470 for any officer retired from this department may be denied or revoked only upon a showing of good cause. The CCW endorsement may be immediately and temporarily revoked by the Watch Commander when the conduct of a retired peace officer compromises public safety.

(a) In the event that a CCW endorsement is initially denied, the retired officer shall have 15 days from the date of denial to request a formal hearing. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received.

(b) Prior to revocation of any CCW endorsement, the Department shall provide the affected retiree with written notice of a hearing by either personal service or first class mail, postage prepaid, return receipt requested to the retiree’s last known address (Penal Code § 26315).

1. The retiree shall have 15 days from the date of service to file a written request for a hearing.
2. The hearing, absent written agreement between the parties, shall be held no later than 120 days after the request is received (Penal Code § 26315).
3. The failure to submit a timely written request for a hearing shall be deemed a waiver of such right.

(c) A hearing for the denial or revocation of any CCW endorsement shall be conducted before a hearing board composed of three members, one selected by the Department, one selected by the retiree or his/her employee organization and one selected jointly (Penal Code § 26320).

1. The decision of such hearing board shall be binding on the Department and the retiree.
2. Any retiree who waives the right to a hearing or whose CCW endorsement has been revoked at a hearing shall immediately surrender his/her identification
card. The Department will then reissue a new identification card which shall be stamped “No CCW Privilege.”

(d) Members who have reason to suspect the conduct of a retiree has compromised public safety shall notify the Watch Commander as soon as practicable. The Watch Commander should promptly take appropriate steps to look into the matter and, if warranted, contact the retiree in person and advise him/her of the temporary suspension and hearing information listed below.

1. Notification of the temporary suspension should also be promptly mailed to the retiree via first class mail, postage prepaid, return receipt requested (Penal Code § 26312).

2. The Watch Commander should document the investigation, the actions taken and, if applicable, any notification made to the retiree. The memo should be forwarded to the Chief of Police.

3. The personal and written notification should be as follows:
   (a) The retiree’s CCW endorsement is immediately and temporarily suspended.
   (b) The retiree has 15 days to request a hearing to determine whether the temporary suspension should become permanent revocation.
   (c) The retiree will forfeit his/her right to a hearing and the CCW endorsement will be permanently revoked if the retiree fails to respond to the notice of hearing within the 15-day period.

4. In the event that personal contact with the retiree cannot be reasonably achieved in a timely manner, the Watch Commander should attempt to make the above notice of temporary suspension through another law enforcement officer. For example, if a retiree was arrested or detained by a distant agency, the Watch Commander may request that a law enforcement officer from that agency act as the agent of the Department to deliver the written notification.

220.10 FIREARM QUALIFICATIONS
The Rangemaster may provide former officers from this department an opportunity to qualify. Written evidence of the qualification and the weapons used will be provided and will contain the date of the qualification. The Rangemaster will maintain a record of the qualifications and weapons used.
Chapter 3 - General Operations
Use of Force

300.1  PURPOSE AND SCOPE
This policy provides guidelines on the reasonable use of force. While there is no way to specify
the exact amount or type of reasonable force to be applied in any situation, every member of
this department is expected to use these guidelines to make such decisions in a professional,
impertial and reasonable manner.

300.1.1  DEFINITIONS
Definitions related to this policy include:

Deadly force - Force reasonably anticipated and intended to create a substantial likelihood of
causing death or very serious injury.

Force - The application of physical techniques or tactics, chemical agents or weapons to another
person. It is not a use of force when a person allows him/herself to be searched, escorted,
handcuffed or restrained.

300.2  POLICY
The use of force by law enforcement personnel is a matter of critical concern, both to the public
and to the law enforcement community. Officers are involved on a daily basis in numerous and
varied interactions and, when warranted, may use reasonable force in carrying out their duties.

Officers must have an understanding of, and true appreciation for, their authority and limitations.
This is especially true with respect to overcoming resistance while engaged in the performance
of law enforcement duties.

The Department recognizes and respects the value of all human life and dignity without prejudice
to anyone. Vesting officers with the authority to use reasonable force and to protect the public
welfare requires monitoring, evaluation and a careful balancing of all interests.

300.2.1  DUTY TO INTERCEDE
Any officer present and observing another officer using force that is clearly beyond that which
is objectively reasonable under the circumstances shall, when in a position to do so, intercede
to prevent the use of unreasonable force. An officer who observes another employee use force
that exceeds the degree of force permitted by law should promptly report these observations to
a supervisor.

300.3  USE OF FORCE
Officers shall use only that amount of force that reasonably appears necessary given the facts
and circumstances perceived by the officer at the time of the event to accomplish a legitimate law
enforcement purpose.

The reasonableness of force will be judged from the perspective of a reasonable officer on the
scene at the time of the incident. Any evaluation of reasonableness must allow for the fact that
officers are often forced to make split-second decisions about the amount of force that reasonably
Use of Force

appears necessary in a particular situation, with limited information and in circumstances that are tense, uncertain and rapidly evolving.

Given that no policy can realistically predict every possible situation an officer might encounter, officers are entrusted to use well-reasoned discretion in determining the appropriate use of force in each incident.

It is also recognized that circumstances may arise in which officers reasonably believe that it would be impractical or ineffective to use any of the tools, weapons or methods provided by the Department. Officers may find it more effective or reasonable to improvise their response to rapidly unfolding conditions that they are confronting. In such circumstances, the use of any improvised device or method must nonetheless be reasonable and utilized only to the degree that reasonably appears necessary to accomplish a legitimate law enforcement purpose.

While the ultimate objective of every law enforcement encounter is to avoid or minimize injury, nothing in this policy requires an officer to retreat or be exposed to possible physical injury before applying reasonable force.

300.3.1 USE OF FORCE TO EFFECT AN ARREST
Any peace officer may use reasonable force to effect an arrest, to prevent escape or to overcome resistance. A peace officer who makes or attempts to make an arrest need not retreat or desist from his/her efforts by reason of resistance or threatened resistance on the part of the person being arrested; nor shall an officer be deemed the aggressor or lose his/her right to self-defense by the use of reasonable force to effect the arrest, prevent escape or to overcome resistance (Penal Code § 835a).

300.3.2 FACTORS USED TO DETERMINE THE REASONABLENESS OF FORCE
When determining whether to apply force and evaluating whether an officer has used reasonable force, a number of factors should be taken into consideration, as time and circumstances permit. These factors include, but are not limited to:

(a) Immediacy and severity of the threat to officers or others.
(b) The conduct of the individual being confronted, as reasonably perceived by the officer at the time.
(c) Officer/subject factors (age, size, relative strength, skill level, injuries sustained, level of exhaustion or fatigue, the number of officers available vs. subjects).
(d) The effects of drugs or alcohol.
(e) Subject’s mental state or capacity.
(f) Proximity of weapons or dangerous improvised devices.
(g) The degree to which the subject has been effectively restrained and his/her ability to resist despite being restrained.
(h) The availability of other options and their possible effectiveness.
Use of Force

(i) Seriousness of the suspected offense or reason for contact with the individual.

(j) Training and experience of the officer.

(k) Potential for injury to officers, suspects and others.

(l) Whether the person appears to be resisting, attempting to evade arrest by flight or is attacking the officer.

(m) The risk and reasonably foreseeable consequences of escape.

(n) The apparent need for immediate control of the subject or a prompt resolution of the situation.

(o) Whether the conduct of the individual being confronted no longer reasonably appears to pose an imminent threat to the officer or others.

(p) Prior contacts with the subject or awareness of any propensity for violence.

(q) Any other exigent circumstances.

300.3.3 PAIN COMPLIANCE TECHNIQUES
Pain compliance techniques may be effective in controlling a physically or actively resisting individual. Officers may only apply those pain compliance techniques for which they have successfully completed department-approved training. Officers utilizing any pain compliance technique should consider:

(a) The degree to which the application of the technique may be controlled given the level of resistance.

(b) Whether the person can comply with the direction or orders of the officer.

(c) Whether the person has been given sufficient opportunity to comply.

The application of any pain compliance technique shall be discontinued once the officer determines that compliance has been achieved.

300.3.4 CAROTID CONTROL HOLD
The proper application of the carotid control hold may be effective in restraining a violent or combative individual. However, due to the potential for injury, the use of the carotid control hold is subject to the following:

(a) The officer shall have successfully completed department-approved training in the use and application of the carotid control hold.

(b) The carotid control hold may only be used when circumstances perceived by the officer at the time indicate that such application reasonably appears necessary to control a person in any of the following circumstances:

1. The subject is violent or physically resisting.
Use of Force

2. The subject, by words or actions, has demonstrated an intention to be violent and reasonably appears to have the potential to harm officers, him/herself or others.

(c) The application of a carotid control hold on the following individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of applying a carotid control hold:

1. Females who are known to be pregnant
2. Elderly individuals
3. Obvious juveniles
4. Individuals who appear to have Down syndrome or who appear to have obvious neck deformities or malformations, or visible neck injuries

(d) Any individual who has had the carotid control hold applied, regardless of whether he/she was rendered unconscious, shall be promptly examined by paramedics or other qualified medical personnel and should be monitored until examined by paramedics or other appropriate medical personnel.

(e) The officer shall inform any person receiving custody, or any person placed in a position of providing care, that the individual has been subjected to the carotid control hold and whether the subject lost consciousness as a result.

(f) Any officer attempting or applying the carotid control hold shall promptly notify a supervisor of the use or attempted use of such hold.

(g) The use or attempted use of the carotid control hold shall be thoroughly documented by the officer in any related reports.

300.3.5 USE OF FORCE TO SEIZE EVIDENCE

In general, officers may use reasonable force to lawfully seize evidence and to prevent the destruction of evidence. However, officers are discouraged from using force solely to prevent a person from swallowing evidence or contraband. In the instance when force is used, officers should not intentionally use any technique that restricts blood flow to the head, restricts respiration or which creates a reasonable likelihood that blood flow to the head or respiration would be restricted. Officers are encouraged to use techniques and methods taught by the Laguna Beach Police Department for this specific purpose.

300.4 DEADLY FORCE APPLICATIONS

Use of deadly force is justified in the following circumstances:

(a) An officer may use deadly force to protect him/herself or others from what he/she reasonably believes would be an imminent threat of death or serious bodily injury.
(b) An officer may use deadly force to stop a fleeing subject when the officer has probable cause to believe that the person has committed, or intends to commit, a felony involving the infliction or threatened infliction of serious bodily injury or death, and the officer reasonably believes that there is an imminent risk of serious bodily injury or death to any other person if the subject is not immediately apprehended. Under such circumstances, a verbal warning should precede the use of deadly force, where feasible.

Imminent does not mean immediate or instantaneous. An imminent danger may exist even if the suspect is not at that very moment pointing a weapon at someone. For example, an imminent danger may exist if an officer reasonably believes any of the following:

1. The person has a weapon or is attempting to access one and it is reasonable to believe the person intends to use it against the officer or another.
2. The person is capable of causing serious bodily injury or death without a weapon and it is reasonable to believe the person intends to do so.

300.4.1 SHOOTING AT OR FROM MOVING VEHICLES
Shots fired at or from a moving vehicle are rarely effective. Officers should move out of the path of an approaching vehicle instead of discharging their firearm at the vehicle or any of its occupants. An officer should only discharge a firearm at a moving vehicle or its occupants when the officer reasonably believes there are no other reasonable means available to avert the threat of the vehicle, or if deadly force other than the vehicle is directed at the officer or others.

Officers should not shoot at any part of a vehicle in an attempt to disable the vehicle.

300.5 REPORTING THE USE OF FORCE
Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report, depending on the nature of the incident. The officer should articulate the factors perceived and why he/she believed the use of force was reasonable under the circumstances. To collect data for purposes of training, resource allocation, analysis and related purposes, the Department may require the completion of additional report forms, as specified in department policy, procedure or law.

300.5.1 NOTIFICATION TO SUPERVISORS
Supervisory notification shall be made as soon as practicable following the application of force in any of the following circumstances:

(a) The application caused a visible injury.

(b) The application would lead a reasonable officer to conclude that the individual may have experienced more than momentary discomfort.

(c) The individual subjected to the force complained of injury or continuing pain.
Use of Force

(d) The individual indicates intent to pursue litigation.

(e) Any application of a TASER device or control device.

(f) Any application of a restraint device other than handcuffs, shackles or belly chains.

(g) The individual subjected to the force was rendered unconscious.

(h) An individual was struck or kicked.

(i) An individual alleges any of the above has occurred.

300.5.2 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE
Statistical data regarding all officer-involved shootings and incidents involving use of force resulting in serious bodily injury is to be reported to the California Department of Justice as required by Government Code § 12525.2. See the Records Bureau policy.

300.6 MEDICAL CONSIDERATION
Prior to booking or release, medical assistance shall be obtained for any person who exhibits signs of physical distress, who has sustained visible injury, expresses a complaint of injury or continuing pain, or who was rendered unconscious. Any individual exhibiting signs of physical distress after an encounter should be continuously monitored until he/she can be medically assessed.

Based upon the officer’s initial assessment of the nature and extent of the subject’s injuries, medical assistance may consist of examination by fire personnel, paramedics, hospital staff or medical staff at the jail. If any such individual refuses medical attention, such a refusal shall be fully documented in related reports and, whenever practicable, should be witnessed by another officer and/or medical personnel. If a recording is made of the contact or an interview with the individual, any refusal should be included in the recording, if possible.

The on-scene supervisor or, if the on-scene supervisor is not available, the primary handling officer shall ensure that any person providing medical care or receiving custody of a person following any use of force is informed that the person was subjected to force. This notification shall include a description of the force used and any other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

Persons who exhibit extreme agitation, violent irrational behavior accompanied by profuse sweating, extraordinary strength beyond their physical characteristics and imperviousness to pain (sometimes called “excited delirium”), or who require a protracted physical encounter with multiple officers to be brought under control, may be at an increased risk of sudden death. Calls involving these persons should be considered medical emergencies. Officers who reasonably suspect a medical emergency should request medical assistance as soon as practicable and have medical personnel stage away if appropriate.
300.7 SUPERVISOR RESPONSIBILITY
When a supervisor is able to respond to an incident in which there has been a reported application of force, the supervisor is expected to:

(a) Obtain the basic facts from the involved officers. Absent an allegation of misconduct or excessive force, this will be considered a routine contact in the normal course of duties.

(b) Ensure that any injured parties are examined and treated.

(c) When possible, separately obtain a recorded interview with the subject upon whom force was applied. If this interview is conducted without the person having voluntarily waived his/her Miranda rights, the following shall apply:
   1. The content of the interview should not be summarized or included in any related criminal charges.
   2. The fact that a recorded interview was conducted should be documented in a property or other report.
   3. The recording of the interview should be distinctly marked for retention until all potential for civil litigation has expired.

(d) Once any initial medical assessment has been completed or first aid has been rendered, ensure that photographs have been taken of any areas involving visible injury or complaint of pain, as well as overall photographs of uninjured areas. These photographs should be retained until all potential for civil litigation has expired.

(e) Identify any witnesses not already included in related reports.

(f) Review and approve all related reports.

(g) Determine if there is any indication that the subject may pursue civil litigation.
   1. If there is an indication of potential civil litigation, the supervisor should complete and route a notification of a potential claim through the appropriate channels.

(h) Evaluate the circumstances surrounding the incident and initiate an administrative investigation if there is a question of policy non-compliance or if for any reason further investigation may be appropriate.

In the event that a supervisor is unable to respond to the scene of an incident involving the reported application of force, the supervisor is still expected to complete as many of the above items as circumstances permit.

300.7.1 WATCH COMMANDER RESPONSIBILITY
The Watch Commander shall review each use of force by any personnel within his/her command to ensure compliance with this policy and to address any training issues.
Use of Force

300.8 TRAINING
Officers will receive periodic training on this policy and demonstrate their knowledge and understanding.
Use of Force Review Boards

302.1 PURPOSE AND SCOPE
This policy establishes a process for the Laguna Beach Police Department to review the use of force by its employees.

This review process shall be in addition to any other review or investigation that may be conducted by any outside or multi-agency entity having jurisdiction over the investigation or evaluation of the use of deadly force.

302.2 POLICY
The Laguna Beach Police Department will objectively evaluate the use of force by its members to ensure that their authority is used lawfully, appropriately and is consistent with training and policy.

302.3 REMOVAL FROM LINE DUTY ASSIGNMENT
Generally, whenever an employee's actions or use of force in an official capacity, or while using department equipment, results in death or very serious injury to another, that employee will be placed in a temporary administrative assignment pending an administrative review. The Chief of Police may exercise discretion and choose not to place an employee in an administrative assignment in any case.

302.4 REVIEW BOARD
The Use of Force Review Board will be convened when the use of force by a member results in very serious injury or death to another.

The Use of Force Review Board will also investigate and review the circumstances surrounding every discharge of a firearm, whether the employee was on- or off-duty, excluding training or recreational use.

The Chief of Police may request the Use of Force Review Board to investigate the circumstances surrounding any use of force incident.

The Administrative Services Division Commander will convene the Use of Force Review Board as necessary. It will be the responsibility of the Division Commander or supervisor of the involved employee to notify the Administrative Services Division Commander of any incidents requiring board review. The involved employee’s Division Commander or supervisor will also ensure that all relevant reports, documents and materials are available for consideration and review by the board.

302.4.1 COMPOSITION OF THE BOARD
The Administrative Services Division Commander should select five Use of Force Review Board members from the following, as appropriate:

• Representatives of each division
• Commanding officer in the involved member's chain of command
Use of Force Review Boards

- Training Officer
- Non-administrative supervisor
- A peer officer
- A sworn peace officer from an outside law enforcement agency
- Department instructor for the type of weapon, device or technique used

The senior ranking command representative who is not in the same division as the involved employee will serve as chairperson.

302.4.2 RESPONSIBILITIES OF THE BOARD
The Use of Force Review Board is empowered to conduct an administrative review and inquiry into the circumstances of an incident.

The board members may request further investigation, request reports be submitted for the board's review, call persons to present information and request the involved employee to appear. The involved employee will be notified of the meeting of the board and may choose to have a representative through all phases of the review process.

The board does not have the authority to recommend discipline.

The Chief of Police will determine whether the board should delay its review until after completion of any criminal investigation, review by any prosecutorial body, filing of criminal charges the decision not to file criminal charges, or any other action. The board should be provided all relevant available material from these proceedings for its consideration.

Absent an express waiver from the employee, no more than two members of the board may ask questions of the involved employee (Government Code § 3303). Other members may provide questions to these members.

The review shall be based upon those facts which were reasonably believed or known by the officer at the time of the incident, applying any legal requirements, department policies, procedures and approved training to those facts. Facts later discovered but unknown to the officer at the time shall neither justify nor call into question an officer's decision regarding the use of force.

Any questioning of the involved employee conducted by the board will be in accordance with the department's disciplinary procedures, the Personnel Complaints Policy, the current collective bargaining agreement and any applicable state or federal law.

The board shall make one of the following recommended findings:

(a) The employee’s actions were within department policy and procedure.

(b) The employee’s actions were in violation of department policy and procedure.

A recommended finding requires a majority vote of the board. The board may also recommend additional investigations or reviews, such as disciplinary investigations, training reviews to
Use of Force Review Boards

consider whether training should be developed or revised, and policy reviews, as may be appropriate. The board chairperson will submit the written recommendation to the Chief of Police.

The Chief of Police shall review the recommendation, make a final determination as to whether the employee's actions were within policy and procedure and will determine whether any additional actions, investigations or reviews are appropriate. The Chief of Police's final findings will be forwarded to the involved employee's Division Commander for review and appropriate action. If the Chief of Police concludes that discipline should be considered, a disciplinary process will be initiated.

At the conclusion of any additional reviews, copies of all relevant reports and information will be filed with the Chief of Police.
Handcuffing and Restraints

306.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of handcuffs and other restraints during detentions and arrests.

306.2 POLICY
The Laguna Beach Police Department authorizes the use of restraint devices in accordance with this policy, the Use of Force Policy and department training. Restraint devices shall not be used to punish, to display authority or as a show of force.

306.3 USE OF RESTRAINTS
Only members who have successfully completed Laguna Beach Police Department-approved training on the use of restraint devices described in this policy are authorized to use these devices. When deciding whether to use any restraint, officers should carefully balance officer safety concerns with factors that include, but are not limited to:

- The circumstances or crime leading to the arrest.
- The demeanor and behavior of the arrested person.
- The age and health of the person.
- Whether the person is known to be pregnant.
- Whether the person has a hearing or speaking disability. In such cases, consideration should be given, safety permitting, to handcuffing to the front in order to allow the person to sign or write notes.
- Whether the person has any other apparent disability.

306.3.1 RESTRAINT OF DETAINEES
Situations may arise where it may be reasonable to restrain an individual who may, after brief investigation, be released without arrest. Unless arrested, the use of restraints on detainees should continue only for as long as is reasonably necessary to assure the safety of officers and others. When deciding whether to remove restraints from a detainee, officers should continuously weigh the safety interests at hand against the continuing intrusion upon the detainee.

306.3.2 RESTRAINT OF PREGNANT PERSONS
Persons who are known to be pregnant should be restrained in the least restrictive manner that is effective for officer safety and in no event shall these persons be restrained by the use of leg irons, waist chains or handcuffs behind the body.

No person who is in labor, delivery or recovery after delivery shall be handcuffed or restrained except in extraordinary circumstances and only when a supervisor makes an individualized
determination that such restraints are necessary for the safety of the arrestee, officers or others (Penal Code § 3407; Penal Code § 6030).

306.3.3 RESTRAINT OF JUVENILES
A juvenile under 14 years of age should not be restrained unless he/she is suspected of a dangerous felony or when the officer has a reasonable suspicion that the juvenile may resist, attempt escape, injure him/herself, injure the officer or damage property.

306.3.4 NOTIFICATIONS
Whenever an officer transports a person with the use of restraints other than handcuffs, the officer shall inform the jail staff upon arrival at the jail that restraints were used. This notification should include information regarding any other circumstances the officer reasonably believes would be potential safety concerns or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration) that may have occurred prior to, or during transportation to the jail.

306.4 APPLICATION OF HANDCUFFS OR PLASTIC CUFFS
Handcuffs, including temporary nylon or plastic cuffs, may be used only to restrain a person's hands to ensure officer safety.

Although recommended for most arrest situations, handcuffing is discretionary and not an absolute requirement of the Department. Officers should consider handcuffing any person they reasonably believe warrants that degree of restraint. However, officers should not conclude that in order to avoid risk every person should be handcuffed, regardless of the circumstances.

In most situations handcuffs should be applied with the hands behind the person's back. When feasible, handcuffs should be double-locked to prevent tightening, which may cause undue discomfort or injury to the hands or wrists.

In situations where one pair of handcuffs does not appear sufficient to restrain the individual or may cause unreasonable discomfort due to the person's size, officers should consider alternatives, such as using an additional set of handcuffs or multiple plastic cuffs.

Handcuffs should be removed as soon as it is reasonable or after the person has been searched and is safely confined within a detention facility.

306.5 APPLICATION OF SPIT HOODS/MASKS/SOCKS
Spit hoods/masks/socks are temporary protective devices designed to prevent the wearer from biting and/or transmitting fluids (saliva and mucous) to others.

Spit hoods may be placed upon persons in custody when the officer reasonably believes the person will bite or spit, either on a person or in an inappropriate place. They are generally used during application of a physical restraint, while the person is restrained, or during or after transport.

Officers utilizing spit hoods should ensure that the spit hood is fastened properly to allow for adequate ventilation and that the restrained person can breathe normally. Officers should provide assistance during the movement of restrained individuals due to the potential for impaired or
Handcuffing and Restraints

distorted vision on the part of the individual. Officers should avoid comingling individuals wearing spit hoods with other detainees.

Spit hoods should not be used in situations where the restrained person is bleeding profusely from the area around the mouth or nose, or if there are indications that the person has a medical condition, such as difficulty breathing or vomiting. In such cases, prompt medical care should be obtained. If the person vomits while wearing a spit hood, the spit hood should be promptly removed and discarded. Persons who have been sprayed with oleoresin capsicum (OC) spray should be thoroughly decontaminated including hair, head and clothing prior to application of a spit hood.

Those who have been placed in a spit hood should be continually monitored and shall not be left unattended until the spit hood is removed. Spit hoods shall be discarded after each use.

306.6 APPLICATION OF AUXILIARY RESTRAINT DEVICES
Auxiliary restraint devices include transport belts, waist or belly chains, transportation chains, leg irons and other similar devices. Auxiliary restraint devices are intended for use during long-term restraint or transportation. They provide additional security and safety without impeding breathing, while permitting adequate movement, comfort and mobility.

Only department-authorized devices may be used. Any person in auxiliary restraints should be monitored as reasonably appears necessary.

306.7 APPLICATION OF LEG RESTRAINT DEVICES
Leg restraints may be used to restrain the legs of a violent or potentially violent person when it is reasonable to do so during the course of detention, arrest or transportation. Only restraint devices approved by the Department shall be used.

In determining whether to use the leg restraint, officers should consider:

(a) Whether the officer or others could be exposed to injury due to the assaultive or resistant behavior of a suspect.

(b) Whether it is reasonably necessary to protect the suspect from his/her own actions (e.g., hitting his/her head against the interior of the patrol unit, running away from the arresting officer while handcuffed, kicking at objects or officers).

(c) Whether it is reasonably necessary to avoid damage to property (e.g., kicking at windows of the patrol unit).

306.7.1 GUIDELINES FOR USE OF LEG RESTRAINTS
When applying leg restraints the following guidelines should be followed:

(a) If practicable, officers should notify a supervisor of the intent to apply the leg restraint device. In all cases, a supervisor shall be notified as soon as practicable after the application of the leg restraint device.
Handcuffing and Restraints

(b) Once applied, absent a medical or other emergency, restraints should remain in place until the officer arrives at the jail or other facility or the person no longer reasonably appears to pose a threat.

(c) Once secured, the person should be placed in a seated or upright position, secured with a seat belt, and shall not be placed on his/her stomach for an extended period, as this could reduce the person's ability to breathe.

(d) The restrained person should be continually monitored by an officer while in the leg restraint. The officer should ensure that the person does not roll onto and remain on his/her stomach.

(e) The officer should look for signs of labored breathing and take appropriate steps to relieve and minimize any obvious factors contributing to this condition.

(f) When transported by ambulance/paramedic unit, the restrained person should be accompanied by an officer when requested by medical personnel. The transporting officer should describe to medical personnel any unusual behaviors or other circumstances the officer reasonably believes would be potential safety or medical risks to the subject (e.g., prolonged struggle, extreme agitation, impaired respiration).

306.8 REQUIRED DOCUMENTATION

If an individual is restrained and released without an arrest, the officer shall document the details of the detention and the need for handcuffs or other restraints.

If an individual is arrested, the use of restraints other than handcuffs shall be documented in the related report. The officer should include, as appropriate:

(a) The amount of time the suspect was restrained.

(b) How the suspect was transported and the position of the suspect.

(c) Observations of the suspect's behavior and any signs of physiological problems.

(d) Any known or suspected drug use or other medical problems.
Control Devices and Techniques

308.1 PURPOSE AND SCOPE
This policy provides guidelines for the use and maintenance of control devices that are described in this policy.

308.2 POLICY
In order to control subjects who are violent or who demonstrate the intent to be violent, the Laguna Beach Police Department authorizes officers to use control devices in accordance with the guidelines in this policy and the Use of Force Policy.

308.3 ISSUING, CARRYING AND USING CONTROL DEVICES
Control devices described in this policy may be carried and used by members of this department only if the device has been issued by the Department or approved by the Chief of Police or the authorized designee.

Only officers who have successfully completed department-approved training in the use of any control device are authorized to carry and use the device.

Control devices may be used when a decision has been made to control, restrain or arrest a subject who is violent or who demonstrates the intent to be violent, and the use of the device appears reasonable under the circumstances. When reasonable, a verbal warning and opportunity to comply should precede the use of these devices.

When using control devices, officers should carefully consider potential impact areas in order to minimize injuries and unintentional targets.

308.4 RESPONSIBILITIES

308.4.1 WATCH COMMANDER RESPONSIBILITIES
The Watch Commander may authorize the use of a control device by selected personnel or members of specialized units who have successfully completed the required training.

308.4.2 RANGEMASTER RESPONSIBILITIES
The Rangemaster shall control the inventory and issuance of all control devices and shall ensure that all damaged, inoperative, outdated or expended control devices or munitions are properly disposed of, repaired or replaced.

Every control device will be periodically inspected by the Rangemaster or the designated instructor for a particular control device. The inspection shall be documented.

308.4.3 USER RESPONSIBILITIES
All normal maintenance, charging or cleaning shall remain the responsibility of personnel using the various devices.
Control Devices and Techniques

Any damaged, inoperative, outdated or expended control devices or munitions, along with documentation explaining the cause of the damage, shall be returned to the Rangemaster for disposition. Damage to City property forms shall also be prepared and forwarded through the chain of command, when appropriate, explaining the cause of damage.

308.5 BATON GUIDELINES
The need to immediately control a suspect must be weighed against the risk of causing serious injury. The head, neck, throat, spine, heart, kidneys and groin should not be intentionally targeted except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

When carrying a baton, uniformed personnel shall carry the baton in its authorized holder on the equipment belt. Plainclothes and non-field personnel may carry the baton as authorized and in accordance with the needs of their assignment or at the direction of their supervisor.

308.6 TEAR GAS GUIDELINES
Tear gas may be used for crowd control, crowd dispersal or against barricaded suspects based on the circumstances. Only the Watch Commander, Incident Commander or Crisis Response Unit Commander may authorize the delivery and use of tear gas, and only after evaluating all conditions known at the time and determining that such force reasonably appears justified and necessary.

When practicable, fire personnel should be alerted or summoned to the scene prior to the deployment of tear gas to control any fires and to assist in providing medical aid or gas evacuation if needed.

308.7 OLEORESIN CAPSICUM (OC) GUIDELINES
As with other control devices, oleoresin capsicum (OC) spray and pepper projectiles may be considered for use to bring under control an individual or groups of individuals who are engaging in, or are about to engage in violent behavior. Pepper projectiles and OC spray should not, however, be used against individuals or groups who merely fail to disperse or do not reasonably appear to present a risk to the safety of officers or the public.

308.7.1 OC SPRAY
Uniformed personnel carrying OC spray shall carry the device in its holster on the equipment belt. Plainclothes and non-field personnel may carry OC spray as authorized, in accordance with the needs of their assignment or at the direction of their supervisor.

308.7.2 PEPPER PROJECTILE SYSTEMS
Pepper projectiles are plastic spheres that are filled with a derivative of OC powder. Because the compressed gas launcher delivers the projectiles with enough force to burst the projectiles on impact and release the OC powder, the potential exists for the projectiles to inflict injury if they strike the head, neck, spine or groin. Therefore, personnel using a pepper projectile system should not intentionally target those areas, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.
Control Devices and Techniques

Officers encountering a situation that warrants the use of a pepper projectile system shall notify a supervisor as soon as practicable. A supervisor shall respond to all pepper projectile system incidents where the suspect has been hit or exposed to the chemical agent. The supervisor shall ensure that all notifications and reports are completed as required by the Use of Force Policy.

Each deployment of a pepper projectile system shall be documented. This includes situations where the launcher was directed toward the suspect, whether or not the launcher was used. Unintentional discharges shall be promptly reported to a supervisor and documented on the appropriate report form. Only non-incident use of a pepper projectile system, such as training and product demonstrations, is exempt from the reporting requirement.

308.7.3 TREATMENT FOR OC SPRAY EXPOSURE
Persons who have been sprayed with or otherwise affected by the use of OC should be promptly provided with clean water to cleanse the affected areas. Those persons who complain of further severe effects shall be examined by appropriate medical personnel.

308.8 POST-APPLICATION NOTICE
Whenever tear gas or OC has been introduced into a residence, building interior, vehicle or other enclosed area, officers should provide the owners or available occupants with notice of the possible presence of residue that could result in irritation or injury if the area is not properly cleaned. Such notice should include advisement that clean up will be at the owner’s expense. Information regarding the method of notice and the individuals notified should be included in related reports.

308.9 KINETIC ENERGY PROJECTILE GUIDELINES
This department is committed to reducing the potential for violent confrontations. Kinetic energy projectiles, when used properly, are less likely to result in death or serious physical injury and can be used in an attempt to de-escalate a potentially deadly situation.

308.9.1 DEPLOYMENT AND USE
Only department-approved kinetic energy munitions shall be carried and deployed. Approved munitions may be used to compel an individual to cease his/her actions when such munitions present a reasonable option.

Officers are not required or compelled to use approved munitions in lieu of other reasonable tactics if the involved officer determines that deployment of these munitions cannot be done safely. The safety of hostages, innocent persons and officers takes priority over the safety of subjects engaged in criminal or suicidal behavior.

Circumstances appropriate for deployment include, but are not limited to, situations in which:

(a) The suspect is armed with a weapon and the tactical circumstances allow for the safe application of approved munitions.

(b) The suspect has made credible threats to harm him/herself or others.
(c) The suspect is engaged in riotous behavior or is throwing rocks, bottles or other dangerous projectiles at people and/or officers.

(d) There is probable cause to believe that the suspect has already committed a crime of violence and is refusing to comply with lawful orders.

308.9.2 DEPLOYMENT CONSIDERATIONS
Before discharging projectiles, the officer should consider such factors as:

(a) Distance and angle to target.

(b) Type of munitions employed.

(c) Type and thickness of subject’s clothing.

(d) The subject’s proximity to others.

(e) The location of the subject.

(f) Whether the subject’s actions dictate the need for an immediate response and the use of control devices appears appropriate.

A verbal warning of the intended use of the device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to give the individual a reasonable opportunity to voluntarily comply and to warn other officers and individuals that the device is being deployed.

Officers should keep in mind the manufacturer’s recommendations and their training regarding effective distances and target areas. However, officers are not restricted solely to use according to manufacturer recommendations. Each situation must be evaluated on the totality of circumstances at the time of deployment.

The need to immediately incapacitate the subject must be weighed against the risk of causing serious injury or death. The head and neck should not be intentionally targeted, except when the officer reasonably believes the suspect poses an imminent threat of serious bodily injury or death to the officer or others.

308.9.3 SAFETY PROCEDURES
Shotguns specifically designated for use with kinetic energy projectiles will be specially marked in a manner that makes them readily identifiable as such.

Officers will inspect the shotgun and projectiles at the beginning of each shift to ensure that the shotgun is in proper working order and the projectiles are of the approved type and appear to be free from defects.

When it is not deployed, the shotgun will be unloaded and properly and securely stored in the vehicle. When deploying the kinetic energy projectile shotgun, the officer shall visually inspect the kinetic energy projectiles to ensure that conventional ammunition is not being loaded into the shotgun.
Control Devices and Techniques

Absent compelling circumstances, officers who must transition from conventional ammunition to kinetic energy projectiles will employ the two-person rule for loading. The two-person rule is a safety measure in which a second officer watches the unloading and loading process to ensure that the weapon is completely emptied of conventional ammunition.

308.10 TRAINING FOR CONTROL DEVICES
The Training Officer shall ensure that all personnel who are authorized to carry a control device have been properly trained and certified to carry the specific control device and are retrained or recertified as necessary.

(a) Proficiency training shall be monitored and documented by a certified, control-device weapons or tactics instructor.
(b) All training and proficiency for control devices will be documented in the officer’s training file.
(c) Officers who fail to demonstrate proficiency with the control device or knowledge of this agency’s Use of Force Policy will be provided remedial training. If an officer cannot demonstrate proficiency with a control device or knowledge of this agency’s Use of Force Policy after remedial training, the officer will be restricted from carrying the control device and may be subject to discipline.

308.11 REPORTING USE OF CONTROL DEVICES AND TECHNIQUES
Any application of a control device or technique listed in this policy shall be documented in the related incident report and reported pursuant to the Use of Force Policy.
Conducted Energy Device

309.1 PURPOSE AND SCOPE
This policy provides guidelines for the issuance and use of TASER devices.

309.2 POLICY
The TASER® device is intended to control a violent or potentially violent individual, while minimizing the risk of serious injury. The appropriate use of such a device should result in fewer serious injuries to officers and suspects.

309.3 ISSUANCE AND CARRYING TASER DEVICES
Only members who have successfully completed department-approved training may be issued and carry the TASER device.

TASER devices are issued for use during a member's current assignment. Those leaving a particular assignment may be required to return the device to the department's inventory.

Officers shall only use the TASER device and cartridges that have been issued by the Department. Uniformed officers who have been issued the TASER device shall wear the device in an approved holster on their person. Non-uniformed officers may secure the TASER device in the driver's compartment of their vehicle.

Members carrying the TASER device should perform a spark test on the unit prior to every shift.

When carried while in uniform officers shall carry the TASER device in a reaction-side holster on the side opposite the duty weapon.

(a) All TASER devices shall be clearly and distinctly marked to differentiate them from the duty weapon and any other device.

(b) Whenever practicable, officers should carry two or more cartridges on their person when carrying the TASER device.

(c) Officers shall be responsible for ensuring that their issued TASER device is properly maintained and in good working order.

(d) Officers should not hold both a firearm and the TASER device at the same time.

309.4 VERBAL AND VISUAL WARNINGS
A verbal warning of the intended use of the TASER device should precede its application, unless it would otherwise endanger the safety of officers or when it is not practicable due to the circumstances. The purpose of the warning is to:

(a) Provide the individual with a reasonable opportunity to voluntarily comply.

(b) Provide other officers and individuals with a warning that the TASER device may be deployed.
Conducted Energy Device

If, after a verbal warning, an individual is unwilling to voluntarily comply with an officer’s lawful orders and it appears both reasonable and feasible under the circumstances, the officer may, but is not required to, display the electrical arc (provided that a cartridge has not been loaded into the device), or the laser in a further attempt to gain compliance prior to the application of the TASER device. The aiming laser should never be intentionally directed into the eyes of another as it may permanently impair his/her vision.

The fact that a verbal or other warning was given or the reasons it was not given shall be documented by the officer deploying the TASER device in the related report.

309.5 USE OF THE TASER DEVICE
The TASER device has limitations and restrictions requiring consideration before its use. The TASER device should only be used when its operator can safely approach the subject within the operational range of the device. Although the TASER device is generally effective in controlling most individuals, officers should be aware that the device may not achieve the intended results and be prepared with other options.

309.5.1 APPLICATION OF THE TASER DEVICE
The TASER device may be used in any of the following circumstances, when the circumstances perceived by the officer at the time indicate that such application is reasonably necessary to control a person:

(a) The subject is violent or is physically resisting.
(b) The subject has demonstrated, by words or action, an intention to be violent or to physically resist, and reasonably appears to present the potential to harm officers, him/herself or others.

Mere flight from a pursuing officer, without other known circumstances or factors, is not good cause for the use of the TASER device to apprehend an individual.

309.5.2 SPECIAL DEPLOYMENT CONSIDERATIONS
The use of the TASER device on certain individuals should generally be avoided unless the totality of the circumstances indicates that other available options reasonably appear ineffective or would present a greater danger to the officer, the subject or others, and the officer reasonably believes that the need to control the individual outweighs the risk of using the device. This includes:

(a) Individuals who are known to be pregnant.
(b) Elderly individuals or obvious juveniles.
(c) Individuals with obviously low body mass.
(d) Individuals who are handcuffed or otherwise restrained.
Conducted Energy Device

(e) Individuals who have been recently sprayed with a flammable chemical agent or who are otherwise in close proximity to any known combustible vapor or flammable material, including alcohol-based oleoresin capsicum (OC) spray.

(f) Individuals whose position or activity may result in collateral injury (e.g., falls from height, operating vehicles).

Because the application of the TASER device in the drive-stun mode (i.e., direct contact without probes) relies primarily on pain compliance, the use of the drive-stun mode generally should be limited to supplementing the probe-mode to complete the circuit, or as a distraction technique to gain separation between officers and the subject, thereby giving officers time and distance to consider other force options or actions.

The TASER device shall not be used to psychologically torment, elicit statements or to punish any individual.

309.5.3 TARGETING CONSIDERATIONS
Reasonable efforts should be made to target lower center mass and avoid the head, neck, chest and groin. If the dynamics of a situation or officer safety do not permit the officer to limit the application of the TASER device probes to a precise target area, officers should monitor the condition of the subject if one or more probes strikes the head, neck, chest or groin until the subject is examined by paramedics or other medical personnel.

309.5.4 MULTIPLE APPLICATIONS OF THE TASER DEVICE
Officers should apply the TASER device for only one standard cycle and then evaluate the situation before applying any subsequent cycles. Multiple applications of the TASER device against a single individual are generally not recommended and should be avoided unless the officer reasonably believes that the need to control the individual outweighs the potentially increased risk posed by multiple applications.

If the first application of the TASER device appears to be ineffective in gaining control of an individual, the officer should consider certain factors before additional applications of the TASER device, including:

(a) Whether the probes are making proper contact.

(b) Whether the individual has the ability and has been given a reasonable opportunity to comply.

(c) Whether verbal commands, other options or tactics may be more effective.

Officers should generally not intentionally apply more than one TASER device at a time against a single subject.

309.5.5 ACTIONS FOLLOWING DEPLOYMENTS
Officers shall notify a supervisor of all TASER device discharges. Confetti tags should be collected and the expended cartridge, along with both probes and wire, should be submitted into evidence.
Conducted Energy Device

The cartridge serial number should be noted and documented on the evidence paperwork. The evidence packaging should be marked "Biohazard" if the probes penetrated the subject’s skin.

309.5.6 DANGEROUS ANIMALS
The TASER device may be deployed against an animal as part of a plan to deal with a potentially dangerous animal, such as a dog, if the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

309.5.7 OFF-DUTY CONSIDERATIONS
Officers are not authorized to carry department TASER devices while off-duty.

Officers shall ensure that TASER devices are secured while in their homes, vehicles or any other area under their control, in a manner that will keep the device inaccessible to others.

309.6 DOCUMENTATION
Officers shall document all TASER device discharges in the related arrest/crime report. Notification shall also be made to a supervisor in compliance with the Use of Force Policy. Unintentional discharges during field activity, pointing the device at a person, laser activation and arcing the device will also be documented on the report form. Unintentional discharges during spark tests shall be reported to a supervisor.

309.6.1 REPORTS
The officer should include the following in the arrest/crime report:

(a) The make, model, and serial number of the TASER device used.
(b) The number of TASER activations, the duration of each cycle, the duration between activations, and (as best as can be determined) the duration that the subject received applications.
(c) The type of mode used (probe or drive-stun).
(d) Location of probe impact.
(e) Location of contact in drive-stun mode.
(f) Whether the subject sustained any injuries.
(g) Whether medical care was provided to the subject.

309.7 MEDICAL TREATMENT
Consistent with local medical personnel protocols and absent extenuating circumstances, only appropriate medical personnel should remove TASER device probes from a person’s body. Used TASER device probes shall be treated as a sharps biohazard, similar to a used hypodermic needle, and handled appropriately. Universal precautions should be taken.

All persons who have been struck by TASER device probes or who have been subjected to the electric discharge of the device shall be medically assessed prior to booking. Additionally, any
such individual who falls under any of the following categories should, as soon as practicable, be examined by paramedics or other qualified medical personnel:

(a) The person is suspected of being under the influence of controlled substances and/or alcohol.

(b) The person may be pregnant.

(c) The person reasonably appears to be in need of medical attention.

(d) The TASER device probes are lodged in a sensitive area (e.g., groin, female breast, head, face, neck).

(e) The person requests medical treatment.

Any individual exhibiting signs of distress or who is exposed to multiple or prolonged applications (i.e., more than 15 seconds) shall be transported to a medical facility for examination or medically evaluated prior to booking. If any individual refuses medical attention, such a refusal should be witnessed by another officer and/or medical personnel and shall be fully documented in related reports. If an audio recording is made of the contact or an interview with the individual, any refusal should be included, if possible.

The transporting officer shall inform any person providing medical care or receiving custody that the individual has been subjected to the application of the TASER device.

309.8 SUPERVISOR RESPONSIBILITIES

When possible, supervisors should respond to calls when they reasonably believe there is a likelihood the TASER device may be used. A supervisor should respond to all incidents where the TASER device was activated.

A supervisor should review each incident where a person has been exposed to an activation of the TASER device. The device's onboard memory should be downloaded through the data port by a supervisor or Rangemaster and saved with the related arrest/crime report. Photographs of probe sites should be taken and witnesses interviewed.

309.9 TRAINING

Personnel who are authorized to carry the TASER device shall be permitted to do so only after successfully completing the initial department-approved training. Any personnel who have not carried the TASER device as a part of their assignment for a period of six months or more shall be recertified by a department-approved TASER device instructor prior to again carrying or using the device.

Proficiency training for personnel who have been issued TASER devices should occur every year. A reassessment of an officer's knowledge and/or practical skill may be required at any time if deemed appropriate by the Training Officer. All training and proficiency for TASER devices will be documented in the officer's training file.
Command staff, supervisors and investigators should receive TASER device training as appropriate for the investigations they conduct and review.

Officers who do not carry TASER devices should receive training that is sufficient to familiarize them with the device and with working with officers who use the device.

The Training Officer is responsible for ensuring that all members who carry TASER devices have received initial and annual proficiency training. Periodic audits should be used for verification.

Application of TASER devices during training could result in injury to personnel and should not be mandatory for certification.

The Training Officer should ensure that all training includes:

(a) A review of this policy.

(b) A review of the Use of Force Policy.

(c) Performing reaction-hand draws or cross-draws to reduce the possibility of unintentionally drawing and firing a firearm.

(d) Target area considerations, to include techniques or options to reduce the unintentional application of probes near the head, neck, chest and groin.

(e) Handcuffing a subject during the application of the TASER device and transitioning to other force options.

(f) De-escalation techniques.

(g) Restraint techniques that do not impair respiration following the application of the TASER device.
Officer-Involved Shootings and Deaths

310.1 PURPOSE AND SCOPE
The purpose of this policy is to establish policy and procedures for the investigation of an incident in which a person is injured or dies as the result of an officer-involved shooting or dies as a result of other action of an officer.

In other incidents not covered by this policy, the Chief of Police may decide that the investigation will follow the process provided in this policy.

310.2 POLICY
The policy of the Laguna Beach Police Department is to ensure that officer-involved shootings and deaths are investigated in a thorough, fair and impartial manner.

310.3 TYPES OF INVESTIGATIONS
Officer-involved shootings and deaths involve several separate investigations. The investigations may include:

- A criminal investigation of the suspect's actions.
- A criminal investigation of the involved officer’s actions.
- An administrative investigation as to policy compliance by involved officers.
- A civil investigation to determine potential liability.

310.4 CONTROL OF INVESTIGATIONS
Investigators from surrounding agencies may be assigned to work on the criminal investigation of officer-involved shootings and deaths. This may include at least one investigator from the agency that employs the involved officer.

Jurisdiction is determined by the location of the shooting or death and the agency employing the involved officer. The following scenarios outline the jurisdictional responsibilities for investigating officer-involved shootings and deaths.

310.4.1 LAGUNA BEACH POLICE DEPARTMENT OFFICER_DEPUTY WITHIN THIS JURISDICTION
The Laguna Beach Police Department is responsible for the criminal investigation of the suspect's actions, the civil investigation, and the administrative investigation. The criminal investigation of the officer-involved shooting will be conducted by the District Attorney's Office.

310.4.2 ALLIED AGENCY’S OFFICER WITHIN THIS JURISDICTION
The Laguna Beach Police Department is responsible for the criminal investigation of the suspect's actions. The criminal investigation of the officer-involved shooting will be conducted by the District Attorney’s Office. The officer’s employing agency will be responsible for any civil and/or administrative investigation(s).
Officer-Involved Shootings and Deaths

310.4.3 ADMINISTRATIVE AND CIVIL INVESTIGATION
Regardless of where the incident occurs, the administrative and civil investigation of each involved officer is controlled by the respective employing agency.

310.5 INVESTIGATION PROCESS
The following procedures are guidelines used in the investigation of an officer-involved shooting or death.

310.5.1 UNINVOLVED OFFICER RESPONSIBILITIES
Upon arrival at the scene of an officer-involved shooting, the first uninvolved LBPD officer will be the officer-in-charge and will assume the responsibilities of a supervisor until properly relieved. This officer should, as appropriate:

(a) Secure the scene and identify and eliminate hazards for all those involved.
(b) Take reasonable steps to obtain emergency medical attention for injured individuals.
(c) Request additional resources from the Department or other agencies.
(d) Coordinate a perimeter or pursuit of suspects.
(e) Check for injured persons and evacuate as needed.
(f) Brief the supervisor upon arrival.

310.5.2 WATCHCOMMANDER RESPONSIBILITIES
Upon learning of an officer-involved shooting or death, the Watch Commander shall be responsible for coordinating all aspects of the incident until he/she is relieved by the Chief of Police or a Division Commander.

All outside inquiries about the incident shall be directed to the Watch Commander.

310.5.3 NOTIFICATIONS
The following person(s) shall be notified as soon as practicable:

- Chief of Police
- Investigative Services Division Commander
- Officer-Involved Shooting Protocol rollout team
- Outside agency investigator (if appropriate)
- Professional Standards Unit supervisor
- Civil liability response team
- Psychological/peer support personnel
- Chaplain
- Coroner (if necessary)
- Involved officer's agency representative (if requested)
310.5.4 INVOLVED OFFICERS

The following shall be considered for the involved officer:

(a) Any request for legal or union representation will be accommodated.
   1. Involved LBPD officers shall not be permitted to meet collectively or in a group with an attorney or any representative prior to providing a formal interview or report.
   2. Requests from involved non-LBPD officers should be referred to their employing agency.

(b) Discussions with licensed attorneys will be considered privileged as attorney-client communications.

(c) Discussions with agency representatives/employee groups will be privileged only as to the discussion of non-criminal information (Government Code § 3303(i)).

(d) A licensed psychotherapist shall be provided by the Department to each involved LBPD officer. A licensed psychotherapist may also be provided to any other affected LBPD members, upon request.
   1. Interviews with a licensed psychotherapist will be considered privileged.
   2. An interview or session with a licensed psychotherapist may take place prior to the member providing a formal interview or report. However, involved members shall not be permitted to consult or meet collectively or in a group with a licensed psychotherapist prior to providing a formal interview or report.
   3. A separate fitness-for-duty exam may also be required (see the Fitness for Duty Policy).

(e) Although the Department will honor the sensitivity of communications with peer counselors, there is no legal privilege to such communications. Peer counselors are cautioned against discussing the facts of any incident with an involved or witness officer.

Care should be taken to preserve the integrity of any physical evidence present on the involved officer's equipment or clothing, such as blood or fingerprints, until investigators or lab personnel can properly retrieve it.

Each involved LBPD officer shall be given reasonable paid administrative leave following an officer-involved shooting or death. It shall be the responsibility of the Watch Commander to make schedule adjustments to accommodate such leave.

310.5.5 SUPERVISOR RESPONSIBILITIES

Upon arrival at the scene, the first uninvolved LBPD supervisor should ensure completion of the duties as outlined above, plus:

(a) Attempt to obtain a brief overview of the situation from any uninvolved officers.
Officer-Involved Shootings and Deaths

1. In the event that there are no uninvolved officers who can supply adequate overview, the supervisor should attempt to obtain a brief voluntary overview from one involved officer.

(b) If necessary, the supervisor may administratively order any LBPD officer to immediately provide public safety information necessary to secure the scene, identify injured parties and pursue suspects.

1. Public safety information shall be limited to such things as outstanding suspect information, number and direction of any shots fired, perimeter of the incident scene, identity of known or potential witnesses and any other pertinent information.

2. The initial on-scene supervisor should not attempt to order any involved officer to provide any information other than public safety information.

(c) Provide all available information to the Watch Commander and Dispatch. If feasible, sensitive information should be communicated over secure networks.

(d) Take command of and secure the incident scene with additional LBPD members until properly relieved by another supervisor or other assigned personnel or investigator.

(e) As soon as practicable, ensure that involved officers are transported (separately, if feasible) to a suitable location for further direction.

1. Each involved LBPD officer should be given an administrative order not to discuss the incident with other involved officers or LBPD members pending further direction from a supervisor.

2. When an involved officer's weapon is taken or left at the scene for other than officer-safety reasons (e.g., evidence), ensure that he/she is provided with a comparable replacement weapon or transported by other officers.

310.6 CRIMINAL INVESTIGATION

The District Attorney's Office is responsible for the criminal investigation into the circumstances of any officer-involved shooting or death.

If available, investigative personnel from this department may be assigned to partner with investigators from outside agencies or the District Attorney's Office to avoid duplicating efforts in related criminal investigations.

Once public safety issues have been addressed, criminal investigators should be given the opportunity to obtain a voluntary statement from involved officers and to complete their interviews. The following shall be considered for the involved officer:

(a) LBPD supervisors and Professional Standards Unit personnel should not participate directly in any voluntary interview of LBPD officers. This will not prohibit such personnel from monitoring interviews or providing the criminal investigators with topics for inquiry.

(b) If requested, any involved officer will be afforded the opportunity to consult individually with a representative of his/her choosing or an attorney prior to speaking with criminal investigators (Government Code § 3303(i)). However, in order to maintain the integrity
Officer-Involved Shootings and Deaths

of each involved officer’s statement, involved officers shall not consult or meet with a representative or an attorney collectively or in groups prior to being interviewed.

(c) If any involved officer is physically, emotionally or otherwise not in a position to provide a voluntary statement when interviewed by criminal investigators, consideration should be given to allowing a reasonable period for the officer to schedule an alternate time for the interview.

(d) Any voluntary statement provided by an involved officer will be made available for inclusion in any related investigation, including administrative investigations. However, no administratively coerced statement will be provided to any criminal investigators unless the officer consents.

310.6.1 REPORTS BY INVOLVED LBPD OFFICERS

In the event that suspects remain outstanding or subject to prosecution for related offenses, this department shall retain the authority to require involved LBPD officers to provide sufficient information for related criminal reports to facilitate the apprehension and prosecution of those individuals (Government Code § 3304(a)).

While the involved LBPD officer may write the report, it is generally recommended that such reports be completed by assigned investigators, who should interview all involved officers as victims/witnesses. Since the purpose of these reports will be to facilitate criminal prosecution, statements of involved officers should focus on evidence to establish the elements of criminal activities by suspects. Care should be taken not to duplicate information provided by involved officers in other reports.

Nothing in this section shall be construed to deprive an involved LBPD officer of the right to consult with legal counsel prior to completing any such criminal report.

Reports related to the prosecution of criminal suspects will be processed according to normal procedures but should also be included for reference in the investigation of the officer-involved shooting or death.

310.6.2 WITNESS IDENTIFICATION AND INTERVIEWS

Because potential witnesses to an officer-involved shooting or death may become unavailable or the integrity of their statements compromised with the passage of time, a supervisor should take reasonable steps to promptly coordinate with criminal investigators to utilize available personnel for the following:

(a) Identification of all persons present at the scene and in the immediate area.

1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.

2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose
of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by a member of the Department.

1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness. When the witness is a minor, consent should be obtained from the parent or guardian, if available, prior to transportation.

(c) Promptly contacting the suspect's known family and associates to obtain any available and untainted background information about the suspect’s activities and state of mind prior to the incident.

310.6.3 INVESTIGATIVE PERSONNEL
Once notified of an officer-involved shooting or death, it shall be the responsibility of the designated Investigative Bureau supervisor to assign appropriate investigative personnel to handle the investigation of related crimes. Department investigators will be assigned to work with investigators from the District Attorney's Office and may be assigned to separately handle the investigation of any related crimes not being investigated by the District Attorney's Office.

All related department reports, except administrative and/or privileged reports, will be forwarded to the designated Investigative Bureau supervisor for approval. Privileged reports shall be maintained exclusively by members who are authorized such access. Administrative reports will be forwarded to the appropriate Division Commander.

310.7 ADMINISTRATIVE INVESTIGATION
In addition to all other investigations associated with an officer-involved shooting or death, this department will conduct an internal administrative investigation of LBPD officers to determine conformance with department policy. The investigation will be conducted under the supervision of the Professional Standards Unit and will be considered a confidential officer personnel file.

Interviews of members shall be subject to department policies and applicable laws (see the Personnel Complaints Policy).

(a) Any officer involved in a shooting or death may be requested or administratively compelled to provide a blood sample for alcohol/drug screening. Absent consent from the officer, such compelled samples and the results of any such testing shall not be disclosed to any criminal investigative agency.

(b) If any officer has voluntarily elected to provide a statement to criminal investigators, the assigned administrative investigator should review that statement before proceeding with any further interview of that involved officer.

1. If a further interview of the officer is deemed necessary to determine policy compliance, care should be taken to limit the inquiry to new areas with minimal, if
any, duplication of questions addressed in the voluntary statement. The involved officer shall be provided with a copy of his/her prior statement before proceeding with any subsequent interviews.

(c) In the event that an involved officer has elected to not provide criminal investigators with a voluntary statement, the assigned administrative investigator shall conduct an administrative interview to determine all relevant information.

1. Although this interview should not be unreasonably delayed, care should be taken to ensure that the officer’s physical and psychological needs have been addressed before commencing the interview.

2. If requested, the officer shall have the opportunity to select an uninvolved representative to be present during the interview. However, in order to maintain the integrity of each individual officer's statement, involved officers shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed (Government Code § 3303(i)).

3. Administrative interviews should be recorded by the investigator. The officer may also record the interview (Government Code § 3303(g)).

4. The officer shall be informed of the nature of the investigation. If an officer refuses to answer questions, he/she should be given his/her Lybarger or Garrity rights and ordered to provide full and truthful answers to all questions. The officer shall be informed that the interview will be for administrative purposes only and that the statement cannot be used criminally.

5. The Professional Standards Unit shall compile all relevant information and reports necessary for the Department to determine compliance with applicable policies.

6. Regardless of whether the use of force is an issue in the case, the completed administrative investigation shall be submitted to the Use of Force Review Board, which will restrict its findings as to whether there was compliance with the Use of Force Policy.

7. Any other indications of potential policy violations shall be determined in accordance with standard disciplinary procedures.

310.8 AUDIO AND VIDEO RECORDINGS
Any officer involved in a shooting or death may be permitted to review available Mobile Audio/Video (MAV), body-worn video, or other video or audio recordings prior to providing a recorded statement or completing reports.
Upon request, non-law enforcement witnesses who are able to verify their presence and their 
ability to contemporaneously perceive events at the scene of an incident may also be permitted 
to review available MAV, body-worn video, or other video or audio recordings with approval of 
assigned investigators or a supervisor.

Any MAV, body-worn and other known video or audio recordings of an incident should not be 
publicly released during an ongoing investigation without consulting the prosecuting attorney or 
City Attorney’s Office, as appropriate.

310.9 MEDIA RELATIONS
Any media release shall be prepared with input and concurrence from the supervisor and 
department representative responsible for each phase of the investigation. Releases will be 
available to the Watch Commander, Investigative Services Division Commander and Press 
Information Officer in the event of inquiries from the media.

The Department shall not subject any involved LBPD officer to visits by the media (Government 
Code § 3303(e)). No involved LBPD officer shall make any comment to the media unless he/she is 
authorized by the Chief of Police or a Division Commander. Department members receiving 
inquiries regarding officer-involved shootings or deaths occurring in other jurisdictions shall refrain 
from public comment and will direct those inquiries to the agency having jurisdiction and primary 
responsibility for the investigation.

310.10 CIVIL LIABILITY RESPONSE
A member of this department may be assigned to work exclusively under the direction of the 
legal counsel for the Department to assist in the preparation of materials deemed necessary in 
anticipation of potential civil litigation.

All materials generated in this capacity shall be considered attorney work product and may not be 
used for any other purpose. The civil liability response is not intended to interfere with any other 
investigation but shall be given reasonable access to all other investigations.

310.11 DEBRIEFING
Following an officer-involved shooting or death, the Laguna Beach Police Department should 
conduct both a critical incident/stress debriefing and a tactical debriefing.

310.11.1 CRITICAL INCIDENT/STRESS DEBRIEFING
A critical incident/stress debriefing should occur as soon as practicable. The Administrative 
Services Division Commander is responsible for organizing the debriefing. Notes and recorded 
statements should not be taken because the sole purpose of the debriefing is to help mitigate the 
stress-related effects of a traumatic event.

The debriefing is not part of any investigative process. Care should be taken not to release or 
repeat any communication made during a debriefing unless otherwise authorized by policy, law 
or a valid court order.
Officer-Involved Shootings and Deaths

Attendance at the debriefing shall only include those members of the Department directly involved in the incident, which can include support personnel (e.g., dispatchers, other non-sworn). Family or other support personnel may attend with the concurrence of those involved in the incident. The debriefing shall be closed to the public and should be closed to all other members of the Department, including supervisory and Professional Standards Unit personnel.

310.11.2 TACTICAL DEBRIEFING
A tactical debriefing should take place to identify any training or areas of policy that need improvement. The Chief of Police should identify the appropriate participants. This debriefing should not be conducted until all involved members have provided recorded or formal statements to criminal and/or administrative investigators.

310.12 REPORTING
If the death of an individual occurs in the Laguna Beach Police Department jurisdiction and qualifies to be reported to the state as a justifiable homicide or an in-custody death, the Patrol Division Commander will ensure that the Records Supervisor is provided with enough information to meet the reporting requirements (Penal Code § 196; Penal Code § 13022; Government Code § 12525).
Firearms

312.1 PURPOSE AND SCOPE
This policy provides guidelines for issuing firearms, the safe and legal carrying of firearms, firearms maintenance and firearms training.

This policy does not apply to issues related to the use of firearms that are addressed in the Use of Force or Officer-Involved Shootings and Deaths policies.

This policy only applies to those members who are authorized to carry firearms.

312.2 POLICY
The Laguna Beach Police Department will equip its members with firearms to address the risks posed to the public and department members by violent and sometimes well-armed persons. The Department will ensure firearms are appropriate and in good working order and that relevant training is provided as resources allow.

312.3 AUTHORIZED FIREARMS, AMMUNITION AND OTHER WEAPONS
Members shall only use firearms that are issued or approved by the Department and have been thoroughly inspected by the Rangemaster. Except in an emergency or as directed by a supervisor, no firearm shall be carried by a member who has not qualified with that firearm at an authorized department range.

All other weapons not provided by the Department, including, but not limited to, edged weapons, chemical or electronic weapons, impact weapons or any weapon prohibited or restricted by law or that is not covered elsewhere by department policy, may not be carried by members in the performance of their official duties without the express written authorization of the member’s Division Commander. This exclusion does not apply to the carrying of fixed or folding knives that are not otherwise prohibited by law per Policy 313-Duty Knives.

312.3.1 HANDGUNS

The department issued duty handgun is the Glock chambered in 9mm Parabellum, .40 S&W, or .45 ACP.

Members are allowed to carry a personally owned duty handgun in lieu of the department issued handgun. Personally owned duty handguns are subject to the following restrictions:

(a) Authorized makes include Beretta, Glock, Heckler & Koch, Ruger, Smith & Wesson, Sig Sauer, Springfield Armory, and Walther. Other makes may be approved by the Range Master upon written request and review.

(b) Authorized models include semi-automatics (Safe Action, Double Action Striker, DA/SA, SAO) with a minimum barrel length of 3.5 inches. Single-action semi-automatics (i.e. 1911s) are not allowed. Ported or compensated models are not allowed.
(c) Authorized calibers include 9mm Parabellum, .40 S&W, and .45 ACP.

Authorized secondary and off-duty firearms are subject to the following restrictions:

(a) Authorized makes include Beretta, Colt, Glock, Heckler & Koch, Para Ordinance, Ruger, Smith & Wesson, Sig Sauer, Springfield Armory, Kimber, Walther, and Wilson Combat. Other makes may be approved by the Range Master upon written request and review.

(b) Authorized models include semi-automatics (Safe Action, Double Action Striker, DA/SA, SAO, single action) or revolvers, with no barrel length restrictions. Ported or compensated models are not allowed.

(c) Authorized calibers include .22 Long Rifle, .380 ACP, .38 Special, .357 Magnum, .357 Sig, 9mm Parabellum, 10mm Auto, .40 S&W, .41 Magnum, .44 Special, .44 Magnum, and .45 ACP. Magnum firearms are authorized, but magnum ammunition is not.

(d) All firearms shall have a trigger pull of no less than 3.5 pounds.

312.3.2 SHOTGUNS

The authorized department-issued shotgun is the Remington 870.

When not deployed, the shotgun shall be properly secured in a locking weapons rack in the patrol vehicle in Cruiser Safe condition. Cruiser Safe condition means that the magazine is loaded, the action is closed on an empty chamber, the trigger is pulled to release the hammer, the safety is in the safe position, and inspection tape is wrapped around the fore-end and the barrel.

312.3.3 PATROL RIFLES

The authorized department-issued patrol rifle is the Rock River Arms LAR-15. Patrol rifles of any brand conforming to the AR-15 platform are approved for on-duty use upon inspection and approval of the Range Master.

Members may deploy the patrol rifle in any circumstance where the member can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the member reasonably anticipates an armed encounter.

(b) When a member is faced with a situation that may require accurate and effective fire at long range.

(c) Situations where a member reasonably expects the need to meet or exceed a suspect's firepower.

(d) When a member reasonably believes that there may be a need to fire on a barricaded person or a person with a hostage.

(e) When a member reasonably believes that a suspect may be wearing body armor.

(f) When authorized or requested by a supervisor.

(g) When needed to euthanize an animal.
When not deployed, the patrol rifle shall be properly secured in a locking weapons rack in the patrol vehicle in Cruiser Safe condition. Cruiser Safe condition means that the chamber is empty of ammunition, a Chamber Safe is inserted into the chamber, the bolt is lowered onto the Chamber Safe, a loaded magazine is inserted into the magazine well, and the selector switch is in the safe position.

312.3.4 PERSONALLY OWNED DUTY FIREARMS
Members desiring to carry an authorized but personally owned duty firearm must receive written approval from the Chief of Police or the authorized designee. Once approved, personally owned duty firearms are subject to the following restrictions:

   (a) The firearm shall be in good working order and on the department list of approved firearms.

   (b) The firearm shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

   (c) Prior to carrying the firearm, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the firearm functions properly.

   (d) Members shall provide written notice of the make, model, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.

312.3.5 AUTHORIZED SECONDARY HANDGUN
Members desiring to carry department or personally owned secondary handguns are subject to the following restrictions:

   (a) The handgun shall be in good working order and on the department list of approved firearms.

   (b) The purchase of the handgun and ammunition shall be the responsibility of the member unless the handgun and ammunition are provided by the Department.

   (c) The handgun shall be carried concealed at all times and in such a manner as to prevent unintentional cocking, discharge or loss of physical control.

   (d) The handgun shall be inspected by the Rangemaster prior to being carried and thereafter shall be subject to inspection whenever it is deemed necessary.

   (e) Ammunition shall be the same as department issue. If the caliber of the handgun is other than department issue, the Chief of Police or the authorized designee shall approve the ammunition.

   (f) Prior to carrying the secondary handgun, members shall qualify under range supervision and thereafter shall qualify in accordance with the department qualification schedule. Members must demonstrate proficiency and safe handling, and that the handgun functions properly.
(g) Members shall provide written notice of the make, model, color, serial number and caliber of a secondary handgun to the Rangemaster, who will maintain a list of the information.

312.3.6 AUTHORIZED OFF-DUTY FIREARMS
The carrying of firearms by members while off-duty is permitted by the Chief of Police but may be rescinded should circumstances dictate (e.g., administrative leave). Members who choose to carry a firearm while off-duty, based on their authority as peace officers, will be required to meet the following guidelines:

(a) The member may use his/her duty firearm or may use a personally owned firearm that is carried and inspected in accordance with the Personally Owned Duty Firearms requirements in this policy. A member carrying his/her duty firearm will be deemed to have complied with (c), (d) and (e) of this section.
   
   1. The purchase of the personally owned firearm and ammunition shall be the responsibility of the member.

(b) The firearm shall be carried concealed at all times and in such a manner as to prevent accidental unintentional cocking, discharge or loss of physical control.

(c) It will be the responsibility of the member to submit the firearm to the Rangemaster for inspection prior to being personally carried. Thereafter the firearm shall be subject to periodic inspection by the Rangemaster.

(d) Prior to carrying any off-duty firearm, the member shall demonstrate to the Rangemaster that he/she is proficient in handling and firing the firearm and that it will be carried in a safe manner.

(e) The member will successfully qualify with the firearm prior to it being carried.

(f) Members shall provide written notice of the make, model, color, serial number and caliber of the firearm to the Rangemaster, who will maintain a list of the information.

(g) If a member desires to use more than one firearm while off-duty, he/she may do so, as long as all requirements set forth in this policy for each firearm are met.

(h) Members shall only carry department-authorized ammunition.

(i) When armed, officers shall carry their badges and Laguna Beach Police Department identification cards under circumstances requiring possession of such identification.

312.3.7 AMMUNITION
Members shall carry only department-authorized ammunition. Members shall be issued fresh duty ammunition in the specified quantity for all department-issued firearms during the member’s firearms qualification. Replacements for unserviceable or depleted ammunition issued by the Department shall be dispensed by the Rangemaster when needed, in accordance with established policy.

Members carrying personally owned authorized firearms of a caliber differing from department-issued firearms shall be responsible for obtaining fresh duty ammunition in accordance with the above, at their own expense.
Firearms

312.4 EQUIPMENT
Firearms carried on- or off-duty shall be maintained in a clean, serviceable condition. Maintenance and repair of authorized personally owned firearms are the responsibility of the individual member.

312.4.1 REPAIRS OR MODIFICATIONS
Each member shall be responsible for promptly reporting any damage or malfunction of an assigned firearm to a supervisor or the Rangemaster.

Firearms that are the property of the Department or personally owned firearms that are approved for department use may be repaired or modified only by a person who is department-approved and certified as an armorer or gunsmith in the repair of the specific firearm. Such modification or repair must be authorized in advance by the Rangemaster.

Any repairs or modifications to the member’s personally owned firearm shall be done at his/her expense and must be approved by the Rangemaster.

312.4.2 HOLSTERS
Only department-approved holsters shall be used and worn by members. Members shall periodically inspect their holsters to make sure they are serviceable and provide the proper security and retention of the handgun.

312.4.3 TACTICAL LIGHTS
Tactical lights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Once the approved tactical lights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

312.4.4 OPTICS OR LASER SIGHTS
Optics or laser sights may only be installed on a firearm carried on- or off-duty after they have been examined and approved by the Rangemaster. Any approved sight shall only be installed in strict accordance with manufacturer specifications. Once approved sights have been properly installed on any firearm, the member shall qualify with the firearm to ensure proper functionality and sighting of the firearm prior to carrying it.

Firearms with battery-powered optics must have back up sights installed.

Except in an approved training situation, a member may only sight in on a target when the member would otherwise be justified in pointing a firearm at the target.

312.5 SAFE HANDLING, INSPECTION AND STORAGE
Members shall maintain the highest level of safety when handling firearms and shall consider the following:

(a) Members shall not unnecessarily display or handle any firearm.
(b) Members shall be governed by all rules and regulations pertaining to the use of the range and shall obey all orders issued by the Rangemaster. Members shall not dry fire or practice quick draws except under Rangemaster supervision.

(c) Members shall not clean, repair, load or unload a firearm anywhere in the Department, except where clearing barrels are present.

(d) Members shall not place or store any firearm or other weapon on department premises except where the place of storage is locked. No one shall carry firearms into the jail section or any part thereof when securing or processing an arrestee, but shall place all firearms in a secured location. Members providing access to the jail section to persons from outside agencies are responsible for ensuring firearms are not brought into the jail section.

(e) Members shall not use any automatic firearm, heavy caliber rifle, gas or other type of chemical weapon or firearm from the armory, except with approval of a supervisor.

(f) Any firearm authorized by the Department to be carried on- or off-duty that is determined by a member to be malfunctioning or in need of service or repair shall not be carried. It shall be promptly presented to the Department or a Rangemaster approved by the Department for inspection and repair. Any firearm deemed in need of repair or service by the Rangemaster will be immediately removed from service. If the firearm is the member's primary duty firearm, a replacement firearm will be issued to the member until the duty firearm is serviceable.

312.5.1 INSPECTION AND STORAGE
Handguns shall be inspected regularly and upon access or possession by another person. Shotguns and rifles shall be inspected at the beginning of the shift by the member to whom the weapon is issued. The member shall ensure that the firearm is carried in the proper condition and loaded with approved ammunition (unless the firearm is secured with inspection tape). Inspection of the shotgun and rifle shall be done while standing outside of the patrol vehicle. All firearms shall be pointed in a safe direction or into clearing barrels.

Firearms may be safely stored in lockers or another approved location at the end of the shift. Handguns may remain loaded if they are secured in an appropriate holster. Shotguns and rifles may be stored either unloaded or in Cruiser Safe condition in the appropriate equipment storage room.

312.5.2 STORAGE AT HOME
Members shall ensure that all loaded firearms are locked and secured while in their homes, vehicles or any other area under their control, and in a manner that will keep them inaccessible to children and others who should not have access. Members shall not permit department-issued firearms to be handled by anyone not authorized by the Department to do so. Members should be aware that negligent storage of a firearm could result in civil and criminal liability (Penal Code § 25100).
312.5.3 ALCOHOL AND DRUGS
Firearms shall not be carried by any member, either on- or off-duty, who has consumed an amount of an alcoholic beverage, or has taken any drugs or medication, has taken any combination thereof that would tend to adversely affect the member’s senses or judgment.

312.5.4 STORAGE IN VEHICLES
When leaving a handgun in an unattended vehicle, members shall ensure that it is locked in the trunk, or in a locked container which is placed out of view, or in a locked container that is permanently affixed to the vehicle’s interior and not in plain view (Penal Code § 16850; Penal Code § 25140; Penal Code § 25452).

Officers are exempt from this requirement during circumstances requiring immediate aid or action in the course of official duties (Penal Code § 25140).

312.6 FIREARMS TRAINING AND QUALIFICATIONS
All members who carry a firearm while on-duty are required to successfully complete training at least quarterly with their duty firearms, and at the direction of the Range Master. In addition to scheduled training, all members will qualify with their duty, off-duty, and secondary firearms at least twice a year. Training and qualifications must be on an approved range course. At least annually, all members carrying a firearm should receive practical training designed to simulate field situations including low-light shooting.

312.6.1 NON-CERTIFICATION OR NON-QUALIFICATION
If any member fails to meet minimum standards for firearms training or qualification for any reason, including injury, illness, duty status, or scheduling conflict, that member shall submit a memorandum to the Range Master prior to the end of the required training or qualification period.

Those who fail to meet minimum standards or qualify on their first shooting attempt shall be provided remedial training and will be subject to the following requirements:

(a) Additional range assignments may be scheduled to assist the member in demonstrating consistent firearm proficiency.

(b) Members shall be given credit for a range training or qualification when obtaining a qualifying score or meeting standards after remedial training.

(c) No range credit will be given for the following:
   1. Unauthorized range make-up
   2. Failure to meet minimum standards or qualify after remedial training

Members who repeatedly fail to meet minimum standards will be removed from field assignment and may be subject to disciplinary action.

312.7 FIREARM DISCHARGE
Except during training or recreational use, any member who discharges a firearm intentionally or unintentionally, on- or off-duty, shall make a verbal report to his/her supervisor as soon as
circumstances permit. If the discharge results in injury or death to another person, additional statements and reports shall be made in accordance with the Officer-Involved Shootings and Deaths Policy. If a firearm was discharged as a use of force, the involved member shall adhere to the additional reporting requirements set forth in the Use of Force Policy.

In all other cases, written reports shall be made as follows:

(a) If on-duty at the time of the incident, the member shall file a written report with his/her Division Commander or provide a recorded statement to investigators prior to the end of shift, unless otherwise directed.

(b) If off-duty at the time of the incident, a written report shall be submitted or recorded statement provided no later than the end of the next regularly scheduled shift, unless otherwise directed by a supervisor.

312.7.1 WARNING AND OTHER SHOTS
Generally, warning shots or shots fired for the purpose of summoning aid are discouraged and may not be discharged unless the member reasonably believes that they appear necessary, effective and reasonably safe.

312.7.2 SUPPRESSIVE FIRE
Suppressive fire is defined as controlled gunfire that is directed at one or more locations, and is utilized by officers to prevent or discourage an armed suspect from shooting at emergency personnel or civilians.

Suppressive fire may be used under [all of] the following circumstances:

(a) The officer reasonably believes that the suspect is armed with a firearm and presents an imminent threat of death or serious bodily injury to emergency personnel or civilians.

(b) The totality of the circumstances indicates that other available options reasonably appear ineffective, or would present a greater danger to emergency personnel or civilians, and the officer reasonably believes that the need to suppress the suspect’s gunfire outweighs the risk of using suppressive fire.

(c) The officer reasonably believes that the area to which the officer is directing gunfire is likely to suppress the suspect’s ability to shoot at emergency personnel or civilians.

(d) The duration of the suppressive fire should be limited to the time needed to complete a specified objective (e.g., protecting personnel moving from one location to another, facilitating a retreat to a safer location, or effecting rescue).

Examples in which suppressive fire may be used include, but are not limited to:

(a) Retreating from an armed suspect who is shooting at emergency personnel or civilians from a barricaded position.

(b) Effecting rescue of emergency personnel or civilians pinned down by a suspect’s gunfire.
312.7.3 INJURED ANIMALS
With the approval of a supervisor, a member may euthanize an animal that is so badly injured that human compassion requires its removal from further suffering and where other dispositions are impractical (Penal Code § 597.1(e)).

Injured animals (with the exception of dogs and cats) may only be euthanized after a reasonable search to locate the owner has been made (Penal Code § 597.1(b)). Injured dogs and cats found without their owners shall be taken to an appropriate veterinarian for determination of whether they should be treated or humanely destroyed.

312.7.4 DESTRUCTION OF ANIMALS
Members are authorized to use firearms to stop an animal in circumstances where the animal reasonably appears to pose an imminent threat to human safety and alternative methods are not reasonably available or would likely be ineffective.

In circumstances where there is sufficient advance notice that a potentially dangerous animal may be encountered, department members should develop reasonable contingency plans for dealing with the animal (e.g., fire extinguisher, TASER® device, oleoresin capsicum (OC) spray, animal control officer). Nothing in this policy shall prohibit any member from shooting a dangerous animal if circumstances reasonably dictate that a contingency plan has failed or becomes impractical.

312.8 RANGEMASTER DUTIES
The range will be under the exclusive control of the Rangemaster. All members attending will follow the directions of the Rangemaster. The Rangemaster will maintain a roster of all members attending the range and will submit the roster to the Training Officer after each range date. Failure of any member to sign in and out with the Rangemaster may result in non-qualification.

The range shall remain operational and accessible to Department members during hours established by the Department.

The Rangemaster has the responsibility of making periodic inspection, at least once a year, of all duty firearms carried by members of this department to verify proper operation. The Rangemaster has the authority to deem any department-issued or personally owned firearm unfit for service. The member will be responsible for all repairs to his/her personally owned firearm and it will not be returned to service until inspected by the Rangemaster.

The Rangemaster has the responsibility for ensuring each member meets the minimum requirements during training shoots and, on at least a yearly basis, can demonstrate proficiency in the care, cleaning and safety of all firearms the member is authorized to carry.

The Rangemaster shall complete and submit to the Training Officer documentation of the training courses provided. Documentation shall include the qualifications of each instructor who provides the training, a description of the training provided and, on a form that has been approved by the Department, a list of each member who completes the training. The Rangemaster should keep accurate records of all training shoots, qualifications, repairs, maintenance or other records as directed by the Training Officer.
312.9 FLYING WHILE ARMED

The Transportation Security Administration (TSA) has imposed rules governing law enforcement officers flying armed on commercial aircraft. The following requirements apply to officers who intend to be armed while flying on a commercial air carrier or flights where screening is conducted (49 CFR 1544.219):

(a) Officers wishing to fly while armed must be flying in an official capacity, not for vacation or pleasure, and must have a need to have the firearm accessible, as determined by the Department based on the law and published TSA rules.

(b) Officers must carry their Laguna Beach Police Department identification card, bearing the officer’s name, a full-face photograph, identification number, the officer’s signature and the signature of the Chief of Police or the official seal of the Department and must present this identification to airline officials when requested. The officer should also carry the standard photo identification needed for passenger screening by airline and TSA officials (e.g., driver license, passport).

(c) The Laguna Beach Police Department must submit a National Law Enforcement Telecommunications System (NLETS) message prior to the officer’s travel. If approved, TSA will send the Laguna Beach Police Department an NLETS message containing a unique alphanumeric identifier. The officer must present the message on the day of travel to airport personnel as authorization to travel while armed.

(d) An official letter signed by the Chief of Police authorizing armed travel may also accompany the officer. The letter should outline the officer’s need to fly armed, detail his/her itinerary, and include that the officer has completed the mandatory TSA training for a law enforcement officer flying while armed.

(e) Officers must have completed the mandated TSA security training covering officers flying while armed. The training shall be given by the department-appointed instructor.

(f) It is the officer’s responsibility to notify the air carrier in advance of the intended armed travel. This notification should be accomplished by early check-in at the carrier’s check-in counter.

(g) Any officer flying while armed should discreetly contact the flight crew prior to take-off and notify them of his/her assigned seat.

(h) Discretion must be used to avoid alarming passengers or crew by displaying a firearm. The officer must keep the firearm concealed on his/her person at all times. Firearms are not permitted in carry-on luggage and may not be stored in an overhead compartment.

(i) Officers should try to resolve any problems associated with flying armed through the flight captain, ground security manager, TSA representative or other management representative of the air carrier.

(j) Officers shall not consume alcoholic beverages while aboard an aircraft, or within eight hours prior to boarding an aircraft.
312.10 CARRYING FIREARMS OUT OF STATE
Qualified, active, full-time officers of this department are authorized to carry a concealed firearm in all other states subject to the following conditions (18 USC § 926B):

(a) The officer shall carry his/her Laguna Beach Police Department identification card whenever carrying such firearm.

(b) The officer is not the subject of any current disciplinary action.

(c) The officer may not be under the influence of alcohol or any other intoxicating or hallucinatory drug.

(d) The officer will remain subject to this and all other department policies (including qualifying and training).

Officers are cautioned that individual states may enact local regulations that permit private persons or entities to prohibit or restrict the possession of concealed firearms on their property, or that prohibit or restrict the possession of firearms on any state or local government property, installation, building, base or park. Federal authority may not shield an officer from arrest and prosecution in such locally restricted areas.

Active law enforcement officers from other states are subject to all requirements set forth in 18 USC § 926B.
Duty Knives

313.1 PURPOSE

Purpose:

To establish a policy regarding the general and defensive use of duty knives (known as "tactical folders," or "tactical folding knives") by sworn officers of the Laguna Beach Police Department.

313.1.1 PHILOSOPHY

The Laguna Beach Police Department recognizes the sanctity of life above all other values. As such, the police department provides that its officers be equipped with tools and weapons designed to assist each officer in the enforcing of the law, and in the preservation of the individual officer’s life, other officer's lives, the lives of citizens, and even that of the offender.

The Chief of Police does authorize each police officer to possess and use a duty folding or fixed knife on duty (as per the specified guidelines). It is recognized that officers may have many needs for a folding or fixed knife, including both general work and for limited defensive purposes. While not considered to be a primary weapon of choice in a defense-of-life situation, officers may, under extraordinary circumstances, use a duty folding or fixed knife in defense of their life and the lives of others.

Nothing in this policy requires any officer to carry a knife. This policy is intended to aid the officer, should the officer choose to carry a knife-on-duty, in the acceptable use of the knife in common tasks and in defense of life.

313.1.2 SPECIFICATIONS

Officers may carry a folding knife with a blade that locks in place when opened. The maximum blade length is 5” (five inches).

On-duty officers may also carry a fixed blade knife under the following conditions:

a) The maximum blade length is 3 1/2” (three and a half inches).

b) The blade is carried or contained within a protective scabbard or carrier.

c) The entire knife and sheath is concealed from the view of the public.

313.1.3 GENERAL USE

The carrying and use of any knife by on-duty officers shall be done as unobtrusively as possible so as not to alarm any bystander. The officer shall take care not to exhibit or handle the knife in a careless manner.

It is the individual officer's responsibility to use the duty knife as a tool in a safe and responsible manner.

The officer shall use reasonable care in the general use of the knife as a tool to prevent injury to the officer and others.
Duty Knives

The officer shall use reasonable care in the general use of the knife as a tool to prevent damage to property.

313.1.4 DEFENSIVE USE OF ANY KNIFE
It is recognized that any officer, in the course of his or her duties, may require the use of the duty knife as a weapon of defense under extraordinary circumstances. The Laguna Beach Police Department requires any force by its officers to be objectively reasonable and comply with the requirements of Policy 300 Use of Force, Graham v. Connor, and California Penal Code 835(a) which allows officers to use reasonable force to effect the arrest or to prevent escape or to overcome resistance.

Officers are cautioned that the duty knife is primarily a cutting tool to assist them in their daily duties, and is not intended by this agency to be a primary weapon of defense. Extraordinary circumstances may dictate that the duty knife be used as an "immediate measure of defense" of life.

An "immediate measure of defense" is defined as taking that action or using any implement to defend the officer's life or safety, or the life or safety of another, with implements or devices not normally intended to be weapons or issued as public safety equipment.

The use of a duty knife against an aggressive, life-threatening subject can be employed only when the officer has an objective and reasonable belief that his or her life is in imminent danger of death or serious bodily injury and this belief is based on the totality of the circumstances known to the officer at the time. Officers are cautioned that while any use of deadly force is a grave undertaking by police, the use of any knife against another human being will be viewed as an extraordinary defensive measure, and should be reserved for those situations justifying this type of action.

313.1.5 REPORTING THE USE OF FORCE
Any use of force involving a duty knife by any member of this department shall be documented in an appropriate report depending on the nature of the incident (e.g., arrest report, crime report, incident report).

Supervisory notification shall be made as soon as practicable following the application of physical force involving a duty knife, which, at the time, appears likely to have caused injury, or the complaint of pain by the subject.

313.1.6 MEDICAL ASSISTANCE FOR THOSE INJURED BY OFFICERS
Medical assistance shall be obtained as soon as practicable for subjects who have sustained injury.

   (a) During the course of an arrest.
   (b) Through accident or mishap by the officer.
   (c) Express any complaint of injury.
Duty Knives

(d) Or the officer suspects any injury from the use of force, including that involving the employment of a duty knife.

In the event the subject is injured by the officer or the officer’s action, officers have a duty and obligation to provide medical treatment while in our custody.

313.1.7 CIVILIAN PERSONNEL

Civilian personnel employed by the Laguna Beach Police Department may possess and carry a folding knife while on-duty for general use as provided for per the laws of California.

The use and employment of any knife of any type by civilian personnel shall be done as unobtrusively as possible so as not to alarm any bystanders. The employee shall take care not to exhibit or handle the knife in a careless manner.

It is the individual's responsibility to use the duty folding knife as a tool in a safe and responsible manner.

The employee shall use reasonable care in the general use of the knife as a tool to prevent injury to themselves and others.

The employee shall use reasonable care in the general use of the knife as a tool to prevent damage to property.

Civilian personnel are limited in the possession of any knife by California State Law and must abide by the legal limits of the law.

313.1.8 SUMMARY

Each employee is expected to use care and caution when using a knife in any manner. Should an officer be forced to use a knife defensively in the performance of the officer’s duties, the decision rests with each officer, and each officer must articulate the totality of the circumstances known at the time the force was employed in order to justify that force.

While there is no way to specify the exact duration or circumstances in which a duty knife may be reasonable applied, each officer is expected to use these guidelines to make force decisions in a professional manner and in accordance with all state and federal laws.
Vehicle Pursuits

314.1 PURPOSE AND SCOPE
Vehicle pursuits expose innocent citizens, law enforcement officers and fleeing violators to the risk of serious injury or death. The primary purpose of this policy is to provide officers with guidance in balancing the safety of the public and themselves against law enforcement's duty to apprehend violators of the law. Another purpose of this policy is to reduce the potential for pursuit-related collisions. Vehicular pursuits require officers to exhibit a high degree of common sense and sound judgment. Officers must not forget that the immediate apprehension of a suspect is generally not more important than the safety of the public and pursuing officers.

Deciding whether to pursue a motor vehicle is a critical decision that must be made quickly and under difficult and unpredictable circumstances. In recognizing the potential risk to public safety created by vehicular pursuits, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a vehicular pursuit because of the risk involved. This includes circumstances where department policy would permit the initiation or continuation of the pursuit. It is recognized that vehicular pursuits are not always predictable and decisions made pursuant to this policy will be evaluated according to the totality of the circumstances reasonably available at the time of the pursuit.

Officers must remember that the most important factors to the successful conclusion of a pursuit are proper self-discipline and sound professional judgment. Officer's conduct during the course of a pursuit must be objectively reasonable; that is, what a reasonable officer would do under the circumstances. An unreasonable individual's desire to apprehend a fleeing suspect at all costs has no place in professional law enforcement.

314.1.1 VEHICLE PURSUIT DEFINED
A vehicle pursuit is an event involving one or more law enforcement officers attempting to apprehend a suspect, who is attempting to avoid arrest while operating a motor vehicle by using high-speed driving or other evasive tactics, such as driving off a highway, turning suddenly, or driving in a legal manner but willfully failing to yield to an officer's signal to stop.

314.2 OFFICER RESPONSIBILITIES
It shall be the policy of this department that a vehicle pursuit shall be conducted only with red light and siren as required by Vehicle Code § 21055 for exemption from compliance with the rules of the road. The following policy is established to provide officers with guidelines for driving with due regard and caution for the safety of all persons using the highway as required by Vehicle Code § 21056.

314.2.1 WHEN TO INITIATE A PURSUIT
Officers are authorized to initiate a pursuit when it is reasonable to believe that a suspect is attempting to evade arrest or detention by fleeing in a vehicle.
Vehicle Pursuits

The following factors individually and collectively shall be considered in deciding whether to initiate a pursuit:

(a) Seriousness of the known or reasonably suspected crime and its relationship to community safety.

(b) The importance of protecting the public and balancing the known or reasonably suspected offense and the apparent need for immediate capture against the risks to officers, innocent motorists and others.

(c) Apparent nature of the fleeing suspects (e.g., whether the suspects represent a serious threat to public safety).

(d) The identity of the suspects has been verified and there is comparatively minimal risk in allowing the suspects to be apprehended at a later time.

(e) Safety of the public in the area of the pursuit, including the type of area, time of day, the amount of vehicular and pedestrian traffic and the speed of the pursuit relative to these factors.

(f) Pursuing officers familiarity with the area of the pursuit, the quality of radio communications between the pursuing units and the dispatcher/supervisor and the driving capabilities of the pursuing officers under the conditions of the pursuit.

(g) Weather, traffic and road conditions that substantially increase the danger of the pursuit beyond the worth of apprehending the suspect.

(h) Performance capabilities of the vehicles used in the pursuit in relation to the speeds and other conditions of the pursuit.

(i) Vehicle speeds.

(j) Other persons in or on the pursued vehicle (e.g., passengers, co-offenders and hostages).

(k) Availability of other resources such as helicopter assistance.

(l) The police unit is carrying passengers other than police officers. Pursuits should not be undertaken with a prisoner in the police vehicle.

314.2.2 WHEN TO TERMINATE A PURSUIT

Pursuits should be discontinued whenever the totality of objective circumstances known or which reasonably ought to be known to the officer or supervisor during the pursuit indicates that the present risks of continuing the pursuit reasonably appear to outweigh the risks resulting from the suspect’s escape.

The factors listed in When to Initiate a Pursuit of this policy are expressly included herein and will apply equally to the decision to discontinue as well as the decision to initiate a pursuit. Officers and supervisors must objectively and continuously weigh the seriousness of the offense against the potential danger to innocent motorists and themselves when electing to continue a pursuit. In
Vehicle Pursuits

the context of this policy, the term “terminate” shall be construed to mean discontinue or to stop chasing the fleeing vehicle.

In addition to the factors listed in When to Initiate a Pursuit of this policy, the following factors should also be considered in deciding whether to terminate a pursuit:

(a) Distance between the pursuing officers and the fleeing vehicle is so great that further pursuit would be futile or require the pursuit to continue for an unreasonable time and/or distance.

(b) Pursued vehicle’s location is no longer definitely known.

(c) Officer’s pursuit vehicle sustains any type of damage that renders it unsafe to drive.

(d) Extended pursuits of violators for misdemeanors not involving violence or risk of serious harm (independent of the pursuit) are discouraged.

(e) There are hazards to uninvolved bystanders or motorists.

(f) If the identity of the offender is known and it does not reasonably appear that the need for immediate capture outweighs the risks associated with continuing the pursuit, officers should strongly consider discontinuing the pursuit and apprehending the offender at a later time.

(g) Pursuit is terminated by a supervisor.

314.2.3 SPEED LIMITS
The speed of a pursuit is a factor that should be evaluated on a continuing basis by the officer and supervisor. Evaluation of vehicle speeds shall take into consideration public safety, officer safety and the safety of the occupants of the fleeing vehicle.

Should high vehicle speeds be reached during a pursuit, officers and supervisors shall also consider these factors when determining the reasonableness of the speed of the pursuit:

(a) Pursuit speeds have become unreasonably unsafe for the surrounding conditions.

(b) Pursuit speeds have exceeded the driving ability of the officer.

(c) Pursuit speeds are beyond the capabilities of the pursuit vehicle thus making its operation unsafe.

314.3 PURSUIT UNITS
Pursuit units should be limited to three vehicles (two units and a supervisor); however, the number of units involved will vary with the circumstances. An officer or supervisor may request additional units to join a pursuit if, after assessing the factors outlined above, it appears that the number of officers involved would be insufficient to safely arrest the suspects. All other officers should stay out of the pursuit, but should remain alert to its progress and location. Any officer who drops out of a pursuit may then, if necessary, proceed to the termination point at legal speeds, following the appropriate rules of the road.
Vehicle Pursuits

314.3.1 MOTORCYCLE OFFICERS
A distinctively marked patrol vehicle equipped with emergency overhead lighting should replace a police motorcycle as primary and/or secondary pursuit unit as soon as practical.

314.3.2 CANINE UNITS
A canine unit is not prohibited from initiating or joining in any pursuit. If a canine unit is the first or second unit in the pursuit, the canine unit should be relieved by another marked unit as soon as practical. The canine unit may then assume the third position in the pursuit upon authorization of a supervisor, or drop out and trail the pursuit as needed.

It is preferable for a canine officer to be a third unit in a pursuit for the following reasons:

(a) The first unit in a pursuit needs to direct his/her immediate attention on the suspect vehicle, and be in a position to cover the suspect vehicle and give verbal commands during a high-risk traffic stop at the termination point.

(b) The second unit is tasked with broadcasting the pursuit. Due to the noise of the canine in the background, it can be difficult for the canine handler to clearly broadcast the progress of the pursuit on the radio.

(c) The third unit position is optimum for the canine unit because the handler needs other officers to cover the suspects at the termination point, providing the handler protection and time to control and leash his dog.

314.3.3 VEHICLES WITHOUT EMERGENCY EQUIPMENT
Vehicles not equipped with red light and siren are generally prohibited from initiating or joining in any pursuit. Officers in such vehicles, however, may become involved in emergency activities involving serious crimes or life threatening situations. Those officers should terminate their involvement in any pursuit immediately upon arrival of a sufficient number of emergency police vehicles or any police helicopter. The exemptions provided by Vehicle Code § 21055 do not apply to officers using vehicles without emergency equipment.

314.3.4 PRIMARY UNIT RESPONSIBILITIES
The initial pursuing unit will be designated as the primary pursuit unit and will be responsible for the conduct of the pursuit unless it is unable to remain reasonably close enough to the violator’s vehicle. The primary responsibility of the officer initiating the pursuit is the apprehension of the suspects without unreasonable danger to him/herself or other persons.

Notify Dispatch that a vehicle pursuit has been initiated and as soon as practicable provide information including, but not limited to:

(a) Reason for the pursuit.
(b) Location and direction of travel.
(c) Speed of the fleeing vehicle.
(d) Description of the fleeing vehicle and license number, if known.
(e) Number of known occupants.
Vehicle Pursuits

(f) The identity or description of the known occupants.

(g) Information concerning the use of firearms, threat of force, injuries, hostages or other unusual hazards.

Unless relieved by a supervisor or secondary unit, the officer in the primary unit shall be responsible for the broadcasting of the progress of the pursuit. Unless practical circumstances indicate otherwise, and in order to concentrate on pursuit driving, the primary officer should relinquish the responsibility of broadcasting the progress of the pursuit to a secondary unit or aircraft joining the pursuit.

314.3.5 SECONDARY UNITS RESPONSIBILITIES
The second officer in the pursuit is responsible for the following:

(a) The officer in the secondary unit should immediately notify the dispatcher of entry into the pursuit.

(b) Remain a safe distance behind the primary unit unless directed to assume the role of primary officer, or if the primary unit is unable to continue the pursuit.

(c) The secondary officer should be responsible for broadcasting the progress of the pursuit unless the situation indicates otherwise.

314.3.6 PURSUIT DRIVING TACTICS
The decision to use specific driving tactics requires the same assessment of considerations outlined in the factors to be considered concerning pursuit initiation and termination. The following are tactics for units involved in the pursuit:

(a) Officers, considering their driving skills and vehicle performance capabilities, will space themselves from other involved vehicles such that they are able to see and avoid hazards or react safely to maneuvers by the fleeing vehicle.

(b) Because intersections can present increased risks, the following tactics should be considered:

1. Available units not directly involved in the pursuit may proceed safely to controlled intersections ahead of the pursuit in an effort to warn cross traffic.

2. Pursuing units should exercise due caution when proceeding through controlled intersections.

(c) As a general rule, officers should not pursue a vehicle driving left of center (wrong way) on a freeway. In the event that the pursued vehicle does so, the following tactics should be considered:

1. Requesting assistance from an air unit.

2. Maintaining visual contact with the pursued vehicle by paralleling it on the correct side of the roadway.
3. Requesting other units to observe exits available to the suspects.

(d) Notifying the California Highway Patrol (CHP) and/or other jurisdictional agency if it appears that the pursuit may enter their jurisdiction.

(e) Officers involved in a pursuit should not attempt to pass other units unless the situation indicates otherwise or they are requested to do so by the primary unit.

314.3.7 TACTICS/PROCEDURES FOR UNITS NOT INVOLVED IN THE PURSUIT

There should be no paralleling of the pursuit route. Officers are authorized to use emergency equipment at intersections along the pursuit path to clear intersections of vehicular and pedestrian traffic to protect the public. Officers should remain in their assigned area and should not become involved with the pursuit unless directed otherwise by a supervisor.

Non-pursuing personnel needed at the termination of the pursuit should respond in a non-emergency manner, observing the rules of the road.

The primary and secondary units should be the only units operating under emergency conditions (red light and siren) unless other units are assigned to the pursuit.

314.3.8 PURSUIT TRAILING

In the event the initiating unit from this agency either relinquishes control of the pursuit to another unit or jurisdiction, that initiating unit may, with permission of a supervisor, trail the pursuit to the termination point in order to provide necessary information and assistance for the arrest of the suspects.

The term trail means to follow the path of the pursuit at a safe speed while obeying all traffic laws and without activating emergency equipment. If the pursuit is at a slow rate of speed, the trailing unit will maintain sufficient distance from the pursuit units so as to clearly indicate an absence of participation in the pursuit.

314.3.9 AIRCRAFT ASSISTANCE

When available and with Watch Commander's approval, aircraft assistance should be requested. Once the air unit has established visual contact with the pursued vehicle, it should assume control over the pursuit. The primary and secondary ground units should consider the participation of aircraft assistance when determining whether to continue the pursuit.

The air unit should coordinate the activities of resources on the ground, report progress of the pursuit and provide officers and supervisors with details of upcoming traffic congestion, road hazards, or other pertinent information to evaluate whether or not to continue the pursuit. If ground units are not within visual contact and the air unit determines that it is unsafe to continue the pursuit, the air unit has the authority to terminate the pursuit.

314.4 SUPERVISORY CONTROL AND RESPONSIBILITY

It is the policy of this department that available supervisory and management control will be exercised over all vehicle pursuits involving officers from this department.
The field supervisor of the officer initiating the pursuit, or if unavailable, the nearest field supervisor will be responsible for the following:

(a) Upon becoming aware of a pursuit, immediately ascertaining all reasonably available information to continuously assess the situation and risk factors associated with the pursuit in order to ensure that the pursuit is conducted within established department guidelines.

(b) Engaging in the pursuit, when appropriate, to provide on-scene supervision.

(c) Exercising management and control of the pursuit even if not engaged in it.

(d) Ensuring that no more than the number of required police units needed are involved in the pursuit under the guidelines set forth in this policy.

(e) Directing that the pursuit be terminated if, in his/her judgment, it is unjustified to continue the pursuit under the guidelines of this policy.

(f) Ensuring that aircraft are requested if available.

(g) Ensuring that the proper radio channel is being used.

(h) Ensuring the notification and/or coordination of outside agencies if the pursuit either leaves or is likely to leave the jurisdiction of this agency.

(i) Controlling and managing LBPD units when a pursuit enters another jurisdiction.

(j) Preparing post-pursuit critique and analysis of the pursuit for training purposes.

314.4.1 WATCH COMMANDER RESPONSIBILITY
Upon becoming aware that a pursuit has been initiated, the Watch Commander should monitor and continually assess the situation and ensure the pursuit is conducted within the guidelines and requirements of this policy. The Watch Commander has the final responsibility for the coordination, control and termination of a vehicle pursuit and shall be in overall command.

The Watch Commander shall review all pertinent reports for content and forward to the Division Commander.

314.5 COMMUNICATIONS
If the pursuit is confined within the City limits, radio communications will be conducted on the primary channel unless instructed otherwise by a supervisor or communications dispatcher. If the pursuit leaves the jurisdiction of this department or such is imminent, involved units should, whenever available, switch radio communications to an emergency channel most accessible by participating agencies and units.

314.5.1 COMMUNICATION CENTER RESPONSIBILITIES
Upon notification that a pursuit has been initiated, Dispatch will:

(a) Coordinate pursuit communications of the involved units and personnel.
Vehicle Pursuits

(b) Notify and coordinate with other involved or affected agencies as practicable.
(c) Ensure that a field supervisor is notified of the pursuit.
(d) Assign an incident number and log all pursuit activities.
(e) Broadcast pursuit updates as well as other pertinent information as necessary.
(f) Notify the Watch Commander as soon as practicable.

314.5.2 LOSS OF PURSUED VEHICLE
When the pursued vehicle is lost, the primary unit should broadcast pertinent information to assist other units in locating suspects. The primary unit will be responsible for coordinating any further search for either the pursued vehicle or suspects fleeing on foot.

314.6 INTER-JURISDICTIONAL CONSIDERATIONS
When a pursuit enters another agency’s jurisdiction, the primary officer or supervisor, taking into consideration distance traveled, unfamiliarity with the area and other pertinent facts, should determine whether to request the other agency to assume the pursuit. Unless entry into another jurisdiction is expected to be brief, it is generally recommended that the primary officer or supervisor ensure that notification is provided to each outside jurisdiction into which the pursuit is reasonably expected to enter, regardless of whether such jurisdiction is expected to assist.

314.6.1 ASSUMPTION OF PURSUIT BY ANOTHER AGENCY
Units originally involved will discontinue the pursuit when advised that another agency has assumed the pursuit and assistance of the Laguna Beach Police Department is no longer needed. Upon discontinuing the pursuit, the primary unit may proceed upon request, with or at the direction of a supervisor, to the termination point to assist in the investigation.

The role and responsibilities of officers at the termination of a pursuit initiated by this department shall be coordinated with appropriate consideration of the units from the agency assuming the pursuit.

Notification of a pursuit in progress should not be construed as a request to join the pursuit. Requests to or from another agency to assume a pursuit should be specific. Because of communication limitations between local agencies and CHP units, a request for CHP assistance will mean that they will assume responsibilities for the pursuit. For the same reasons, when a pursuit leaves the freeway and a request for assistance is made to this department, the CHP should relinquish control.

314.6.2 PURSUITS EXTENDING INTO THIS JURISDICTION
The agency that initiates a pursuit shall be responsible for conducting the pursuit. Units from this department should not join a pursuit unless specifically requested to do so by the agency whose officers are in pursuit. The exception to this is when a single unit from the initiating agency is in pursuit. Under this circumstance, a unit from this department may join the pursuit until sufficient units from the initiating agency join the pursuit.
Vehicle Pursuits

When a request is made for this department to assist or take over a pursuit from another agency that has entered this jurisdiction, the supervisor should consider these additional following factors:

(a) Ability to maintain the pursuit
(b) Circumstances serious enough to continue the pursuit
(c) Adequate staffing to continue the pursuit
(d) The public's safety within this jurisdiction
(e) Safety of the pursuing officers

As soon as practicable, a supervisor or the Watch Commander should review a request for assistance from another agency. The Watch Commander or supervisor, after consideration of the above factors, may decline to assist in, or assume the other agency's pursuit.

Assistance to a pursuing allied agency by officers of this department will terminate at the City limits provided that the pursuing officers have sufficient assistance from other sources. Ongoing participation from this department may continue only until sufficient assistance is present.

In the event that a pursuit from another agency terminates within this jurisdiction, officers shall provide appropriate assistance to officers from the allied agency including, but not limited to, scene control, coordination and completion of supplemental reports and any other assistance requested or needed.

314.7 PURSUIT INTERVENTION

Pursuit intervention is an attempt to terminate the ability of a suspect to continue to flee in a motor vehicle through tactical application of technology, road spikes, blocking, boxing, PIT (Pursuit Intervention Technique), ramming or roadblock procedures. In this context, ramming shall be construed to mean maneuvering the police unit into contact with the pursued vehicle to mechanically disable or forcibly position it such that further flight is not possible or practicable.

314.7.1 WHEN USE IS AUTHORIZED

Use of pursuit intervention tactics should be employed only after approval of a supervisor. In deciding whether to use intervention tactics, officers/supervisors should balance the risks of allowing the pursuit to continue with the potential hazards arising from the use of each tactic to the public, the officers and persons in or on the pursued vehicle. With these risks in mind, the decision to use any intervention tactic should be reasonable in light of the circumstances confronting the officer at the time of the decision.

It is imperative that officers act within the bounds of legality, good judgment and accepted practices.

314.7.2 DEFINITIONS

Blocking or vehicle intercept - A slow-speed coordinated maneuver where two or more patrol vehicles simultaneously intercept and block the movement of a suspect vehicle, the driver of which
Vehicle Pursuits

may be unaware of the impending enforcement stop, with the goal of containment and preventing a pursuit. Blocking is not a moving or stationary road block.

**Boxing-in** - A tactic designed to stop a violator’s vehicle by surrounding it with law enforcement vehicles and then slowing all vehicles to a stop.

**Pursuit Intervention Technique (PIT)** - A low-speed maneuver designed to cause the suspect vehicle to spin out and terminate the pursuit.

**Ramming** - The deliberate act of impacting a violator’s vehicle with another vehicle to functionally damage or otherwise force the violator’s vehicle to stop.

**Roadblocks** - A tactic designed to stop a violator’s vehicle by intentionally placing an emergency vehicle or other immovable object in the path of the violator’s vehicle.

**Spikes or tack strips** - A device that extends across the roadway designed to puncture the tires of the pursued vehicle.

### 314.7.3 USE OF FIREARMS

The use of firearms to disable a pursued vehicle is not generally an effective tactic and involves all the dangers associated with discharging firearms. Officers should not utilize firearms during an ongoing pursuit unless the conditions and circumstances dictate that such use reasonably appears necessary to protect life. Nothing in this section shall be construed to prohibit any officer from using a firearm to stop a suspect from using a vehicle as a deadly weapon.

### 314.7.4 INTERVENTION STANDARDS

Any pursuit intervention tactic, depending upon the conditions and circumstances under which it is used, may present dangers to the officers, the public or anyone in or on the vehicle being pursued. Certain applications of intervention tactics may be construed to be a use of deadly force and subject to the requirements for such use. Officers shall consider these facts and requirements prior to deciding how, when, where and if an intervention tactic should be employed.

(a) Blocking or vehicle intercept should only be considered in cases involving felony suspects or impaired drivers who pose a threat to public safety when officers reasonably believe that attempting a conventional enforcement stop will likely result in the driver attempting to flee in the vehicle. Because of the potential risks involved, this technique should only be employed by officers who have received training in such tactics after giving consideration to the following:

1. The need to immediately stop the suspect vehicle or prevent it from leaving substantially outweighs the risks of injury or death to occupants of the suspect vehicle, officers, or other members of the public.
2. All other reasonable intervention techniques have failed or reasonably appear ineffective.
3. Employing the blocking maneuver does not unreasonably increase the risk to officer safety.
Vehicle Pursuits

4. The target vehicle is stopped or traveling at a low speed.

5. At no time should civilian vehicles be used to deploy this technique.

(b) Only those officers trained in the use of the Pursuit Intervention Technique (PIT) will be authorized to use this procedure and only then with approval of a supervisor upon consideration of the circumstances and conditions presented at the time, including the potential for risk of injury to officers, the public and occupants of the pursued vehicle.

(c) Ramming a fleeing vehicle should be done only after other reasonable tactical means at the officer’s disposal have been exhausted. This tactic should be reserved for situations where there does not appear to be another reasonable alternative method. This policy is an administrative guide to direct officers in their decision-making process before ramming another vehicle. When ramming is used as a means to stop a fleeing vehicle, one or more of the following factors should be present:

1. The suspect is an actual or suspected felon who reasonably appears to represent a serious threat to the public if not apprehended.

2. The suspect is driving with willful or wanton disregard for the safety of other persons or is driving in a reckless and life-endangering manner.

3. If there does not reasonably appear to be a present or immediately foreseeable serious threat to the public, the use of ramming is not authorized.

(d) As with all intervention techniques, pursuing officers should obtain supervisor approval before attempting to box a suspect vehicle during a pursuit. The use of such a technique must be carefully coordinated with all involved units, taking into consideration the circumstances and conditions presented at the time as well as the potential risk of injury to officers, the public and occupants of the pursued vehicle.

(e) The use of spike strips should be approved in advance by a supervisor and deployed only when it is reasonably certain that only the pursued vehicle will be affected by their use. Officers should carefully consider the limitations of such devices as well as the potential risks to officers, the public and occupants of the pursued vehicle. If the pursued vehicle is a motorcycle, a vehicle transporting hazardous materials, or a school bus transporting children, officers and supervisors should weigh the potential consequences against the need to immediately stop the vehicle.

(f) Because roadblocks involve a potential for serious injury or death to occupants of the pursued vehicle if the suspect does not stop, the intentional placement of roadblocks in the direct path of a pursued vehicle is generally discouraged and should not be deployed without prior approval of a supervisor and only then under extraordinary conditions when all other reasonable intervention techniques have failed or reasonably appear ineffective and the need to immediately stop the pursued vehicle substantially outweighs the risks of injury or death to occupants of the pursued vehicle, officers or other members of the public.
314.7.5 CAPTURE OF SUSPECTS
Proper self-discipline and sound professional judgment are the keys to a successful conclusion of a pursuit and apprehension of evading suspects. Officers shall use only that amount of force, which reasonably appears necessary under the circumstances, to properly perform their lawful duties.

Unless relieved by a supervisor, the primary officer should coordinate efforts to apprehend the suspects following the pursuit. Officers should consider safety of the public and the involved officers when formulating plans to contain and capture the suspects.

314.8 REPORTING REQUIREMENTS
The following reports should be completed upon conclusion of all pursuits:

(a) The primary officer should complete appropriate crime/arrest reports.

(b) The Watch Commander shall ensure that an Allied Agency Vehicle Pursuit Report (form CHP 187A) is filed with the CHP not later than 30 days following the pursuit (Vehicle Code § 14602.1). The primary officer should complete as much of the required information on the form as is known and forward the report to the Watch Commander for review and distribution.

(c) After first obtaining the available information, a field supervisor shall promptly complete a Supervisor's Log, briefly summarizing the pursuit, and submit it to his/her manager. This log should minimally contain the following information:

1. Date and time of pursuit
2. Length of pursuit
3. Involved units and officers
4. Initial reason for pursuit
5. Starting and termination points
6. Disposition (arrest, citation), including arrestee information if applicable
7. Injuries and/or property damage
8. Medical treatment
9. Name of supervisor at scene
10. A preliminary determination whether the pursuit appears to be in compliance with this policy and whether additional review or follow-up is warranted

314.8.1 REGULAR AND PERIODIC PURSUIT TRAINING
In addition to initial and supplementary Police Officer Standard Training (POST) training on pursuits required by Penal Code § 13519.8, all sworn members of this department will participate no less than annually in regular and periodic department training addressing this policy and the importance of vehicle safety and protecting the public at all times, including a recognition of the
Vehicle Pursuits

need to balance the known offense and the need for immediate capture against the risks to officers and others (Vehicle Code § 17004.7(d)).

314.8.2 POLICY REVIEW
Each sworn member of this department shall certify in writing that they have received, read and understand this policy initially and upon any amendments. The POST attestation form, or an equivalent form, may be used to document the compliance and should be retained in the member’s training file.

314.9 APPLICATION OF VEHICLE PURSUIT POLICY
This policy is expressly written and adopted pursuant to the provisions of Vehicle Code § 17004.7, with additional input from the POST Vehicle Pursuit Guidelines.

314.10 POST PURSUIT VEHICLE INSPECTIONS
Vehicles operated under severe-use conditions, which include operations for which the vehicle is not designed or that exceed the manufacturer’s parameters, should be removed from service and subjected to a safety inspection as soon as practicable. Such conditions may include rough roadway or off-road driving, hard or extended braking, pursuits or prolonged high-speed operation.
Roadspike Pursuit Intervention Device

315.1 PURPOSE AND SCOPE FOR USE AND DEPLOYMENT
The purpose of this policy is to set forth regulations and guidelines for field officers’ use of the road spike pursuit intervention device. It is the policy of the Laguna Beach Police Department to terminate vehicle pursuits utilizing the road spike device when such use can be applied in a safe and practical manner.

315.2 OBJECTIVES
(a) To disable the fleeing vehicle by puncturing one or more of the tires in a controlled deflation thus stopping, or reducing the speed of the vehicle and reducing the risk of injury or property damage.
(b) To eliminate the risk of serious injury to the public, the pursuing officers, and the suspect.
(c) To limit the fleeing suspect's options for continued flight.
(d) To select an optimal location for road spike deployment that provides safety for the deploying officer(s), the public and the suspect.

315.3 PROCEDURES
(a) Training - Road spikes or spike strips should only be deployed by sworn officers who have received the department approved training in the use of the device.
(b) Location of Road Spike Device - The department currently has road spike devices deployed in patrol vehicles.
(c) Deployment of Road spikes - Deployment of the spike strip must be done as opportunity dictates, however, the deploying officer should conform to the following:
   1. The deploying officer should advise over the radio of the location he/she intends to set up the device.
   2. The deploying officer should advise and receive acknowledgment from the pursuing officers. Pursuing officer should be aware of the location to safely negotiate the suspect's sudden stop or evasive driving upon striking the road spike.
   3. If the pursuit involves an outside agency, authorization from the pursuing department's supervisor or Watch Commander should be received. "1" and "2" above shall apply to outside pursuing agencies.
(d) Deploying Officer's Responsibilities - The deploying officer should take the following issues into consideration, but may use discretion based on the speed of the pursued vehicle:
1. Road spikes should be deployed long before the suspect would be in visual range to avoid encouraging the suspect to make dangerous evasive maneuvers.

2. Road spikes should be deployed on straight flat roadways.

3. Road spikes should not be deployed near sharp curves in the road.

4. Road spikes should not be deployed near intersections.

5. Road spikes should not be deployed where it creates a hazard for traffic in the opposite direction.

6. Road spikes should not be deployed where the deploying officer may be exposed to injury caused by the suspect vehicle.

7. Road spikes should not be deployed on motorcycles.

8. The deploying officer should attempt to position his/her police unit out of sight of suspect to reduce the possibility of a sudden evasive maneuver.

9. As soon as the suspect passes over the road spikes, the deploying officer should remove or disable the road spike to prevent damage to the pursuing officer's vehicles.

10. When safe to do so, the deploying officer should remove the road spike from the roadway and secure it in his/her vehicle.

11. The deploying officer should advise over the radio whether or not the suspect vehicle drove over the road spike.

12. If time permits and it can be done safely, the camera in the deploying officers unit should be activated in the direction of the road spike.

(e) Pursuing Unit's Responsibilities - Pursuing officers should make every effort to reduce their speed prior to the suspect striking the road spikes in order to reduce the possibility of collision with the suspect vehicle as it decelerates.

1. Pursuing vehicles should pass over the strip following the suspect vehicle's path in order to reduce risk to the deploying officer (the deploying officer should have lowered the remaining spikes to a safe position immediately following the suspect's contact with the strip).

2. If a pursuing officer's vehicle strikes a deployed road spike with the spikes engaged, he/she should slowly reduce speed and continue to travel straight ahead until it is safe to pull to the right. The deflation of the tires is not sudden and the spikes are designed to evacuate the tire's air slowly to prevent loss of control by the driver.
Roadspike Pursuit Intervention Device

315.4 CONCLUSION
Road spikes have been used nationwide to terminate high speed pursuits and failure to yield situations. It is the Laguna Beach Police Department's intent to increase the safety to our staff and the public by effectively deploying a pursuit intervention device where the furtherance of that goal may be accomplished.
Officer Response to Calls

316.1 PURPOSE AND SCOPE
This policy provides for the safe and appropriate response to emergency and non-emergency situations whether dispatched or self-initiated.

316.2 RESPONSE TO CALLS
Officers dispatched "Code-3" shall consider the call an emergency response and proceed immediately. Officers responding Code-3 shall continuously operate emergency lighting equipment, including at minimum a steady forward facing red light, and shall sound the siren as reasonably necessary pursuant to Vehicle Code § 21055.

Responding with emergency light(s) and siren does not relieve the officer of the duty to continue to drive with due regard for the safety of all persons. The use of any other warning equipment without a red light and siren does not provide any exemption from the Vehicle Code.

Officers should only respond Code-3 when so dispatched or when circumstances reasonably indicate an emergency response is required. Officers not authorized to respond Code-3 shall observe all traffic laws and proceed without the use of emergency lights and siren.

316.3 REQUESTING EMERGENCY ASSISTANCE
Requests for emergency assistance should be limited to those situations where the involved personnel reasonably believe that there is an immediate threat to the safety of officers, or assistance is needed to prevent imminent serious harm to a citizen. In any event, where a situation has stabilized and emergency response is not required, the requesting officer shall immediately notify Dispatch.

If circumstances permit, the requesting officer should give the following information:

- The unit number
- The location
- The reason for the request and type of emergency
- The number of units required

316.3.1 NUMBER OF UNITS ASSIGNED
Normally, only one unit should respond to an emergency call Code-3 unless the Watch Commander or the field supervisor authorizes an additional unit(s), or the exigent nature of the emergency response reasonably necessitates an additional unit(s) and the Watch Commander or the field supervisor is notified as soon as practical. The current location of the responding units should also be communicated via the radio as soon as possible.
316.4 INITIATING CODE 3 RESPONSE
If an officer believes a Code-3 response to any call is appropriate, the officer shall immediately, or as soon as practical, notify Dispatch.

316.5 RESPONSIBILITIES OF RESPONDING OFFICER(S)
Officers shall exercise sound judgment and care with due regard for life and property when responding to an emergency call. Officers shall reduce speed at all street intersections to such a degree that they shall have complete control of the vehicle.

The decision to continue a Code-3 response is at the discretion of the officer. If, in the officer's judgment, the roadway conditions or traffic congestion does not permit such a response without unreasonable risk, the officer may elect to respond to the call without the use of red lights and siren at the legal speed limit. In such an event, the officer should immediately notify Dispatch. An officer shall also discontinue the Code-3 response when directed by a supervisor.

Upon receiving authorization or determining a Code-3 response is appropriate, an officer shall immediately, or as soon as radio traffic practically allows, give the location from which he/she is responding.

316.6 COMMUNICATIONS RESPONSIBILITIES
A dispatcher shall assign a Code-3 response when an officer requests emergency assistance or available information reasonably indicates that the public is threatened with serious injury or death and immediate police response is needed. In all other circumstances, the dispatcher shall obtain authorization from the Watch Commander or a field supervisor prior to assigning units Code-3. The dispatcher shall:

   (a) Attempt to assign the closest available unit to the location requiring assistance
   (b) Immediately, or as soon as practical, notify the Watch Commander
   (c) Confirm the location from which the unit is responding, as soon as practical
   (d) Notify and coordinate allied emergency services (e.g., fire and ambulance)
   (e) Continue to obtain and broadcast information as necessary concerning the response and monitor the situation until it is stabilized or terminated
   (f) Control all radio communications during the emergency and coordinate assistance under the direction of the Watch Commander or field supervisor

316.7 SUPERVISORY RESPONSIBILITIES
Upon being notified that a Code-3 response has been initiated, the Watch Commander or the field supervisor shall verify the following:

   (a) The proper response has been initiated
(b) No more than those units reasonably necessary under the circumstances are involved in the response

(c) Affected outside jurisdictions are being notified as practical

The field supervisor shall monitor the response until it has been stabilized or terminated and assert control by directing units into or out of the response if necessary. If, in the supervisor’s judgment, the circumstances require additional units to be assigned a Code-3 response, the supervisor may do so.

It is the supervisor's responsibility to terminate a Code-3 response that, in his/her judgment is inappropriate due to the circumstances.

When making the decision to authorize a Code-3 response, the Watch Commander or the field supervisor should consider the following:

- The type of call
- The necessity of a timely response
- Traffic and roadway conditions
- The location of the responding units

316.8 FAILURE OF EMERGENCY EQUIPMENT

If the emergency equipment on the vehicle should fail to operate, the officer must terminate the Code-3 response and respond accordingly. In all cases, the officer shall notify the Watch Commander, field supervisor, or Dispatch of the equipment failure so that another unit may be assigned to the emergency response.
Investigations, Arrests and Detentions

317.1 COMMAND OF SCENE
At the scene of any crime, accident or other police incident, the ranking officer present shall assume command and direction of police personnel in a manner to assure the most orderly and efficient accomplishment of the police task. When two or more officers of the same rank are present and one of them is assigned to the investigative detail that will follow up the investigation, that ranking officer will be in charge. This provision is intended to provide for the coordination of the efforts of the several subordinate members who may be assigned to the incident; therefore, it is incumbent upon the ranking officer assuming such control to become acquainted with the facts and insure that appropriate action is being taken or is initiated.

317.1.1 GENERAL RESPONSIBILITIES OF MEMBERS AT CRIME SCENES
The first member to arrive at the scene of a crime or other police incident is responsible for the following actions as they may apply to the situation:

(a) Summoning of medical assistance and the administration of first aid as required to prevent further injury or loss of life.
(b) Arrest of violator(s).
(c) Security of the scene.

317.1.2 RESPONSIBILITIES OF ASSIGNED MEMBER AT CRIME SCENE
The members officially assigned to perform the preliminary or other investigation of an alleged crime or other incident, are responsible for the duties enumerated within as they may be necessary, and the completion of the preliminary or other investigation as directed. This shall include, but is not necessarily limited to, the securing of statements and other information which will aid in the successful completion of the investigation and locating, collecting, and preserving physical evidence material to the issue.

317.1.3 RELIEF OF MEMBER CONDUCTING PRELIMINARY INVESTIGATION
Upon the completion of the preliminary investigation, the assigned officer shall stand relieved unless otherwise directed by an investigator, other member specifically assigned to the investigation, or a superior officer.

317.1.4 IDENTIFICATION AS POLICE OFFICER
Except when impractical or unfeasible, or where the identity is obvious, officers shall identify themselves by displaying the official badge or identification card before taking police action.

317.1.5 ARRESTS
In making arrests, members shall strictly observe the laws of arrest and the following provisions:

(a) Only necessary restraint to assure safe custody and the safety of the officer shall be employed.
Investigations, Arrests and Detentions

(b) The arresting officer is responsible for the safety and protection of the arrested person while in his/her custody. He/she shall notify the Watch Commander of any injury, apparent illness or other condition which indicates the arrested person may need special care. All visible injuries on an arrestee or complaint of pain by an arrestee shall be documented in the narrative of the arrest report and/or crime report. The circumstances of said injuries or complaint of pain shall be explained. If an arrestee is taken to a medical center (hospital) for "medical clearance" for booking purposes, said "medical clearance" shall be documented in the arrest/crime report. Such injuries and/or complaint of pain shall also be reflected on the booking form.

(c) The arresting officer is responsible for the security of personal property in possession of the arrested person or under his control at the time of arrest. Except for vehicles, this responsibility transfers to the transportation/booking officers when they accept custody of the arrested person.

317.1.6 CUSTODY OF PRISONERS
Officers charged with the custody of prisoners shall observe all laws and departmental and divisional orders regarding this activity. Prisoners shall be kept securely, treated firmly and humanely, and shall not be subjected to unnecessary restraints or verbal harassment.

(See Chapter 9 for additional "Custody" policies.)

317.1.7 TRANSPORTATION OF PRISONERS
Officers transporting prisoners shall do so in accordance with departmental policy.

(a) Prisoners requiring medical attention shall be delivered to the appropriate emergency hospital, and the arresting/transporting officers shall be responsible for the security of the prisoner until properly relieved by a guard officer, unless otherwise directed by a superior officer. The transportation officer shall be responsible for documenting a prisoner's "medical attention/clearance" on a supplemental report, unless included within the original arrest/crime report.

(b) Prisoners and their property shall be surrendered at the jail to departmental custodial officers or as otherwise directed by competent authority.

(c) Any prisoner transported to a hospital in a private ambulance shall be accompanied and guarded by an officer unless policy exigencies dictate otherwise. In the latter case, a guard will be arranged for the prisoner as soon as possible.

(d) Prisoners being transported shall not be subjected to verbal harassment.

317.1.8 USE OF PHYSICAL FORCE
(See policy 300, "Use of Force" for additional information)

Malicious assaults or batteries committed by members constitute gross misconduct. The use of physical force shall be restricted to circumstances specified by law when necessary to accomplish a police task successfully (CPC 835a). Whenever a member, on or off duty, strikes or uses physical
force, mace, OC spray, taser, baton or firearm against another person, he immediately shall call a superior officer to the scene or, if not practicable, contact him as soon as possible following the incident. Striking or use of physical force, OC spray, mace, baton, taser, or firearm shall be documented in the narrative of the arrest, crime, or supplemental report.

317.1.9 RECOMMENDING ATTORNEYS AND BAIL BOND BROKERS PROHIBITED
On duty members shall not suggest, recommend, advise or otherwise counsel the retention of any attorney or bail bond broker to any person coming to their attention as a result of police business.

(a) This does not apply when a relative of the member seeks such service.

(b) In no case may such advice be given where a fee, gratuity or reward is solicited, offered or accepted from the attorney or bail bondsman.

(c) Obtaining clients for an attorney or bail bondsman is prohibited.

317.1.10 ACTING AS BAILER PROHIBITED
Members cannot act as bailers for any person in custody except relatives, and in no case where any fee, gratuity or reward is solicited or accepted.
Canines

318.1 PURPOSE AND SCOPE
This policy establishes guidelines for the use of canines to augment police services to the community including, but not limited to locating individuals and contraband and apprehending criminal offenders.

318.2 GUIDELINES FOR THE USE OF CANINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed or threatened to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief that the individual poses an imminent threat of violence or serious harm to the public, any officer, or the handler.
(b) The individual is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.
(c) The individual(s) is/are believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. In any such case, a standard of objective reasonableness shall be used to review the decision to use a canine in view of the totality of the circumstances.

Absent reasonable belief that an individual has committed or threatened to commit a serious offense, mere flight from pursuing officer(s) shall not serve as good cause for the use of a canine to apprehend the individual.

Once the individual has been located and no longer reasonably appears to represent a threat or risk of escape, the canine should be placed in a down-stay or otherwise secured as soon as it becomes reasonably practical.

318.2.1 INJURY OR INCAPACITATION OF CANINE HANDLER
Police service dogs shall not be handled by anyone other than canine trained and certified personnel. Should a handler become injured or incapacitated with the canine present, officers should attempt the following prior to rendering medical aid or assistance to the handler:

(a) Obtain clearance from the handler to approach and secure the canine.
(b) If clearance is not obtained, attempt to call the dog to a secure location, capture the dog with a control device, or contact another canine handler to secure the canine.

318.3 ASSIGNMENT
Canine teams should be assigned to assist and supplement the Patrol Division to function primarily in assist or cover assignments. However, they may be assigned by the Watch Commander to other functions, such as routine calls for service, based on the current operational needs.
Canines

Canine teams should generally not be assigned to handle routine matters that will take them out of service for extended periods of time and then only with the approval of the Watch Commander.

318.3.1 PLANNED CANINE LOCKER SEARCHES AT SCHOOLS
The following protocol shall be followed in any planned canine search of a school facility by officers of this department:

(a) A written request from a school administrator to the Juvenile Crimes Detective shall precede any planned canine search of a school facility. A school administrator is a principal, assistant principal, or anyone serving in an administrative capacity at the direction of the Laguna Beach Unified School District.

(b) Upon receipt of such written request, the Juvenile Crimes Detective, in conjunction with the Canine Unit, shall complete an operations plan and attach the school administrator's request to the operations plan.

(c) The operations plan shall be approved by the Canine Unit Supervisor and an Investigations Division Supervisor prior to the planned school search. The Investigations Division Supervisor shall notify the Chief of Police, or in his/her absence the Acting Chief of Police, prior to any Search Operations commencing.

(d) The school administrator shall be afforded input as to how conspicuous the planned search is to be (i.e. number of searching officers and canines, vehicles parked out of sight). However, nothing in this protocol shall be construed as giving the school administrator any input in the operation that will affect the safety of the officers or the canines.

(e) The planned search shall only be commenced while the school is in lockdown with students remaining in classrooms or designated locations at all times.

(f) Canines shall be on lead at all times during the planned search.

(g) A school administrator and a member of school security shall accompany the Canine Handler on the search.

(h) Should the canine alert on a particular object, the physical search of the object shall only be conducted by the school administrator and school security.

(i) The Juvenile Crimes Detective will document all “finds” during the planned search.

(j) After the search is concluded, a Canine Use Report shall be completed. This report will detail the search and the results of the search. The Canine Use Report shall be approved by the Canine Unit Supervisor, and attached to the operations plan and the written request from the school administrator. The Canine Use Report shall then be filed with the Records Bureau with a DR number and a copy shall be forwarded to the Canine Unit Supervisor.

318.3.2 EMERGENCY REQUESTS FOR CANINE TEAMS
A Watch Commander may request the use of a Canine Team to help resolve any critical incident that occurs in the City of Laguna Beach. Additionally, a Watch Commander may approve emergency requests from outside agencies requesting our Canine Team. An LBPD supervisor or designee should accompany the LBPD Canine Team if leaving our jurisdiction.
If the critical incident occurs in Laguna Beach and the LBPD Canine Team is unavailable, requestors should:

(a) Obtain approval from a supervisor to request an outside agency Canine Team respond to the incident.
(b) Once the LBPD Canine Team becomes available, request the LBPD Canine Team to respond to the incident.
(c) Upon arrival, the LBPD Canine Team will assume the role of the primary Canine Team from the outside agency Canine Team.

318.4 CANINE COORDINATOR
The canine coordinator shall be appointed by and directly responsible to the Patrol Division or the authorized designee.

The responsibilities of the coordinator include, but are not limited to:

(a) Reviewing all canine use reports to ensure compliance with policy and to identify training issues and other needs of the program.
(b) Maintaining a liaison with the vendor kennel.
(c) Maintaining a liaison with command staff and functional supervisors.
(d) Maintaining a liaison with other agency canine coordinators.
(e) Maintaining accurate records to document canine activities.
(f) Recommending and overseeing the procurement of equipment and services for the teams of handlers and canines.
(g) Scheduling all canine-related activities.
(h) Ensuring the canine teams are scheduled for regular training to maximize their capabilities.

318.4.1 CANINE AGITATOR
Any officer, other than a past or present canine handler, who wishes to participate as an agitator, must submit a Request for Training form (M-608) to the Canine Unit Supervisor. If selected, the officer shall undergo and successfully complete training at an approved training facility.

318.5 REQUESTS FOR CANINE TEAMS
Patrol Division members are encouraged to request the use of a canine. Requests for a canine team from department units outside of the Patrol Division shall be reviewed by the Watch Commander.

318.5.1 OUTSIDE AGENCY REQUEST
All requests for canine assistance from outside agencies must be approved by the Watch Commander and are subject to the following:

(a) Canine teams shall not be used for any assignment that is not consistent with this policy.
Canines

(b) The canine handler shall have the authority to decline a request for any specific assignment that he/she deems unsuitable.

(c) Calling out off-duty canine teams is discouraged.

(d) It shall be the responsibility of the canine handler to coordinate operations with agency personnel in order to minimize the risk of unintended injury.

(e) It shall be the responsibility of the canine handler to complete all necessary reports or as directed.

318.5.2 PUBLIC DEMONSTRATIONS
All public requests for a canine team shall be reviewed and, if appropriate, approved by the canine supervisor prior to making any resource commitment. The canine supervisor is responsible for obtaining resources and coordinating involvement in the demonstration to include proper safety protocols. Canine handlers shall not demonstrate any apprehension work unless authorized to do so by the canine supervisor.

318.6 APPREHENSION GUIDELINES
A canine may be used to locate and apprehend a suspect if the canine handler reasonably believes that the individual has either committed, is committing or threatening to commit any serious offense and if any of the following conditions exist:

(a) There is a reasonable belief the suspect poses an imminent threat of violence or serious harm to the public, any officer or the handler.

(b) The suspect is physically resisting or threatening to resist arrest and the use of a canine reasonably appears to be necessary to overcome such resistance.

(c) The suspect is believed to be concealed in an area where entry by other than the canine would pose a threat to the safety of officers or the public.

It is recognized that situations may arise that do not fall within the provisions set forth in this policy. Such events require consideration of the totality of the circumstances and the use of an objective reasonableness standard applied to the decision to use a canine.

Absent a reasonable belief that a suspect has committed, is committing or is threatening to commit a serious offense, mere flight from a pursuing officer, without any of the above conditions, shall not serve as the basis for the use of a canine to apprehend a suspect.

Use of a canine to locate and apprehend a suspect wanted for a lesser criminal offense than those identified above requires approval from the Watch Commander. Absent a change in circumstances that present an imminent threat to officers, the canine or the public, such canine use should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual.

In all applications, once the suspect has been located and no longer reasonably appears to present a threat or risk of escape, the handler should secure the canine as soon as it becomes reasonably practicable.
Canines

If the canine has apprehended the suspect with a secure bite, and the handler believes that the suspect no longer poses a threat, the handler should promptly command the canine to release the suspect.

318.6.1 PREPARATION FOR DEPLOYMENT
Prior to the use of a canine to search for or apprehend any suspect, the canine handler and/or the supervisor on-scene should carefully consider all pertinent information reasonably available at the time. The information should include, but is not limited to:

(a) The nature and seriousness of the suspected offense.
(b) Whether violence or weapons were used or are anticipated.
(c) The degree of resistance or threatened resistance, if any, the suspect has shown.
(d) The suspect’s known or perceived age.
(e) The potential for injury to officers or the public caused by the suspect if the canine is not utilized.
(f) Any potential danger to the public and/or other officers at the scene if the canine is released.
(g) The potential for the suspect to escape or flee if the canine is not utilized.

As circumstances permit, the canine handler should make every reasonable effort to communicate and coordinate with other involved members to minimize the risk of unintended injury.

It is the canine handler’s responsibility to evaluate each situation and determine whether the use of a canine is appropriate and reasonable. The canine handler shall have the authority to decline the use of the canine whenever he/she deems deployment is unsuitable.

A supervisor who is sufficiently apprised of the situation may prohibit deploying the canine.

Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

318.6.2 WARNINGS AND ANNOUNCEMENTS
Unless it would increase the risk of injury or escape, a clearly audible warning announcing that a canine will be used if the suspect does not surrender should be made prior to releasing a canine. The handler should allow a reasonable time for a suspect to surrender and should quiet the canine momentarily to listen for any verbal response to the warning. If feasible, other members should be in a location opposite the warning to verify that the announcement could be heard. If available, warnings given in other languages should be used as necessary.

If a warning is not to be given, the canine handler, when practicable, should first advise the supervisor of his/her decision before releasing the canine. In the event of an apprehension, the handler shall document in any related report how the warning was given and, if none was given, the reasons why.
318.6.3 REPORTING DEPLOYMENTS, BITES AND INJURIES
Whenever a canine deployment results in a bite or causes injury to an intended suspect, a supervisor should be promptly notified and the injuries documented in a canine use report. The injured person shall be promptly treated by emergency medical services personnel and, if appropriate, transported to an appropriate medical facility for further treatment. The deployment and injuries should also be included in any related incident or arrest report.

Any unintended bite or injury caused by a canine, whether on- or off-duty, shall be promptly reported to the canine supervisor. Unintended bites or injuries caused by a canine should be documented in an administrative report, not in a canine use report.

If an individual alleges an injury, either visible or not visible, a supervisor shall be notified and both the individual’s injured and uninjured areas shall be photographed as soon as practicable after first tending to the immediate needs of the injured party. Photographs shall be retained as evidence in accordance with current department evidence procedures. The photographs shall be retained until the criminal proceeding is completed and the time for any related civil proceeding has expired.

Canines used by law enforcement agencies are generally exempt from impoundment and reporting requirements. However, the canine shall be made available for examination at any reasonable time if requested by the local health department. The canine handler shall also notify the local health department if the canine exhibits any abnormal behavior after a bite (Health and Safety Code § 121685).

318.7 NON-APPREHENSION GUIDELINES
Properly trained canines may be used to track or search for non-criminals (e.g., lost children, individuals who may be disoriented or in need of medical attention). The canine handler is responsible for determining the canine’s suitability for such assignments based on the conditions and the particular abilities of the canine. When the canine is deployed in a search or other non-apprehension operation, the following guidelines apply.

(a) Absent a change in circumstances that present an immediate threat to officers, the canine or the public, such applications should be conducted on-leash or under conditions that minimize the likelihood the canine will bite or otherwise injure the individual, if located.

(b) Unless otherwise directed by a supervisor, assisting members should take direction from the handler in order to minimize interference with the canine.

(c) Throughout the deployment the handler should periodically give verbal assurances that the canine will not bite or hurt the individual and encourage the individual to make him/herself known.

(d) Once the individual has been located, the handler should place the canine in a down-stay or otherwise secure it as soon as reasonably practicable.
Canines

318.7.1 ARTICLE DETECTION
A canine trained to find objects or property related to a person or crime may be used to locate or identify articles. A canine search should be conducted in a manner that minimizes the likelihood of unintended bites or injuries.

318.7.2 NARCOTICS DETECTION
A canine trained in narcotics detection may be used in accordance with current law and under certain circumstances, including:

(a) The search of vehicles, buildings, bags and other articles.
(b) Assisting in the search for narcotics during a search warrant service.
(c) Obtaining a search warrant by using the narcotics-detection trained canine in support of probable cause.

A narcotics-detection trained canine will not be used to search a person for narcotics unless the canine is trained to passively indicate the presence of narcotics.

318.7.3 BOMB/EXPLOSIVE DETECTION
Because of the high risk of danger to the public and officers when a bomb or other explosive device is suspected, the use of a canine team trained in explosive detection may be considered. When available, an explosive-detection canine team may be used in accordance with current law and under certain circumstances, including:

(a) Assisting in the search of a building, structure, area, vehicle or article where an actual or suspected explosive device has been reported or located.
(b) Assisting with searches at transportation facilities and vehicles (e.g., buses, airplanes, trains).
(c) Preventive searches at special events, VIP visits, official buildings and other restricted areas. Searches of individuals should remain minimally intrusive and shall be strictly limited to the purpose of detecting explosives.
(d) Assisting in the search of scenes where an explosion has occurred and an explosive device or secondary explosive device is suspected.

At no time will an explosive-detection trained canine be used to render a suspected device safe or clear.

318.8 HANDLER SELECTION
The minimum qualifications for the assignment of canine handler include:

(a) An officer who is currently off probation.
(b) Residing in an adequately fenced, single-family residence (minimum 5-foot high fence with locking gates).
(c) A garage that can be secured and accommodate a canine vehicle.
(d) Living within 30 minutes travel time from the Laguna Beach City limits.
Canines

318.8.1 CANINE HANDLER RESPONSIBILITIES
It shall be the responsibility of every officer/handler to perform his/her duties as required or directed by law, departmental rule, policy, or order, or by order of a superior officer and to:

(a) Respond (when authorized) to all radio calls when and where the unit's presence will further police objectives.
(b) Provide timely back up and assistance to other police units.
(c) Maintain required standards of canine proficiency.
(d) Maintain his/her service and training equipment in a clean and orderly manner, and in a manner that conforms to department specifications.
(e) Prepare and file all appropriate reports, logs, and training forms pertinent to his/her daily, weekly, and monthly activities.
(f) Any property damage caused by the canine or the handler, which occurs during a canine deployment or incidentally, shall be documented on the appropriate report form(s).

318.9 HANDLER RESPONSIBILITIES
The canine handler shall ultimately be responsible for the health and welfare of the canine and shall ensure that the canine receives proper nutrition, grooming, training, medical care, affection and living conditions.

The canine handler will be responsible for the following:

(a) Except as required during appropriate deployment, the handler shall not expose the canine to any foreseeable and unreasonable risk of harm.
(b) The handler shall maintain all department equipment under his/her control in a clean and serviceable condition.
(c) When not in service, the handler shall maintain the canine vehicle in a locked garage, away from public view.
(d) When a handler is off-duty for an extended number of days, the assigned canine vehicle should be stored at the Laguna Beach Police Department facility.
(e) Handlers shall permit the canine supervisor to conduct spontaneous on-site inspections of affected areas of their homes as well as their canine vehicles to verify that conditions and equipment conform to this policy.
(f) Any changes in the living status of the handler that may affect the lodging or environment of the canine shall be reported to the canine supervisor as soon as possible.
(g) When off-duty, the canine shall be in a kennel provided by the City at the home of the handler. When a canine is kenneled at the handler’s home, the gate shall be secured with a lock. When off-duty, the canine may be let out of the kennel while under the direct control of the handler.
Canines

(h) The canine should be permitted to socialize in the home with the handler’s family for short periods of time and under the direct supervision of the handler.

(i) Under no circumstances will the canine be lodged at another location unless approved by the canine supervisor or Watch Commander.

(j) When off-duty, the handler shall not involve the canine in any law enforcement activity or official conduct unless approved in advance by the canine supervisor or Watch Commander.

(k) Whenever a canine handler is off-duty for an extended number of days, it may be necessary to temporarily relocate the canine. In those situations, the handler shall give reasonable notice to the canine supervisor so that appropriate arrangements can be made.

318.9.1 CANINE IN PUBLIC AREAS
The canine should be kept on a leash when in areas that allow access to the public. Exceptions to this rule would include specific law enforcement operations for which the canine is trained.

(a) A canine shall not be left unattended in any area to which the public may have access.

(b) When the canine vehicle is left unattended, all windows and doors shall be secured in such a manner as to prevent unauthorized access to the dog. The handler shall also ensure that the unattended vehicle remains inhabitable for the canine.

318.10 HANDLER COMPENSATION
The canine handler shall be available for call-out under conditions specified by the canine supervisor.

The canine handler shall be compensated for time spent in the care, feeding, grooming and other needs of the canine in accordance with the Fair Labor Standards Act (FLSA), and according to the terms of the collective bargaining agreement (29 USC § 207).

318.11 CANINE INJURY AND MEDICAL CARE
In the event that a canine is injured, or there is an indication that the canine is not in good physical condition, the injury or condition will be reported to the canine supervisor or Watch Commander as soon as practicable and appropriately documented.

All medical attention shall be rendered by the designated canine veterinarian, except during an emergency where treatment should be obtained from the nearest available veterinarian. All records of medical treatment shall be maintained in the handler’s personnel file.

318.12 TRAINING
Before assignment in the field, each canine team shall be trained and certified to meet current POST guidelines or other recognized and approved certification standards. Cross-trained canine teams or those canine teams trained exclusively for the detection of narcotics and/or explosives also shall be trained and certified by the California Narcotic Canine Association (CNCA) or other recognized and approved certification standards established for their particular skills.
The canine supervisor shall be responsible for scheduling periodic training for all department members in order to familiarize them with how to conduct themselves in the presence of department canines.

All canine training should be conducted while on-duty unless otherwise approved by the canine supervisor or Watch Commander.

318.12.1 CONTINUED TRAINING
Each canine team shall thereafter be recertified to a current POST, CNCA or other recognized and approved certification standards on an annual basis. Additional training considerations are as follows:

(a) Canine teams should receive training as defined in the current contract with the Laguna Beach Police Department canine training provider.

(b) Canine handlers are encouraged to engage in additional training with approval of the canine supervisor.

(c) To ensure that all training is consistent, no handler, trainer or outside vendor is authorized to train to a standard that is not reviewed and approved by this department.

318.12.2 EXPLOSIVE TRAINING AIDS
Officers may possess, transport, store or use explosives or destructive devices in compliance with state and federal laws (Penal Code § 18800; 18 USC § 842; 27 CFR 555.41).

Explosive training aids designed specifically for canine teams should be used whenever feasible. Due to the safety concerns in the handling and transportation of explosives, inert or non-hazardous training aids should be employed whenever feasible. The use of explosives or destructive devices for training aids by canine teams is subject to the following:

(a) All explosive training aids, when not in use, shall be properly stored in a secure facility appropriate for the type of materials.

(b) An inventory ledger shall be maintained to document the type and quantity of explosive training aids that are stored.

(c) The canine supervisor shall be responsible to verify the explosive training aids on hand against the inventory ledger once each quarter.

(d) Only members of the canine team shall have access to the explosive training aids storage facility.

(e) A primary and secondary custodian will be designated to minimize the possibility of loss of explosive training aids during and after the training. Generally, the handler will be designated as the primary custodian while the trainer or authorized second person on-scene will be designated as the secondary custodian.

(f) Any lost or damaged explosive training aids shall be promptly reported to the canine supervisor, who will determine if any further action will be necessary. Any loss of explosives will be reported to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF).
318.12.3 TRAINING RECORDS
All canine training records shall be maintained in the canine handler's and the canine's training file.

318.12.4 FAILURE TO SUCCESSFULLY COMPLETE TRAINING
Any canine team failing to graduate or obtain certification shall not be deployed in the field for tasks the team is not certified to perform until graduation or certification is achieved. When reasonably practicable, pending successful certification, the canine handler shall be temporarily reassigned to regular patrol duties.

318.12.5 CONTROLLED SUBSTANCE PROCEDURES
Due to the responsibilities and liabilities involved with possessing readily usable amounts of controlled substances and the ever-present danger of the canine's accidental ingestion of these controlled substances, the following procedures shall be strictly followed:

(a) All controlled substance training samples shall be weighed and tested prior to dispensing to the individual canine handler or trainer.

(b) The weight and test results shall be recorded and maintained by this department.

(c) Any person possessing controlled substance training samples pursuant to court order or DEA registration shall maintain custody and control of the controlled substances and shall keep records regarding any loss of, or damage to, those controlled substances.

(d) All controlled substance training samples will be inspected, weighed and tested quarterly. The results of the quarterly testing shall be recorded and maintained by the canine supervisor with a copy forwarded to the dispensing agency.

(e) All controlled substance training samples will be stored in locked, airtight and watertight cases at all times, except during training. The locked cases shall be secured in the trunk of the canine handler's assigned patrol vehicle during transport and stored in an appropriate locked container. There are no exceptions to this procedure.

(f) The canine supervisor shall periodically inspect every controlled substance training sample for damage or tampering and take any appropriate action.

(g) Any unusable controlled substance training samples shall be returned to the Property Unit or to the dispensing agency.

(h) All controlled substance training samples shall be returned to the dispensing agency upon the conclusion of the training or upon demand by the dispensing agency.

318.12.6 TRAINING AIDS
Training aids are required to effectively train and maintain the skills of canines. Officers possessing, using or transporting controlled substances or explosives for canine training purposes must comply with federal and state requirements regarding the same. Alternatively, the Laguna Beach Police Department may work with outside trainers with the applicable licenses or permits.
Canines

318.12.7 CONTROLLED SUBSTANCE TRAINING AIDS
Officers acting in the performance of their official duties may possess or transfer controlled substances for the purpose of narcotics-detection canine training in compliance with state and federal laws (Health & Safety Code § 11367.5; 21 USC § 823(f)).

The Chief of Police or the authorized designee may authorize a member to seek a court order to allow controlled substances seized by the Laguna Beach Police Department to be possessed by the member or a narcotics-detection canine trainer who is working under the direction of this department for training purposes, provided the controlled substances are no longer needed as criminal evidence.

As an alternative, the Chief of Police or the authorized designee may request narcotics training aids from the Drug Enforcement Agency (DEA).

These procedures are not required if the canine handler uses commercially available synthetic substances that are not controlled narcotics.
Domestic Violence

320.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to deter, prevent and reduce domestic violence through vigorous enforcement and to address domestic violence as a serious crime against society. The policy specifically addresses the commitment of this department to take enforcement action when appropriate, to provide assistance to victims and to guide officers in the investigation of domestic violence.

320.1.1 DEFINITIONS
Definitions related to this policy include:

Court order - All forms of orders related to domestic violence, that have been issued by a court of this state or another, whether civil or criminal, regardless of whether service has been made.

320.2 POLICY
The Laguna Beach Police Department’s response to incidents of domestic violence and violations of related court orders shall stress enforcement of the law to protect the victim and shall communicate the philosophy that domestic violence is criminal behavior. It is also the policy of this department to facilitate victims’ and offenders’ access to appropriate civil remedies and community resources whenever feasible.

320.3 OFFICER SAFETY
The investigation of domestic violence cases often places officers in emotionally charged and sometimes highly dangerous environments. No provision of this policy is intended to supersede the responsibility of all officers to exercise due caution and reasonable care in providing for the safety of any officers and parties involved.

320.4 INVESTIGATIONS
The following guidelines should be followed by officers when investigating domestic violence cases:

(a) Calls of reported, threatened, imminent or ongoing domestic violence and the violation of any court order are of extreme importance and should be considered among the highest response priorities. This includes incomplete 9-1-1 calls.

(b) When practicable, officers should obtain and document statements from the victim, the suspect and any witnesses, including children, in or around the household or location of occurrence.

(c) Officers should list the full name and date of birth (and school if available) of each child who was present in the household at the time of the offense. The names of other children who may not have been in the house at that particular time should also be obtained for follow-up.
Domestic Violence

(d) When practicable and legally permitted, video or audio record all significant statements and observations.

(e) All injuries should be photographed, regardless of severity, taking care to preserve the victim’s personal privacy. Where practicable, photographs should be taken by a person of the same sex. Victims whose injuries are not visible at the time of the incident should be asked to contact the Investigative Bureau in the event that the injuries later become visible.

(f) Officers should request that the victim complete and sign an authorization for release of medical records related to the incident when applicable.

(g) If the suspect is no longer at the scene, officers should make reasonable efforts to locate the suspect to further the investigation, provide the suspect with an opportunity to make a statement and make an arrest or seek an arrest warrant if appropriate.

(h) Seize any firearms or other dangerous weapons in the home, if appropriate and legally permitted, for safekeeping or as evidence. If the domestic violence involved threats of bodily harm, any firearm discovered in plain view or pursuant to consent or other lawful search must be taken into temporary custody (Penal Code § 18250).

(i) When completing an incident or arrest report for violation of a court order, officers should include specific information that establishes that the offender has been served, including the date the offender was served, the name of the agency that served the order and the provision of the order that the subject is alleged to have violated. When reasonably available, the arresting officer should attach a copy of the order to the incident or arrest report.

(j) Officers should take appropriate enforcement action when there is probable cause to believe an offense has occurred. Factors that should not be used as sole justification for declining to take enforcement action include:

1. Marital status of suspect and victim.
2. Whether the suspect lives on the premises with the victim.
3. Claims by the suspect that the victim provoked or perpetuated the violence.
4. The potential financial or child custody consequences of arrest.
5. The physical or emotional state of either party.
6. Use of drugs or alcohol by either party.
7. Denial that the abuse occurred where evidence indicates otherwise.
8. A request by the victim not to arrest the suspect.
9. Location of the incident (public/private).
10. Speculation that the complainant may not follow through with the prosecution.
Domestic Violence

11. The racial, cultural, social, professional position or sexual orientation of the victim or suspect.

320.4.1 IF A SUSPECT IS ARRESTED
If a suspect is arrested, officers should:

(a) Advise the victim that there is no guarantee the suspect will remain in custody.
(b) Provide the victim’s contact information to the jail staff to enable notification of the victim upon the suspect’s release from jail.
(c) Advise the victim whether any type of court order will be in effect when the suspect is released from jail.

320.4.2 IF NO ARREST IS MADE
If no arrest is made, the officer should:

(a) Advise the parties of any options, including but not limited to:
   1. Voluntary separation of the parties.
   2. Appropriate resource referrals (e.g., counselors, friends, relatives, shelter homes, victim witness unit).
(b) Document the resolution in a report.

320.5 VICTIM ASSISTANCE
Victims may be traumatized or confused. Officers should:

(a) Recognize that a victim’s behavior and actions may be affected.
(b) Provide the victim with the department’s domestic violence information handout, even if the incident may not rise to the level of a crime.
(c) Alert the victim to any available victim advocates, shelters and community resources.
(d) Stand by for a reasonable amount of time when an involved person requests law enforcement assistance while removing essential items of personal property.
(e) Seek medical assistance as soon as practicable for the victim if he/she has sustained injury or complains of pain.
(f) Ask the victim whether he/she has a safe place to stay. Assist in arranging to transport the victim to an alternate shelter if the victim expresses a concern for his/her safety or if the officer determines that a need exists.
(g) Make reasonable efforts to ensure that children or dependent adults who are under the supervision of the suspect or victim are being properly cared for.
(h) Seek or assist the victim in obtaining an emergency order if appropriate.
320.6 DISPATCH ASSISTANCE
All calls of domestic violence, including incomplete 9-1-1 calls, should be dispatched as soon as practicable.

Dispatchers are not required to verify the validity of a court order before responding to a request for assistance. Officers should request that dispatchers check whether any of the involved persons are subject to the terms of a court order.

320.7 FOREIGN COURT ORDERS
Various types of orders may be issued in domestic violence cases. Any foreign court order properly issued by a court of another state, Indian tribe or territory shall be enforced by officers as if it were the order of a court in this state. An order should be considered properly issued when it reasonably appears that the issuing court has jurisdiction over the parties and reasonable notice and opportunity to respond was given to the party against whom the order was issued (18 USC § 2265). An otherwise valid out-of-state court order shall be enforced, regardless of whether the order has been properly registered with this state.

320.8 VERIFICATION OF COURT ORDERS
Determining the validity of a court order, particularly an order from another jurisdiction, can be challenging. Therefore, in determining whether there is probable cause to make an arrest for a violation of any court order, officers should carefully review the actual order when available, and, where appropriate and practicable:

(a) Ask the subject of the order about his/her notice or receipt of the order, his/her knowledge of its terms and efforts to respond to the order.
(b) Check available records or databases that may show the status or conditions of the order.
(c) Contact the issuing court to verify the validity of the order.
(d) Contact a law enforcement official from the jurisdiction where the order was issued to verify information.

Officers should document in an appropriate report their efforts to verify the validity of an order, regardless of whether an arrest is made. Officers should contact a supervisor for clarification when needed.

320.9 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

320.9.1 STANDARDS FOR ARRESTS
Officers investigating a domestic violence report should consider the following:

(a) An arrest should be made when there is probable cause to believe that a felony or misdemeanor domestic violence offense has been committed (Penal Code § 13701).
Any decision to not arrest an adult when there is reasonable cause to do so requires supervisor approval.

1. Officers are only authorized to make an arrest without a warrant for a misdemeanor domestic violence offense if the officer makes the arrest as soon as probable cause arises (Penal Code § 836).

(b) An officer responding to a domestic violence call who cannot make an arrest will advise the victim of his/her right to make a private person’s arrest. The advisement should be made out of the presence of the suspect and shall include advising the victim how to safely execute the arrest. Officers shall not dissuade victims from making a lawful private person’s arrest. Officers should refer to the provisions in the Private Persons Arrests Policy for options regarding the disposition of private person’s arrests (Penal Code § 836(b)).

(c) Officers shall not cite and release a person for the following offenses (Penal Code § 853.6(a)(3)):

1. Penal Code § 243(e)(1) (battery against spouse, cohabitant)
2. Penal Code § 273.5 (corporal injury on spouse, cohabitant, fiancé/fiancée, person of a previous dating or engagement relationship, mother/father of the offender’s child)
3. Penal Code § 273.6 (violation of protective order) if violence or threats of violence have occurred or the suspect has gone to the workplace or residence of the protected party
4. Penal Code § 646.9 (stalking)
5. Other serious or violent felonies specified in Penal Code § 1270.1

(d) In responding to domestic violence incidents, including mutual protective order violations, officers should generally be reluctant to make dual arrests. Officers shall make reasonable efforts to identify the dominant aggressor in any incident. The dominant aggressor is the person who has been determined to be the most significant, rather than the first, aggressor (Penal Code § 13701). In identifying the dominant aggressor, an officer shall consider:

1. The intent of the law to protect victims of domestic violence from continuing abuse.
2. The threats creating fear of physical injury.
3. The history of domestic violence between the persons involved.
4. Whether either person acted in self-defense.

(e) An arrest shall be made when there is probable cause to believe that a violation of a domestic violence court order has been committed (Penal Code § 13701; Penal Code
Domestic Violence

§ 836), regardless of whether the offense was committed in the officer’s presence. After arrest, the officer shall confirm that a copy of the order has been registered, unless the victim provides a copy (Penal Code § 836).

320.9.2 COURT ORDERS

(a) An officer who obtains an emergency protective order from the court shall serve it on the restrained person if the person can be reasonably located, and shall provide the person protected or the person’s parent/guardian with a copy of the order. The officer shall file a copy with the court as soon as practicable and shall have the order entered into the computer database system for protective and restraining orders maintained by the Department of Justice (Family Code § 6271; Penal Code § 646.91).

(b) At the request of the petitioner, an officer at the scene of a reported domestic violence incident shall serve a court order on a restrained person (Family Code § 6383; Penal Code § 13710).

(c) Any officer serving a protective order that indicates that the respondent possesses weapons or ammunition shall request that the firearm/ammunition be immediately surrendered (Family Code § 6389(c)(2)).

(d) During the service of a protective order any firearm discovered in plain view or pursuant to consent or other lawful search shall be taken into temporary custody (Penal Code § 18250).

320.9.3 PUBLIC ACCESS TO POLICY

A copy of this domestic violence policy will be provided to members of the public upon request (Penal Code § 13701).

320.9.4 REPORTS AND RECORDS

(a) A written report shall be completed on all incidents of domestic violence. All such reports should be documented on the appropriate form, which includes information and notations specific to domestic violence incidents as required by Penal Code § 13730.

(b) Reporting officers should provide the victim with the case number of the report. The case number may be placed in the space provided on the domestic violence victim information handout provided to the victim. If the case number is not immediately available, an explanation should be given regarding how the victim can obtain the information at a later time.

(c) Officers who seize any firearm or other deadly weapon in a domestic violence incident shall issue the individual possessing such weapon a receipt and notice of where the weapon may be recovered, along with the applicable time limit for recovery (Penal Code § 18250; Penal Code § 33800; Family Code § 6389(c)(2)).
320.9.5 RECORD-KEEPING AND DATA COLLECTION
This department shall maintain records of court orders related to domestic violence and the service status of each (Penal Code § 13710), as well as records on the number of domestic violence related calls reported to the Department, including whether weapons were used in the incident (Penal Code § 13730). This information is to be reported to the Attorney General monthly. It shall be the responsibility of the Records Supervisor to maintain and report this information as required.

320.9.6 DECLARATION IN SUPPORT OF BAIL INCREASE
Any officer who makes a warrantless arrest for a felony or misdemeanor violation of a domestic violence restraining order shall evaluate the totality of the circumstances to determine whether reasonable cause exists to seek an increased bail amount. If there is reasonable cause to believe that the scheduled bail amount is insufficient to assure the arrestee’s appearance or to protect the victim or family member of a victim, the officer shall prepare a declaration in support of increased bail (Penal Code § 1269c).
Search and Seizure

322.1 PURPOSE AND SCOPE
Both the federal and state Constitutions provide every individual with the right to be free from unreasonable searches and seizures. This policy provides general guidelines for Laguna Beach Police Department personnel to consider when dealing with search and seizure issues.

322.2 POLICY
It is the policy of the Laguna Beach Police Department to respect the fundamental privacy rights of individuals. Members of this department will conduct searches in strict observance of the constitutional rights of persons being searched. All seizures by this department will comply with relevant federal and state law governing the seizure of persons and property.

The Department will provide relevant and current training to officers as guidance for the application of current law, local community standards and prosecutorial considerations regarding specific search and seizure situations, as appropriate.

322.3 SEARCHES
The U.S. Constitution generally provides that a valid warrant is required in order for a search to be valid. There are, however, several exceptions that permit a warrantless search.

Examples of law enforcement activities that are exceptions to the general warrant requirement include, but are not limited to, searches pursuant to the following:

- Valid consent
- Incident to a lawful arrest
- Legitimate community caretaking interests
- Vehicle searches under certain circumstances
- Exigent circumstances

Certain other activities are recognized by federal and state courts and by certain statutes as legitimate law enforcement activities that also do not require a warrant. Such activities may include seizure and examination of abandoned property, and observations of activities and property located on open public areas.

Because case law regarding search and seizure is constantly changing and subject to interpretation by the courts, each member of this department is expected to act in each situation according to current training and his/her familiarity with clearly established rights as determined by case law.

Whenever practicable, officers are encouraged to contact a supervisor to resolve questions regarding search and seizure issues prior to electing a course of action.
322.4 SEARCH PROTOCOL
Although conditions will vary and officer safety and other exigencies must be considered in every search situation, the following guidelines should be followed whenever circumstances permit:

(a) Members of this department will strive to conduct searches with dignity and courtesy.
(b) Officers should explain to the person being searched the reason for the search and how the search will be conducted.
(c) Searches should be carried out with due regard and respect for private property interests and in a manner that minimizes damage. Property should be left in a condition as close as reasonably possible to its pre-search condition.
(d) In order to minimize the need for forcible entry, an attempt should be made to obtain keys, combinations or access codes when a search of locked property is anticipated.
(e) When the person to be searched is of the opposite sex as the searching officer, a reasonable effort should be made to summon an officer of the same sex as the subject to conduct the search. When it is not practicable to summon an officer of the same sex as the subject, the following guidelines should be followed:
   1. Another officer or a supervisor should witness the search.
   2. The officer should not search areas of the body covered by tight-fitting clothing, sheer clothing or clothing that could not reasonably conceal a weapon.

322.5 DOCUMENTATION
Officers are responsible to document any search and to ensure that any required reports are sufficient including, at minimum, documentation of the following:

- Reason for the search
- Any efforts used to minimize the intrusiveness of any search (e.g., asking for consent or keys)
- What, if any, injuries or damage occurred
- All steps taken to secure property
- The results of the search, including a description of any property or contraband seized
- If the person searched is the opposite sex, any efforts to summon an officer of the same sex as the person being searched and the identification of any witness officer

Supervisors shall review reports to ensure the reports are accurate, that actions are properly documented and that current legal requirements and department policy have been met.
Temporary Custody of Juveniles

324.1 PURPOSE AND SCOPE
This policy provides guidelines consistent with the Juvenile Justice and Delinquency Prevention Act for juveniles taken into temporary custody by members of the Laguna Beach Police Department (42 USC § 5633).

Guidance regarding contacting juveniles at schools or who may be victims is provided in the Child Abuse Policy.

324.1.1 DEFINITIONS
Definitions related to this policy include:

**Juvenile non-offender** - An abused, neglected, dependent or alien juvenile who may be legally held for his/her own safety or welfare. This also includes any juvenile who may have initially been contacted for an offense that would not subject an adult to arrest (e.g., fine-only offense) but was taken into custody for his/her protection or for purposes of reuniting the juvenile with a parent, guardian or other responsible person.

**Juvenile offender** - A juvenile 17 years of age or younger who is alleged to have committed an offense that would subject an adult to arrest (a non-status offense). It also includes an offense under Penal Code § 29610 for underage possession of a handgun or concealable firearm (28 CFR 31.303).

**Non-secure custody** - When a juvenile is held in the presence of an officer or other custody employee at all times and is not placed in a locked room, cell or behind any locked doors. Juveniles in non-secure custody may be handcuffed but not to a stationary or secure object. Personal supervision, through direct visual monitoring and audio two-way communication is maintained. Monitoring through electronic devices, such as video, does not replace direct visual observation (Welfare and Institutions Code § 207.1(d); 15 CCR 1150).

**Safety checks** - Direct, visual observation personally by a member of this department performed at random intervals within time frames prescribed in this policy to provide for the health and welfare of inmates.

**Secure custody** - When a juvenile offender is held in a locked room, a set of rooms or a cell. Secure custody also includes being physically secured to a stationary object (15 CCR 1146).

Examples of secure custody include:

(a) A juvenile left alone in an unlocked room within the secure perimeter of the adult temporary holding area.

(b) A juvenile handcuffed to a rail.

(c) A juvenile placed in a room that contains doors with delayed egress devices that have a delay of more than 30 seconds.
Temporary Custody of Juveniles

(d) A juvenile being processed in a secure booking area when an unsecure booking area is available.

(e) A juvenile left alone in a secure booking area after being photographed and fingerprinted.

(f) A juvenile placed in a cell within the adult temporary holding area, whether or not the cell door is locked.

Sight and sound separation - Located or arranged to prevent physical, visual or auditory contact.

Status offender - A juvenile suspected of committing a criminal violation of the law that would not be a criminal violation but for the age of the offender. Examples may include running away, underage possession of tobacco, curfew violation or truancy. A juvenile in custody on a court order or warrant based upon a status offense is also a status offender. This includes the habitually disobedient or truant juvenile under Welfare and Institutions Code § 601 and any juvenile suspected of an offense that would not subject an adult to arrest (e.g., fine-only offense).

324.2 POLICY
The Laguna Beach Police Department is committed to releasing juveniles from temporary custody as soon as reasonably practicable and keeping juveniles safe while they are in temporary custody at the Laguna Beach Police Department. Juveniles should be held in temporary custody only for as long as reasonably necessary for processing, transfer or release.

324.3 JUVENILES WHO SHOULD NOT BE HELD
Juveniles who exhibit any of the following conditions should not be held at the Laguna Beach Police Department:

(a) Unconscious
(b) Seriously injured
(c) A known suicide risk or obviously severely emotionally disturbed
(d) Significantly intoxicated except when approved by the Watch Commander. A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol or any other intoxicating substance to the extent that they are unable to care for themselves (15 CCR 1151).
(e) Extremely violent or continuously violent

Officers taking custody of a juvenile who exhibits any of the above conditions should take reasonable steps to provide medical attention or mental health assistance and notify a supervisor of the situation (15 CCR 1142; 15 CCR 1151).

These juveniles should not be held at the Laguna Beach Police Department unless they have been evaluated by a qualified medical and/or mental health professional (15 CCR 1142).
Temporary Custody of Juveniles

If the officer taking custody of the juvenile believes the juvenile may be a suicide risk, the juvenile shall be under continuous direct supervision until evaluation, release or a transfer is completed (15 CCR 1142).

324.3.1 EMERGENCY MEDICAL CARE OF JUVENILES IN CUSTODY
When emergency medical attention is required for a juvenile, medical assistance will be called immediately. The Watch Commander shall be notified of the need for medical attention for the juvenile. Department members should administer first aid as applicable (15 CCR 1142).

324.3.2 SUICIDE PREVENTION OF JUVENILES IN CUSTODY
Department members should be alert to potential symptoms based upon exhibited behavior that may indicate the juvenile is a suicide risk. These symptoms may include depression, refusal to communicate, verbally threatening to kill him/herself or any unusual behavior which may indicate the juvenile may harm him/herself while in either secure or non-secure custody (15 CCR 1142).

324.4 CUSTODY OF JUVENILES
Officers should take custody of a juvenile and temporarily hold the juvenile at the Laguna Beach Police Department when there is no other lawful and practicable alternative to temporary custody. Refer to the Child Abuse Policy for additional information regarding detaining a juvenile that is suspected of being a victim.

No juvenile should be held in temporary custody at the Laguna Beach Police Department without authorization of the arresting officer's supervisor or the Watch Commander. Juveniles taken into custody shall be held in non-secure custody unless otherwise authorized by this policy.

Any juvenile taken into custody shall be released to the care of the juvenile’s parent or other responsible adult or transferred to a juvenile custody facility or to other authority as soon as practicable and in no event shall a juvenile be held beyond six hours from the time of his/her entry into the Laguna Beach Police Department (42 USC § 5633; Welfare and Institutions Code § 207.1(d)).

324.4.1 CUSTODY OF JUVENILE NON-OFFENDERS
Non-offenders taken into protective custody in compliance with the Child Abuse Policy should generally not be held at the Laguna Beach Police Department. Custodial arrangements should be made for non-offenders as soon as reasonably possible. Juvenile non-offenders shall not be held in secure custody (42 USC § 5633; Welfare and Institutions Code § 206).

324.4.2 CUSTODY OF JUVENILE STATUS OFFENDERS
Status offenders should generally be released by citation or with a warning rather than taken into temporary custody. However, officers may take custody of a status offender if requested to do so by a parent or legal guardian in order to facilitate reunification (e.g., transported home or to the station to await a parent). Status offenders shall not be held in secure custody (42 USC § 5633).
Temporary Custody of Juveniles

324.4.3 CUSTODY OF JUVENILE OFFENDERS
Juvenile offenders should be held in non-secure custody while at the Laguna Beach Police Department unless another form of custody is authorized by this policy or is necessary due to exigent circumstances.

Generally, a juvenile offender may be taken into custody when authorized by a court order or when there is probable cause to believe the juvenile has committed an offense that would subject an adult to arrest (Welfare and Institutions Code § 625).

A juvenile offender who is 14 years of age or older and suspected of using a firearm in violation of Welfare and Institutions Code 625.3 shall be transported to a juvenile facility.

A juvenile offender suspected of committing murder or a sex offense that may subject a juvenile to criminal jurisdiction under Welfare and Institutions Code § 602(b), or a serious or violent felony should be referred to a probation officer for a decision on further detention.

In all other cases the juvenile offender may be:

(a) Released upon warning or citation.

(b) Released to a parent or other responsible adult after processing at the Department.

(c) Referred to a probation officer for a decision regarding whether to transport the juvenile offender to a juvenile facility.

(d) Transported to his/her home or to the place where the juvenile offender was taken into custody (Welfare and Institutions Code § 207.2).

In determining which disposition is appropriate, the investigating officer or supervisor shall prefer the alternative which least restricts the juvenile’s freedom of movement, provided that alternative is compatible with the best interests of the juvenile and the community (Welfare and Institutions Code § 626).

Whenever a juvenile offender under the age of 14 is taken into custody, the officer should take reasonable steps to verify and document the child's ability to differentiate between right and wrong, particularly in relation to the alleged offense (Penal Code § 26).

324.5 ADVISEMENTS
Officers shall take immediate steps to notify the juvenile’s parent, guardian or a responsible relative that the juvenile is in custody, the location where the juvenile is being held and the intended disposition (Welfare and Institutions Code § 627).

Whenever a juvenile is taken into temporary custody, he/she shall be given the Miranda rights advisement regardless of whether questioning is intended (Welfare and Institutions Code § 625).

Anytime a juvenile offender is placed in secure custody, he/she shall be informed of the purpose of the secure custody, the length of time the secure custody is expected to last and of the maximum six-hour limitation (Welfare and Institutions Code § 207.1(d)).
Temporary Custody of Juveniles

Juveniles taken into custody for an offense shall immediately be advised (or at least within one hour from being taken into custody, if possible) that they may make three telephone calls: one call completed to his/her parent or guardian; one to a responsible relative or his/her employer; and another call completed to an attorney. The calls shall be at no expense to the juvenile when completed to telephone numbers within the local calling area. Juveniles should be asked whether they are a caregiver and provided two more phone calls in the same manner as provided to adults in the Temporary Custody of Adults Policy (Welfare and Institutions Code § 627; Penal Code § 851.5).

324.6 JUVENILE CUSTODY LOGS
Any time a juvenile is held in custody at the Department, the custody shall be promptly and properly documented in the juvenile custody log, including:

(a) Identifying information about the juvenile being held.
(b) Date and time of arrival and release from the Laguna Beach Police Department (15 CCR 1150).
(c) Watch Commander notification and approval to temporarily hold the juvenile.
(d) Any charges for which the juvenile is being held and classification of the juvenile as a juvenile offender, status offender or non-offender.
(e) Any changes in status.
(f) Time of all safety checks.
(g) Any medical and other screening requested and completed (15 CCR 1142).
(h) Circumstances that justify any secure custody (Welfare and Institutions Code § 207.1(d); 15 CCR 1145).
(i) Any other information that may be required by other authorities, such as compliance inspectors or a local juvenile court authority.

The Watch Commander shall initial the log to approve the custody, including any secure custody, and shall also initial the log when the juvenile is released.

324.7 NO-CONTACT REQUIREMENTS
Sight and sound separation shall be maintained between all juveniles and adults while in custody at the Department (42 USC § 5633; Welfare and Institutions Code § 207.1(d); Welfare and Institutions Code § 208; 15 CCR 1144). There should also be sight and sound separation between non-offenders and juvenile and status offenders.

In situations where brief or accidental contact may occur (e.g., during the brief time a juvenile is being fingerprinted and/or photographed in booking), a member of the Laguna Beach Police Department (trained in the supervision of persons in custody) shall maintain a constant, immediate,
Temporary Custody of Juveniles

side-by-side presence with the juvenile or the adult to minimize any contact. If inadvertent or accidental contact does occur, reasonable efforts shall be taken to end the contact (15 CCR 1144).

324.8 TEMPORARY CUSTODY REQUIREMENTS
Members and supervisors assigned to monitor or process any juvenile at the Laguna Beach Police Department shall ensure the following:

(a) The Watch Commander should be notified if it is anticipated that a juvenile may need to remain at the Laguna Beach Police Department more than four hours. This will enable the Watch Commander to ensure no juvenile is held at the Laguna Beach Police Department more than six hours.

(b) A staff member of the same sex shall supervise personal hygiene activities and care, such as changing clothing or using the restroom, without direct observation to allow for privacy.

(c) Personal safety checks and significant incidents/activities shall be noted on the log.

(d) There shall be no viewing devices, such as peep holes or mirrors, of which the juvenile is not aware. Therefore, an employee should inform a juvenile under his/her care that the juvenile will be monitored at all times, unless he/she is using the toilet. This does not apply to surreptitious and legally obtained recorded interrogations.

(e) Juveniles shall have reasonable access to toilets and wash basins (15 CCR 1143).

(f) Food shall be provided if a juvenile has not eaten within the past four hours or is otherwise in need of nourishment, including any special diet required for the health of the juvenile (15 CCR 1143).

(g) Juveniles shall have reasonable access to a drinking fountain or water (15 CCR 1143).

(h) Juveniles shall have reasonable opportunities to stand and stretch, particularly if handcuffed or restrained in any way.

(i) Juveniles shall have privacy during family, guardian and/or lawyer visits (15 CCR 1143).

(j) Juveniles shall be permitted to remain in their personal clothing unless the clothing is taken as evidence or is otherwise unsuitable or inadequate for continued wear while in custody (15 CCR 1143).

(k) Blankets shall be provided as reasonably necessary (15 CCR 1143).

(l) Adequate shelter, heat, light and ventilation should be provided without compromising security or enabling escape.

(m) Juveniles shall have adequate furnishings, including suitable chairs or benches.

(n) Juveniles shall have the right to the same number of telephone calls as an adult in custody.
Temporary Custody of Juveniles

(o) No discipline may be administered to any juvenile, nor may juveniles be subjected to corporal or unusual punishment, humiliation or mental abuse (15 CCR 1142).

324.9  USE OF RESTRAINT DEVICES
Juvenile offenders may be handcuffed in accordance with the Handcuffing and Restraints Policy. A juvenile offender may be handcuffed at the Laguna Beach Police Department when the juvenile presents a heightened risk. However, non-offenders and status offenders should not be handcuffed unless they are combative or threatening (15 CCR 1142).

Other restraints shall only be used after less restrictive measures have failed and with the approval of the Watch Commander. Restraints shall only be used so long as it reasonably appears necessary for the juvenile's protection or the protection of others (15 CCR 1142).

Juveniles in restraints shall be kept away from other unrestrained juveniles or monitored in such a way as to protect the juvenile from abuse (15 CCR 1142).

324.10  PERSONAL PROPERTY
The officer taking custody of a juvenile offender or status offender at the Laguna Beach Police Department shall ensure a thorough search of the juvenile's property is made and all property is removed from the juvenile, especially those items that could compromise safety, such as pens, pencils and belts.

The personal property of a juvenile should be placed in a property bag. The property should be inventoried in the juvenile's presence. The property should be kept in a monitored or secure location until the juvenile is released from the custody of the Laguna Beach Police Department.

324.11  SECURE CUSTODY
Only juvenile offenders 14 years of age or older may be placed in secure custody (Welfare and Institutions Code § 207; 15 CCR 1145). Watch Commander approval is required before placing a juvenile offender in secure custody.

Secure custody should only be used for juvenile offenders when there is a reasonable belief that the juvenile is a serious risk of harm to him/herself or others. Factors to be considered when determining if the juvenile offender presents a serious security risk to him/herself or others include the following (15 CCR 1145):

(a) Age, maturity and delinquent history
(b) Severity of offense for which the juvenile was taken into custody
(c) The juvenile offender’s behavior
(d) Availability of staff to provide adequate supervision or protection of the juvenile offender
(e) Age, type and number of other individuals in custody at the facility
Temporary Custody of Juveniles

Members of this department shall not use secure custody for convenience when non-secure custody is, or later becomes, a reasonable option (15 CCR 1145).

When practicable and when no locked enclosure is available, handcuffing one hand of a juvenile offender to a fixed object while otherwise maintaining the juvenile in non-secure custody should be considered as the method of secure custody. An employee must be present at all times to ensure the juvenile’s safety while secured to a stationary object (15 CCR 1148).

Juveniles shall not be secured to a stationary object for more than 60 minutes. Supervisor approval is required to secure a juvenile to a stationary object for longer than 60 minutes and every 30 minutes thereafter (15 CCR 1148). Supervisor approval should be documented.

The decision for securing a minor to a stationary object for longer than 60 minutes and every 30 minutes thereafter shall be based upon the best interests of the juvenile offender (15 CCR 1148).

324.11.1 LOCKED ENCLOSURES
A thorough inspection of the area shall be conducted before placing a juvenile into the enclosure. A second inspection shall be conducted after removing the juvenile. Any damage noted to the room should be photographed and documented in the crime report.

The following requirements shall apply to a juvenile offender who is held inside a locked enclosure:

(a) The juvenile shall constantly be monitored by an audio/video system during the entire custody.

(b) Juveniles shall have constant auditory access to department members (15 CCR 1147).

(c) Initial placement into and removal from a locked enclosure shall be logged (Welfare and Institutions Code § 207.1(d)).

(d) Unscheduled safety checks to provide for the health and welfare of the juvenile by a staff member, no less than once every 15 minutes, shall occur (15 CCR 1147; 15 CCR 1151).

1. All safety checks shall be logged.

2. The safety check should involve questioning the juvenile as to his/her well-being (sleeping juveniles or apparently sleeping juveniles should be awakened).

3. Requests or concerns of the juvenile should be logged.

(e) Males and females shall not be placed in the same locked room (15 CCR 1147).

(f) Juvenile offenders should be separated according to severity of the crime (e.g., felony or misdemeanor).

(g) Restrained juveniles shall not be mixed in a cell or room with unrestrained juveniles.
324.11.2 MINOR UNDER THE INFLUENCE OF ANY INTOXICATING SUBSTANCE IN SECURE OR NON-SECURE CUSTODY
Supervision of minors in secure custody, in a locked room, who display outward signs of being under the influence of drugs, alcohol or any other intoxicating substance shall include safety checks at least once every 15 minutes until resolution of the intoxicated state or release. These safety checks shall be documented, with the actual time of occurrence recorded.

A medical clearance shall be obtained for minors who are under the influence of drugs, alcohol or any other substance to the extent that they are unable to care for themselves (15 CCR 1151).

324.12 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY OF A JUVENILE
The Watch Commander will ensure procedures are in place to address the suicide attempt, death or serious injury of any juvenile held at the Laguna Beach Police Department (15 CCR 1142; 15 CCR 1047). The procedures will address:

(a) Immediate notification of the on-duty supervisor, Chief of Police and Investigative Services Division Supervisor.
(b) Notification of the parent, guardian or person standing in loco parentis, of the juvenile.
(c) Notification of the appropriate prosecutor.
(d) Notification of the City attorney.
(e) Notification to the coroner.
(f) Notification of the juvenile court.
(g) In the case of a death, providing a report to the Attorney General under Government Code § 12525 within 10 calendar days of the death, and forwarding the same report to the Board of State and Community Corrections within the same time frame (15 CCR 1046).
(h) A medical and operational review of deaths and suicide attempts pursuant to 15 CCR 1046.
(i) Evidence preservation.

324.13 INTERVIEWING OR INTERROGATING JUVENILE SUSPECTS
No interview or interrogation of a juvenile should occur unless the juvenile has the apparent capacity to consent, and does consent to an interview or interrogation.

324.13.1 MANDATORY RECORDINGS OF JUVENILES
Any interrogation of an individual under 18 years of age who is in custody and suspected of committing murder shall be audio and video recorded when the interview takes place at a department facility, jail, detention facility or other fixed place of detention. The recording shall include the entire interview and a Miranda advisement preceding the interrogation (Penal Code § 859.5).
Temporary Custody of Juveniles

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The individual refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.

(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

These recordings shall be retained until a conviction is final and all direct and habeas corpus appeals are exhausted, a court no longer has any jurisdiction over the individual or the prosecution for that offense is barred (Penal Code § 859.5; Welfare and Institutions Code § 626.8).

324.14 FORMAL BOOKING

No juvenile offender shall be formally booked without the authorization of the arresting officer's supervisor, or in his/her absence, the Watch Commander.

Any juvenile, 14 years of age or older, who is taken into custody for a felony, or any juvenile whose acts amount to a sex crime, shall be booked, fingerprinted and photographed.

For all other acts defined as crimes, juveniles may be booked, fingerprinted or photographed upon the approval from the Watch Commander or Investigative Bureau supervisor, giving due consideration to the following:

(a) The gravity of the offense

(b) The past record of the offender

(c) The age of the offender
Temporary Custody of Juveniles

324.15 RELEASE OF INFORMATION CONCERNING JUVENILES
Court decisions and legislation have combined to carefully specify situations in which information may be given out or exchanged when a case involves a juvenile. Members of this department shall not divulge any information regarding juveniles unless they are certain of the legal authority to do so.

A copy of the current policy of the juvenile court concerning authorized release of information and appropriate acknowledgment forms shall be kept with copies of this procedure in the Laguna Beach Police Department Policy Manual. Such releases are authorized by Welfare and Institutions Code § 827.

Welfare and Institutions Code § 828 authorizes the release of certain information to other agencies. It shall be the responsibility of the Records Supervisor and the appropriate Investigative Bureau supervisors to ensure that personnel of those bureaus act within legal guidelines.

324.16 BOARD OF STATE AND COMMUNITY CORRECTIONS CERTIFICATION
The Patrol Division Commander shall coordinate the procedures related to the custody of juveniles held at the Laguna Beach Police Department and ensure any required certification is maintained (Welfare and Institution Code § 210.2).
Adult Abuse

326.1 PURPOSE AND SCOPE
This policy provides members of this department with direction and understanding of their role in the prevention, detection and intervention in incidents of adult abuse. It is the policy of the Laguna Beach Police Department to treat reports of adult abuse as high priority criminal activity that is to be fully investigated regardless of the relationship between the victim and the suspects.

326.1.1 DEFINITIONS
Definitions related to this policy include:

Adult abuse - Any offense or attempted offense involving violence or neglect of an adult victim when committed by a person responsible for the adult’s care, or any other act that would mandate reporting or notification to a social service agency or law enforcement (Penal Code § 368).

326.2 DRUG-ENDANGERED VICTIMS
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of an adult abuse victim who has been exposed to the manufacturing, trafficking or use of narcotics.

326.2.1 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where an adult abuse victim is present or where there is evidence that an adult abuse victim lives should:

(a) Document the environmental, medical, social and other conditions of the adult, using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Investigative Bureau supervisor so an interagency response can begin.

326.2.2 SUPERVISOR RESPONSIBILITIES
The Investigative Bureau supervisor should:

(a) Work with professionals from the appropriate agencies, including APS, other law enforcement agencies, medical service providers and local prosecutors, to develop community specific procedures for responding to situations where there are adult abuse victims endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Investigative Bureau supervisor that he/she has responded to a drug lab or other narcotics crime scene where an adult abuse victim is present or where evidence indicates that an adult abuse victim lives.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the adult.
326.3 POLICY
The Laguna Beach Police Department will investigate all reported incidents of alleged adult abuse and ensure proper reporting and notification as required by law.

326.4 INTERVIEWS

326.4.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should audio record the preliminary interview with a suspected adult abuse victim. Officers should avoid multiple interviews with the victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available.

326.4.2 DETAINING VICTIMS FOR INTERVIEWS
An officer should not detain an adult involuntarily who is suspected of being a victim of abuse solely for the purpose of an interview or physical exam without his/her consent or the consent of a guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the adult need to be addressed immediately.
   2. A reasonable belief that the adult is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is a family member or guardian and there is reason to believe the adult may be in continued danger.

(b) A court order or warrant has been issued.

326.5 PROTECTIVE CUSTODY
Before taking an adult abuse victim into protective custody when facts indicate the adult may not be able to care for him/herself, the officer should make reasonable attempts to contact APS. Generally, removal of an adult abuse victim from his/her family, guardian or other responsible adult should be left to the welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove an adult abuse victim from his/her family or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the victim. Prior to taking an adult abuse victim into protective custody, the officer should take reasonable steps to deliver the adult to another qualified legal guardian, unless it reasonably appears that the release would endanger the victim or result in abduction. If this is not a reasonable option, the officer shall ensure that the adult is delivered to APS.
Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking an adult abuse victim into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking the adult into protective custody.

When adult abuse victims are under state control, have a state-appointed guardian or there are other legal holdings for guardianship, it may be necessary or reasonable to seek a court order on behalf of the adult victim to either remove the adult from a dangerous environment (protective custody) or restrain a person from contact with the adult.

### 326.5.1 EMERGENCY PROTECTIVE ORDERS
In any situation which an officer reasonably believes that an elder or dependent adult is in immediate and present danger of abuse based on an allegation of a recent incident of abuse or threat of abuse (other than financial abuse alone), the officer may seek an emergency protective order against the person alleged to have committed or threatened such abuse (Family Code § 6250(d)).

### 326.6 MEDICAL EXAMINATIONS
When an adult abuse investigation requires a medical examination, the investigating officer should obtain consent for such examination from the victim, guardian, agency or entity having legal custody of the adult. The officer should also arrange for the adult’s transportation to the appropriate medical facility.

In cases where the alleged offender is a family member, guardian, agency or entity having legal custody and is refusing to give consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the adult for a medical examination, the supervisor should consider other government agencies or services that may obtain a court order for such an examination.

### 326.7 QUALIFIED INVESTIGATORS
Qualified investigators should be available to investigate cases of adult abuse. These investigators should:

(a) Conduct interviews in appropriate interview facilities.
(b) Be familiar with forensic interview techniques specific to adult abuse investigations.
(c) Present all cases of alleged adult abuse to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and facility administrators as needed.
(e) Provide referrals to therapy services, victim advocates, guardians and support for the victim and family as appropriate.
(f) Participate in or coordinate with multidisciplinary investigative teams as applicable (Welfare and Institutions Code § 15610.55).
**326.8 MANDATORY NOTIFICATION**

Members of the Laguna Beach Police Department shall notify the local office of the California Department of Social Services (CDSS) APS agency when they reasonably suspect, have observed or have knowledge of an incident that reasonably appears to be abuse of an elder (age 65 or older) or dependent adult, or are told by an elder or dependent adult that he/she has experienced abuse (Welfare and Institutions Code § 15630(b)).

Notification shall be made by telephone as soon as practicable and a written report shall be provided within two working days as provided in Welfare and Institutions Code § 15630(b)(c)).

A dependent adult is an individual, between 18 and 64 years of age, who has physical or mental limitations that restrict his/her ability to carry out normal activities or to protect his/her rights including, but not limited to, persons who have physical or developmental disabilities or whose physical or mental abilities have diminished because of age. This also includes those admitted as inpatients to a 24-hour health facility, as defined in state law (Welfare and Institutions Code § 15610.23).

For purposes of notification, abuse is physical abuse, abandonment, abduction, isolation, financial abuse or neglect. Physical abuse includes any assault or sex crime (Welfare and Institutions Code § 15610.63). Financial abuse includes taking personal or real property by undue influence or intent to defraud (Welfare and Institutions Code § 15610.30).

Notification shall also be made to the following agencies as soon as practicable or as provided below (Welfare and Institutions Code § 15630):

(a) If the abuse is physical abuse and occurred in a long-term care facility (not a state mental health hospital or a state developmental center) notification shall be made as follows (Welfare and Institutions Code § 15630(b)(1)):

1. If there is serious bodily injury, notification shall be made by telephone and, within two hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

2. If there is physical abuse and no serious bodily injury, notification shall be made by telephone and, within 24 hours, a written report shall be made to the local ombudsman and the corresponding licensing agency.

3. If the abuse is allegedly caused by a resident with dementia and there is no serious bodily injury, notification shall be made by telephone and a written report to the local ombudsman within 24 hours.

4. When a report of abuse is received by the Department, local ombudsman shall be called to coordinate efforts to provide the most immediate and appropriate response (Welfare and Institutions Code § 15630(b)).

(b) If the abuse is in a long-term care facility (not a state mental health or a state developmental center) and is other than physical abuse, a telephone report and a written report shall be made to the local ombudsman as soon as practicable (Welfare and Institutions Code § 15630(b)).
(c) The California Department of Public Health (DPH) shall be notified of all known or suspected abuse in a long-term care facility.

(d) The SDSS shall be notified of all known or suspected abuse occurring in a residential care facility for the elderly or in an adult day program.

(e) If the abuse occurred in an adult day health care center, DPH and the California Department of Aging shall be notified.

(f) The Bureau of Medi-Cal Fraud and Elder Abuse shall be notified of all abuse that constitutes criminal activity in a long-term care facility.

(g) The District Attorney’s office shall be notified of all cases of physical abuse and financial abuse in a long-term care facility.

(h) If the abuse occurred at a state mental hospital or a state developmental center, notification shall be made to the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services as soon as practicable but no later than two hours after law enforcement becomes aware of the abuse (Welfare and Institutions Code § 15630(b)).

1. When a report of abuse is received by the Department, Investigation efforts shall be coordinated with the designated investigators of the California Department of State Hospitals or the California Department of Developmental Services (Welfare and Institutions Code § 15630(b)).

(i) If during an investigation it is determined that the adult abuse is being committed by a licensed health practitioner as identified in Welfare and Institutions Code 15640(b), the appropriate licensing agency shall be immediately notified (Welfare and Institutions Code 15640(b)).

(j) When the Department receives a report of abuse, neglect or abandonment of an elder or dependent adult alleged to have occurred in a long-term care facility, the licensing agency shall be notified by telephone as soon as practicable (Welfare and Institutions Code § 15640(e)).

The Investigative Bureau supervisor is responsible for ensuring that proper notifications have occurred to the District Attorney’s Office and any other regulatory agency that may be applicable based upon where the abuse took place (e.g., care facility, hospital) per Welfare and Institutions Code § 15630(b).

Notification is not required for a person who was merely present when a person self-administered a prescribed aid-in-dying drug or a person prepared an aid-in-dying drug so long as the person did not assist the individual in ingesting the aid-in-dying drug (Health and Safety Code § 443.14; Health and Safety Code § 443.18).

326.8.1 NOTIFICATION PROCEDURE

Notification should include the following information, if known (Welfare and Institutions Code § 15630(e)):

(a) The name of the person making the report.

(b) The name and age of the elder or dependent adult.
Adult Abuse

(c) The present location of the elder or dependent adult.

(d) The names and addresses of family members or any other adult responsible for the care of the elder or dependent adult.

(e) The nature and extent of the condition of the elder or dependent adult.

(f) The date of incident.

(g) Any other information, including information that led the person to suspect elder or dependent adult abuse.

326.9 STATE MANDATES AND OTHER RELEVANT LAWS
California requires or permits the following:

326.9.1 RECORDS BUREAU RESPONSIBILITIES
The Records Bureau is responsible for:

(a) Providing a copy of the adult abuse report to the APS, ombudsman or other agency as applicable within two working days or as required by law (Welfare and Institutions Code § 15630; Welfare and Institutions Code § 15640(c)).

(b) Retaining the original adult abuse report with the initial case file.

326.10 INVESTIGATIONS AND REPORTING
All reported or suspected cases of adult abuse require investigation and a report, even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of adult abuse should address, as applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all circumstances where a suspected adult abuse victim is contacted.

(b) Any relevant statements the victim may have made and to whom he/she made the statements.

(c) If a person is taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(d) Documentation of any visible injuries or any injuries identified by the victim. This should include photographs of such injuries, if practicable.

(e) Whether the victim was transported for medical treatment or a medical examination.

(f) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other potential victims or witnesses who may reside in the residence.

(g) Identification of any prior related reports or allegations of abuse, including other jurisdictions, as reasonably known.

(h) Previous addresses of the victim and suspect.
Adult Abuse

(i) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

(j) Results of investigations shall be provided to those agencies (Adult Protective Services (APS), long-term ombudsman) that referred or reported the adult abuse (Welfare and Institutions Code § 15640(f)).

(k) Whether a death involved the End of Life Option Act:

1. Whether or not assistance was provided to the person beyond that allowed by law (Health and Safety Code § 443.14)

2. Whether an individual knowingly altered or forged a request for an aid-in-dying drug to end a person’s life without his/her authorization, or concealed or destroyed a withdrawal or rescission of a request for an aid-in-dying drug (Health and Safety Code § 443.17)

3. Whether coercion or undue influence was exerted on the person to request or ingest an aid-in-dying drug or to destroy a withdrawal or rescission of a request for such medication (Health and Safety Code § 443.17)

4. Whether an aid-in-dying drug was administered to a person without his/her knowledge or consent (Health and Safety Code § 443.17).

Any unexplained death of an adult who was in the care of a guardian or caretaker should be considered as potential adult abuse and investigated similarly.

326.11 TRAINING
The Department should provide training on best practices in adult abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.

(b) Conducting interviews.

(c) Availability of therapy services for adults and families.

(d) Availability of specialized forensic medical exams.

(e) Cultural competence (including interpretive services) related to adult abuse investigations.

(f) Availability of victim advocates or other support.
Discriminatory Harassment

328.1 PURPOSE AND SCOPE
The purpose of this policy is to prevent department members from being subjected to discriminatory harassment, including sexual harassment and retaliation. Nothing in this policy is intended to create a legal or employment right or duty that is not created by law.

328.2 POLICY
The Laguna Beach Police Department is an equal opportunity employer and is committed to creating and maintaining a work environment that is free of all forms of discriminatory harassment, including sexual harassment and retaliation. The Department will not tolerate discrimination against a member in hiring, promotion, discharge, compensation, fringe benefits and other privileges of employment. The Department will take preventive and corrective action to address any behavior that violates this policy or the rights it is designed to protect.

The nondiscrimination policies of the Department may be more comprehensive than state or federal law. Conduct that violates this policy may not violate state or federal law but still could subject a member to discipline.

328.3 DEFINITIONS
Definitions related to this policy include:

328.3.1 DISCRIMINATION
The Department prohibits all forms of discrimination, including any employment-related action by a member that adversely affects an applicant or member and is based on the actual or perceived race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, age, disability, pregnancy, genetic information, veteran status, marital status and other classifications protected by law.

Discriminatory harassment, including sexual harassment, is verbal or physical conduct that demeans or shows hostility or aversion toward an individual based upon that individual’s protected class. It has the effect of interfering with an individual’s work performance or creating a hostile or abusive work environment.

Conduct that may, under certain circumstances, constitute discriminatory harassment, can include making derogatory comments, crude and offensive statements or remarks; making slurs or off-color jokes, stereotyping; engaging in threatening acts; making indecent gestures, pictures, cartoons, posters or material; making inappropriate physical contact; or using written material or department equipment and/or systems to transmit or receive offensive material, statements or pictures. Such conduct is contrary to department policy and to a work environment that is free of discrimination.
Discriminatory Harassment

328.3.2 SEXUAL HARASSMENT
The Department prohibits all forms of discrimination and discriminatory harassment, including sexual harassment. It is unlawful to harass an applicant or a member because of that person's sex.

Sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors or other verbal, visual or physical conduct of a sexual nature when:

(a) Submission to such conduct is made either explicitly or implicitly a term or condition of employment, position or compensation.

(b) Submission to, or rejection of, such conduct is used as the basis for any employment decisions affecting the member.

(c) Such conduct has the purpose or effect of substantially interfering with a member's work performance or creating an intimidating, hostile, or offensive work environment.

328.3.3 ADDITIONAL CONSIDERATIONS
Discrimination and discriminatory harassment do not include actions that are in accordance with established rules, principles or standards, including:

(a) Acts or omission of acts based solely upon bona fide occupational qualifications under the Equal Employment Opportunity Commission (EEOC) and the California Fair Employment and Housing Council guidelines.

(b) Bona fide requests or demands by a supervisor that a member improve his/her work quality or output, that the member report to the job site on time, that the member comply with City or department rules or regulations, or any other appropriate work-related communication between supervisor and member.

328.3.4 RETALIATION
Retaliation is treating a person differently or engaging in acts of reprisal or intimidation against the person because he/she has engaged in protected activity, filed a charge of discrimination, participated in an investigation or opposed a discriminatory practice. Retaliation will not be tolerated.

328.4 RESPONSIBILITIES
This policy applies to all department personnel. All members shall follow the intent of these guidelines in a manner that reflects department policy, professional law enforcement standards and the best interest of the Department and its mission.

Members are encouraged to promptly report any discriminatory, retaliatory or harassing conduct or known violations of this policy to a supervisor. Any member who is not comfortable with reporting violations of this policy to his/her immediate supervisor may bypass the chain of command and make the report to a higher-ranking supervisor or manager. Complaints may also be filed with the Chief of Police, the Personnel Manager or the City Manager.
**Discriminatory Harassment**

Any member who believes, in good faith, that he/she has been discriminated against, harassed or subjected to retaliation, or who has observed harassment or discrimination, is encouraged to promptly report such conduct in accordance with the procedures set forth in this policy.

Supervisors and managers receiving information regarding alleged violations of this policy shall determine if there is any basis for the allegation and shall proceed with resolution as stated below.

**328.4.1 SUPERVISOR RESPONSIBILITIES**

The responsibilities of each supervisor and manager shall include, but are not limited to:

(a) Continually monitoring the work environment and striving to ensure that it is free from all types of unlawful discrimination, including harassment or retaliation.

(b) Taking prompt, appropriate action within their work units to avoid and minimize the incidence of any form of discrimination, harassment or retaliation.

(c) Ensuring that their subordinates understand their responsibilities under this policy.

(d) Ensuring that members who make complaints or who oppose any unlawful employment practices are protected from retaliation and that such matters are kept confidential to the extent possible.

(e) Making a timely determination regarding the substance of any allegation based upon all available facts.

(f) Notifying the Chief of Police or Personnel Manager in writing of the circumstances surrounding any reported allegations or observed acts of discrimination, harassment or retaliation no later than the next business day.

**328.4.2 SUPERVISOR’S ROLE**

Because of differences in individual values, supervisors and managers may find it difficult to recognize that their behavior or the behavior of others is discriminatory, harassing or retaliatory. Supervisors and managers shall be aware of the following considerations:

(a) Behavior of supervisors and managers should represent the values of the Department and professional law enforcement standards.

(b) False or mistaken accusations of discrimination, harassment or retaliation can have negative effects on the careers of innocent members.

Nothing in this section shall be construed to prevent supervisors or managers from discharging supervisory or management responsibilities, such as determining duty assignments, evaluating or counseling members or issuing discipline, in a manner that is consistent with established procedures.

**328.4.3 QUESTIONS OR CLARIFICATION**

Members with questions regarding what constitutes discrimination, sexual harassment or retaliation are encouraged to contact a supervisor, a manager, the Chief of Police, the Personnel...
Manager, the City Manager or the California Department of Fair Employment and Housing for further information, direction or clarification.

328.5 INVESTIGATION OF COMPLAINTS
Various methods of resolution exist. During the pendency of any such investigation, the supervisor of the involved member should take prompt and reasonable steps to mitigate or eliminate any continuing abusive or hostile work environment. It is the policy of the Department that all complaints of discrimination, retaliation or harassment shall be fully documented and promptly and thoroughly investigated.

328.5.1 SUPERVISORY RESOLUTION
Members who believe they are experiencing discrimination, harassment or retaliation should be encouraged to inform the individual that his/her behavior is unwelcome, offensive, unprofessional or inappropriate. However, if the member feels uncomfortable or threatened or has difficulty expressing his/her concern, or if this does not resolve the concern, assistance should be sought from a supervisor or manager who is a rank higher than the alleged transgressor.

328.5.2 FORMAL INVESTIGATION
If the complaint cannot be satisfactorily resolved through the process described above, a formal investigation will be conducted.

The person assigned to investigate the complaint will have full authority to investigate all aspects of the complaint. Investigative authority includes access to records and the cooperation of any members involved. No influence will be used to suppress any complaint and no member will be subject to retaliation or reprisal for filing a complaint, encouraging others to file a complaint or for offering testimony or evidence in any investigation.

Formal investigation of the complaint will be confidential to the extent possible and will include, but is not limited to, details of the specific incident, frequency and dates of occurrences and names of any witnesses. Witnesses will be advised regarding the prohibition against retaliation, and that a disciplinary process, up to and including termination, may result if retaliation occurs.

Members who believe they have been discriminated against, harassed or retaliated against because of their protected status, are encouraged to follow the chain of command but may also file a complaint directly with the Chief of Police, Personnel Manager or the City Manager.

328.5.3 ALTERNATIVE COMPLAINT PROCESS
No provision of this policy shall be construed to prevent any member from seeking legal redress outside the Department. Members who believe that they have been harassed, discriminated or retaliated against are entitled to bring complaints of employment discrimination to federal, state and/or local agencies responsible for investigating such allegations. Specific time limitations apply to the filing of such charges. Members are advised that proceeding with complaints under the provisions of this policy does not in any way affect those filing requirements.
328.6 DOCUMENTATION OF COMPLAINTS
All complaints or allegations shall be thoroughly documented on forms and in a manner designated by the Chief of Police. The outcome of all reports shall be:

- Approved by the Chief of Police, the City Manager or the Personnel Manager, depending on the ranks of the involved parties.
- Maintained in accordance with the department’s established records retention schedule.

328.6.1 NOTIFICATION OF DISPOSITION
The complainant and/or victim will be notified in writing of the disposition of the investigation and the actions taken to remedy or address the circumstances giving rise to the complaint.

328.7 TRAINING
All new members shall be provided with a copy of this policy as part of their orientation. The policy shall be reviewed with each new member. The member shall certify by signing the prescribed form that he/she has been advised of this policy, is aware of and understands its contents and agrees to abide by its provisions during his/her term with the Department.

All members shall receive annual training on the requirements of this policy and shall certify by signing the prescribed form that they have reviewed the policy, understand its contents and agree that they will continue to abide by its provisions.

328.7.1 SUPERVISOR TRAINING
All supervisors shall receive specific training and education regarding sexual harassment and prevention of abusive conduct within six months of assuming a supervisory position. Refresher training shall be provided every two years thereafter (Government Code § 12950.1; 2 CCR 11023).

328.7.2 TRAINING RECORDS
The Training Officer shall be responsible for maintaining records of all discriminatory harassment training provided to members. Records shall be retained in accordance with established records retention schedules and for a minimum of two years (2 CCR 11023).

328.8 WORKING CONDITIONS
The Administrative Services Division Commander or the authorized designee should be responsible for reviewing facility design and working conditions for discriminatory practices. This person should collaborate with other City employees who are similarly tasked (2 CCR 11034).
Child Abuse

330.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the investigation of suspected child abuse. This policy also addresses when Laguna Beach Police Department members are required to notify the county Child Protective Services (CPS) of suspected child abuse.

330.1.1 DEFINITIONS
Definitions related to this policy include:

**Child** - Unless otherwise specified by a cited statute, a child is any person under the age of 18 years.

**Child abuse** - Any offense or attempted offense involving violence or neglect with a child victim when committed by a person responsible for the child’s care or any other act that would mandate notification to a social service agency or law enforcement (Penal Code § 11165.9; Penal Code § 11166).

330.2 POLICY
The Laguna Beach Police Department will investigate all reported incidents of alleged criminal child abuse and ensure CPS is notified as required by law.

330.3 MANDATORY NOTIFICATION
The child protection agency shall be notified when (Penal Code § 11166):

(a) There is a known or suspected instance of child abuse or neglect reported, which is alleged to have occurred as a result of the action of a person responsible for the child's welfare, or

(b) A person responsible for the child's welfare fails to adequately protect the child from abuse when the person knew or reasonably should have known that the child was in danger of abuse.

The District Attorney's office shall be notified in all instances of known or suspected child abuse or neglect reported to this department. Reports only involving neglect by a person, who has the care or custody of a child, to provide adequate food, clothing, shelter, medical care or supervision where no physical injury to the child has occurred should not be reported to the District Attorney (Penal Code § 11166).

When the abuse or neglect occurs at a licensed facility or is alleged to have resulted from the actions of a person who is required to have a state license (e.g., foster homes, group homes, day care), notification shall also be made to the California Department of Social Services or other applicable licensing authority (Penal Code 11166.1; Penal Code 11166.2).

For purposes of notification, the abuse or neglect includes physical injury or death inflicted by other than accidental means upon a child by another person; sexual abuse (Penal Code § 11165.1);
Child Abuse

neglect (Penal Code § 11165.2); the willful harming or injuring of a child or the endangering of the
person or health of a child (Penal Code § 11165.3); and unlawful corporal punishment or injury
(Penal Code § 11165.4). Child abuse or neglect does not include a mutual affray between minors,
nor does it include an injury caused by the reasonable and necessary force used by a peace
officer acting within the course and scope of his/her employment as a peace officer.

330.3.1 NOTIFICATION PROCEDURE
Notification should occur as follows (Penal Code § 11166):

(a) Notification shall be made immediately, or as soon as practicable, by telephone, fax
or electronic transmission.

(b) A written follow-up report should be forwarded within 36 hours of receiving the
information concerning the incident.

330.4 QUALIFIED INVESTIGATORS
Qualified investigators should be available for child abuse investigations. These investigators
should:

(a) Conduct interviews in child appropriate interview facilities.

(b) Be familiar with forensic interview techniques specific to child abuse investigations.

(c) Present all cases of alleged child abuse to the prosecutor for review.

(d) Coordinate with other enforcement agencies, social service agencies and school
administrators as needed.

(e) Provide referrals to therapy services, victim advocates, guardians and support for the
child and family as appropriate.

(f) Participate in or coordinate with multidisciplinary investigative teams as applicable
(Welfare and Institutions Code § 18961.7).

330.5 INVESTIGATIONS AND REPORTING
In all reported or suspected cases of child abuse, a report will be written. Officers shall write a
report even if the allegations appear unfounded or unsubstantiated.

Investigations and reports related to suspected cases of child abuse should address, as
applicable:

(a) The overall basis for the contact. This should be done by the investigating officer in all
circumstances where a suspected child abuse victim was contacted.

(b) The exigent circumstances that existed if officers interviewed the child victim without
the presence of a parent or guardian.

(c) Any relevant statements the child may have made and to whom he/she made the
statements.
(d) If a child was taken into protective custody, the reasons, the name and title of the person making the decision, and why other alternatives were not appropriate.

(e) Documentation of any visible injuries or any injuries identified by the child. This should include photographs of such injuries, if practicable.

(f) Whether the child victim was transported for medical treatment or a medical examination.

(g) Whether the victim identified a household member as the alleged perpetrator, and a list of the names of any other children who may reside in the residence.

(h) Identification of any prior related reports or allegations of child abuse, including other jurisdictions, as reasonably known.

(i) Previous addresses of the victim and suspect.

(j) Other potential witnesses who have not yet been interviewed, such as relatives or others close to the victim’s environment.

All cases of the unexplained death of a child should be investigated as thoroughly as if it had been a case of suspected child abuse (e.g., a sudden or unexplained death of an infant).

330.5.1 EXTRA JURISDICTIONAL REPORTS
If a report of known or suspected child abuse or neglect that is alleged to have occurred outside this jurisdiction is received, department members shall ensure that the caller is immediately transferred to the agency with proper jurisdiction for the investigation of the case. If the caller cannot be successfully transferred to the appropriate agency, a report shall be taken and immediately referred by telephone, fax or electronic transfer to the agency with proper jurisdiction (Penal Code 11165.9).

330.6 PROTECTIVE CUSTODY
Before taking any child into protective custody, the officer should make reasonable attempts to contact CPS. Generally, removal of a child from his/her family, guardian or other responsible adult should be left to the child welfare authorities when they are present or have become involved in an investigation.

Generally, members of this department should remove a child from his/her parent or guardian without a court order only when no other effective alternative is reasonably available and immediate action reasonably appears necessary to protect the child. Prior to taking a child into protective custody, the officer should take reasonable steps to deliver the child to another qualified parent or legal guardian, unless it reasonably appears that the release would endanger the child or result in abduction. If this is not a reasonable option, the officer shall ensure that the child is delivered to CPS.

Whenever practicable, the officer should inform a supervisor of the circumstances prior to taking a child into protective custody. If prior notification is not practicable, officers should contact a supervisor promptly after taking a child into protective custody.
Children may only be removed from a parent or guardian in the following situations when a court order cannot reasonably be obtained in a timely manner (Welfare and Institutions Code § 305):

(a) The officer reasonably believes the child is a person described in Welfare and Institutions Code § 300, or a commercially exploited child under Penal Code § 647 and Penal Code § 653.22, and further has good cause to believe that any of the following conditions exist:

1. The child has an immediate need for medical care.
2. The child is in immediate danger of physical or sexual abuse.
3. The physical environment or the fact that the child is left unattended poses an immediate threat to the child’s health or safety. In the case of a child left unattended, the officer shall first attempt to locate and determine if a responsible parent or guardian is available and capable of assuming custody before taking the child into protective custody.

(b) The officer reasonably believes the child requires protective custody under the provisions of Penal Code § 279.6, in one of the following circumstances:

1. It reasonably appears to the officer that a person is likely to conceal the child, flee the jurisdiction with the child or, by flight or concealment, evade the authority of the court.
2. There is no lawful custodian available to take custody of the child.
3. There are conflicting custody orders or conflicting claims to custody and the parties cannot agree which party should take custody of the child.
4. The child is an abducted child.

(c) The child is in the company of, or under the control of, a person arrested for Penal Code § 278 (Detainment or concealment of child from legal custodian) or Penal Code § 278.5 (Deprivation of custody of a child or right to visitation) (Penal Code § 279.6).

A child taken into protective custody shall be delivered to CPS unless otherwise directed by court order.

330.6.1 CALIFORNIA SAFELY SURRENDERED BABY LAW
An individual having lawful custody of an infant less than 72 hours old is not guilty of abandonment if the individual voluntarily surrenders physical custody of the infant to personnel on-duty at a safe-surrender site, such as a hospital or fire department (Penal Code § 271.5). The law requires the surrender site to notify CPS.

330.6.2 NEWBORNS TESTING POSITIVE FOR DRUGS
Under certain circumstances, officers can be prohibited from taking a newborn who is the subject of a proposed adoption into protective custody, even when the newborn has tested positive for illegal drugs or the birth mother tested positive for illegal drugs.
Child Abuse

Officers shall instead follow the provisions of Welfare and Institutions Code § 305.6 to ensure that the newborn is placed with the adoptive parents when it is appropriate.

330.7 INTERVIEWS

330.7.1 PRELIMINARY INTERVIEWS
Absent extenuating circumstances or impracticality, officers should record the preliminary interview with suspected child abuse victims. Officers should avoid multiple interviews with a child victim and should attempt to gather only the information necessary to begin an investigation. When practicable, investigating officers should defer interviews until a person who is specially trained in such interviews is available. Generally, child victims should not be interviewed in the home or location where the alleged abuse occurred.

330.7.2 DETAINING SUSPECTED CHILD ABUSE VICTIMS FOR AN INTERVIEW
An officer should not detain a child involuntarily who is suspected of being a victim of child abuse solely for the purpose of an interview or physical exam without the consent of a parent or guardian unless one of the following applies:

(a) Exigent circumstances exist, such as:
   1. A reasonable belief that medical issues of the child need to be addressed immediately.
   2. A reasonable belief that the child is or will be in danger of harm if the interview or physical exam is not immediately completed.
   3. The alleged offender is the custodial parent or guardian and there is reason to believe the child may be in continued danger.

(b) A court order or warrant has been issued.

330.7.3 INTERVIEWS AT A SCHOOL
Any student at school who is a suspected victim of child abuse shall be afforded the option of being interviewed in private or selecting any qualified available adult member of the school staff to be present. The purpose of the staff member's presence is to provide comfort and support. The staff member shall not participate in the interview. The selection of a staff member should be such that it does not burden the school with costs or hardship (Penal Code § 11174.3).

330.8 MEDICAL EXAMINATIONS
If the child has been the victim of abuse that requires a medical examination, the investigating officer should obtain consent for such examination from the appropriate parent, guardian or agency having legal custody of the child. The officer should also arrange for the child’s transportation to the appropriate medical facility.

In cases where the alleged offender is the custodial parent or guardian and is refusing consent for the medical examination, officers should notify a supervisor before proceeding. If exigent circumstances do not exist or if state law does not provide for officers to take the child for a
medical examination, the notified supervisor should consider obtaining a court order for such an examination.

330.9   DRUG-ENDANGERED CHILDREN
A coordinated response by law enforcement and social services agencies is appropriate to meet the immediate and longer-term medical and safety needs of children exposed to the manufacturing, trafficking or use of narcotics.

330.9.1 SUPERVISOR RESPONSIBILITIES
The Investigative Bureau supervisor should:

(a) Work with professionals from the appropriate agencies, including CPS, other law enforcement agencies, medical service providers and local prosecutors to develop community specific procedures for responding to situations where there are children endangered by exposure to methamphetamine labs or the manufacture and trafficking of other drugs.

(b) Activate any available interagency response when an officer notifies the Investigative Bureau supervisor that the officer has responded to a drug lab or other narcotics crime scene where a child is present or where evidence indicates that a child lives there.

(c) Develop a report format or checklist for use when officers respond to drug labs or other narcotics crime scenes. The checklist will help officers document the environmental, medical, social and other conditions that may affect the child.

330.9.2 OFFICER RESPONSIBILITIES
Officers responding to a drug lab or other narcotics crime scene where a child is present or where there is evidence that a child lives should:

(a) Document the environmental, medical, social and other conditions of the child using photography as appropriate and the checklist or form developed for this purpose.

(b) Notify the Investigative Bureau supervisor so an interagency response can begin.

330.10   STATE MANDATES AND OTHER RELEVANT LAWS
California requires or permits the following:

330.10.1 RELEASE OF REPORTS
Information related to incidents of child abuse or suspected child abuse shall be confidential and may only be disclosed pursuant to state law and the Records Maintenance and Release Policy (Penal Code 841.5; Penal Code § 11167.5).

330.10.2 REQUESTS FOR REMOVAL FROM THE CHILD ABUSE CENTRAL INDEX (CACI)
Any person whose name has been forwarded to the California Department of Justice (DOJ) for placement in California’s CACI, as a result of an investigation, may request that his/her name be removed from the CACI list. Requests shall not qualify for consideration if there is an active
case, ongoing investigation or pending prosecution that precipitated the entry to CACI (Penal Code § 11169). All requests for removal shall be submitted in writing by the requesting person and promptly routed to the CACI hearing officer.

330.10.3 CACI HEARING OFFICER
The Investigative Bureau supervisor will normally serve as the hearing officer but must not be actively connected with the case that resulted in the person’s name being submitted to CACI. Upon receiving a qualified request for removal, the hearing officer shall promptly schedule a hearing to take place during normal business hours and provide written notification of the time and place of the hearing to the requesting party.

330.10.4 CACI HEARING PROCEDURES
The hearing is an informal process where the person requesting removal from the CACI list will be permitted to present relevant evidence (e.g., certified copy of an acquittal, factual finding of innocence) as to why his/her name should be removed. The person requesting the hearing may record the hearing at his/her own expense.

Formal rules of evidence will not apply and the hearing officer may consider, in addition to evidence submitted by the person requesting the hearing, any relevant information including, but not limited to, the following:

(a) Case reports including any supplemental reports
(b) Statements by investigators
(c) Statements from representatives of the District Attorney’s Office
(d) Statements by representatives of a child protective agency who may be familiar with the case

After considering all information presented, the hearing officer shall make a determination as to whether the requesting party’s name should be removed from the CACI list. Such determination shall be based on a finding that the allegations in the investigation are not substantiated (Penal Code § 11169).

If, after considering the evidence, the hearing officer finds that the allegations are not substantiated, he/she shall cause a request to be completed and forwarded to the DOJ that the person’s name be removed from the CACI list. A copy of the hearing results and the request for removal will be attached to the case reports.

The findings of the hearing officer shall be considered final and binding.

330.10.5 CHILD DEATH REVIEW TEAM
This department should cooperate with any interagency child death review team investigation. Written and oral information relating to the death of a child that would otherwise be subject to release restrictions may be disclosed to the child death review team upon written request and approval of a supervisor (Penal Code § 11174.32).
330.11 TRAINING
The Department should provide training on best practices in child abuse investigations to members tasked with investigating these cases. The training should include:

(a) Participating in multidisciplinary investigations, as appropriate.
(b) Conducting forensic interviews.
(c) Availability of therapy services for children and families.
(d) Availability of specialized forensic medical exams.
(e) Cultural competence (including interpretive services) related to child abuse investigations.
(f) Availability of victim advocate or guardian ad litem support.
**Missing Persons**

**332.1 PURPOSE AND SCOPE**
This policy provides guidance for handling missing person investigations.

**332.1.1 DEFINITIONS**

At risk - Includes, but is not limited to (Penal Code § 14215):

- A victim of a crime or foul play.
- A person missing and in need of medical attention.
- A missing person with no pattern of running away or disappearing.
- A missing person who may be the victim of parental abduction.
- A mentally impaired missing person, including cognitively impaired or developmentally disabled.

Missing person - Any person who is reported missing to law enforcement when the person’s location is unknown. This includes a child who has been taken, detained, concealed, enticed away or kept by a parent in violation of the law (Penal Code § 277 et seq.). It also includes any child who is missing voluntarily, involuntarily or under circumstances that do not conform to his/her ordinary habits or behavior, and who may be in need of assistance (Penal Code § 14215).

Missing person networks - Databases or computer networks available to law enforcement and that are suitable for information related to missing persons investigations. These include the National Crime Information Center (NCIC), the California Law Enforcement Telecommunications System (CLETS), Missing Person System (MPS) and the Unidentified Persons System (UPS).

**332.2 POLICY**
The Laguna Beach Police Department does not consider any report of a missing person to be routine and assumes that the missing person is in need of immediate assistance until an investigation reveals otherwise. The Laguna Beach Police Department gives missing person cases priority over property-related cases and will not require any time frame to pass before beginning a missing person investigation (Penal Code § 14211).

**332.3 REQUIRED FORMS AND BIOLOGICAL SAMPLE COLLECTION KITS**
The Investigative Services supervisor should ensure the forms and kits are developed and available in accordance with this policy, state law, federal law and the California Peace Officer Standards and Training (POST) Missing Persons Investigations guidelines, including:

- Department report form for use in missing person cases
- Missing person investigation checklist that provides investigation guidelines and resources that could be helpful in the early hours of a missing person investigation (Penal Code § 13519.07)
Missing Persons

• Missing person school notification form
• Medical records release form from the California Department of Justice
• California DOJ missing person forms as appropriate
• Biological sample collection kits

332.4 ACCEPTANCE OF REPORTS
Any member encountering a person who wishes to report a missing person or runaway shall render assistance without delay (Penal Code § 14211). This can be accomplished by accepting the report via telephone or in-person and initiating the investigation. Those members who do not take such reports or who are unable to render immediate assistance shall promptly dispatch or alert a member who can take the report.

A report shall be accepted in all cases and regardless of where the person was last seen, where the person resides or any other question of jurisdiction (Penal Code § 14211).

332.5 INITIAL INVESTIGATION
Officers or other members conducting the initial investigation of a missing person should take the following investigative actions, as applicable:

(a) Respond to a dispatched call for service as soon as practicable.
(b) Interview the reporting party and any witnesses to determine whether the person qualifies as a missing person and, if so, whether the person may be at risk.
(c) Notify a supervisor immediately if there is evidence that a missing person is either at risk or may qualify for a public alert, or both (see the Public Alerts Policy).
(d) Broadcast a "Be on the Look-Out" (BOLO) bulletin if the person is under 21 years of age or there is evidence that the missing person is at risk. The BOLO should be broadcast as soon as practicable but in no event more than one hour after determining the missing person is under 21 years of age or may be at risk (Penal Code § 14211).
(e) Ensure that entries are made into the appropriate missing person networks as follows:
   1. Immediately, when the missing person is at risk.
   2. In all other cases, as soon as practicable, but not later than two hours from the time of the initial report.
(f) Complete the appropriate report forms accurately and completely and initiate a search as applicable under the facts.
(g) Collect and/or review:
   1. A photograph and a fingerprint card of the missing person, if available.
Missing Persons

2. A voluntarily provided biological sample of the missing person, if available (e.g., toothbrush, hairbrush).

3. Any documents that may assist in the investigation, such as court orders regarding custody.

4. Any other evidence that may assist in the investigation, including personal electronic devices (e.g., cell phones, computers).

(h) When circumstances permit and if appropriate, attempt to determine the missing person’s location through his/her telecommunications carrier.

(i) Contact the appropriate agency if the report relates to a previously made missing person report and another agency is actively investigating that report. When this is not practical, the information should be documented in an appropriate report for transmission to the appropriate agency. If the information relates to an at-risk missing person, the member should notify a supervisor and proceed with reasonable steps to locate the missing person.

332.6 REPORT PROCEDURES AND ROUTING
Employees should complete all missing person reports and forms promptly and advise the appropriate supervisor as soon as a missing person report is ready for review.

332.6.1 SUPERVISOR RESPONSIBILITIES
The responsibilities of the supervisor shall include, but are not limited to:

(a) Reviewing and approving missing person reports upon receipt.
   1. The reports should be promptly sent to the Records Bureau.

(b) Ensuring resources are deployed as appropriate.

(c) Initiating a command post as needed.

(d) Ensuring applicable notifications and public alerts are made and documented.

(e) Ensuring that records have been entered into the appropriate missing persons networks.

(f) Taking reasonable steps to identify and address any jurisdictional issues to ensure cooperation among agencies.

If the case falls within the jurisdiction of another agency, the supervisor should facilitate transfer of the case to the agency of jurisdiction.

332.6.2 RECORDS BUREAU RESPONSIBILITIES
The receiving member shall:

(a) As soon as reasonable under the circumstances, notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person’s
residence in cases where the missing person is a resident of another jurisdiction (Penal Code § 14211).

(b) Notify and forward a copy of the report to the law enforcement agency in whose jurisdiction the missing person was last seen (Penal Code § 14211).

(c) Notify and forward a copy of the report to the law enforcement agency having jurisdiction over the missing person’s intended or possible destination, if known.

(d) Forward a copy of the report to the Investigative Bureau.

(e) Coordinate with the NCIC Terminal Contractor for California to have the missing person record in the NCIC computer networks updated with additional information obtained from missing person investigations (42 USC § 5780).

332.7 INVESTIGATIVE BUREAU FOLLOW-UP

In addition to completing or continuing any actions listed above, the investigator assigned to a missing person investigation:

(a) Shall ensure that the missing person’s school is notified within 10 days if the missing person is a juvenile.
   1. The notice shall be in writing and should also include a photograph (Education Code § 49068.6).
   2. (h) The assigned officer(s) will provide the victim(s) of any suspected hate crime with a brochure on hate crimes (Penal Code § 422.92). Such brochures will also be available to members of the general public upon request. The assigned officer(s) should also make reasonable efforts to assist the victim(s) by providing available information on local assistance programs and organizations.

(i) The assigned officer(s) and supervisor should take reasonable steps to ensure that any such situation does not escalate further (e.g., Possible Temporary Restraining Order through the District Attorney or City Attorney Penal Code § 136.2 or Civil Code § 52.1 as indicated).

338.4.2 SUPERVISOR RESPONSIBILITY

(a) Review related reports to verify whether the incident is appropriately classified as a hate crime for federal and state bias crime-reporting purposes.

338.5 TRAINING
All members of this department will receive POST-approved training on hate crime recognition and investigation as provided by Penal Code § 13519.6. Training should also include recognition of bias motivators such as ranges of attitudes and perceptions toward a specific characteristic or group.
Standards of Conduct

340.1 PURPOSE AND SCOPE
This policy establishes standards of conduct that are consistent with the values and mission of the Laguna Beach Police Department and are expected of all department members. The standards contained in this policy are not intended to be an exhaustive list of requirements and prohibitions but they do identify many of the important matters concerning conduct. In addition to the provisions of this policy, members are subject to all other provisions contained in this manual, as well as any additional guidance on conduct that may be disseminated by this department or a member’s supervisors.

340.2 POLICY
The continued employment or appointment of every member of the Laguna Beach Police Department shall be based on conduct that reasonably conforms to the guidelines set forth herein. Failure to meet the guidelines set forth in this policy, whether on- or off-duty, may be cause for disciplinary action.

340.3 DIRECTIVES AND ORDERS
Members shall comply with lawful directives and orders from any department supervisor or person in a position of authority, absent a reasonable and bona fide justification.

340.3.1 UNLAWFUL OR CONFLICTING ORDERS
Supervisors shall not knowingly issue orders or directives that, if carried out, would result in a violation of any law or department policy. Supervisors should not issue orders that conflict with any previous order without making reasonable clarification that the new order is intended to countermand the earlier order.

No member is required to obey any order that appears to be in direct conflict with any federal law, state law or local ordinance. Following a known unlawful order is not a defense and does not relieve the member from criminal or civil prosecution or administrative discipline. If the legality of an order is in doubt, the affected member shall ask the issuing supervisor to clarify the order or shall confer with a higher authority. The responsibility for refusal to obey rests with the member, who shall subsequently be required to justify the refusal.

Unless it would jeopardize the safety of any individual, members who are presented with a lawful order that is in conflict with a previous lawful order, department policy or other directive shall respectfully inform the issuing supervisor of the conflict. The issuing supervisor is responsible for either resolving the conflict or clarifying that the lawful order is intended to countermand the previous lawful order or directive, in which case the member is obliged to comply. Members who are compelled to follow a conflicting lawful order after having given the issuing supervisor the opportunity to correct the conflict, will not be held accountable for disobedience of the lawful order or directive that was initially issued.
Standards of Conduct

The person countermanding the original order shall notify, in writing, the person issuing the original order, indicating the action taken and the reason.

340.3.2 SUPERVISOR RESPONSIBILITIES
Supervisors and managers are required to follow all policies and procedures and may be subject to discipline for:

(b) Failure to promptly and fully report any known misconduct of a member to his/her immediate supervisor or to document such misconduct appropriately or as required by policy.

(c) Directing a subordinate to violate a policy or directive, acquiesce to such a violation, or are indifferent to any such violation by a subordinate.

(d) The unequal or disparate exercise of authority on the part of a supervisor toward any member for malicious or other improper purpose.

340.4 GENERAL STANDARDS
Members shall conduct themselves, whether on- or off-duty, in accordance with the United States and California Constitutions and all applicable laws, ordinances and rules enacted or established pursuant to legal authority.

Members shall familiarize themselves with policies and procedures and are responsible for compliance with each. Members should seek clarification and guidance from supervisors in the event of any perceived ambiguity or uncertainty.

Discipline may be initiated for any good cause. It is not mandatory that a specific policy or rule violation be cited to sustain discipline. This policy is not intended to cover every possible type of misconduct.

340.5 CAUSES FOR DISCIPLINE
The following are illustrative of causes for disciplinary action. Information Technology Use

342.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the proper use of department information technology resources, including computers, electronic devices, hardware, software and systems.

342.1.1 DEFINITIONS
Definitions related to this policy include:

**Computer system** - All computers (on-site and portable), electronic devices, hardware, software, and resources owned, leased, rented or licensed by the Laguna Beach Police Department that are provided for official use by its members. This includes all access to, and use of, Internet Service Providers (ISP) or other service providers provided by or through the Department or department funding.

**Hardware** - Includes, but is not limited to, computers, computer terminals, network equipment, electronic devices, telephones, including cellular and satellite, pagers, modems or any other tangible computer device generally understood to comprise hardware.

**Software** - Includes, but is not limited to, all computer programs, systems and applications, including shareware. This does not include files created by the individual user.

**Temporary file, permanent file or file** - Any electronic document, information or data residing or located, in whole or in part, on the system including, but not limited to, spreadsheets, calendar entries, appointments, tasks, notes, letters, reports, messages, photographs or videos.

342.2 POLICY
It is the policy of the Laguna Beach Police Department that members shall use information technology resources, including computers, software and systems, that are issued or maintained by the Department in a professional manner and in accordance with this policy.

342.3 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to emails, texts or anything published, shared, transmitted or maintained through file-sharing software or any Internet site that is accessed, transmitted, received or reviewed on any department computer system.

The Department reserves the right to access, audit and disclose, for whatever reason, any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department, including the department email system, computer network and/or any information placed into storage on any department system or device. This includes records of all keystrokes or Web-browsing history made at any department computer or over any department network. The fact that access to a database, service or website requires a username or password will not create an expectation of privacy if it is accessed through department computers, electronic devices or networks.
Information Technology Use

However, the Department may not require a member to disclose a personal username or password or open a personal social website, except when access is reasonably believed to be relevant to the investigation of allegations of work-related misconduct (Labor Code § 980).

342.4 RESTRICTED USE
Members shall not access computers, devices, software or systems for which they have not received prior authorization or the required training. Members shall immediately report unauthorized access or use of computers, devices, software or systems by another member to their supervisors or Watch Commanders.

Members shall not use another person’s access passwords, logon information and other individual security data, protocols and procedures unless directed to do so by a supervisor.

342.4.1 INTERNET USE
Internet access provided by or through the Department shall be strictly limited to department-related activities. Internet sites containing information that is not appropriate or applicable to department use and which shall not be intentionally accessed include, but are not limited to, adult forums, pornography, gambling, chat rooms and similar or related Internet sites. Certain exceptions may be permitted with the express approval of a supervisor as a function of a member’s assignment.

Downloaded information shall be limited to messages, mail and data files.

342.4.2 HARDWARE
Access to technology resources provided by or through the Department shall be strictly limited to department-related activities. Data stored on or available through department computer systems shall only be accessed by authorized members who are engaged in an active investigation or assisting in an active investigation, or who otherwise have a legitimate law enforcement or department-related purpose to access such data. Any exceptions to this policy must be approved by a supervisor.

To reduce the risk of a computer virus or malicious software, members shall not install any unlicensed or unauthorized software on any department computer. Members shall not install personal copies of any software onto any department computer.

When related to criminal investigations, software program files may be downloaded only with the approval of the information systems technology (IT) staff and with the authorization of the Chief of Police or the authorized designee.

No member shall knowingly make, acquire or use unauthorized copies of computer software that is not licensed to the Department while on department premises, computer systems or electronic
Information Technology Use

devices. Such unauthorized use of software exposes the Department and involved members to severe civil and criminal penalties.

Introduction of software by members should only occur as part of the automated maintenance or update process of department- or City-approved or installed programs by the original manufacturer, producer or developer of the software.

Any other introduction of software requires prior authorization from IT staff and a full scan for malicious attachments.

342.4.4 OFF-DUTY USE
Members shall only use technology resources provided by the Department while on-duty or in conjunction with specific on-call assignments unless specifically authorized by a supervisor. This includes the use of telephones, cell phones, texting, email or any other "off the clock" work-related activities. This also applies to personally owned devices that are used to access department resources.

Refer to the Personal Communication Devices Policy for guidelines regarding off-duty use of personally owned technology.

342.5 PROTECTION OF AGENCY SYSTEMS AND FILES
All members have a duty to protect the computer system and related systems and devices from physical and environmental damage and are responsible for the correct use, operation, care and maintenance of the computer system.

Members shall ensure department computers and access terminals are not viewable by persons who are not authorized users. Computers and terminals should be secured, users logged off and password protections enabled whenever the user is not present. Access passwords, logon information and other individual security data, protocols and procedures are confidential information and are not to be shared. Password length, format, structure and content shall meet the prescribed standards required by the computer system or as directed by a supervisor and shall be changed at intervals as directed by IT staff or a supervisor.

It is prohibited for a member to allow an unauthorized user to access the computer system at any time or for any reason. Members shall promptly report any unauthorized access to the computer system or suspected intrusion from outside sources (including the Internet) to a supervisor.

342.6 INSPECTION OR REVIEW
A supervisor or the authorized designee has the express authority to inspect or review the computer system, all temporary or permanent files, related electronic systems or devices, and any contents thereof, whether such inspection or review is in the ordinary course of his/her supervisory duties or based on cause.

Reasons for inspection or review may include, but are not limited to, computer system malfunctions, problems or general computer system failure, a lawsuit against the Department
Information Technology Use

involving one of its members or a member’s duties, an alleged or suspected violation of any department policy, a request for disclosure of data, or a need to perform or provide a service.

The IT staff may extract, download or otherwise obtain any and all temporary or permanent files residing or located in or on the department computer system when requested by a supervisor or during the course of regular duties that require such information.

342.7 DEPARTMENT TELEPHONES
Departmental telephone equipment is not to be used for the transmission of private messages. Telephones shall be used in accordance with city administrative and departmental policies.
Report Preparation

344.1 PURPOSE AND SCOPE
Report preparation is a major part of each officer's job. The purpose of reports is to document sufficient information to refresh the officer’s memory and to provide sufficient information for follow-up investigation and successful prosecution. Report writing is the subject of substantial formalized training and on-the-job training.

344.1.1 REPORT PREPARATION
Employees should ensure that reports are sufficiently detailed for their purpose and free from errors prior to submission. It is the responsibility of the assigned employee to complete and submit all reports taken during the shift before going off-duty unless permission to hold the report has been approved by a supervisor. Generally, reports requiring prompt follow-up action on active leads, or arrest reports where the suspect remains in custody should not be held.

Handwritten reports must be prepared legibly. If the report is not legible, the submitting employee will be required by the reviewing supervisor to promptly make corrections and resubmit the report. Employees who dictate reports shall use appropriate grammar, as content is not the responsibility of the typist. Employees who generate reports on computers are subject to all requirements of this policy.

All reports shall accurately reflect the identity of the persons involved, all pertinent information seen, heard or assimilated by any other sense, and any actions taken. Employees shall not suppress, conceal or distort the facts of any reported incident, nor shall any employee make a false report orally or in writing. Generally, the reporting employee’s opinions should not be included in reports unless specifically identified as such.

344.1.2 COMPLETION OF REPORTS
Employees who are assigned to take official police reports shall complete and submit their reports prior to the end of their shift unless prior authorization to hold the report is received from his/her supervisor. This is not an uncommon practice if the officer is returning to work the following day.

Exception: All reports involving an "in-custody", who is going to court, must be completed prior to the officer going off duty.

No reports can be held over an officer's days off, unless prior approval from a supervisor is given. The supervisor must sign and date the report hold slip and indicate that the report can be held "over days off." This practice is to be avoided as much as possible and should be used in extraordinary cases.

Incomplete reports shall be placed in the hold tray with the appropriate hold slip.

344.2 REQUIRED REPORTING
Written reports are required in all of the following situations on the appropriate department approved form unless otherwise approved by a supervisor.
344.2.1 CRIMINAL ACTIVITY
When a member responds to a call for service, or as a result of self-initiated activity becomes aware of any activity where a crime has occurred, the member shall document the incident regardless of whether a victim desires prosecution. Activity to be documented in a written report includes:

(a) All arrests
(b) All felony crimes
(c) Non-Felony incidents involving threats or stalking behavior
(d) Situations covered by separate policy. These include:
   1. Use of Force Policy
   2. Domestic Violence Policy
   3. Child Abuse Policy
   4. Adult Abuse Policy
   5. Hate Crimes Policy
   6. Suspicious Activity Reporting Policy
(e) All misdemeanor crimes where the victim desires a report

Misdemeanor crimes where the victim does not desire a report shall be documented using the department-approved alternative reporting method (e.g., dispatch log).

344.2.2 NON-CRIMINAL ACTIVITY
The following incidents shall be documented using the appropriate approved report:

(a) Anytime an officer points a firearm at any person
(b) Any use of force against any person by a member of this department (see the Use of Force Policy)
(c) Any firearm discharge (see the Firearms and Qualification Policy)
(d) Anytime a person is reported missing, regardless of jurisdiction (see the Missing Persons Reporting Policy)
(e) Any found property or found evidence
(f) Any traffic collisions above the minimum reporting level (see Traffic Collision Reporting Policy)
(g) Suspicious incidents that may indicate a potential for crimes against children or that a child's safety is in jeopardy
(h) All protective custody detentions
(i) Suspicious incidents that may place the public or others at risk
Report Preparation

(j) Whenever the employee believes the circumstances should be documented or at the direction of a supervisor

344.2.3 DEATH CASES
Death investigations require specific investigation methods depending on circumstances and should be handled in accordance with the Death Investigations Policy. The handling officer should notify and apprise a supervisor of the circumstances surrounding the incident to determine how to proceed. The following cases shall be appropriately investigated and documented using the approved report:

(a) Sudden or accidental deaths.
(b) Suicides.
(c) Homicide or suspected homicide.
(d) Unattended deaths (No physician or qualified hospice care in the 20 days preceding death).
(e) Found dead bodies or body parts.

344.2.4 INJURY OR DAMAGE BY CITY PERSONNEL
Reports shall be taken if an injury occurs that is a result of an act of a City employee. Additionally, reports shall be taken involving damage to City property or City equipment.

344.2.5 MISCELLANEOUS INJURIES
Any injury that is reported to this department shall require a report when:

(a) The injury is a result of drug overdose
(b) Attempted suicide
(c) The injury is major/serious, whereas death could result
(d) The circumstances surrounding the incident are suspicious in nature and it is desirable to record the event

The above reporting requirements are not intended to be all-inclusive. A supervisor may direct an employee to document any incident he/she deems necessary.

344.2.6 MANDATORY REPORTING OF JUVENILE GUNSHOT INJURIES
A report shall be taken when any incident in which a child 18 years or younger suffered an unintentional or self-inflicted gunshot wound. The Records Bureau shall notify the California Department of Public Health (CDPH) of the incident, on a form provided by the state. Forms may be obtained from the CDPH website (Penal Code § 23685).

344.3 GENERAL POLICY OF EXPEDITIOUS REPORTING
In general, all officers and supervisors shall act with promptness and efficiency in the preparation and processing of all reports. An incomplete report, unorganized reports or reports delayed without
supervisory approval are not acceptable. Reports shall be processed according to established priorities or according to special priority necessary under exceptional circumstances.

344.3.1 GENERAL POLICY OF HANDWRITTEN REPORTS
Some incidents and report forms lend themselves to block print rather than typing. In general, the narrative portion of those reports where an arrest is made or when there is a long narrative should be typed or dictated.

Supervisors may require, with the foregoing general policy in mind, block printing or typing of reports of any nature for departmental consistency.

344.3.2 GENERAL USE OF OTHER HANDWRITTEN FORMS
County, state and federal agency forms may be block printed as appropriate. In general, the form itself may make the requirement for typing apparent.

344.4 REPORT CORRECTIONS
Supervisors shall review reports for content and accuracy. If a correction is necessary, the reviewing supervisor should complete the Report Correction form stating the reasons for rejection (or send back electronically via ILEADS). The original report and the correction form should be returned to the reporting employee for correction as soon as practical. It shall be the responsibility of the originating officer to ensure that any report returned for correction is processed in a timely manner.

344.5 REPORT CHANGES OR ALTERATIONS
Reports that have been approved by a supervisor and submitted to the Records Bureau for filing and distribution shall not be modified or altered except by way of a supplemental report. Reviewed reports that have not yet been submitted to the Records Bureau may be corrected or modified by the authoring officer only with the knowledge and authorization of the reviewing supervisor.

344.6 USE OF ILEADS
The police department's report management system is called ILEADS. ILEADS is a paperless system requiring the reports to be completed and submitted electronically.

Nearly every report completed by the officers will be in this electronic format.

ILEADS has several components which require different data for the specific event being documented. For instance, a traffic accident report requires that the accident module, name and vehicle modules all be completed. A crime report would require a name module and the incident module.

For specific inquiries about the entry parameters and capabilities of ILEADS, the Intergraph manual should be used. Reference manuals are located in the report writing room, the Watch Commanders Office and the Support Services Supervisor's Office.
Media Relations

346.1 PURPOSE AND SCOPE
This policy provides guidelines for media releases and media access to scenes of disasters, criminal investigations, emergencies and other law enforcement activities.

346.2 RESPONSIBILITIES

346.2.1 MEDIA REQUEST
Any media request for information or access to a law enforcement situation shall be referred to the designated department media representative, or if unavailable, to the first available supervisor. Prior to releasing any information to the media, employees shall consider the following:

(a) At no time shall any employee of this department make any comment or release any official information to the media without prior approval from a supervisor or the designated department media representative;

(b) In situations involving multiple law enforcement agencies, every reasonable effort should be made to coordinate media releases with the authorized representative of each involved agency prior to the release of any information by this department;

(a) The media representative shall produce valid press credentials that shall be prominently displayed at all times while in areas otherwise closed to the public.

(b) Media representatives may be prevented from interfering with emergency operations and criminal investigations.

1. Reasonable effort should be made to provide a safe staging area for the media that is near the incident and that will not interfere with emergency or criminal investigation operations. All information released to the media should

be coordinated through the department Press Information Officer or other designated spokesperson.

2. Whenever the presence of media or other aircraft pose a threat to public or officer safety or significantly hampers incident operations, the field supervisor should consider requesting a Temporary Flight Restriction (TFR). All requests for a TFR should be routed through the Watch Commander. The TFR request should include specific information regarding the perimeter and altitude necessary for the incident and should be requested through the appropriate control tower. If the control tower is not known, the Federal Aviation Administration should be contacted (14 CFR 91.137).

(c) No member of this department who is under investigation shall be subjected to media visits or interviews without the consent of the involved employee (Government Code § 3303(e)).

(d) Media interviews with individuals who are in custody should not be permitted without the approval of the Chief of Police and the express consent of the person in custody.

A tactical operation should be handled in the same manner as a crime scene, except the news media shall be permitted within the outer perimeter of the scene, subject to any restrictions as determined by the supervisor in charge. Department members shall not jeopardize a tactical operation in order to accommodate the news media. All comments to the media shall be coordinated through a supervisor or the Press Information Officer.

346.3.1 PROVIDING ADVANCE INFORMATION
To protect the safety and rights of officers and other persons, advance information about planned actions by law enforcement personnel, such as movement of persons in custody or the execution of an arrest or search warrant, should not be disclosed to the news media, nor should media representatives be invited to be present at such actions except with the prior approval of the Chief of Police.

Any exceptions to the above should only be considered for the furtherance of legitimate law enforcement purposes. Prior to approving any exception the Chief of Police will consider, at minimum, whether the release of information or presence of the media would unreasonably endanger any individual, prejudice the rights of any person or is otherwise prohibited by law.

346.4 SCOPE OF INFORMATION SUBJECT TO RELEASE
The Department will maintain a daily information log of significant law enforcement activities that shall be made available, upon request, to media representatives through the Watch Commander. This log will generally contain the following information:

(a) The date, time, location, case number, type of crime, extent of injury or loss, and names of individuals (except confidential informants) involved in crimes occurring within this jurisdiction unless the release of such information would endanger the
safety of any individual or jeopardize the successful completion of any ongoing investigation

(b) The date, time, location, case number, name, birth date and charges for each person arrested by this department unless the release of such information would endanger the safety of any individual or jeopardize the successful completion of any ongoing investigation

(c) The time and location of other significant law enforcement activities or requests for service with a brief summary of the incident subject to the restrictions of this policy and applicable law

At no time shall identifying information pertaining to a juvenile arrestee (13 years of age and under), victim or witness be publicly released without prior approval of a competent court. The identity of a minor 14 years of age or older shall not be publicly disclosed unless the minor has been arrested for a serious felony and the release of such information has been approved by the Watch Commander (Welfare and Institutions Code § 827.5).

Identifying information concerning deceased individuals shall not be released to the media until notification of next of kin or otherwise cleared through the Coroner's Office.

Any requests for copies of related reports or additional information not contained in this log shall be referred to the designated department media representative, the custodian of records, or if unavailable, to the Watch Commander. Such requests will generally be processed in accordance with the provisions of the Public Records Act (Government Code § 6250, et seq.).

346.4.1 RESTRICTED INFORMATION
It shall be the responsibility of the authorized employee dealing with media requests to ensure that restricted information is not inappropriately released to the media by this department. When in doubt, authorized and available legal counsel should be obtained.
Subpoenas and Court Appearances

348.1 PURPOSE AND SCOPE
This policy establishes the guidelines for department members who must appear in court. It will allow the Laguna Beach Police Department to cover any related work absences and keep the Department informed about relevant legal matters.

348.1.1 DEFINITIONS
On-Call - When an employee has appeared in court, or is at the time on-duty, and has been told by a member of the court that he/she is free to leave the court or return to duty, subject to being available by phone or pager if called back.

Standby - When an employee receives a subpoena of a type which allows him or her to not appear in court, but remain available by phone or pager so that he or she may be directed to appear in court within a reasonable amount of time.

Trailing Status - When an employee remains on standby status for additional court sessions until notified otherwise.

Mandatory Appearance - Subpoenas marked as mandatory appearance require an employee's physical appearance in the specified court. Failure to timely appear in the specified court, either intentionally or by negligence, may result in disciplinary action.

348.2 POLICY
Laguna Beach Police Department members will respond appropriately to all subpoenas and any other court-ordered appearances.

348.2.1 SERVICE OF SUBPOENA
Service of a subpoena requiring the appearance of any department employee in connection with a matter arising out of the employee's course and scope of official duties may be accomplished by personal service on the employee, by delivery of two copies of the subpoena on the employee's supervisor or other authorized departmental agent, or electronically ( Government Code § 68097.1 and Penal Code § 1328(c)). Subpoena service is also acceptable by courier or court liaison from the court to this department.

348.2.2 VALID SUBPOENAS
No subpoena shall be accepted for an employee of this department unless it has been properly served and verified to have originated from a recognized legal authority.

348.2.3 ACCEPTANCE OF SUBPOENA
   (a) Only the employee named in a subpoena, his/her immediate supervisor or the department subpoena clerk shall be authorized to accept service of a subpoena. (Penal Code § 1328(c)). Any authorized employee accepting a subpoena shall immediately provide a copy of the subpoena to the department subpoena clerk. The
**Subpoenas and Court Appearances**

The subpoena clerk shall maintain a chronological log of all department subpoenas and provide a copy of the subpoena to each involved employee. (This is completed through the "subpoena book" in the Watch Commander's Office. The Court Liaison Officer is the responsible "subpoena clerk" and tasked with maintaining the integrity of the subpoena book.)

(b) Any supervisor or other authorized individual accepting a subpoena on behalf of another employee shall immediately check available schedules to determine the availability of the named employee for the date listed on the subpoena.

(c) Once a subpoena has been received by a supervisor or other authorized individual, a copy of the subpoena shall be promptly provided to the subpoena clerk as well as a copy to the individually named employee.

(d) Subpoenas from the district attorney’s office are accepted without any fees of deposit. These are usually sent directly to the employee electronically. Civil subpoenas require a $275 subpoena acceptance deposit.

**348.2.4 COURT STANDBY**

To facilitate court standby agreements with the courts, employees are required to provide and maintain current information on their address and phone number with the Department. Employees are required to notify the Department within 24 hours of any change in residence address or home phone number, and to provide accurate and reasonably reliable means or methods for contact.

If an employee on standby changes his/her location during the day, the employee shall notify the subpoena clerk of how he/she can be reached by telephone. Employees are required to remain on standby each day the case is trailing. In a criminal case the Deputy District Attorney handling the case is the only person authorized to excuse an employee from standby status.

**Standby Compensation** - When any sworn police department member is placed on call by the court, the following procedures shall apply:

(a) The day is broken into two (2) segments.

1. Morning (0800-1300)
2. Afternoon (1300-1700)

(b) The employee shall be compensated at a rate of 2 hours straight time for the morning on-call. This is a flat rate even if taken off call prior to 1300 hours.

(c) The employee shall be compensated at a rate of 1 hour straight time for afternoon on-call. This is a flat rate even if taken off call prior to 1700 hours.

The completed overtime slip shall indicate the actual hours of on-call (e.g., 0800-1300) and whether or not it was morning, afternoon, both, or continued from the previous day. The subpoena shall be attached to the variance of duty slip when submitted.
If the employee is called into court for an appearance, stand-by pay is nullified and regular court pay rules apply (348.4).

348.2.5 FAILURE TO APPEAR
Any employee who fails to comply with the terms of any valid and properly served subpoena may be subject to discipline as well as court imposed civil and/or criminal sanctions.

348.3 SUBPOENAS
Only department members authorized to receive a subpoena on behalf of this department or any of its members may do so. This may be accomplished by personal service to the officer or by delivery of two copies of the subpoena to the officer's supervisor or other authorized departmental agent (Government Code § 68097.1; Penal Code § 1328(c)).

The party that issues a civil subpoena to an officer to testify as a witness must tender the statutory fee of $275 with the subpoena for each day that an appearance is required before service is accepted of the subpoena (Government Code § 68097.2).

An immediate supervisor or authorized individual may refuse to accept service for a criminal subpoena if (Penal Code § 1328(d)(e)):

(a) He/she knows that he/she will be unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena.

(b) It is less than five working days prior to the date listed for an appearance and he/she is not reasonably certain that service can be completed.

If, after initially accepting service of a criminal subpoena, a supervisor or other authorized individual determines that he/she is unable to deliver a copy of the subpoena to the named officer within sufficient time for the named officer to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

348.3.1 SPECIAL NOTIFICATION REQUIREMENTS
Any member who is subpoenaed to testify, agrees to testify or provides information on behalf of or at the request of any party other than the City Attorney or the prosecutor shall notify his/her immediate supervisor without delay regarding:

(a) Any civil case where the City or one of its members, as a result of his/her official capacity, is a party.

Subpoenas and Court Appearances

The supervisor will then notify the Chief of Police and the appropriate prosecuting attorney as may be indicated by the case. The Chief of Police should determine if additional legal support is necessary.

No member shall be retaliated against for testifying in any matter.

348.3.2 CIVIL SUBPOENA
The Department will compensate members who appear in their official capacities on civil matters arising out of their official duties, as directed by the current memorandum of understanding or collective bargaining agreement.

The Department should seek reimbursement for the member’s compensation through the civil attorney of record who subpoenaed the member.

348.3.3 OFF-DUTY RELATED SUBPOENAS
Members receiving valid subpoenas for off-duty actions not related to their employment or appointment will not be compensated for their appearance. Arrangements for time off shall be coordinated through their immediate supervisors.

348.3.4 COURT ACTION AGAINST THE DEPARTMENT AND CIVIL SUBPOENAS
All materials and correspondence relative to a civil lawsuit or court actions against the City and Police Department shall be coordinated and maintained by the Investigative Services Division Commander. All questions, correspondence, etc., regarding a lawsuit or other court action shall be referred to this division commander for followup.

• Forward the document(s) to the Support Services Supervisor (who will log it and forward it to the Investigative Services Division Commander)

The Investigative Services Division Commander will then:

• After making two copies, forward the original document(s) to the City Clerk's Office.
• File one copy in the "civil lawsuit file."
• Forward one copy to the officer involved
• If necessary, the division commander may need to confer with the City Attorney as to whether or not there exists a need for investigative action.
Subpoenas and Court Appearances

Any assistance, request for information, or questions from the City Attorney or City insurance carrier, pertaining to a pending lawsuit, shall be the responsibility of the Investigative Services Division Commander. All materials and correspondence relative to a pending lawsuit or court action shall be filed with all other documents relating to the specific case.

When any copies of material, reports, etc., relating to a lawsuit are supplied to any party, a notation of the date and material supplied shall be made in the file.

348.3.5 CIVIL ACTION INTERVIEWS
Civil action interviews involving members which arise out of departmental employment shall be conducted according to current departmental directions.

348.4 OVERTIME APPEARANCES
If the officer appeared on his/her off-duty time, he/she will be compensated in accordance with the current employee Memorandum of Understanding.

The overtime on such appearance will be paid from the time the officer left his/her residence until he/she returned.

When any police department employee appears in, or in called to court, he/she shall be compensated a minimum of three (3) hours of straight time pay at the present pay scale.

• This shall be paid for any time under two (2) hours actually spent at the court.

• If the employee spends over two (2) hours at court, regular overtime rules apply.

The same scale exists if an officer is called to civil or criminal court and/or giving a deposition.

To facilitate standby agreements, members are required to provide and maintain current information on their addresses and contact telephone numbers with the Department.

If a member on standby changes his/her location during the day, the member shall notify the designated department member of how he/she can be reached. Members are required to remain on standby until released by the court or the party that issued the subpoena.

Subpoenas and Court Appearances

348.7 TESTIFYING AGAINST THE INTEREST OF THE PEOPLE OF THE STATE
Any member or employee who is subpoenaed to testify, who has agreed to testify, or who anticipates testifying or providing information on behalf of or at the request of any party other than the People of the State of California, any county, any city, or any of their officers and employees in which any of those entities are parties, will notify their immediate supervisor without delay. The supervisor will then notify the Chief of Police, District Attorney's Office in criminal cases, County Counsel or City Attorney, as may be indicated by the case.

This includes, but is not limited to the following situations:

(a) Providing testimony or information for the defense in any criminal trial or proceeding;
(b) Providing testimony or information for the plaintiff in a civil proceeding against any county, any city, or their officers and employees; or

(d) Long Term Illness or Disability with Physician Recommendation.

Any law enforcement agency employee-witness, who receives a Subpoena or Notice to Appear and is unavailable due to circumstances either listed or not listed above, must make a request for non-appearance through the established procedure within this agency. Law enforcement agencies will be responsible for forwarding these requests to the District Attorney's Office, City Attorney's Office and/or Court in order to obtain approval.

The ultimate responsibility for accepting, rejecting and appearing in response to Subpoenas and Notice to Appear lies with the law enforcement agency employee-witness named in the document.

Except where previous arrangements with the issuing court exist, in county training, last-minute vacations and regularly scheduled days off are not valid reasons for refusing a subpoena or missing court. If, due to illness or injury, the named employee is unable to appear in court as directed by a previously served subpoena, he/she shall, at least one hour before the appointed date and time, inform the subpoena clerk or the Watch Commander of his/her absence.
Subpoenas and Court Appearances

It shall then be the responsibility of the subpoena clerk to notify the issuing authority of the employee’s unavailability to appear. (If the employee refuses acceptance of a subpoena the appropriate request must be completed and sent through the chain of command for review.)

If the subpoena was electronically sent to the employee, and the employee knows that he/she cannot make the court appearance, the employee should "accept" the subpoena. At this point, the employee shall complete the subpoena rescheduling/non-appearance form. After submitting this form to his/her supervisor, the form will be sent to the Court Liaison Officer for notification to the appropriate issuing authority. (All of the non-appearance criteria is listed above in the first paragraph.)

If the immediate supervisor or other authorized individual knows that he/she will be unable to deliver a copy of the subpoena to the named employee within sufficient time for the named employee to comply with the subpoena, the supervisor or other authorized individual may refuse to accept service (Penal Code § 1328(d)).

If a subpoena is presented for service to an immediate supervisor or other authorized individual less than five working days prior to the date listed for an appearance and the supervisor or other authorized individual is not reasonably certain that the service can be completed, he/she may refuse to accept service (Penal Code § 1328(e)).

If, after initially accepting service of a subpoena, a supervisor or other authorized individual determines that he/she will be unable to deliver a copy of the subpoena to the individually named employee within sufficient time for the named employee to comply with the subpoena, the supervisor or the subpoena clerk shall notify the server or the attorney named on the subpoena of such not less than 48 hours prior to the date listed for the appearance (Penal Code § 1328(f)).

350.2.4 EMPLOYEES WORKING AS RESERVE OFFICERS
Qualified employees of this department, when authorized, may also serve as reserve officers. However, the Department must not utilize the services of a reserve or volunteer in such a way that it would violate employment laws or labor agreements (e.g., a detention officer working as a reserve officer for reduced or no pay). Therefore, the Reserve Coordinator should consult the Department of Human Resources prior to an employee serving in a reserve or volunteer capacity (29 CFR 553.30).

350.3 DUTIES OF RESERVE OFFICERS

350.4.4 COMPLETION OF THE PRIMARY TRAINING PHASE
At the completion of the primary phase of training (Phase I), the primary training officer(s) will meet with the Reserve Coordinator. The purpose of this meeting is to discuss the progress of the reserve officers first 160 hours in training.

If the reserve officer has progressed satisfactorily, he/she will proceed to Phase II of field training. If he/she has not progressed satisfactorily, the Reserve Coordinator will determine the appropriate action to be taken, which may include additional training time in Phase I.

350.4.5 SECONDARY TRAINING PHASE
The Secondary Training Phase (Phase II) shall consist of 100 hours of additional on-duty training. The reserve officer will be required to ride with a POST certified training officer.

If his/her progress is not satisfactory, the Reserve Coordinator will decide upon the appropriate action to be taken.

350.4.7 COMPLETION OF THE FORMAL TRAINING PROCESS
When a reserve officer has satisfactorily completed all three phases of formal training, he/she will have had a minimum of 284 hours of on-duty training. He/she will no longer be required to ride with a Field Training Officer. The reserve officer may now be assigned to ride with any officer for the remaining 200-hour requirement for a total of 484 hours before being considered for relief of immediate supervision.

Completion of the formal field training program will be accomplished when the reserve officer's field training manual is completely signed off and approved by the reserve coordinator.
350.5 SUPERVISION OF RESERVE OFFICERS
Reserve officers who have attained the status of Level II shall be under the immediate supervision of a regular sworn officer (Penal Code 832.6). 350.5.1 SPECIAL AUTHORIZATION REQUIREMENTS
Reserve officers certified as Level I may, with prior authorization of the Reserve Coordinator and on approval of the Division Commander, be relieved of the "immediate supervision" requirement. Level I reserve officers may function under the authority of Penal Code § 832.6(a)(1) only for the duration of the assignment or purpose for which the authorization was granted.

In the absence of the Reserve Coordinator and the Division Commander, the Watch Commander may assign a certified Level I reserve officer to function under the authority of Penal Code § 832.6(a)(1) for specific purposes and duration.

350.5.2 RESERVE OFFICER MEETINGS
All reserve officer meetings will be scheduled and conducted by the Reserve Coordinator. All reserve officers are required to attend scheduled meetings. Any absences must be satisfactorily explained to the Reserve Coordinator.

350.5.3 IDENTIFICATION OF RESERVE OFFICERS

350.5.6 RESERVE OFFICER EVALUATIONS
While in training, reserves will be evaluated using the standardized daily observation report (DOR) and the supervisors observation report (SWR). The SWR will be completed at each phase transition or as determined by the reserve program coordinators. The reserve will be considered a trainee until all of the training phases have been completed. Reserves having completed their field training will be evaluated annually using performance dimensions applicable to the duties and authorities granted to that reserve.

350.6 FIREARMS REQUIREMENTS
Penal Code § 830.6(a)(1) designates a reserve officer as having peace officer powers during his/her assigned tour of duty, provided the reserve officer qualifies or falls within the provisions of Penal Code § 832.6.

350.6.1 CARRYING WEAPON ON DUTY
Penal Code § 830.6(a)(1) permits qualified reserve officers to carry a loaded firearm while on-duty. It is the policy of this department to allow reserves to carry firearms only while on-duty or to and from duty.

350.6.2 CONCEALED FIREARMS PROHIBITED
No reserve officer will be permitted to carry a concealed firearm while in an off-duty capacity, other than to and from work, except those reserve officers who possess a valid CCW permit. An instance may arise where a reserve officer is assigned to a plainclothes detail for his/her assigned tour of duty. Under these circumstances, the reserve officer may be permitted to carry a weapon more suited to the assignment with the knowledge and approval of the supervisor in charge of the detail.

If a reserve officer has applied for a CCW permit from another organization, the reserve cannot expressly use his/her position as a Laguna Beach Police Department employee in order to secure this permit.

Any reserve officer who is permitted to carry a firearm other than the assigned duty weapon may do so only after verifying that the weapon conforms to departmental standards. The weapon must be registered by the reserve officer and be inspected and certified as fit for service by a departmental armorer.

Before being allowed to carry any optional firearm during an assigned tour of duty, the reserve officer shall have demonstrated his/her proficiency with said weapon.

When a reserve officer has satisfactorily completed all three phases of training (as outlined in Policy Manual § 350.4), he/she may be issued a permit to carry a concealed weapon. The decision to issue a concealed weapon permit will be made by the Chief of Police with input from the Reserve Program Coordinator and administrative staff. In issuing a concealed weapon permit a reserve officer's qualification will be individually judged. A reserve officer's dedication to the program and demonstrated maturity, among other factors, will be considered before a concealed weapon permit will be issued. Once issued, the concealed weapon permit will be valid only for as

356.2 POLICY
It is the policy of the Laguna Beach Police Department to identify and monitor registered offenders living within this jurisdiction and to take reasonable steps to address the risks those persons may pose.

356.3 REGISTRATION
The Investigative Bureau Supervisor shall establish a process to reasonably accommodate registration of certain offenders. The process should rebut any allegation on the part of the offender that the registration process was too confusing, burdensome or difficult for compliance. If it is reasonable to do so, an investigator assigned to related investigations should conduct the registration in order to best evaluate any threat the person may pose to the community. Employees assigned to register offenders should receive appropriate training regarding the registration process.

Upon conclusion of the registration process, the investigator shall ensure that the registration information is provided to the California Department of Justice (DOJ) in accordance with applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq).

The refusal of a registrant to provide any of the required information or complete the process should initiate a criminal investigation for failure to register.

356.3.1 CONTENTS OF REGISTRATION
The information collected from the registering offenders shall include a signed statement as required by the California DOJ, fingerprints and a photograph and any other information required by applicable law (Health and Safety Code § 11594; Penal Code § 457.1; Penal Code § 290 et seq.).

(b) Review of information on the California DOJ website for sex offenders.
Registered Offender Information

(c) Contact with a registrant's parole or probation officer.

Any discrepancies should be reported to the California DOJ.

The Investigative Bureau Supervisor should also establish a procedure to routinely disseminate information regarding registered offenders to Laguna Beach Police Department personnel, including timely updates regarding new or relocated registrants.

356.5 DISSEMINATION OF PUBLIC INFORMATION
Employees will not unilaterally make a public notification advising the community of a particular registrant's presence in the community. Employees who identify a significant risk or other public safety issue associated with a registrant should promptly advise their supervisor. The supervisor should evaluate the request and forward the information to the Chief of Police if warranted. A determination will be made by the Chief of Police, with the assistance of legal counsel as necessary, whether such a public alert should be made.

Members of the public requesting information on sex registrants should be provided the Megan's Law website or the Laguna Beach Police Department's website.

The Records Supervisor may release local registered offender information to residents only in accordance with applicable law (Penal Code § 290.45; Penal Code § 290.46; Penal Code § 457.1; Health and Safety Code § 11594), and in compliance with a California Public Records Act (Government Code § 6250-6276.48) request.

(a) The offender registry includes only those persons who have been required by law to register and who are in compliance with the offender registration laws.

(b) The information is provided as a public service and may not be current or accurate.

(c) Persons should not rely solely on the offender registry as a safeguard against offenses in their communities.

(d) The crime for which a person is convicted may not accurately reflect the level of risk.

(e) Anyone who uses information contained in the registry to harass registrants or commit any crime may be subject to criminal prosecution.

(f) The purpose of the release of information is to allow members of the public to protect themselves and their children from sex offenders (Penal Code 290.45).

The Coroner or Deputy Coroner is generally the only person permitted to search a body known to be dead from any of the circumstances set forth in Government Code § 27491. The only exception is that an officer is permitted to search the body of a person killed in a traffic collision for the limited purpose of locating an anatomical donor card (Government Code § 27491.3). If such a donor card is located, the Coroner or a designee shall be promptly notified. Should exigent circumstances indicate to an officer that any search of a known dead body is warranted prior to the arrival of the Coroner or a designee; the investigating officer shall first obtain verbal consent from the Coroner or a designee (Government Code § 27491.2).

Identity Theft

362.1 PURPOSE AND SCOPE
Identity theft is a growing trend that frequently involves related crimes in multiple jurisdictions. This policy is intended to provide guidelines for the reporting and investigation of such crimes.

362.2 REPORTING

(a) In an effort to maintain uniformity in reporting, officers presented with the crime of identity theft (Penal Code § 530.6) shall initiate a report for victims residing within the jurisdiction of this department when the crime occurred. For incidents of identity theft occurring outside this jurisdiction, officers should observe the following:

1. For any victim not residing within this jurisdiction, the officer may either take a courtesy report to be forwarded to the victim's residence agency or the victim should be encouraged to promptly report the identity theft to the law enforcement agency where he or she resides.

(b) While the crime of identity theft should be reported to the law enforcement agency where the victim resides, officers of this department should investigate and report crimes occurring within this jurisdiction which have resulted from the original identity theft (e.g., the identity theft occurred elsewhere, but the credit card fraud occurred and is reported in this jurisdiction).

(c) Officers should include all known incidents of fraudulent activity (e.g., credit card number applied for in victim's name when the victim has never made such an application).

(d) Officers should also cross-reference all known reports made by the victim (e.g., U.S. Secret Service, credit reporting bureaus, U.S. Postal Service and DMV) with all known report numbers.

(e) The reporting officer should inform victims of identity theft that the California Identity Theft Registry is available to help those who are wrongly linked to crimes. The registry can be checked by law enforcement and other authorized persons to investigate whether a criminal history or want was created in the victim's name (Penal Code § 530.7). Information regarding the California Identity Theft Registry can be obtained by calling toll free (888) 880-0240.

(f) Following supervisory review and departmental processing, the initial report should be forwarded to the appropriate detective for follow up investigation, coordination with other agencies and prosecution as circumstances dictate.

In all other situations, officers should use sound discretion in determining whether or not to advise an individual of the arrest process.

(a) When advising any individual regarding the right to make a private person's arrest, officers should refrain from encouraging or dissuading any individual from making such an arrest and should instead limit advice to the legal requirements for such an arrest as listed below.

(b) Private individuals should be discouraged from using force to effect a private person's arrest, and absent immediate threat to their own safety or the safety of others, private individuals should be encouraged to refer matters to law enforcement officials for further investigation or arrest.

364.3 ARRESTS BY PRIVATE PERSONS
Penal Code § 837 provides that a private person may arrest another:

(a) For a public offense committed or attempted in his or her presence;

(b) When the person arrested has committed a felony, although not in his or her presence;

(c) When a felony has been in fact committed, and he or she has reasonable cause for believing the person arrested has committed it.

Unlike peace officers, private persons may not make an arrest on suspicion that a felony has been committed - the felony must in fact have taken place.

364.4 OFFICER RESPONSIBILITIES
Any officer presented with a private person wishing to make an arrest must determine whether or not there is reasonable cause to believe that such an arrest would be lawful (Penal Code § 847).

(a) Should any officer determine that there is no reasonable cause to believe that a private person's arrest is lawful, the officer should take no action to further detain or restrain the individual beyond that which reasonably appears necessary to investigate the matter, determine the lawfulness of the arrest and protect the public safety.
Private Persons Arrests

1. Any officer who determines that a private person's arrest appears to be unlawful should promptly release the arrested individual pursuant to Penal Code § 849(b)(1). The officer must include the basis of such a determination in a related report.

2. Absent reasonable cause to support a private person's arrest or other lawful grounds to support an independent arrest by the officer, the officer should advise the parties that no arrest will be made and that the circumstances will be documented in a related report.

(b) Whenever an officer determines that there is reasonable cause to believe that a private person's arrest is lawful, the officer may exercise any of the following options:

   1. Take the individual into physical custody for booking
   2. Release the individual pursuant to a Notice to Appear
   3. Release the individual pursuant to Penal Code § 849

364.5 REPORTING REQUIREMENTS

In all circumstances in which a private person is claiming to have made an arrest, the individual must complete and sign a department Private Person's Arrest form under penalty of perjury.

In addition to the Private Person's Arrest Form (and any other related documents such as citations, booking forms, etc.), officers shall complete a narrative report regarding the circumstances and disposition of the incident.
Anti-Reproductive Rights Crimes Reporting

366.1 PURPOSE AND SCOPE
This policy shall establish a procedure for the mandated reporting of Anti-Reproductive Rights Crimes (ARRC) to the Attorney General pursuant to the Reproductive Rights Law Enforcement Act (Penal Code § 13775 et seq.).

366.2 DEFINITIONS
Penal Code § 423.2 provides that the following acts shall be considered Anti-Reproductive Rights Crimes (ARRC) when committed by any person, except a parent or guardian acting towards his or her minor child or ward:

(a) By force, threat of force, or physical obstruction that is a crime of violence, intentionally injures, intimidates, interferes with, or attempts to injure, intimidate, or interfere with any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider, or assistant

(b) By non-violent physical obstruction, intentionally injures, intimidates, or interferes with, or attempts to injure, intimidate, or interfere with, any person or entity because that person or entity is a reproductive health services client, provider, or assistant, or in order to intimidate any person or entity, or any class of persons or entities, from becoming or remaining a reproductive health services client, provider or assistant

(c) Intentionally damages or destroys the property of a person, entity, or facility, or attempts to do so, because the person, entity, or facility is a reproductive health services client, provider, assistant, or facility

366.3 REPORTING REQUIREMENTS TO THE ATTORNEY GENERAL

(a) Upon the receipt of the report of an ARRC, it shall be the responsibility of the employee taking such a report to also complete an ARRC Data Collection Worksheet (BCIA 8371) in accordance with the instructions contained on such forms.

(b) The ARRC Data Collection Worksheet shall be processed with all related reports and forwarded to the Support Services Supervisor.

(c) By the tenth day of each month, it shall be the responsibility of the Support Services Supervisor to ensure that a Summary Worksheet (BCIA 8370) is submitted to the Department of Justice Criminal Justice Statistics Center.

1. In the event that no ARRC(s) were reported during the previous month, a Summary Worksheet shall be submitted to Department of Justice with an indication that no such crimes were reported.
2. Any ARRC(s) reported in the Summary Worksheet shall be accompanied by a copy of the related Data Collection Worksheet(s).
Limited English Proficiency Services

368.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with limited English proficiency (LEP) (42 USC § 2000d).

368.1.1 DEFINITIONS
Definitions related to this policy include:

Authorized interpreter - A person who has been screened and authorized by the Department to act as an interpreter and/or translator for others.

Interpret or interpretation - The act of listening to a communication in one language (source language) and orally converting it to another language (target language), while retaining the same meaning.

Limited English proficient (LEP) - Any individual whose primary language is not English and who has a limited ability to read, write, speak or understand English. These individuals may be competent in certain types of communication (e.g., speaking or understanding) but still be LEP for other purposes (e.g., reading or writing). Similarly, LEP designations are context-specific; an individual may possess sufficient English language skills to function in one setting but these skills may be insufficient in other situations.

Qualified bilingual member - A member of the Laguna Beach Police Department, designated by the Department, who has the ability to communicate fluently, directly and accurately in both English and another language. Bilingual members may be fluent enough to communicate in a non-English language but may not be sufficiently fluent to interpret or translate from one language into another.

Translate or translation - The replacement of written text from one language (source language) into an equivalent written text (target language).

368.2 POLICY
It is the policy of the Laguna Beach Police Department to reasonably ensure that LEP individuals have meaningful access to law enforcement services, programs and activities, while not imposing undue burdens on its members.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon national origin or any other protected interest or right.

368.3 LEP COORDINATOR
The Chief of Police shall delegate certain responsibilities to an LEP Coordinator. The LEP Coordinator shall be appointed by, and directly responsible to, the Patrol Division Commander or the authorized designee.

The responsibilities of the LEP Coordinator include, but are not limited to:
Limited English Proficiency Services

(a) Coordinating and implementing all aspects of the Laguna Beach Police Department's LEP services to LEP individuals.

(b) Developing procedures that will enable members to access LEP services, including telephonic interpreters, and ensuring the procedures are available to all members.

(c) Ensuring that a list of all qualified bilingual members and authorized interpreters is maintained and available to each Watch Commander and Communications Supervisor. The list should include information regarding the following:
   1. Languages spoken
   2. Contact information
   3. Availability

(d) Ensuring signage stating that interpreters are available free of charge to LEP individuals is posted in appropriate areas and in the most commonly spoken languages.

(e) Reviewing existing and newly developed documents to determine which are vital documents and should be translated, and into which languages the documents should be translated.

(f) Annually assessing demographic data and other resources, including contracted language services utilization data and community-based organizations, to determine if there are additional documents or languages that are appropriate for translation.

(g) Identifying standards and assessments to be used by the Department to qualify individuals as qualified bilingual members or authorized interpreters.

(h) Periodically reviewing efforts of the Department in providing meaningful access to LEP individuals, and, as appropriate, developing reports, new procedures or recommending modifications to this policy.

(i) Receiving and responding to complaints regarding department LEP services.

(j) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

368.4 FOUR-FACTOR ANALYSIS

Since there are many different languages that members could encounter, the Department will utilize the four-factor analysis outlined in the U.S. Department of Justice (DOJ) Guidance to Federal Financial Assistance Recipients, available at the DOJ website, to determine which measures will provide meaningful access to its services and programs. It is recognized that law enforcement contacts and circumstances will vary considerably. This analysis, therefore, must remain flexible and will require an ongoing balance of four factors, which are:
Limited English Proficiency Services

(a) The number or proportion of LEP individuals eligible to be served or likely to be encountered by department members, or who may benefit from programs or services within the jurisdiction of the Department or a particular geographic area.

(b) The frequency with which LEP individuals are likely to come in contact with department members, programs or services.

(c) The nature and importance of the contact, program, information or service provided.

(d) The cost of providing LEP assistance and the resources available.

368.5 TYPES OF LEP ASSISTANCE AVAILABLE
Laguna Beach Police Department members should never refuse service to an LEP individual who is requesting assistance, nor should they require an LEP individual to furnish an interpreter as a condition for receiving assistance. The Department will make every reasonable effort to provide meaningful and timely assistance to LEP individuals through a variety of services.

The Department will utilize all reasonably available tools, such as language identification cards, when attempting to determine an LEP individual's primary language.

LEP individuals may choose to accept department-provided LEP services at no cost or they may choose to provide their own.

Department-provided LEP services may include, but are not limited to, the assistance methods described in this policy.

368.6 WRITTEN FORMS AND GUIDELINES
Vital documents or those that are frequently used should be translated into languages most likely to be encountered. The LEP Coordinator will arrange to make these translated documents available to members and other appropriate individuals, as necessary.

368.7 AUDIO RECORDINGS
The Department may develop audio recordings of important or frequently requested information in a language most likely to be understood by those LEP individuals who are representative of the community being served.

368.8 QUALIFIED BILINGUAL MEMBERS
Bilingual members may be qualified to provide LEP services when they have demonstrated through established department procedures a sufficient level of skill and competence to fluently communicate in both English and a non-English language. Members utilized for LEP services must demonstrate knowledge of the functions of an interpreter/translator and the ethical issues involved when acting as a language conduit. Additionally, bilingual members must be able to communicate technical and law enforcement terminology, and be sufficiently proficient in the non-English language to perform complicated tasks, such as conducting interrogations, taking statements, collecting evidence or conveying rights or responsibilities.
Limited English Proficiency Services

When a qualified bilingual member from this department is not available, personnel from other City departments, who have been identified by the Department as having the requisite skills and competence, may be requested.

368.9  AUTHORIZED INTERPRETERS

Any person designated by the Department to act as an authorized interpreter and/or translator must have demonstrated competence in both English and the involved non-English language, must have an understanding of the functions of an interpreter that allows for correct and effective translation, and should not be a person with an interest in the department case or investigation involving the LEP individual. A person providing interpretation or translation services may be required to establish the accuracy and trustworthiness of the interpretation or translation in a court proceeding.

Authorized interpreters must pass a screening process established by the LEP Coordinator which demonstrates that their skills and abilities include:

(a) The competence and ability to communicate information accurately in both English and in the target language.

(b) Knowledge, in both languages, of any specialized terms or concepts peculiar to this department and of any particularized vocabulary or phraseology used by the LEP individual.

(c) The ability to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

(d) Knowledge of the ethical issues involved when acting as a language conduit.

368.9.1 SOURCES OF AUTHORIZED INTERPRETERS

The Department may contract with authorized interpreters who are available over the telephone. Members may use these services with the approval of a supervisor and in compliance with established procedures.

Other sources may include:

• Qualified bilingual members of this department or personnel from other City departments.
• Individuals employed exclusively to perform interpretation services.
• Contracted in-person interpreters, such as state or federal court interpreters, among others.
• Interpreters from other agencies who have been qualified as interpreters by this department, and with whom the Department has a resource-sharing or other arrangement that they will interpret according to department guidelines.
Limited English Proficiency Services

368.9.2 COMMUNITY VOLUNTEERS AND OTHER SOURCES OF LANGUAGE ASSISTANCE
Language assistance may be available from community volunteers who have demonstrated competence in either monolingual (direct) communication and/or in interpretation or translation (as noted in above), and have been approved by the Department to communicate with LEP individuals.

Where qualified bilingual members or other authorized interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the LEP individual and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

While family or friends of an LEP individual may offer to assist with communication or interpretation, members should carefully consider the circumstances before relying on such individuals. For example, children should not be relied upon except in exigent or very informal and non-confrontational situations.

368.10 CONTACT AND REPORTING
While all law enforcement contacts, services and individual rights are important, this department will utilize the four-factor analysis to prioritize service to LEP individuals so that such services may be targeted where they are most needed, according to the nature and importance of the particular law enforcement activity involved.

Whenever any member of this department is required to complete a report or other documentation, and interpretation services are provided to any involved LEP individual, such services should be noted in the related report. Members should document the type of interpretation services utilized and whether the individual elected to use services provided by the Department or some other identified source.

368.11 RECEIVING AND RESPONDING TO REQUESTS FOR ASSISTANCE
The Laguna Beach Police Department will take reasonable steps and will work with the Department of Human Resources to develop in-house language capacity by hiring or appointing qualified members proficient in languages representative of the community being served.

368.11.1 EMERGENCY CALLS TO 9-1-1
Department members will make every reasonable effort to promptly accommodate LEP individuals utilizing 9-1-1 lines. When a 9-1-1 call-taker receives a call and determines that the caller is an LEP individual, the call-taker shall quickly determine whether sufficient information can be obtained to initiate an appropriate emergency response. If language assistance is still needed, the language is known and a qualified bilingual member is available in Dispatch, the call shall immediately be handled by the qualified bilingual member.

If a qualified bilingual member is not available or the call-taker is unable to identify the caller's language, the call-taker will contact the contracted telephone interpretation service and establish a three-way call between the call-taker, the LEP individual and the interpreter.
Limited English Proficiency Services

Dispatchers will make every reasonable effort to dispatch a qualified bilingual member to the assignment, if available and appropriate.

While 9-1-1 calls shall receive top priority, reasonable efforts should also be made to accommodate LEP individuals seeking routine access to services and information by utilizing the resources listed in this policy.

368.12 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve LEP individuals. The scope and nature of these activities and contacts will inevitably vary. Members and/or supervisors must assess each situation to determine the need and availability of language assistance to all involved LEP individuals and utilize the methods outlined in this policy to provide such assistance.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to request consent to search if the officer is unable to effectively communicate with an LEP individual.

If available, officers should obtain the assistance of a qualified bilingual member or an authorized interpreter before placing an LEP individual under arrest.

368.13 INVESTIGATIVE FIELD INTERVIEWS
In any situation where an interview may reveal information that could be used as the basis for arrest or prosecution of an LEP individual and a qualified bilingual member is unavailable or lacks the skills to directly communicate with the LEP individual, an authorized interpreter should be used. This includes interviews conducted during an investigation with victims, witnesses and suspects. In such situations, audio recordings of the interviews should be made when reasonably possible. Identification and contact information for the interpreter (e.g., name, address) should be documented so that the person can be subpoenaed for trial if necessary.

If an authorized interpreter is needed, officers should consider calling for an authorized interpreter in the following order:

- An authorized department member or allied agency interpreter
- An authorized telephone interpreter
- Any other authorized interpreter

Any Miranda warnings shall be provided to suspects in their primary language by an authorized interpreter or, if the suspect is literate, by providing a translated Miranda warning card.

The use of an LEP individual's bilingual friends, family members, children, neighbors or bystanders may be used only when a qualified bilingual member or authorized interpreter is unavailable and there is an immediate need to interview an LEP individual.
368.14 CUSTODIAL INTERROGATIONS
Miscommunication during custodial interrogations may have a substantial impact on the evidence presented in a criminal prosecution. Only qualified bilingual members or, if none is available or appropriate, authorized interpreters shall be used during custodial interrogations. Miranda warnings shall be provided to suspects in their primary language by the qualified bilingual member or an authorized interpreter.

In order to ensure that translations during custodial interrogations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

368.15 BOOKINGS
When gathering information during the booking process, members should remain alert to the impediments that language barriers can create. In the interest of the arrestee’s health and welfare, the safety and security of the facility, and to protect individual rights, it is important that accurate medical screening and booking information be obtained. Members should seek the assistance of a qualified bilingual member whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by an LEP individual.

368.16 COMPLAINTS
The Department shall ensure that LEP individuals who wish to file a complaint regarding members of this department are able to do so. The Department may provide an authorized interpreter or translated forms, as appropriate. Complaints will be referred to the LEP Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Authorized interpreters used for any interview with an LEP individual during an investigation should not be members of this department.

Any notice required to be sent to an LEP individual as a complaining party pursuant to the Personnel Complaints Policy should be translated or otherwise communicated in a language-accessible manner.

368.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.

368.18 TRAINING
To ensure that all members who may have contact with LEP individuals are properly trained, the Department will provide periodic training on this policy and related procedures, including how to access department-authorized telephonic and in-person interpreters and other available resources.
Limited English Proficiency Services

The Training Officer shall be responsible for ensuring new members receive LEP training. Those who may have contact with LEP individuals should receive refresher training at least once every two years thereafter. The Training Officer shall maintain records of all LEP training provided, and will retain a copy in each member's training file in accordance with established records retention schedules.

368.18.1 TRAINING FOR AUTHORIZED INTERPRETERS

All members on the authorized interpreter list must successfully complete prescribed interpreter training. To complete interpreter training successfully, an interpreter must demonstrate proficiency in and ability to communicate information accurately in both English and in the target language, demonstrate knowledge in both languages of any specialized terms or phraseology, and understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.

Members on the authorized interpreter list must receive refresher training annually or they will be removed from the authorized interpreter list. This annual training should include language skills competency (including specialized terminology) and ethical considerations.

The Training Officer shall be responsible for coordinating the annual refresher training and will maintain a record of all training the interpreters have received.
Communications with Persons with Disabilities

370.1 PURPOSE AND SCOPE
This policy provides guidance to members when communicating with individuals with disabilities, including those who are deaf or hard of hearing, have impaired speech or vision, or are blind.

370.1.1 DEFINITIONS
Definitions related to this policy include:

**Auxiliary aids** - Tools used to communicate with people who have a disability or impairment. They include, but are not limited to, the use of gestures or visual aids to supplement oral communication; a notepad and pen or pencil to exchange written notes; a computer or typewriter; an assistive listening system or device to amplify sound; a teletypewriter (TTY) or videophones (video relay service or VRS); taped text; qualified readers; or a qualified interpreter.

**Disability or impairment** - A physical or mental impairment that substantially limits a major life activity, including hearing or seeing, regardless of whether the disabled person uses assistive or adaptive devices or auxiliary aids. Individuals who wear ordinary eyeglasses or contact lenses are not considered to have a disability (42 USC § 12102).

**Qualified interpreter** - A person who is able to interpret effectively, accurately and impartially, both receptively and expressively, using any necessary specialized vocabulary. Qualified interpreters include oral interpreters, translators, sign language interpreters and intermediary interpreters.

370.2 POLICY
It is the policy of the Laguna Beach Police Department to reasonably ensure that people with disabilities, including victims, witnesses, suspects and arrestees have equal access to law enforcement services, programs and activities. Members must make efforts to communicate effectively with individuals with disabilities.

The Department will not discriminate against or deny any individual access to services, rights or programs based upon disabilities.

370.3 AMERICANS WITH DISABILITIES (ADA) COORDINATOR
The Chief of Police shall delegate certain responsibilities to an ADA Coordinator (28 CFR 35.107). The ADA Coordinator shall be appointed by, and directly responsible, to the Patrol Division Commander or the authorized designee.

The responsibilities of the ADA Coordinator shall include, but not be limited to:

(a) Working with the City ADA coordinator regarding the Laguna Beach Police Department’s efforts to ensure equal access to services, programs and activities.

(b) Developing reports, new procedures, or recommending modifications to this policy.
Communications with Persons with Disabilities

(c) Acting as a liaison with local disability advocacy groups or other disability groups regarding access to department services, programs and activities.

(d) Ensuring that a list of qualified interpreter services is maintained and available to each Watch Commander and Communications Supervisor. The list should include information regarding the following:

1. Contact information
2. Availability

(e) Developing procedures that will enable members to access auxiliary aids or services, including qualified interpreters, and ensure the procedures are available to all members.

(f) Ensuring signage is posted in appropriate areas, indicating that auxiliary aids are available free of charge to people with disabilities.

(g) Ensuring appropriate processes are in place to provide for the prompt and equitable resolution of complaints and inquiries regarding discrimination in access to department services, programs and activities.

370.4 FACTORS TO CONSIDER

Because the nature of any law enforcement contact may vary substantially from one situation to the next, members of this department should consider all information reasonably available to them when determining how to communicate with an individual with a disability. Members should carefully balance all known factors in an effort to reasonably ensure people who are disabled have equal access to services, programs and activities. These factors may include, but are not limited to:

(a) Members should not always assume that effective communication is being achieved. The fact that an individual appears to be nodding in agreement does not always mean he/she completely understands the message. When there is any doubt, members should ask the individual to communicate back or otherwise demonstrate their understanding.

(b) The nature of the disability (e.g., deafness or blindness vs. hard of hearing or low vision).

(c) The nature of the law enforcement contact (e.g., emergency vs. non-emergency, custodial vs. consensual contact).

(d) The availability of auxiliary aids. The fact that a particular aid is not available does not eliminate the obligation to reasonably ensure access. However, in an emergency, availability may factor into the type of aid used.
Communications with Persons with Disabilities

370.5 INITIAL AND IMMEDIATE CONSIDERATIONS
Recognizing that various law enforcement encounters may be potentially volatile and/or emotionally charged, members should remain alert to the possibility of communication problems. Members should exercise special care in the use of all gestures, and verbal and written communication to minimize initial confusion and misunderstanding when dealing with any individual with known or suspected disabilities.

In a non-emergency situation, when a member knows or suspects an individual requires assistance to effectively communicate, the member shall identify the individual's choice of auxiliary aid or service.

The individual's preferred communication method must be honored unless another effective method of communication exists under the circumstances (28 CFR 35.160).

Factors to consider when determining whether an alternative method is effective include:

(a) The methods of communication usually used by the individual.
(b) The nature, length and complexity of the communication involved.
(c) The context of the communication.

In emergency situations involving an imminent threat to the safety or welfare of any person, members may use whatever auxiliary aids and services that reasonably appear effective under the circumstances. This may include, for example, exchanging written notes or using the services of a person who knows sign language but is not a qualified interpreter, even if the person who is deaf or hard of hearing would prefer a qualified sign language interpreter or another appropriate auxiliary aid or service. Once the emergency has ended, the continued method of communication should be reconsidered. The member should inquire as to the individual's preference and give primary consideration to that preference.

If an individual who is deaf, hard of hearing or has impaired speech must be handcuffed while in the custody of the Laguna Beach Police Department, consideration should be given, safety permitting, to placing the handcuffs in the front of the body to facilitate communication using sign language or writing.

370.6 TYPES OF ASSISTANCE AVAILABLE
Laguna Beach Police Department members shall never refuse to assist an individual with disabilities who is requesting assistance. The Department will not charge anyone to receive auxiliary aids, nor shall they require anyone to furnish their own auxiliary aid or service as a condition for receiving assistance. The Department will make every reasonable effort to provide equal access and timely assistance to individuals who are disabled through a variety of services.

A person who is disabled may choose to accept department-provided auxiliary aids or services or they may choose to provide their own.
Communications with Persons with Disabilities

Department-provided auxiliary aids or services may include, but are not limited to, the assistance methods described in this policy.

370.7 AUDIO RECORDINGS AND ENLARGED PRINT
The Department may develop audio recordings to assist people who are blind or have a visual impairment with accessing important information. If such a recording is not available, members may read aloud from the appropriate form, for example a personnel complaint form, or provide forms with enlarged print.

370.8 QUALIFIED INTERPRETERS
A qualified interpreter may be needed in lengthy or complex transactions (e.g., interviewing a victim, witness, suspect or arrestee), if the individual to be interviewed normally relies on sign language or speechreading (lip-reading) to understand what others are saying. The qualified interpreter should not be a person with an interest in the case or investigation involving the disabled individual. A person providing interpretation services may be required to establish the accuracy and trustworthiness of the interpretation in a court proceeding.

Qualified interpreters should be:

(a) Available within a reasonable amount of time but in no event longer than one hour if requested.
(b) Experienced in providing interpretation services related to law enforcement matters.
(c) Familiar with the use of VRS and/or video remote interpreting services.
(d) Certified in either American Sign Language (ASL) or Signed English (SE).
(e) Able to understand and adhere to the interpreter role without deviating into other roles, such as counselor or legal adviser.
(f) Knowledgeable of the ethical issues involved when providing interpreter services.

Members should use department-approved procedures to request a qualified interpreter at the earliest reasonable opportunity, and generally not more than 15 minutes after a request for an interpreter has been made or it is reasonably apparent that an interpreter is needed. No individual who is disabled shall be required to provide his/her own interpreter (28 CFR 35.160).

370.9 TTY AND RELAY SERVICES
In situations where an individual without a disability would have access to a telephone (e.g., booking or attorney contacts), members must also provide those who are deaf, hard of hearing or have impaired speech the opportunity to place calls using an available TTY (also known as a telecommunications device for deaf people, or TDD). Members shall provide additional time, as needed, for effective communication due to the slower nature of TTY and TDD communications.

The Department will accept all TTY or TDD calls placed by those who are deaf or hard of hearing and received via a telecommunications relay service (28 CFR 35.162).
Communications with Persons with Disabilities

Note that relay services translate verbatim, so the conversation must be conducted as if speaking directly to the caller.

370.10 COMMUNITY VOLUNTEERS
Interpreter services may be available from community volunteers who have demonstrated competence in communication services, such as ASL or SE, and have been approved by the Department to provide interpreter services.

Where qualified interpreters are unavailable to assist, approved community volunteers who have demonstrated competence may be called upon when appropriate. However, department members must carefully consider the nature of the contact and the relationship between the individual with the disability and the volunteer to ensure that the volunteer can provide neutral and unbiased assistance.

370.11 FAMILY AND FRIENDS
While family or friends may offer to assist with interpretation, members should carefully consider the circumstances before relying on such individuals. The nature of the contact and relationship between the individual with the disability and the person offering services must be carefully considered (e.g., victim/suspect).

Children shall not be relied upon except in emergency or critical situations when there is no qualified interpreter reasonably available.

Adults may be relied upon when (28 CFR 35.160):

(a) There is an emergency or critical situation and there is no qualified interpreter reasonably available.

(b) The person with the disability requests that the adult interpret or facilitate communication and the adult agrees to provide such assistance, and reliance on that adult for such assistance is reasonable under the circumstances.

370.12 REPORTING
Whenever any member of this department is required to complete a report or other documentation, and communication assistance has been provided, such services should be noted in the related report. Members should document the type of communication services utilized and whether the individual elected to use services provided by the Department or some other identified source. If the individual’s express preference is not honored, the member must document why another method of communication was used.

All written communications exchanged in a criminal case shall be attached to the report or placed into evidence.
Communications with Persons with Disabilities

370.13 FIELD ENFORCEMENT
Field enforcement will generally include such contacts as traffic stops, pedestrian stops, serving warrants and restraining orders, crowd/traffic control and other routine field contacts that may involve individuals with disabilities. The scope and nature of these activities and contacts will inevitably vary.

The Department recognizes that it would be virtually impossible to provide immediate access to complete communication services to every member of this department. Members and/or supervisors must assess each situation and consider the length, complexity and importance of the communication, as well as the individual’s preferred method of communication, when determining the type of resources to use and whether a qualified interpreter is needed.

Although not every situation can be addressed in this policy, it is important that members are able to effectively communicate the reason for a contact, the need for information and the meaning or consequences of any enforcement action. For example, it would be meaningless to verbally request consent to search if the officer is unable to effectively communicate with an individual who is deaf or hard of hearing and requires communications assistance.

If available, officers should obtain the assistance of a qualified interpreter before placing an individual with a disability under arrest. Individuals who are arrested and are assisted by service animals should be permitted to make arrangements for the care of such animals prior to transport.

370.13.1 FIELD RESOURCES
Examples of methods that may be sufficient for transactions, such as checking a license or giving directions to a location or for urgent situations such as responding to a violent crime in progress, may, depending on the circumstances, include such simple things as:

(a) Hand gestures or visual aids with an individual who is deaf, hard of hearing or has impaired speech.

(b) Exchange of written notes or communications.

(c) Verbal communication with an individual who can speechread by facing the individual and speaking slowly and clearly.

(d) Use of computer, word processing, personal communication device or similar device to exchange texts or notes.

(e) Slowly and clearly speaking or reading simple terms to individuals who have a visual or mental impairment.

Members should be aware that these techniques may not provide effective communication as required by law and this policy depending on the circumstances.

370.14 CUSTODIAL INTERROGATIONS
In an effort to ensure that the rights of individuals who are deaf, hard of hearing or have speech impairment are protected during a custodial interrogation, this department will provide interpreter services before beginning an interrogation, unless exigent circumstances exist or the individual
Communications with Persons with Disabilities

has made a clear indication that he/she understands the process and desires to proceed without an interpreter. The use of a video remote interpreting service should be considered, where appropriate, if a live interpreter is not available. *Miranda* warnings shall be provided to suspects who are deaf or hard of hearing by a qualified interpreter or by providing a written *Miranda* warning card.

In order to ensure that communications during custodial investigations are accurately documented and are admissible as evidence, interrogations should be recorded whenever reasonably possible. See guidance on recording custodial interrogations in the Investigation and Prosecution Policy.

370.15 ARREST AND BOOKINGS
If an individual with speech or hearing disabilities is arrested, the arresting officer shall use department-approved procedures to provide a qualified interpreter at the place of arrest or booking as soon as reasonably practicable, unless the individual indicates that he/she prefers a different auxiliary aid or service or the officer reasonably determines another effective method of communication exists under the circumstances.

When gathering information during the booking process, members should remain alert to the impediments that often exist when communicating with those who are deaf, hard of hearing, who have impaired speech or vision, are blind, or have other disabilities. In the interest of the arrestee’s health and welfare, the safety and security of the facility and to protect individual rights, it is important that accurate medical screening and booking information be obtained. If necessary, members should seek the assistance of a qualified interpreter whenever there is concern that accurate information cannot be obtained or that booking instructions may not be properly understood by the individual.

Individuals who require and possess personally owned communication aids (e.g., hearing aids, cochlear processors) should be permitted to retain them while in custody.

370.16 COMPLAINTS
The Department shall ensure that individuals with disabilities who wish to file a complaint regarding members of this department are able to do so. The Department may provide a qualified interpreter or forms in enlarged print, as appropriate. Complaints will be referred to the department ADA Coordinator.

Investigations into such complaints shall be handled in accordance with the Personnel Complaints Policy. Qualified interpreters used during the investigation of a complaint should not be members of this Department.

370.17 COMMUNITY OUTREACH
Community outreach programs and other such services offered by this department are important to the ultimate success of more traditional law enforcement duties. This department will continue to work with community groups, local businesses and neighborhoods to provide equal access to such programs and services.
370.18 TRAINING
To ensure that all members who may have contact with individuals who are disabled are properly trained, the Department will provide periodic training that should include:

(c) Working with in-person and telephone interpreters and related equipment.

The Training Officer shall be responsible for ensuring new members receive training related to interacting with individuals who have disabilities, including individuals who are deaf, hard of hearing, who have impaired speech or vision, or are blind. Those who may have contact with such individuals should receive refresher training at least once every two years thereafter. The Training Officer shall maintain records of all training provided, and will retain a copy in each member’s training file in accordance with established records retention schedules.

370.18.1 CALL-TAKER TRAINING
Emergency call-takers shall be trained in the use of TTY equipment protocols for communicating with individuals who are deaf, hard of hearing or who have speech impairments. Such training and information should include:

(a) The requirements of the ADA and Section 504 of the Rehabilitation Act for telephone emergency service providers.

Arrest Notifications for Military Personnel

373.1 PURPOSE, POLICY AND BACKGROUND
The purpose of this order is to establish a procedure for the notification of military authorities in the event a member of the military is arrested, injured, or involved in a situation that should be brought to the attention of military authorities.

It shall be the policy of this department to inform military authorities of incidents involving military personnel in the manner set forth in this order.

Background - Members of the United State Military enjoy the same rights and privileges as other Americans, however, they have certain obligations and responsibilities not applicable to civilians. Not only are military personnel subject to the many criminal laws applicable to civilians, they are subject to the Uniform Code of Military Justice (U.C.M.J.). Furthermore, they can experience a modification of their behavior through a process known as Non-Judicial Punishment (N.J.P.) or an Article 15 hearing. In this process, a commanding officer can implement a reduction in rank, impose certain fines, extra duties and or liberty restrictions for minor transgressions without the necessity of a court martial provided the individual so agrees.

Military personnel have, in a sense, a higher set of standards to adhere to than their civilian counterparts. Certainly some individuals in the service are required to possess security clearances because of the sensitivity of their assignments. Certain criminal behavior would automatically be cause for the termination of security clearances and possibly lead to an Article 15 proceeding.

The theft of government property, or the disclosure of military activity and secrets, are just some of the many ways our country has been adversely affected by a very few "bad apples" in uniform. Consider the air crewman who services a high performance aircraft worth millions, whom you cite and release for possession of less than one ounce of marijuana. Consider the military aviator you arrested for DUI and released on his own recognizance. Both of these individuals have demonstrated behavior which not only violates California criminal law, but the U.C.M.J., and potentially jeopardizes the lives of other military personnel.

One of the most common forms of criminal contact with a service member involves an arrest for DUI. In recent years, the military has taken a very aggressive position on DUI. Gone is the image of the hard drinking macho sailor, airman or Marine. The privilege of operating a motor vehicle on a military installation is regulated by the military, not the DMV.

The military wants, and has the right, to know about actual or suspected criminal behavior.

Obviously, not all incidents involving military personnel involve criminal behavior. We may encounter incidents which might involve an injured military person or one who is "missing" under unusual circumstances. For these and other reasons, this General order has been prepared.
373.1.1 PROCEDURE

(a) **Police Responsibility** - When a member of the United States Military is arrested, seriously injured or missing under unusual circumstances, the Watch Commander shall be immediately notified.

1. The Watch Commander shall ensure that the Provost Marshal of the Marine Corps Base Camp Pendleton is immediately notified. In many cases, the military will respond to this department and accept custody of the prisoner.

   (a) During normal business hours Monday through Friday, contact the Provost Marshal's Records Section at (760) 725-5161 or (760) 725-3888.

   (b) During other than normal business hours, or whenever the above listed phones are not staffed, contact the Military Police Desk Sergeant at (760) 725-5106 or (760) 725-2077. These are 24-hour numbers. If these numbers are busy, contact the Provost Marshal dispatcher at (760) 725-3888.

   (c) Documents may be forwarded to the Provost Marshal by mailing them to:

</tr>
<tr>

<tr>

</tbody>
</table>

(b) **Military Responsibility** - The Provost Marshal's Office of Marine Corps Base Camp Pendleton is the closest military law enforcement authority to this department. Regardless of what military branch, base or unit an individual may be affiliated with, the Marine Corps Base Camp Pendleton Provost Marshal's Office will assist this department in making the appropriate notification.
Biological Samples

374.1 PURPOSE AND SCOPE
This policy provides guidelines for the collection of biological samples from those individuals required to provide samples upon conviction or arrest for certain offenses. This policy does not apply to biological samples collected at a crime scene or taken from a person in conjunction with a criminal investigation. Nor does it apply to biological samples from those required to register, for example, sex offenders.

374.2 POLICY
The Laguna Beach Police Department will assist in the expeditious collection of required biological samples from offenders in accordance with the laws of this state and with as little reliance on force as practicable.

374.3 PERSONS SUBJECT TO DNA COLLECTION
Those who must submit a biological sample include (Penal Code § 296):

(a) A person, including a juvenile, upon conviction or other adjudication of any felony offense.
(b) A person, including a juvenile, upon conviction or other adjudication of any offense if the person has a prior felony on record.
(c) An adult arrested or charged with any felony.

374.4 PROCEDURE
When an individual is required to provide a biological sample, a trained employee shall obtain the sample in accordance with this policy.

374.4.1 COLLECTION
The following steps should be taken to collect a sample:

(a) Verify that the individual is required to provide a sample pursuant to Penal Code § 296; Penal Code § 296.1.
(b) Verify that a biological sample has not been previously collected from the offender by querying the individual’s criminal history record for a DNA collection flag or, during regular business hours, calling the California Department of Justice (DOJ) designated DNA laboratory. There is no need to obtain a biological sample if one has been previously obtained.
(c) Use a DNA buccal swab collection kit provided by the California DOJ to perform the collection and take steps to avoid cross contamination.
374.5 USE OF FORCE TO OBTAIN SAMPLES
If a person refuses to cooperate with the sample collection process, officers should attempt to identify the reason for refusal and seek voluntary compliance without resorting to using force. Force will not be used in the collection of samples except as authorized by court order and only with the approval of a supervisor. Methods to consider when seeking voluntary compliance include contacting:

(a) The person’s parole or probation officer when applicable.
(b) The prosecuting attorney to seek additional charges against the person for failure to comply or to otherwise bring the refusal before a judge.
(c) The judge at the person’s next court appearance.
(d) The person’s attorney.
(e) A chaplain.
(f) Another custody facility with additional resources, where an arrestee can be transferred to better facilitate sample collection.
(g) A supervisor who may be able to authorize custodial disciplinary actions to compel compliance, if any are available.

The supervisor shall review and approve any plan to use force and be present to document the process.

374.5.1 VIDEO RECORDING
A video recording should be made anytime force is used to obtain a biological sample. The recording should document all staff participating in the process, in addition to the methods and all force used during the collection. The recording should be part of the investigation file, if any, or otherwise retained in accordance with the department’s records retention schedule (15 CCR 1059).

374.5.2 CELL EXTRACTIONS
If the use of force includes a cell extraction, the extraction shall be video recorded, including audio. Video shall be directed at the cell extraction event. The video recording shall be retained by the Department for the length of time required by statute. Notwithstanding the use of the video as evidence in a criminal proceeding, the tape shall be retained administratively (15 CCR 1059).

374.6 LEGAL MANDATES AND RELEVANT LAWS
California law provides for the following:

374.6.1 DOCUMENTATION RELATED TO FORCE
The Watch Commander shall prepare prior written authorization for the use of any force (15 CCR 1059). The written authorization shall include information that the subject was asked to provide the requisite specimen, sample or impression and refused, as well as the related court order authorizing the force.
374.6.2 BLOOD SAMPLES
A blood sample should only be obtained under this policy when:

(a) The California DOJ requests a blood sample and the subject consents, or

(b) A court orders a blood sample following a refusal.

The withdrawal of blood may only be performed in a medically approved manner by health care providers trained and qualified to draw blood. A California DOJ collection kit shall be used for this purpose (Penal Code § 298(a); Penal Code § 298(b)(2)).

374.6.3 LITIGATION
The Chief of Police or authorized designee should notify the California DOJ’s DNA Legal Unit in the event this department is named in a lawsuit involving the DNA Data Bank sample collection, sample use or any aspect of the state’s DNA Data Bank Program.

Community and Tourist Oriented Policing

377.1 PURPOSE, POLICY AND BACKGROUND
It shall be the policy of the Laguna Beach Police Department to adopt a philosophy of Community Oriented Policing (COP), and through this philosophy provide the best and most effective service to the citizens and to ensure the best "quality of life" possible.

COP is not a short-term program but a philosophy; a commitment to a way of doing business that includes every employee in every facet of our operation. Furthermore, it is recognized that no law enforcement agency by itself can resolve all crime, social disorder, and other quality of life issues in its jurisdiction without the involvement of the community it serves.

COP involves the identification of environmental, social, or procedural problems that cannot be solved using traditional law enforcement measures. Once the problem has been identified, the employee is encouraged to use a systematic approach in solving these problems. One such system is the SARA model-Scanning, Analysis, Response, and Assessment. This methodology can be used to deal with any issue that affects this community. In the process of developing a viable solution, the employee can develop partnerships and utilize resources from necessary individuals, groups, or agencies within the community.

377.1.1 PROCEDURES
For maximum effectiveness, the employee should utilize the SARA model whenever possible.

- Scanning
  - Identify potential problems and determine if more attention is required
  - Identify the people affected by the problem
  - Identify prior police case history and our response
- Analysis
  - Evaluate information collected from appropriate resources on the scope, characteristics, consequences and the causes of the problem
  - Identify goals in solving the problem
- Response
  - Develop and implement a solution to the problem by working with appropriate public or private resources
    - This may involve recruiting, training and utilizing volunteers from the affected neighborhood as needed
    - BE CREATIVE!
- Assessment
Community and Tourist Oriented Policing

- Determine whether the response was implemented correctly and whether it had the desired effect
- Maintenance
  - Monitor the target areas to make sure the problems do not resurface.

377.1.2 EXAMPLES OF PREVIOUS POP PROJECTS
The following list depicts previous COP projects completed by employees of the police department.
- Standardizing street signs in poorly marked, private streets of South Laguna.
- Installing additional lighting on Ocean Avenue, specifically the parking lots, to discourage criminal activity.
- Rehabilitating a run-down, dilapidated house which was attracting criminal activity.
- Installing fencing/barriers at the opening of the drain channel at Main Beach to inhibit its use as a camping area by transients.
- Arranging for assistance to an elderly female living alone by contacting and following up with social service agencies.
- Identifying locations where better signage or lighting would assist in resolving social or legal issues, and then arranging to have the changes made.

377.1.3 CONCLUSIONARY COMMENTS
Employees and supervisors are highly encouraged to utilize the COP process and SARA model to resolve ongoing problems within the community that affect not only the public or the police department, but also any "quality of life" issues. Because this is a department philosophy and not a program, employees are highly encouraged to participate. Official recognition will be noted in evaluations, commendations, and at public meetings, Community Oriented Policing has proven to be an effective and efficient means to solving problems and creating a better quality of life we all desire. In the long run, it will also make our tasks as law enforcement personnel easier and more efficient.

We are here to save lives, protect lives, and sustain the quality of life expected by the citizens.
"Save, Protect and Sustain"
Public Safety Video Surveillance System

378.1 PURPOSE AND SCOPE
This policy provides guidance for the placement and monitoring of department public safety video surveillance, as well as the storage and release of the captured images.

This policy only applies to overt, marked public safety video surveillance systems operated by the Department. It does not apply to mobile audio/video systems, covert audio/video systems or any other image-capturing devices used by the Department.

378.2 POLICY
The Laguna Beach Police Department operates a public safety video surveillance system to complement its anti-crime strategy, to effectively allocate and deploy personnel, and to enhance public safety and security in public areas. Cameras may be placed in strategic locations throughout the City to detect and deter crime, to help safeguard against potential threats to the public, to help manage emergency response situations during natural and man-made disasters and to assist City officials in providing services to the community.

Video surveillance in public areas will be conducted in a legal and ethical manner while recognizing and protecting constitutional standards of privacy.

378.3 OPERATIONAL GUIDELINES
Only department-approved video surveillance equipment shall be utilized. Members authorized to monitor video surveillance equipment should only monitor public areas and public activities where no reasonable expectation of privacy exists. The Chief of Police or the authorized designee shall approve all proposed locations for the use of video surveillance technology and should consult with and be guided by legal counsel as necessary in making such determinations.

378.3.1 PLACEMENT AND MONITORING
Camera placement will be guided by the underlying purpose or strategy associated with the overall video surveillance plan. As appropriate, the Chief of Police should confer with other affected City divisions and designated community groups when evaluating camera placement. Environmental factors, including lighting, location of buildings, presence of vegetation or other obstructions, should also be evaluated when determining placement.

The cameras shall only record video images and not sound. Recorded images may be used for a variety of purposes, including criminal investigations and monitoring of activity around high-value or high-threat areas. The public video surveillance system may be useful for the following purposes:

(a) To prevent, deter and identify criminal activity.
(b) To target identified areas of gang and narcotics complaints or activity.
(c) To respond to critical incidents.
Public Safety Video Surveillance System

(d) To assist in identifying, apprehending and prosecuting offenders.

(e) To document officer and offender conduct during interactions to safeguard the rights of the public and officers

(f) To augment resources in a cost-effective manner.

(g) To monitor pedestrian and vehicle traffic activity.

Images from each camera should be recorded in a manner consistent with the underlying purpose of the particular camera. Images should be transmitted to monitors installed in the Watch Commander’s office and Dispatch. When activity warranting further investigation is reported or detected at any camera location, the available information should be provided to responding officers in a timely manner. The Watch Commander or trained Dispatch personnel are authorized to adjust the cameras to more effectively view a particular area for any legitimate public safety purpose.

The Chief of Police may authorize video feeds from the public safety video surveillance system to be forwarded to a specified location for monitoring by other than police personnel, such as allied government agencies, road or traffic crews, or fire or emergency operations personnel.

Unauthorized recording, viewing, reproduction, dissemination or retention is prohibited.

378.3.2 INTEGRATION WITH OTHER TECHNOLOGY
The Department may elect to integrate its public safety video surveillance system with other technology to enhance available information. Systems such as gunshot detection, incident mapping, crime analysis, license plate recognition, facial recognition and other video-based analytical systems may be considered based upon availability and the nature of department strategy.

The Department should evaluate the availability and propriety of networking or otherwise collaborating with appropriate private sector entities and should evaluate whether the use of certain camera systems, such as pan-tilt-zoom systems and video enhancement or other analytical technology, requires additional safeguards.

378.4 VIDEO SUPERVISION
Supervisors should monitor video surveillance access and usage to ensure members are within department policy and applicable laws. Supervisors should ensure such use and access is appropriately documented.

378.4.1 PROHIBITED ACTIVITY
Public safety video surveillance systems will not intentionally be used to invade the privacy of individuals or observe areas where a reasonable expectation of privacy exists.
Public Safety Video Surveillance System

Public video surveillance equipment shall not be used in an unequal or discriminatory manner and shall not target protected individual characteristics including, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.

Video surveillance equipment shall not be used to harass, intimidate or discriminate against any individual or group.

378.5 STORAGE AND RETENTION OF MEDIA
All downloaded media shall be stored in a secure area with access restricted to authorized persons. A recording needed as evidence shall be copied to a suitable medium and booked into evidence in accordance with established evidence procedures. All actions taken with respect to retention of media shall be appropriately documented.

The type of video surveillance technology employed and the manner in which recordings are used and stored will affect retention periods. The recordings should be stored and retained in accordance with the established records retention schedule and for a minimum of one year. Prior to destruction, written consent shall be obtained from the City Attorney. If recordings are evidence in any claim filed or any pending litigation, they shall be preserved until pending litigation is resolved (Government Code § 34090.6).

Any recordings needed as evidence in a criminal or civil proceeding shall be copied to a suitable medium and booked into evidence in accordance with current evidence procedures.

378.5.1 EVIDENTIARY INTEGRITY
All downloaded and retained media shall be treated in the same manner as other evidence. Media shall be accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, digital masking of innocent or uninvolved individuals to preserve anonymity, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.

378.6 RELEASE OF VIDEO IMAGES
All recorded video images gathered by the public safety video surveillance equipment are for the official use of the Laguna Beach Police Department.

Requests for recorded video images from the public or the media shall be processed in the same manner as requests for department public records.

Requests for recorded images from other law enforcement agencies shall be referred to the Watch Commander for release in accordance with a specific and legitimate law enforcement purpose.

Recorded video images that are the subject of a court order or subpoena shall be processed in accordance with the established department subpoena process.
Public Safety Video Surveillance System

378.7 TRAINING
All department members authorized to operate or access public video surveillance systems shall receive appropriate training. Training should include guidance on the use of cameras, interaction with dispatch and patrol operations and a review regarding relevant policies and procedures, including this policy. Training should also address state and federal law related to the use of video surveillance equipment and privacy.
Verbal Judo

379.1 PURPOSE, POLICY AND BACKGROUND
The purpose of this policy is to establish a procedure to assist employees in generating voluntary compliance through improved verbal and non-verbal communication.

It shall be the policy of the Laguna Beach Police Department that members utilize the "tactical" eight steps for traffic and pedestrian contacts, and the five-step "hard style" to generate voluntary compliance when the situation warrants it.

Background - The Laguna Beach Police Department has always prided itself on being a humanistic law enforcement agency. We have historically been responsive to the needs of the community and insist that our officers treat people as they themselves would want to be treated. We have encouraged our employees to be fair, patient, and tolerant. All people are to be treated equally regardless of their classification, real or imaginary.

"Verbal Judo" is a method of communication incorporating many techniques of generating public compliance which astute law enforcement officers have employed for many years. In a sense, it's nothing new. "Verbal Judo" is an expansion of the communication techniques most often shown to generate public compliance. If all of us use "Verbal Judo," it's quite possible we can get people to do what we want them to do while avoiding, or at least reducing, personnel complaints and incidents requiring force.

Certain phrases used in the techniques are suggestions only. These phrases are designed as learning tool and can be modified by the user. It's the concept that is important.

This department is making a commitment to excellence in generating voluntary public compliance with the law. As part of this commitment, this department will employ the "five step" and "eight step" techniques in their daily practice.

379.1.1 PROCEDURE
   (a) Training
      1. New employees will be informed of the department's commitment to the philosophy of Verbal Judo during their initial orientation.
      2. New employees will receive Verbal Judo training as a part of their probationary training.
      3. Field Training Officers will reinforce the philosophy and techniques of Verbal Judo throughout the trainees participation in the FTO program.
      4. Supervisors will continually reinforce the concepts and philosophy of Verbal Judo. Furthermore, the ability of an employee to master these techniques is cause for recognition and should be commented upon in the personnel evaluation.
Verbal Judo

(b) The Tactical Eight Steps - These eight steps are a proven technique for communicating your reasons for stopping a motorist, reducing their hostility, and gaining compliance. It can be modified to address any situation where an officer would stop an individual.

1. **Greeting** ("Good morning/evening/etc.") - This begins the communication process on a positive note.

2. **ID Self and Department** ("I'm Officer Smith, Laguna Beach Police Department.") - This clearly establishes your individual identity and authority.

3. **Reason for Stop** ("The reason I stopped you is because....") - This clearly states your legal reason for making a traffic stop. (Example: "I picked you up on radar traveling at 45 MPH on Ocean Avenue, which is a posted 25 MPH zone.")

4. **Any Legal Justification** ("Is there any legally justified reason for (your act).....?"") - This causes the individual to legally justify their act or recognize the illegality of it.

5. **Driver's License** ("May I please see you driver's license.") - This again serves to politely request the necessary document.

6. **Registration** ("May I please see your registration.") - This again serves to politely request the necessary document.

7. **Decision** ("Sir/Ma'am, I'll be issuing you a citation. I'll be with you in a moment.") - This notifies the individual of your decision and politely excuses you for a short period of time.

8. **Close** ("Sir/Ma'am, I've cited you for..... I appreciate your cooperation/politeness/etc.") - This explains the citation and politely terminates the conversation.

(c) The Five Step Technique - These five steps are a proven technique of communicating your expectations to an individual(s) and offering him/her every reasonable opportunity to comply before resorting to more drastic action.

1. **Ask** (The ethical appeal) - This is when you ask the citizen to perform some act or comply with some direction. "Sir, would you please sign the citation next to the red 'x'."

2. **Set Context** (The reasonable appeal) - This is when you explain why your are requesting his compliance with your direction. "Your signature is not an admission of guilt; just a promise to appear on or before the date indicated."

3. **Present Options** (The personal appeal) - This is where you confirm the individual will not comply with your request/direction, thus forcing you to take appropriate action. "Sir, is there anything I can do or say to earn your cooperation at this time?"
4. **Confirm** (the practical appeal.) - This is where you confirm the individual will not comply with your request/direction, thus forcing you to take appropriate action. "Sir, is there anything I can do or say to earn your cooperation at this time?"

5. **Act** - This is where you take that action which is necessary to accomplish your task. ("Sir, you're under arrest.")

Society demands that they receive professional and effective police services coupled with standards of proper conduct and accountability. Implementation of the "tactical" eight-step and "hard style" five-step measures will assist us in meeting these goals. In addition and perhaps more importantly, we will reduce and minimize our liabilities in terms of personnel complaints, claims and lawsuits, and experience less personal stress and anxiety while carry out our responsibilities.
Child and Dependent Adult Safety

380.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that children and dependent adults are not left without appropriate care in the event their caregiver or guardian is arrested or otherwise prevented from providing care due to actions taken by members of this department (Penal Code § 833.2(a)).

This policy does not address the actions to be taken during the course of a child abuse or dependent adult investigation. These are covered in the Child Abuse and Adult Abuse policies.

380.2 POLICY
It is the policy of this department to mitigate, to the extent reasonably possible, the stressful experience individuals may have when their parent or caregiver is arrested. The Laguna Beach Police Department will endeavor to create a strong, cooperative relationship with local, state and community-based social services to ensure an effective, collaborative response that addresses the needs of those affected, including call-out availability and follow-up responsibilities.

380.3 PROCEDURES DURING AN ARREST
When encountering an arrest or prolonged detention situation, officers should make reasonable attempts to determine if the arrestee is responsible for children or dependent adults. In some cases this may be obvious, such as when children or dependent adults are present. However, officers should inquire if the arrestee has caregiver responsibilities for any children or dependent adults who are without appropriate supervision. The following steps should be taken (Penal Code § 13517.7(b)(1)):

(a) Inquire about and confirm the location of any children or dependent adults.

(b) Look for evidence of children and dependent adults. Officers should be mindful that some arrestees may conceal the fact that they have a dependent for fear the individual may be taken from them.

(c) Consider inquiring of witnesses, neighbors, friends and relatives of the arrestee as to whether the person is responsible for a child or dependent adult.

Whenever reasonably possible, officers should take reasonable steps to accomplish the arrest of a parent, guardian or caregiver out of the presence of his/her child or dependent adult. Removing children or dependent adults from the scene in advance of the arrest will generally ensure the best outcome for the individual.

Whenever it is safe to do so, officers should allow the parent or caregiver to assure children or dependent adults that they will be provided care. If this is not safe or if the demeanor of the parent or caregiver suggests this conversation would be non-productive, the officer at the scene should explain the reason for the arrest in age-appropriate language and offer reassurance to the child or dependent adult that he/she will receive appropriate care.
380.3.1 AFTER AN ARREST
Whenever an arrest is made, the officer should take all reasonable steps to ensure the safety of the arrestee’s disclosed or discovered children or dependent adults.

Officers should allow the arrestee reasonable time to arrange for care of children and dependent adults. Temporary placement with family or friends may be appropriate. However, any decision should give priority to a care solution that is in the best interest of the child or dependent adult. In such cases the following guidelines should be followed:

(a) Allow the person reasonable time to arrange for the care of children and dependent adults with a responsible party, as appropriate.
   1. Officers should consider allowing the person to use his/her cell phone to facilitate arrangements through access to contact phone numbers, and to lessen the likelihood of call screening by the recipients due to calls from unknown sources.

(b) Unless there is evidence to the contrary (e.g., signs of abuse, drug use, unsafe environment), officers should respect the parent or caregiver’s judgment regarding arrangements for care. It is generally best if the child or dependent adult remains with relatives or family friends that he/she knows and trusts because familiarity with surroundings and consideration for comfort, emotional state and safety are important.
   1. Except when a court order exists limiting contact, the officer should attempt to locate and place children or dependent adults with the non-arrested parent, guardian or caregiver.

(c) Provide for the immediate supervision of children or dependent adults until an appropriate caregiver arrives.

(d) Notify Child Protective Services or the Division of Aging and Adult Services, if appropriate.

(e) Notify the field supervisor or Watch Commander of the disposition of children or dependent adults.

If children or dependent adults are at school or another known location outside the household at the time of arrest, the arresting officer should attempt to contact the school or other known location and inform the principal or appropriate responsible adult of the caregiver’s arrest and of the arrangements being made for the care of the arrestee’s dependent. The result of such actions should be documented in the associated report.

380.3.2 DURING THE BOOKING PROCESS
During the booking process the arrestee shall be allowed to make additional telephone calls to relatives or other responsible individuals as is reasonably necessary to arrange for the care of any child or dependent adult. These telephone calls should be given as soon as practicable and are in addition to any other telephone calls allowed by law (Penal Code § 851.5(c)).
If an arrestee is unable to resolve the care of any child or dependent adult through this process, a supervisor should be contacted to determine the appropriate steps to arrange for care. These steps may include additional telephone calls or contacting a local, county or state services agency.

380.3.3 REPORTING

(a) For all arrests where children are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Special needs (e.g., medical, mental health)
5. How, where and with whom or which agency the child was placed
6. Identities and contact information for other potential caregivers
7. Notifications made to other adults (e.g., schools, relatives)

(b) For all arrests where dependent adults are present or living in the household, the reporting member will document the following information:

1. Name
2. Sex
3. Age
4. Whether he/she reasonably appears able to care for him/herself
5. Disposition or placement information if he/she is unable to care for him/herself

380.3.4 SUPPORT AND COUNSELING REFERRAL

If, in the judgment of the handling officers, the child or dependent adult would benefit from additional assistance, such as counseling services, contact with a victim advocate or a crisis telephone number, the appropriate referral information may be provided.

380.4 DEPENDENT WELFARE SERVICES

Whenever an arrestee is unwilling or incapable of arranging for the appropriate care of any child or dependent adult, the handling officer should contact the appropriate welfare service or other department-approved social service to determine whether protective custody is appropriate (Welfare and Institutions Code § 305).

Only when other reasonable options are exhausted should a child or dependent adult be transported to the police facility, transported in a marked patrol car or taken into formal protective custody.
Under no circumstances should a child or dependent adult be left unattended or without appropriate care.

380.5 TRAINING
The Training Officer is responsible to ensure that all personnel of this department who may be involved in arrests affecting children or dependent adults receive approved POST-approved training on effective safety measures when a parent, guardian or caregiver is arrested (Penal Code § 13517.7).
Training Bulletin Program

381.1 PURPOSE AND POLICY
The purpose of the order is to set policy and establish guidelines and responsibilities related to department issued training bulletins.

It is the policy of the department to maintain a Training Bulletin Program to ensure effective roll call and in-service training. The department will provide training bulletins as training material for general departmental instruction and to augment individual study.

381.1.1 DEVELOPMENT, DISTRIBUTION AND RESPONSIBILITIES

(a) Development of Training Bulletins - Information or an idea for a departmental training bulletin may be submitted by any member of the department. Suggestions shall be forwarded to the Training Officer in the Investigations Division. The Investigative Services Division Supervisor (or designee) shall be responsible for preparing the training bulletin for dissemination.

(b) Distribution - Sufficient training bulletins will be distributed by the department to all full-time and reserve officers (via email). Additional copies will be distributed to members when the topic applies to their position.

(c) Officer's Responsibilities

1. Departmental personnel are responsible for receiving all copies of the training bulletins issued by the department. When the emailed copy is not received, the officer should notify the department training officer in order to have it sent out again.

2. Employees receiving the training bulletin are to keep the electronic version of the training bulletin in order to refer back to it as needed.

3. A full and complete set of all previous and current training bulletins shall be retained in the Training Office (electronically).

4. Department personnel are responsible for reading the assigned training bulletins before the training session is held.

(d) Field Training Officer's Responsibilities

1. FTO's shall study each training bulletin so they can develop and conduct intelligent, interesting and informative discussion sessions.

2. FTO's shall review and explain the contents of each bulletin in depth, and direct meaningful questions to the group.

3. Training officers shall encourage questions and discussions from officers during the training session.
4. Field Training Officers shall forward, in writing, all questions or criticism that they cannot answer from their own experience, or from the information provided by the training bulletins, to the department training officer for clarification and a response.

5. Field Training Officers will serve as instructors of the material.

(e) Watch Commander's Responsibilities

1. Watch Commanders shall be responsible for designating time during roll call for the field training officer to conduct the training session.
Service Animals

382.1 PURPOSE AND SCOPE
The purpose of this policy is to provide the guidelines necessary to ensure the rights of individuals who use service animals to assist with disabilities are protected in accordance with Title II of the Americans with Disabilities Act of 1990 (ADA).

382.1.1 DEFINITIONS
Definitions related to this policy include:

Service animal - A dog that is trained to do work or perform tasks for the benefit of an individual with a disability, including a physical, sensory, psychiatric, intellectual or other mental disability. The work or tasks performed by a service animal must be directly related to the individual’s disability (28 CFR 35.104; Health and Safety Code § 113903).

Service animal also includes a miniature horse if the horse is trained to do work or perform tasks for people with disabilities, provided the horse is housebroken, is under the handler’s control, the facility can accommodate the horse’s type, size and weight, and the horse’s presence will not compromise legitimate safety requirements necessary for safe operation of the facility (28 CFR 35.136(i)).

382.2 POLICY
It is the policy of the Laguna Beach Police Department to provide services and access to persons with service animals in the same manner as those without service animals. Department members shall protect the rights of persons assisted by service animals in accordance with state and federal law.

382.3 IDENTIFICATION AND USE OF SERVICE ANIMALS
Some service animals may be readily identifiable. However, many do not have a distinctive symbol, harness or collar.

Service animals may be used in a number of ways to provide assistance, including:

- Guiding people who are blind or have low vision.
- Alerting people who are deaf or hard of hearing.
- Retrieving or picking up items, opening doors or flipping switches for people who have limited use of their hands, arms or legs.
- Pulling wheelchairs.
- Providing physical support and assisting with stability and balance.
- Doing work or performing tasks for persons with traumatic brain injury, intellectual disabilities or psychiatric disabilities, such as reminding a person with depression to take medication.
Alerting a person with anxiety to the onset of panic attacks, providing tactile stimulation to calm a person with post-traumatic stress disorder, assisting people with schizophrenia to distinguish between hallucinations and reality, and helping people with traumatic brain injury to locate misplaced items or follow daily routines.

382.4 MEMBER RESPONSIBILITIES
Service animals that are assisting individuals with disabilities are permitted in all public facilities and areas where the general public is allowed. Department members are expected to treat individuals with service animals with the same courtesy and respect that the Laguna Beach Police Department affords to all members of the public (28 CFR 35.136).

382.4.1 COMPLAINTS
When handling calls of a complaint regarding a service animal, members of this department should remain neutral and should be prepared to explain the ADA requirements concerning service animals to the concerned parties. Businesses are required to allow service animals to accompany their handlers into the same areas that other customers or members of the public are allowed (28 CFR 36.302).

Absent a violation of law independent of the ADA, officers should take no enforcement action beyond keeping the peace. Individuals who believe they have been discriminated against as a result of a disability should be referred to the Civil Rights Division of the U.S. Department of Justice (DOJ).

382.4.2 REMOVAL
If a service animal is not housebroken or exhibits vicious behavior, poses a direct threat to the health of others, or unreasonably disrupts or interferes with normal business operations, an officer may direct the handler to remove the animal from the premises. Barking alone is not a threat nor does a direct threat exist if the person takes prompt, effective action to control the service animal (28 CFR 35.136(b)).

Each incident must be considered individually and past incidents alone are not cause for excluding a service animal. Removal of a service animal may not be used as a reason to refuse service to an individual with disabilities. Members of this department are expected to provide all services as are reasonably available to an individual with a disability, with or without a service animal.

382.4.3 CONTACT
Service animals are not pets. Department members should not interfere with the important work performed by a service animal by talking to, petting or otherwise initiating contact with a service animal.

382.4.4 INQUIRY
If it is apparent or if a member is aware that an animal is a service animal, the individual generally should not be asked any questions as to the status of the animal. If it is unclear whether an animal
Service Animals

meets the definition of a service animal, the member should ask the individual only the following questions (28 CFR 35.136(f)):

- Is the animal required because of a disability?
- What task or service has the service animal been trained to perform?

If the individual explains that the animal is required because of a disability and has been trained to work or perform at least one task, the animal meets the definition of a service animal and no further questions as to the animal’s status should be asked. The individual should not be questioned about his/her disability nor should the person be asked to provide any license, certification or identification card for the service animal.
City Attorney Prosecutions of Repeat Offenders

383.1 PURPOSE
This policy outlines the procedure for the prosecution, through the City Attorney’s office, of repeat offenders of the Laguna Beach Municipal Code (LBMC) and the California Penal Code (CPC).

383.2 POLICY
This policy establishes general guidelines rather than mandates. The City Attorney's office at all times retains its right to exercise prosecutorial discretion and to consider all relevant circumstances in determining the manner of prosecution.

383.2.1 DEFINITIONS
Most LBMC violations are "wobblettes." Wobblettes are laws that can be cited and/or prosecuted as infractions or as misdemeanors at the discretion of the police officer and/or the prosecutor. The City desires to utilize its City Attorney's office to prosecute individuals who repeatedly violate certain LBMC sections that the City has determined are harmful to the community at-large. The most common LBMC sections cited by Laguna Beach police officers are:

- Public consumption of alcohol (LBMC 8.04.010[a])
- Possession of an open container (LBMC 8.04.010[b])
- Drinking alcohol on the beach (LBMC 18.16.010)

In addition to the LBMC sections referenced above, there are two California Penal Code sections that are often cited in the City of Laguna Beach, namely Public Intoxication (CPC 647[f]) and Unlawful/Illegal Lodging (CPC 647[e]).

383.2.2 PROCEDURE
Police officers will typically issue a citation for a violation of any of the referenced LBMC sections, and other similar LBMC provisions, as an infraction. Infractions are filed directly with the Superior Court, and similar to minor traffic tickets, are resolved without the appearance of a prosecuting attorney.

Upon a third violation, and every subsequent violation of these same offenses within a twelve (12) month period, police officers will typically cite such violations as misdemeanors (with the exception of item LBMC 8.04.010[b), which is preempted by State law and must be filed as an infraction.)

Upon issuing a misdemeanor citation, the police officer will complete the required paperwork, which consists of a brief narrative including, when available and practical; date, time, location, alcohol type (e.g., beer or wine), and any other information the officer determines is relevant.

Notwithstanding the foregoing, the City Attorney’s office retains its authority to prosecute any such violation originally as a misdemeanor in its sound discretion based upon a consideration of all the relevant circumstances in a particular case.
City Attorney Prosecutions of Repeat Offenders

The City’s general guideline for prosecuting Penal Code violations is to file a misdemeanor charge for each violation of one of the above-referenced Penal Code sections. In those circumstances, the arrest packet will be provided to the City Attorney’s office for prosecution. The City Attorney’s office retains its authority to determine whether or not to file a criminal complaint in an exercise of its sound discretion upon a consideration of all the relevant circumstances in a particular case.

Upon discovery that a subject has been cited or arrested for a violation of one of the above-referenced LBMC sections for a third of more time within a twelve (12) month period, and/or for a violation of California Penal Code 647(f) or 647(e), a police officer shall:

(a) Issue a misdemeanor citation with a court appearance date on a Friday of no less than three (3) weeks and no more than six (6) weeks from the date of the citation. The selected court appearance date will be written on the misdemeanor citation or the release from custody paperwork.

(b) The officer shall advise the records department of the court date by highlighting the date with a marker, signifying that the file will be forwarded to the City Attorney.

(c) The misdemeanor citation and/or arrest report will be forwarded to the Watch Commander for review.

(d) After approval by the Watch Commander, the records department will send an email to the Community Outreach Officer regarding the pending court date.

(e) The Community Outreach Officer will provide the City Attorney with the case packet.

The City Attorney will appear in Superior Court on behalf of the People of the State of California, by and through the City, to prosecute the listed offenses. The City Attorney may seek a variety of penalties, ranging from additional days in jail for each subsequent violation, fines, stay-away orders from specified areas, or any other penalty deemed appropriate under the circumstances of the particular case.

Where specific LBMC and California Penal Code provisions are mentioned in this policy, additional codes may be added to the list of offenses to be prosecuted by the City Attorney without the need for a formal amendment to this policy.

Volunteer Program

384.1 PURPOSE AND SCOPE
It is the policy of this department to use qualified volunteers for specified tasks and duties in order to create efficiencies for the Department and improve services to the community. Volunteers are intended to supplement and support, rather than supplant, sworn officers and civilian personnel. Volunteers can be an important part of any organization and are proven to be a valuable asset to law enforcement agencies. Volunteers help to increase departmental responsiveness, delivery of services and information input, and provide new program opportunities. In addition, volunteers bring new skills and expertise to the Department and prompt new enthusiasm.

384.1.1 DEFINITION OF VOLUNTEER
An individual who performs a service for the Department without promise, expectation or receipt of compensation for services rendered. This may include unpaid chaplains, unpaid reserve officers, interns, persons providing administrative support and youth involved in a law enforcement Explorer Post, among others.

384.2 VOLUNTEER MANAGEMENT

384.2.1 VOLUNTEER COORDINATOR
The Volunteer Coordinator shall be appointed by the Administrative Services Division Commander. The function of the Volunteer Coordinator is to provide a central coordinating point for effective volunteer management within the Department, and to direct and assist staff and volunteer efforts to jointly provide more productive services. The Volunteer Coordinator should work with other Department staff on an ongoing basis to assist in the development and implementation of volunteer-staffed positions.

The Volunteer Coordinator, or his/her designee, shall be responsible for the following:

(a) Recruiting, selecting and training qualified volunteers for various positions.
(b) Facilitating the implementation of new volunteer activities and assignments.
(c) Maintaining records for each volunteer.
(d) Tracking and evaluating the contribution of volunteers.
(e) Maintaining the volunteer handbook and outlining expectations, policies and responsibilities for all volunteers.
(f) Maintaining a record of volunteer schedules and work hours.
(g) Completion and dissemination as appropriate of all necessary paperwork and information.
(h) Planning periodic recognition events.
(i) Administering discipline when warranted.
Volunteer Program

(j) Maintaining liaison with other volunteer-utilizing programs in the community and assisting in community-wide efforts to recognize and promote volunteering.

384.2.2 RECRUITMENT
Volunteers should be recruited on a continuous and ongoing basis consistent with department policy on equal opportunity nondiscriminatory employment. A primary qualification for participation in the application process should be an interest in, and an ability to assist the Department in serving the public.

Requests for volunteers should be submitted in writing by interested staff to the Volunteer Coordinator through the requester's immediate supervisor. A complete position description and a requested time-frame should be included in the request. All parties should understand that the recruitment of volunteers is enhanced by creative and interesting assignments. The Volunteer Coordinator may withhold assignment of any volunteer until such time as the requesting unit is prepared to make effective use of volunteer resources.

384.2.3 SCREENING
All prospective volunteers should complete the volunteer application form. The Volunteer Coordinator or designee should conduct a face-to-face interview with an applicant under consideration.

A documented background investigation shall be completed on each volunteer applicant and shall include, but not necessarily be limited to, the following:

(a) Traffic and criminal background check. Fingerprints shall be obtained from all applicants and processed through the California Criminal Information Index.

(b) Employment

(c) References

(d) Credit check

A polygraph exam may be required of each applicant depending on the type of assignment.

384.2.4 SELECTION AND PLACEMENT
Service as a volunteer with the Department shall begin with an official notice of acceptance or appointment to a volunteer position. Notice may only be given by an authorized representative of the Department, who will normally be the Volunteer Coordinator. No volunteer should begin any assignment until they have been officially accepted for that position and completed all required screening and paperwork. At the time of final acceptance, each volunteer should complete all required enrollment paperwork and will receive a copy of their position description and agreement of service with the Department. All volunteers shall receive a copy of the volunteer handbook and shall be required to sign a volunteer agreement.

Volunteers should be placed only in assignments or programs that are consistent with their knowledge, skills, abilities and the needs of the Department.
Volunteer Program

384.2.5 TRAINING
Volunteers will be provided with an orientation program to acquaint them with the Department, personnel, policies and procedures that have a direct impact on their work assignment.

Volunteers should receive position-specific training to ensure they have adequate knowledge and skills to complete tasks required by the position and should receive periodic ongoing training as deemed appropriate by their supervisor or the Volunteer Coordinator.

Training should reinforce to volunteers that they may not intentionally represent themselves as, or by omission infer that they are sworn officers or other full-time members of the Department. They shall always represent themselves as volunteers.

All volunteers shall comply with the rules of conduct and with all orders and directives, either oral or written, issued by the Department.

384.2.6 FITNESS FOR DUTY
No volunteer shall report to work or be on-duty when his/her judgment or physical condition has been impaired by alcohol, medication, other substances, illness or injury.

Volunteers shall report to their supervisor any changes in status that may affect their ability to fulfill their duties. This includes, but is not limited to, the following:

(a) Driver license
(b) Medical condition
(c) Arrests
(d) Criminal investigations

All volunteers shall adhere to the guidelines set forth by this department regarding drug and alcohol use.

384.2.7 DRESS CODE
As representatives of the Department, volunteers are responsible for presenting a professional image to the community. Volunteers shall dress appropriately for the conditions and performance of their duties.

Volunteers shall conform to department-approved dress consistent with their duty assignment. Uniforms authorized for volunteers should be readily distinguishable from those worn by sworn officers. The uniform or identifiable parts of the uniform shall not be worn while off-duty except volunteers may choose to wear the uniform while in transit to or from official department assignments or functions provided an outer garment is worn over the uniform shirt so as not to bring attention to the volunteer while he/she is off duty.

Volunteers shall be required to return any issued uniform or department property at the termination of service.
384.3 SUPERVISION OF VOLUNTEERS
Each volunteer who is accepted to a position with the Department must have a clearly identified supervisor who is responsible for direct management of that volunteer. This supervisor will be responsible for day-to-day management and guidance of the work of the volunteer and should be available to the volunteer for consultation and assistance.

A volunteer may be assigned as and act as a supervisor of other volunteers provided that the supervising volunteer is under the direct supervision of a paid staff member.

Functional supervision of volunteers is the responsibility of the supervisor in charge of the unit where the volunteer is assigned. Following are some considerations to keep in mind while supervising volunteers:

(a) Take the time to introduce volunteers to employees on all levels.
(b) Ensure volunteers have work space and necessary office supplies.
(c) Make sure the work is challenging. Do not hesitate to give them an assignment or task that will tap these valuable resources.

384.4 CONFIDENTIALITY
With appropriate security clearance, volunteers may have access to confidential information such as criminal histories or investigative files. Unless otherwise directed by a supervisor or departmental policy, all information shall be considered confidential. Only that information specifically identified and approved by authorized personnel shall be released. Confidential information shall be given only to persons who have a need and a right to know as determined by departmental policy and supervisory personnel.

Each volunteer will be required to sign a nondisclosure agreement before being given an assignment with the Department. Subsequent unauthorized disclosure of any confidential information, verbally, in writing or by any other means, by the volunteer is grounds for immediate dismissal and possible criminal prosecution.

Volunteers shall not address public gatherings, appear on radio or television, prepare any article for publication, act as correspondents to a newspaper or other periodical, release or divulge any information concerning the activities of the Department, or maintain that they represent the Department in such matters without permission from the proper department personnel.

384.5 PROPERTY AND EQUIPMENT
Volunteers will be issued an identification card that must be worn at all times while on-duty. Any fixed and portable equipment issued by the Department shall be for official and authorized use only. Any property or equipment issued to a volunteer shall remain the property of the Department and shall be returned at the termination of service.
Volunteer Program

384.5.1 VEHICLE USE
Volunteers assigned to duties such as vacation house checks or other assignments that require the use of a vehicle must first complete the following:

(a) A driving safety briefing and department approved driver safety course.
(b) Verification that the volunteer possesses a valid California Driver License.
(c) Verification that the volunteer carries current vehicle insurance.

The Volunteer Coordinator should insure that all volunteers receive safety briefing updates and license and insurance verification at least once a year.

When operating a Department vehicle, volunteers shall obey all rules of the road, including seat belt requirements. Smoking is prohibited in all Department vehicles.

Volunteers should not operate a marked patrol car unless there is a prominently placed sign indicating that it is out of service and are not authorized to operate a Department vehicle Code-3.

384.5.2 RADIO AND MDC USAGE
Volunteers shall successfully complete CLETS and radio procedures training prior to using the police radio or MDC and comply with all related provisions. The Volunteer Coordinator should ensure that radio and CLETS training is provided for volunteers whenever necessary.

384.6 DISCIPLINARY PROCEDURES/TERMINATION
A volunteer may be removed from the volunteer program at the discretion of the Chief of Police or the Volunteer Coordinator. Volunteers shall have no property interests in their continued appointment. However, if a volunteer is removed for alleged misconduct, the volunteer will be afforded an opportunity solely to clear his/her name through a liberty interest hearing which shall be limited to a single appearance before the Chief of Police or authorized designee.

Volunteers may resign from volunteer service with the Department at any time. It is requested that volunteers who intend to resign provide advance notice of their departure and a reason for their decision.

384.6.1 EXIT INTERVIEWS
Exit interviews, where possible, should be conducted with volunteers who are leaving their positions. The interview should ascertain why the volunteer is leaving the position and solicit the volunteer’s suggestions on improving the position. When appropriate, the interview should also include a discussion on the possibility of involvement in some other capacity with the Department.

384.7 EVALUATION
An evaluation of the overall volunteer program will be conducted on an annual basis by the Volunteer Coordinator. Regular evaluations should be conducted with volunteers to ensure the best use of human resources available, to ensure personnel problems can be identified and dealt with promptly and fairly, and to ensure optimum satisfaction on the part of volunteers.
Off-Duty Law Enforcement Actions

387.1 PURPOSE AND SCOPE
The decision to become involved in a law enforcement action when off-duty can place an officer as well as others at great risk and must be done with careful consideration. This policy is intended to provide guidelines for officers of the Laguna Beach Police Department with respect to taking law enforcement action while off-duty.

387.2 POLICY
Initiating law enforcement action while off-duty is generally discouraged. Officers should not attempt to initiate enforcement action when witnessing minor crimes, such as suspected intoxicated drivers, reckless driving or minor property crimes. Such incidents should be promptly reported to the appropriate law enforcement agency.

Officers are not expected to place themselves in unreasonable peril. However, any sworn member of this department who becomes aware of an incident or circumstance that he/she reasonably believes poses an imminent threat of serious bodily injury or death, or significant property damage may take reasonable action to minimize the threat.

When public safety or the prevention of major property damage requires immediate action, officers should first consider reporting and monitoring the activity and only take direct action as a last resort.

387.3 FIREARMS
Officers of this department may carry firearms while off-duty in accordance with federal regulations and department policy. All firearms and ammunition must meet guidelines as described in the department Firearms Policy. When carrying firearms while off-duty officers shall also carry their department-issued badge and identification.

Officers should refrain from carrying firearms when the consumption of alcohol is likely or when the need to carry a firearm is outweighed by safety considerations. Firearms shall not be carried by any officer who has consumed an amount of an alcoholic beverage or taken any drugs or medications or any combination thereof that would tend to adversely affect the officer’s senses or judgment.

387.4 DECISION TO INTERVENE
There is no legal requirement for off-duty officers to take law enforcement action. However, should officers decide to intervene, they must evaluate whether the action is necessary or desirable, and should take into consideration the following:

(a) The tactical disadvantage of being alone and the fact there may be multiple or hidden suspects.

(b) The inability to communicate with responding units.
Off-Duty Law Enforcement Actions

(c) The lack of equipment, such as handcuffs, OC or baton.
(d) The lack of cover.
(e) The potential for increased risk to bystanders if the off-duty officer were to intervene.
(f) Unfamiliarity with the surroundings.
(g) The potential for the off-duty officer to be misidentified by other peace officers or members of the public.

Officers should consider waiting for on-duty uniformed officers to arrive, and gather as much accurate intelligence as possible instead of immediately intervening.

387.4.1 INTERVENTION PROCEDURE
If involvement is reasonably necessary the officer should attempt to call or have someone else call 9-1-1 to request immediate assistance. The dispatcher should be informed that an off-duty officer is on-scene and should be provided a description of the officer if possible.

Whenever practicable, the officer should loudly and repeatedly identify him/herself as an Laguna Beach Police Department officer until acknowledged. Official identification should also be displayed.

387.4.2 INCIDENTS OF PERSONAL INTEREST
Officers should refrain from handling incidents of personal interest, (e.g., family or neighbor disputes) and should remain neutral. In such circumstances officers should call the responsible agency to handle the matter.

387.4.3 NON-SWORN RESPONSIBILITIES
Non-sworn personnel should not become involved in any law enforcement actions while off-duty except to notify the local law enforcement authority and remain at the scene, if safe and practicable.

387.4.4 OTHER CONSIDERATIONS
When encountering a non-uniformed officer in public, uniformed officers should wait for acknowledgement by the non-uniformed officer in case he/she needs to maintain an undercover capability.

387.5 REPORTING
Any off-duty officer who engages in any law enforcement activity, regardless of jurisdiction, shall notify the Watch Commander as soon as practicable. The Watch Commander shall determine whether a report should be filed by the employee.

Officers should cooperate fully with the agency having jurisdiction in providing statements or reports as requested or as appropriate.

(g) Any content that has not been properly authorized by this policy or a supervisor.

390.5.1 PUBLIC POSTING PROHIBITED
Department social media sites shall be designed and maintained to prevent posting of content by the public.
The Department may provide a method for members of the public to contact department members directly.

**390.6 MONITORING CONTENT**

(i) Traffic direction and control

400.1.2 TERRORISM
It is the goal of the Laguna Beach Police Department to make every reasonable effort to accurately and appropriately gather and report any information that may relate to either foreign or domestic terrorism. Officers should advise a supervisor as soon as practicable of any activity believed to be terrorism related and should document such incidents with a written report or Field Interview (FI). The supervisor should ensure that all terrorism related reports and FIs are forwarded to the Investigative Bureau Supervisor in a timely fashion.
400.2 PATROL INFORMATION SHARING PROCEDURES
The following guidelines are intended to develop and maintain intra-department cooperation and information flow between the various divisions of the Laguna Beach Police Department.

400.2.1 CRIME ANALYSIS UNIT
The Crime Analysis Unit (CAU) will be the central unit for information exchange. Criminal information and intelligence reports can be submitted to the Records Bureau for distribution to all divisions within the Department through daily and special bulletins.

400.2.2 CRIME REPORTS
A crime report may be completed by any patrol officer who receives criminal information. The report will be processed and forwarded to the appropriate bureau for retention or follow-up investigation.

400.2.3 PATROL BRIEFINGS
Patrol supervisors, detective sergeants, and special unit sergeants are encouraged to share information as much as possible. All supervisors and/or officers will be provided an opportunity to share information at the daily patrol Briefings as time permits.

400.2.4 INFORMATION CLIPBOARDS
Several information clipboards will be maintained in the briefing room and will be available for review by officers from all divisions within the Department. These will include, but not be limited to, the patrol check clipboard, the wanted persons clipboard, and the written directive clipboard.

400.2.5 BULLETIN BOARDS
A bulletin board will be kept in the briefing room and the Investigative Services Division for display of suspect information, intelligence reports and photographs. New Departmental Directives will be made available for patrol supervisors and will be discussed at briefings and shift meetings. A copy of new Departmental Directives will be placed in the briefing room.

400.3 CROWDS, EVENTS AND GATHERINGS
Officers may encounter gatherings of people, including but not limited to, civil demonstrations, civic, social and business events, public displays, parades and sporting events. Officers should monitor such events as time permits in an effort to keep the peace and protect the safety and rights of those present. A patrol supervisor should be notified when it becomes reasonably foreseeable that such an event may require increased monitoring, contact or intervention.

Officers responding to an event or gathering that warrants law enforcement involvement should carefully balance the speech and association rights of those present with applicable public safety concerns before taking enforcement action. Officers are encouraged to contact organizers or responsible persons to seek voluntary compliance that may address relevant public safety/order concerns.
Officers should consider enforcement of applicable state and local laws, such as Penal Code 602.1 (obstructing or intimidating business operators), when the activity blocks the entrance or egress of a facility or location and when voluntary compliance with the law is not achieved.
Bias-Based Policing

402.1 PURPOSE AND SCOPE
This policy provides guidance to department members that affirms the Laguna Beach Police Department’s commitment to policing that is fair and objective.

Nothing in this policy prohibits the use of specified characteristics in law enforcement activities designed to strengthen the department’s relationship with its diverse communities (e.g., cultural and ethnicity awareness training, youth programs, community group outreach, partnerships).

402.1.1 DEFINITIONS
Definitions related to this policy include:

Bias-based policing - An inappropriate reliance on characteristics such as race, ethnicity, national origin, religion, sex, sexual orientation, gender identity or expression, economic status, age, cultural group, disability or affiliation with any non-criminal group (protected characteristics) as the basis for providing differing law enforcement service or enforcement (Penal Code § 13519.4).

402.2 POLICY
The Laguna Beach Police Department is committed to providing law enforcement services to the community with due regard for the racial, cultural or other differences of those served. It is the policy of this department to provide law enforcement services and to enforce the law equally, fairly, objectively and without discrimination toward any individual or group.

402.3 BIAS-BASED POLICING PROHIBITED
Bias-based policing is strictly prohibited.

However, nothing in this policy is intended to prohibit an officer from considering protected characteristics in combination with credible, timely and distinct information connecting a person or people of a specific characteristic to a specific unlawful incident, or to specific unlawful incidents, specific criminal patterns or specific schemes.

402.4 MEMBER RESPONSIBILITIES
Every member of this department shall perform his/her duties in a fair and objective manner and is responsible for promptly reporting any suspected or known instances of bias-based policing to a supervisor. Members should, when reasonable to do so, intervene to prevent any biased-based actions by another member.

402.4.1 REASON FOR CONTACT
Officers contacting a person shall be prepared to articulate sufficient reason for the contact, independent of the protected characteristics of the individual.
Bias-Based Policing

To the extent that written documentation would otherwise be completed (e.g., arrest report, field interview (FI) card), the involved officer should include those facts giving rise to the contact, as applicable.

Except for required data-collection forms or methods, nothing in this policy shall require any officer to document a contact that would not otherwise require reporting.

402.5 ADMINISTRATION

Each year, the Patrol Division Commander should review the efforts of the Department to provide fair and objective policing and submit an annual report, including public concerns and complaints, to the Chief of Police.

The annual report should not contain any identifying information about any specific complaint, member of the public or officers. It should be reviewed by the Chief of Police to identify any changes in training or operations that should be made to improve service.

Supervisors should review the annual report and discuss the results with those they are assigned to supervise.

402.6 TRAINING

Training on fair and objective policing and review of this policy should be conducted as directed by the Training Unit.

(a) All sworn members of this department will be scheduled to attend Peace Officer Standards and Training (POST)-approved training on the subject of bias-based policing.

(b) Pending participation in such POST-approved training and at all times, all members of this department are encouraged to familiarize themselves with and consider racial and cultural differences among members of this community.

(c) Each sworn member of this department who received initial bias-based policing training will thereafter be required to complete an approved refresher course every five years, or sooner if deemed necessary, in order to keep current with changing racial, identity and cultural trends (Penal Code § 13519.4(i)).

402.7 REPORTING TO CALIFORNIA DEPARTMENT OF JUSTICE

The Professional Standards Unit Manager shall ensure that all data required by the California Department of Justice (DOJ) regarding complaints of racial bias against officers is collected and provided to the Records Supervisor for required reporting to the DOJ (Penal Code § 13012; Penal Code § 13020). 405.1.2 SPECIFIC RADIO CHANNELS

The Orange County 800 MHz Radio Communications System allows for over 350 talk groups and conventional channels and provides system wide encryption for Law Enforcement. Many of these channels can be utilized as primary channels, secondary channels, special event channels and various task force channels. The channels enumerated below will cover the primary channels utilized in day-to-day and routine communications traffic between the Laguna Beach Police Department communications center and field units. The communications center dispatchers monitor these channels at all times and these channels will be recorded 24 hours a day.

(a) Green 1 - This channel is a dedicated radio channel assigned to the Laguna Beach Police Department for voice and digital two-way transmissions between the communications center and mobile units. Green 1 is utilized as the primary radio channel for routine radio dispatch to and from the communications center and mobile units.
(b) Green 2 - This channel also provides two-way radio transmissions between the communications center and field units. Green 2 is a short-range frequency and can be used for communications as a secondary channel to Green 1. Units may use Green 2 as a backup to Green 1 or to provide further information between units when Green 1 is experiencing heavy traffic.

(c) Green 3 - This channel is used between the communications center and field units when they are north of Big Bend and Laguna Canyon road and can be used to contact the communications center when traveling outside the city limits. The communications center may also advise all units to switch to Green 3 when restricted traffic is requested on Green 1, such as an officer requesting emergency traffic only (10-33). If Green 3 is out of range, utilize Orange South.

(d) Green TA - This channel provides a short-range, car-to-car method of communication. This channel is a line of sight with a range of one to two miles depending on the unit's elevation and the terrain and or other obstructions between the transmitting and receiving units. Green-TA may be selected by units at will; however, they will monitor and return to the primary green channel in use immediately upon concluding their business on Green TA.

(e) Red Channel - This channel provides a county wide commonly shared channel for two-way emergency communication only. All mobile and communication centers have a dedicated receiver and speaker for continuous monitoring of this channel. The red channel is used only in an emergency situation such as code 3 pursuits, shootings, urgent assistance required and other extraordinary circumstances. All mobile units and communications centers shall monitor the red channel at all times. County communications shall use the red channel for the disseminations of countywide broadcasts. Any field unit switching to red channel will notify the communications center.

1. Procedure for Red Channel - For the broadcast of crimes reported within the past 60 minutes, law enforcement agencies may request "Control One" to broadcast information over the RED channel when the crime was reported within the past 60 minutes; and

The crime must be a felony have occurred within the past 30 minutes, and possess a vehicle description (i.e., make, model, color) with license or partial license plate.

(c) The Watch Commander at "Control One" may allow exceptions for the broadcast of information over the RED channel if it is requested by the agency Watch Commander or higher ranking official.

(f) Orange (North/South) - The Orange channels are alternative police communication channels shared by all mobile units and communication centers throughout Orange County. This channel can also serve as a secondary channel to the Green channels during emergency (10-33) traffic situations. When units are on Orange North they may communicate with the communications centers of La Habra, Brea, Placentia, Fullerton, Buena Park, La Palma, Cypress, Los Alamitos, Stanton, Anaheim. Radio Operating Procedure

(l)  Tan 5 - This channel is for Mutual Aid, using county-wide resources in Laguna Beach.

(m)  Tan S - This channel is for Mutual Aid, county-wide and unrestricted.

405.1.3  RADIO USAGE

(a) Use of Radio Code - For purposes of standardization, the Chief of Police and Sheriff’s Association in the County of Orange has adopted and implemented through Orange County Communications the use of a standardized "10" code as well as a collection of other codes loosely based on related Penal Code sections or Vehicle Code sections (such as 211 indicating a robbery, 459 indicating a burglary, 459-A indicating a burglary alarm.) This radio code will be utilized by all field personnel for routine and emergency communications. The specific sections and codes are contained in a publication made available by Orange County Communications and issued by the support Services Supervisor to each employee subject to use of the radio. This does not preclude any employee from speaking to a dispatcher or other officer in clear speech if such communication is deemed necessary for clarity or accuracy, whether in an emergency or non-emergency situation. The preference and practice, though, will be the use of radio code.

(b) Protocol - There is an accepted practice and protocol in the use of the radio system. Field personnel and dispatchers are directed to conform to the accepted standards and practice and to refrain from using unusual codes, awkward verbiage or unknown abbreviations, which would otherwise be confusing to the other field personnel. Conduct such as blurtling out a request for a driver’s license information on John Smith without first getting the attention of the dispatcher is an example of a violation of this protocol. Employees are expected to be courteous and sensitive to the surroundings and situation that other employees are in. A dispatcher is not always available to answer a call immediately as he/she may have other responsibilities such as communicating with fire personnel, talking to a victim over the 9-1-1 line, or communicating with Orange County Communications. It is essential for the safety of all personnel that we respect the delays inherent in such a communications system.

(c) Use of Appropriate Language - Employees are forbidden from using profanity, making derogatory comments, or directing insults toward or about other individuals over the radio. There is sufficient, subtle underlying humor in the daily interactions to meet the needs of most professional police employees.

405.1.4  SUMMARY

Police communications and the equipment that supports that vital link to field personnel continue to be vital and essential tools for law enforcement. The practice of using a standardized radio code and conducting oneself in a professional manner during daily routine radio communications has repeatedly proven its value in emergencies. Employees are urged and encouraged to conduct themselves in accordance with this General Order when using the radio.
Crime and Disaster Scene Integrity

406.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance in handling a major crime or disaster.

406.2 SCENE RESPONSIBILITY
The first officer at the scene of a crime or major incident is generally responsible for the immediate safety of the public and preservation of the scene. Officers shall also consider officer safety and the safety of those persons entering or exiting the area, including those rendering medical aid to any injured parties. Once an officer has assumed or been assigned to maintain the integrity and security of the crime or disaster scene, the officer shall maintain the crime or disaster scene until he/she is properly relieved by a supervisor or other designated person.

406.3 EXECUTION OF HEALTH ORDERS
Any sworn member of this department is authorized to enforce all orders of the local health officer that have been issued for the purpose of preventing the spread of any contagious, infectious or communicable disease (Health and Safety Code § 120155).

406.4 SEARCHES
Officers arriving at crime or disaster scenes are often faced with the immediate need to search for and render aid to victims, and to determine if suspects are present and continue to pose a threat. Once officers are satisfied that no additional suspects are present and/or there are no injured persons to be treated, those exigent circumstances will likely no longer exist. Officers should thereafter secure the scene and conduct no further search until additional or alternate authority for the search is obtained, such as consent or a search warrant.

406.4.1 CONSENT
When possible, officers should seek written consent to search from authorized individuals. However, in the case of serious crimes or major investigations, it may be prudent to also obtain a search warrant. Consent as an additional authorization may be sought, even in cases where a search warrant has been granted.

406.5 FIRST RESPONDER CONSIDERATIONS
The following list generally describes the first responder’s function at a crime or disaster scene. This list is not intended to be all-inclusive, is not necessarily in order and may be altered according to the demands of each situation:

(a) Broadcast emergency information, including requests for additional assistance and resources.
(b) Provide for the general safety of those within the immediate area by mitigating, reducing or eliminating threats or dangers.
Crime and Disaster Scene Integrity

(c) Locate or identify suspects and determine whether dangerous suspects are still within the area.
(d) Provide first aid to injured parties if it can be done safely.
(e) Evacuate the location safely as required or appropriate.
(f) Secure the inner perimeter.
(g) Protect items of apparent evidentiary value.
(h) Secure an outer perimeter.
(i) Identify potential witnesses.
(j) Start a chronological log noting critical times and personnel allowed access.

406.6 POLICY
It is the policy of the Laguna Beach Police Department to secure crime or disaster scenes so that evidence is preserved, and to identify and mitigate the dangers associated with a major crime or disaster scene for the safety of the community and those required to enter or work near the scene.
Ride-Along Policy

410.1 PURPOSE AND SCOPE
The Ride-Along Program provides an opportunity for citizens to experience the law enforcement function first hand. This policy provides the requirements, approval process, and hours of operation for the Ride-Along Program.

410.1.1 ELIGIBILITY
The Laguna Beach Police Department Ride-Along Program is offered to Laguna Beach police applicants. Police applicants with other cities will be directed back to the agency to whom they are applying. However, at the discretion of a Shift Commander or other command level officer, an exception may be made for Laguna Beach residents, those employed within the city and others as deemed appropriate. Any applicant may be disqualified without cause.

The following factors may be considered in disqualifying an applicant and are not limited to:

- Being under 15 years of age
- Inappropriate attire
- Prior criminal history
- Pending criminal action
- Pending lawsuit against any city department
- Denial by any supervisor

410.1.2 AVAILABILITY
The Ride-Along Program is available on most days of the week, with certain exceptions. The ride-along times are from 9:00 a.m. to 11:00 p.m. Exceptions to this schedule may be made as approved by the Chief of Police, Division Commander, Shift Commander or Watch Commander.

410.2 PROCEDURE TO REQUEST A RIDE-ALONG
Generally, ride-along requests will be scheduled by the Watch Commander. The participant will complete a ride-along waiver form. Information requested will include a valid ID or California driver’s license, address, and telephone number. If the participant is under 18 years of age, a parent/guardian must be present to complete the Ride-Along Form.

The Watch Commander will schedule a date, based on availability, at least one week after the date of application. If approved, a copy will be forwarded to the respective Watch Commander as soon as possible for his/her scheduling considerations.

If the ride-along is denied after the request has been made, a representative of the Department will contact the applicant and advise him/her of the denial.
410.2.1 PROGRAM REQUIREMENTS
Once approved, civilian ride-alongs will be allowed to ride no more than once every twelve months. An exception would apply to the following: Police Aides, Explorers, C.O.P.’s, Chaplains, Jailers, police applicants, and all others with approval of the Shift or Watch Commander.

An effort will be made to ensure that no more than one citizen will participate in a ride-along during any given time period. An exception can be made for Police Aides, Explorers, C.O.P.’s, Chaplains, Jailers. No more than one ride-along will be allowed in the officer’s vehicle at a given time. No more than two ride alongs will be allowed during any shift without permission from the Shift Commander.

410.2.2 SUITABLE ATTIRE
Any person approved to ride along is required to be suitably dressed in collared shirt, blouse or jacket, slacks and shoes. Sandals, T-shirts, tank tops, shorts and ripped or torn blue jeans are not permitted. Hats and ball caps will not be worn in the police vehicle. The Watch Commander may refuse a ride along to anyone not properly dressed.

All Police Aides, Explorers, COP’s, Chaplains and Jailers shall wear their department approved uniform. No exceptions.

410.2.3 PEACE OFFICER RIDE-ALONGS
Off-duty members of this department or any other law enforcement agency will not be permitted to ride-along with on-duty officers without the expressed consent of the Watch Commander. In the event that such a ride-along is permitted, the off-duty employee shall not be considered on-duty and shall not represent themselves as a peace officer or participate in any law enforcement activity except as emergency circumstances may require. This off-duty officer is not to function as a "back up" officer and should conform to all other aspects of the ride-along policy. If the off-duty officer desires to carry a firearm, the on-duty Watch Commander will verify the off-duty officer's peace officer status.

410.2.4 RIDE-ALONG CRIMINAL HISTORY CHECK
All Ride-along applicants are subject to a criminal history check. The criminal history check may include a local records check and a Department of Justice Automated Criminal History System check through CLETS prior to their approval as a ride-along with a law enforcement officer (provided that the ride-along is not an employee of the Laguna Beach Police Department) (CLETS Policies, Practices and Procedures Manual § 1.6.1.F.2.).

410.3 OFFICER'S RESPONSIBILITY
The officer shall advise the dispatcher that a ride-along is present in the vehicle before going into service. The assigned officer shall ensure that the ride-along is in possession of a Ride-Along ID Card and lanyard, including sworn officers in civilian clothing, and ensures that it is worn around the neck and is visible at all times.

Officers shall consider the safety of the ride-along at all times. Officers should use sound discretion when encountering a potentially dangerous situation, and if feasible, let the participant out of the vehicle in a well-lighted place of safety. The dispatcher will be advised of the situation and as soon
as practical have another police unit respond to pick up the participant at that location. The ride-along may be continued or terminated at this time.

410.4 CONTROL OF RIDE-ALONG
The assigned employee shall maintain control over the ride-along at all times and instruct him/her in the conditions that necessarily limit their participation. These instructions should include:

(a) The ride-along will follow the directions of the officer
(b) The ride-along will not become involved in any investigation, handling of evidence, discussions with victims or suspects, or handling any police equipment
(c) The ride-along may terminate the ride at any time and the officer may return the observer to their home or to the station if the ride-along interferes with the performance of the officer’s duties
(d) Ride-along may be allowed to continue riding during the transportation and booking process provided this does not jeopardize their safety
(e) Officers will not allow any ride-along to be present in any residences or situations that would jeopardize their safety or cause undue stress or embarrassment to a victim or any other citizen
(f) Under no circumstance shall a civilian ride-along be permitted to enter a private residence with an officer without the expressed consent of the resident or other authorized person
(g) Ride-alongs are mere observers and should not participate in any police activities
(h) Officers should familiarize the ride-along with the use of a police radio in cases of emergency
(i) All non-uniformed ride-alongs shall display, around their neck and on the outside of their clothing, a department issued identification card identifying them as a civilian ride-along. This includes full time peace officers wearing civilian clothing.
(j) With the exception of department personnel, ride-alongs will not attend briefing and will wait in the lobby until the assigned officer is ready for them.
Hazardous Material Response

412.1 PURPOSE AND SCOPE
Hazardous materials present a potential harm to employees resulting from their exposure. To comply with Title 8, California Code of Regulations, § 5194, the following is to be the policy of this department.

412.1.1 HAZARDOUS MATERIAL DEFINED
A hazardous material is a substance which by its nature, containment and reactivity, has the capability of inflicting harm during exposure; characterized as being toxic, corrosive, flammable, reactive, an irritant or strong sensitizer and thereby posing a threat to health when improperly managed.

412.2 HAZARDOUS MATERIAL RESPONSE
Employees may encounter situations involving suspected hazardous materials, such as at the scene of a traffic accident, chemical spill or fire. When employees come into contact with a suspected hazardous material, certain steps should be taken to protect themselves and citizens.

The following steps should be considered at any scene involving suspected hazardous materials:

(a) Attempt to identify the type of hazardous substance. (Identification can be determined by placard, driver's manifest or statements from the person transporting).

(b) Notify the Fire Department for response and have dispatch notify the water quality department if necessary (any mandatory State reporting requirements will be made by either water quality or fire).

(c) Provide first-aid for injured parties if it can be done safely and without contamination.

(d) Begin evacuation of the immediate area and surrounding areas, depending on the substance. Voluntary evacuation should be considered; however, depending on the substance, mandatory evacuation may be necessary.

(e) Notify the local health authority. Such notification is mandatory when a spilled or released item is a pesticide (Health and Safety Code § 105215).

(f) Notify the Department of Toxic Substances Control. This is mandatory when an officer comes in contact with, or is aware of, the presence of a suspected hazardous substance at a site where an illegal controlled substance is or was manufactured (Health and Safety § 25354.5).

412.3 REPORTING EXPOSURE(S)
Department personnel who believe that they have been exposed to a hazardous material shall immediately report the exposure to a supervisor. Each exposure shall be documented by the employee in an employee memorandum that shall be forwarded via chain of command to the
Commanding Officer. Should the affected employee be unable to document the exposure for any reason, it shall be the responsibility of the notified supervisor to complete the memorandum.

Injury or illness caused or believed to be caused from exposure to hazardous materials shall be reported the same as any other on-duty injury or illness in addition to a crime report or incident report.

Any necessary medical attention will be immediately provided to the employee.

412.3.1 SUPERVISOR RESPONSIBILITY
When a supervisor has been informed that an employee has been exposed to a hazardous material, he/she shall ensure that immediate medical treatment is obtained and appropriate action is taken to lessen the exposure.

To ensure the safety of employees, safety equipment is available through supervisory personnel. Safety items not maintained by the Department will be obtained through the Fire Department.
Hostage and Barricade Incidents

414.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for situations where officers have legal cause to contact, detain or arrest a person, and the person refuses to submit to the lawful requests of the officers by remaining in a structure or vehicle and/or by taking a hostage.

The scope of this policy is not intended to address all variables that officers encounter during their initial response or when a hostage or barricade situation has developed. This policy does not require or purport to recommend specific strategies or tactics for resolution as each incident is a dynamic and rapidly evolving event.

414.1.1 DEFINITIONS
Definitions related to this policy include:

Barricade situation - An incident where a person maintains a position of cover or concealment and ignores or resists law enforcement personnel, and it is reasonable to believe the subject is armed with a dangerous or deadly weapon.

Hostage situation - An incident where it is reasonable to believe a person is unlawfully held by a hostage-taker as security so that specified terms or conditions will be met.

414.2 POLICY
It is the policy of the Laguna Beach Police Department to address hostage and barricade situations with due regard for the preservation of life and balancing the risk of injury, while obtaining the safe release of hostages, apprehending offenders and securing available evidence.

414.3 COMMUNICATION
When circumstances permit, initial responding officers should try to establish and maintain lines of communication with a barricaded person or hostage-taker. Officers should attempt to identify any additional subjects, inquire about victims and injuries, seek the release of hostages, gather intelligence information, identify time-sensitive demands or conditions and obtain the suspect’s surrender.

When available, department-authorized negotiators should respond to the scene as soon as practicable and assume communication responsibilities. Negotiators are permitted to exercise flexibility in each situation based upon their training, the circumstances presented, suspect actions or demands and the available resources.

414.3.1 EMERGENCY COMMUNICATIONS
Only an officer who has been designated by the District Attorney or Attorney General may use or authorize the use of an electronic amplifying or recording device to eavesdrop on or record, or both, oral communication in response to an emergency situation involving a hostage or the barricading of a location, and only when (Penal Code § 633.8(b)):
Hostage and Barricade Incidents

(a) The officer reasonably determines an emergency situation exists that involves the immediate danger of death or serious physical injury to any person within the meaning of 18 USC § 2518(7)(a)(i),

(b) The officer reasonably determines that the emergency situation requires that eavesdropping on oral communication occur immediately, and

(c) There are grounds upon which an order could be obtained pursuant to 18 USC § 2516(2).

(d) An application for an order approving the eavesdropping and complying with the requirements of Section 629.50 is made within 48 hours of the beginning of the eavesdropping.

(e) The contents of any oral communications overheard are recorded on tape or other comparable device.

414.4 FIRST RESPONDER CONSIDERATIONS

First responding officers should promptly and carefully evaluate all available information to determine whether an incident involves, or may later develop into, a hostage or barricade situation.

The first responding officer should immediately request a supervisor’s response as soon as it is determined that a hostage or barricade situation exists. The first responding officer shall assume the duties of the supervisor until relieved by a supervisor or a more qualified responder. The officer shall continually evaluate the situation, including the level of risk to officers, to the persons involved and to bystanders, and the resources currently available.

The handling officer should brief the arriving supervisor of the incident, including information about suspects and victims, the extent of any injuries, additional resources or equipment that may be needed, and current perimeters and evacuation areas.

414.4.1 BARRICADE SITUATION

Unless circumstances require otherwise, officers handling a barricade situation should attempt to avoid a forceful confrontation in favor of stabilizing the incident by establishing and maintaining lines of communication while awaiting the arrival of specialized personnel and trained negotiators. During the interim the following options, while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).
Hostage and Barricade Incidents

(d) Provide responding emergency personnel with a safe arrival route to the location.

(e) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(f) Attempt or obtain a line of communication and gather as much information on the subject as possible, including weapons, other involved parties, additional hazards or injuries.

(g) Establish an inner and outer perimeter as circumstances require and resources permit to prevent unauthorized access.

(h) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(i) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer.

(j) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

(k) Establish a command post.

414.4.2 HOSTAGE SITUATION

Officers presented with a hostage situation should attempt to avoid a forceful confrontation in favor of controlling the incident in anticipation of the arrival of specialized personnel and trained hostage negotiators. However, it is understood that hostage situations are dynamic and can require that officers react quickly to developing or changing threats. The following options while not all-inclusive or in any particular order, should be considered:

(a) Ensure injured persons are evacuated from the immediate threat area if it is reasonably safe to do so. Request medical assistance.

(b) Assign personnel to a contact team to control the subject should he/she attempt to exit the building, structure or vehicle, and attack, use deadly force, attempt to escape or surrender prior to additional resources arriving.

(c) Establish a rapid response team in the event it becomes necessary to rapidly enter a building, structure or vehicle, such as when the suspect is using deadly force against any hostages (see the Rapid Response and Deployment Policy).

(d) Assist hostages or potential hostages to escape if it is reasonably safe to do so. Hostages should be kept separated if practicable pending further interview.

(e) Request additional personnel, resources and equipment as needed (e.g., canine team, air support).

(f) Provide responding emergency personnel with a safe arrival route to the location.
Hostage and Barricade Incidents

(g) Evacuate non-injured persons in the immediate threat area if it is reasonably safe to do so.

(h) Coordinate pursuit or surveillance vehicles and control of travel routes.

(i) Attempt or obtain a line of communication and gather as much information about the suspect as possible, including any weapons, victims and their injuries, additional hazards, other involved parties and any other relevant intelligence information.

(j) Establish an inner and outer perimeter as resources and circumstances permit to prevent unauthorized access.

(k) Evacuate bystanders, residents and businesses within the inner and then outer perimeter as appropriate. Check for injuries, the presence of other involved subjects, witnesses, evidence or additional information.

(l) Determine the need for and notify the appropriate persons within and outside the Department, such as command officers and the Press Information Officer.

(m) If necessary and available, establish a tactical or exclusive radio frequency for the incident.

414.5 SUPERVISOR RESPONSIBILITIES

Upon being notified that a hostage or barricade situation exists, the supervisor should immediately respond to the scene, assess the risk level of the situation, establish a proper chain of command and assume the role of Incident Commander until properly relieved. This includes requesting a CRU response if appropriate and apprising the CRU Commander of the circumstances. In addition, the following options should be considered:

(a) Ensure injured persons are evacuated and treated by medical personnel.

(b) Ensure the completion of necessary first responder responsibilities or assignments.

(c) Request crisis negotiators, specialized units, additional personnel, resources or equipment as appropriate.

(d) Establish a command post location as resources and circumstances permit.

(e) Designate assistants who can help with intelligence information and documentation of the incident.

(f) If it is practicable to do so, arrange for video documentation of the operation.

(g) Consider contacting utility and communication providers to restrict such services (e.g., restricting electric power, gas, telephone service).

1. When considering restricting communication services, a supervisor should make the determination that there is reason to believe an emergency situation exists involving immediate danger of death or great bodily harm and that an interruption to communication services is necessary to protect public safety. The supervisor must ensure the Department obtains a court order, in accordance
Hostage and Barricade Incidents

with Public Utilities Code section 7908, prior to requesting the interruption. In the case of an extreme emergency when there is insufficient time to obtain an order prior to the request, application for the order must be submitted within six hours after initiating the interruption (Public Utilities Code § 7908).

(h) Ensure adequate law enforcement coverage for the remainder of the City during the incident. The supervisor should direct non-essential personnel away from the scene unless they have been summoned by the supervisor or Dispatch.

(i) Identify a media staging area outside the outer perimeter and have the department Press Information Officer or a designated temporary media representative provide media access in accordance with the News Media Relations Policy.

(j) Identify the need for mutual aid and the transition or relief of personnel for incidents of extended duration.

(k) Debrief personnel and review documentation as appropriate.

414.6 CRISIS RESPONSE UNIT RESPONSIBILITIES
The Incident Commander will decide, with input from the CRU Commander, whether to deploy the CRU during a hostage or barricade situation. Once the Incident Commander authorizes deployment, the CRU Commander or the authorized designee will be responsible for the tactical portion of the operation. The Incident Commander shall continue supervision of the command post operation, outer perimeter security and evacuation, media access and support for the CRU. The Incident Commander and the CRU Commander or the authorized designee shall maintain communications at all times.

414.7 REPORTING
Unless otherwise relieved by a supervisor or Incident Commander, the handling officer at the scene is responsible for completion and/or coordination of incident reports.
Response to Bomb Calls

416.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to assist members of the Laguna Beach Police Department in their initial response to incidents involving explosives, explosive devices, explosion/bombing incidents or threats of such incidents. Under no circumstances should these guidelines be interpreted as compromising the safety of first responders or the public. When confronted with an incident involving explosives, safety should always be the primary consideration.

416.2 POLICY
It is the policy of the Laguna Beach Police Department to place a higher priority on the safety of persons and the public over damage or destruction to public or private property.

416.3 RECEIPT OF BOMB THREAT
Department members receiving a bomb threat should obtain as much information from the individual as reasonably possible, including the type, placement and alleged detonation time of the device.

If the bomb threat is received on a recorded line, reasonable steps should be taken to ensure that the recording is preserved in accordance with established department evidence procedures.

The member receiving the bomb threat should ensure that the Watch Commander is immediately advised and informed of the details. This will enable the Watch Commander to ensure that the appropriate personnel are dispatched, and, as appropriate, the threatened location is given an advance warning.

416.4 GOVERNMENT FACILITY OR PROPERTY
A bomb threat targeting a government facility may require a different response based on the government agency.

416.4.1 LAGUNA BEACH POLICE DEPARTMENT FACILITY
If the bomb threat is against the Laguna Beach Police Department facility, the Watch Commander will direct and assign officers as required for coordinating a general building search or evacuation of the police department, as he/she deems appropriate.

416.4.2 OTHER COUNTY OR MUNICIPAL FACILITY OR PROPERTY
If the bomb threat is against a county or municipal facility within the jurisdiction of the Laguna Beach Police Department that is not the property of this department, the appropriate agency will be promptly informed of the threat. Assistance to the other entity may be provided as the Watch Commander deems appropriate.
Response to Bomb Calls

416.4.3 FEDERAL BUILDING OR PROPERTY
If the bomb threat is against a federal building or property, the Federal Protective Service should be immediately notified. The Federal Protective Service provides a uniformed law enforcement response for most facilities, which may include use of its Explosive Detector Dog teams.

If the bomb threat is against a federal government property where the Federal Protective Service is unable to provide a timely response, the appropriate facility’s security or command staff should be notified.

Bomb threats against a military installation should be reported to the military police or other military security responsible for the installation.

416.5 PRIVATE FACILITY OR PROPERTY
When a member of this department receives notification of a bomb threat at a location in the City of Laguna Beach, the member receiving the notification should obtain as much information as reasonably possible from the notifying individual, including:

(a) The location of the facility.
(b) The nature of the threat.
(c) Whether the type and detonation time of the device is known.
(d) Whether the facility is occupied and, if so, the number of occupants currently on-scene.
(e) Whether the individual is requesting police assistance at the facility.
(f) Whether there are any internal facility procedures regarding bomb threats in place, such as:
   1. No evacuation of personnel and no search for a device.
   2. Search for a device without evacuation of personnel.
   3. Evacuation of personnel without a search for a device.
   4. Evacuation of personnel and a search for a device.

The member receiving the bomb threat information should ensure that the Watch Commander is immediately notified so that he/she can communicate with the person in charge of the threatened facility.

416.5.1 ASSISTANCE
The Watch Commander should be notified when police assistance is requested. The Watch Commander will make the decision whether the Department will render assistance and at what level. Information and circumstances that indicate a reasonably apparent, imminent threat to the safety of either the facility or the public may require a more active approach, including police control over the facility.

Should the Watch Commander determine that the Department will assist or control such an incident, he/she will determine:

(a) The appropriate level of assistance.
Response to Bomb Calls

(b) The plan for assistance.
(c) Whether to evacuate and/or search the facility.
(d) Whether to involve facility staff in the search or evacuation of the building.
   1. The person in charge of the facility should be made aware of the possibility of damage to the facility as a result of a search.
   2. The safety of all participants is the paramount concern.
(e) The need for additional resources, including:
   1. Notification and response, or standby notice, for fire and emergency medical services.

Even though a facility does not request police assistance to clear the interior of a building, based upon the circumstances and known threat, officers may be sent to the scene to evacuate other areas that could be affected by the type of threat, or for traffic and pedestrian control.

416.6 FOUND DEVICE
When handling an incident involving a suspected explosive device, the following guidelines, while not all inclusive, should be followed:

(a) No known or suspected explosive item should be considered safe regardless of its size or apparent packaging.
(b) The device should not be touched or moved except by the bomb squad or military explosive ordnance disposal team.
(c) Personnel should not transmit on any equipment that is capable of producing radio frequency energy within the evacuation area around the suspected device. This includes the following:
   1. Two-way radios
   2. Cell phones
   3. Other personal communication devices
(d) The appropriate bomb squad or military explosive ordnance disposal team should be summoned for assistance.
(e) The largest perimeter reasonably possible should initially be established around the device based upon available personnel and the anticipated danger zone.
(f) A safe access route should be provided for support personnel and equipment.
(g) Search the area for secondary devices as appropriate and based upon available resources.
(h) Consider evacuation of buildings and personnel near the device or inside the danger zone and the safest exit route.
(i) Promptly relay available information to the Watch Commander including:
   1. The time of discovery.
Response to Bomb Calls

2. The exact location of the device.
3. A full description of the device (e.g., size, shape, markings, construction).
4. The anticipated danger zone and perimeter.
5. The areas to be evacuated or cleared.

416.7 EXPLOSION/BOMBING INCIDENTS
When an explosion has occurred, there are multitudes of considerations which may confront the responding officers. As in other catastrophic events, a rapid response may help to minimize injury to victims, minimize contamination of the scene by gathering crowds, or minimize any additional damage from fires or unstable structures.

416.7.1 CROWD CONTROL
Only authorized members with a legitimate need should be permitted access to the scene. Spectators and other unauthorized individuals should be restricted to a safe distance as is reasonably practicable given the available resources and personnel.

416.7.2 NOTIFICATIONS
When an explosion has occurred, the following people should be notified as appropriate:

- Fire department
- Bomb squad
- Additional department personnel, such as investigators and forensic services
- Field supervisor
- Watch Commander
- Other law enforcement agencies, including local, state or federal agencies, such as the FBI and the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF)
- Other government agencies, as appropriate

416.7.3 CONSIDERATIONS
Officers responding to explosions, whether accidental or a criminal act, should consider the following actions:

(a) Assess the scope of the incident, including the number of victims and extent of injuries.
(b) Request additional personnel and resources, as appropriate.
(c) Assist with first aid.
(d) Identify and take appropriate precautions to mitigate scene hazards, such as collapsed structures, bloodborne pathogens and hazardous materials.
(e) Assist with the safe evacuation of victims, if possible.
(f) Establish an inner perimeter to include entry points and evacuation routes. Search for additional or secondary devices.
Response to Bomb Calls

(g) Preserve evidence.
(h) Establish an outer perimeter and evacuate if necessary.
(i) Identify witnesses.

416.7.4 PRESERVATION OF EVIDENCE
As in any other crime scene, steps should immediately be taken to preserve the scene. The Watch Commander should assign officers to protect the crime scene area, which could extend over a long distance. Consideration should be given to the fact that evidence may be imbedded in nearby structures or hanging in trees and bushes.
Mental Illness Commitments

418.1 PURPOSE AND SCOPE
This policy provides guidelines for when officers may take a person into custody for psychiatric evaluation and treatment (5150 commitment) (Welfare and Institutions Code § 5150).

418.2 POLICY
It is the policy of the Laguna Beach Police Department to protect the public and individuals through legal and appropriate use of the 72-hour treatment and evaluation commitment (5150 commitment) process.

418.3 AUTHORITY
An officer having probable cause may take a person into custody and place the person in an approved mental health facility for 72-hour treatment and evaluation when the officer believes that, as a result of a mental disorder, the person is a danger to him/herself or others or the person is gravely disabled (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5585.50).

When determining whether to take a person into custody, officers are not limited to determining the person is an imminent danger and shall consider reasonably available information about the historical course of the person’s mental disorder, which may include evidence presented from any of the following (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05):

(a) An individual who is providing or has provided mental health treatment or related support services to the person
(b) A family member
(c) The person subject to the determination or anyone designated by the person

418.3.1 VOLUNTARY EVALUATION
If an officer encounters an individual who may qualify for a 5150 commitment, he/she may inquire as to whether the person desires to voluntarily be evaluated at an appropriate facility. If the person so desires, the officers should:

(a) Transport the person to an appropriate facility that is able to conduct the evaluation and admit the person pursuant to a 5150 commitment.
(b) If at any point the person changes his/her mind regarding voluntary evaluation, officers should proceed with the 5150 commitment, if appropriate.
(c) Document the circumstances surrounding the individual’s desire to pursue voluntary evaluation and/or admission.

418.4 CONSIDERATIONS AND RESPONSIBILITIES
Any officer handling a call involving an individual who may qualify for a 5150 commitment should consider, as time and circumstances reasonably permit:
(a) Available information that might assist in determining the cause and nature of the person’s action or stated intentions.

(b) Community or neighborhood mediation services.

(c) Conflict resolution and de-escalation techniques.

(d) Community or other resources available to assist in dealing with mental health issues.

While these steps are encouraged, nothing in this section is intended to dissuade officers from taking reasonable action to ensure the safety of the officers and others.

Officers should consider a 5150 commitment over arrest when mental health issues appear to be a mitigating factor for people who are suspected of committing minor crimes or creating other public safety issues.

418.4.1 SECURING OF PROPERTY
When a person is taken into custody for evaluation, or within a reasonable time thereafter, and unless a responsible relative, guardian or conservator is in possession of the person’s personal property, the officer shall take reasonable precautions to safeguard the individual’s personal property in his/her possession or on the premises occupied by the person (Welfare and Institutions Code § 5150).

The officer taking the person into custody shall provide a report to the court that describes the person’s property and its disposition in the format provided in Welfare and Institutions Code § 5211, unless a responsible person took possession of the property, in which case the officer shall only include the name of the responsible person and the location of the property (Welfare and Institutions Code § 5150).

418.5 TRANSPORTATION
When transporting any individual for a 5150 commitment, the transporting officer should have Dispatch notify the receiving facility of the estimated time of arrival, the level of cooperation of the individual and whether any special medical care is needed.

Officers may transport individuals in a patrol unit and shall secure them in accordance with the Handcuffing and Restraints Policy. Should the detainee require transport in a medical transport vehicle and the safety of any person, including the detainee, requires the presence of an officer during the transport, Watch Commander approval is required before transport commences.

418.6 TRANSFER TO APPROPRIATE FACILITY
Upon arrival at the facility, the officer will escort the individual into a treatment area designated by a facility staff member. If the individual is not seeking treatment voluntarily, the officer should provide the staff member with the written application for 5150 commitment and remain present to provide clarification of the grounds for detention, upon request.

Absent exigent circumstances, the transporting officer should not assist facility staff with the admission process, including restraint of the individual. However, if the individual is transported
and delivered while restrained, the officer may assist with transferring the individual to facility restraints and will be available to assist during the admission process, if requested. Under normal circumstances, officers will not apply facility-ordered restraints.

418.7 DOCUMENTATION
The officer shall complete an application for a 72-Hour detention for evaluation and treatment, provide it to the facility staff member assigned to that patient and retain a copy of the application for inclusion in the case report.

The application shall include the circumstances for officer involvement; the probable cause to believe the person is, as a result of a mental health disorder, a danger to others or him/herself or gravely disabled; and all information used for the determination of probable cause (Welfare and Institutions Code § 5150; Welfare and Institutions Code § 5150.05).

The officer should also provide a verbal summary to any evaluating staff member regarding the circumstances leading to the involuntary detention.

418.7.1 ADVISEMENT
The officer taking a person into custody for evaluation shall advise the person of:

(a) The officer’s name and agency.
(b) The fact that the person is not under criminal arrest but is being taken for examination by mental health professionals and the mental health staff will advise him/her of their rights.
(c) The name of the facility to which the person is being taken.
(d) If the person is being taken into custody at his/her residence, he/she should also be advised that he/she may take a few personal items, which the officer must approve, and may make a telephone call or leave a note indicating where he/she is being taken. The officer should also ask if the person needs assistance turning off any appliance or water.

The advisement shall be given in a language the person understands. If the person cannot understand an oral advisement, the information shall be provided in writing (Welfare and Institutions Code § 5150).

418.8 CRIMINAL OFFENSES
Officers investigating an individual who is suspected of committing a minor criminal offense and who is being taken on a 5150 commitment should resolve the criminal matter by issuing a warning or a Notice to Appear as appropriate.

When an individual who may qualify for a 5150 commitment has committed a serious criminal offense that would normally result in an arrest and transfer to a jail facility, the officer should:

(a) Arrest the individual when there is probable cause to do so.
Mental Illness Commitments

(b) Notify the appropriate supervisor of the facts supporting the arrest and the facts that would support the 5150 commitment.

(c) Facilitate the individual’s transfer to jail.

(d) Thoroughly document in the related reports the circumstances that indicate the individual may qualify for a 5150 commitment.

In the supervisor’s judgment, the individual may instead be arrested or booked and transported to the appropriate mental health facility. The supervisor should consider the seriousness of the offense, the treatment options available, the ability of this department to regain custody of the individual, department resources (e.g., posting a guard) and other relevant factors in making this decision.

418.9 FIREARMS AND OTHER WEAPONS
Whenever a person is taken into custody for a 5150 commitment, the handling officers should seek to determine if the person owns or has access to any firearm or other deadly weapon defined in Welfare and Institute § 8100. Officers should consider whether it is appropriate and consistent with current search and seizure law under the circumstances to seize any such firearms or other dangerous weapons (e.g. safekeeping, evidence, consent).

Officers are cautioned that a search warrant may be needed before entering a residence or other place to search, unless lawful, warrantless entry has already been made (e.g., exigent circumstances, consent). A search warrant may also be needed before searching for or seizing weapons.

The handling officers shall issue a receipt describing the deadly weapon or any firearm seized, and list any serial number or other identification that is on the firearm. Officers shall advise the person of the procedure for the return of any firearm or other weapon that has been taken into custody (Welfare and Institutions Code § 8102 (b)) (see Property and Evidence Policy).

418.9.1 PETITION FOR RETURN OF FIREARMS AND OTHER WEAPONS
Whenever the handling officer has cause to believe that the future return of any confiscated weapon might endanger the person or others, the officer shall detail those facts and circumstances in a report. The report shall be forwarded to the Investigative Bureau, which shall be responsible for initiating a petition to the Superior Court for a hearing in accordance with Welfare and Institutions Code § 8102(c), to determine whether the weapon will be returned.

The petition to the Superior Court shall be initiated within 30 days of the release of the individual from whom such weapon has been confiscated, unless the Department makes an ex parte application to the court to extend the time to file such a petition, up to a maximum of 60 days. At the time any such petition is initiated, the Department shall send written notice to the individual informing him/her of the right to a hearing on the issue, that he/she has 30 days to confirm with the court clerk any desire for a hearing and that the failure to do so will result in the forfeiture of any confiscated weapon.
Mental Illness Commitments

418.10 TRAINING
This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, 5150 commitments and crisis intervention.
Administrative Citation Program

419.1 PURPOSE AND SCOPE OF THE ADMINISTRATIVE CITATION PROCESS
The purpose of this policy is to establish procedures for the issuing of administrative citations, the processing of those citations, collection of fines and the adjudication of contested citations. The legal authority for the issuance of non-criminal citations is authorized under California Government Code 53069.4 and Laguna Beach Municipal Code 1.04.260 and detailed within sections 1.15.010 through 1.15.140.

Enforcement staff is encouraged to utilize this process with the intent of removing responsibility for adjudication from the District Attorney and Municipal Court system similar to the de-criminalization of the parking citations. The Police Department has traditionally been charged a per-citation fee for review and often charges are not filed due to the lack of significance of the violations.

The Administrative Citation process both localizes the handling of the citations for those cited while retaining collected fines. Currently the City receives only a small portion of these revenues which fails to compensate for the staff time spent on enforcement and processing. The District Attorney's Office, while contracted to review and prosecute these cases, often find it impossible to expend valuable resources in the prosecution of misdemeanor level municipal code violations. It is the department's position that the Administrative Citation process will serve both the City and the community better than the existing criminal process.

It shall be the policy of the Laguna Beach Police Department that all authorized enforcement personnel be given the latitude and allowed to use their discretion in optionally issuing either a criminal summons or an administrative citation for violations of the Laguna Beach Municipal Code.

419.1.1 DEFINITIONS
Enforcement Officer - In accordance with LBMC section 1.15.020, "Enforcement officer" means any officer, agent or employee of the city designated by the city manager or a department head to have authority and responsibility to enforce certain provisions of this code. The following employees classifications are hereby designated by the CHief of Police as "Enforcement Officers" and have the authority and responsibility to issue Administrative Citations for any violation of the Laguna Beach Municipal Code:

(a) All sworn peace officers of the Laguna Beach Police Department
(b) Animal Services Officers
(c) Beach Patrol Officers
(d) Booking Officers
(e) Animal Shelter Manager and Kennel Aids
(f) Community Service Officers
(g) Civilian Supervisor
Administrative Citation Program

**Administrative Citation** - Is similar in appearance to a criminal or traffic citation except that it does not direct the violator to appear in court. Instead the violator is directed to pay a fine, indicated on the citation and make a payment directly to the Police Department.

**Continuing Violation** - Either a particular violation of the code continuing for more than twenty-four hours without correction or abatement, or a repeated, consecutive violation of the same offense without intervening days.

**Hearing Officer** - An impartial individual designated by the city manager in accordance with Section 1.15.100 to determine the civil liability of a person receiving an administrative citation.

**Responsible Party** - Any individual who is the owner, tenant, lessee, or occupant of real property, or the owner, majority stock holder, general partner, or authorized agent of any business, company, or entity, or the parent or the legal guardian of any person under the age of eighteen years, who causes or maintains a violation of the municipal code.

419.1.2 PROCEDURES

(a) When to Issue an Administrative Citation

1. Discretion - Enforcement personnel are given the authority to verbally warn, issue a courtesy notice, administrative citation, criminal/traffic citation, or arrest depending on the nature of the violation. The issuing enforcement officer may use the Administrative Citation for any Municipal Code violation where he/she feels it is more appropriate than an arrest or criminal citation. The use of the Administrative Citation is just another option to gain compliance and discourage additional violations. The method you choose to achieve this goal is within your discretion.

2. Violator evaluation " An evaluation of the violator may also be warranted. However the enforcing officer should keep in mind that certain constitutional issues may arise when selecting this type of enforcement based on a person's financial status. It would be better to use personal knowledge of the individual's reliability or past criminal behavior to determine whether to direct the violation to a criminal or civil venue. For example, a transient with whom we have daily contact with may be considered for an administrative citation unless you are aware that in the past the individual has repeatedly failed to appear on criminal violations requiring the issuance of a warrant. In this case, it would be highly unlikely that a "civil citation" would be more motivating than the criminal process, especially since the individual has demonstrated a disregard for that process. Likewise, if you have issued an administrative citation in the past and have been informed by the dispatcher that the citation was never paid, criminal prosecution is likely the best approach.
3. Municipal Code violation - Almost all of our municipal codes may be enforced through the administrative citation. Examples of Municipal Code violations you can use the Administrative Citation for:

(a) Drinking in public
(b) Business license required
(c) Urinating in public
(d) Construction noise
(e) Creating loud & unreasonable noise at parties
(f) Fire ring violations
(g) Animal violations
(h) Glass on the beach
(i) Sleeping in vehicles
(j) Handbill violations
(k) On beach after hours
(l) Solicitation violations
(m) Building code violations including roof top parties
(n) Alarm permit violations

(b) Completion of the Citation - A few of the fields on the Administrative Citation are very important to the future processing and collecting of the fine.

(a) "Name of Business" is to be used when citing a business and/or business owner when the business is involved in the violation.

(b) "Social Security Number" must be accurate and included in every administrative cite, if possible. If the citation goes unpaid, this aids in the civil collection process.

(c) Correction " Some violations require the violator to make a correction by a certain date and time. The enforcement officer should enter the corrections required such as, "In addition to the fine, the following corrections must be made by:" in the comments section of the citation. Indicate a date or write "immediately" and describe the correction to be made. (Example #1: If you were citing for "Construction Noise on Sunday", the "correction must be made by:" "immediately" with a narrative similar to: "Cease all construction noise until Monday after 7:00 a.m." Example #2: If you were citing for "No Business License", the "correction must be made by:" 7/15/09 (assign a date, allowing a reasonable amount of time to correct the violation) with a narrative similar to: "Obtain city business license".)
(d) Fine Amount - The amount of the fine is designated by the enforcement officer. During a routine records check, the dispatcher will be able to advise if the local system shows prior violations of the same section. Fines are set in accordance with the provisions of LBMC Section 1.15.070.

(e) Date due - The violator is directed to either pay the fine or request a hearing no later than the date indicated. The Municipal Code directs the enforcing officer to enter a date no greater than 30 calendar days. The date should be on a Monday through Friday excluding holidays.

(f) Keep in mind that this is an administrative process and not criminal. If a person refuses to sign the administrative citation you may remind them that the civil process is for their benefit. You have two options in this situation:

(a) Process the citation without the violator's signature.

(b) After discussing the matter with the violator, start over using the criminal citation and take the necessary steps to either obtain a promissory signature to appear or arrest the violator.

(c) Continuing Violations - Each and every day a violation of this code constitutes a separate and distinct offense and will be subject to a separate fine. A single citation may charge a violation for one or more days on which a violation exists, and for violation of one or more code sections. Continuing violations shall automatically accrue fines beginning on the date the citation is issued until the abatement of the offense is properly verified.

(d) Courtesy Notice - The Administrative Citation provides a check box indicating the citation is a "Courtesy Notice of Municipal Code Violation." While the department currently maintains such a notice for violations, the Administrative Citation may optionally be used for this purpose as follows:

1. Utilize the Administrative Citation as a courtesy notice when the violator is being urged to comply with the Municipal Code on or before a specific date. (For example, an abandoned vehicle on private property could result in the property owner being given an Administrative Citation with the courtesy notice box marked and fourteen days to have the vehicle removed. At the end of the fourteen days, the enforcement officer may return and issue an additional citation fining the property owner.)

2. In the unusual case that we are taking an enforcement action involving building code violations, the warning must be given first. Under state law, the responsible party shall not be assessed a civil fine for a continuing violation pertaining to building, plumbing, electrical, zoning, or other structural, design or land use regulation without first receiving a warning and reasonable opportunity to correct or otherwise remedy the violation.
Administrative Citation Program

3. Subsequent Violations “” As indicated above, for any subsequent violations, you may issue an additional Administrative Citation with a significantly higher fine, issue a criminal citation or arrest. If using the Administrative Citation process, the fines are cumulative and citations may be issued each day the violation exists or each time a violation occurs.

(e) Contesting an Administrative Citation

1. Any person receiving an administrative citation may contest the citation by completing a request for hearing on the reverse side of the violator's citation copy and returning it to the city within five days after the issuance date of the administrative citation. Any request for hearing must be accompanied by an advance deposit of the fine assessed by the citation for the initial violation. The deposit may be waived due to financial hardship. Any administrative citation fine that has been deposited shall be refunded if it is determined, after a hearing, that there was no violation as charged in the administrative citation.

2. Hearings shall be conducted not less than fifteen days and no more than sixty days from the date of issuance of the citation.

3. The person requesting the hearing shall be notified of the date, time and place set for the hearing at least ten days prior to the date of the hearing.

4. Any reports concerning the violation that are provided to the hearing officer should also be provided to the violator at the time the hearing is scheduled.

5. Issuing officers may keep their copy of the citation for making notes.

419.1.3 COMPLETED CITATIONS

(a) The Administrative Citation is a four part NCR form and is dispersed as follows:

1. The white copy normally sent to court with a criminal citation, will be forwarded to the Parking and Statistics office for tracking of payments and scheduling of hearings.

2. The pink copy is the violator copy.

3. The yellow copy is retained by Records and filed.

4. The goldenrod copy is retained by the officer.

(b) Once an Administrative Citation is completed, submit it to the Watch Commander for approval and processing. If the citation is connected to a case with an assigned DR#, attach it to the case and submit it to a supervisor for approval and processing.

(c) Processed Administrative Citations will be forwarded to the Records Section by the Watch Commander after review.
Administrative Citation Program

1. Records staff will process the Administrative Citation similar to a criminal cite by entering the violation and violator data into the RMS system and retaining the yellow copy of the citation.

2. The Parking and Statistical Section will receive the white copy from Records and will monitor whether payment is received, schedule any hearings, and maintain data concerning the program.

419.2 SUMMARY
As mentioned, the Administrative Citation is just another tool to use in dealing with Municipal Code violations. There are many circumstances where its use is appropriate and should be considered as an option. Keep in mind that this is a civil process and not criminal when dealing with a violator. As always, your goal should be to gain compliance and discourage additional violations.
Cite and Release Policy

420.1 PURPOSE AND SCOPE
This policy provides guidance on when to release adults who are arrested for a criminal misdemeanor offense on a written notice to appear (citation) and when to hold for court or bail.

420.2 POLICY
It is the policy of the Laguna Beach Police Department to release all persons arrested on misdemeanor or other qualifying charges on a citation with certain exceptions (Penal Code § 853.6).

If there is a reason for non-release, the Department’s mission to protect the community will be the primary consideration when determining whether to release any individual in lieu of holding for court or bail.

420.3 RELEASE BY CITATION
Except in cases where a reason for non-release as described below exists, adults arrested for a misdemeanor offense, including a private persons arrest, shall be released from custody on a citation (Penal Code § 853.6).

The citing officer shall, at the time the defendant signs the notice to appear, call attention to the time and place for appearance and take any other steps he/she deems necessary to ensure that the defendant understands his/her written promise to appear.

420.3.1 FIELD CITATIONS
In most cases an adult arrested for a misdemeanor offense may be released in the field on a citation in lieu of physical arrest when booking and fingerprinting is not practicable or immediately required provided the individual can be satisfactorily identified, there is no outstanding arrest warrant for the individual and none of the below described disqualifying circumstances are present (Penal Code § 853.6; Penal Code § 1270.1). In such cases the arresting officer should check the booking required box on the citation form to indicate that the person will be photographed and fingerprinted at a later time when ordered by the court.

When a booking photo or fingerprints are needed for the furtherance of any investigation, the person should be released on citation after booking instead of on a field citation.

420.3.2 RELEASE AFTER BOOKING
In some cases it may not be feasible or desirable to release a person in the field. The person should instead be released on citation after booking at the jail. All bookings shall be approved by the Watch Commander or the authorized designee.
420.3.3 D.U.I. CITE & RELEASE

In most, but not all, instances involving the arrest of a D.U.I. driver, the arrestee is transported to the police department and released from there. This is usually done because of the requirement to photograph and fingerprint the arrestee. There are, of course, exceptions. This might include a release at a hospital due to the arrestee's injuries. Such releases require the approval of the Watch Commander and efforts should be made to acquire a photograph and fingerprints of the arrestee.

The decision to cite and release will be made by the arresting officer subject to the concurrence of the Watch Commander, after taking into consideration the following factors:

(a) The arrestee has proper identification
(b) The arrestee has no prior D.U.I. conviction
(c) The arrestee is cooperative and not violent
(d) The arrestee is not a danger to him/herself and others.
(e) The arrestee is not under the influence of a drug other than alcohol
(f) There is good reason to believe the arrestee will appear in court at a later date
(g) There are no outstanding warrants for the arrestee
(h) The arrestee agrees to abide by the conditions of his release
(i) A responsible adult is available and willing to accept the arrestee

The following criteria may be used to determine whether a person is qualified to accept responsibility of an arrest:

- The person shall be an adult
- The person shall have proper identification
- The person shall not be under the influence of alcohol or any other drug
- The person shall respond within a reasonable time to assume responsibility of the arrestee
- The person agrees to the provisions of, and signs, the D.U.I. Cite and Release Admonishment Form (LBPD M-114)

When the above conditions are met, the arresting officer shall perform the following functions:

- Issue a notice to appear in court with the appropriate date, and have the arrestee sign the citation.
- Read to the arrestee, and the responsible person, the conditions of the D.U.I. Cite and Release Admonishment Form. This admonishment must be digitally recorded.
- Have the responsible person sign the D.U.I. Cite and Release Admonishment Form, attach it to the arrest narrative (via ILEADS) and release the arrestee to his/her care. The arrestee will not be released without the signature of the responsible person.
the responsible person refuses to sign the form, write "Refused" in the place of his/her signature. Attach the incomplete form to the arrest narrative (via ILEADS), and book the arrestee if practical.

If a D.U.I. arrestee is cited and released, the name of the responsible party and the location of the release shall be noted in the report narrative.

The concept of the D.U.I. cite and release program is for the benefit of this police department and is not a right to be demanded by an arrestee.

420.4 NON-RELEASE

420.4.1 DISQUALIFYING OFFENSES

An adult arrested on any of the following disqualifying charges shall not be released on citation and shall be transported to the appropriate detention facility or held for court or bail after booking:

Disqualifying offenses include (Penal Code § 1270.1):

(a) Misdemeanor domestic battery (Penal Code § 243(e)(1)).
(b) Felony domestic battery (Penal Code § 273.5).
(c) Serious or violent felonies (Penal Code § 1270.1(a)(1)).
(d) Violation of a protective order and the arrested person has made threats, used violence or has gone to the protected person’s workplace or residence (Penal Code § 273.6).
(e) Stalking (Penal Code § 646.9).
(f) Misdemeanor violations of a protective order relating to domestic violence if there is a reasonable likelihood the offense will continue or the safety of the individuals or property would be endangered (Penal Code § 853.6).

420.4.2 REASONS FOR NON-RELEASE

A person arrested for a misdemeanor shall be released on a citation unless there is a reason for non-release. The Watch Commander may authorize a release on citation regardless of whether a reason for non-release exists when it is determined to be in the best interest of the Department and does not present an unreasonable risk to the community (e.g., release of an intoxicated or ill person to a responsible adult).

Reasons for non-release include (Penal Code § 853.6(i)):

(a) The person arrested is so intoxicated that he/she could be a danger to him/herself or to others. Release may occur as soon as this condition no longer exists.
(b) The person arrested requires medical examination or medical care or is otherwise unable to care for his/her own safety
   1. The Laguna Beach Police Department shall not release an arrestee from custody for the purpose of allowing that person to seek medical care at a hospital, and then immediately re-arrest the same individual upon discharge...
from the hospital, unless the hospital determines this action will enable it to bill and collect from a third-party payment source (Penal Code § 4011.10).

(c) The person is arrested for one or more of the offenses listed in Vehicle Code §§ 40302, 40303 and 40305.

(d) There are one or more outstanding arrest warrants for the person (see Misdemeanor Warrants elsewhere in this policy).

(e) The person could not provide satisfactory evidence of personal identification.

1. If a person released on citation does not have satisfactory identification in his/her possession, a right thumbprint or fingerprint should be obtained on the citation form.

(f) The prosecution of the offense or offenses for which the person was arrested or the prosecution of any other offense or offenses would be jeopardized by the immediate release of the person arrested.

(g) There is a reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be imminently endangered by the release of the person arrested.

(h) The person arrested demands to be taken before a magistrate or has refused to sign the notice to appear.

(i) There is reason to believe that the person would not appear at the time and place specified in the notice to appear. The basis for this determination shall be specifically documented. Reasons may include:

   (a) Previous failure to appear is on record

   (b) The person lacks ties to the area, such as a residence, job or family

   (c) Unusual circumstances lead the officer responsible for the release of prisoners to conclude that the suspect should be held for further investigation

When a person is arrested on a misdemeanor offense and is not released by criminal citation, the reason for non-release shall be noted on the booking form. This form shall be submitted to the Watch Commander for approval and included with the case file in the Records Bureau.

420.5 Misdemeanor Warrants

An adult arrested on a misdemeanor warrant may be released, subject to Watch Commander approval, unless any of the following conditions exist:

(a) The misdemeanor cited in the warrant involves violence

(b) The misdemeanor cited in the warrant involves a firearm

(c) The misdemeanor cited in the warrant involves resisting arrest

(d) The misdemeanor cited in the warrant involves giving false information to a peace officer

Cite and Release Policy

(e) The person arrested is a danger to him/herself or others due to intoxication or being under the influence of drugs or narcotics

(f) The person requires medical examination or medical care or was otherwise unable to care for his/her own safety

(g) The person has other ineligible charges pending against him/her

(h) There is reasonable likelihood that the offense or offenses would continue or resume, or that the safety of persons or property would be immediately endangered by the release of the person

(i) The person refuses to sign the notice to appear

(j) The person cannot provide satisfactory evidence of personal identification

(k) The warrant of arrest indicates that the person is not eligible to be released on a notice to appear

Release under this section shall be done in accordance with the provisions of this policy.

420.6 JUVENILE CITATIONS

Completion of criminal citations for juveniles is generally not appropriate with the following exceptions:

• Infraction traffic violations of the Vehicle Code.

All other misdemeanor violations including Laguna Beach City codes for juveniles shall be documented with a case number and the case should be referred to the Investigative Bureau for further action including diversion.
Operation "Tipsy Taxi"

421.1 PURPOSE, POLICY AND PROCEDURE
The purpose of this order is to establish policy and procedure pertaining to Operation "Tipsy Taxi." It shall be the policy of this department to offer the community, "Tipsy Taxi", a service that will help reduce the number of drunk drivers on our streets. In order to provide this service, the provisions as specified in this order shall be complied with.

421.1.1 GENERAL RULES
The concept of the Tipsy Taxi Program is designed to offer to the community a service that will reduce the number of drunk drivers on our streets. Citizens will be eligible for a ride home whenever they contact the police department and meet the following criteria:

(a) They are physically in the City limits at the time of the request
(b) The citizen is requesting a ride to his or her place of residence, and this residence is also within the City limits
(c) The requesting citizen is under the influence of an alcohol beverage and does not want to drive their vehicle.
(d) Person(s) who are driving a motor vehicle and are stopped by police officers are not eligible for the Tipsy Taxi Program.

Field officers conducting bar checks, or who come in contact with intoxicated persons who are potential vehicles operators, are encouraged to offer the Tipsy Taxi Program services to the person, providing the person meets the criteria specified above.

The police department shall not be responsible for the security of vehicles of citizens who participate in this program.

421.2 PROCEDURE
Whenever a citizen contacts the police department by telephone or in person requesting the services of the Tipsy Taxi program:

(a) The dispatcher shall dispatch a police unit to transport the person to his or her residence.
(b) When officers transport persons of the opposite sex, the beginning and ending mileage shall be called in by radio and recorded by the dispatcher.
(c) All officers shall advise the dispatcher of the destination of the person who is being transported.
(d) Tipsy Taxi assignments shall be assigned in the same manner as any other public assist call.
(e) Field officers assigned to handle a Tipsy Taxi service assignment shall determine if the person meets the criteria specified above. If the criteria is not met, the officer shall:

1. Arrange for a commercial taxi transportation or;
2. Arrange for a responsible person to take the person home, or;
3. If the person comes under the provisions of the Penal Code Section for 647(f), it may be necessary to place them under arrest.
Foreign Diplomatic and Consular Representatives

422.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure that members of the Laguna Beach Police Department extend appropriate privileges and immunities to foreign diplomatic and consular representatives in accordance with international law.

422.2 POLICY
The Laguna Beach Police Department respects international laws related to the special privileges and immunities afforded foreign diplomatic and consular representatives assigned to the United States.

All foreign diplomatic and consular representatives shall be treated with respect and courtesy, regardless of any privileges or immunities afforded them.

422.3 CLAIMS OF IMMUNITY
If a member comes into contact with a person where law enforcement action may be warranted and the person claims diplomatic or consular privileges and immunities, the member should, without delay:

(a) Notify a supervisor.
(b) Advise the person that his/her claim will be investigated and he/she may be released in accordance with the law upon confirmation of the person’s status.
(c) Request the person’s identification card, either issued by the U.S. Department of State (DOS), Office of the Chief of Protocol, or in the case of persons accredited to the United Nations, by the U.S. Mission to the United Nations. These are the only reliable documents for purposes of determining privileges and immunities.
(d) Contact the DOS Diplomatic Security Command Center at 571-345-3146 or toll free at 866-217-2089, or at another current telephone number and inform the center of the circumstances.
(e) Verify the immunity status with DOS and follow any instructions regarding further detention, arrest, prosecution and/or release, as indicated by the DOS representative. This may require immediate release, even if a crime has been committed.

Identity or immunity status should not be presumed from the type of license plates displayed on a vehicle. If there is a question as to the status or the legitimate possession of a Diplomat or Consul license plate, a query should be run via the National Law Enforcement Telecommunications System (NLETS), designating “US” as the state.
422.4 ENFORCEMENT
If the DOS is not immediately available for consultation regarding law enforcement action, members shall be aware of the following:

(a) Generally, all persons with diplomatic and consular privileges and immunities may be issued a citation or notice to appear. However, the person may not be compelled to sign the citation.

(b) All persons, even those with a valid privilege or immunity, may be reasonably restrained in exigent circumstances for purposes of self-defense, public safety or the prevention of serious criminal acts.

(c) An impaired foreign diplomatic or consular representative may be prevented from driving a vehicle, even if the person may not be arrested due to privileges and immunities.

1. Investigations, including the request for field sobriety tests, chemical tests and any other tests regarding impaired driving may proceed but they shall not be compelled.

(d) The following persons may not be detained or arrested, and any property or vehicle owned by these persons may not be searched or seized:

Notes for diplomatic immunity table:

(a) This table presents general rules. The employees of certain foreign countries may enjoy higher levels of privileges and immunities on the basis of special bilateral agreements.

(b) Reasonable constraints, however, may be applied in emergency circumstances involving self-defense, public safety, or in the prevention of serious criminal acts.

(c) A small number of senior officers are entitled to be treated identically to diplomatic agents.

(d) Note that consul residences are sometimes located within the official consular premises. In such cases, only the official office space is protected from police entry.
Rapid Response and Deployment

424.1 PURPOSE AND SCOPE
Violence that is committed in schools, workplaces and other locations by individuals or a group of individuals who are determined to target and kill persons and to create mass casualties presents a difficult situation for law enforcement. The purpose of this policy is to identify guidelines and factors that will assist responding officers in situations that call for rapid response and deployment.

424.2 POLICY
The Laguna Beach Police Department will endeavor to plan for rapid response to crisis situations, and to coordinate response planning with other emergency services as well as with those that are responsible for operating sites that may be the target of a critical incident.

Nothing in this policy shall preclude the use of reasonable force, deadly or otherwise, by members of the Department in protecting themselves or others from death or serious injury.

424.3 FIRST RESPONSE
If there is a reasonable belief that acts or threats by a suspect are placing lives in imminent danger, first responding officers should consider reasonable options to reduce, prevent or eliminate the threat. Officers must decide, often under a multitude of difficult and rapidly evolving circumstances, whether to advance on the suspect, take other actions to deal with the threat or wait for additional resources.

If a suspect is actively engaged in the infliction of serious bodily harm or other life-threatening activity toward others, officers should take immediate action, if reasonably possible, while requesting additional assistance.

Officers should remain aware of the possibility that an incident may be part of a coordinated multi-location attack that may require some capacity to respond to other incidents at other locations.

When deciding on a course of action officers should consider:

(a) Whether to advance on or engage a suspect who is still a possible or perceived threat to others. Any advance or engagement should be based on information known or received at the time.

(b) Whether to wait for additional resources or personnel. This does not preclude an individual officer from taking immediate action.

(c) Whether individuals who are under imminent threat can be moved or evacuated with reasonable safety.

(d) Whether the suspect can be contained or denied access to victims.

(e) Whether the officers have the ability to effectively communicate with other personnel or resources.
(f) Whether planned tactics can be effectively deployed.

(g) The availability of rifles, shotguns, shields, breaching tools, control devices and any other appropriate tools, and whether the deployment of these tools will provide a tactical advantage.

In a case of a barricaded suspect with no hostages and no immediate threat to others, officers should consider summoning and waiting for additional assistance (special tactics and/or hostage negotiation team response).

424.4 CONSIDERATIONS
When dealing with a crisis situation members should:

(a) Assess the immediate situation and take reasonable steps to maintain operative control of the incident.

(b) Obtain, explore and analyze sources of intelligence and known information regarding the circumstances, location and suspect involved in the incident.

(c) Attempt to attain a tactical advantage over the suspect by reducing, preventing or eliminating any known or perceived threat.

(d) Attempt, if feasible and based upon the suspect's actions and danger to others, a negotiated surrender of the suspect and release of the hostages.

424.5 TRAINING
The Training Officer should include rapid response to critical incidents in the training plan. This training should address:

(a) Orientation to likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.

(b) Communications interoperability with other law enforcement and emergency service agencies.

(c) Patrol first-response training, including patrol rifle, shotgun, breaching tool and control device training.
   1. This should include the POST terrorism incident training required for officers assigned to field duties (Penal Code § 13519.12).

(d) First aid, including gunshot trauma.

(e) Reality-based scenario training (e.g., active shooter, disgruntled violent worker).

424.6 PLANNING
The Patrol Division Commander should coordinate critical incident planning. Planning efforts should consider:

(a) Identification of likely critical incident target sites, such as schools, shopping centers, entertainment and sporting event venues.
Rapid Response and Deployment

(b) Availability of building plans and venue schematics of likely critical incident target sites.
(c) Communications interoperability with other law enforcement and emergency service agencies.
(d) Training opportunities in critical incident target sites, including joint training with site occupants.
(e) Evacuation routes in critical incident target sites.
(f) Patrol first-response training.
(g) Response coordination and resources of emergency medical and fire services.
(h) Equipment needs.
(i) Mutual aid agreements with other agencies.
(j) Coordination with private security providers in critical incident target sites.
Immigration Violations

428.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines to members of the Laguna Beach Police Department for investigating and enforcing immigration laws.

428.2 POLICY
It is the policy of the Laguna Beach Police Department that all members make personal and professional commitments to equal enforcement of the law and equal service to the public. Confidence in this commitment will increase the effectiveness of this department in protecting and serving the entire community and recognizing the dignity of all persons, regardless of their immigration status.

428.3 VICTIMS AND WITNESSES
To encourage crime reporting and cooperation in the investigation of criminal activity, all individuals, regardless of their immigration status, must feel secure that contacting or being addressed by members of law enforcement will not automatically lead to immigration inquiry and/or deportation. While it may be necessary to determine the identity of a victim or witness, members shall treat all individuals equally and without regard to race, color or national origin in any way that would violate the United States or California Constitutions.

428.4 ENFORCEMENT
An officer may detain an individual when there are facts supporting a reasonable suspicion that the individual entered into the United States in violation of a federal criminal law. Federal authorities shall be notified as soon as possible and the detained individual shall be immediately released if the federal authorities do not want the person held. An officer should not detain any individual, for any length of time, for a civil violation of federal immigration laws or a related civil warrant.

428.4.1 CIVIL VS. CRIMINAL FEDERAL OFFENSES
An individual who enters into the United States illegally has committed a misdemeanor (8 USC § 1325(a)). Generally, an alien who initially made a legal entry into the United States but has remained beyond what is a legal period of time has committed a federal civil offense.

Reasonable suspicion that a criminal immigration violation has occurred shall not be based on race, color, national origin or any other generalization that would cast suspicion on or stigmatize any person, except to the extent permitted by the United States or California Constitutions. Instead, the totality of circumstances shall be used to determine reasonable suspicion, and shall include factors weighing for and against reasonable suspicion.

Factors that may be considered in determining reasonable suspicion that a criminal immigration violation has occurred may include, but are not limited to:

(a) An admission that the person entered the United States illegally.
Immigration Violations

(b) Reason to suspect that the person possesses immigration documentation that is forged, altered or otherwise indicative that the person is not legally present in the United States.

(c) While a lack of English proficiency may be considered, it should not be the sole factor in establishing reasonable suspicion. When practicable, reasonable effort should be made to accommodate persons with limited English proficiency.

(d) Other factors based upon training and experience.

428.4.2 IMMIGRATION CHECKS
Immigration status may be determined through any of the following sources:

(a) A law enforcement officer who is authorized by the federal government under 8 USC § 1357 to verify or ascertain an alien’s immigration status (sometimes referred to as a 287(g) certified officer)

(b) Immigration and Customs Enforcement (ICE)

(c) U.S. Customs and Border Protection (CBP)

An officer shall verify from a 287(g) certified officer, ICE or CBP whether a person’s presence in the United States relates to a federal civil violation or a criminal violation.

If the officer has facts that establish probable cause to believe that a person already lawfully detained has committed a criminal immigration offense, he/she may continue the detention and may request ICE or CBP to respond to the location to take custody of the detained person. In addition, the officer should notify a supervisor as soon as practicable. No individual who is otherwise ready to be released should continue to be detained only because questions about the individual’s status are unresolved.

An officer is encouraged to forgo detentions made solely on the basis of a misdemeanor offense when time limitations, availability of personnel, issues of officer safety, communication capabilities or the potential to obstruct a separate investigation outweigh the need for the detention.

428.4.3 SUPERVISOR RESPONSIBILITIES
When notified that an officer has detained a person and established probable cause to believe the person has committed a criminal immigration offense, the supervisor should:

(a) Confirm that the detained person’s immigration status was properly verified.

(b) Ensure that the detained person is taken into custody when appropriate. Take any additional steps necessary that may include, but are not limited to:

1. Transfer to federal authorities.
2. Lawful arrest for a criminal offense or warrant.

428.5 U VISA AND T VISA NONIMMIGRANT STATUS
Under certain circumstances, federal law allows temporary immigration benefits, known as a U visa, to victims and witnesses of certain qualifying crimes (8 USC § 1101(a)(15)(U)). A law
enforcement certification for a U visa may be completed by an officer in order for a U visa to be issued.

Similar immigration protection, known as a T visa, is available for certain qualifying victims of human trafficking (8 USC § 1101(a)(15)(T)). A law enforcement declaration for a T visa may be completed by an officer in order for a T visa to be issued.

Any request for assistance in applying for U visa or T visa status should be forwarded in a timely manner to the Investigative Bureau supervisor assigned to oversee the handling of any related case. The Investigative Bureau supervisor shall:

(a) Consult with the assigned investigator to determine the current status of any related case and whether further documentation is warranted.

(b) Contact the appropriate prosecutor assigned to the case, if applicable, to ensure the certification or declaration has not already been completed and whether a certification or declaration is warranted.

(c) Address the request and complete the certification or declaration, if appropriate, in a timely manner.

1. The instructions for completing certification and declaration forms can be found on the U.S. Department of Homeland Security (DHS) website.

2. Form I-918 Supplement B certification shall be completed if the victim qualifies under Penal Code § 679.10 (multiple serious offenses). Form I-914 Supplement B certification shall be completed if the victim qualifies under Penal Code § 236.5 or Penal Code § 679.11 (human trafficking).

(d) Ensure that any decision to complete, or not complete, a certification or declaration form is documented in the case file and forwarded to the appropriate prosecutor. Include a copy of any completed form in the case file.

(e) Inform the victim liaison of any requests and their status.

428.5.1 TIME FRAMES FOR COMPLETION
Officers and their supervisors who are assigned to investigate a case of human trafficking as defined by Penal Code § 236.1 shall complete the above process and the documents needed for a T visa application within 15 business days of the first encounter with the victim, regardless of whether it is requested by the victim (Penal Code § 236.5).

Officers and their supervisors shall complete the above process and the documents needed for a U visa or T visa application pursuant to Penal Code § 679.10 and Penal Code § 679.11 within 90 days of a request from the victim or victim’s family related to one of their assigned cases. If the victim is in removal proceedings, the certification shall be processed within 14 days of the request.

428.5.2 REPORTING TO LEGISLATURE
The Investigative Bureau supervisor or the authorized designee should ensure that certification requests are reported to the Legislature in January of each year and include the number of
certifications signed and the number denied. The report shall comply with Government Code § 9795 (Penal Code § 679.10; Penal Code § 679.11).

428.6 TRAINING
The Training Officer shall ensure that all appropriate members receive immigration training.

428.7 ARREST NOTIFICATION TO IMMIGRATION AND CUSTOMS ENFORCEMENT
Except as described below, it is not necessary to notify ICE when booking arrestees at the county jail. Immigration officials routinely interview suspected undocumented aliens who are booked into the county jail. Notification should be handled according to jail operation procedures.

Whenever an officer has reason to believe that an individual arrested for any offense listed in Health and Safety Code § 11369 may not be a citizen of the United States, and the individual is not going to be booked into the county jail, the arresting officer shall notify ICE or other appropriate agency of the United States.

Individuals arrested for other offenses who are not going to be booked into the county jail may be reported to ICE or other appropriate agency of the United States.

When determining whether notification of immigration authorities is appropriate, the officer should, in consultation with a supervisor, consider the totality of circumstances of each case, including, but not limited to:

(a) Seriousness of the offense
(b) Community safety
(c) Potential burden on ICE or other federal agency
(d) Impact on the immigrant community

No individual who is otherwise ready to be released should continue to be detained solely for the purpose of making notification to immigration authorities.

428.8 ICE REQUESTS FOR ASSISTANCE
Requests by ICE, or any other federal agency, for assistance from this department should be directed to a supervisor. The Department may provide available support services, such as traffic control or peacekeeping efforts, to ICE or other federal agencies.

428.9 INFORMATION SHARING
No member of this department will prohibit, or in any way restrict, any other member from doing any of the following regarding the citizenship or immigration status, lawful or unlawful, of any individual (8 USC § 1373):

(a) Sending information to, or requesting or receiving such information from ICE
(b) Maintaining such information in department records
(c) Exchanging such information with any other federal, state or local government entity
Immigration Violations

428.9.1 IMMIGRATION HOLDS
Individuals should not be held in custody solely for a civil immigration hold under 8 CFR 287.7 unless the individual (Government Code § 7282; Government Code § 7282.5):

(a) Has been convicted of offenses specified in Government Code § 7282.5.
(b) Has been charged with offenses specified in Government Code § 7282.5 after a court has determined probable cause supports the charge.
(c) Is a sex or arson registrant.

In no event should a person be held under this section for longer than 48 hours. Notification to the federal authority should be made prior to the release.

428.9.2 NOTICE TO INDIVIDUALS
Individuals shall be given a copy of documentation received from Immigration and Customs Enforcement (ICE) regarding a hold, notification or transfer request along with information as to whether the Laguna Beach Police Department intends to comply with the request (Government Code § 7283.1).

If the Laguna Beach Police Department provides ICE with notification that an individual is being, or will be, released on a certain date, the same notification shall be provided in writing to the individual and to his/her attorney or to one additional person who the individual may designate (Government Code § 7283.1).

428.9.3 ICE INTERVIEWS
Before any interview regarding civil immigration violations takes place between ICE personnel and an individual in custody, the Laguna Beach Police Department shall provide the individual with a written consent form that explains the purpose of the interview, that the interview is voluntary and that he/she may decline to be interviewed or may choose to be interviewed only with his/her attorney present. The consent form must be available in the languages specified in Government Code § 7283.1.
Emergency Utility Service

430.1 PURPOSE AND SCOPE
The City Public Works Department has personnel available to handle emergency calls 24 hours per day. Calls for service during non-business hours are frequently directed to the Police Department. Requests for such service received by this department should be handled in the following manner.

430.1.1 BROKEN WATER LINES
The water district's responsibility ends at the water meter; any break or malfunction in the water system from the water meter to the citizen's residence or business is the customer's responsibility. The water district or public works can only turn off the valve at the meter. The citizen can normally accomplish this.

If a break occurs on the City/District side of the meter, emergency personnel should be called as soon as practical by the Communications Center.

430.1.2 ELECTRICAL LINES
City Public Works does not maintain electrical lines to street light poles. When a power line poses a hazard, an officer should be dispatched to protect against personal injury or property damage that might be caused by power lines. The Electric Company or Public Works should be promptly notified, as appropriate.

430.1.3 RESERVOIRS, PUMPS, WELLS, ETC.
The Laguna Beach Water District maintains the reservoirs and public water equipment, as well as several underpass and other street drainage pumps. In the event of flooding or equipment malfunctions, emergency personnel should be contacted as soon as possible.

The sewage pump system is maintained by the City of Laguna Beach.

430.1.4 EMERGENCY NUMBERS
A current list of emergency personnel who are to be called for municipal utility emergencies is maintained by the Communications Center.

430.2 TRAFFIC SIGNAL MAINTENANCE
The City of Laguna Beach contracts with another entity to furnish maintenance for all traffic signals within the City, other than those maintained by the State of California.

430.2.1 OFFICER'S RESPONSIBILITY
Upon observing a damaged or malfunctioning signal, the officer will advise the Communications Center of the location and problem with the signal. The dispatcher should make the necessary notification to the proper maintenance agency.
Patrol Rifles

433.1 PURPOSE AND SCOPE
In order to more effectively and accurately address the increasing level of firepower and body armor utilized by criminal suspects, the Laguna Beach Police Department will make patrol rifles available to qualified patrol officers as an additional and more immediate tactical resource.

433.2 PATROL RIFLE

433.2.1 DEFINITION
A patrol rifle is an authorized weapon which is owned by the Department and which is made available to properly trained and qualified officers as a supplemental resource to their duty handgun or shotgun. No personally owned rifles may be carried for patrol duty unless pre-approved in writing by the Chief of Police and the department armorer.

433.3 SPECIFICATIONS
Only weapons and ammunition that meet agency authorized specifications, approved by the Chief of Police, and issued by the Department may be used by officers in their law enforcement responsibilities. The authorized patrol rifle issued by the Department is the AR-15.

433.4 RIFLE MAINTENANCE

(a) Primary responsibility for maintenance of patrol rifles shall fall on the Rangemaster, who shall inspect and service each patrol rifle on a monthly basis.

(b) Each patrol officer carrying a patrol rifle may be required to field strip and clean an assigned patrol rifle as needed.

(c) Each patrol officer shall be responsible for promptly reporting any damage or malfunction of an assigned patrol rifle.

(d) Any patrol rifle found to be unserviceable shall be removed from service. The rifle shall be clearly labeled as "out of service" and details regarding the weapon's condition shall be included on the label.

(e) Each patrol rifle shall be subject to inspection by a supervisor or the Rangemaster at any time.

(f) No modification shall be made to any patrol rifle without prior written authorization from the Rangemaster.

433.5 TRAINING
Officers shall not carry or utilize the patrol rifle unless they have successfully completed departmental training. This training shall consist of an initial 8-hour patrol rifle user's course and qualification score with a certified patrol rifle instructor. Officers shall thereafter be required
to successfully complete quarterly training and qualification conducted by a certified patrol rifle instructor.

Any officer who fails to qualify or who fails to successfully complete two or more department sanctioned training/qualification sessions within a calendar year will no longer be authorized to carry the patrol rifle without successfully retaking the initial patrol officers user’s course and qualification.

433.6 DEPLOYMENT OF THE PATROL RIFLE
Officers may deploy the patrol rifle in any circumstance where the officer can articulate a reasonable expectation that the rifle may be needed. Examples of some general guidelines for deploying the patrol rifle may include, but are not limited to:

(a) Situations where the officer reasonably anticipates an armed encounter.
(b) When an officer is faced with a situation that may require the delivery of accurate and effective fire at long range.
(c) Situations where an officer reasonably expects the need to meet or exceed a suspect's firepower.
(d) When an officer reasonably believes that there may be a need to deliver fire on a barricaded suspect or a suspect with a hostage.
(e) When an officer reasonably believes that a suspect may be wearing body armor.
(f) When authorized or requested by a supervisor.
(g) When needed to euthanize an animal.

433.7 DISCHARGE OF THE PATROL RIFLE
The discharge of the patrol rifle shall be governed by the Department’s Deadly Force Policy, Policy Manual § 300.

433.8 PATROL READY
Any qualified officer carrying a patrol rifle in the field shall maintain the weapon in a patrol ready condition until deployed. A rifle is considered in a patrol ready condition when it has been inspected by the assigned officer, the selector switch is NOT in the safe position, the chamber is empty and a fully loaded magazine is inserted into the magazine well. The orange ring shall also be inserted into the barrel.

433.9 RIFLE STORAGE
(a) When not in use, patrol rifles will be stored in the department armory in rifle racks or the trunk of the police vehicles. (The trunk of the police vehicles are equipped with a rifle storage area.)
Patrol Rifles

(b) At the start of each assigned shift, the officers will check for any rifles in the trunk and ensure that they are ready for use and have accompanying magazines (two).

(c) Officers assigned to a specific rifle shall ensure the weapon is safely stored while at their residence or in their vehicle. All necessary gun safety precautions shall be undertaken when stored off-duty.
Aircraft Accidents

433.1 PURPOSE AND SCOPE
The purpose of this policy is to provide department members with guidelines for handling aircraft accidents.

This policy does not supersede, and is supplementary to, applicable portions of the Crime and Disaster Scene Integrity, Emergency Management Plan and Hazardous Material Response policies.

433.1.1 DEFINITIONS
Definitions related to this policy include:

**Aircraft** - Any fixed wing aircraft, rotorcraft, balloon, blimp/ dirigible or glider that is capable of carrying a person or any unmanned aerial vehicle other than those intended for non-commercial recreational use.

433.2 POLICY
It is the policy of the Laguna Beach Police Department to provide an appropriate emergency response to aircraft accidents. This includes emergency medical care and scene management.

433.3 ARRIVAL AT SCENE
Officers or other authorized members tasked with initial scene management should establish an inner and outer perimeter to:

(a) Protect persons and property.
(b) Prevent any disturbance or further damage to the wreckage or debris, except to preserve life or rescue the injured.
(c) Preserve ground scars and marks made by the aircraft.
(d) Manage the admission and access of public safety and medical personnel to the extent necessary to preserve life or to stabilize hazardous materials.
(e) Maintain a record of persons who enter the accident site.
(f) Consider implementation of an Incident Command System (ICS).

433.4 INJURIES AND CASUALTIES
Members should address emergency medical issues and provide care as a first priority.

Those tasked with the supervision of the scene should coordinate with the National Transportation Safety Board (NTSB) before the removal of bodies. If that is not possible, the scene supervisor should ensure documentation of what was disturbed, including switch/control positions and instrument/gauge readings.
Aircraft Accidents

433.5 NOTIFICATIONS
When an aircraft accident is reported to this department, the responding supervisor shall ensure notification is or has been made to NTSB, the Federal Aviation Administration (FAA), and when applicable, the appropriate branch of the military.

Supervisors shall ensure other notifications are made once an aircraft accident has been reported. The notifications will vary depending on the type of accident, extent of injuries or damage, and the type of aircraft involved. When an aircraft accident has occurred, it is generally necessary to notify the following:

(a) Fire department
(b) Appropriate airport tower
(c) Emergency medical services (EMS)

433.6 CONTROLLING ACCESS AND SCENE AUTHORITY
Prior to NTSB arrival, scene access should be limited to authorized personnel from the:

(a) FAA.
(b) Fire department, EMS or other assisting law enforcement agencies.
(c) Coroner.
(d) Air Carrier/Operators investigative teams with NTSB approval.
(e) Appropriate branch of the military, when applicable.
(f) Other emergency services agencies (e.g., hazardous materials teams, biohazard decontamination teams, fuel recovery specialists, explosive ordnance disposal specialists).

The NTSB has primary responsibility for investigating accidents involving civil aircraft. In the case of a military aircraft accident, the appropriate branch of the military will have primary investigation responsibility.

After the NTSB or military representative arrives on-scene, the efforts of this department will shift to a support role for those agencies.

If NTSB or a military representative determines that an aircraft or accident does not qualify under its jurisdiction, the on-scene department supervisor should ensure the accident is still appropriately investigated and documented.

433.7 DANGEROUS MATERIALS
Members should be aware of potentially dangerous materials that might be present. These may include, but are not limited to:

(a) Fuel, chemicals, explosives, biological or radioactive materials and bombs or other ordnance.
(b) Pressure vessels, compressed gas bottles, accumulators and tires.
Aircraft Accidents

(c) Fluids, batteries, flares and igniters.
(d) Evacuation chutes, ballistic parachute systems and composite materials.

433.8 DOCUMENTATION
All aircraft accidents occurring within the City of Laguna Beach shall be documented. At a minimum the documentation should include the date, time and location of the incident; any witness statements, if taken; the names of LBPD members deployed to assist; other City resources that were utilized; and cross reference information to other investigating agencies. Suspected criminal activity should be documented on the appropriate crime report.

433.8.1 WRECKAGE
When reasonably safe, members should:
(a) Obtain the aircraft registration number (N number) and note the type of aircraft.
(b) Attempt to ascertain the number of casualties.
(c) Obtain photographs or video of the overall wreckage, including the cockpit and damage, starting at the initial point of impact, if possible, and any ground scars or marks made by the aircraft.
   1. Military aircraft may contain classified equipment and therefore shall not be photographed unless authorized by a military commanding officer (18 USC § 795).
(d) Secure, if requested by the lead authority, any electronic data or video recorders from the aircraft that became dislodged or cell phones or other recording devices that are part of the wreckage.
(e) Acquire copies of any recordings from security cameras that may have captured the incident.

433.8.2 WITNESSES
Members tasked with contacting witnesses should obtain:
(a) The location of the witness at the time of his/her observation relative to the accident site.
(b) A detailed description of what was observed or heard.
(c) Any photographs or recordings of the accident witnesses may be willing to voluntarily surrender.
(d) The names of all persons reporting the accident, even if not yet interviewed.
(e) Any audio recordings of reports to 9-1-1 regarding the accident and dispatch records.

433.9 MEDIA RELATIONS
The Press Information Officer (PIO) should coordinate a response to the media, including access issues, road closures, detours and any safety information that is pertinent to the surrounding community. Any release of information regarding details of the accident itself should
Aircraft Accidents

be coordinated with the NTSB or other authority who may have assumed responsibility for the investigation.

Depending on the type of aircraft, the airline or the military may be responsible for family notifications and the release of victims’ names. The PIO should coordinate with other involved entities before the release of information.
Field Training Officer Program

435.1 PURPOSE AND SCOPE
The Field Training Officer Program is intended to provide a standardized program to facilitate the officer’s transition from the academic setting to the actual performance of general law enforcement duties of the Laguna Beach Police Department.

It is the policy of this department to assign all new police officers to a structured Field Training Officer Program that is designed to prepare the new officer to perform in a patrol assignment, and possessing all skills needed to operate in a safe, productive and professional manner.

435.2 FIELD TRAINING OFFICER - SELECTION AND TRAINING
The Field Training Officer (FTO) is an experienced officer trained in the art of supervising, training and evaluating entry level and lateral police officers in the application of their previously acquired knowledge and skills.

435.2.1 TRAINING
An officer selected as a Field Training Officer shall successfully complete a POST certified (40-hour) Field Training Officer’s Course prior to being assigned as an FTO.

All FTOs must complete a 24-hour Field Training Officer update course every three years while assigned to the position of FTO (11 CCR 1004).

All FTOs must meet any training mandate regarding crisis intervention behavioral health training pursuant to Penal Code § 13515.28.

435.3 FIELD TRAINING OFFICER PROGRAM SUPERVISOR

Field Training Officer Program

The FTO Program supervisor will be required to successfully complete a POST approved Field Training Administrator’s Course within one year of appointment to this position (11 CCR 1004(c)).

435.4  TRAINEE DEFINED
Any entry level or lateral police officer newly appointed to the Laguna Beach Police Department who has successfully completed a POST approved Basic Academy.

435.5  REQUIRED TRAINING
Entry level officers shall be required to successfully complete the Field Training Program, consisting of a minimum of 22 weeks.

The training period for a lateral officer may be modified depending on the trainee’s demonstrated performance and level of experience, but shall consist of a minimum of ten weeks.

To the extent practicable, entry level and lateral officers should be assigned to a variety of Field Training Officers, shifts and geographical areas during their Field Training Program.

Phase training is a process designed to achieve the following:

• a systematic, step-by-step approach to field training
• a means of ensuring recruit capability in performing basic tasks/skills necessary for competent operation in a single officer unit
• the prevention of unnecessary duplication of training as recruits transfer from one F.T.O. to another
• consistency in the method by which certain patrol skills are taught to new officers
• an early detection of weaknesses in an officer’s performance and specific documentation of training given to overcome those weaknesses

Orientation - An initial orientation period is conducted by the department training officer and is intended to:

• Familiarize the new officer by providing an overview of the department and the city.
• Discuss what will be accomplished during the Field Training Program
• Complete unresolved commitments and paperwork related to the new officer’s employment
• Include a one-day training assignment with the Support Services Division teams (dispatch and records)

During the orientation, the new officer will accomplish the following tasks:

• Receive a briefing on:
• Organizational Chart/Chain of Command
• Department Policy Manual
• Rules and Regulations
Field Training Officer Program

- Uniform cleaning and replacement procedures
- Work schedules, pay periods, overtime, extra duty assignments, appropriate paperwork. The new officer is also given his training schedule during this time.
- Meet the police department command staff and receive a briefing on the functions and organization of each division
- Meet the city personnel clerk and complete appropriate personnel requirements regarding insurance, retirement accounts, parking permits, etc.
- Tour the police department and City Hall and meet the other employees
- Receive a training package and an explanation of the Field Training Program and various training records/forms
- Receive uniforms and equipment and be assigned a department locker
- Qualify with duty and off duty weapons
- View current video training tapes of important subjects relating to law enforcement
- Attend briefing as an observer with the training officer and be introduced to fellow employees.

Phase One - This is the new officer's first week in the field and a formal relationship between the F.T.O. and the new officer is established.

- The basic skill taught is officer safety including personal safety and cover officer responsibilities
- There will be an emphasis on simulation training and learning through observation
- The new officer should not be a passive observer
- Even mundane tasks will be explained as to how and why they are performed
- Discipline is enforced during this phase
- It is important for the F.T.O. to recognize that although training is to be accomplished, other officers and citizens should never suffer or be placed in jeopardy due to the new officer's lack of knowledge
- The F.T.O. will continually offer opportunities for questions from the new officer

Phase Two - The formal relationship between the F.T.O. and the new officer remains in effect.

- Phase one will be reviewed and the F.T.O. should have a clear understanding of what the new officer's performance capabilities are at this stage of training.

During this period there will be a heavy emphasis on the new officer's participation in tasks including:

- Information Gathering
- Radio Use and Demeanor (the new officer should be handling all routine radio traffic by the end of phase two)
Field Training Officer Program

- Report Writing (The F.T.O. will insist on clean, concise and complete reports)
- Vehicle Inspection (The new officer should be responsible for inspecting the unit and preparing it prior to field duty)
- Driving (The new officer should be driving approximately 50% of the time during phase two)
- Discipline remains enforced and the F.T.O. should be critical of all aspects of the new officer's performance.
- The F.T.O. will demand proper performance
- Poor habits once developed are hard to break
- Questions from the new officer will continue to be encouraged

Phase Three - The formal relationship between the F.T.O. and the new officer remains in effect.

- Phase two will be reviewed and the F.T.O. will:
- Retest the officer's basic skills
- Check officer safety issues (simulation of lethal force incidents with no live weapons, review of "shoot-don't shoot" incidents, and discussion of mental preparation and visualization toward survivability)
- During this period the emphasis will be on "partnership learning" and the workload will begin to be shared more evenly.
- The new officer should be displaying self-directed/self-initiated activity
- The new officer should be driving about 75% of the time
- The new officer will be responsible for proper preparation and completion of reports
- Questions from the new officer will continue to be encouraged

Phase Four - A new and less formal relationship between the F.T.O. and the new officer is encouraged; however, the F.T.O. is reminded not to "slacken up" the instruction.

- Phase three will be reviewed and the F.T.O. will retest the new officer's basic skills will all issues raised being discussed thoroughly.

Traffic Phase - The new officer will be assigned to a Traffic F.T.O. and will accomplish the following tasks:

- The new officer shall discuss the California Vehicle Code laws that pertain to the operation of motor vehicles and shall be able to recognize violations.
- The new officer will learn an officer's responsibilities for traffic collision investigations
- The new officer shall learn and explain the agency’s policy regarding towing procedures.
**Field Training Officer Program**

Phase Five - During this phase the trainee will be evaluated to determine if they are performing at the level of a solo competent officer.

- For an appropriate period of time during this phase, the F.T.O. will wear civilian clothing that meets the department ride along standards, and assume the role of observer to better evaluate the trainee's performance.
- Prior to being released from training, the new officer will be tested by the training officer and a designated F.T.O. coordinator. This test will be cumulative and will measure all aspects of all the training phases.

435.5.1 FIELD TRAINING MANUAL
Each new officer will be issued a Field Training Manual at the beginning of his/her Primary Training Phase. This manual is an outline of the subject matter and/or skills necessary to properly function as an officer with the Laguna Beach Police Department. The officer shall become knowledgeable of the subject matter as outlined. He/she shall also become proficient with those skills as set forth in the manual.

The Field Training Manual will specifically cover those policies, procedures, rules and regulations adopted by the Laguna Beach Police Department.

435.6 EVALUATIONS
Evaluations are an important component of the training process and shall be completed as outlined below.

435.6.1 FIELD TRAINING OFFICER
The FTO will be responsible for the following:

(a) Complete and submit a written evaluation on the performance of his/her assigned trainee to the FTO Coordinator on a daily basis.

(b) Review the Daily Trainee Performance Evaluations with the trainee each day.

(c) Complete a detailed end-of-phase performance evaluation on his/her assigned trainee at the end of each phase of training.

(d) Sign off all completed topics contained in the Field Training Manual, noting the method(s) of learning and evaluating the performance of his/her assigned trainee.

435.6.2 IMMEDIATE SUPERVISOR
The immediate supervisor shall review and approve the Daily Trainee Performance Evaluations and forward them to the Field Training Administrator.

435.6.3 FIELD TRAINING ADMINISTRATOR
The Field Training Administrator will review and approve the Daily Trainee Performance Evaluations submitted by the FTO through his/her immediate supervisor.
Field Training Officer Program

435.6.4 TRAINEE
At the completion of the Field Training Program, the trainee shall submit a confidential performance evaluation on each of their FTOs and on the Field Training Program.

435.7 DOCUMENTATION
All documentation of the Field Training Program will be retained in the officer’s training files and will consist of the following:

(a) Daily Trainee Performance Evaluations
(b) End of phase evaluations
(c) A Certificate of Completion certifying that the trainee has successfully completed the required number of hours of field training

435.7.1 KEY POINTS TO REMEMBER
(a) Planning (Proper Prior Planning Prevents Poor Performance):
   1. Prior to each shift, the FTO should have at least two basic training objectives in mind.
   2. Any anticipated reference material should be readily available.
(b) Documentation (If it isn't documented, it didn't happen):
   1. Document how training was conducted
      (a) What skill was involved
      (b) What methods were employed
   2. Document the subsequent effect on the new officer's performance
(c) Discipline (the FTO is a teacher/mentor- not a drill instructor)
   (a) The FTO must always enforce discipline
      (a) The FTO is responsible for the new officer's appearance and conduct
      (b) The FTO must maintain a relationship with the new officer which enables him/her to remain objective in evaluating performance.
   (b) The FTO must create an atmosphere conducive to learning
      (a) Treat the new officer as an adult who very much wants to learn
      (b) Remember- you were new yourself once
   (c) The FTO must demand excellence
      (a) The new officer wants to please you
      (b) Set a high, but realistic, standard for his/her performance
(c) Avoid criticizing the new officer in front of others. Remember the old leadership adage: *Praise in public, reprimand in private.*

(d) Critique everything the new officer does but always follow with an explanation and demonstration, if possible, of how to do it properly.

(d) A highly trained professional police officer is our goal and reflects positively on:

(a) You- the trainer

(b) This department- the employer

(c) Law enforcement- our profession
Obtaining Air Support

437.1 PURPOSE AND SCOPE
The use of a police helicopter can be invaluable in certain situations. This policy specifies potential situations where the use of a helicopter may be requested and the responsibilities for making a request.

437.2 REQUEST FOR HELICOPTER ASSISTANCE
If a supervisor or officer in charge of an incident determines that the use of a helicopter would be beneficial, a request to obtain helicopter assistance may be made. The supervisor in charge of the shift must approve the request.

437.2.1 REQUEST FOR ASSISTANCE FROM ANOTHER AGENCY
After consideration and approval of the request for a helicopter, the Watch Commander, or his/her designee, will call the closest agency having helicopter support available. The Watch Commander on duty will apprise that agency of the specific details of the incident prompting the request.

437.2.2 CIRCUMSTANCES UNDER WHICH AID MAY BE REQUESTED
Police helicopters may be requested under any of the following conditions:

(a) When the helicopter is activated under existing mutual aid agreements

(b) Whenever the safety of law enforcement personnel is in jeopardy and the presence of the helicopters may reduce such hazard

(c) When the use of the helicopters will aid in the capture of a suspected fleeing felon whose continued freedom represents an ongoing threat to the community

(d) When a helicopter is needed to locate a person who has strayed or is lost and whose continued absence constitutes a serious health or safety hazard

(e) Vehicle pursuits

While it is recognized that the availability of helicopter support will generally provide valuable assistance to ground personnel, the presence of a helicopter will rarely replace the need for officers on the ground.
Detentions And Photographing Detainees

439.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for conducting field interviews (FI) and pat-down searches, and the taking and retention of photographs of persons detained in the field but not arrested. Due to a variety of situations confronting the officer, the decision to FI or photograph a field detainee shall be left to the discretion of the involved officer based on the totality of the circumstances available to them at the time of the detention.

439.2 DEFINITIONS
Detention - Occurs when an officer intentionally, through words, actions or physical force causes an individual to reasonably believe he/she is being required to restrict his/her movement. Detentions also occur when an officer actually restrains a person's freedom of movement.

Consensual Encounter - Occurs when an officer contacts an individual but does not create a detention through words, actions or other means. In other words, a reasonable individual would believe that his/her contact with the officer is voluntary.

Field Interview - The brief detainment of an individual, whether on foot or in a vehicle, based on reasonable suspicion for the purposes of determining the individual's identity and resolving the officer's suspicions.

Field Photographs - Field photographs are defined as posed photographs taken of a person during a contact, detention, or arrest in the field. Undercover surveillance photographs of an individual and recordings captured by the normal operation of a Mobile Audio Video (MAV) system when persons are not posed for the purpose of photographing are not considered field photographs.

Pat-Down Search - This type of search is used by officers in the field to check an individual for weapons. It involves a thorough patting down of clothing to locate any weapons or dangerous items that could pose a danger to the officer, the detainee, or others.

Reasonable Suspicion - Occurs when, under the totality of the circumstances, an officer has articulable facts that criminal activity may be afoot and a particular person is connected with that possible criminal activity.

439.3 FIELD INTERVIEWS
Officers may stop individuals for the purpose of conducting an FI where reasonable suspicion is present. In justifying the stop, the officer should be able to point to specific facts which, when taken together with rational inferences, reasonably warrant the stop. Such facts include, but are not limited to, the following:

(a) The appearance or demeanor of an individual suggests that he/she is part of a criminal enterprise or is engaged in a criminal act.
Detentions And Photographing Detainees

(b) The actions of the suspect suggest that he/she is engaged in a criminal activity.
(c) The hour of day or night is inappropriate for the suspect's presence in the area.
(d) The suspect's presence in the particular area is suspicious.
(e) The suspect is carrying a suspicious object.
(f) The suspect's clothing bulges in a manner that suggests he/she is carrying a weapon.
(g) The suspect is located in proximate time and place to an alleged crime.
(h) The officer has knowledge of the suspect's prior criminal record or involvement in criminal activity.

439.3.1 INITIATING A FIELD INTERVIEW
An officer may initiate the stop of a person when there is articulable, reasonable suspicion to do so. A person however, should not be detained longer than is reasonably necessary to resolve the officer's suspicions.

Nothing in this policy is intended to discourage consensual contacts. Frequent and random casual contacts with consenting individuals are encouraged by the Laguna Beach Police Department to strengthen our community involvement, community awareness and problem identification.

439.3.2 WITNESS IDENTIFICATION AND INTERVIEWS
Because potential witnesses to an incident may become unavailable or the integrity of their statements compromised with the passage of time, officers should, when warranted by the seriousness of the case, take reasonable steps to promptly coordinate with an on-scene supervisor and/or criminal investigators to utilize available personnel for the following:

(a) Identify all persons present at the scene and in the immediate area.
   1. When feasible, a recorded statement should be obtained from those persons who claim not to have witnessed the incident but who were present at the time it occurred.
   2. Any potential witness who is unwilling or unable to remain available for a formal interview should not be detained absent reasonable suspicion to detain or probable cause to arrest. Without detaining the individual for the sole purpose of identification, officers should attempt to identify the witness prior to his/her departure.

(b) Witnesses who are willing to provide a formal interview should be asked to meet at a suitable location where criminal investigators may obtain a recorded statement. Such witnesses, if willing, may be transported by department personnel.
   1. A written, verbal or recorded statement of consent should be obtained prior to transporting a witness in a department vehicle. When the witness is a minor,
Detentions And Photographing Detainees

consent should be obtained from the parent or guardian, if available, prior to transportation.

439.4 PAT-DOWN SEARCHES
A pat-down search of a detained subject may be conducted whenever an officer reasonably believes that the person may possess an object that can be utilized as an offensive weapon or whenever the officer has a reasonable fear for his/her own safety or the safety of others. Circumstances that may establish justification for performing a pat-down search include, but are not limited to the following:

(a) The type of crime suspected, particularly in crimes of violence where the use or threat of deadly weapons is involved.
(b) Where more than one suspect must be handled by a single officer.
(c) The hour of the day and the location or neighborhood where the stop takes place.
(d) Prior knowledge of the suspect’s use of force and/or propensity to carry deadly weapons.
(e) The appearance and demeanor of the suspect.
(f) Visual indications which suggest that the suspect is carrying a firearm or other weapon.
(g) The age and gender of the suspect.

Whenever possible, pat-down searches should be performed by officers of the same gender.

439.5 FIELD PHOTOGRAPHS
Before photographing any field detainee, the officer shall carefully consider, among other things, the factors listed below.

439.5.1 FIELD PHOTOGRAPHS TAKEN WITH CONSENT
Field photographs may be taken when the subject of the photograph knowingly and voluntarily gives consent. When taking a consensual photograph, the officer should have the individual read and sign the appropriate form accompanying the photograph.

439.5.2 FIELD PHOTOGRAPHS TAKEN WITHOUT CONSENT
Field photographs may be taken without consent only if they are taken during a detention that is based upon reasonable suspicion of criminal activity, and the photograph serves a legitimate law enforcement purpose related to the detention. Mere knowledge or suspicion of gang membership or affiliation is not a sufficient justification for taking a photograph without consent. The officer must be able to articulate facts that reasonably indicate that the subject was involved in or was about to become involved in criminal conduct.

If, prior to taking a photograph, the officer’s reasonable suspicion of criminal activity has been dispelled, the detention must cease and the photograph should not be taken.
Detentions And Photographing Detainees

All field photographs and related reports shall be submitted to a supervisor and retained in compliance with this policy.

439.6 SUPERVISOR RESPONSIBILITY
While it is recognized that field photographs often become valuable investigative tools, supervisors should monitor such practices in view of the above listed considerations. This is not to imply that supervisor approval is required before each photograph. Access to field photographs shall be strictly limited to law enforcement purposes.

439.7 DISPOSITION OF PHOTOGRAPHS
All detainee photographs must be adequately labeled and submitted to the Watch Commander with either an associated FI card or other memorandum explaining the nature of the contact. If an individual is photographed as a suspect in a particular crime, the photograph should be submitted as an evidence item in the related case, following standard evidence procedures.

If a photograph is not associated with an investigation where a case number has been issued, the Watch Commander should review and forward the photograph to one of the following locations:

(a) If the photo and associated FI or memorandum is relevant to criminal street gang enforcement, the Watch Commander will forward the photo and documents to the Gang Supervisor. The Gang Supervisor will ensure the photograph and supporting documents are retained as prescribed by the Criminal Organizations Policy.

(b) Photographs that do not qualify for Criminal Street Gang file retention or which are not evidence in an investigation with an assigned case number should be forwarded to the Records Bureau. These photographs will be purged as described in the Purging the Field Photo File subsection of this policy.

When a photograph is taken in association with a particular case, the detective may use such photograph in a photo lineup. Thereafter, the individual photograph should be retained as a part of the case file. All other photographs will be kept in the Records Bureau in a separate non-booking photograph file in alphabetical order.

439.7.1 PURGING THE FIELD PHOTO FILE
The Records Supervisor will be responsible for ensuring that photographs maintained by the Records Bureau that are more than one year old and no longer serve a law enforcement purpose are periodically purged and destroyed. Photographs that continue to serve a legitimate law enforcement purpose may be retained longer than one year provided that a notation of that fact is added to the file for each additional year that they are retained. Access to the FI photo file shall be strictly limited to law enforcement purposes.

A photograph need not be purged but may be retained as an updated photograph in a prior booking file if the person depicted in the photograph has been booked at the Laguna Beach Police Department and the booking file remains in the Records Bureau.
Detentions And Photographing Detainees

439.8 PHOTO REVIEW POLICY

Any person who has been the subject of a field photograph or an FI by this agency during any contact other than an arrest may file a written request within 30 days of the contact requesting a review of the status of the photograph/FI. The request shall be directed to the office of the Chief of Police who will ensure that the status of the photograph or FI is properly reviewed according to this policy as described below. Upon a verbal request, the Department will send a request form to the requesting party along with a copy of this policy.

439.8.1 REVIEW PROCESS

Upon receipt of such a written request, the Chief of Police or his or her designee will permit the individual to appear in person (any minor must be accompanied by their parent or legal guardian) for a review of the status of the photograph/FI.

Such a meeting will generally be scheduled during regular business hours within 30 days of the receipt of the written request. An extension of the 30-day limit may be made either upon the mutual convenience of the parties or if, at the discretion of the Chief of Police, there appears to be an ongoing legitimate law enforcement interest which warrants a delay. If the delay could jeopardize an ongoing investigation, nothing in this policy shall require the Chief of Police to disclose the reason(s) for the delay.

A meeting for the review of the status of any non-arrest photograph/FI is not intended to be a formal hearing, but simply an informal opportunity for the individual to meet with the Chief of Police or his/her designee to discuss the matter.

After carefully considering the information available, the Chief of Police or designee will determine, generally within 30 days of the original meeting, whether the photograph/FI was obtained in accordance with existing law and Laguna Beach Police Department policy and, even if properly obtained, then whether there is any ongoing legitimate law enforcement interest in retaining the photograph/FI.

If the Chief of Police or his/her designee determines that the photograph/FI was obtained in accordance with existing law and department policy and that there is an ongoing legitimate law enforcement interest in retaining the non-arrest photograph, the photograph/FI shall be retained according to this policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest photograph no longer exists or that it was obtained in violation of existing law or Laguna Beach Police Department policy, the original photograph will be destroyed or returned to the person photographed, if requested. All other associated reports or documents, however, will be retained according to department policy and applicable law.

If the Chief of Police or his/her designee determines that the original legitimate law enforcement interest in retaining a non-arrest FI no longer exists or that the original F/I was not obtained in accordance with established law or Laguna Beach Police Department policy, the original FI may only be destroyed upon the execution of a full and complete waiver of liability by the individual (and guardian if a minor) arising out of that field contact.
Detentions And Photographing Detainees

If the Chief of Police or his/her designee determines that any involved Laguna Beach Police Department personnel violated existing law or department policy, the Chief of Police or designee shall initiate a separate internal investigation which may result in additional training, discipline or other appropriate action for the involved employees.

The person photographed/FI'd will be informed in writing within 30 days of the Chief of Police's determination whether or not the photograph/FI will be retained. This does not entitle any person to any discovery or access to any law enforcement records not otherwise authorized by law.
Criminal Organizations

441.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that the Laguna Beach Police Department appropriately utilizes criminal intelligence systems and temporary information files to support investigations of criminal organizations and enterprises.

441.1.1 DEFINITIONS
Definitions related to this policy include:

Criminal intelligence system - Any record system that receives, stores, exchanges or disseminates information that has been evaluated and determined to be relevant to the identification of a criminal organization or enterprise, its members or affiliates. This does not include temporary information files.

441.2 POLICY
The Laguna Beach Police Department recognizes that certain criminal activities, including but not limited to gang crimes and drug trafficking, often involve some degree of regular coordination and may involve a large number of participants over a broad geographical area.

It is the policy of this department to collect and share relevant information while respecting the privacy and legal rights of the public.

441.3 CRIMINAL INTELLIGENCE SYSTEMS
No department member may create, submit to or obtain information from a criminal intelligence system unless the Chief of Police has approved the system for department use.

Any criminal intelligence system approved for department use should meet or exceed the standards of 28 CFR 23.20.

A designated supervisor will be responsible for maintaining each criminal intelligence system that has been approved for department use. The supervisor or the authorized designee should ensure the following:

(a) Members using any such system are appropriately selected and trained.
(b) Use of every criminal intelligence system is appropriately reviewed and audited.
(c) Any system security issues are reasonably addressed.

441.3.1 SYSTEM ENTRIES
It is the designated supervisor’s responsibility to approve the entry of any information from a report, FI, photo or other relevant document into an authorized criminal intelligence system. If entries are made based upon information that is not on file with this department, such as open or public source documents or documents that are on file at another agency, the designated supervisor should ensure copies of those documents are retained by the Records Bureau. Any
Criminal Organizations

supporting documentation for an entry shall be retained by the Records Bureau in accordance with the established records retention schedule and for at least as long as the entry is maintained in the system.

The designated supervisor should ensure that any documents retained by the Records Bureau are appropriately marked as intelligence information. The Records Supervisor may not purge such documents without the approval of the designated supervisor.

441.3.2 GANG DATABASES
The Chief of Police may approve participation by the gang unit in a shared criminal gang intelligence database, such as CALGANG®. Members must obtain the requisite training before accessing any such database.

It is the gang unit supervisor’s responsibility to determine whether any report or field interrogation (FI) contains information that would qualify for entry into the database. Prior to designating any person as a suspected gang member, associate or affiliate in a shared gang database; or submitting a document to the Attorney General’s office for the purpose of designating a person in a shared gang database; or otherwise identifying the person in a shared gang database, the gang unit supervisor shall provide written notice to the person and, if the person is under the age of 18, to his/her parent or guardian of the designation and the basis for the designation, unless providing that notification would compromise an active criminal investigation or compromise the health or safety of a minor. Notice shall also describe the process to contest the designation (Penal Code § 186.34).

The person or his/her parent or guardian may contest the designation by submitting written documentation which shall be reviewed by the gang unit supervisor. If it is determined that the person is not a suspected gang member, associate or affiliate, the person shall be removed from the database. The person and the parent or guardian shall be provided written verification of the department decision within 30 days of receipt of the written documentation contesting the designation and shall include the reason for a denial when applicable (Penal Code § 186.34).

The department shall also provide a response to a person or his/her attorney who requests information as to whether the person has been designated as a suspected gang member, associate or affiliate in a shared gang database and what law enforcement agency made the designation. The request may also come from a guardian or parent if the person is under 18 years old. If the Laguna Beach Police Department made the designation and the person requests to know the basis for including him/her in the database, the basis for inclusion shall be provided in the response. The information shall be provided unless doing so would compromise an active criminal investigation or the health or safety of the minor. The response by the Department shall be provided in writing within 30 days of the receipt of the request (Penal Code § 186.34).

The gang unit supervisor should forward reports or FIs to the Records Bureau after appropriate database entries are made. The supervisor should clearly mark the report/FI as gang intelligence information.
Criminal Organizations

It is the responsibility of the Records Bureau supervisor to retain reports and FIs in compliance with the database rules and any applicable end user agreement.

441.3.3 REPORT TO THE CALIFORNIA DEPARTMENT OF JUSTICE
The Investigative Services Division Commander or the authorized designee shall ensure that the annual report of information submitted to a shared gang database as required by Penal Code § 186.34 is submitted to the California Department of Justice.

441.4 TEMPORARY INFORMATION FILE
No member may create or keep files on individuals that are separate from the approved criminal intelligence system. However, members may maintain temporary information that is necessary to actively investigate whether a person or group qualifies for entry into the department-approved CIS only as provided in this section. Once information qualifies for inclusion, it should be submitted to the supervisor responsible for consideration of CIS entries.

441.4.1 FILE CONTENTS
A temporary information file may only contain information and documents that, within one year, will have a reasonable likelihood to meet the criteria for entry into an authorized criminal intelligence system.

Information and documents contained in a temporary information file:

(a) Must only be included upon documented authorization of the responsible department supervisor.

(b) Should not be originals that would ordinarily be retained by the Records Bureau or Property Office, but should be copies of, or references to, retained documents such as copies of reports, field interview (FI) forms, Dispatch records or booking forms.

(c) Shall not include opinions. No person, organization or enterprise shall be labeled as being involved in crime beyond what is already in the document or information.

(d) May include information collected from publicly available sources or references to documents on file with another government agency. Attribution identifying the source should be retained with the information.

441.4.2 FILE REVIEW AND PURGING
The contents of a temporary information file shall not be retained longer than one year. At the end of one year, the contents must be purged or entered in an authorized criminal intelligence system, as applicable.

The designated supervisor shall periodically review the temporary information files to verify that the contents meet the criteria for retention. Validation and purging of files is the responsibility of the supervisor.
441.5 INFORMATION RECOGNITION
Department members should document facts that suggest an individual, organization or enterprise is involved in criminal activity and should forward that information appropriately. Examples include, but are not limited to:

(a) Gang indicia associated with a person or residence.
(b) Information related to a drug-trafficking operation.
(c) Vandalism indicating an animus for a particular group.
(d) Information related to an illegal gambling operation.

Department supervisors who utilize an authorized criminal intelligence system should work with the Training Officer to train members to identify information that may be particularly relevant for inclusion.

441.6 RELEASE OF INFORMATION
Department members shall comply with the rules of an authorized criminal intelligence system regarding inquiries and release of information.

Information from a temporary information file may only be furnished to department members and other law enforcement agencies on a need-to-know basis and consistent with the Records Maintenance and Release Policy.

When an inquiry is made by the parent or guardian of a juvenile as to whether that juvenile’s name is in a temporary information file, such information should be provided by the supervisor responsible for the temporary information file, unless there is good cause to believe that the release of such information might jeopardize an ongoing criminal investigation.

441.7 CRIMINAL STREET GANGS
The Investigative Bureau supervisor should ensure that there are an appropriate number of department members who can:

(a) Testify as experts on matters related to criminal street gangs, and maintain an above average familiarity with:

   1. Any organization, associate or group of three or more persons that meets the definition of a criminal street gang under Penal Code § 186.22(f).
   2. Identification of a person as a criminal street gang member and criminal street gang-related crimes.
   3. The California Street Terrorism Enforcement and Prevention Act (Penal Code § 186.21 et seq.), associated crimes and what defines a criminal street gang (Penal Code § 186.22).

(b) Coordinate with other agencies in the region regarding criminal street gang-related crimes and information.
Criminal Organizations

(c) Train other members to identify gang indicia and investigate criminal street gang-related crimes.

441.8 TRAINING
The Training Officer should provide training on best practices in the use of each authorized criminal intelligence system to those tasked with investigating criminal organizations and enterprises. Training should include:

(a) The protection of civil liberties.
(b) Participation in a multiagency criminal intelligence system.
(c) Submission of information into a multiagency criminal intelligence system or the receipt of information from such a system, including any governing federal and state rules and statutes.
(d) The type of information appropriate for entry into a criminal intelligence system or temporary information file.
(e) The review and purging of temporary information files.
Watch Commanders

443.1 PURPOSE AND SCOPE
Each patrol shift must be directed by supervisors who are capable of making decisions and communicating in a manner consistent with departmental policies, procedures, practices, functions and objectives. To accomplish this goal, a Sergeant generally heads each watch.

443.2 DESIGNATION AS ACTING WATCH COMMANDER
When a Sergeant is unavailable for duty as Watch Commander, in most instances the senior qualified Corporal shall be designated as acting Watch Commander. This policy does not preclude designating a less senior Corporal as an acting Watch Commander when operational needs require or training permits.

When available for patrol duties, a Lieutenant would assume the role of the Watch Commander and the Sergeant would become the field supervisor.
Mobile Audio Video

445.1 PURPOSE AND SCOPE
The Laguna Beach Police Department has equipped marked patrol cars with Mobile Audio/Video (MAV) recording systems to provide records of events and assist officers in the performance of their duties. This policy provides guidance on the use of these systems.

445.1.1 DEFINITIONS
Definitions related to this policy include:

Activate - Any process that causes the MAV system to transmit or store video or audio data in an active mode.

In-car camera system and Mobile Audio/Video (MAV) system - Synonymous terms which refer to any system that captures audio and video signals, that is capable of installation in a vehicle, and that includes at minimum, a camera, microphone, recorder and monitor.

MAV technician - Personnel certified or trained in the operational use and repair of MAVs, duplicating methods, storage and retrieval methods and procedures, and who have a working knowledge of video forensics and evidentiary procedures.

Recorded media - Audio-video signals recorded or digitally stored on a storage device or portable media.

445.2 OFFICER RESPONSIBILITIES
Prior to going into service, each officer will check out the appropriate video media devices in their vehicles. This is done by activating the system and pressing the "record button" in order to determine whether the system is functioning correctly. If equipped, the officer will also check the audio recording device in order to ensure it is functioning. If the officer is using a digital belt recorder instead of the audio pack in the vehicle, the officer will still check the car audio device to ensure it is readily available for usage.

If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

445.3 OFFICER RESPONSIBILITIES
Prior to going into service, each officer will properly equip him/herself to record audio and video in the field. At the end of the shift, each officer will follow the established procedures for providing to the Department any recordings or used media and any other related equipment. Each officer should have adequate recording media for the entire duty assignment. In the event an officer works at a remote location and reports in only periodically, additional recording media may be issued. Only Laguna Beach Police Department identified and labeled media with tracking numbers is to be used.
At the start of each shift, officers should test the MAV system’s operation in accordance with manufacturer specifications and department operating procedures and training. System documentation is accomplished by the officer recording his/her name, serial number, badge or PIN number and the current date and time at the start and again at the end of each shift. If the system is malfunctioning, the officer shall take the vehicle out of service unless a supervisor requests the vehicle remain in service.

445.4 ACTIVATION OF THE MAV
The MAV system is designed to turn on whenever the unit’s emergency lights are activated. The system remains on until it is turned off manually. The audio portion is independently controlled and should be activated manually by the officer whenever appropriate. When audio is being recorded, the video will also record.

445.4.1 REQUIRED ACTIVATION OF MAV
This policy is not intended to describe every possible situation in which the MAV system may be used, although there are many situations where its use is appropriate. An officer may activate the system any time the officer believes it would be appropriate or valuable to document an incident. In some circumstances it is not possible to capture images of the incident due to conditions or the location of the camera. However, the audio portion can be valuable evidence and is subject to the same activation requirements as the MAV. The MAV system should be activated in any of the following situations:

(a) All field contacts involving actual or potential criminal conduct within video or audio range:
   1. Traffic stops (to include, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops)
   2. Priority responses
   3. Vehicle pursuits
   4. Suspicious vehicles
   5. Arrests
   6. Vehicle searches
   7. Physical or verbal confrontations or use of force
   8. Pedestrian checks
   9. DWI/DUI investigations including field sobriety tests
   10. Consensual encounters
   11. Crimes in progress
   12. Responding to an in-progress call
(b) All self-initiated activity in which an officer would normally notify Dispatch

(c) Any call for service involving a crime where the recorder may aid in the apprehension and/or prosecution of a suspect:
   1. Domestic violence calls
   2. Disturbance of peace calls
   3. Offenses involving violence or weapons

(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

(e) Any other circumstance where the officer believes that a recording of an incident would be appropriate

445.4.2 CESSATION OF RECORDING
Once activated, the MAV system should remain on until the incident has concluded. For purposes of this section, conclusion of an incident has occurred when all arrests have been made, arrestees have been transported and all witnesses and victims have been interviewed. Recording may cease if an officer is simply waiting for a tow truck or a family member to arrive, or in other similar situations.

Members shall cease audio recording whenever necessary to ensure conversations are not recorded between a person in custody and the person’s attorney, religious advisor or physician, unless there is explicit consent from all parties to the conversation (Penal Code § 636).

445.4.3 WHEN ACTIVATION IS NOT REQUIRED
Activation of the MAV system is not required when exchanging information with other officers or during breaks, lunch periods, when not in service or actively on patrol.

No member of this department may surreptitiously record a conversation of any other member of this department except with a court order or when lawfully authorized by the Chief of Police or the authorized designee for the purpose of conducting a criminal or administrative investigation.

445.4.4 SUPERVISOR RESPONSIBILITIES
Supervisors should determine if vehicles with non-functioning MAV systems should be placed into service. If these vehicles are placed into service, the appropriate documentation should be made, including notification of Dispatch.

At reasonable intervals, supervisors should validate that:

   (a) Beginning and end-of-shift recording procedures are followed.

   (b) Logs reflect the proper chain of custody, including:
       1. The tracking number of the MAV system media.
       2. The date it was issued.
3. The law enforcement operator or the vehicle to which it was issued.
4. The date it was submitted.
5. Law enforcement operators submitting the media.
6. Holds for evidence indication and tagging as required.
(c) The operation of MAV systems by new employees is assessed and reviewed no less than biweekly.

When an incident arises that requires the immediate retrieval of the recorded media (e.g., serious crime scenes, officer-involved shootings, department-involved collisions), a supervisor shall respond to the scene and ensure that the appropriate supervisor, MAV technician or crime scene investigator properly retrieves the recorded media. The media may need to be treated as evidence and should be handled in accordance with current evidence procedures for recorded media.

445.5 REVIEW OF MAV RECORDINGS
All recording media, recorded images and audio recordings are the property of the Department. Dissemination outside of the agency is strictly prohibited, except to the extent permitted or required by law.

To prevent damage to, or alteration of, the original recorded media, it shall not be copied, viewed or otherwise inserted into any device not approved by the department MAV technician or forensic media staff. When reasonably possible, a copy of the original media shall be used for viewing (unless otherwise directed by the courts) to preserve the original media.

Recordings may be reviewed in any of the following situations:
(a) For use when preparing reports or statements
(b) By a supervisor investigating a specific act of officer conduct
(c) By a supervisor to assess officer performance
(d) To assess proper functioning of MAV systems
(e) By department investigators who are participating in an official investigation, such as a personnel complaint, administrative inquiry or a criminal investigation
(f) By department personnel who request to review recordings
(g) By an officer who is captured on or referenced in the video or audio data and reviews and uses such data for any purpose relating to his/her employment
(h) By court personnel through proper process or with permission of the Chief of Police or the authorized designee
(i) By the media through proper process or with permission of the Chief of Police or the authorized designee
Mobile Audio Video

(j) To assess possible training value

(k) Recordings may be shown for training purposes. If an involved officer objects to showing a recording, his/her objection will be submitted to the staff to determine if the training value outweighs the officer's objection.

Employees desiring to view any previously uploaded or archived MAV recording should submit a request in writing to the Watch Commander. Approved requests should be forwarded to the MAV technician for processing.

In no event shall any recording be used or shown for the purpose of ridiculing or embarrassing any employee.

445.6 DOCUMENTING MAV USE

If any incident is recorded with either the video or audio system, the existence of that recording shall be documented in the officer's report. If a citation is issued, the officer shall make a notation on the back of the records copy of the citation, indicating that the incident was recorded.

445.7 RECORDING MEDIA STORAGE AND INTEGRITY

Once submitted for storage, all recording media will be labeled and stored in a designated secure area. All recording media that is not booked as evidence will be retained for a minimum of one year after which time it will be erased, destroyed or recycled in accordance with the established records retention schedule (Government Code § 34090.6).

445.7.1 COPIES OF ORIGINAL RECORDING MEDIA

Original recording media shall not be used for any purpose other than for initial review by a supervisor. Upon proper request, a copy of the original recording media will be made for use as authorized in this policy.

Original recording media may only be released in response to a court order or upon approval by the Chief of Police or the authorized designee. In the event that an original recording is released to a court, a copy shall be made and placed in storage until the original is returned.

445.7.2 MAV RECORDINGS AS EVIDENCE

Officers who reasonably believe that a MAV recording is likely to contain evidence relevant to a criminal offense, potential claim against the officer or against the Laguna Beach Police Department should indicate this in an appropriate report. Officers should ensure relevant recordings are preserved.

445.8 SYSTEM OPERATIONAL STANDARDS

(a) MAV system vehicle installations should be based on officer safety requirements and the vehicle and device manufacturer's recommendations.

(b) The MAV system should be configured to minimally record for 60 seconds prior to an event.
(c) The MAV system may not be configured to record audio data occurring prior to activation.

(d) Unless the transmitters being used are designed for synchronized use, only one transmitter, usually the primary initiating officer's transmitter, should be activated at a scene to minimize interference or noise from other MAV transmitters.

(e) Officers using digital transmitters that are synchronized to their individual MAV shall activate both audio and video recordings when responding in a support capacity. This is to obtain additional perspectives of the incident scene.

(f) With the exception of law enforcement radios or other emergency equipment, other electronic devices should not be used inside MAV-equipped law enforcement vehicles to minimize the possibility of causing electronic or noise interference with the MAV system.

(g) Officers shall not erase, alter, reuse, modify or tamper with MAV recordings. Only a supervisor, MAV technician or other authorized designee may erase and reissue previous recordings and may only do so pursuant to the provisions of this policy.

(h) To prevent damage, original recordings shall not be viewed on any equipment other than the equipment issued or authorized by the MAV technician.

445.9 MAV TECHNICIAN RESPONSIBILITIES

The MAV technician is responsible for:

(a) Ordering, issuing, retrieving, storing, erasing and duplicating of all recorded media.

(b) Collecting all completed media for oversight and verification of wireless downloaded media. Once collected, the MAV technician:
   1. Ensures it is stored in a secure location with authorized controlled access.
   2. Makes the appropriate entries in the chain of custody log.

(c) Erasing of media:
   1. Pursuant to a court order.
   2. In accordance with established records retention policies, including reissuing all other media deemed to be of no evidentiary value.

(d) Assigning all media an identification number prior to issuance to the field:
   1. Maintaining a record of issued media.

(e) Ensuring that an adequate supply of recording media is available.

(f) Managing the long-term storage of media that has been deemed to be of evidentiary value in accordance with the department evidence storage protocols and the records retention schedule.
445.10 TRAINING
All members who are authorized to use the MAV system shall successfully complete an approved course of instruction prior to its use.
Mobile Data Computer Use

447.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the proper access, use and application of the Mobile Digital Computer (MDC) system in order to ensure appropriate access to confidential records from local, state and national law enforcement databases, and to ensure effective electronic communications between department members and Dispatch.

447.2 RESTRICTED ACCESS AND USE
MDC use is subject to the Information Technology Use and Protected Information policies.

Members shall not access the MDC system if they have not received prior authorization and the required training. Members shall immediately report unauthorized access or use of the MDC by another member to their supervisors or Watch Commanders.

Use of the MDC system to access law enforcement databases or transmit messages is restricted to official activities, business-related tasks and communications that are directly related to the business, administration or practices of the Department. In the event that a member has questions about sending a particular message or accessing a particular database, the member should seek prior approval from his/her supervisor.

Sending derogatory, defamatory, obscene, disrespectful, sexually suggestive, harassing or any other inappropriate messages on the MDC system is prohibited and may result in discipline.

It is a violation of this policy to transmit a message or access a law enforcement database under another member’s name or to use the password of another member to log in to the MDC system unless directed to do so by a supervisor. Members are required to log off the MDC or secure the MDC when it is unattended. This added security measure will minimize the potential for unauthorized access or misuse.

447.2.1 USE WHILE DRIVING
Use of the MDC by the vehicle operator should be limited to times when the vehicle is stopped. Information that is required for immediate enforcement, investigative, tactical or safety needs should be transmitted over the radio.

Short transmissions, such as a license plate check, are permitted if it reasonably appears that it can be done safely. In no case shall an operator attempt to send or review lengthy messages while the vehicle is in motion.

447.3 POLICY
Laguna Beach Police Department members using the MDC shall comply with all appropriate federal and state rules and regulations and shall use the MDC in a professional manner, in accordance with this policy.
447.4 PRIVACY EXPECTATION
Members forfeit any expectation of privacy with regard to messages accessed, transmitted, received or reviewed on any department technology system (see the Information Technology Use Policy for additional guidance).

447.5 DOCUMENTATION OF ACTIVITY
Except as otherwise directed by the Watch Commander or other department-established protocol, all calls for service assigned by a dispatcher should be communicated by voice over the police radio and electronically via the MDC unless security or confidentiality prevents such broadcasting.

MDC and voice transmissions are used to document the member’s daily activity. To ensure accuracy:

(a) All contacts or activity shall be documented at the time of the contact.
(b) Whenever the activity or contact is initiated by voice, it should be documented by a dispatcher.
(c) Whenever the activity or contact is not initiated by voice, the member shall document it via the MDC.

447.5.1 STATUS CHANGES
All changes in status (e.g., arrival at scene, meal periods, in service) will be transmitted over the police radio or through the MDC system.

Members responding to in-progress calls should advise changes in status over the radio to assist other members responding to the same incident. Other changes in status can be made on the MDC when the vehicle is not in motion.

447.5.2 EMERGENCY ACTIVATION
If there is an emergency activation and the member does not respond to a request for confirmation of the need for emergency assistance or confirms the need, available resources will be sent to assist in locating the member. If the location is known, the nearest available officer should respond in accordance with the Officer Response to Calls Policy.

Members should ensure a field supervisor and the Watch Commander are notified of the incident without delay.

Officers not responding to the emergency shall refrain from transmitting on the police radio until a no-further-assistance broadcast is made or if they are also handling an emergency.

447.6 EQUIPMENT CONSIDERATIONS

447.6.1 MALFUNCTIONING MDC
Whenever possible, members will not use vehicles with malfunctioning MDCs. Whenever members must drive a vehicle in which the MDC is not working, they shall notify Dispatch. It shall be the responsibility of the dispatcher to document all information that will then be transmitted verbally over the police radio.
447.6.2 BOMB CALLS
When investigating reports of possible bombs, members should not communicate on their MDCs when in the evacuation area of a suspected explosive device. Radio frequency emitted by the MDC could cause some devices to detonate.
Portable Audio/Video Recorders

449.1 PURPOSE AND SCOPE
This policy provides guidelines for the use of portable audio/video recording devices by members of this department while in the performance of their duties. Portable audio/video recording devices include all recording systems whether body-worn, hand held or integrated into portable equipment.

This policy does not apply to mobile audio/video recordings, interviews or interrogations conducted at any Laguna Beach Police Department facility, authorized undercover operations, wiretaps or eavesdropping (concealed listening devices).

449.2 POLICY
The Laguna Beach Police Department may provide members with access to portable recorders, either audio or video or both, for use during the performance of their duties. The use of recorders is intended to enhance the mission of the Department by accurately capturing contacts between members of the Department and the public.

449.3 MEMBER PRIVACY EXPECTATION
All recordings made by members on any department-issued device at any time, and any recording made while acting in an official capacity for this department, regardless of ownership of the device it was made on, shall remain the property of the Department. Members shall have no expectation of privacy or ownership interest in the content of these recordings.

449.4 MEMBER RESPONSIBILITIES
Prior to going into service, each uniformed member will be responsible for making sure that he/she is equipped with a portable recorder, issued by the Department, and that the recorder is in good working order. Uniformed members should wear the recorder in a conspicuous manner.

Any member assigned to a non-uniformed position may carry an approved portable recorder at any time the member believes that such a device may be useful.

When using a recorder, the assigned member shall record his/her name, employee number and the current date and time at the beginning and the end of the shift or other period of use, regardless of whether any activity was recorded. This procedure is not required when the recording device and related software captures the user's unique identification and the date and time of each recording.

449.4.1 SUPERVISOR RESPONSIBILITIES
Supervisors should take custody of a portable audio/video recording device as soon as practicable when the device may have captured an incident involving the use of force, an officer-involved shooting or death or other serious incident, and ensure the data is downloaded (Penal Code § 832.18).
**449.5 ACTIVATION OF THE PORTABLE RECORDER**

This policy is not intended to describe every possible situation in which the portable recorder should be used, although there are many situations where its use is appropriate. Members should activate the recorder any time the member believes it would be appropriate or valuable to record an incident.

The portable recorder should be activated in any of the following situations:

(a) All enforcement and investigative contacts including stops and field interview (FI) situations
(b) Traffic stops including, but not limited to, traffic violations, stranded motorist assistance and all crime interdiction stops
(c) Self-initiated activity in which a member would normally notify Dispatch
(d) Any other contact that becomes adversarial after the initial contact in a situation that would not otherwise require recording

Members should remain sensitive to the dignity of all individuals being recorded and exercise sound discretion to respect privacy by discontinuing recording whenever it reasonably appears to the member that such privacy may outweigh any legitimate law enforcement interest in recording. Requests by members of the public to stop recording should be considered using this same criterion. Recording should resume when privacy is no longer at issue unless the circumstances no longer fit the criteria for recording.

At no time is a member expected to jeopardize his/her safety in order to activate a portable recorder or change the recording media. However, the recorder should be activated in situations described above as soon as reasonably practicable.

**449.5.1 SURREPTITIOUS USE OF THE PORTABLE RECORDER**

Members of the Department may surreptitiously record any conversation during the course of a criminal investigation in which the member reasonably believes that such a recording will be lawful and beneficial to the investigation (Penal Code § 633).

Members shall not surreptitiously record another department member without a court order unless lawfully authorized by the Chief of Police or the authorized designee.

**449.6 PROHIBITED USE OF PORTABLE RECORDERS**

Members are prohibited from using department-issued portable recorders and recording media for personal use and are prohibited from making personal copies of recordings created while on-duty or while acting in their official capacity.

Members are also prohibited from retaining recordings of activities or information obtained while on-duty, whether the recording was created with department-issued or personally owned recorders. Members shall not duplicate or distribute such recordings, except for authorized legitimate department business purposes. All such recordings shall be retained at the Department.
Members are prohibited from using personally owned recording devices while on-duty without the express consent of the Watch Commander. Any member who uses a personally owned recorder for department-related activities shall comply with the provisions of this policy, including retention and release requirements.

Recordings shall not be used by any member for the purpose of embarrassment or ridicule. If a recording is used for training purposes, the depicted employees shall be given prior notice. If an employee feels that the training could subject him/her to undue embarrassment, the employee may request reconsideration from the responsible Captain, who shall decide if the training value outweighs the embarrassment to the employee.

Any member who may have questions regarding the application of this policy is encouraged to seek clarification from supervisory personnel.

449.7 RETENTION OF RECORDINGS
Any time a member records any portion of a contact that the member reasonably believes constitutes evidence in a criminal case, the member shall record the related case number and download the file in accordance with the Computers and Digital Evidence Policy and document the existence of the recording in the related case report.

Any time a member reasonably believes a recorded contact may be beneficial in a non-criminal matter (e.g., a hostile contact), the member should promptly notify a supervisor of the existence of the recording.

Members should upload the file, in accordance with current procedure for storing digital files, at the end of their shift and any time the storage capacity is nearing its limit.

449.8 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource (see the Officer-Involved Shootings and Deaths Policy for guidance in those cases). However, members shall not retain personal copies of recordings. Members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct or reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member’s performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Chief of Police or the authorized designee.
Portable Audio/Video Recorders

(d) In compliance with a public records request, if permitted, and in accordance with the Records Maintenance and Release Policy.

All recordings should be reviewed by the Custodian of Records prior to public release (see the Records Maintenance and Release Policy). Recordings that unreasonably violate a person's privacy or sense of dignity should not be publicly released unless disclosure is required by law or order of the court.

449.9 REVIEW OF RECORDED MEDIA FILES
When preparing written reports, members should review their recordings as a resource. However, members should not use the fact that a recording was made as a reason to write a less detailed report.

Supervisors are authorized to review relevant recordings any time they are investigating alleged misconduct, reports of meritorious conduct or whenever such recordings would be beneficial in reviewing the member's performance.

Recorded files may also be reviewed:

(a) Upon approval by a supervisor, by any member of the Department who is participating in an official investigation, such as a personnel complaint, administrative investigation or criminal investigation. An employee (and his representative or attorney, if applicable) will be allowed to view any recording depicting his/her statements or actions prior to drafting a report, giving a statement or giving testimony in any matter.

(b) Pursuant to lawful process or by court personnel who are otherwise authorized to review evidence in a related case.

(c) By media personnel with permission of the Chief of Police or the authorized designee.

(d) In compliance with a public records request, if permitted, and in accordance with the Release of Records and Information Policy.

449.10 TRAINING
Personnel will be provided detailed training before being assigned body worn cameras. Regular refresher training will be provided. Training curriculum shall include use, handling, storage and reporting requirements.

449.11 COORDINATOR
The Chief of Police or the authorized designee shall appoint a member of the Department to coordinate the use and maintenance of portable audio/video recording devices and the storage of recordings, including (Penal Code § 832.18):

(a) Establishing a system for downloading, storing and security of recordings.

(b) Designating persons responsible for downloading recorded data.

(c) Establishing a maintenance system to ensure availability of operable portable audio/video recording devices.
Portable Audio/Video Recorders

(d) Establishing a system for tagging and categorizing data according to the type of incident captured.

(e) Establishing a system to prevent tampering, deleting and copying recordings and ensure chain of custody integrity.

(f) Working with counsel to ensure an appropriate retention schedule is being applied to recordings and associated documentation.

(g) Maintaining logs of access and deletions of recordings.

449.12 RETENTION OF RECORDINGS

Recordings of the following should be retained for a minimum of two years (Penal Code § 832.18):

(a) Incident involving use of force by an officer

(b) Officer-involved shootings

(c) Incidents that lead to the detention or arrest of an individual

(d) Recordings relevant to a formal or informal complaint against an officer or the Laguna Beach Police Department

Recordings containing evidence that may be relevant to a criminal prosecution should be retained for any additional period required by law for other evidence relevant to a criminal prosecution (Penal Code § 832.18).

All other recordings should be retained for a period consistent with the requirements of the organization’s records retention schedule but in no event for a period less than 180 days.

Records or logs of access and deletion of recordings should be retained permanently (Penal Code § 832.18).

449.12.1 RELEASE OF AUDIO/VIDEO RECORDINGS

Requests for the release of audio/video recordings shall be processed in accordance with the Records Maintenance and Release Policy.
Medical Marijuana

451.1 PURPOSE AND SCOPE
The purpose of this policy is to provide members of this department with guidelines for investigating the acquisition, possession, transportation, delivery, production or use of marijuana under California’s medical marijuana laws.

451.1.1 DEFINITIONS
Definitions related to this policy include:

Cardholder - A person issued a current identification card.

Compassionate Use Act (CUA) (Health and Safety Code § 11362.5) - California law intended to provide protection from prosecution to those who are seriously ill and whose health would benefit from the use of marijuana in the treatment of illness for which marijuana provides relief. The CUA does not grant immunity from arrest but rather provides an affirmative defense from prosecution for possession of medical marijuana.

Identification card - A valid document issued by the California Department of Public Health to both persons authorized to engage in the medical use of marijuana and also to designated primary caregivers.

Medical marijuana - Marijuana possessed by a patient or primary caregiver for legitimate medical purposes.

Medical Marijuana Program (MMP) (Health and Safety Code § 11362.7 et seq.) - California laws passed following the CUA to facilitate the prompt identification of patients and their designated primary caregivers in order to avoid unnecessary arrests and provide needed guidance to law enforcement officers. MMP prohibits arrest for possession of medical marijuana in certain circumstances and provides a defense in others.

Patient - A person who is entitled to the protections of the CUA because he/she has received a written or oral recommendation or approval from a physician to use marijuana for medical purposes or any person issued a valid identification card.

Primary caregiver - A person designated by the patient, who has consistently assumed responsibility for the patient’s housing, health or safety, who may assist the patient with the medical use of marijuana under the CUA or the MMP (Health and Safety Code § 11362.5; Health and Safety Code § 11362.7).

Statutory amount - No more than 8 ounces of dried, mature, processed female marijuana flowers ("bud") or the plant conversion (e.g., kief, hash, hash oil), and no more than six mature or 12 immature marijuana plants (roots, stems and stem fibers should not be considered) (Health and Safety Code § 11362.77).
451.2 POLICY
It is the policy of the Laguna Beach Police Department to prioritize resources to forgo making arrests related to marijuana that the arresting officer reasonably believes would not be prosecuted by state or federal authorities.

California’s medical marijuana laws are intended to provide protection to those who are seriously ill and whose health would benefit from the use of medical marijuana.

However, California medical marijuana laws do not affect federal laws and there is no medical exception under federal law for the possession or distribution of marijuana. The Laguna Beach Police Department will exercise discretion to ensure laws are appropriately enforced without unreasonably burdening both those individuals protected under California law and public resources.

451.3 INVESTIGATION
Investigations involving the possession, delivery, production or use of marijuana generally fall into one of several categories:

(a) Investigations when no person makes a medicinal claim.
(b) Investigations when a medicinal claim is made by a cardholder.
(c) Investigations when a medicinal claim is made by a non-cardholder.

451.3.1 INVESTIGATIONS WITH NO MEDICINAL CLAIM
In any investigation involving the possession, delivery, production or use of marijuana or drug paraphernalia where no person claims that the marijuana is used for medicinal purposes, the officer should proceed with a criminal investigation if the amount is greater than permitted for personal use under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1; Health and Safety Code § 11362.2). A medicinal defense may be raised at any time, so officers should document any statements and observations that may be relevant to whether the marijuana was possessed or produced for medicinal purposes.

451.3.2 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A CARDHOLDER
A cardholder or designated primary caregiver in possession of an identification card shall not be arrested for possession, transportation, delivery or cultivation of medical marijuana at or below the statutory amount unless there is probable cause to believe that (Health and Safety Code § 11362.71; Health and Safety Code § 11362.78):

(a) The information contained in the card is false or falsified.
(b) The card has been obtained or used by means of fraud.
(c) The person is otherwise in violation of the provisions of the MMP.
(d) The person possesses marijuana but not for personal medical purposes.
Medical Marijuana

Officers who reasonably believe that a person who does not have an identification card in his/her possession has been issued an identification card may treat the investigation as if the person had the card in his/her possession.

Cardholders may possess, transport, deliver or cultivate medical marijuana in amounts above the statutory amount if their doctor has concluded that the statutory amount does not meet the patient’s medical needs (Health and Safety Code § 11362.71; Health and Safety Code § 11362.77). Investigations involving cardholders with more than the statutory amount of marijuana should be addressed as provided in this policy for a case involving a medicinal claim made by a non-cardholder.

451.3.3 INVESTIGATIONS INVOLVING A MEDICINAL CLAIM MADE BY A NON-CARDHOLDER

No patient or primary caregiver should be arrested for possession or cultivation of an amount of medical marijuana if the officer reasonably believes that marijuana is in a form and amount reasonably related to the qualified patient’s current medical needs (Health and Safety Code § 11362.5). This arrest guidance also applies to sales, transportation or delivery of medical marijuana, or maintaining/renting a drug house or building that may be a nuisance if otherwise in compliance with MMP (Health and Safety Code § 11362.765).

Officers are not obligated to accept a person’s claim of having a physician’s recommendation when the claim cannot be readily verified with the physician but are expected to use their judgment to assess the validity of the person’s medical-use claim.

Officers should review any available written documentation for validity and whether it contains the recommending physician’s name, telephone number, address and medical license number for verification.

Officers should generally accept verified recommendations by a physician that statutory amounts do not meet the patient’s needs (Health and Safety Code § 11362.77).

451.3.4 ADDITIONAL CONSIDERATIONS

Officers should consider the following when investigating an incident involving marijuana possession, delivery, production or use:

(a) Because enforcement of medical marijuana laws can be complex, time consuming and call for resources unavailable at the time of initial investigation, officers may consider submitting a report to the prosecutor for review, in lieu of making an arrest. This can be particularly appropriate when:

1. The suspect has been identified and can be easily located at a later time.
2. The case would benefit from review by a person with expertise in medical marijuana investigations.
3. Sufficient evidence, such as photographs or samples, has been lawfully obtained.
Medical Marijuana

4. Other relevant factors, such as available department resources and time constraints prohibit making an immediate arrest.

(b) Whenever the initial investigation reveals an amount of marijuana greater than the statutory amount, officers should consider the following when determining whether the form and amount is reasonably related to the patient’s needs:

1. The amount of marijuana recommended by a medical professional to be ingested.
2. The quality of the marijuana.
3. The method of ingestion (e.g., smoking, eating, nebulizer).
4. The timing of the possession in relation to a harvest (patient may be storing marijuana).
5. Whether the marijuana is being cultivated indoors or outdoors, the climate, etc.

(c) Before proceeding with enforcement related to collective gardens or dispensaries, officers should consider conferring with a supervisor, an applicable state regulatory agency or other member with special knowledge in this area and/or appropriate legal counsel (Business and Professions Code § 26010; Business and Professions Code § 26060). Licensing, zoning and other related issues can be complex. Patients, primary caregivers and cardholders who collectively or cooperatively cultivate marijuana for medical purposes are provided a defense under the MMP (Health & Safety Code § 11362.775; Business and Professions Code § 26032).

(d) Investigating members should not order a patient to destroy marijuana plants under threat of arrest.

451.3.5 EXCEPTIONS
This policy does not apply to, and officers should consider taking enforcement action for the following:

(a) Persons who engage in illegal conduct that endangers others, such as driving under the influence of marijuana in violation of the Vehicle Code (Health and Safety Code § 11362.5).

(b) Marijuana possession in jails or other correctional facilities that prohibit such possession (Health and Safety Code § 11362.785).

(c) Smoking marijuana (Health and Safety Code § 11362.79):
   1. In any place where smoking is prohibited by law.
   2. In or within 1,000 feet of the grounds of a school, recreation center or youth center, unless the medical use occurs within a residence.
   3. On a school bus.
Medical Marijuana

4. While in a motor vehicle that is being operated.
5. While operating a boat.

(d) Use of marijuana by a person on probation or parole, or on bail and use is prohibited by the terms of release (Health and Safety Code § 11362.795).

451.3.6 INVESTIGATIONS INVOLVING A STATE LICENSEE
No person issued a state license under the Business and Professions Code shall be arrested or cited for cultivation, possession, manufacture, processing, storing, laboratory testing, labeling, transporting, distribution or sale of medical cannabis or a medical cannabis product related to qualifying patients and primary caregivers when conducted lawfully. Whether conduct is lawful may involve questions of license classifications, local ordinances, specific requirements of the Business and Professions Code and adopted regulations. Officers should consider conferring with a supervisor, the applicable state agency or other member with special knowledge in this area and/or appropriate legal counsel before taking enforcement action against a licensee or an employee or agent (Business and Professions Code § 19317; Business and Professions Code § 26032).

451.4 FEDERAL LAW ENFORCEMENT
Officers should provide information regarding a marijuana investigation to federal law enforcement authorities when it is requested by federal law enforcement authorities or whenever the officer believes those authorities would have a particular interest in the information.

451.5 PROPERTY OFFICE SUPERVISOR RESPONSIBILITIES
The Property Office supervisor should ensure that marijuana, drug paraphernalia or other related property seized from a person engaged or assisting in the use of medical marijuana is not destroyed pending any charges and without a court order. The Property Office supervisor is not responsible for caring for live marijuana plants.

Upon the prosecutor’s decision to forgo prosecution, or the dismissal of charges or an acquittal, the Property Office supervisor should, as soon as practicable, return to the person from whom it was seized any useable medical marijuana, plants, drug paraphernalia or other related property.

The Property Office supervisor may release marijuana to federal law enforcement authorities upon presentation of a valid court order or by a written order of the Investigative Bureau supervisor.
Bicycle Patrol Unit

453.1 PURPOSE AND SCOPE
The Laguna Beach Police Department has established the Bicycle Patrol Unit (BPU) for the purpose of enhancing patrol efforts in the community. Bicycle patrol has been shown to be an effective way to increase officer visibility in congested areas and their quiet operation can provide a tactical approach to crimes in progress. The purpose of this policy is to provide guidelines for the safe and effective operation of the patrol bicycle.

453.2 POLICY
Patrol bicycles may be used for regular patrol duty, traffic enforcement, parking control, or special events. The use of the patrol bicycle will emphasize their mobility and visibility to the community. Bicycles may be deployed to any area at all hours of the day or night, according to Department needs and as staffing levels allow.

Requests for specific deployment of bicycle patrol officers shall be coordinated through the Bicycle Patrol Unit supervisor or the Watch Commander.

453.3 SELECTION OF PERSONNEL
Interested sworn personnel, who are off probation, shall submit a request to their appropriate Division Commander. Interested personnel shall be evaluated by the following criteria:

(a) Recognized competence and ability as evidenced by performance.
(b) Special skills or training as it pertains to the assignment.
(c) Good physical condition.
(d) Willingness to perform duties using the bicycle as a mode of transportation.

453.3.1 BICYCLE PATROL UNIT SUPERVISOR
The Bicycle Patrol Unit supervisor will be selected from the rank of sergeant by the Field Services Division Commander or his/her designee. This assignment is an ancillary duty of the sergeant since the bike patrol team is usually a summer detail.

The Bicycle Patrol Unit supervisor shall have responsibility for the following:

(a) Organizing bicycle patrol training.
(b) Inspecting and maintaining inventory of patrol bicycles and program equipment.
(c) Scheduling maintenance and repairs.
(d) Evaluating performance of bicycle officers.
(e) Coordinating activities with the Field Services Division.
(f) Other activities as required to maintain the efficient operation of the Bicycle Patrol Unit.
453.4 TRAINING
Participants in the program must complete an initial Department approved bicycle-training course after acceptance into the program. Thereafter bicycle patrol officers should receive twice yearly in-service training to improve skills and refresh safety, health and operational procedures. The initial training shall minimally include the following:

- Bicycle patrol strategies.
- Bicycle safety and accident prevention.
- Operational tactics using bicycles.

Bicycle patrol officers will be required to qualify with their duty firearm while wearing bicycle safety equipment including the helmet and riding gloves.

453.5 UNIFORMS AND EQUIPMENT
Bicycles officers shall wear the departmentally approved uniform and safety equipment while operating the police bicycle. Safety equipment includes departmentally approved helmet, riding gloves, protective eyewear and approved footwear.

The bicycle uniform consists of the standard short sleeve uniform shirt or black Coolmax® type shirt with department approved badge and patches and black bicycle patrol pants or shorts with uniform appearance.

Optional equipment includes jacket in colder weather; turtleneck shirts or sweaters are permitted when worn under the uniform shirt.

Bicycle patrol officers shall carry the same equipment on the bicycle patrol duty belt as they would on a regular patrol assignment.

Officers will be responsible for obtaining the necessary forms, citation books and other department equipment needed while on bicycle patrol.

453.6 CARE AND USE OF PATROL BICYCLES
Bicycles utilized for uniformed bicycle patrol shall be primarily black or white in color with a "POLICE" decal affixed to each side of the crossbar or the bike’s saddlebag. Every bicycle shall be equipped with front and rear reflectors front lights and a siren/horn satisfying the requirements of Vehicle Code §2800.1(b).

Bicycles utilized for uniformed bicycle patrol shall be equipped with a rear rack and/or saddle bag(s) sufficient to carry all necessary equipment to handle routine patrol calls including report writing, vehicle storage and citations.

Each bicycle shall be equipped with a steady or flashing blue warning light that is visible from the front, sides, or rear of the bicycle. (Vehicle Code § 21201.3)
Bicycle Patrol Unit

Bicycle officers shall conduct an inspection of the bicycle and equipment prior to use to insure proper working order of the equipment. Officers are responsible for the routine care and maintenance of their assigned equipment (e.g., tire pressure, chain lubrication, overall cleaning).

If a needed repair is beyond the ability of the bicycle officer, a repair work order will be completed and forwarded to the program supervisor or fleet maintenance coordinator for repair by an approved technician.

Each bicycle will have scheduled maintenance yearly to be performed by a department approved repair shop/technician.

At the end of a bicycle assignment, the bicycle shall be returned clean and ready for the next tour of duty.

Electric patrol bicycle batteries shall be rotated on the assigned charger at the end of each tour of duty. During prolonged periods of non-use, each officer assigned an electric bicycle shall periodically rotate the batteries on the respective charges to increase battery life.

Officers shall not modify the patrol bicycle, remove, modify or add components except with the expressed approval of the bicycle supervisor, or in the event of an emergency.

Vehicle bicycle racks are available should the officer need to transport the patrol bicycle. Due to possible component damage, transportation of the patrol bicycle in a trunk or on a patrol car push-bumper is discouraged.

Bicycles shall be properly secured when not in the officer's immediate presence.

453.7 OFFICER RESPONSIBILITY

Officers must operate the bicycle in compliance with the vehicle code under normal operation. Officers may operate the bicycle without lighting equipment during hours of darkness when such operation reasonably appears necessary for officer safety and tactical considerations. Officers must use caution and care when operating the bicycle without lighting equipment.

Officers are exempt from the rules of the road under the following conditions (Vehicle Code § 21200(b)(1)):

(a) In response to an emergency call.
(b) While engaged in rescue operations.
(c) In the immediate pursuit of an actual or suspected violator of the law.
Foot Pursuits

457.1 PURPOSE AND SCOPE

Foot pursuits are inherently dangerous and require common sense, sound tactics and heightened officer safety awareness. This policy sets forth guidelines to assist officers in making the decision to initiate or continue the pursuit of suspects on foot by balancing the objective of apprehending the suspect with the risk of potential injury to the officer, the public or the suspect.

457.1.1 POLICY

It is the policy of this department when deciding to initiate or continue a foot pursuit that officers must continuously balance the objective of apprehending the suspect with the risk and potential for injury to department personnel, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances. Absent exigent circumstances, the safety of department personnel and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department personnel.

457.2 DECISION TO PURSUE

The safety of department members and the public should be the primary consideration when determining whether a foot pursuit should be initiated or continued. Officers must be mindful that immediate apprehension of a suspect is rarely more important than the safety of the public and department members.

Officers may be justified in initiating a foot pursuit of any individual the officer reasonably believes is about to engage in, is engaging in or has engaged in criminal activity. The decision to initiate or continue such a foot pursuit, however, must be continuously re-evaluated in light of the circumstances presented at the time.

Mere flight by a person who is not suspected of criminal activity shall not serve as justification for engaging in an extended foot pursuit without the development of reasonable suspicion regarding the individual’s involvement in criminal activity or being wanted by law enforcement.

Deciding to initiate or continue a foot pursuit is a decision that an officer must make quickly and under unpredictable and dynamic circumstances. It is recognized that foot pursuits may place department members and the public at significant risk. Therefore, no officer or supervisor shall be criticized or disciplined for deciding not to engage in a foot pursuit because of the perceived risk involved.

If circumstances permit, surveillance and containment are generally the safest tactics for apprehending fleeing persons. In deciding whether to initiate or continue a foot pursuit, an officer should continuously consider reasonable alternatives to a foot pursuit based upon the circumstances and resources available, such as:
Foot Pursuits

(a) Containment of the area.
(b) Saturation of the area with law enforcement personnel, including assistance from other agencies.
(c) A canine search.
(d) Thermal imaging or other sensing technology.
(e) Air support.
(f) Apprehension at another time when the identity of the suspect is known or there is information available that would likely allow for later apprehension, and the need to immediately apprehend the suspect does not reasonably appear to outweigh the risk of continuing the foot pursuit.

457.3 GENERAL GUIDELINES
When reasonably practicable, officers should consider alternatives to engaging in or continuing a foot pursuit when:

(a) Directed by a supervisor to terminate the foot pursuit; such an order shall be considered mandatory
(b) The officer is acting alone.
(c) Two or more officers become separated, lose visual contact with one another, or obstacles separate them to the degree that they cannot immediately assist each other should a confrontation take place. In such circumstances, it is generally recommended that a single officer keep the suspect in sight from a safe distance and coordinate the containment effort.
(d) The officer is unsure of his/her location and direction of travel.
(e) The officer is pursuing multiple suspects and it is not reasonable to believe that the officer would be able to control the suspect should a confrontation occur.
(f) The physical condition of the officer renders him/her incapable of controlling the suspect if apprehended.
(g) The officer loses radio contact with the dispatcher or with assisting or backup officers.
(h) The suspect enters a building, structure, confined space, isolated area or dense or difficult terrain, and there are insufficient officers to provide backup and containment. The primary officer should consider discontinuing the foot pursuit and coordinating containment pending the arrival of sufficient resources.
(i) The officer becomes aware of unanticipated or unforeseen circumstances that unreasonably increase the risk to officers or the public.
(j) The officer reasonably believes that the danger to the pursuing officers or public outweighs the objective of immediate apprehension.
Foot Pursuits

(k) The officer loses possession of his/her firearm or other essential equipment.

(l) The officer or a third party is injured during the pursuit, requiring immediate assistance, and there are no other emergency personnel available to render assistance.

(m) The suspect’s location is no longer definitely known.

(n) The identity of the suspect is established or other information exists that will allow for the suspect’s apprehension at a later time, and it reasonably appears that there is no immediate threat to department members or the public if the suspect is not immediately apprehended.

(o) The officer’s ability to safely continue the pursuit is impaired by inclement weather, darkness or other environmental conditions.

457.4 RESPONSIBILITIES IN FOOT PURSUIT

457.4.1 INITIATING OFFICER RESPONSIBILITIES
Unless relieved by another officer or a supervisor, the initiating officer shall be responsible for coordinating the progress of the pursuit. When acting alone and when practicable, the initiating officer should not attempt to overtake and confront the suspect but should attempt to keep the suspect in sight until sufficient officers are present to safely apprehend the suspect.

Early communication of available information from the involved officers is essential so that adequate resources can be coordinated and deployed to bring a foot pursuit to a safe conclusion. Officers initiating a foot pursuit should, at a minimum, broadcast the following information as soon as it becomes practicable and available:

(a) Location and direction of travel
(b) Call sign identifier
(c) Reason for the foot pursuit, such as the crime classification
(d) Number of suspects and description, to include name if known
(e) Whether the suspect is known or believed to be armed with a dangerous weapon

Officers should be mindful that radio transmissions made while running may be difficult to understand and may need to be repeated.

Absent extenuating circumstances, any officer unable to promptly and effectively broadcast this information should terminate the foot pursuit. If the foot pursuit is discontinued for any reason, immediate efforts for containment should be established and alternatives considered based upon the circumstances and available resources.

When a foot pursuit terminates, the officer will notify the dispatcher of his/her location and the status of the pursuit termination (e.g., suspect in custody, lost sight of suspect), and will direct further actions as reasonably appear necessary, to include requesting medical aid as needed for officers, suspects or members of the public.
457.4.2 ASSISTING OFFICER RESPONSIBILITIES
Whenever any officer announces that he/she is engaged in a foot pursuit, all other officers should minimize non-essential radio traffic to permit the involved officers maximum access to the radio frequency.

Any officer who is in a position to intercept a fleeing suspect or who can assist the primary officer with the apprehension of the suspect, shall act reasonably and in accordance with department policy, based upon available information and his/her own observations.

457.4.3 SUPERVISOR RESPONSIBILITIES
Upon becoming aware of a foot pursuit, the supervisor shall make every reasonable effort to ascertain sufficient information to direct responding resources and to take command, control and coordination of the foot pursuit. The supervisor should respond to the area whenever possible; the supervisor does not, however, need not be physically present to exercise control over the foot pursuit. The supervisor shall continuously assess the situation in order to ensure the foot pursuit is conducted within established department guidelines.

The supervisor shall terminate the foot pursuit when the danger to pursuing officers or the public appears to unreasonably outweigh the objective of immediate apprehension of the suspect.

Upon apprehension of the suspect, the supervisor shall promptly proceed to the termination point to direct the post-foot pursuit activity.

457.4.4 DISPATCH RESPONSIBILITIES
Upon notification or becoming aware that a foot pursuit is in progress, the dispatcher is responsible for:

(a) Clearing the radio channel of non-emergency traffic.
(b) Coordinating pursuit communications of the involved officers.
(c) Broadcasting pursuit updates as well as other pertinent information as necessary.
(d) Ensuring that a field supervisor is notified of the foot pursuit.
(e) Notifying and coordinating with other involved or affected agencies as practicable.
(f) Notifying the Watch Commander as soon as practicable.
(g) Assigning an incident number and logging all pursuit activities.

457.5 REPORTING REQUIREMENTS
The initiating officer shall complete appropriate crime/arrest reports documenting, at minimum:

(a) Date and time of the foot pursuit.
(b) Initial reason and circumstances surrounding the foot pursuit.
(c) Course and approximate distance of the foot pursuit.
(d) Alleged offenses.
Foot Pursuits

(e) Involved vehicles and officers.
(f) Whether a suspect was apprehended as well as the means and methods used.
   1. Any use of force shall be reported and documented in compliance with the Use of Force Policy.
(g) Arrestee information, if applicable.
(h) Any injuries and/or medical treatment.
(i) Any property or equipment damage.
(j) Name of the supervisor at the scene or who handled the incident.

Assisting officers taking an active role in the apprehension of the suspect shall complete supplemental reports as necessary or as directed.

The supervisor reviewing the report will make a preliminary determination that the pursuit appears to be in compliance with this policy or that additional review and/or follow-up is warranted.

In any case in which a suspect is not apprehended and there is insufficient information to support further investigation, a supervisor may authorize that the initiating officer need not complete a formal report.

457.6 POLICY

It is the policy of this department that officers, when deciding to initiate or continue a foot pursuit, continuously balance the objective of apprehending the suspect with the risk and potential for injury to department members, the public or the suspect.

Officers are expected to act reasonably, based on the totality of the circumstances.
Vacation House Check Procedure

458.1 PURPOSE AND SCOPE
The purpose of this order is to establish a uniform procedure for accepting vacation house check requests and assigning responsibility for security checks.    3. If the house to be checked is under construction, or other persons will be using the home during the day, the home is not eligible.
(f) The completed form will then be placed in the vacation house check book.
(g) Responsibility for vacation house checks will be assigned as follows:
   1. Overall responsibility for vacation house checks shall be assigned to the Citizens on Patrol unit.
   2. Vacation house checks shall be attempted at least once a day by the volunteer unit.
   3. Police explorers may make vacation house checks, however, the COP unit has the primary responsibility.
   4. Notations shall be made on the rear of the vacation house check form by the assigned member.
5. Upon notification that the resident has returned home and all is secure, the vacation house check form can then be discarded.
Medical Aid Response Procedures

460.1 PURPOSE AND SCOPE
The purpose of this order is to set forth policy, guidelines and regulations pertaining to medical aid calls. This order deals with procedures to be followed and responsibilities of the Police, Fire, and the Marine Safety departments, paramedics and public safety dispatchers. 1. Dispatch appropriate departments.
2. Advise their responding units of their response code.
3. Notify the ambulance company to respond.

460.3 PRIORITY OF RESPONDING DEPARTMENTS

(a) Medical aid calls
   1. Personnel will be dispatched simultaneously.

(b) The spoken order is Police, Fire, Marine Safety.
   1. Example: "45131, with Laguna Engine 1 and Laguna Engine 2, Station 55 respond to a medical aid with a neck injury at Cleo Street Beach."

(c) If at any time, on an emergency, the dispatcher knows that a different unit is closer to the emergency than the unit that has been recommended, they will dispatch the closest unit and then proceed with the response list.

460.4 GENERAL PROCEDURES INFORMATION

(a) After initial response to the scene, any unit not needed will be released.

(b) All units will observe the code response given to them by communications.

(c) All drivers of emergency vehicles must keep in mind that other units will be responding. Do not block the area immediately in front of the scene. This will allow the paramedics and ambulance to move as close to the scene as possible.

(d) All personnel must observe that when the paramedics make contact with the base hospital, a doctor-patient relationship is established and the doctor has full control of that patient.

(e) When confronted with a doctor on the scene who wants to take charge of the patient, advise the doctor Orange County EMS Physician At Scene protocol shall be followed, and he/she assumes all responsibility and liability.

(f) Identification of emergency personnel should be displayed whenever possible.

460.5 CARING FOR INJURED OR ILL PERSONS
Members shall always be alert to assist lost, helpless, injured or ill persons. Every member is strictly charged with maintaining a proficiency in first aid techniques authorized by the American Red Cross and taught by certified personnel. Failure or inability to render first aid competently is considered as serious neglect of duty.
Automated Electronic Defibrillator (AED)

462.1 PURPOSE AND SCOPE
The purpose of this policy is to set forth guidelines and regulations to properly and effectively use automatic electronic defibrillator's (AEDs) during life-threatening medical emergencies involving cardiac arrests.

Utilizing AEDs will give officers of the Laguna Beach Police Department a significantly increased opportunity to successfully revive victims of cardiac arrest. They are simple to use, and can be extremely effective when used in conjunction with CPR and advanced life support.

This enhanced ability to save lives is the epitome of the mission of the Laguna Beach Police Department. It shall be the policy of the Laguna Beach Police Department to operate AEDs only when in compliance with this order.

462.2 GENERAL RESPONSIBILITIES

(a) The knowledge of first aid and CPR is mandatory for officers.

1. These requirements are found in California Code of regulations Title 22, Division 9, Chapter 1.5: First Aid Standards for Public Safety Personnel, in Health and Safety Code Section 1797.183, and Peace Officer’s Standards and Training (POST) requirements.

(b) When a patient suffers a cardiac arrest, performing cardiopulmonary resuscitation (CPR) is indicated.

1. While CPR can be an effective life saving technique, it has limitations dependent on the circumstances of the specific incident, particularly the amount of time that passes before advanced life support can be implemented.

2. When cardiac arrest occurs, the heart often begins a rhythm called ventricular fibrillation (VF). When VF is present, the heart essentially quivers and does not pump blood. CPR can pump a small amount of blood to the heart and brain during VF, but cannot restore a normal rhythm.

(c) The Laguna Beach Police Department trains its employees in CPR utilizing American Heart Association (AHA) standards.

1. These standards include training in the use of AEDs.

2. Studies have shown that the use of an AED can significantly increase the chances of successfully reviving a person experiencing cardiac arrest.

(d) AEDs are computerized devices that are reliable and simple to use, allowing healthcare providers to attempt defibrillation safely.
1. The defibrillation performed by the AED can restore the heart to a normal rhythm however the success of the defibrillation, like CPR, is also dependent on the circumstances of the incident.

(e) The use of AEDs by public safety entities is also regulated by the listed codes, and requires approval by the Orange County Emergency Medical Services Agency (OCEMSA).

(f) Members of the Laguna Beach Police department will operate AEDs only with the approval of the OCEMSA, following AHA guidelines and after the employee has been properly trained in its use during department CPR training.

462.3 PROCEDURES

(a) Procedures

1. Location of AEDs - Laguna Beach Police Department AEDs are located in the following locations:
   (a) Patrol Vehicles
   (b) Records Unit
   (c) Booking Area
   (d) IT Office
   (e) Armory (a spare to be used as needed)

2. Adult Patients (Puberty and older)
   (a) Conduct a proper patient assessment in accordance following AHA CPR guidelines.
   (b) If CPR is indicated, begin without delay. Ensure that Emergency Services are en route especially if it is a self-initiated incident. Request another officer to assist with CPR and the application of the AED device. AEDs shall only be used when the patient is non-responsive, is not breathing, and has no pulse.

3. When an AED is available, without stopping CPR for any longer than necessary, open the AED case, push the green "power" button, and apply the pads to the patient as directed by the diagram on the AED.
   (a) One pad will be applied to the upper right side of the bare chest, right of the breastbone and below the collarbone.
   (b) The second will be applied left of the left nipple, a few inches below the left arm pit. Prior to physically attaching the pads, the following considerations must be made:
Automated Electronic Defibrillator (AED)

1. Do not use in flammable or explosive atmosphere (an oxygen mask is not a hazardous atmosphere).

2. If the patient is lying in standing water, move them to a dry location.

3. If the patient is in contact with any metal, move them to a non-conductive surface.

4. Remove the shirt and any under garments that could impede applying the pads, especially if there are any metal parts such as an under-wire.

5. If the patient's body is wet, dry it off as best as possible-particularly the chest area.

6. Remove jewelry around the neck and any piercings on the chest area if possible.

7. Check for, and remove, any medication patches on the patient.

8. Check for the presence of pacemakers. You will normally be able to feel and/or see a hard lump on the upper chest, about the size of a deck of cards with a small scar over it. Position the AED pads at least one inch away from pacemakers.

9. If body hair impedes the application of the pads, shave the areas where the pads will be applied with the disposable razor inside the AED case.

(c) Once the AED pads are in place, follow the audio directions of the AED. These will include:

1. Stopping CPR to allow the AED to assess the patient's heart rhythm or lack of rhythm. It is important to not move the patient during this phase, as it could disrupt the AED’s reading.

2. The AED will advise if a shock is needed. If so, tell all present in a loud and clear voice to clear/move away from the patient. \textbf{Make sure no one is touching the patient during the shock.}

3. The AED will direct you to push the orange "shock" button and will shock the patient.

4. If a shock is not indicated, the AED will instruct you to continue CPR. Do so without delay.

5. The AED will conduct a second assessment in about two minutes. Follow the instructions as described above, and again \textbf{Make sure no one is touching the patient during the shock.}
6. Continue CPR until relieved by Fire Department personnel. Advise paramedics of your AED use. The Laguna Beach Fire Department and Marine Safety Department use AEDs that are compatible with the AEDs used by the Laguna Beach Police Department.

4. Child Patients (One year old to puberty)
   (a) Follow the same procedures as for an adult with these differences:
       (a) If child pads are available, use them.
       (b) If child pads are not available, use adult pads but ensure they do not touch each other. The recommended way to apply the pads to a small child is to place one on the chest and one on the back.
       (c) If the AED unit has a child "key," install it into the AED. This key lowers the power of the AED to accommodate a child's smaller body size.

5. Infant Patients (Newborn to one year old)
   (a) There is currently not enough evidence for or against the use of AEDs for infants. Do not use AEDs on infants at this time.

462.4 AED MAINTENANCE AND REPORTING
   (a) The AEDs will be maintained in accordance with Title 22 and Health and Safety Code regulations.
       1. This includes monthly inspections by the department CPR Instructor, in addition to a thorough inspection after each use.
   (b) The annual usage rate of AEDs will be monitored by the department CPR instructor, and the statistics reported to the OCEMSA each December, as mandated with their approval for the Laguna Beach Police Department to be a Public Safety AED provider.
   (c) After each use of the AED, outside of a training environment, the employee shall complete a usage report.
       1. The report consists of an OCEMSA "AED Use Event Summary Form" (see Page 5).
       2. After completion, it shall be forwarded to the department CPR Instructor.
Homeless Persons

463.1 PURPOSE AND SCOPE
The purpose of this policy is to ensure that personnel understand the needs and rights of the homeless and to establish procedures to guide officers during all contacts with the homeless, whether consensual or for enforcement purposes. The Laguna Beach Police Department recognizes that members of the homeless community are often in need of special protection and services. The Laguna Beach Police Department will address these needs in balance with the overall mission of this department. Therefore, officers will consider the following when serving the homeless community.

463.1.1 POLICY
It is the policy of the Laguna Beach Police Department to provide law enforcement services to all members of the community, while protecting the rights, dignity and private property of the homeless. Homelessness is not a crime and members of this department will not use homelessness solely as a basis for detention or law enforcement action.

463.2 HOMELESS COMMUNITY LIAISON
The Chief of Police will designate a member of this department to act as the Homeless Community Officer aka Community Outreach Officer. The responsibilities of the Community Outreach Officer include the following:

(a) Maintain and make available to all department employees a list of assistance programs and other resources that are available to the homeless.

(b) Meet with social services and representatives of other organizations that render assistance to the homeless.

(c) Maintain a list of the areas within and near this jurisdiction that are used as frequent homeless encampments.

(d) Remain abreast of laws dealing with the removal and/or destruction of the personal property of the homeless. This will include:
   1. Proper posting of notices of trespass and clean-up operations.
   2. Proper retention of property after clean-up, to include procedures for owners to reclaim their property in accordance with the Property and Evidence Policy and other established procedures.

(e) Be present during any clean-up operation conducted by this department involving the removal of personal property of the homeless to ensure that the rights of the homeless are not violated.

(f) Develop training to assist officers in understanding current legal and social issues relating to the homeless.
463.3 FIELD CONTACTS
Officers are encouraged to contact the homeless for purposes of rendering aid, support and for community-oriented policing purposes. Nothing in this policy is meant to dissuade an officer from taking reasonable enforcement action when facts support a reasonable suspicion of criminal activity. However, when encountering a homeless person who has committed a non-violent misdemeanor and continued freedom is not likely to result in a continuation of the offense or a breach of the peace, officers are encouraged to consider long-term solutions to problems that may relate to the homeless, such as shelter referrals and counseling in lieu of physical arrest.

Officers should provide homeless persons with resource and assistance information whenever it is reasonably apparent that such services may be appropriate.

463.3.1 OTHER CONSIDERATIONS
Homeless members of the community will receive the same level and quality of service provided to other members of the community. The fact that a victim or witness is homeless can, however, require special considerations for a successful investigation and prosecution. Officers should consider the following when handling investigations involving homeless victims, witnesses or suspects:

(a) Document alternate contact information. This may include obtaining addresses and phone numbers of relatives and friends.

(b) Document places the homeless person may frequent.

(c) Provide homeless victims with victim/witness resources when appropriate.

(d) Obtain statements from all available witnesses in the event that a homeless victim is unavailable for a court appearance.

(e) Consider whether the person may be a dependent adult or elder, and if so, proceed in accordance with the Adult Abuse Policy.

(f) Arrange for transportation for investigation-related matters, such as medical exams and court appearances.

(g) Consider whether a crime should be reported and submitted for prosecution, even when a homeless victim indicates that he/she does not desire prosecution.

463.4 PERSONAL PROPERTY
The personal property of homeless persons must not be treated differently than the property of other members of the public. Officers should use reasonable care when handling, collecting and retaining the personal property of homeless persons and should not destroy or discard the personal property of a homeless person.

When a homeless person is arrested or otherwise removed from a public place, officers should make reasonable accommodations to permit the person to lawfully secure his/her personal property. Otherwise, the personal property should be collected for safekeeping. If the arrestee has more personal property than can reasonably be collected and transported by the officer, a
supervisor should be consulted. The property should be photographed and measures should be taken to remove or secure the property. It will be the supervisor’s responsibility to coordinate the removal and safekeeping of the property.

Officers should not conduct or assist in clean-up operations of belongings that reasonably appear to be the property of homeless persons without the prior authorization of a supervisor or the department Homeless Liaison Officer. When practicable, requests by the public for clean-up of a homeless encampment should be referred to the Homeless Liaison Officer.

Officers who encounter unattended encampments, bedding or other personal property in public areas that reasonably appears to belong to a homeless person should not remove or destroy such property and should inform the department Homeless Liaison Officer if such property appears to involve a trespass, blight to the community or is the subject of a complaint. It will be the responsibility of the Homeless Liaison Officer to address the matter in a timely fashion.

### 463.5 MENTAL ILLNESS AND MENTAL IMPAIRMENT

Some homeless persons may suffer from a mental illness or a mental impairment. Officers shall not detain a homeless person under a mental illness commitment unless facts and circumstances warrant such a detention (see the Crisis Intervention Incidents Policy).

When a mental illness hold is not warranted, the contacting officer should provide the homeless person with contact information for mental health assistance as appropriate. In these circumstances, officers may provide transportation to a mental health specialist if requested by the person and approved by a supervisor.

### 463.6 ECOLOGICAL ISSUES

Sometimes homeless encampments can impact the ecology and natural resources of the community and may involve criminal offenses beyond mere littering. Officers are encouraged to notify other appropriate agencies or departments when a significant impact to the environment has or is likely to occur. Significant impacts to the environment may warrant a crime report, investigation, supporting photographs and supervisor notification.
Automated License Plate Readers (ALPRs)

464.1 PURPOSE AND SCOPE
Automated License Plate Reader (ALPR) technology, also known as License Plate Recognition, provides automated detection of license plates. ALPRs are used by the Laguna Beach Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. ALPRs may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

464.2 ADMINISTRATION OF ALPR DATA
All installation and maintenance of ALPR equipment, as well as ALPR data retention and access shall be managed by the Administrative Services Division Commander. This Division Commander will assign personnel under his/her command to administer the day-to-day operation of the ALPR data and equipment.

464.3 ALPR OPERATION
Use of an ALPR is restricted to the purposes outlined below. Departmental personnel shall not use, or allow others to use the equipment or database records for any unauthorized purpose.

(a) An ALPR shall only be used for official and legitimate law enforcement business.

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around crime scenes, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing basic training from another employee who is familiar with the operations of the system.

(e) No ALPR operator may access California Law Enforcement Telecommunications System (CLETS) data unless otherwise authorized to do so.

(f) If practicable, the officer should verify an ALPR response through CLETS before taking enforcement action that is based solely on an ALPR alert.

464.4 ALPR DATA COLLECTION AND RETENTION
All data and images gathered by an ALPR are for the official use of the Laguna Beach Police Department and because such data may contain confidential CLETS information, it is not open to public review. ALPR information gathered and retained by this department may be used and shared with prosecutors or others only as permitted by law.
Automated License Plate Readers (ALPRs)

The Administrative Services Supervisor is responsible to ensure the proper collection and retention of ALPR data. This is done by transferring ALPR data stored in department vehicles to the department server on a regular basis, not to exceed 30 days between transfers.

Any ALPR data downloaded to the server should be stored for a minimum of two years per California Government Code 34090.6. It can thereafter be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

464.5 ACCOUNTABILITY AND SAFEGUARDS
All saved data will be closely safeguarded and protected by both procedural and technological means. The Laguna Beach Police Department will observe the following safeguards regarding access to and use of stored data:

(a) All non-law enforcement requests for access to stored ALPR data shall be referred to the Administrative Services Supervisor and processed in accordance with applicable laws.

(b) All ALPR data downloaded to the mobile workstation and server shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time.

(c) Persons approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relates to a specific criminal investigation or department-related civil or administrative action.

(d) Such ALPR data may be released to other authorized and verified law enforcement officials and agencies at any time for legitimate law enforcement purposes.

(e) ALPR system audits should be conducted on a regular basis.
Public Recording of Law Enforcement Activity

465.1 PURPOSE AND SCOPE
This policy provides guidelines for handling situations in which members of the public photograph or audio/video record law enforcement actions and other public activities that involve members of this department. In addition, this policy provides guidelines for situations where the recordings may be evidence.

465.2 POLICY
The Laguna Beach Police Department recognizes the right of persons to lawfully record members of this department who are performing their official duties. Members of this department will not prohibit or intentionally interfere with such lawful recordings. Any recordings that are deemed to be evidence of a crime or relevant to an investigation will only be collected or seized lawfully.

Officers should exercise restraint and should not resort to highly discretionary arrests for offenses such as interference, failure to comply or disorderly conduct as a means of preventing someone from exercising the right to record members performing their official duties.

465.3 RECORDING LAW ENFORCEMENT ACTIVITY
Members of the public who wish to record law enforcement activities are limited only in certain aspects.

(a) Recordings may be made from any public place or any private property where the individual has the legal right to be present (Penal Code § 69; Penal Code § 148).

(b) Beyond the act of photographing or recording, individuals may not interfere with the law enforcement activity. Examples of interference include, but are not limited to:
   1. Tampering with a witness or suspect.
   2. Inciting others to violate the law.
   3. Being so close to the activity as to present a clear safety hazard to the officers.
   4. Being so close to the activity as to interfere with an officer’s effective communication with a suspect or witness.

(c) The individual may not present an undue safety risk to the officers, him/herself or others.

465.4 OFFICER RESPONSE
Officers should promptly request that a supervisor respond to the scene whenever it appears that anyone recording activities may be interfering with an investigation or it is believed that the recording may be evidence. If practicable, officers should wait for the supervisor to arrive before taking enforcement action or seizing any cameras or recording media.

Whenever practicable, officers or supervisors should give clear and concise warnings to individuals who are conducting themselves in a manner that would cause their recording or
behavior to be unlawful. Accompanying the warnings should be clear directions on what an individual can do to be compliant; directions should be specific enough to allow compliance. For example, rather than directing an individual to clear the area, an officer could advise the person that he/she may continue observing and recording from the sidewalk across the street.

If an arrest or other significant enforcement activity is taken as the result of a recording that interferes with law enforcement activity, officers shall document in a report the nature and extent of the interference or other unlawful behavior and the warnings that were issued.

465.5 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene when requested or any time the circumstances indicate a likelihood of interference or other unlawful behavior.

The supervisor should review the situation with the officer and:

(a) Request any additional assistance as needed to ensure a safe environment.
(b) Take a lead role in communicating with individuals who are observing or recording regarding any appropriate limitations on their location or behavior. When practical, the encounter should be recorded.
(c) When practicable, allow adequate time for individuals to respond to requests for a change of location or behavior.
(d) Ensure that any enforcement, seizure or other actions are consistent with this policy and constitutional and state law.
(e) Explain alternatives for individuals who wish to express concern about the conduct of Department members, such as how and where to file a complaint.

465.6 SEIZING RECORDINGS AS EVIDENCE
Officers should not seize recording devices or media unless (42 USC § 2000aa):

(a) There is probable cause to believe the person recording has committed or is committing a crime to which the recording relates, and the recording is reasonably necessary for prosecution of the person.
   1. Absent exigency or consent, a warrant should be sought before seizing or viewing such recordings. Reasonable steps may be taken to prevent erasure of the recording.
(b) There is reason to believe that the immediate seizure of such recordings is necessary to prevent serious bodily injury or death of any person.
(c) The person consents.
   1. To ensure that the consent is voluntary, the request should not be made in a threatening or coercive manner.
   2. If the original recording is provided, a copy of the recording should be provided to the recording party, if practicable. The recording party should be permitted to be present while the copy is being made, if feasible. Another way to obtain the
Public Recording of Law Enforcement Activity

evidence is to transmit a copy of the recording from a device to a department-owned device.

Recording devices and media that are seized will be submitted within the guidelines of the Property and Evidence Policy.
Crisis Intervention Incidents

466.1 PURPOSE AND SCOPE
This policy provides guidelines for interacting with those who may be experiencing a mental health or emotional crisis. Interaction with such individuals has the potential for miscommunication and violence. It often requires an officer to make difficult judgments about a person’s mental state and intent in order to effectively and legally interact with the individual.

466.1.1 DEFINITIONS
Definitions related to this policy include:

Person in crisis - A person whose level of distress or mental health symptoms have exceeded the person’s internal ability to manage his/her behavior or emotions. A crisis can be precipitated by any number of things, including an increase in the symptoms of mental illness despite treatment compliance; non-compliance with treatment, including a failure to take prescribed medications appropriately; or any other circumstance or event that causes the person to engage in erratic, disruptive or dangerous behavior that may be accompanied by impaired judgment.

466.2 POLICY
The Laguna Beach Police Department is committed to providing a consistently high level of service to all members of the community and recognizes that persons in crisis may benefit from intervention. The Department will collaborate, where feasible, with mental health professionals to develop an overall intervention strategy to guide its members’ interactions with those experiencing a mental health crisis. This is to ensure equitable and safe treatment of all involved.

466.3 SIGNS
Members should be alert to any of the following possible signs of mental health issues or crises:

(a) A known history of mental illness
(b) Threats of or attempted suicide
(c) Loss of memory
(d) Incoherence, disorientation or slow response
(e) Delusions, hallucinations, perceptions unrelated to reality or grandiose ideas
(f) Depression, pronounced feelings of hopelessness or uselessness, extreme sadness or guilt
(g) Social withdrawal
(h) Manic or impulsive behavior, extreme agitation, lack of control
(i) Lack of fear
(j) Anxiety, aggression, rigidity, inflexibility or paranoia
Members should be aware that this list is not exhaustive. The presence or absence of any of these should not be treated as proof of the presence or absence of a mental health issue or crisis.

466.4 COORDINATION WITH MENTAL HEALTH PROFESSIONALS
The Chief of Police should designate an appropriate Division Commander to collaborate with mental health professionals to develop an education and response protocol. It should include a list of community resources, to guide department interaction with those who may be suffering from mental illness or who appear to be in a mental health crisis.

466.5 FIRST RESPONDERS
Safety is a priority for first responders. It is important to recognize that individuals under the influence of alcohol, drugs or both may exhibit symptoms that are similar to those of a person in a mental health crisis. These individuals may still present a serious threat to officers; such a threat should be addressed with reasonable tactics. Nothing in this policy shall be construed to limit an officer’s authority to use reasonable force when interacting with a person in crisis.

Officers are reminded that mental health issues, mental health crises and unusual behavior alone are not criminal offenses. Individuals may benefit from treatment as opposed to incarceration.

An officer responding to a call involving a person in crisis should:

(a) Promptly assess the situation independent of reported information and make a preliminary determination regarding whether a mental health crisis may be a factor.

(b) Request available backup officers and specialized resources as deemed necessary and, if it is reasonably believed that the person is in a crisis situation, use conflict resolution and de-escalation techniques to stabilize the incident as appropriate.

(c) If feasible, and without compromising safety, turn off flashing lights, bright lights or sirens.

(d) Attempt to determine if weapons are present or available.

1. Prior to making contact, and whenever possible and reasonable, conduct a search of the Department of Justice Automated Firearms System via the California Law Enforcement Telecommunications System (CLETS) to determine whether the person is the registered owner of a firearm (Penal Code § 11106.4).

(e) Take into account the person’s mental and emotional state and potential inability to understand commands or to appreciate the consequences of his/her action or inaction, as perceived by the officer.

(f) Secure the scene and clear the immediate area as necessary.

(g) Employ tactics to preserve the safety of all participants.

(h) Determine the nature of any crime.

(i) Request a supervisor, as warranted.

(j) Evaluate any available information that might assist in determining cause or motivation for the person’s actions or stated intentions.
(k) If circumstances reasonably permit, consider and employ alternatives to force.

466.6 DE-ESCALATION
Officers should consider that taking no action or passively monitoring the situation may be the most reasonable response to a mental health crisis.

Once it is determined that a situation is a mental health crisis and immediate safety concerns have been addressed, responding members should be aware of the following considerations and should generally:

• Evaluate safety conditions.
• Introduce themselves and attempt to obtain the person’s name.
• Be patient, polite, calm, courteous and avoid overreacting.
• Speak and move slowly and in a non-threatening manner.
• Moderate the level of direct eye contact.
• Remove distractions or disruptive people from the area.
• Demonstrate active listening skills (e.g., summarize the person’s verbal communication).
• Provide for sufficient avenues of retreat or escape should the situation become volatile.

Responding officers generally should not:

• Use stances or tactics that can be interpreted as aggressive.
• Allow others to interrupt or engage the person.
• Corner a person who is not believed to be armed, violent or suicidal.
• Argue, speak with a raised voice or use threats to obtain compliance.

466.7 INCIDENT ORIENTATION
When responding to an incident that may involve mental illness or a mental health crisis, the officer should request that the dispatcher provide critical information as it becomes available. This includes:

(a) Whether the person relies on drugs or medication, or may have failed to take his/her medication.
(b) Whether there have been prior incidents, suicide threats/attempt, and whether there has been previous police response.
(c) Contact information for a treating physician or mental health professional.

Additional resources and a supervisor should be requested as warranted.
466.8 SUPERVISOR RESPONSIBILITIES
A supervisor should respond to the scene of any interaction with a person in crisis. Responding supervisors should:

(a) Attempt to secure appropriate and sufficient resources.

(b) Closely monitor any use of force, including the use of restraints, and ensure that those subjected to the use of force are provided with timely access to medical care (see the Handcuffing and Restraints Policy).

(c) Consider strategic disengagement. Absent an imminent threat to the public and, as circumstances dictate, this may include removing or reducing law enforcement resources or engaging in passive monitoring.

(d) Ensure that all reports are completed and that incident documentation uses appropriate terminology and language.

(e) Conduct an after-action tactical and operational debriefing, and prepare an after-action evaluation of the incident to be forwarded to the Division Commander.

Evaluate whether a critical incident stress management debriefing for involved members is warranted.

466.9 INCIDENT REPORTING
Members engaging in any oral or written communication associated with a mental health crisis should be mindful of the sensitive nature of such communications and should exercise appropriate discretion when referring to or describing persons and circumstances.

Members having contact with a person in crisis should keep related information confidential, except to the extent that revealing information is necessary to conform to department reporting procedures or other official mental health or medical proceedings.

466.9.1 DIVERSION
Individuals who are not being arrested should be processed in accordance with the Mental Illness Commitments Policy.

466.10 NON-SWORN INTERACTION WITH PEOPLE IN CRISIS
Non-sworn members may be required to interact with persons in crisis in an administrative capacity, such as dispatching, records request, and animal control issues.

(a) Members should treat all individuals equally and with dignity and respect.

(b) If a member believes that he/she is interacting with a person in crisis, he/she should proceed patiently and in a calm manner.

(c) Members should be aware and understand that the person may make unusual or bizarre claims or requests.

If a person's behavior makes the member feel unsafe, if the person is or becomes disruptive or violent, or if the person acts in such a manner as to cause the member to believe that the person
Crisis Intervention Incidents

may be harmful to him/herself or others, an officer should be promptly summoned to provide assistance.

466.11 EVALUATION
The Division Commander designated to coordinate the crisis intervention strategy for this department should ensure that a thorough review and analysis of the department response to these incidents is conducted annually. The report will not include identifying information pertaining to any involved individuals, officers or incidents and will be submitted to the Chief of Police through the chain of command.

466.12 TRAINING
In coordination with the mental health community and appropriate stakeholders, the Department will develop and provide comprehensive education and training to all department members to enable them to effectively interact with persons in crisis.

This department will endeavor to provide Peace Officer Standards and Training (POST)-approved advanced officer training on interaction with persons with mental disabilities, welfare checks and crisis intervention (Penal Code § 11106.4; Penal Code § 13515.25; Penal Code § 13515.27; Penal Code § 13515.30).
Suspicious Activity Reporting

467.1 PURPOSE AND SCOPE
This policy provides guidelines for reporting and investigating suspicious and criminal activity.

467.1.1 DEFINITIONS
Definitions related to this policy include:

**Involved party** - An individual who has been observed engaging in suspicious activity, as defined in this policy, when no definitive criminal activity can be identified, thus precluding the person's identification as a suspect.

**Suspicious activity** - Any reported or observed activity that a member reasonably believes may have a nexus to any criminal act or attempted criminal act, or to foreign or domestic terrorism. Race, ethnicity, national origin or religious affiliation should not be considered as factors that create suspicion (although these factors may be used as specific suspect descriptions). Examples of suspicious activity may include, but are not limited to:

- Suspected pre-operational surveillance or intelligence gathering (e.g., photographing security features, asking questions about sensitive security-related subjects).
- Tests of security measures and response to incidents (e.g., “dry run,” creating false alarms, attempts to enter secure areas without authorization).
- Suspicious purchases (e.g., purchasing large quantities of otherwise legal items, such as fertilizer, that could be used to create an explosive or other dangerous device).
- An individual in possession of such things as a hoax explosive or dispersal device, sensitive materials (e.g., passwords, access codes, classified government information), or coded or ciphered literature or correspondence.

**Suspicious Activity Report (SAR)** - An incident report used to document suspicious activity.

467.2 POLICY
The Laguna Beach Police Department recognizes the need to protect the public from criminal conduct and acts of terrorism and shall lawfully collect, maintain and disseminate information regarding suspicious activities, while safeguarding civil liberties and privacy protections.

467.3 RESPONSIBILITIES
The Investigative Services Division Commander and authorized designees will manage SAR activities. Authorized designees should include supervisors who are responsible for department participation in criminal intelligence systems as outlined in the Criminal Organizations Policy.

The responsibilities of the Investigative Services Division Commander include, but are not limited to:

(a) Remaining familiar with those databases available to the Department that would facilitate the purpose of this policy.
(b) Maintaining adequate training in the area of intelligence gathering to ensure no information is being maintained that would violate the law or civil rights of any individual.

(c) Ensuring a process is available that would allow members to report relevant information. The process should be designed to promote efficient and quick reporting, and should not be cumbersome, duplicative or complicated.

(d) Ensuring that members are made aware of the purpose and value of documenting information regarding suspicious activity, as well as the databases and other information resources that are available to the Department.

(e) Ensuring that SAR information is appropriately disseminated to members in accordance with their job responsibilities.

(f) Coordinating investigative follow-up, if appropriate.

(g) Coordinating with any appropriate agency or fusion center.

(h) Ensuring that, as resources are available, the Department conducts outreach that is designed to encourage members of the community to report suspicious activity and that outlines what they should look for and how they should report it (e.g., website, public service announcements).

467.4 REPORTING AND INVESTIGATION
Any department member receiving information regarding suspicious activity should take any necessary immediate and appropriate action, including a request for tactical response or immediate notification of specialized entities, when applicable. Any non-sworn member who receives such information should ensure that it is passed on to an officer in a timely manner.

If the suspicious activity is not directly related to a reportable crime, the member should prepare a SAR and include information about involved parties and the circumstances of the incident. If, during any investigation, an officer becomes aware of suspicious activity that is unrelated to the current investigation, the information should be documented separately in a SAR and not included in the original incident report. The report number of the original incident should be included in the SAR as a cross reference. A SAR should be processed as any other incident report.

467.5 HANDLING INFORMATION
The Records Bureau will forward copies of SARs, in a timely manner, to the following:

- Investigative Bureau supervisor
- Crime Analysis Unit
- Other authorized designees
Medical Aid and Response

468.1 PURPOSE AND SCOPE
This policy recognizes that members often encounter persons who appear to be in need of medical aid and establishes a law enforcement response to such situations.

468.2 POLICY
It is the policy of the Laguna Beach Police Department that all officers and other designated members be trained to provide emergency medical aid and to facilitate an emergency medical response.

468.3 FIRST RESPONDING MEMBER RESPONSIBILITIES
Whenever practicable, members should take appropriate steps to provide initial medical aid (e.g., first aid, CPR and use of an automated external defibrillator (AED)) in accordance with their training and current certification levels. This should be done for those in need of immediate care and only when the member can safely do so.

Prior to initiating medical aid, the member should contact Dispatch and request response by emergency medical services (EMS) as the member deems appropriate.

Members should follow universal precautions when providing medical aid, such as wearing gloves and avoiding contact with bodily fluids, consistent with the Communicable Diseases Policy. Members should use a barrier or bag device to perform rescue breathing.

When requesting EMS, the member should provide Dispatch with information for relay to EMS personnel in order to enable an appropriate response, including:

(a) The location where EMS is needed.
(b) The nature of the incident.
(c) Any known scene hazards.
(d) Information on the person in need of EMS, such as:
   1. Signs and symptoms as observed by the member.
   2. Changes in apparent condition.
   3. Number of patients, sex and age, if known.
   4. Whether the person is conscious, breathing and alert, or is believed to have consumed drugs or alcohol.
   5. Whether the person is showing signs or symptoms of excited delirium or other agitated chaotic behavior.

Members should stabilize the scene whenever practicable while awaiting the arrival of EMS.

Members should not direct EMS personnel whether to transport the person for treatment.
Medical Aid and Response

468.4 TRANSPORTING ILL AND INJURED PERSONS
Except in extraordinary cases where alternatives are not reasonably available, members should not transport persons who are unconscious, who have serious injuries or who may be seriously ill. EMS personnel should be called to handle patient transportation.

Officers should search any person who is in custody before releasing that person to EMS for transport.

An officer should accompany any person in custody during transport in an ambulance when requested by EMS personnel, when it reasonably appears necessary to provide security, when it is necessary for investigative purposes or when so directed by a supervisor.

Members should not provide emergency escort for medical transport or civilian vehicles.

468.5 PERSONS REFUSING EMS CARE
If a person who is not in custody refuses EMS care or refuses to be transported to a medical facility, an officer shall not force that person to receive care or be transported. However, members may assist EMS personnel when EMS personnel determine the person lacks mental capacity to understand the consequences of refusing medical care or to make an informed decision and the lack of immediate medical attention may result in serious bodily injury or the death of the person.

In cases where mental illness may be a factor, the officer should consider proceeding with a 72-hour treatment and evaluation commitment (5150 commitment) process in accordance with the Mental Illness Commitments Policy.

If an officer believes that a person who is in custody requires EMS care and the person refuses, he/she should encourage the person to receive medical treatment. The officer may also consider contacting a family member to help persuade the person to agree to treatment or who may be able to authorize treatment for the person.

If the person still refuses, the officer will require the person to be transported to the nearest medical facility. In such cases, the officer should consult with a supervisor prior to the transport.

Members shall not sign refusal-for-treatment forms or forms accepting financial responsibility for treatment.

468.5.1 SICK OR INJURED ARRESTEE
If an arrestee appears ill or injured, or claims illness or injury, he/she should be medically cleared prior to booking. If the officer has reason to believe the arrestee is feigning injury or illness, the officer should contact a supervisor, who will determine whether medical clearance will be obtained prior to booking.

If the jail or detention facility refuses to accept custody of an arrestee based on medical screening, the officer should note the name of the facility person refusing to accept custody and the reason for refusal, and should notify a supervisor to determine the appropriate action.
Arrestees who appear to have a serious medical issue should be transported by ambulance. Officers shall not transport an arrestee to a hospital without a supervisor’s approval.

**468.6 MEDICAL ATTENTION RELATED TO USE OF FORCE**

Specific guidelines for medical attention for injuries sustained from a use of force may be found in the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies.

**468.7 AIR AMBULANCE**

Generally, when on-scene, EMS personnel will be responsible for determining whether an air ambulance response should be requested. An air ambulance may be appropriate when there are victims with life-threatening injuries or who require specialized treatment (e.g., gunshot wounds, burns, obstetrical cases), and distance or other known delays will affect the EMS response.

The Patrol Division Commander should develop guidelines for air ambulance landings or enter into local operating agreements for the use of air ambulances, as applicable. In creating those guidelines, the Department should identify:

- Responsibility and authority for designating a landing zone and determining the size of the landing zone.
- Responsibility for securing the area and maintaining that security once the landing zone is identified.
- Consideration of the air ambulance provider’s minimum standards for proximity to vertical obstructions and surface composition (e.g., dirt, gravel, pavement, concrete, grass).
- Consideration of the air ambulance provider’s minimum standards for horizontal clearance from structures, fences, power poles, antennas or roadways.
- Responsibility for notifying the appropriate highway or transportation agencies if a roadway is selected as a landing zone.
- Procedures for ground personnel to communicate with flight personnel during the operation.

One department member at the scene should be designated as the air ambulance communications contact. Headlights, spotlights and flashlights should not be aimed upward at the air ambulance. Members should direct vehicle and pedestrian traffic away from the landing zone.

Members should follow these cautions when near an air ambulance:

- Never approach the aircraft until signaled by the flight crew.
- Always approach the aircraft from the front.
- Avoid the aircraft’s tail rotor area.
- Wear eye protection during landing and take-off.
- Do not carry or hold items, such as IV bags, above the head.
• Ensure that no one smokes near the aircraft.

468.8 AUTOMATED EXTERNAL DEFIBRILLATOR (AED) USE
A member may use an AED only after receiving appropriate training from an approved public safety first aid and CPR course (22 CCR 100014; 22 CCR 100017; 22 CCR 100018).

468.8.1 AED USER RESPONSIBILITY
Members who are issued AEDs for use in department vehicles should check the AED at the beginning of the shift to ensure it is properly charged and functioning. Any AED that is not functioning properly will be taken out of service and given to the Training Officer who is responsible for ensuring appropriate maintenance.

Following use of an AED, the device shall be cleaned and/or decontaminated as required. The electrodes and/or pads will be replaced as recommended by the AED manufacturer.

Any member who uses an AED should contact Dispatch as soon as possible and request response by EMS.

468.8.2 AED REPORTING
Any member using an AED will complete an incident report detailing its use.

468.8.3 AED TRAINING AND MAINTENANCE
The Training Officer should ensure appropriate training and refresher training is provided to members authorized to use an AED. A list of authorized members and training records shall be made available for inspection by the local EMS agency (LEMSA) or EMS authority upon request (22 CCR 100021; 22 CCR 100022; 22 CCR 100029).

The Training Officer is responsible for ensuring AED devices are appropriately maintained and will retain records of all maintenance in accordance with the established records retention schedule (22 CCR 100021).

468.9 ADMINISTRATION OF OPIOID OVERDOSE MEDICATION
Members may administer opioid overdose medication in accordance with protocol specified by the licensed health care provider who prescribed the overdose medication for use by the member and (Civil Code § 1714.22; 22 CCR 100019):

(a) When trained and tested to demonstrate competence following initial instruction.

(b) When authorized by the medical director of the LEMSA.

(c) In accordance with California Peace Officer Standards and Training (POST) standards.

468.9.1 OPIOID OVERDOSE MEDICATION USER RESPONSIBILITIES
Members who are qualified to administer opioid overdose medication, such as naloxone, should handle, store and administer the medication consistent with their training. Members should check the medication and associated administration equipment at the beginning of their shift to ensure
they are serviceable and not expired. Any expired medication or unserviceable administration equipment should be removed from service and given to the Training Officer.

Any member who administers an opioid overdose medication should contact Dispatch as soon as possible and request response by EMS.

468.9.2 OPIOID OVERDOSE MEDICATION REPORTING
Any member administering opioid overdose medication should detail its use in an appropriate report.

The Training Officer will ensure that the Records Supervisor is provided enough information to meet applicable state reporting requirements.

468.9.3 OPIOID OVERDOSE MEDICATION TRAINING
The Training Officer should ensure initial and refresher training is provided to members authorized to administer opioid overdose medication. Training should be coordinated with the local health department and comply with the requirements in 22 CCR 100019 and any applicable POST standards (Civil Code § 1714.22).

468.10 ADMINISTRATION OF EPINEPHRINE AUTO-INJECTORS
The Patrol Division Commander may authorize the acquisition of epinephrine auto-injectors for use by Department members as provided by Health and Safety Code § 1797.197a. The Training Officer shall create and maintain an operations plan for the storage, maintenance, use and disposal of epinephrine auto-injectors as required by Health and Safety Code § 1797.197a(f).

Trained members who possess valid certification may administer an epinephrine auto-injector for suspected anaphylaxis (Health and Safety Code § 1797.197a(b); 22 CCR 100019).

468.10.1 EPINEPHRINE USER RESPONSIBILITIES
Members should handle, store and administer epinephrine auto-injectors consistent with their training and the Department operations plan. Members should check the auto-injectors at the beginning of their shift to ensure the medication is not expired. Any expired medication should be removed from service in accordance with the Department Operations Plan.

Any member who administers an epinephrine auto-injector medication should contact Dispatch as soon as possible and request response by EMS (Health and Safety Code § 1797.197a(b)).

468.10.2 EPINEPHRINE AUTO-INJECTOR REPORTING
Any member who administers an epinephrine auto-injector should detail its use in an appropriate report.

The Training Officer should ensure that the Records Supervisor is provided enough information for required reporting to the EMS Authority within 30 days after each use (Health and Safety Code § 1797.197a(f)).
Medical Aid and Response

Records regarding the acquisition and disposition of epinephrine auto-injectors shall be maintained pursuant to the Department established records retention schedule but no less than three years (Business and Professions Code § 4119.4(d)).

468.10.3  EPINEPHRINE AUTO-INJECTOR TRAINING
The Training Officer should ensure that members authorized to administer epinephrine auto-injectors are provided with initial and refresher training that meets the requirements of Health and Safety Code § 1797.197a(c) and 22 CCR 100019.
First Amendment Assemblies

469.1 PURPOSE AND SCOPE
This policy provides guidance for responding to public assemblies or demonstrations.

469.2 POLICY
The Laguna Beach Police Department respects the rights of people to peaceably assemble. It is the policy of this department not to unreasonably interfere with, harass, intimidate or discriminate against persons engaged in the lawful exercise of their rights, while also preserving the peace, protecting life and preventing the destruction of property.

469.3 GENERAL CONSIDERATIONS
Individuals or groups present on the public way, such as public facilities, streets or walkways, generally have the right to assemble, rally, demonstrate, protest or otherwise express their views and opinions through varying forms of communication, including the distribution of printed matter. These rights may be limited by laws or ordinances regulating such matters as the obstruction of individual or vehicle access or egress, trespass, noise, picketing, distribution of handbills and leafletting, and loitering. However, officers shall not take action or fail to take action based on the opinions being expressed.

Participant behavior during a demonstration or other public assembly can vary. This may include, but is not limited to:

- Lawful, constitutionally protected actions and speech.
- Civil disobedience (typically involving minor criminal acts).
- Rioting.

All of these behaviors may be present during the same event. Therefore, it is imperative that law enforcement actions are measured and appropriate for the behaviors officers may encounter. This is particularly critical if force is being used. Adaptable strategies and tactics are essential. The purpose of a law enforcement presence at the scene of public assemblies and demonstrations should be to preserve the peace, to protect life and prevent the destruction of property.

Officers should not:

(a) Engage in assembly or demonstration-related discussion with participants.
(b) Harass, confront or intimidate participants.
(c) Seize the cameras, cell phones or materials of participants or observers unless an officer is placing a person under lawful arrest.

Supervisors should continually observe department members under their commands to ensure that members’ interaction with participants and their response to crowd dynamics is appropriate.
First Amendment Assemblies

469.3.1 PHOTOGRAPHS AND VIDEO RECORDINGS
Photographs and video recording, when appropriate, can serve a number of purposes, including support of criminal prosecutions by documenting criminal acts; assistance in evaluating department performance; serving as training material; recording the use of dispersal orders; and facilitating a response to allegations of improper law enforcement conduct.

Photographs and videos will not be used or retained for the sole purpose of collecting or maintaining information about the political, religious or social views of associations, or the activities of any individual, group, association, organization, corporation, business or partnership, unless such information directly relates to an investigation of criminal activities and there is reasonable suspicion that the subject of the information is involved in criminal conduct.

469.4 UNPLANNED EVENTS
When responding to an unplanned or spontaneous public gathering, the first responding officer should conduct an assessment of conditions, including, but not limited to, the following:

- Location
- Number of participants
- Apparent purpose of the event
- Leadership (whether it is apparent and/or whether it is effective)
- Any initial indicators of unlawful or disruptive activity
- Indicators that lawful use of public facilities, streets or walkways will be impacted
- Ability and/or need to continue monitoring the incident

Initial assessment information should be promptly communicated to Dispatch, and the assignment of a supervisor should be requested. Additional resources should be requested as appropriate. The responding supervisor shall assume command of the incident until command is expressly assumed by another, and the assumption of command is communicated to the involved members. A clearly defined command structure that is consistent with the Incident Command System (ICS) should be established as resources are deployed.

469.5 PLANNED EVENT PREPARATION
For planned events, comprehensive, incident-specific operational plans should be developed. The ICS should be considered for such events.

469.5.1 INFORMATION GATHERING AND ASSESSMENT
In order to properly assess the potential impact of a public assembly or demonstration on public safety and order, relevant information should be collected and vetted. This may include:

- Information obtained from outreach to group organizers or leaders.
- Information about past and potential unlawful conduct associated with the event or similar events.
First Amendment Assemblies

- The potential time, duration, scope and type of planned activities.
- Any other information related to the goal of providing a balanced response to criminal activity and the protection of public safety interests.

Information should be obtained in a transparent manner, and the sources documented. Relevant information should be communicated to the appropriate parties in a timely manner.

Information will be obtained in a lawful manner and will not be based solely on the purpose or content of the assembly or demonstration, or the race, ethnicity, national origin or religion of the participants (or any other characteristic that is unrelated to criminal conduct or the identification of a criminal subject).

469.5.2 OPERATIONAL PLANS
An operational planning team with responsibility for event planning and management should be established. The planning team should develop an operational plan for the event.

The operational plan will minimally provide for:

(a) Command assignments, chain of command structure, roles and responsibilities.
(b) Staffing and resource allocation.
(c) Management of criminal investigations.
(d) Designation of uniform of the day and related safety equipment (e.g., helmets, shields).
(e) Deployment of specialized resources.
(f) Event communications and interoperability in a multijurisdictional event.
(g) Liaison with demonstration leaders and external agencies.
(h) Liaison with City government and legal staff.
(i) Media relations.
(j) Logistics: food, fuel, replacement equipment, duty hours, relief and transportation.
(k) Traffic management plans.
(l) First aid and emergency medical service provider availability.
(m) Prisoner transport and detention.
(n) Review of policies regarding public assemblies and use of force in crowd control.
(o) Parameters for declaring an unlawful assembly.
(p) Arrest protocol, including management of mass arrests.
(q) Protocol for recording information flow and decisions.
(r) Rules of engagement, including rules of conduct, protocols for field force extraction and arrests, and any authorization required for the use of force.
(s) Protocol for handling complaints during the event.
(t) Parameters for the use of body-worn cameras and other portable recording devices.
469.5.3 MUTUAL AID AND EXTERNAL RESOURCES
The magnitude and anticipated duration of an event may necessitate interagency cooperation and coordination. The assigned Incident Commander should ensure that any required memorandums of understanding or other agreements are properly executed, and that any anticipated mutual aid is requested and facilitated (see the Mutual Aid and Outside Agency Assistance Policy).

469.6 UNLAWFUL ASSEMBLY DISPERSAL ORDERS
If a public gathering or demonstration remains peaceful and nonviolent, and there is no reasonably imminent threat to persons or property, the Incident Commander should generally authorize continued monitoring of the event.

Should the Incident Commander make a determination that public safety is presently or is about to be jeopardized, he/she or the authorized designee should attempt to verbally persuade event organizers or participants to disperse of their own accord. Warnings and advisements may be communicated through established communications links with leaders and/or participants or to the group.

When initial attempts at verbal persuasion are unsuccessful, the Incident Commander or the authorized designee should make a clear standardized announcement to the gathering that the event is an unlawful assembly, and should order the dispersal of the participants. The announcement should be communicated by whatever methods are reasonably available to ensure that the content of the message is clear and that it has been heard by the participants. The announcement should be amplified, made in different languages as appropriate, made from multiple locations in the affected area and documented by audio and video. The announcement should provide information about what law enforcement actions will take place if illegal behavior continues and should identify routes for egress. A reasonable time to disperse should be allowed following a dispersal order.

469.7 USE OF FORCE
Use of force is governed by current department policy and applicable law (see the Use of Force, Handcuffing and Restraints, Control Devices and Techniques, and Conducted Energy Device policies).

Individuals refusing to comply with lawful orders (e.g., nonviolent refusal to disperse) should be given a clear verbal warning and a reasonable opportunity to comply. If an individual refuses to comply with lawful orders, the Incident Commander shall evaluate the type of resistance and adopt a reasonable response in order to accomplish the law enforcement mission (such as dispersal or arrest of those acting in violation of the law). Control devices and TASER® devices should be considered only when the participants’ conduct reasonably appears to present the potential to harm officers, themselves or others (see the Control Devices and Techniques and the Conducted Energy Device policies).
First Amendment Assemblies

Force or control devices, including oleoresin capsaicin (OC), should be directed toward individuals and not toward groups or crowds, unless specific individuals cannot reasonably be targeted due to extreme circumstances, such as a riotous crowd.

Any use of force by a member of this department shall be documented promptly, completely and accurately in an appropriate report. The type of report required may depend on the nature of the incident.

469.8 ARRESTS
The Laguna Beach Police Department should respond to unlawful behavior in a manner that is consistent with the operational plan. If practicable, warnings or advisements should be communicated prior to arrest.

Mass arrests should be employed only when alternate tactics and strategies have been, or reasonably appear likely to be, unsuccessful. Mass arrests shall only be undertaken upon the order of the Incident Commander or the authorized designee. There must be probable cause for each arrest.

If employed, mass arrest protocols should fully integrate:

(a) Reasonable measures to address the safety of officers and arrestees.
(b) Dedicated arrest, booking and report writing teams.
(c) Timely access to medical care.
(d) Timely access to legal resources.
(e) Timely processing of arrestees.
(f) Full accountability for arrestees and evidence.
(g) Coordination and cooperation with the prosecuting authority, jail and courts (see the Cite and Release Policy).

469.9 MEDIA RELATIONS
The Press Information Officer should use all available avenues of communication, including press releases, briefings, press conferences and social media to maintain open channels of communication with media representatives and the public about the status and progress of the event, taking all opportunities to reassure the public about the professional management of the event (see the News Media Relations Policy).

469.10 DEMOBILIZATION
When appropriate, the Incident Commander or the authorized designee should implement a phased and orderly withdrawal of law enforcement resources. All relieved personnel should promptly complete any required reports, including use of force reports, and account for all issued equipment and vehicles to their supervisors prior to returning to normal operational duties.
469.11 POST EVENT
The Incident Commander should designate a member to assemble full documentation of the event, to include the following:

(a) Operational plan
(b) Any incident logs
(c) Any assignment logs
(d) Vehicle, fuel, equipment and supply records
(e) Incident, arrest, use of force, injury and property damage reports
(f) Photographs, audio/video recordings, Dispatch records/tapes
(g) Media accounts (print and broadcast media)

469.11.1 AFTER-ACTION REPORTING
The Incident Commander should work with City legal counsel, as appropriate, to prepare a comprehensive after-action report of the event, explaining all incidents where force was used including the following:

(a) Date, time and description of the event
(b) Actions taken and outcomes (e.g., injuries, property damage, arrests)
(c) Problems identified
(d) Significant events
(e) Recommendations for improvement; opportunities for training should be documented in a generic manner, without identifying individuals or specific incidents, facts or circumstances.

469.12 TRAINING
Department members should receive periodic training regarding this policy, as well as the dynamics of crowd control and incident management (Penal Code § 13514.5). The Department should, when practicable, train with its external and mutual aid partners.
Civil Disputes

470.1 PURPOSE AND SCOPE
This policy provides members of the Laguna Beach Police Department with guidance for addressing conflicts between persons when no criminal investigation or enforcement action is warranted (e.g., civil matters), with the goal of minimizing any potential for violence or criminal acts.

The Domestic Violence Policy will address specific legal mandates related to domestic violence court orders. References in this policy to “court orders” apply to any order of a court that does not require arrest or enforcement by the terms of the order or by California law.

470.2 POLICY
The Laguna Beach Police Department recognizes that a law enforcement presence at a civil dispute can play an important role in the peace and safety of the community. Subject to available resources, members of this department will assist at the scene of civil disputes with the primary goal of safeguarding persons and property, preventing criminal activity and maintaining the peace. When handling civil disputes, members will remain impartial, maintain a calm presence, give consideration to all sides and refrain from giving legal or inappropriate advice.

470.3 GENERAL CONSIDERATIONS
When appropriate, members handling a civil dispute should encourage the involved parties to seek the assistance of resolution services or take the matter to the civil courts. Members must not become personally involved in disputes and shall at all times remain impartial.

While not intended to be an exhaustive list, members should give considerations to the following when handling civil disputes:

(a) Civil disputes tend to be confrontational and members should be alert that they can escalate to violence very quickly. De-escalation techniques should be used when appropriate.

(b) Members should not dismiss alleged or observed criminal violations as a civil matter and should initiate the appropriate investigation and report when criminal activity is apparent.

(c) Members shall not provide legal advice, however, when appropriate, members should inform the parties when they are at risk of violating criminal laws.

(d) Members are reminded that they shall not enter a residence or other non-public location without legal authority including valid consent.

(e) Members should not take an unreasonable amount of time assisting in these matters and generally should contact a supervisor if it appears that peacekeeping efforts longer than 30 minutes are warranted.
470.4 COURT ORDERS
Disputes involving court orders can be complex. Where no mandate exists for an officer to make an arrest for a violation of a court order, the matter should be addressed by documenting any apparent court order violation in a report. If there appears to be a more immediate need for enforcement action, the investigating officer should consult a supervisor prior to making any arrest.

If a person appears to be violating the terms of a court order but is disputing the validity of the order or its applicability, the investigating officer should document the following:

(a) The person’s knowledge of the court order or whether proof of service exists.

(b) Any specific reason or rationale the involved person offers for not complying with the terms of the order.

A copy of the court order should be attached to the report when available. The report should be forwarded to the appropriate prosecutor. The report should also be forwarded to the court issuing the order with a notice that the report was also forwarded to the prosecutor for review.

470.4.1 STANDBY REQUESTS
Officer responding to a call for standby assistance to retrieve property should meet the person requesting assistance at a neutral location to discuss the process. The person should be advised that items that are disputed will not be allowed to be removed. The member may advise the person to seek private legal advice as to the distribution of disputed property.

Members should accompany the person to the location of the property. Members should ask if the other party will allow removal of the property or whether the other party would remove the property.

If the other party is uncooperative, the person requesting standby assistance should be instructed to seek private legal advice and obtain a court order to obtain the items. Officers should not order the other party to allow entry or the removal of any items. If there is a restraining or similar order against the person requesting standby assistance, that person should be asked to leave the scene or they may be subject to arrest for violation of the order.

If the other party is not present at the location, the member will not allow entry into the location or the removal of property from the location.

470.5 VEHICLES AND PERSONAL PROPERTY
Officers may be faced with disputes regarding possession or ownership of vehicles or other personal property. Officers may review documents provided by parties or available databases (e.g., vehicle registration), but should be aware that legal possession of vehicles or personal property can be complex. Generally, officers should not take any enforcement action unless a crime is apparent. The people and the vehicle or personal property involved should be identified and the incident documented.

470.6 REAL PROPERTY
Disputes over possession or occupancy of real property (e.g., land, homes, apartments) should generally be handled through a person seeking a court order.
Automated License Plate Readers (ALPRs)

471.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance for the capture, storage and use of digital data obtained through the use of Automated License Plate Reader (ALPR) technology.

471.2 POLICY
The policy of the Laguna Beach Police Department is to utilize ALPR technology to capture and store digital license plate data and images while recognizing the established privacy rights of the public.

All data and images gathered by the ALPR are for the official use of this department. Because such data may contain confidential information, it is not open to public review.

471.3 ADMINISTRATION
The ALPR technology, also known as License Plate Recognition (LPR), allows for the automated detection of license plates. It is used by the Laguna Beach Police Department to convert data associated with vehicle license plates for official law enforcement purposes, including identifying stolen or wanted vehicles, stolen license plates and missing persons. It may also be used to gather information related to active warrants, homeland security, electronic surveillance, suspect interdiction and stolen property recovery.

All installation and maintenance of ALPR equipment, as well as ALPR data retention and access, shall be managed by the Administrative Services Division Commander. The Administrative Services Division Commander will assign members under his/her command to administer the day-to-day operation of the ALPR equipment and data.

471.3.1 ALPR ADMINISTRATOR
The Administrative Services Division Commander shall be responsible for developing guidelines and procedures to comply with the requirements of Civil Code § 1798.90.5 et seq. This includes, but is not limited to (Civil Code § 1798.90.51; Civil Code § 1798.90.53):

   (a) A description of the job title or other designation of the members and independent contractors who are authorized to use or access the ALPR system or to collect ALPR information.

   (b) Training requirements for authorized users.

   (c) A description of how the ALPR system will be monitored to ensure the security of the information and compliance with applicable privacy laws.

   (d) Procedures for system operators to maintain records of access in compliance with Civil Code § 1798.90.52.

   (e) The title and name of the current designee in overseeing the ALPR operation.

   (f) Working with the Custodian of Records on the retention and destruction of ALPR data.
Automated License Plate Readers (ALPRs)

(g) Ensuring this policy and related procedures are conspicuously posted on the department’s website.

471.4 OPERATIONS
Use of an ALPR is restricted to the purposes outlined below. Department members shall not use, or allow others to use the equipment or database records for any unauthorized purpose (Civil Code § 1798.90.51; Civil Code § 1798.90.53).

(a) An ALPR shall only be used for official law enforcement business.

(b) An ALPR may be used in conjunction with any routine patrol operation or criminal investigation. Reasonable suspicion or probable cause is not required before using an ALPR.

(c) While an ALPR may be used to canvass license plates around any crime scene, particular consideration should be given to using ALPR-equipped cars to canvass areas around homicides, shootings and other major incidents. Partial license plates reported during major crimes should be entered into the ALPR system in an attempt to identify suspect vehicles.

(d) No member of this department shall operate ALPR equipment or access ALPR data without first completing department-approved training.

(e) No ALPR operator may access department, state or federal data unless otherwise authorized to do so.

(f) If practicable, the officer should verify an ALPR response through the California Law Enforcement Telecommunications System (CLETS) before taking enforcement action that is based solely on an ALPR alert.

471.5 DATA COLLECTION AND RETENTION
The Administrative Services Division Commander is responsible for ensuring systems and processes are in place for the proper collection and retention of ALPR data. Data will be transferred from vehicles to the designated storage in accordance with department procedures.

All ALPR data downloaded to the server should be stored for a minimum of one year (Government Code § 34090.6) and in accordance with the established records retention schedule. Thereafter, ALPR data should be purged unless it has become, or it is reasonable to believe it will become, evidence in a criminal or civil action or is subject to a discovery request or other lawful action to produce records. In those circumstances the applicable data should be downloaded from the server onto portable media and booked into evidence.

471.6 ACCOUNTABILITY
All data will be closely safeguarded and protected by both procedural and technological means. The Laguna Beach Police Department will observe the following safeguards regarding access to and use of stored data (Civil Code § 1798.90.51; Civil Code § 1798.90.53):
Automated License Plate Readers (ALPRs)

(a) All ALPR data downloaded to the mobile workstation and in storage shall be accessible only through a login/password-protected system capable of documenting all access of information by name, date and time (Civil Code § 1798.90.52).

(b) Members approved to access ALPR data under these guidelines are permitted to access the data for legitimate law enforcement purposes only, such as when the data relate to a specific criminal investigation or department-related civil or administrative action.

(c) ALPR system audits should be conducted on a regular basis.

For security or data breaches, see the Records Release and Maintenance Policy.

471.7 RELEASING ALPR DATA
The ALPR data may be shared only with other law enforcement or prosecutorial agencies for official law enforcement purposes or as otherwise permitted by law, using the following procedures:

(a) The agency makes a written request for the ALPR data that includes:
   1. The name of the agency.
   2. The name of the person requesting.
   3. The intended purpose of obtaining the information.

(b) The request is reviewed by the Administrative Services Division Commander or the authorized designee and approved before the request is fulfilled.

(c) The approved request is retained on file.

Requests for ALPR data by non-law enforcement or non-prosecutorial agencies will be processed as provided in the Records Maintenance and Release Policy (Civil Code § 1798.90.55).

471.8 TRAINING
The Training Officer should ensure that members receive department-approved training for those authorized to use or access the ALPR system (Civil Code § 1798.90.51; Civil Code § 1798.90.53).
Chapter 5 - Traffic Operations
Traffic Function and Responsibility

500.1 PURPOSE AND SCOPE
The ultimate goal of traffic law enforcement is to reduce traffic collisions. This may be achieved through the application of such techniques as geographic/temporal assignment of personnel and equipment and the establishment of preventive patrols to deal with specific categories of unlawful driving behavior. Traffic enforcement techniques are based on accident data, enforcement activity records, traffic volume, and traffic conditions. This department provides enforcement efforts toward violations, not only in proportion to the frequency of their occurrence in accident situations, but also in terms of traffic-related needs.

500.2 TRAFFIC OFFICER DEPLOYMENT
Several factors are considered in the development of deployment schedules for officers of the Laguna Beach Police Department. Information provided by the California Statewide Integrated Traffic Reporting System (SWITRS) and the ILEADS system are valuable resources for traffic accident occurrences and therefore officer deployment. Some of the factors for analysis include:

- Location
- Time
- Day
- Violation factors

All officers assigned to patrol or traffic enforcement functions will emphasize enforcement of accident causing violations during high accident hours and at locations of occurrence. All officers will take directed enforcement action on request, and random enforcement action when appropriate against violators as a matter of routine. All officers shall maintain high visibility while working general enforcement, especially at high accident locations.

Other factors to be considered for deployment are citizen requests, construction zones or special events.

500.3 ENFORCEMENT
Enforcement actions are commensurate with applicable laws and take into account the degree and severity of the violation committed. This department does not establish ticket quotas and the number of arrests or citations issued by any officer shall not be used as the sole criterion for evaluating officer overall performance (Vehicle Code § 41603). The visibility and quality of an officer’s work effort will be commensurate with the philosophy of this policy. Several methods are effective in the reduction of collisions:
Traffic Function and Responsibility

500.3.1 WARNINGS
Warnings or other non-punitive enforcement actions should be considered in each situation and substituted for citations when circumstances warrant, especially in the case of inadvertent violations.

A written Courtesy Notice may be issued in instances of minor traffic offenses, municipal code and parking violations.

This program provides for written documentation of the incident, perceived to be "official" by the receiving party, although considered "informal" and non-punitive by the department. It is the policy of this department to issue a written courtesy notice and release drivers stopped for minor traffic offenses, persons committing other minor offenses, and/or vehicles that are improperly parked, where a written "warning" may be the most appropriate action to be taken.

The issuance of a written courtesy notice may be the most appropriate action to be taken based on the totality of the circumstances, with the hope of generating future compliance.

500.3.2 CITATIONS
Citations may be issued when an officer believes it is appropriate. It is essential that officers fully explain the rights and requirements imposed on motorists upon issuance of a citation for a traffic violation. Officers should provide the following information at a minimum:

(a) Explanation of the violation or charge
(b) Court appearance procedure including the optional or mandatory appearance by the motorist
(c) Notice of whether the motorist can enter a plea and pay the fine by mail or at the court

500.3.3 PHYSICAL ARREST
Physical arrest can be made on a number of criminal traffic offenses outlined in the Vehicle Code or Penal Code. These physical arrest cases usually deal with, but are not limited to:

(a) Vehicular manslaughter
(b) Felony and misdemeanor driving under the influence of alcohol/drugs
(c) Felony or misdemeanor hit-and-run
(d) Refusal to sign notice to appear
(e) Any other misdemeanor at the discretion of the officer, such as reckless driving with extenuating circumstances

500.4 SUSPENDED OR REVOKED DRIVERS LICENSES
If an officer contacts a traffic violator for driving on a suspended or revoked license, the officer may issue a traffic citation pursuant to Vehicle Code § 14601.

If a computer check of a traffic violator's license status reveals a suspended or revoked driver license and the traffic violator still has his or her license in possession, the license shall be seized.
by the officer. The officer shall verbally advise the traffic violator of the suspension or revocation and issue the citation. The officer will be responsible for filling out the Verbal Notice form (DMV form DL-310) and causing that form and license to be forwarded to the Department of Motor Vehicles.

500.5 HIGH-VISIBILITY VESTS
The Department has provided American National Standards Institute (ANSI) Class II high-visibility vests to increase the visibility of department members who may be exposed to hazards presented by passing traffic, maneuvering or operating vehicles, machinery and equipment (23 CFR 655.601; 8 CCR 1598).

Although intended primarily for use while performing traffic related assignments, high-visibility vests should be worn at any time increased visibility would improve the safety or efficiency of the member.

500.5.1 REQUIRED USE
Except when working in a potentially adversarial or confrontational role, such as during vehicle stops, high-visibility vests should be worn at any time it is anticipated that an employee will be exposed to the hazards of approaching traffic or construction and recovery equipment. Examples of when high-visibility vests should be worn include traffic control duties, accident investigations, lane closures and while at disaster scenes, or anytime high visibility is desirable. When emergency conditions preclude the immediate donning of the vest, officers should retrieve and wear the vest as soon as conditions reasonably permit. Use of the vests shall also be mandatory when directed by a supervisor.

Vests maintained in the investigation units may be used any time a plainclothes officer might benefit from being readily identified as a member of law enforcement.

500.5.2 CARE AND STORAGE OF HIGH-VISIBILITY VESTS
High-visibility vests shall be maintained in the trunk of each patrol and investigation unit, in the side box of each police motorcycle and in the saddlebag or gear bag of each police bicycle. Each vest should be stored inside the re-sealable plastic bag provided to protect and maintain the vest in a serviceable condition. Before going into service each employee shall ensure a serviceable high-visibility vest is properly stored.

A supply of high-visibility vests will be maintained in the equipment room for replacement of damaged or unserviceable vests. The Training Officer should be promptly notified whenever the supply of vests in the equipment room needs replenishing.
Traffic Collision Reporting

502.1 PURPOSE AND SCOPE
The Laguna Beach Police Department prepares traffic collision reports in compliance with the California Highway Patrol Collision Investigation Manual (CIM) and as a public service makes traffic collision reports available to the community with some exceptions.

502.2 RESPONSIBILITY
The Traffic Services Sergeant or Lieutenant will be responsible for distribution of the Collision Investigation Manual. The Traffic Supervisor will receive all changes in the state manual and ensure conformity with this policy.

502.3 TRAFFIC COLLISION REPORTING
All traffic collision reports taken by members of this department shall be forwarded to the Watch Commander for approval. The Traffic Services Supervisor will be responsible for any requested reports on traffic collision statistics.

502.4 REPORTING SITUATIONS
502.4.1 TRAFFIC COLLISIONS INVOLVING CITY VEHICLES
Traffic collision investigation reports shall be taken when a City-owned vehicle is involved in a traffic collision upon a roadway or highway wherein any damage or injury results. A general information report may be taken in lieu of a traffic collision report (CHP 555 form) at the direction of a supervisor when the collision occurs on private property or does not involve another vehicle. Whenever there is damage to a City vehicle, a Vehicle Damage Report shall be completed and forwarded to the appropriate Division Commander.

Photographs of the collision scene and vehicle damage shall be taken at the discretion of the traffic investigator or any supervisor.

502.4.2 TRAFFIC COLLISIONS WITH POLICE DEPARTMENT EMPLOYEES
(a) Police
   1. When an employee of this department, either on-duty or off-duty, is involved in a traffic collision within the jurisdiction of the Laguna Beach Police Department resulting in a serious injury or fatality, the Traffic Sergeant/Lieutenant or the Watch Commander, may notify the California Highway Patrol for assistance.

(b) City Official or employee
   1. The traffic sergeant/Lieutenant or on-duty Watch Commander may request assistance from the California Highway Patrol for the investigation of any traffic collision involving any City official or employee where a serious injury or fatality has occurred.
Traffic Collision Reporting

(a) The term serious injury is defined as any injury that may result in a fatality.

502.4.3 TRAFFIC COLLISIONS WITH OTHER CITY EMPLOYEES OR OFFICIALS

(a) Traffic accidents subject to review include:

1. Any person operating a City-owned vehicle.
2. On duty personnel driving any vehicle whether City-owned, rented or seized.

(b) Review

1. The Field Services Division Commander shall have the first review of the accident and determine whether or not a board will be convened.

(a) In most cases, the Field Services Division Commander will review the accident and determine the appropriate action without a review board.

2. In serious or fatality accidents, a review board consisting of the traffic officer, traffic supervisor and an employee chosen by the involved employee will be convened. These serious collisions will cause the board to issue a report to the Field Services Division Commander which details their findings and opinions.

(c) Role of the Review Board:

(a) Review boards may be assembled upon the direction of the Chief or the Field Services Division Commander.

(b) The senior member of the board will guide the review of the incident.

(c) Review boards may choose to review documents, examine evidence and interview witnesses.

(d) Upon completion of the review, the board will submit in writing its findings and recommendations, as appropriate, to the Chief of Police.

(a) A minority opinion and recommendations may also be submitted. This report shall be completed within fifteen (15) working days after the board is convened.

(d) Findings may be classified as:

1. Preventable/Unpreventable.
2. Within Policy/Outside Policy.

(e) Upon receipt of the review board's findings and recommendations, the Chief of Police may take such action as may be appropriate.

1. If the employee is dissatisfied with the findings of the review board and/or the actions of the Chief of Police, he/she may appeal the matter in accordance with department and/or Personnel Rules of the City of Laguna Beach.
Traffic Collision Reporting

(f) Retention:

1. The Field Services Division Commander shall maintain a permanent file containing all review board reports and a ten year history of all employee involved accidents. The ten year history will be of any accident which was reviewed by the Field Services Division Commander or his/her appointee.

502.4.4 TRAFFIC COLLISIONS ON PRIVATE PROPERTY
In compliance with the Collision Investigation Manual, traffic collision reports shall not be taken for traffic collisions occurring on private property unless there is a death or injury to any person involved, a hit-and-run violation, or Vehicle Code violation. An Incident Report may be taken at the discretion of any supervisor.

502.4.5 TRAFFIC COLLISIONS ON ROADWAYS OR HIGHWAYS
Traffic collision reports shall be taken when they occur on a roadway or highway within the jurisdiction of this department under any of the following circumstances:

(a) When there is a death or injury to any persons involved in the collision
(b) When there is an identifiable violation of the Vehicle Code
(c) When a report is requested by any involved driver

502.5 NOTIFICATION OF TRAFFIC BUREAU SUPERVISION
In the event of a serious injury or death related traffic collision, the Watch Commander shall notify the Traffic Sergeant/Lieutenant to relate the circumstances of the traffic collision and seek assistance from the Traffic Bureau. In the absence of a Traffic Sergeant/Lieutenant, the Watch Commander or any supervisor may assign an accident investigator or motor officer to investigate the traffic collision.
DUI Cost Recovery for Emergency Response

503.1 PURPOSE AND SCOPE
The purpose of this order is to implement a procedure whereby the City may recover costs incurred in the emergency response to incidents caused by an individual operating a vehicle under the influence of alcohol or any drug or combination thereof. It shall be the policy of this department to initiate the recovery of such costs in compliance with the provisions of California Government Code section 53150.

503.2 DEFINITIONS
Cost Recovery efforts are indicated when "Any person who is under the influence of an alcoholic beverage or any drug (or combination)" is "liable for the expense of an emergency response by a public agency (to the traffic collision incident)" when the person's "negligent operation of a motor vehicle caused by that influence proximately causes any incident resulting in an emergency response."

Under the Influence - "When as a result of drinking an alcoholic beverage, or using a drug, or both, a person's physical or mental abilities to operate a motor vehicle are impaired to a degree that he no longer has the ability to operate a motor vehicle with the caution or characteristics of a sober person of ordinary prudence under the same or similar circumstances." (Note: The elements indicated here are not necessarily the same as the elements of 23152 and 23153 CVC).

Motor Vehicle - Includes "a motor vehicle, boat, vessel or aircraft."

Emergency Response - means "an appropriate emergency response to the incident, including the costs of providing police, firefighting, rescue and emergency medical services at the scene, but shall only include those costs directly arising because of the response to that particular incident."

Negligent Operation - Of a motor vehicle includes "intentional wrongful conduct proximately causing an incident resulting in an appropriate emergency response."

Calculation of Costs - Is determined by the Traffic Services Supervisor. The hourly rate for police staff and is obtained each July 1st on the start of the fiscal year.

503.3 PROCEDURES
(a) Whenever a traffic collision investigation reveals evidence that the responsible party was intoxicated at the time of such incident, the Investigating/Reporting Officer shall:

1. Reflect such conclusion in the appropriate police report.
2. Verbally inform the Watch Commander.
3. Complete the "DUI Cost Recovery Worksheet" and submit it to the Traffic Services Supervisor.

(b) The Traffic Services Supervisor shall:
1. Review the "DUI Cost Recovery Worksheet" for completeness and ensure that it meets the criteria for cost recovery.
2. Prepare and send an invoice to the defendant.
3. Maintain a record of such billings.
4. Submit all received monies to finance and direct the cost recovery funds to the appropriate account.
Vehicle Towing and Release

510.1 PURPOSE AND SCOPE
This policy provides the procedures for towing a vehicle by or at the direction of the Laguna Beach Police Department. Nothing in this policy shall require the Department to tow a vehicle.

510.2 STORAGE AND IMPOUNDS
When circumstances permit, for example when towing a vehicle for parking or registration violations, the handling employee should, prior to having the vehicle towed, make a good faith effort to notify the owner of the vehicle that it is subject to removal. This may be accomplished by personal contact, telephone or by leaving a notice attached to the vehicle at least 24 hours prior to removal. If a vehicle presents a hazard, such as being abandoned on the roadway, it may be towed immediately.

The responsibilities of those employees towing, storing or impounding a vehicle are listed below.

510.2.1 VEHICLE STORAGE REPORT
Department members requesting towing, storage or impound of a vehicle shall complete CHP Form 180 and accurately record the mileage and a description of property within the vehicle (Vehicle Code § 22850). A copy of the storage report should be given to the tow truck operator and the original shall be submitted to the Records Bureau as soon as practicable after the vehicle is stored.

510.2.2 REMOVAL FROM TRAFFIC COLLISION SCENES
When a vehicle has been involved in a traffic collision and must be removed from the scene, the officer shall have the driver select a towing company, if possible, and shall relay the request for the specified towing company to the dispatcher. When there is no preferred company requested, a company will be selected from the rotational list of towing companies in Dispatch.

If the owner is incapacitated, or for any reason it is necessary for the Department to assume responsibility for a vehicle involved in a collision, the officer shall request the dispatcher to call the official towing garage for the City of Laguna Beach. The officer will then store the vehicle using a CHP Form 180.

510.2.3 STORAGE AT ARREST SCENES
Whenever a person in charge or in control of a vehicle is arrested, it is the policy of this department to provide reasonable safekeeping by storing the arrestee’s vehicle subject to the exceptions described below. The vehicle, however, shall be stored whenever it is needed for the furtherance of the investigation or prosecution of the case, or when the community caretaker doctrine would reasonably suggest that the vehicle should be stored (e.g., traffic hazard, high crime area).

The following are examples of situations where consideration should be given to leaving a vehicle at the scene in lieu of storing, provided the vehicle can be lawfully parked and left in a reasonably secured and safe condition:
Vehicle Towing and Release

- Traffic related warrant arrest.
- Situations where the vehicle was not used to further the offense for which the driver was arrested.
- Whenever the licensed owner of the vehicle is present, willing, and able to take control of any vehicle not involved in criminal activity.
- Whenever the vehicle otherwise does not need to be stored and the owner requests that it be left at the scene. In such cases the owner shall be informed that the Department will not be responsible for theft or damages.

510.2.4 IMPOUNDMENT AT SOBRIETY CHECKPOINTS
Whenever a driver is stopped at a sobriety checkpoint and the only violation is that the operator is driving without a valid driver’s license, the officer shall make a reasonable attempt to identify the registered owner of the vehicle (Vehicle Code § 2814.2). The officer shall release the vehicle to the registered owner if the person is a licensed driver, or to another licensed driver authorized by the registered owner, provided the vehicle is claimed prior to the conclusion of the checkpoint operation.

If the vehicle is released at the checkpoint, the officer shall list on his/her copy of the notice to appear the name and driver’s license number of the person to whom the vehicle is released.

When a vehicle cannot be released at the checkpoint, it shall be towed (Vehicle Code § 22651(p)). When a vehicle is removed at the checkpoint, it shall be released during the normal business hours of the storage facility to the registered owner or his/her agent upon presentation of a valid driver’s license and current vehicle registration.

510.2.5 DRIVING A NON-CITY VEHICLE
Vehicles which have been towed by or at the direction of the Department should not be driven by police personnel unless it is necessary to move a vehicle a short distance to eliminate a hazard, prevent the obstruction of a fire hydrant or to comply with posted signs.

510.2.6 DISPATCHER’S RESPONSIBILITIES
Upon receiving a request for towing, the dispatcher shall promptly telephone the specified authorized towing service. The officer shall be advised when the request has been made and the towing service has been dispatched.

When there is no preferred company requested, the dispatcher shall call the next firm in rotation from the list of approved towing companies and shall make appropriate entries on that form to ensure the following firm is called on the next request.

510.2.7 RECORDS BUREAU RESPONSIBILITY
Records personnel shall promptly enter pertinent data from the completed storage form (CHP Form 180) into the Stolen Vehicle System and return the form to the Watch Commander for approval (Vehicle Code § 22651.5(b); Vehicle Code § 22851.3(b); Vehicle Code § 22854.5).
Approved storage forms shall be promptly placed into the auto-file so that they are immediately available for release or review should inquiries be made.

Within 48 hours, excluding weekends and holidays, of the storage of any such vehicle it shall be the responsibility of the Records Bureau to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice shall be sent to all such individuals by first-class mail (Vehicle Code § 22851.3(d); Vehicle Code § 22852(a); Vehicle Code § 14602.6(a)(2)). The notice shall include the following (Vehicle Code § 22852(b)):

(a) The name, address, and telephone number of this Department.

(b) The location of the place of storage and description of the vehicle, which shall include, if available, the name or make, the manufacturer, the license plate number, and the mileage.

(c) The authority and purpose for the removal of the vehicle.

(d) A statement that, in order to receive their post-storage hearing, the owners, or their agents, shall request the hearing in person, writing, or by telephone within 10 days of the date appearing on the notice.

510.3 TOWING SERVICES
The City of Laguna Beach periodically selects a firm to act as the official tow service and awards a contract to that firm. This firm will be used in the following situations:

(a) When it is necessary to safeguard a vehicle due to the inability of the owner or operator to take the required action.

(b) When a vehicle is being held as evidence in connection with an investigation.

(c) When it is otherwise necessary to store a motor vehicle. This would include situations involving the recovery of stolen or abandoned vehicles, and the removal from the streets of vehicles obstructing traffic in violation of state or local regulations.

510.4 VEHICLE INVENTORY
All property in a stored or impounded vehicle shall be inventoried and listed on the vehicle storage form. This includes the trunk and any compartments or containers, even if closed and/or locked. Members conducting inventory searches should be as thorough and accurate as practical in preparing an itemized inventory. These inventory procedures are for the purpose of protecting an owner’s property while in police custody, to provide for the safety of officers, and to protect the Department against fraudulent claims of lost, stolen, or damaged property.

510.5 SECURITY OF VEHICLES AND PROPERTY
Unless it would cause an unreasonable delay in the completion of a vehicle impound/storage or create an issue of officer safety, officers should make reasonable accommodations to permit a
Vehicle Towing and Release

driver/owner to retrieve small items of value or personal need (e.g., cash, jewelry, cell phone, prescriptions) which are not considered evidence or contraband.

If a search of a vehicle leaves the vehicle or any property contained therein vulnerable to unauthorized entry, theft or damage, personnel conducting the search shall take such steps as are reasonably necessary to secure and/or preserve the vehicle or property from such hazards.

510.6 RELEASE OF VEHICLE
The Department will maintain a listed, 24-hour telephone number to provide information regarding impoundment of vehicles and the right of the registered owner to request a storage hearing. Releases for towed vehicles will be made available during regular, non-emergency business hours (Vehicle Code § 14602.6).

(a) Vehicles removed pursuant to Vehicle Code § 22850 shall be released after proof of current registration is provided by the owner or the person in control of the vehicle and after all applicable fees are paid (Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(b) Vehicles removed that require payment of parking fines or proof of valid driver’s license shall only be released upon presentation of proof of compliance, proof of payment, completion of affidavit and payment of applicable fees related to the removal (Vehicle Code § 22651 et seq., Vehicle Code § 22652 et seq., Vehicle Code § 22850.3; Vehicle Code § 22850.5).

(c) A vehicle removed pursuant to Vehicle Code § 14602.6(a) shall be released to the registered owner or his/her agent with proof of current registration, proof of a valid driver’s license and applicable fees paid prior to the end of the 30-day impoundment period under any of the following circumstances:

1. The vehicle was stolen.
2. If the driver reinstates his/her driver's license or acquires a license and provides proof of proper insurance.
4. When there is no remaining community caretaking need to continue impound of the vehicle or the continued impound would not otherwise comply with the Fourth Amendment.

Personnel whose duties include releasing towed vehicles should consult the Vehicle Code under which the vehicle was towed or impounded for any specific requirements prior to release.

Employees who suspect that a vehicle was impounded in error should promptly advise a supervisor. Supervisors should approve, when appropriate, the release of the vehicle without requiring the registered owner or his/her agent to request a hearing, as described in the Vehicle Impound Hearings Policy.
Vehicle Wheel Lock Procedure

511.1 PURPOSE AND SCOPE
The purpose of this order is to establish procedures covering the installation and removal of vehicle wheel locking devices ("Boots"). It shall be the policy of the Laguna Beach Police Department to install and remove vehicle wheel locking devices under the provisions of this order. California Vehicle Code Section 22651.7 addresses "Immobilization of Vehicles." This section allows local authorities to affix a wheel locking device to a vehicle under certain conditions, and to expedite the recovery of fees for unpaid parking citations.

511.2 PROCEDURES
(a) Parking Citation Management will generate a list of those vehicles which:
   1. Have five or more parking citations, over a period of five or more days.
   2. The citations have either not been paid, protested, contested or otherwise cleared.
   3. The lists of vehicles are maintained in the "Autocite" database.
(b) When Parking Services Officers locate a vehicle in violation of five or more citations, they shall verify with the Parking Management Office or the Records Unit to determine the validity of the citations. Upon verification of the outstanding citations, the Parking Services Officers shall commence the immobilization procedure:
   1. Issue a citation, if appropriate.
   2. Affix the wheel locking device to the vehicle as follows: left front wheel or left rear wheel. If unavailable, any other wheel.
      (a) Parking Services Officers may have the vehicle towed to the impound yard if there are no wheel lock devices available.
   3. Mark the vehicle for seventy-two (72) hour impound.
   4. Obtain a case number (D.R.) and notify the dispatch center of the reason for the impound so that the comments can be placed into the call for service.
   5. Complete a vehicle immobilization notice (LBPD Form M-106) and place the hard copy on the vehicle's windshield. The original shall be placed in the appropriate "hold tray" at the police department. These originals shall be checked daily by the on-duty Parking Services Officers so impounding the vehicle may be done in a timely fashion.
(c) Removing a wheel locking device
Vehicle Wheel Lock Procedure

(a) Wheel locking devices shall be removed only upon the clearance of outstanding parking citations or the direction of a supervisor. In addition to the outstanding parking citations, the fee for a "boot removal" shall also be paid.

(b) When all outstanding parking citations have been cleared, and when the removal fee has been paid, the Parking Citation Management Office shall notify dispatch so that an officer can be sent to the remove the device.

(c) In the event that outstanding parking citations are not cleared on an immobilized vehicle, it shall be impounded after seventy-two (72) hours. Impounding of the vehicle is per authority of Section 22651(I) of the California Vehicle Code and will be done in accordance with department procedures.
Vehicle Impound Hearings

512.1 PURPOSE AND SCOPE
This policy establishes a procedure for the requirement to provide vehicle storage or impound hearings pursuant to Vehicle Code § 22852.

512.2 STORED OR IMPOUND HEARING
When a vehicle is stored or impounded by any member of the Laguna Beach Police Department, a hearing will be conducted upon the request of the registered or legal owner of the vehicle or his/her agent (Vehicle Code § 22650(a); Vehicle Code § 22852(a)).

The hearing shall be conducted within 48 hours of the request, excluding weekends and holidays. The hearing officer must be a person other than the person who directed the storage or impound of the vehicle (Vehicle Code § 22852(c)).

512.2.1 HEARING PROCEDURES
The vehicle storage hearing is an informal process to evaluate the validity of an order to store or impound a vehicle. The employee who caused the storage or removal of the vehicle does not need to be present for this hearing.

(a) All requests for a hearing on a stored or impounded vehicle shall be submitted in person, in writing or by telephone within 10 days of the date appearing on the notice (Vehicle Code § 22852(d)).

1. The Traffic Sergeant/Lieutenant will generally serve as the hearing officer.
2. The person requesting the hearing may record the hearing at his/her own expense.
3. The failure of either the registered or legal owner or interested person or his/her agent to request a hearing in a timely manner or to attend a scheduled hearing shall be considered a waiver of and satisfaction of the post-storage hearing requirement (Vehicle Code §§ 22851.3(e)(2) and 22852(d)).
4. Any relevant evidence may be submitted and reviewed by the hearing officer to determine if reasonable grounds have been established for the storage or impound of the vehicle. The initial burden of proof established by a preponderance of the evidence that the storage/impound was based on probable cause rests with the Department.

(b) After consideration of all information, the hearing officer shall determine the validity of the storage or impound of the vehicle in question and then render a decision.

1. The hearing officer shall also consider any mitigating circumstances attendant to the storage that reasonably would warrant the release of the vehicle or a
Vehicle Impound Hearings

modification or reduction of the period the vehicle is impounded (Vehicle Code §§14602.6(b) and 14602.8(b)).

2. Aside from those mitigating circumstances enumerated in the Vehicle Code, the registered owner's lack of actual knowledge that the driver to whom the vehicle was loaned was not validly licensed may constitute a mitigating circumstance under Vehicle Code §§ 14602.6(b) or 14608(b), warranting release of the vehicle.

(a) This mitigating circumstance exception is not limited to situations where the owner made a reasonable inquiry as to the licensed status of the driver before lending the vehicle.

(c) The legislative intent and this department's policy is to prevent unlicensed driving pursuant to Vehicle Code §14602.6. If this purpose is not furthered by the continued impoundment of a vehicle, release is most often appropriate.

(a) If a decision is made that reasonable grounds for storage or impound have been established, the hearing officer shall advise the inquiring party of the decision and that the inquiring party may pursue further civil remedies if desired

(b) If mitigating circumstances are found to be relevant, the hearing officer shall make reasonable adjustments to the impound period, storage or assessment of fees as warranted.

(c) If a decision is made that reasonable grounds for storage or impound have not been established or sufficient mitigating circumstances exist, the vehicle in storage shall be released immediately. Towing and storage fees will be paid at the Department's expense (Vehicle Code § 22852(e)).

(d) If a decision is made that reasonable grounds for storage have not been established or sufficient mitigating circumstances exist, and the vehicle has been released with fees having been paid, the receipt for such fees will be forwarded with a letter to the appropriate Division Commander.

(e) The hearing officer will recommend to the appropriate Division Commander that the fees paid by the registered or legal owner of the vehicle in question or their agent be reimbursed by the Department.
Impaired Driving

514.1 PURPOSE AND SCOPE
This policy provides guidance to those department members who play a role in the detection and investigation of driving under the influence (DUI).

514.2 POLICY
The Laguna Beach Police Department is committed to the safety of the roadways and the community and will pursue fair but aggressive enforcement of California’s impaired driving laws.

514.3 INVESTIGATIONS
Officers should not enforce DUI laws to the exclusion of their other duties unless specifically assigned to DUI enforcement. All officers are expected to enforce these laws with due diligence.

514.4 FIELD TESTS
Field tests should be the Standard Field Soberity Test (SFST) and include the Horizontal Gaze Nystagmus (HGN), the Walk and Turn (WAT) and the One Leg Stand (OLS) as the primary field sobriety tests (FSTs) and any approved alternate tests for officers to use when investigating violations of DUI laws.

514.5 CHEMICAL TESTS
A person implies consent to a chemical test or tests, and to providing the associated chemical sample, under any of the following (Vehicle Code § 23612):

(a) The person is arrested for driving a vehicle while under the influence, pursuant to Vehicle Code § 23152.
(b) The person is under 21 years of age and is arrested by an officer having reasonable cause to believe that the person’s blood alcohol content is 0.05 or more (Vehicle Code § 23140).
(c) The person is under 21 years of age and detained by an officer having reasonable cause to believe that the person was driving a vehicle while having a blood alcohol content of 0.01 or more (Vehicle Code § 23136).
(d) The person was operating a vehicle while under the influence and proximately caused bodily injury to another person (Vehicle Code § 23153).

If a person withdraws this implied consent, or is unable to withdraw consent (e.g., the person is unconscious), the officer should consider implied consent revoked and proceed as though the person has refused to provide a chemical sample.
514.5.1 CHOICE OF TESTS
Officers shall respect a viable choice of chemical test made by an arrestee, as provided for by
law (e.g., breath will not be acceptable for suspected narcotics influence).

A person arrested for DUI has the choice of whether the test is of his/her blood or breath, and
the officer shall advise the person that he/she has that choice. If the person arrested either is
incapable, or states that he/she is incapable, of completing the chosen test, the person shall submit
to the remaining test.

If the person chooses to submit to a breath test and there is reasonable cause to believe that
the person is under the influence of a drug or the combined influence of alcohol and any drug,
the officer may also request that the person submit to a blood test. If the person is incapable of
completing a blood test, the person shall submit to and complete a urine test (Vehicle Code §
23612(a)(2)(C)).

514.5.2 BREATH TEST
The assigned custodian should ensure that all devices used for the collection and analysis of
breath samples are properly serviced and tested and that a record of such service and testing
is properly maintained.

Officers obtaining a breath sample should monitor the device for any sign of malfunction. Any
anomalies or equipment failures should be noted in the appropriate report and promptly reported
to the assigned custodian.

When the arrested person chooses a breath test, the handling officer shall advise the person that
the breath-testing equipment does not retain a sample, and the person may, if desired, provide a
blood or urine specimen, which will be retained to facilitate subsequent verification testing (Vehicle
Code § 23614).

The officer should also require the person to submit to a blood test if the officer has a clear
indication that a blood test will reveal evidence of any drug or the combined influence of an
alcoholic beverage and any drug. Evidence of the officer's belief shall be included in the officer's
report (Vehicle Code § 23612(a)(2)(C)).

514.5.3 BLOOD SAMPLES
Only persons authorized by law to draw blood shall collect blood samples (Vehicle Code § 23158).
The blood draw should be witnessed by the assigned officer. No officer, even if properly certified,
should perform this task.

Officers should inform an arrestee that if he/she chooses to provide a blood sample, a separate
sample can be collected for alternate testing. Unless medical personnel object, two samples
should be collected and retained as evidence, so long as only one puncture is required.

The blood sample shall be packaged, marked, handled, stored and transported as required by
the testing facility.
Impaired Driving

If an arrestee cannot submit to a blood draw because he/she has a bleeding disorder or has taken medication that inhibits coagulation, he/she shall not be required to take a blood test. Such inability to take a blood test should not be considered a refusal. However, that arrestee may be required to complete another available and viable test.

514.5.4 URINE SAMPLES
If a urine test will be performed, the arrestee should be promptly transported to the appropriate testing site. The officer shall follow any directions accompanying the urine evidence collection kit.

Urine samples shall be collected and witnessed by an officer or jail staff member of the same sex as the individual giving the sample. The arrestee should be allowed sufficient privacy to maintain his/her dignity, to the extent possible, while still ensuring the accuracy of the sample (Vehicle Code § 23158(i)).

The sample shall be packaged, marked, handled, stored and transported as required by the testing facility.

514.5.5 STATUTORY NOTIFICATIONS
Officers requesting that a person submit to chemical testing shall provide the person with the mandatory warning pursuant to Vehicle Code § 23612(a)(1)(D) and Vehicle Code § 23612(a)(4).

514.5.6 PRELIMINARY ALCOHOL SCREENING
Officers may use a preliminary alcohol screening (PAS) test to assist in establishing reasonable cause to believe a person is DUI. The officer shall advise the person that the PAS test is being requested to assist in determining whether the person is under the influence of alcohol or drugs, or a combination of the two. Unless the person is under the age of 21, he/she shall be advised that the PAS test is voluntary. The officer shall also advise the person that submitting to a PAS test does not satisfy his/her obligation to submit to a chemical test as otherwise required by law (Vehicle Code § 23612).

514.5.7 PRELIMINARY ALCOHOL SCREENING FOR A PERSON UNDER AGE 21
If an officer lawfully detains a person under 21 years of age who is driving a motor vehicle and the officer has reasonable cause to believe that the person has a blood alcohol content of 0.01 or more, the officer shall request that the person take a PAS test to determine the presence of alcohol in the person, if a PAS test device is immediately available. If a PAS test device is not immediately available, the officer may request the person to submit to chemical testing of his/her blood, breath or urine, conducted pursuant to Vehicle Code § 23612 (Vehicle Code § 13388).

If the person refuses to take or fails to complete the PAS test or other chemical test, or if the result of either test reveals a blood alcohol content of 0.01 or more, the officer shall proceed to serve the person with a notice of order of suspension pursuant to this policy (Vehicle Code § 13388).

514.6 REFUSALS
When an arrestee refuses to provide a viable chemical sample, officers should:

(a) Advise the person of the requirement to provide a sample (Vehicle Code § 23612).
Impaired Driving

(b) Audio- and/or video-record the admonishment when it is practicable.

(c) Document the refusal in the appropriate report.

Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the person and take possession of any state-issued license to operate a motor vehicle that is held by that person (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

514.6.1 BLOOD SAMPLE WITHOUT CONSENT
A blood sample may be obtained from a person who refuses a chemical test when any of the following conditions exist:

(a) A search warrant has been obtained (Penal Code § 1524).

(b) The officer can articulate that exigent circumstances exist. Exigency does not exist solely because of the short time period associated with the natural dissipation of alcohol or controlled or prohibited substances in the person’s bloodstream. Exigency can be established by the existence of special facts such as a lengthy time delay in obtaining a blood sample due to an accident investigation or medical treatment of the person.

514.6.2 FORCED BLOOD SAMPLE
If an arrestee indicates by word or action that he/she will physically resist a blood draw, the officer should request a supervisor to respond.

The responding supervisor should:

(a) Evaluate whether using force to obtain a blood sample is appropriate under the circumstances.

(b) Ensure that all attempts to obtain a blood sample through force cease if the person agrees to, and completes a viable form of testing in a timely manner.

(c) Advise the person of his/her duty to provide a sample (even if this advisement was previously done by another officer) and attempt to persuade the individual to submit to such a sample without physical resistance.

1. This dialogue should be recorded on audio and/or video if practicable.

(d) Ensure that the blood sample is taken in a medically approved manner.

(e) Ensure the forced blood draw is recorded on audio and/or video when practicable.

(f) Monitor and ensure that the type and level of force applied appears reasonable under the circumstances:

1. Unless otherwise provided in a warrant, force should generally be limited to handcuffing or similar restraint methods.
Impaired Driving

2. In misdemeanor cases, if the arrestee becomes violent or more resistant, no additional force will be used and a refusal should be noted in the report.

3. In felony cases, force which reasonably appears necessary to overcome the resistance to the blood draw may be permitted.

(g) Ensure the use of force and methods used to accomplish the collection of the blood sample are documented in the related report.

If a supervisor is unavailable, officers are expected to use sound judgment and perform as a responding supervisor, as set forth above.

514.6.3 STATUTORY NOTIFICATIONS UPON REFUSAL
Upon refusal to submit to a chemical test as required by law, officers shall personally serve the notice of order of suspension upon the arrestee and take possession of any state-issued license to operate a motor vehicle that is held by that individual (Vehicle Code § 23612(e); Vehicle Code § 23612(f)).

514.7 RECORDS BUREAU RESPONSIBILITIES
The Records Supervisor will ensure that all case-related records are transmitted according to current records procedures and as required by the prosecuting attorney’s office.

514.8 TRAINING
The Training Officer should ensure that officers participating in the enforcement of DUI laws receive regular training. Training should include, at minimum, current laws on impaired driving, investigative techniques and rules of evidence pertaining to DUI investigations. The Training Officer should confer with the prosecuting attorney’s office and update training topics as needed.

514.9 ARREST AND INVESTIGATION

514.9.1 WARRANTLESS ARREST
In addition to the arrest authority granted to officers pursuant to Penal Code § 836, an officer may make a warrantless arrest of a person that the officer has reasonable cause to believe has been driving under the influence of an alcoholic beverage or any drug, or under the combined influence of the same when (Vehicle Code § 40300.5):

(a) The person is involved in a traffic accident.
(b) The person is observed in or about a vehicle that is obstructing the roadway.
(c) The person will not be apprehended unless immediately arrested.
(d) The person may cause injury to him/herself or damage property unless immediately arrested.
(e) The person may destroy or conceal evidence of a crime unless immediately arrested.
Impaired Driving

514.9.2 OFFICER RESPONSIBILITIES
The officer serving the arrested person with a notice of an order of suspension shall immediately (Vehicle Code § 23612):

(a) Forward a copy of the completed notice of suspension or revocation form and any confiscated driver's license to the Department of Motor Vehicles (DMV).

(b) Forward a sworn report to DMV that contains the required information in Vehicle Code § 13380.

(c) Forward the results to the appropriate forensic laboratory if the person submitted to a blood or urine test.
Traffic Citations and Parking Citation Review

516.1 PURPOSE AND SCOPE
This policy outlines the responsibility for traffic citations, the procedure for dismissal, correction, and voiding of traffic citations.

516.2 RESPONSIBILITIES
The Traffic Sergeant/Lieutenant shall be responsible for the development and design of all Department traffic citations in compliance with state law and the Judicial Council.

The Records Section shall be responsible for the supply and accounting of all traffic citations issued to employees of this department.

516.3 DISMISSAL OF TRAFFIC CITATIONS
Employees of this department do not have the authority to dismiss a citation once it has been issued. Only the court has the authority to dismiss a citation that has been issued (Vehicle Code § 40500(d)). Any request from a recipient to dismiss a citation shall be referred to the Traffic Supervisor. Upon a review of the circumstances involving the issuance of the traffic citation, the issuing officer or Watch Commander may request the Field Services Division Commander to recommend dismissal of the traffic citation. If approved, the citation will be forwarded to the appropriate court with a request for dismissal. All recipients of traffic citations whose request for the dismissal of a traffic citation has been denied shall be referred to the appropriate court.

Should an officer determine during a court proceeding that a traffic citation should be dismissed in the interest of justice or where prosecution is deemed inappropriate the officer may request the court to dismiss the citation. Upon dismissal of the traffic citation by the court, the officer shall notify his/her immediate supervisor of the circumstances surrounding the dismissal.

516.4 VOIDING TRAFFIC CITATIONS
Voiding a traffic citation may occur when a traffic citation has not been completed or where it is completed, but not issued. All copies of the citation shall be presented to a supervisor to approve the voiding of the citation along with a complete Citation Void form (M-38), and copies shall then be forwarded to the Field Services Division Commander.

516.5 CORRECTION OF TRAFFIC CITATIONS
When a traffic citation is issued and in need of correction, the officer issuing the citation shall submit the citation and a citation correction form to his/her immediate supervisor. The citation and completed citation correction form shall be submitted to the Watch Commander for approval. Once approved, the citation shall be forwarded to the Records Department and sent to the appropriate court.
Traffic Citations and Parking Citation Review

516.6 DISPOSITION OF TRAFFIC CITATIONS
The court and file copies of all traffic citations issued by members of this department shall be forwarded to the employee’s immediate supervisor for review. The citation copies shall then be filed with the Records Bureau.

Upon separation from employment with this department, all employees issued traffic citations books shall return any unused citations to the Records Bureau.

516.7 NOTICE OF PARKING VIOLATION APPEAL PROCEDURE
Disposition of notice of parking violation appeals is conducted pursuant to Vehicle Code § 40215.

516.7.1 APPEAL STAGES
Appeals may be pursued sequentially at three different levels:

(a) Administrative reviews are conducted by the Civilian Supervisor who will review written/documentary data. Requests for administrative reviews are available at the front counter of the Laguna Beach Police Department. These requests are informal written statements outlining why the notice of parking violation should be dismissed. Copies of documentation relating to the notice of parking violation and the request for dismissal can be mailed to the current mailing address of the processing agency or left at the front counter for review by the Civilian Supervisor.

(b) If the appellant wishes to pursue the matter beyond administrative review, an administrative hearing may be conducted in person or by written application, at the election of the appellant. An independent referee reviews the administrative file, amendments, and/or testimonial material provided by the appellant and may conduct further investigation or follow-up on their own prior to rendering a decision.

(c) If the appellant wishes to pursue the matter beyond an administrative hearing, a Superior Court review may be presented in person by the appellant after an application for review and designated filing fees have been paid to The Superior Court of California.

*Information on how to appeal a citation can be found on the back of the original ticket. This information includes an 800 number and website address for TurboData (the outside servicer for parking citations). If the recipient comes into the police station, the records counter is equipped with a fixed desktop computer which the public may utilize to pay the citation through pticket.com. The Laguna Beach Police Department's website has a question and answer section which also details the appeal process for a parking violation.

516.7.2 TIME REQUIREMENTS
Administrative review or appearance before a hearing examiner will not be provided if the mandated time limits are not adhered to by the violator.
(a) Requests for an administrative review must be postmarked within 21 calendar days of issuance of the notice of parking violation, or within 14 calendar days of the mailing of the Notice of Delinquent Parking (Violation Vehicle Code § 40215(a)).

(b) Requests for administrative hearings must be made no later than 21 calendar days following the notification mailing of the results of the administrative review (Vehicle Code § 40215(b)).

(c) An administrative hearing shall be held within 90 calendar days following the receipt of a request for an administrative hearing, excluding time tolled pursuant to Vehicle Code § 40200 - 40225. The person requesting the hearing may request one continuance, not to exceed 21 calendar days (Vehicle Code § 40215).

(d) Registered owners of vehicles may transfer responsibility for the violation via timely affidavit of non-liability when the vehicle has been transferred, rented or under certain other circumstances (Vehicle Code § 40209 and Vehicle Code § 40210).

516.7.3 COSTS

(a) There is no cost for an administrative review.

(b) Appellants must pay the full amount due for the citation, or provide satisfactory proof of their inability to pay, before receiving an administrative hearing.

(c) An appeal through Superior Court requires prior payment of filing costs including applicable court charges and fees. These costs will be reimbursed to the appellant in addition to any previously paid fines if appellant's liability is overruled by the Superior Court.

516.8 JUVENILE CITATIONS

Completion of traffic citation forms for juveniles may vary slightly from the procedure for adults. The juvenile's age, place of residency, and the type of offense should be considered before issuing the juvenile a citation.
Disabled Vehicles

520.1 PURPOSE AND SCOPE
Vehicle Code § 20018 provides that all law enforcement agencies having responsibility for traffic enforcement may develop and adopt a written policy to provide assistance to motorists in disabled vehicles within their primary jurisdiction.

520.2 OFFICER RESPONSIBILITY
When an on-duty officer observes a disabled vehicle on the roadway, the officer should make a reasonable effort to provide assistance. If that officer is assigned to a call of higher priority, the dispatcher should be advised of the location of the disabled vehicle and the need for assistance. The dispatcher should then assign another available officer to respond for assistance as soon as practical.

520.3 EXTENT OF ASSISTANCE
In most cases, a disabled motorist will require assistance. After arrangements for assistance are made, continued involvement by department personnel will be contingent on the time of day, the location, the availability of departmental resources, and the vulnerability of the disabled motorist.

(a) Officers are not to make mechanical repairs to a disabled vehicle.

(b) Officers may utilize their unit push-bars to move a vehicle off the roadway when the following conditions are met:

1. The vehicle is movable and not severely damaged.
2. The vehicle is causing a traffic backup or a public safety hazard exists.

(c) Duties:

1. The officer shall turn on the unit camera prior to making contact with the vehicle.
2. Attempts should be made to get the permission of the person in control of the vehicle (permission to have the officer move it off the road).
   
   (a) If permission is not granted, the officer must weigh whether the benefit of moving it off the roadway is greater than the receipt of the permission. Ex: If the vehicle is blocking rush hour traffic, the need to get it moved is greater than getting the permission from the owner of the vehicle.
3. Officers should take into account the type of vehicle needing assistance.
   
   (a) The ground level of the police unit push-bars might be dramatically different from the bumper region of the vehicle needing assistance.

1. Officers should not attempt to use push-bars on vehicles such as Ferrari’s, Porsche’s, Lotus’ or any other vehicle which sits lower to
Disabled Vehicles

the ground than the police vehicle, or a large raised truck, as the bumpers would not align.

520.3.1 RELOCATION OF DISABLED VEHICLES
The relocation of disabled vehicles by members of this department by pushing or pulling a vehicle should only occur when the conditions reasonably indicate that immediate movement is necessary to reduce a hazard presented by the disabled vehicle.

520.3.2 RELOCATION OF DISABLED MOTORIST
The relocation of a disabled motorist should only occur with the person's consent and should be suggested when conditions reasonably indicate that immediate movement is necessary to mitigate a potential hazard. The department member may stay with the disabled motorist or transport him/her to a safe area to await pickup.

520.4 PUBLIC ACCESS TO THIS POLICY
This written policy is available upon request.
72-Hour Parking Violations

524.1 PURPOSE AND SCOPE
This policy provides procedures for the marking, recording, and storage of vehicles parked in violation of the Laguna Beach City Ordinance regulating 72-hour parking violations and abandoned vehicles under the authority of Vehicle Code §§ 22652.6 and 22669.

(72-hour parking violations apply to vehicles parked on public streets or highways. In cases involving abandoned vehicles on private property, the Laguna Beach Municipal Code involving abated vehicles applies. Vehicle abatements can be handled by the traffic supervisor or the code enforcement team.)

524.2 MARKING VEHICLES
Vehicles suspected of being in violation of the City of Laguna Beach 72-Hour Parking Ordinance shall be marked and noted on the Laguna Beach Police Department Marked Vehicle Card. No case number is required at this time.

A visible chalk mark should be placed on the left rear tire tread at the fender level unless missing tires or other vehicle conditions prevent marking. Any deviation in markings shall be noted on the Marked Vehicle Card. The investigating employee should make a good faith effort to notify the owner of any vehicle subject to towing prior to having the vehicle removed. This may be accomplished by personal contact, telephone or by leaving notice attached to the vehicle at least 24 hours prior to removal.

All Marked Vehicle Cards shall be submitted to the Traffic Bureau for computer data entry.

If a marked vehicle has been moved or the markings have been removed during a 72-hour investigation period, the vehicle shall be marked again for the 72-hour parking violation and a Marked Vehicle Card completed and forwarded to the Traffic Bureau.

Parking citations for the 72-hour parking ordinance shall not be issued when the vehicle is stored for the 72-hour parking violation.

524.2.1 MARKED VEHICLE FILE
The parking services officers shall be responsible for maintaining a file for all "in process" marked vehicle cards. "In process" means there has been no disposition since the issuance of the card.

Parking control officers assigned to the Traffic Division shall be responsible for the follow up investigation of all 72-hour parking violations noted on the marked vehicle cards.

524.2.2 VEHICLE STORAGE
Any vehicle in violation shall be stored by the authorized towing service and a vehicle storage report (CHP form 180) shall be completed by the officer authorizing the storage of the vehicle.

The storage report form shall be submitted to the Communications Center immediately following the storage of the vehicle. It shall be the responsibility of the Communications Center personnel to
72-Hour Parking Violations

immediately notify the Stolen Vehicle System (SVS) of the Department of Justice in Sacramento (Vehicle Code § 22851.3(b)). Notification may also be made to the National Law Enforcement Telecommunications System (NLETS)(Vehicle Code § 22854.5).

Within 48 hours of the storage of any such vehicle, excluding weekends and holidays, it shall be the responsibility of the Records Section to determine the names and addresses of any individuals having an interest in the vehicle through DMV or CLETS computers. Notice to all such individuals shall be sent first-class or certified mail pursuant to Vehicle Code § 22851.3(d).
Investigation and Prosecution

600.1 PURPOSE AND SCOPE
The purpose of this policy is to set guidelines and requirements pertaining to the handling and disposition of criminal investigations.

600.2 INITIAL INVESTIGATION
600.2.1 OFFICER RESPONSIBILITIES
An officer responsible for an initial investigation shall complete no less than the following:

(a) Make a preliminary determination of whether a crime has been committed by completing, at a minimum:
   1. An initial statement from any witnesses or complainants.
   2. A cursory examination for evidence.

(b) If information indicates a crime has occurred, the officer shall:
   1. Preserve the scene and any evidence as required to complete the initial and follow-up investigation.
   2. Determine if additional investigative resources (e.g., investigators or scene processing) are necessary and request assistance as required.
   3. If assistance is warranted, or if the incident is not routine, notify a supervisor or the Watch Commander.
   4. Make reasonable attempts to locate, identify and interview all available victims, complainants, witnesses and suspects.
   5. Collect any evidence.
   6. Take any appropriate law enforcement action.
   7. Complete and submit the appropriate reports and documentation.

(c) If the preliminary determination is that no crime occurred, determine what other action may be necessary, what other resources may be available, and advise the informant or complainant of this information.

600.2.2 NON-SWORN MEMBER RESPONSIBILITIES
A non-sworn member assigned to any preliminary investigation is responsible for all investigative steps, except making any attempt to locate, contact or interview a suspect face-to-face or take any enforcement action. Should an initial investigation indicate that those steps are required, the assistance of an officer shall be requested.

600.3 POLICY
It is the policy of the Laguna Beach Police Department to investigate crimes thoroughly and with due diligence, and to evaluate and prepare criminal cases for appropriate clearance or submission to a prosecutor.
600.4 CUSTODIAL INTERROGATION REQUIREMENTS
Suspects who are in custody and subjected to an interrogation shall be given the *Miranda* warning, unless an exception applies. Interview or interrogation of a juvenile shall be in accordance with the Temporary Custody of Juveniles Policy.

600.4.1 AUDIO/VIDEO RECORDINGS
Any custodial interrogation of an individual who is suspected of having committed any violent felony offense should be recorded (audio or video with audio as available) in its entirety. Regardless of where the interrogation occurs, every reasonable effort should be made to secure functional recording equipment to accomplish such recordings.

Consideration should also be given to recording a custodial interrogation, or any investigative interview, for any other offense when it is reasonable to believe it would be appropriate and beneficial to the investigation and is otherwise allowed by law.

No recording of a custodial interrogation should be destroyed or altered without written authorization from the prosecuting attorney and the Investigative Bureau supervisor. Copies of recorded interrogations or interviews may be made in the same or a different format as the original recording, provided the copies are true, accurate and complete and are made only for authorized and legitimate law enforcement purposes.

Recordings should not take the place of a thorough report and investigative interviews. Written statements from suspects should continue to be obtained when applicable.

600.4.2 MANDATORY RECORDING OF ADULTS
Any custodial interrogation of an adult who is suspected of having committed any murder shall be recorded in its entirety. The recording should be video with audio if reasonably feasible (Penal Code § 859.5).

This recording is not mandatory when (Penal Code § 859.5):

(a) Recording is not feasible because of exigent circumstances that are later documented in a report.

(b) The suspect refuses to have the interrogation recorded, including a refusal any time during the interrogation, and the refusal is documented in a report. If feasible, the refusal shall be electronically recorded.

(c) The custodial interrogation occurred in another state by law enforcement officers of that state, unless the interrogation was conducted with the intent to avoid the requirements of Penal Code § 859.5.

(d) The interrogation occurs when no member conducting the interrogation has a reason to believe that the individual may have committed murder. Continued custodial interrogation concerning that offense shall be electronically recorded if the interrogating member develops a reason to believe the individual committed murder.
(e) The interrogation would disclose the identity of a confidential informant or would jeopardize the safety of an officer, the individual being interrogated or another individual. Such circumstances shall be documented in a report.

(f) A recording device fails despite reasonable maintenance and the timely repair or replacement is not feasible.

(g) The questions are part of a routine processing or booking, and are not an interrogation.

(h) The suspect is in custody for murder and the interrogation is unrelated to a murder. However, if any information concerning a murder is mentioned during the interrogation, the remainder of the interrogation shall be recorded.

The Department shall maintain an original or an exact copy of the recording until a conviction relating to the interrogation is final and all appeals are exhausted or prosecution is barred by law (Penal Code § 859.5).

600.5 DISCONTINUATION OF INVESTIGATIONS

The investigation of a criminal case or efforts to seek prosecution should only be discontinued if one of the following applies:

(a) All reasonable investigative efforts have been exhausted, no reasonable belief that the person who committed the crime can be identified, and the incident has been documented appropriately.

(b) The perpetrator of a misdemeanor has been identified and a warning is the most appropriate disposition.
   1. In these cases, the investigator shall document that the person was warned and why prosecution was not sought.
   2. Warnings shall not be given for felony offenses or other offenses identified in this policy or by law that require an arrest or submission of a case to a prosecutor.

(c) The case has been submitted to the appropriate prosecutor but no charges have been filed. Further investigation is not reasonable nor has the prosecutor requested further investigation.

(d) The case has been submitted to the appropriate prosecutor, charges have been filed, and further investigation is not reasonable, warranted or requested, and there is no need to take the suspect into custody.

(e) Suspects have been arrested, there are no other suspects, and further investigation is either not warranted or requested.

(f) Investigation has proven that a crime was not committed (see the Sexual Assault Investigations Policy for special considerations in these cases).

The Domestic Violence, Child Abuse Sexual Assault Investigations and Adult Abuse policies may also require an arrest or submittal of a case to a prosecutor.
600.6   COMPUTERS AND DIGITAL EVIDENCE  
The collection, preservation, transportation and storage of computers, cell phones and other digital devices may require specialized handling to preserve the value of the related evidence. If it is anticipated that computers or similar equipment will be seized, officers should request that computer forensic examiners assist with seizing computers and related evidence. If a forensic examiner is unavailable, officers should take reasonable steps to prepare for such seizure and use the resources that are available.

600.7   INVESTIGATIVE USE OF SOCIAL MEDIA AND INTERNET SOURCES  
Use of social media and any other Internet source to access information for the purpose of criminal investigation shall comply with applicable laws and policies regarding privacy, civil rights and civil liberties. Information gathered via the Internet should only be accessed by members while on-duty and for purposes related to the mission of this department. If a member encounters information relevant to a criminal investigation while off-duty or while using his/her own equipment, the member should note the dates, times and locations of the information and report the discovery to his/her supervisor as soon as practicable. The member, or others who have been assigned to do so, should attempt to replicate the finding when on-duty and using department equipment. Information obtained via the Internet should not be archived or stored in any manner other than department-established record keeping systems (see the Records Maintenance and Release and the Criminal Organizations policies).

600.7.1   ACCESS RESTRICTIONS  
Information that can be accessed from any department computer, without the need of an account, password, email address, alias or other identifier (unrestricted websites), may be accessed and used for legitimate investigative purposes without supervisory approval.

Accessing information from any Internet source that requires the use or creation of an account, password, email address, alias or other identifier, or the use of nongovernment IP addresses, requires supervisor approval prior to access. The supervisor will review the justification for accessing the information and consult with legal counsel as necessary to identify any policy or legal restrictions. Any such access and the supervisor approval shall be documented in the related investigative report.

Accessing information that requires the use of a third party’s account or online identifier requires supervisor approval and the consent of the third party. The consent must be voluntary and shall be documented in the related investigative report.

Information gathered from any Internet source should be evaluated for its validity, authenticity, accuracy and reliability. Corroborative evidence should be sought and documented in the related investigative report.

Any information collected in furtherance of an investigation through an Internet source should be documented in the related report. Documentation should include the source of information and the dates and times that the information was gathered.
600.7.2 INTERCEPTING ELECTRONIC COMMUNICATION
Interception of social media communications in real time may be subject to federal and state wiretap laws. Officers should seek legal counsel before any such interception.

600.8 MODIFICATION OF CHARGES FILED
Members are not authorized to recommend to the prosecutor or to any other official of the court that charges on a pending case be amended or dismissed without the authorization of a Division Commander or the Chief of Police. Any authorized request to modify the charges or to recommend dismissal of charges shall be made to the prosecutor.

600.9 CELLULAR COMMUNICATIONS INTERCEPTION TECHNOLOGY
The Investigative Services Division Commander is responsible for ensuring the following for cellular communications interception technology operations (Government Code § 53166):

(a) Security procedures are developed to protect information gathered through the use of the technology.

(b) A usage and privacy policy is developed that includes:
   1. The purposes for which using cellular communications interception technology and collecting information is authorized.
   2. Identification by job title or other designation of employees who are authorized to use or access information collected through the use of cellular communications interception technology.
   3. Training requirements necessary for those authorized employees.
   4. A description of how the Department will monitor the use of its cellular communications interception technology to ensure the accuracy of the information collected and compliance with all applicable laws.
   5. Process and time period system audits.
   6. Identification of the existence of any memorandum of understanding or other agreement with any other local agency or other party for the shared use of cellular communications interception technology or the sharing of information collected through its use, including the identity of signatory parties.
   7. The purpose, process for and restrictions on the sharing of information gathered through the use of cellular communications interception technology with other local agencies and persons.
   8. The length of time information gathered through the use of cellular communications interception technology will be retained, and the process the local agency will utilize to determine if and when to destroy retained information.

Members shall only use approved devices and usage shall be in compliance with department security procedures, the department’s usage and privacy procedures and all applicable laws.
Sexual Assault Investigations

602.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the investigation of sexual assaults. These guidelines will address some of the unique aspects of such cases and the effects that these crimes have on the victims.

Mandatory notifications requirements are addressed in the Child Abuse and Adult Abuse policies.

602.1.1 DEFINITIONS
Definitions related to this policy include:

Sexual assault - Any crime or attempted crime of a sexual nature, to include, but not limited to, offenses defined in Penal Code § 243.4, Penal Code § 261 et seq., and Penal Code § 285 et seq.

Sexual Assault Response Team (SART) - A multidisciplinary team generally comprised of advocates, law enforcement officers; forensic medical examiners, including sexual assault forensic examiners (SAFEs) or sexual assault nurse examiners (SANEs) if possible; forensic laboratory personnel; and prosecutors. The team is designed to coordinate a broad response to sexual assault victims.

602.2 POLICY
It is the policy of the Laguna Beach Police Department that its members, when responding to reports of sexual assaults, will strive to minimize the trauma experienced by the victims, and will aggressively investigate sexual assaults, pursue expeditious apprehension and conviction of perpetrators, and protect the safety of the victims and the community.

602.3 QUALIFIED INVESTIGATORS
Qualified investigators should be available for assignment of sexual assault investigations. These investigators should:

(a) Have specialized training in, and be familiar with, interview techniques and the medical and legal issues that are specific to sexual assault investigations.
(b) Conduct follow-up interviews and investigation.
(c) Present appropriate cases of alleged sexual assault to the prosecutor for review.
(d) Coordinate with other enforcement agencies, social service agencies and medical personnel as needed.
(e) Provide referrals to therapy services, victim advocates and support for the victim.
(f) Participate in or coordinate with SART.
602.4 REPORTING
In all reported or suspected cases of sexual assault, a report should be written and assigned for follow-up investigation. This includes incidents in which the allegations appear unfounded or unsubstantiated.

602.5 RELEASING INFORMATION TO THE PUBLIC
In cases where the perpetrator is not known to the victim, and especially if there are multiple crimes where more than one appear to be related, consideration should be given to releasing information to the public whenever there is a reasonable likelihood that doing so may result in developing helpful investigative leads. The Investigative Bureau supervisor should weigh the risk of alerting the suspect to the investigation with the need to protect the victim and the public, and to prevent more crimes.

602.6 TRAINING
Subject to available resources, periodic training will be provided to:

(a) Members who are first responders. Training should include:
1. Initial response to sexual assaults.
2. Legal issues.
3. Victim advocacy.
4. Victim’s response to trauma.

(b) Qualified investigators who should receive advanced training on additional topics. Advanced training should include:
1. Interviewing sexual assault victims.
2. SART.
3. Medical and legal aspects of sexual assault investigations.
4. Serial crimes investigations.
5. Use of community and other federal and state investigative resources, such as the Violent Criminal Apprehension Program (ViCAP).
6. Techniques for communicating with victims to minimize trauma.

602.7 VICTIM INTERVIEWS
The primary considerations in sexual assault investigations, which begin with the initial call to Dispatch, should be the health and safety of the victim, the preservation of evidence, and preliminary interviews to determine if a crime has been committed and to attempt to identify the suspect.

Whenever possible, a member of SART should be included in the initial victim interviews. An in-depth follow-up interview should not be conducted until after the medical and forensic examinations are completed and the personal needs of the victim have been met (e.g., change
Sexual Assault Investigations

of clothes, bathing). The follow-up interview may be delayed to the following day based upon the circumstances. Whenever practicable, the follow-up interview should be conducted by a qualified investigator.

No opinions of whether the case is unfounded shall be included in the report.

Victims shall not be asked or required to take a polygraph examination (42 USC § 3796gg-8; Penal Code § 637.4).

Victims should be apprised of applicable victim’s rights provisions, as outlined in the Victim and Witness Assistance Policy.

602.7.1 VICTIM RIGHTS
Whenever there is an alleged sexual assault the assigned officer shall accomplish the following:

(a) Advise the victim of the right to have a victim advocate and a support person present at any interview by law enforcement as provided in Penal Code § 679.04.

(b) If the victim is transported to a hospital for any medical evidentiary or physical examination, the officer shall immediately cause the local rape victim counseling center to be notified (Penal Code § 264.2(b)(1)).

1. Prior to any such examination the assigned officer shall ensure that the victim has been properly informed of his/her right to have a sexual assault victim counselor and at least one other support person present (Penal Code § 264.2(b)(2)).

2. A support person may be excluded from the examination by the officer or the medical provider if his/her presence would be detrimental to the purpose of the examination (Penal Code § 264.2(b)(4)).

602.7.2 VICTIM CONFIDENTIALITY
Officers investigating or receiving a report of an alleged sex offense shall inform the victim, or the victim’s parent or guardian if the victim is a minor, that his/her name will become a matter of public record unless the victim requests that his/her name not be made public. The reporting officer shall document in his/her report that the victim was properly informed and shall include any related response made by the victim, or if a minor, any response made by the victim’s parent or guardian (Penal Code § 293).

Except as authorized by law, members of this department shall not publicly disclose the name of any victim of a sex crime who has exercised his/her right to confidentiality (Penal Code § 293).

602.8 COLLECTION AND TESTING OF BIOLOGICAL EVIDENCE
Whenever possible, a SART member should be involved in the collection of forensic evidence from the victim.

When the facts of the case indicate that collection of biological evidence is warranted, it should be collected regardless of how much time has elapsed since the reported assault.
If a drug-facilitated sexual assault is suspected, urine and blood samples should be collected from the victim as soon as practicable.

Subject to requirements set forth in this policy, biological evidence from all sexual assault cases, including cases where the suspect is known by the victim, should be submitted for testing.

Victims who choose not to assist with an investigation, do not desire that the matter be investigated or wish to remain anonymous may still consent to the collection of evidence under their control. In these circumstances, the evidence should be collected and stored appropriately.

602.8.1 COLLECTION AND TESTING REQUIREMENTS
Members investigating a sexual assault offense should take every reasonable step to ensure that DNA testing of such evidence is performed in a timely manner and within the time periods prescribed by Penal Code § 803(g). Generally, rape kits should be submitted to the crime lab within 20 days after being booked into evidence (Penal Code § 680).

In order to maximize the effectiveness of such testing and identify the perpetrator of any sexual assault, the assigned officer should further ensure that the results of any such test have been timely entered into and checked against both the Department of Justice Cal-DNA database and the Combined DNA Index System (CODIS).

If, for any reason, DNA evidence in a sexual assault case in which the identity of the perpetrator is in issue and is not going to be analyzed within 18 months of the crime, the assigned officer shall notify the victim of such fact in writing no less than 60 days prior to the expiration of the 18 month period (Penal Code § 680(d)).

602.8.2 DNA TEST RESULTS
A SART member should be consulted regarding the best way to deliver biological testing results to a victim so as to minimize victim trauma, especially in cases where there has been a significant delay in getting biological testing results (e.g., delays in testing the evidence or delayed DNA databank hits). Members should make reasonable efforts to assist the victim by providing available information on local assistance programs and organizations as provided in the Victim and Witness Assistance policy.

(a) Upon receipt of a written request from a sexual assault victim or the victim’s authorized designee, members investigating sexual assault cases may inform the victim of the status of the DNA testing of any evidence from the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. Absent a written request, no member of this department is required to, but may, communicate with the victim or the victim’s authorized designee regarding the status of any DNA testing.
Sexual Assault Investigations

(b) Subject to the commitment of sufficient resources to respond to requests for information, sexual assault victims shall further have the following rights (Penal Code § 680):

1. To be informed if a DNA profile of the assailant was obtained from the testing of the rape kit or other crime scene evidence from their case.

2. To be informed if there is a match between the DNA profile of the assailant developed from the evidence and a DNA profile contained in the Department of Justice Convicted Offender DNA Database, providing that disclosure would not impede or compromise an ongoing investigation.

3. To be informed if the DNA profile of the assailant developed from the evidence has been entered into the Department of Justice Databank of case evidence.

(c) Provided that the sexual assault victim or the victim's authorized designee has kept the assigned officer informed with regard to current address, telephone number and email address (if available), any victim or the victim’s authorized designee shall, upon request, be advised of any known significant changes regarding the victim’s case (Penal Code § 680).

1. Although such information may be communicated orally, the assigned officer should thereafter follow-up with and retain a copy of confirmation by either written or electronic mail.

2. No officer shall be required or expected to release any information which might impede or compromise any ongoing investigation.

602.8.3 DESTRUCTION OF EVIDENCE
Any destruction of evidence related to a sexual assault shall occur only after victim notification is made as required pursuant to Penal Code § 680 and only in compliance with the Property and Evidence Policy.

602.9 DISPOSITION OF CASES
If the assigned investigator has reason to believe the case is without merit, the case may be classified as unfounded only upon review and approval of the Investigative Bureau supervisor.

Classification of a sexual assault case as unfounded requires the Investigative Bureau supervisor to determine that the facts have significant irregularities with reported information and that the incident could not have happened as it was reported. When a victim has recanted his/her original statement, there must be corroborating evidence that the allegations were false or baseless (i.e., no crime occurred) before the case should be determined as unfounded.

602.10 CASE REVIEW
The Investigative Bureau supervisor should ensure case dispositions are reviewed on a periodic basis, at least annually, using an identified group that is independent of the investigation process. The reviews should include an analysis of:

- Case dispositions.
Sexual Assault Investigations

- Decisions to collect biological evidence.
- Submissions of biological evidence for lab testing.

The SART and/or victim advocates should be considered for involvement in this audit. Summary reports on these reviews should be forwarded through the chain of command to the Chief of Police.
Asset Forfeiture

606.1 PURPOSE AND SCOPE
This policy describes the authority and procedure for the seizure, forfeiture and liquidation of property associated with designated offenses.

606.1.1 DEFINITIONS
Definitions related to this policy include:

Fiscal agent - The person designated by the Chief of Police to be responsible for securing and maintaining seized assets and distributing any proceeds realized from any forfeiture proceedings. This includes any time the Laguna Beach Police Department seizes property for forfeiture or when the Laguna Beach Police Department is acting as the fiscal agent pursuant to a multi-agency agreement.

Forfeiture - The process by which legal ownership of an asset is transferred to a government or other authority.

Forfeiture reviewer - The department member assigned by the Chief of Police who is responsible for reviewing all forfeiture cases and for acting as the liaison between the Department and the assigned attorney.

Property subject to forfeiture - The following may be subject to forfeiture:

(a) Property related to a narcotics offense, which includes (Health and Safety Code § 11470; Health and Safety Code § 11470.1):

1. Property (not including real property or vehicles) used, or intended for use, as a container for controlled substances, materials to manufacture controlled substances, etc.

2. Interest in a vehicle (car, boat, airplane, other vehicle) used to facilitate the manufacture, possession for sale or sale of specified quantities of controlled substances.

3. Money, negotiable instruments, securities or other things of value furnished or intended to be furnished by any person in exchange for a controlled substance, proceeds traceable to an exchange, etc.

4. Real property when the owner is convicted of violating Health and Safety Code § 11366, Health and Safety Code § 11366.5 or Health and Safety Code § 11366.6 (drug houses) when the property was not used as a family residence or for other lawful purposes, or property owned by two or more persons, one of whom had no knowledge of its unlawful use.

5. The expenses of seizing, eradicating, destroying or taking remedial action with respect to any controlled substance or its precursors upon conviction for the unlawful manufacture or cultivation of any controlled substance or its precursors.
Asset Forfeiture

(b) Property related to criminal profiteering (may include gang crimes), to include (Penal Code § 186.2; Penal Code § 186.3):

1. Any property interest, whether tangible or intangible, acquired through a pattern of criminal profiteering activity.

2. All proceeds acquired through a pattern of criminal profiteering activity, including all things of value that may have been received in exchange for the proceeds immediately derived from the pattern of criminal profiteering activity.

Seizure - The act of law enforcement officials taking property, cash or assets that have been used in connection with or acquired by specified illegal activities.

606.2 POLICY
The Laguna Beach Police Department recognizes that appropriately applied forfeiture laws are helpful to enforce the law, deter crime and reduce the economic incentive of crime. However, the potential for revenue should never compromise the effective investigation of criminal offenses, officer safety or any person’s due process rights.

It is the policy of the Laguna Beach Police Department that all members, including those assigned to internal or external law enforcement task force operations, shall comply with all state and federal laws pertaining to forfeiture.

606.3 ASSET SEIZURE
Property may be seized for forfeiture as provided in this policy.

606.3.1 PROPERTY SUBJECT TO SEIZURE
The following may be seized upon review and approval of a supervisor and in coordination with the forfeiture reviewer:

(a) Property subject to forfeiture authorized for seizure under the authority of a search warrant or court order.

(b) Property subject to forfeiture not authorized for seizure under the authority of a search warrant or court order when any of the following apply (Health and Safety Code § 11471; Health and Safety Code § 11488):

1. The property subject to forfeiture is legally seized incident to an arrest.

2. There is probable cause to believe that the property was used or is intended to be used in a violation of the Uniform Controlled Substances Act and the seizing officer can articulate a nexus between the property and the controlled substance offense that would lead to the item being property subject for forfeiture.

Officers aware of assets that may be forfeitable as a result of criminal profiteering or human trafficking should consider contacting the district attorney regarding a court order to protect the assets (Penal Code § 186.6; Penal Code § 236.6).
Asset Forfeiture

Whenever practicable, a search warrant or court order for seizure prior to making a seizure is the preferred method.

A large amount of money standing alone is insufficient to establish the probable cause required to make a seizure.

606.3.2 PROPERTY NOT SUBJECT TO SEIZURE
The following property should not be seized for forfeiture:

(a) Cash and property that does not meet the forfeiture counsel’s current minimum forfeiture thresholds should not be seized.

(b) Real property is not subject to seizure, absent exigent circumstances, without a court order (Health and Safety Code § 11471).

(c) A vehicle which may be lawfully driven on the highway if there is a community property interest in the vehicle by a person other than the suspect and the vehicle is the sole vehicle available to the suspect’s immediate family (Health and Safety Code § 11470).

(d) Vehicles, boats or airplanes owned by an “innocent owner,” such as a common carrier with no knowledge of the suspected offense (Health and Safety Code § 11490).

(e) Any property when the associated activity involves the possession of marijuana or related paraphernalia that is permissible under the Control, Regulate and Tax Adult Use of Marijuana Act (Health and Safety Code § 11362.1).

606.4 PROCESSING SEIZED PROPERTY FOR FORFEITURE PROCEEDINGS
When property or cash subject to this policy is seized, the officer making the seizure should ensure compliance with the following:

(a) Complete applicable seizure forms and present the appropriate copy to the person from whom the property is seized. If cash or property is seized from more than one person, a separate copy must be provided to each person, specifying the items seized. When property is seized and no one claims an interest in the property, the officer must leave the copy in the place where the property was found, if it is reasonable to do so.

(b) Complete and submit a report and original seizure forms within 24 hours of the seizure, if practicable.

(c) Forward the original seizure forms and related reports to the forfeiture reviewer within two days of seizure.

The officer will book seized property as evidence with the notation in the comment section of the property form, “Seized Subject to Forfeiture.” Property seized subject to forfeiture should be booked on a separate property form. No other evidence from the case should be booked on this form.

Photographs should be taken of items seized, particularly cash, jewelry and other valuable items.
Asset Forfeiture

Officers who suspect property may be subject to seizure but are not able to seize the property (e.g., the property is located elsewhere, the whereabouts of the property is unknown, it is real estate, bank accounts, non-tangible assets) should document and forward the information in the appropriate report to the forfeiture reviewer.

606.5 MAINTAINING SEIZED PROPERTY
The Property Office Supervisor is responsible for ensuring compliance with the following:

(a) All property received for forfeiture is reasonably secured and properly stored to prevent waste and preserve its condition.

(b) All property received for forfeiture is checked to determine if the property has been stolen.

(c) All property received for forfeiture is retained in the same manner as evidence until forfeiture is finalized or the property is returned to the claimant or the person with an ownership interest.

(d) Property received for forfeiture is not used unless the forfeiture action has been completed.

606.6 FORFEITURE REVIEWER
The Chief of Police will appoint an officer as the forfeiture reviewer. Prior to assuming duties, or as soon as practicable thereafter, the forfeiture reviewer should attend a department-approved course on asset forfeiture.

The responsibilities of the forfeiture reviewer include:

(a) Remaining familiar with forfeiture laws, particularly Health and Safety Code § 11469 et seq. and Penal Code § 186.2 et seq. and the forfeiture policies of the forfeiture counsel.

(b) Serving as the liaison between the Department and the forfeiture counsel and ensuring prompt legal review of all seizures.

(c) Making reasonable efforts to obtain annual training that includes best practices in pursuing, seizing and tracking forfeitures.

(d) Ensuring that property seized under state law is not referred or otherwise transferred to a federal agency seeking the property for federal forfeiture as prohibited by Health and Safety Code § 11471.2.

(e) Ensuring that responsibilities, including the designation of a fiscal agent, are clearly established whenever multiple agencies are cooperating in a forfeiture case.

(f) Ensuring that seizure forms are available and appropriate for department use. These should include notice forms, a receipt form and a checklist that provides relevant
Asset Forfeiture

guidance to officers. The forms should be available in languages appropriate for the region and should contain spaces for:

1. Names and contact information for all relevant persons and law enforcement officers involved.

2. Information as to how ownership or other property interests may have been determined (e.g., verbal claims of ownership, titles, public records).

3. A space for the signature of the person from whom cash or property is being seized.

4. A tear-off portion or copy, which should be given to the person from whom cash or property is being seized, that includes the legal authority for the seizure, information regarding the process to contest the seizure and a detailed description of the items seized.

(g) Ensuring that officers who may be involved in asset forfeiture receive training in the proper use of the seizure forms and the forfeiture process. The training should be developed in consultation with the appropriate legal counsel and may be accomplished through traditional classroom education, electronic media, Daily Training Bulletins (DTBs) or Department Directives. The training should cover this policy and address any relevant statutory changes and court decisions.

(h) Reviewing each asset forfeiture case to ensure that:

1. Written documentation of the seizure and the items seized is in the case file.

2. Independent legal review of the circumstances and propriety of the seizure is made in a timely manner.

3. Notice of seizure has been given in a timely manner to those who hold an interest in the seized property (Health and Safety Code § 11488.4).

4. Property is promptly released to those entitled to its return (Health and Safety Code § 11488.2).

5. All changes to forfeiture status are forwarded to any supervisor who initiates a forfeiture case.

6. Any cash received is deposited with the fiscal agent.

7. Assistance with the resolution of ownership claims and the release of property to those entitled is provided.

8. Current minimum forfeiture thresholds are communicated appropriately to officers.

9. This policy and any related policies are periodically reviewed and updated to reflect current federal and state statutes and case law.
Asset Forfeiture

(i) Ensuring that a written plan that enables the Chief of Police to address any extended absence of the forfeiture reviewer, thereby ensuring that contact information for other law enforcement officers and attorneys who may assist in these matters is available.

(j) Ensuring that the process of selling or adding forfeited property to the department’s regular inventory is in accordance with all applicable laws and consistent with the department’s use and disposition of similar property.

(k) Keeping a manual that details the statutory grounds for forfeitures and department procedures related to asset forfeiture, including procedures for prompt notice to interest holders, the expeditious release of seized property, where appropriate, and the prompt resolution of claims of innocent ownership (Health and Safety Code § 11469).

(l) Providing copies of seized business records to the person or business from whom such records were seized, when requested (Health and Safety Code §11471).

(m) Notifying the California Franchise Tax Board when there is reasonable cause to believe that the value of seized property exceeds $5,000.00 (Health and Safety Code § 11471.5).

Forfeiture proceeds should be maintained in a separate fund or account subject to appropriate accounting control, with regular reviews or audits of all deposits and expenditures.

Forfeiture reporting and expenditures should be completed in the manner prescribed by the law and City financial directives (Health and Safety Code § 11495).

606.7 DISPOSITION OF FORFEITED PROPERTY
Forfeited funds distributed under Health and Safety Code § 11489 et seq. shall only be used for purposes allowed by law, but in no case shall a peace officer’s employment or salary depend upon the level of seizures or forfeitures he/she achieves (Heath and Safety Code § 11469).

The Department may request a court order so that certain uncontaminated science equipment is relinquished to a school or school district for science classroom education in lieu of destruction (Health and Safety Code § 11473; Health and Safety Code § 11473.5).

606.7.1 RECEIVING EQUITABLE SHARES
When participating in a joint investigation with a federal agency, the Laguna Beach Police Department shall not receive an equitable share from the federal agency of all or a portion of the forfeiture proceeds absent either a required conviction under Health and Safety Code § 11471.2 or the flight, death or willful failure to appear of the defendant. This does not apply to forfeited cash or negotiable instruments of $40,000 or more.

606.8 CLAIM INVESTIGATIONS
An investigation shall be made as to any claimant of a vehicle, boat or airplane whose right, title, interest or lien is on the record in the Department of Motor Vehicles or in an appropriate federal agency. If investigation reveals that any person, other than the registered owner, is the legal
owner, and that ownership did not arise subsequent to the date and time of arrest or notification of the forfeiture proceedings or seizure of the vehicle, boat or airplane, notice shall be made to the legal owner at his/her address appearing on the records of the Department of Motor Vehicles or the appropriate federal agency (Health and Safety Code § 11488.4).
Informants

608.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidelines for the use of informants.

608.1.1 DEFINITIONS
Definitions related to this policy include:

Informant - A person who covertly interacts with other individuals or suspects at the direction of, request of, or by agreement with the Laguna Beach Police Department for law enforcement purposes. This also includes a person agreeing to supply information to the Laguna Beach Police Department for a benefit (e.g., a quid pro quo in the form of a reduced criminal penalty, money).

608.2 USE OF INFORMANTS

608.2.1 JUVENILE INFORMANTS
The use of informants under the age of 13 is prohibited.

Except for the enforcement of laws related to the commercial sale of alcohol or tobacco products, the use of any juvenile 13 years of age or older as an informant is only permitted when authorized by court order (Penal Code § 701.5).

In all cases, a juvenile 13 years of age or older may only be used as an informant with the written consent of each of the following:

(a) The juvenile’s parents or legal guardians
(b) The juvenile’s attorney, if any
(c) The court in which the juvenile’s case is being handled, if applicable
(d) The Chief of Police or the authorized designee

608.2.2 INITIAL APPROVAL
Before using an individual as an informant, an officer must receive approval from the Investigative Services Supervisor. The officer shall compile sufficient information through a background investigation and experience with the informant in order to determine the suitability of the individual, including age, maturity and risk of physical harm, as well as any indicators of his/her reliability and credibility.

Members of this department should not guarantee absolute safety or confidentiality to an informant.

608.2.3 INFORMANT AGREEMENTS
All informants are required to sign and abide by the provisions of the designated department informant agreement. The officer using the informant shall discuss each of the provisions of the agreement with the informant.
Details of the agreement are to be approved in writing by the Investigative Services Supervisor before being finalized with the informant.

### 608.3 INFORMANT INTEGRITY
To maintain the integrity of the informant process, the following must be adhered to:

- **(a)** The identity of an informant acting in a confidential capacity shall not be withheld from the Chief of Police, Division Commander, Investigative Services Supervisor or their authorized designees.
  1. Identities of informants acting in a confidential capacity shall otherwise be kept confidential.
- **(b)** Criminal activity by informants shall not be condoned.
- **(c)** Informants shall be told they are not acting as police officers, employees or agents of the Laguna Beach Police Department, and that they shall not represent themselves as such.
- **(d)** The relationship between department members and informants shall always be ethical and professional.
  1. Members shall not become intimately involved with an informant.
  2. Social contact shall be avoided unless it is necessary to conduct an official investigation, and only with prior approval of the Investigative Services Supervisor.
  3. Members shall neither solicit nor accept gratuities or engage in any private business transaction with an informant.
- **(e)** Officers shall not meet with informants in a private place unless accompanied by at least one additional officer or with prior approval of the Investigative Services Supervisor.
  1. Officers may meet informants alone in an occupied public place, such as a restaurant.
- **(f)** When contacting informants for the purpose of making payments, officers shall arrange for the presence of another officer.
- **(g)** In all instances when department funds are paid to informants, a voucher shall be completed in advance, itemizing the expenses.
- **(h)** Since the decision rests with the appropriate prosecutor, officers shall not promise that the informant will receive any form of leniency or immunity from criminal prosecution.

### 608.3.1 UNSUITABLE INFORMANTS
The suitability of any informant should be considered before engaging him/her in any way in a covert or other investigative process. Members who become aware that an informant may be unsuitable will notify the Investigative Services Supervisor, who will initiate a review to determine suitability. Until a determination has been made by the Investigative Services Supervisor, the informant should not be used by any member. The Investigative Services Supervisor shall
Informants

determine whether the informant should be used by the Department and, if so, what conditions will be placed on his/her participation or any information the informant provides. The Investigative Services Supervisor shall document the decision and conditions in file notes and mark the file “unsuitable” when appropriate.

Considerations for determining whether an informant is unsuitable include, but are not limited to, the following:

(a) The informant has provided untruthful or unreliable information in the past.
(b) The informant behaves in a way that may endanger the safety of an officer.
(c) The informant reveals to suspects the identity of an officer or the existence of an investigation.

(e) The informant creates officer-safety issues by providing information to multiple law enforcement agencies simultaneously, without prior notification and approval of each agency.
(f) The informant engages in any other behavior that could jeopardize the safety of officers or the integrity of a criminal investigation.
(g) The informant commits criminal acts subsequent to entering into an informant agreement.

608.4 INFORMANT FILES
Informant files shall be utilized as a source of background information about the informant, to enable review and evaluation of information provided by the informant, and to minimize incidents that could be used to question the integrity of department members or the reliability of the informant.

Informant files shall be maintained in a secure area within the Investigation Bureau. The Investigative Services Supervisor or the authorized designee shall be responsible for maintaining informant files. Access to the informant files shall be restricted to the Chief of Police, Division Commander, Investigative Services Supervisor or their authorized designees.

The Investigative Services Division Commander should arrange for an audit using a representative sample of randomly selected informant files on a periodic basis, but no less than one time per year. If the Investigative Services Supervisor is replaced, the files will be audited before the new supervisor takes over management of the files. The purpose of the audit is to ensure compliance with file content and updating provisions of this policy. The audit should be conducted by a supervisor who does not have normal access to the informant files.

608.4.1 FILE SYSTEM PROCEDURE
A separate file shall be maintained on each informant and shall be coded with an assigned informant control number. An informant history that includes the following information shall be prepared for each file:
Informants

(d) Photograph
(e) Current home address and telephone numbers
(f) Current employers, positions, addresses and telephone numbers
(g) Vehicles owned and registration information
(h) Places frequented
(i) Briefs of information provided by the informant and his/her subsequent reliability

(j) Name of the officer initiating use of the informant
(k) Signed informant agreement
(l) Update on active or inactive status of informant

608.5 INFORMANT PAYMENTS
No informant will be told in advance or given an exact amount or percentage for his/her service. The amount of funds to be paid to any informant will be evaluated against the following criteria:

- The extent of the informant's personal involvement in the case
- The significance, value or effect on crime
- The value of assets seized
- The quantity of the drugs or other contraband seized
- The informant's previous criminal activity
- The level of risk taken by the informant

The Investigative Services Supervisor will discuss the above factors with the Patrol Division Commander and recommend the type and level of payment subject to approval by the Chief of Police.

608.5.1 PAYMENT PROCESS
Approved payments to an informant should be in cash using the following process:

(a) Payments of $500 and under may be paid in cash from a Investigation Bureau buy/expense fund.
   1. The Investigative Services Supervisor shall sign the voucher for cash payouts from the buy/expense fund.
Informants

(b) Payments exceeding $500 shall be made by issuance of a check, payable to the officer who will be delivering the payment.
   1. The check shall list the case numbers related to and supporting the payment.

   3. The cash transfer form will be kept in the informant's file.

608.5.2 REPORTING OF PAYMENTS
Each informant receiving a cash payment shall be advised of his/her responsibility to report the cash to the Internal Revenue Service (IRS) as income. If funds distributed exceed $600 in any reporting year, the informant should be provided IRS Form 1099 (26 CFR 1.6041-1). If such documentation or reporting may reveal the identity of the informant and by doing so jeopardize any investigation, the safety of officers or the safety of the informant (26 CFR 1.6041-3), then IRS Form 1099 should not be issued.

In such cases, the informant shall be provided a letter identifying the amount he/she must report on a tax return as “other income” and shall be required to provide a signed acknowledgement of receipt of the letter. The completed acknowledgement form and a copy of the letter shall be retained in the informant’s file.

608.5.3 AUDIT OF PAYMENTS
The Investigative Services Supervisor or the authorized designee shall be responsible for compliance with any audit requirements associated with grant provisions and applicable state and federal law.

At least once every six months, the Chief of Police or the authorized designee should conduct an audit of all informant funds for the purpose of accountability and security of the funds. The funds
Informants

and related documents (e.g., buy/expense fund records, cash transfer forms, invoices, receipts and logs) will assist with the audit process.

608.6 POLICY
The Laguna Beach Police Department recognizes the value of informants to law enforcement efforts and will strive to protect the integrity of the informant process. It is the policy of this department that all funds related to informant payments will be routinely audited and that payments to informants will be made according to the criteria outlined in this policy.
Narcotic Cash Fund

609.1 PURPOSE AND SCOPE
The purpose of this order is to set forth policy, guidelines, and regulations pertaining to the use, documentation, and maintenance of the Narcotics Cash Fund. It shall be the policy of this department that all employees will comply with all provisions of this order. The Narcotics Cash Fund is an amount of City-provided funds with which to complete controlled narcotics purchases, pay informants, and conduct undercover operations within existing department guidelines.

609.2 PROCEDURES
(a) The Narcotics Cash Fund shall be maintained within the Special Investigations Unit in a cash box.
1. The Narcotics Cash Fund shall remain in a locked cabinet at all times when not in use.
2. Any use of the Narcotics Cash Fund shall be documented in a ledger. The ledger shall document each and every expenditure or addition of monies.
(b) The ledger shall be audited by the Investigative Services Division Commander annually, by the Investigations Division Supervisor at least monthly, and by the assigned Investigation Unit Special Investigators at least quarterly.
1. It shall also be audited immediately upon the re-assignment of a Special Investigator, Investigations Supervisor, or the Investigative Services Division Commander.
2. Any discrepancies in the ledger versus actual monies in the fund shall be reported immediately via chain of commander to the Chief of Police.
(c) Any monies expended via controlled narcotics purchases shall be photo-copied, and the copies attached to the case file with the DR #. This shall then be maintained with the original crime report.
(d) Any monies paid to informants shall be documented via receipt containing the informant's signature, the signature of the delivering officer, the date, and the amount expended. This receipt shall then be retained within the ledger until otherwise authorized by the Investigative Services Division Commander.
(e) Any monies reimbursed to officers for informant payment, food for informants, etc. shall also be documented by receipt and by advising the Investigations Division Supervisor.
(f) Monies expended by members other than the Special Investigations Unit shall be at the direction of the Investigations Division Supervisor.
Narcotic Cash Fund

(g) There shall be no "borrowing" or "lending" of any type, of the monies in the Narcotics Cash Fund.
Eyewitness Identification

610.1 PURPOSE AND SCOPE
This policy sets forth guidelines to be used when members of this department employ eyewitness identification techniques.

610.1.1 DEFINITIONS
Definitions related to the policy include:

**Eyewitness identification process** - Any field identification, live lineup or photographic identification.

**Field identification** - A live presentation of a single individual to a witness following the commission of a criminal offense for the purpose of identifying or eliminating the person as the suspect.

**Live lineup** - A live presentation of individuals to a witness for the purpose of identifying or eliminating an individual as the suspect.

**Photographic lineup** - Presentation of photographs to a witness for the purpose of identifying or eliminating an individual as the suspect.

610.2 POLICY
The Laguna Beach Police Department will strive to use eyewitness identification techniques, when appropriate, to enhance the investigative process and will emphasize identifying persons responsible for crime and exonerating the innocent.

610.3 INTERPRETIVE SERVICES
Members should make a reasonable effort to arrange for an interpreter before proceeding with eyewitness identification if communication with a witness is impeded due to language or hearing barriers.

Before the interpreter is permitted to discuss any matter with the witness, the investigating member should explain the identification process to the interpreter. Once it is determined that the interpreter comprehends the process and can explain it to the witness, the eyewitness identification may proceed as provided for within this policy.

610.4 EYEWITNESS IDENTIFICATION PROCESS AND FORM
The Investigative Bureau supervisor shall be responsible for the development and maintenance of an eyewitness identification process for use by members when they are conducting eyewitness identifications.

The process should include appropriate forms or reports that provide:

(a) The date, time and location of the eyewitness identification procedure.

(b) The name and identifying information of the witness.
Eyewitness Identification

(c) The name of the person administering the identification procedure.

(d) If applicable, the names of all of the individuals present during the identification procedure.

(e) An instruction to the witness that it is as important to exclude innocent persons as it is to identify a perpetrator.

(f) An instruction to the witness that the perpetrator may or may not be among those presented and that the witness is not obligated to make an identification.

(g) If the identification process is a photographic or live lineup, an instruction to the witness that the perpetrator may not appear exactly as he/she did on the date of the incident.

(h) An instruction to the witness that the investigation will continue regardless of whether an identification is made by the witness.

(i) A signature line where the witness acknowledges that he/she understands the identification procedures and instructions.

(j) A statement from the witness in the witness's own words describing how certain he/she is of the identification or non-identification. This statement should be taken at the time of the identification procedure.

The process and related forms should be reviewed at least annually and modified when necessary.

610.5 EYEWITNESS IDENTIFICATION

Members are cautioned not to, in any way, influence a witness as to whether any subject or photo presented in a lineup is in any way connected to the case.

Members should avoid mentioning that:

- The individual was apprehended near the crime scene.
- The evidence points to the individual as the suspect.
- Other witnesses have identified or failed to identify the individual as the suspect.

In order to avoid undue influence, witnesses should view suspects or a lineup individually and outside the presence of other witnesses. Witnesses should be instructed to avoid discussing details of the incident or of the identification process with other witnesses.

Whenever feasible, the eyewitness identification procedure should be audio and/or video recorded and the recording should be retained according to current evidence procedures.

610.6 DOCUMENTATION

A thorough description of the eyewitness process and the results of any eyewitness identification should be documented in the case report.
Eyewitness Identification

If a photographic lineup is utilized, a copy of the photographic lineup presented to the witness should be included in the case report. In addition, the order in which the photographs were presented to the witness should be documented in the case report.

610.7 PHOTOGRAPHIC LINEUP AND LIVE LINEUP CONSIDERATIONS
When practicable, the member presenting the lineup should not be involved in the investigation of the case or know the identity of the suspect. In no case should the member presenting a lineup to a witness know which photograph or person in the lineup is being viewed by the witness. Techniques to achieve this include randomly numbering photographs, shuffling folders or using a computer program to order the persons in the lineup.

Individuals in the lineup should reasonably match the description of the perpetrator provided by the witness and should bear similar characteristics to avoid causing any person to unreasonably stand out. In cases involving multiple suspects, a separate lineup should be conducted for each suspect. The suspects should be placed in a different order within each lineup.

The member presenting the lineup should do so sequentially (i.e., show the witness one person at a time) and not simultaneously. The witness should view all persons in the lineup.

A live lineup should only be used before criminal proceedings have been initiated against the suspect. If there is any question as to whether any criminal proceedings have begun, the investigating member should contact the appropriate prosecuting attorney before proceeding.

610.8 FIELD IDENTIFICATION CONSIDERATIONS
Field identifications, also known as field elimination show-ups or one-on-one identifications, may be helpful in certain cases, where exigent circumstances make it impracticable to conduct a photo or live lineup identifications. A field elimination or show-up identification should not be used when independent probable cause exists to arrest a suspect. In such cases a live or photo lineup is the preferred course of action if eyewitness identification is contemplated.

When initiating a field identification, the member should observe the following guidelines:

(a) Obtain a complete description of the suspect from the witness.

(b) Assess whether a witness should be included in a field identification process by considering:

1. The length of time the witness observed the suspect.
2. The distance between the witness and the suspect.
3. Whether the witness could view the suspect’s face.
4. The quality of the lighting when the suspect was observed by the witness.
5. Whether there were distracting noises or activity during the observation.
6. Any other circumstances affecting the witness’s opportunity to observe the suspect.
7. The length of time that has elapsed since the witness observed the suspect.

(c) If safe and practicable, the person who is the subject of the show-up should not be handcuffed or in a patrol vehicle.

(d) When feasible, members should bring the witness to the location of the subject of the show-up, rather than bring the subject of the show-up to the witness.

(e) The person who is the subject of the show-up should not be shown to the same witness more than once.

(f) In cases involving multiple suspects, witnesses should only be permitted to view the subjects of the show-up one at a time.

(g) The person who is the subject of the show-up should not be required to put on clothing worn by the suspect, to speak words uttered by the suspect or to perform other actions mimicking those of the suspect.

(h) If a witness positively identifies a subject of the show-up as the suspect, members should not conduct any further field identifications with other witnesses for that suspect. In such instances members should document the contact information for any additional witnesses for follow up, if necessary.
Confidential Financial Disclosure Statement

611.1 PURPOSE AND SCOPE
The purpose of this order is to establish policy and procedures to be used in the filing and review of Confidential Financial Disclosure Statements of personnel assigned to the Regional Narcotics Suppression Program (R.N.S.P.), the Special Investigations Unit (S.I.U.), and the Investigative Services Sergeant position. Furthermore, it shall serve as an effort to maintain the trust and confidence of our community, as well as reinforce the high ethical standards of the law enforcement profession.

An assignment to R.N.S.P., S.I.U. or the Investigative Sergeant position requires personnel to process large amounts of narcotics, money, and other evidence and to work closely with confidential informants and funds. It is incumbent upon law enforcement agencies that they establish procedural safeguards to ensure that appropriate checks and balances are in place for the protection of the agency and employees.

It shall be the policy of the Laguna Beach Police Department to require personnel assigned to R.N.S.P., S.I.U., or the Investigative Sergeant’s position to comply with the provisions set forth and to complete financial disclosure statements.

611.2 PROCEDURES
(a) Reporting Requirements for the Assignments
1. An initial financial disclosure statement (LBPD Form M-177) will be required from personnel prior to assignment to R.N.S.P., S.I.U. or the Investigative Sergeant’s position.
2. A release and waiver form shall be completed and signed by the employee prior to assignment to R.N.S.P., S.I.U., or the Investigative Sergeant’s position.
3. An annual statement will be required from each employee for each year in the assignment.
   (a) Each statement will be accompanied by a credit report obtained by the Investigative Services Clerk.
(b) Review, Maintenance, Audit, and Purge of Documents
   (a) The Chief of Police will be responsible for reviewing and auditing these documents.
   (b) Other audits as necessary may be directed by the Chief of Police.
   (c) The financial disclosure statements are for the exclusive use of the Laguna Beach Police Department and will be maintained in a confidential file in the office of the Chief of Police.
Confidential Financial Disclosure Statement

(d) All statements will be purged two years after an employee has been transferred from R.N.S.P., S.I.U., of the Investigative Sergeant's position.
Brady Material Disclosure

612.1 PURPOSE AND SCOPE
This policy establishes guidelines for identifying and releasing potentially exculpatory or impeachment information (so-called "Brady information") to a prosecuting attorney.

612.1.1 DEFINITIONS
Definitions related to this policy include:

Brady information - Information known or possessed by the Laguna Beach Police Department that is both favorable and material to the current prosecution or defense of a criminal defendant.

612.2 POLICY
The Laguna Beach Police Department will conduct fair and impartial criminal investigations and will provide the prosecution with both incriminating and exculpatory evidence, as well as information that may adversely affect the credibility of a witness. In addition to reporting all evidence of guilt, the Laguna Beach Police Department will assist the prosecution by complying with its obligation to disclose information that is both favorable and material to the defense. The Department will identify and disclose to the prosecution potentially exculpatory information, as provided in this policy.

612.3 DISCLOSURE OF INVESTIGATIVE INFORMATION
Officers must include in their investigative reports adequate investigative information and reference to all material evidence and facts that are reasonably believed to be either incriminating or exculpatory to any individual in the case. If an officer learns of potentially incriminating or exculpatory information any time after submission of a case, the officer or the handling investigator must prepare and submit a supplemental report documenting such information as soon as practicable. Supplemental reports shall be promptly processed and transmitted to the prosecutor’s office.

If information is believed to be privileged or confidential (e.g., confidential informant or protected personnel files), the officer should discuss the matter with a supervisor and/or prosecutor to determine the appropriate manner in which to proceed.

Evidence or facts are considered material if there is a reasonable probability that they would affect the outcome of a criminal proceeding or trial. Determining whether evidence or facts are material often requires legal or even judicial review. If an officer is unsure whether evidence or facts are material, the officer should address the issue with a supervisor.

Supervisors who are uncertain about whether evidence or facts are material should address the issue in a written memo to an appropriate prosecutor. A copy of the memo should be retained in the Department case file.
612.4 DISCLOSURE OF PERSONNEL INFORMATION
Whenever it is determined that Brady information is located in the personnel file of a member of this department who is a material witness in a criminal case, the following procedure shall apply:

(a) In the event that a Pitchess motion has not already been filed by the criminal defendant or other party pursuant to Evidence Code § 1043, the prosecuting attorney shall be notified of the potential presence of Brady information in the officer's personnel file.

(b) The prosecuting attorney should then be requested to file a Pitchess motion in order to initiate an in camera review by the court.

(c) Any member who is the subject of such a motion shall be notified in writing that a motion has been filed.

(d) The Custodian of Records shall accompany all relevant files during any in camera inspection and address any issues or questions raised by the court in determining whether any information contained in the files is both material and favorable to the criminal defendant.

(e) If the court determines that there is relevant Brady information contained in the files, only that information ordered released will be copied and released to the parties filing the motion.

1. Prior to the release of any information pursuant to this process, the Custodian of Records should request a protective order from the court limiting the use of such information to the involved case and requiring the return of all copies upon completion of the case.

612.5 INVESTIGATING BRADY ISSUES
If the Department receives information from any source that a member may have issues of credibility, dishonesty or has been engaged in an act of moral turpitude or criminal conduct, the information shall be investigated and processed in accordance with the Personnel Complaints Policy.

612.6 TRAINING
Department members should receive periodic training on the requirements of this policy.
Unmanned Aerial System (UAS) Operations

613.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of an unmanned aerial system (UAS) and for the storage, retrieval and dissemination of images and data captured by the UAS.

613.1.1 DEFINITIONS
Definitions related to this policy include:

**Unmanned Aerial System (UAS)** - An unmanned aircraft of any type that is capable of sustaining directed flight, whether preprogrammed or remotely controlled (commonly referred to as an unmanned aerial vehicle (UAV)), and all of the supporting or attached systems designed for gathering information through imaging, recording or any other means.

613.2 POLICY
Unmanned aerial systems may be utilized to enhance the department’s mission of protecting lives and property when other means and resources are not available or are less effective. Any use of a UAS will be in strict accordance with constitutional and privacy rights and Federal Aviation Administration (FAA) regulations.

613.3 PRIVACY
The use of the UAS potentially involves privacy considerations. Absent a warrant or exigent circumstances, operators and observers shall adhere to FAA altitude regulations and shall not intentionally record or transmit images of any location where a person would have a reasonable expectation of privacy (e.g., residence, yard, enclosure). Operators and observers shall take reasonable precautions to avoid inadvertently recording or transmitting images of areas where there is a reasonable expectation of privacy. Reasonable precautions can include, for example, deactivating or turning imaging devices away from such areas or persons during UAS operations.

613.4 PROGRAM COORDINATOR
The Chief of Police will appoint a program coordinator who will be responsible for the management of the UAS program. The program coordinator will ensure that policies and procedures conform to current laws, regulations and best practices and will have the following additional responsibilities:

- Coordinating the FAA Certificate of Waiver or Authorization (COA) application process and ensuring that the COA is current.
- Ensuring that all authorized operators and required observers have completed all required FAA and department-approved training in the operation, applicable laws, policies and procedures regarding use of the UAS.
- Developing uniform protocol for submission and evaluation of requests to deploy a UAS, including urgent requests made during ongoing or emerging incidents. Deployment of a UAS shall require written authorization of the Chief of Police or the authorized designee, depending on the type of mission.
Unmanned Aerial System (UAS) Operations

- Developing protocol for conducting criminal investigations involving a UAS, including documentation of time spent monitoring a subject.
- Implementing a system for public notification of UAS deployment.
- Developing an operational protocol governing the deployment and operation of a UAS including, but not limited to, safety oversight, use of visual observers, establishment of lost link procedures and secure communication with air traffic control facilities.
- Developing a protocol for fully documenting all missions.
- Developing a UAS inspection, maintenance and record-keeping protocol to ensure continuing airworthiness of a UAS, up to and including its overhaul or life limits.
- Developing protocols to ensure that all data intended to be used as evidence are accessed, maintained, stored and retrieved in a manner that ensures its integrity as evidence, including strict adherence to chain of custody requirements. Electronic trails, including encryption, authenticity certificates and date and time stamping, shall be used as appropriate to preserve individual rights and to ensure the authenticity and maintenance of a secure evidentiary chain of custody.
- Developing protocols that ensure retention and purge periods are maintained in accordance with established records retention schedules.
- Facilitating law enforcement access to images and data captured by the UAS.
- Recommending program enhancements, particularly regarding safety and information security.
- Ensuring that established protocols are followed by monitoring and providing periodic reports on the program to the Chief of Police.

613.5 USE OF UAS
Only authorized operators who have completed the required training shall be permitted to operate the UAS.

Use of vision enhancement technology (e.g., thermal and other imaging equipment not generally available to the public) is permissible in viewing areas only where there is no protectable privacy interest or when in compliance with a search warrant or court order. In all other instances, legal counsel should be consulted.

UAS operations should only be conducted during daylight hours and a UAS should not be flown over populated areas without FAA approval.

613.6 PROHIBITED USE
The UAS video surveillance equipment shall not be used:
- To conduct random surveillance activities.
- To target a person based solely on individual characteristics, such as, but not limited to race, ethnicity, national origin, religion, disability, gender or sexual orientation.
Unmanned Aerial System (UAS) Operations

- To harass, intimidate or discriminate against any individual or group.
- To conduct personal business of any type.

The UAS shall not be weaponized.

613.7 RETENTION OF UAS DATA
Data collected by the UAS shall be retained as provided in the established records retention schedule.
Warrant Service

614.1 PURPOSE AND SCOPE
This policy establishes guidelines for the planning and serving of arrest and search warrants by members of this department. It is understood that this policy cannot address every variable or circumstance that can arise in the service of a search or arrest warrant, as these tasks can involve rapidly evolving and unique circumstances.

This policy is intended to be used in conjunction with the Operations Planning and Deconfliction Policy, which has additional guidance on planning and serving high-risk warrants.

This policy is not intended to address the service of search warrants on locations or property already secured or routine field warrant arrests by patrol officers.

614.2 POLICY
It is the policy of the Laguna Beach Police Department to balance the safety needs of the public, the safety of department members, privacy interests and other relevant factors when making decisions related to the service of search and arrest warrants.

614.3 OPERATIONS DIRECTOR
The operations director (see the Operations Planning and Deconfliction Policy) shall review all risk assessment forms with the involved supervisor to determine the risk level of the warrant service.

The operations director will also have the responsibility to coordinate service of those warrants that are categorized as high risk. Deconfliction, risk assessment, operational planning, briefing and debriefing should follow guidelines in the Operations Planning and Deconfliction Policy.

614.4 SEARCH WARRANTS
Officers should receive authorization from a supervisor before preparing a search warrant application. Once authorization is received, the officer will prepare the affidavit and search warrant, consulting with the applicable prosecuting attorney as needed. He/she will also complete the risk assessment form and submit it, along with the warrant affidavit, to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

614.5 ARREST WARRANTS
If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence
to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

614.6 WARRANT PREPARATION
If an officer reasonably believes that serving an arrest warrant may pose a higher risk than commonly faced on a daily basis, the officer should complete the risk assessment form and submit it to the appropriate supervisor and the operations director for review and classification of risk (see the Operations Planning and Deconfliction Policy).

If the warrant is classified as high risk, service will be coordinated by the operations director. If the warrant is not classified as high risk, the supervisor should weigh the risk of entry into a residence to make an arrest against other alternatives, such as arresting the person outside the residence where circumstances may pose a lower risk.

614.7 HIGH-RISK WARRANT SERVICE
The operations director or the authorized designee shall coordinate the service of warrants that are categorized as high risk and shall have sole authority in determining the manner in which the warrant will be served, including the number of officers deployed.

The member responsible for directing the service should ensure the following as applicable:

(a) When practicable and when doing so does not cause unreasonable risk, video or photographic documentation is made of the condition of the location prior to execution of a search warrant. The images should include the surrounding area and persons present.

(b) The warrant service is audio- and video-recorded when practicable and reasonable to do so.

(c) Evidence is handled and collected only by those members who are designated to do so. All other members involved in the service of the warrant should alert one of the designated members to the presence of potential evidence and not touch or disturb the items.

(d) Reasonable efforts are made during the search to maintain or restore the condition of the location.

(e) Persons who are detained as part of the warrant service are handled appropriately under the circumstances.

(f) Reasonable care provisions are made for children and dependent adults (see the Child and Dependent Adult Safety Policy).

(g) A list is made of all items seized and a copy provided to the person in charge of the premises if present or otherwise left in a conspicuous place.

(h) A copy of the search warrant is left at the location.

(i) The condition of the property is documented with video recording or photographs after the search.
614.8 DETENTIONS DURING WARRANT SERVICE
Officers must be sensitive to the safety risks of all persons involved with the service of a warrant. Depending on circumstances and facts present, it may be appropriate to control movements of any or all persons present at a warrant service, including those who may not be the subject of a warrant or suspected in the case. However, officers must be mindful that only reasonable force may be used and weapons should be displayed no longer than the officer reasonably believes is necessary (see the Use of Force Policy).

As soon as it can be determined that an individual is not subject to the scope of a warrant and that no further reasonable suspicion or safety concerns exist to justify further detention, the person should be promptly released.

Officers should, when and to the extent reasonable, accommodate the privacy and personal needs of people who have been detained.

614.9 ACTIONS AFTER WARRANT SERVICE
The supervisor shall ensure that all affidavits, warrants, receipts and returns, regardless of any associated cases, are filed with the issuing judge or magistrate as soon as reasonably possible, but in any event no later than any date specified on the warrant.

614.10 OUTSIDE AGENCIES AND CROSS-JURISDICTIONAL WARRANTS
The operations director will ensure that cooperative efforts with other agencies in the service of warrants conform to existing mutual aid agreements or other memorandums of understanding and will work cooperatively to mitigate risks including, but not limited to, the following:

- Identity of team members
- Roles and responsibilities
- Familiarity with equipment
- Rules of engagement
- Asset forfeiture procedures

Any outside agency requesting assistance in the service of a warrant within this jurisdiction should be referred to the operations director. The director should review and confirm the warrant, including the warrant location, and should discuss the service with the appropriate supervisor from the other agency. The director should ensure that members of the Laguna Beach Police Department are utilized appropriately. Any concerns regarding the requested use of Laguna Beach Police Department members should be brought to the attention of the Chief of Police or the authorized designee. The actual service of the warrant will remain the responsibility of the agency requesting assistance.

If the operations director is unavailable, the Watch Commander should assume this role.

If officers intend to serve a warrant outside Laguna Beach Police Department jurisdiction, the operations director should provide reasonable advance notice to the applicable agency, request
assistance as needed and work cooperatively on operational planning and the mitigation of risks detailed in this policy.

Officers will remain subject to the policies of the Laguna Beach Police Department when assisting outside agencies or serving a warrant outside Laguna Beach Police Department jurisdiction.

614.11 MEDIA ACCESS
No advance information regarding warrant service operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

614.12 TRAINING
The Training Officer should ensure officers receive periodic training on this policy and associated topics, such as legal issues, warrant preparation, warrant service and reporting requirements.
Operations Planning and Deconfliction

615.1 PURPOSE AND SCOPE
This policy provides guidelines for planning, deconfliction and execution of high-risk operations. Additional guidance on planning and serving high-risk warrants is provided in the Warrant Service Policy.

615.1.1 DEFINITIONS
Definitions related to this policy include:

High-risk operations - Operations, including service of search and arrest warrants and sting operations, that are likely to present higher risks than are commonly faced by officers on a daily basis, including suspected fortified locations, reasonable risk of violence or confrontation with multiple persons, or reason to suspect that persons anticipate the operation.

615.2 POLICY
It is the policy of the Laguna Beach Police Department to properly plan and carry out high-risk operations, including participation in a regional deconfliction system, in order to provide coordination, enhance the safety of members and the public, decrease the risk of compromising investigations and prevent duplicating efforts.

615.3 OPERATIONS DIRECTOR
The Chief of Police will designate a member of this department to be the operations director.

The operations director will develop and maintain a risk assessment form to assess, plan and coordinate operations. This form should provide a process to identify high-risk operations.

The operations director will review risk assessment forms with involved supervisors to determine whether a particular incident qualifies as a high-risk operation. The director will also have the responsibility for coordinating operations that are categorized as high risk.

615.4 RISK ASSESSMENT

615.4.1 RISK ASSESSMENT FORM PREPARATION
assigned as operational leads for any operation that may qualify as a high-risk operation shall complete a risk assessment form.

When preparing the form, the officer should query all relevant and reasonably available intelligence resources for information about the subject of investigation, others who may be present and the involved location. These sources may include regional intelligence and criminal justice databases, target deconfliction systems, firearm records, commercial databases and property records. Where appropriate, the officer should also submit information to these resources.

The officer should gather available information that includes, but is not limited to:
(a) Photographs, including aerial photographs, if available, of the involved location, neighboring yards and obstacles.
(b) Maps of the location.
(c) Diagrams of any property and the interior of any buildings that are involved.
(d) Historical information about the subject of investigation (e.g., history of weapon possession or use, known mental illness, known drug use, threats against police, gang affiliation, criminal history).
(e) Historical information about others who may be present at the location (e.g., other criminals, innocent third parties, dependent adults, children, animals).
(f) Obstacles associated with the location (e.g., fortification, booby traps, reinforced doors/windows, surveillance measures, number and type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces, availability of keys/door combinations).
(g) Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service).
(h) Other available options that may minimize the risk to officers and others (e.g., making an off-site arrest or detention of the subject of investigation).

615.4.2 RISK ASSESSMENT REVIEW
Officers will present the risk assessment form and other relevant documents (such as copies of search warrants and affidavits and arrest warrants) to their supervisor and the operations director.

The supervisor and operations director shall confer and determine the level of risk. Supervisors should take reasonable actions if there is a change in circumstances that elevates the risks associated with the operation.

615.4.3 HIGH-RISK OPERATIONS
If the operations director, after consultation with the involved supervisor, determines that the operation is high risk, the operations director should:

(a) Determine what resources will be needed at the location, and contact and/or place on standby any of the following appropriate and available resources:
   1. (CRU)
   2. Additional personnel
   3. Outside agency assistance
   4. Special equipment
   5. Medical personnel
   6. Persons trained in negotiation
   7. Additional surveillance
8. Canines
9. Property Office or analytical personnel to assist with cataloguing seizures
10. Forensic specialists
11. Specialized mapping for larger or complex locations

(b) Contact the appropriate department members or other agencies as warranted to begin preparation.

(c) Ensure that all legal documents such as search warrants are complete and have any modifications reasonably necessary to support the operation.

(d) Coordinate the actual operation.

615.5 DECONFLICTION
Deconfliction systems are designed to identify persons and locations associated with investigations or law enforcement operations and alert participating agencies when others are planning or conducting operations in close proximity or time or are investigating the same individuals, groups or locations.

The officer who is the operations lead shall ensure the subject of investigation and operations information have been entered in an applicable deconfliction system to determine if there is reported conflicting activity. This should occur as early in the process as practicable, but no later than two hours prior to the commencement of the operation. The officer should also enter relevant updated information when it is received.

If any conflict is discovered, the supervisor will contact the involved jurisdiction and resolve the potential conflict before proceeding.

615.6 OPERATIONS PLAN
The operations director should ensure that a written operations plan is developed for all high-risk operations. Plans should also be considered for other operations that would benefit from having a formal plan.

The plan should address such issues as:

(a) Operation goals, objectives and strategies.

(b) Operation location and people:

1. The subject of investigation (e.g., history of weapon possession/use, known mental illness issues, known drug use, threats against police, gang affiliation, criminal history)

2. The location (e.g., fortification, booby traps, reinforced doors/windows, surveillance cameras and/or lookouts, number/type of buildings, geographic and perimeter barriers, the number and types of weapons likely to be present, information that suggests the presence of explosives, chemicals or other hazardous materials, the potential for multiple dwellings or living spaces,
availability of keys/door combinations), including aerial photos, if available, and maps of neighboring yards and obstacles, diagrams and other visual aids

3. Other environmental factors (e.g., nearby venues such as schools and day care centers, proximity of adjacent homes or other occupied buildings, anticipated pedestrian and vehicle traffic at the time of service)

4. Identification of other people who may be present in or around the operation, such as other criminal suspects, innocent third parties and children

(c) Information from the risk assessment form by attaching a completed copy in the operational plan.

1. The volume or complexity of the information may indicate that the plan includes a synopsis of the information contained on the risk assessment form to ensure clarity and highlighting of critical information.

(d) Participants and their roles.

1. An adequate number of uniformed officers should be included in the operation team to provide reasonable notice of a legitimate law enforcement operation.

2. How all participants will be identified as law enforcement.

(e) Whether deconfliction submissions are current and all involved individuals, groups and locations have been deconflicted to the extent reasonably practicable.

(f) Identification of all communications channels and call-signs.

(g) Use of force issues.

(h) Contingencies for handling medical emergencies (e.g., services available at the location, closest hospital, closest trauma center).

(i) Plans for detaining people who are not under arrest.

(j) Contingencies for handling children, dependent adults, animals and other people who might be at the location in accordance with the Child Abuse, Adult Abuse, Child and Dependent Adult Safety and Animal Control policies.

(k) Communications plan

(l) Responsibilities for writing, collecting, reviewing and approving reports.

615.6.1 OPERATIONS PLAN RETENTION
Since the operations plan contains intelligence information and descriptions of law enforcement tactics, it shall not be filed with the report. The operations plan shall be stored separately and retained in accordance with the established records retention schedule.

615.7 OPERATIONS BRIEFING
A briefing should be held prior to the commencement of any high-risk operation to allow all participants to understand the operation, see and identify each other, identify roles and responsibilities and ask questions or seek clarification as needed. Anyone who is not present at the briefing should not respond to the operation location without specific supervisory approval.
Operations Planning and Deconfliction

(a) The briefing should include a verbal review of plan elements, using visual aids, to enhance the participants’ understanding of the operations plan.

(b) All participants should be provided a copy of the operations plan and search warrant, if applicable. Participating personnel should be directed to read the search warrant and initial a copy that is retained with the operation plan. Any items to be seized should be identified at the briefing.

(c) The operations director shall ensure that all participants are visually identifiable as law enforcement officers.

   1. Exceptions may be made by the operations director for officers who are conducting surveillance or working under cover. However, those members exempt from visual identification should be able to transition to a visible law enforcement indicator at the time of enforcement actions, such as entries or arrests, if necessary.

(d) The briefing should include details of the communications plan.

   1. It is the responsibility of the operations director to ensure that Dispatch is notified of the time and location of the operation, and to provide a copy of the operation plan prior to officers arriving at the location.

   2. If the radio channel needs to be monitored by Dispatch, the dispatcher assigned to monitor the operation should attend the briefing, if practicable, but at a minimum should receive a copy of the operation plan.

   3. The briefing should include a communications check to ensure that all participants are able to communicate with the available equipment on the designated radio channel.

615.8 CRU PARTICIPATION

If the operations director determines that CRU participation is appropriate, the director and the CRU supervisor shall work together to develop a written plan. The CRU supervisor shall assume operational control until all persons at the scene are appropriately detained and it is safe to begin a search. When this occurs, the CRU supervisor shall transfer control of the scene to the handling supervisor. This transfer should be communicated to the officers present.

615.9 MEDIA ACCESS

No advance information regarding planned operations shall be released without the approval of the Chief of Police. Any media inquiries or press release after the fact shall be handled in accordance with the News Media Relations Policy.

615.10 OPERATIONS DEBRIEFING

High-risk operations should be debriefed as soon as reasonably practicable. The debriefing should include as many participants as possible. This debrief may be separate from any CRU debriefing.
615.11 TRAINING
The Training Officer should ensure officers and CRU team members who participate in operations subject to this policy should receive periodic training including, but not limited to, topics such as legal issues, deconfliction practices, operations planning concepts and reporting requirements.
Chapter 7 - Equipment
Department Owned and Personal Property

700.1 PURPOSE AND SCOPE
Department employees are expected to properly care for department property assigned or entrusted to them. Employees may also suffer occasional loss or damage to personal or department property while performing their assigned duty. Certain procedures are required depending on the loss and ownership of the item.

700.2 CARE OF DEPARTMENTAL PROPERTY
Employees shall be responsible for the safekeeping, serviceable condition, proper care, use and replacement of department property assigned or entrusted to them. An employee’s intentional or negligent abuse or misuse of department property may lead to discipline including, but not limited to the cost of repair or replacement.

(a) Employees shall promptly report through their chain of command, any loss, damage to, or unserviceable condition of any department issued property or equipment assigned for their use.

(b) The use of damaged or unserviceable department property should be discontinued as soon as practical and replaced with comparable Department property as soon as available and following notice to a supervisor.

(c) Except when otherwise directed by competent authority or required by exigent circumstances, department property shall only be used by those to whom it was assigned. Use should be limited to official purposes and in the capacity for which it was designed.

(d) Department property shall not be thrown away, sold, traded, donated, destroyed, or otherwise disposed of without proper authority.

(e) In the event that any Department property becomes damaged or unserviceable, no employee shall attempt to repair the property without prior approval of a supervisor.

700.3 FILING CLAIMS FOR PERSONAL PROPERTY
Claims for reimbursement for damage or loss of personal property must be made on the proper form. This form is submitted to the employee’s immediate supervisor. The supervisor may require a separate written report of the loss or damage.

The supervisor shall direct a memo to the appropriate Division Commander, which shall include the results of his/her investigation and whether the employee followed proper procedures. The supervisor’s report shall address whether reasonable care was taken to prevent the loss or damage.
Department Owned and Personal Property

Upon review by staff and a finding that no misconduct or negligence was involved, repair or replacement may be recommended by the Chief of Police who will then forward the claim to the Finance Department.

The Department will not replace or repair luxurious or overly expensive items (jewelry, exotic equipment, etc.) that are not reasonably required as a part of work.

700.3.1 REPORTING REQUIREMENT
A verbal report shall be made to the employee's immediate supervisor as soon as circumstances permit.

Personal Communication Devices

702.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the use of mobile telephones and communication devices, whether issued or funded by the Department or personally owned, while on-duty or when used for authorized work-related purposes.

This policy generically refers to all such devices as Personal Communication Devices (PCDs) but is intended to include all mobile telephones, personal digital assistants (PDAs), wireless capable tablets and similar wireless two-way communications and/or portable Internet access devices. PCD use includes, but is not limited to, placing and receiving calls, text messaging, blogging and microblogging, emailing, using video or camera features, playing games and accessing sites or services on the Internet.

702.2 POLICY
The Laguna Beach Police Department allows members to utilize department-issued or funded PCDs and to possess personally owned PCDs in the workplace, subject to certain limitations. Any PCD used while on-duty, or used off-duty in any manner reasonably related to the business of the Department, will be subject to monitoring and inspection consistent with the standards set forth in this policy.

The inappropriate use of a PCD while on-duty may impair officer safety. Additionally, members are advised and cautioned that the use of a personally owned PCD either on-duty or after duty hours for business-related purposes may subject the member and the member's PCD records to civil or criminal discovery or disclosure under applicable public records laws.

Members who have questions regarding the application of this policy or the guidelines contained herein are encouraged to seek clarification from supervisory personnel.

702.3 PRIVACY POLICY
Employees shall have no expectation of privacy with regard to any communication made with or stored in or through PCDs issued by the Department and shall have no expectation of privacy in their location should the device be equipped with location detection capabilities. The use of any department-provided or -funded PCD, computer, Internet service, telephone service or other wireless service while on-duty is without any expectation of privacy that the employee might otherwise have in any communication, including the content of any such communication. Communications or data reception on personal, password-protected, web-based e-mail accounts and any other services are subject to monitoring if department equipment is used.

In accordance with this policy, supervisors are authorized to conduct a limited administrative search of electronic files without prior notice, consent or a search warrant, on department-issued or personally owned PCDs that have been used to conduct department-related business. Administrative searches can take place for work-related purposes that may be unrelated to
Personal Communication Devices

investigations of employee misconduct and, as practicable, will be done in the presence of the affected employee. Prior to conducting any search of personally owned devices, supervisors shall consult with the Chief of Police. All such searches shall be fully documented in a written report.

702.3.1 CALIFORNIA ELECTRONIC COMMUNICATIONS PRIVACY ACT (CALECPA)
No member is authorized to be the sole possessor of a department-issued PCD. Department-issued PCDs can be retrieved, reassigned, accessed or used by any member as directed by a supervisor without notice. Member use of a department-issued PCD and use of a personal PCD at work or for work-related business constitutes specific consent for access for department purposes. Prior to conducting an administrative search of a PCD, supervisors should consult legal counsel to ensure access is consistent with CalECPA (Penal Code § 1546; Penal Code § 1546.1).

702.4 DEPARTMENT-ISSUED PCD
Depending on a member’s assignment and the needs of the position, the Department may, at its discretion, issue or fund a PCD. Department-issued or funded PCDs are provided as a convenience to facilitate on-duty performance only. Such devices and the associated telephone number shall remain the sole property of the Department and shall be subject to inspection or monitoring (including all related records and content) at any time without notice and without cause. Unless a member is expressly authorized by the Chief of Police or the authorized designee for off-duty use of the PCD, the PCD will either be secured in the workplace at the completion of the tour of duty or will be turned off when leaving the workplace.

702.5 PERSONALLY OWNED PCD
Members may carry a personally owned PCD while on-duty, subject to the following conditions and limitations:

(a) Permission to carry a personally owned PCD may be revoked if it is used contrary to provisions of this policy.

(b) The Department accepts no responsibility for loss of or damage to a personally owned PCD.

(c) The PCD and any associated services shall be purchased, used and maintained solely at the member’s expense.

(d) The device should not be used for work-related purposes except in exigent circumstances (e.g., unavailability of radio communications). Members will have a reduced expectation of privacy when using a personally owned PCD in the workplace and have no expectation of privacy with regard to any department business-related communication.

1. Members may use personally owned PCDs on-duty for routine administrative work as authorized by the Chief of Police.

(e) The device shall not be utilized to record or disclose any business-related information, including photographs, video or the recording or transmittal of any information or
Personal Communication Devices

material obtained or made accessible as a result of employment with the Department, without the express authorization of the Chief of Police or the authorized designee.

(f) Use of a personally owned PCD while at work or for work-related business constitutes consent for the Department to access the PCD to inspect and copy data to meet the needs of the Department, which may include litigation, public records retention and release obligations and internal investigations. If the PCD is carried on-duty, members will provide the Department with the telephone number of the device.

(g) All work-related documents, emails, photographs, recordings or other public records created or received on a member’s personally owned PCD should be transferred to the Laguna Beach Police Department and deleted from the member’s PCD as soon as reasonably practicable but no later than the end of the member’s shift.

Except with prior express authorization from their supervisor, members are not obligated or required to carry, access, monitor or respond to electronic communications using a personally owned PCD while off-duty. If a member is in an authorized status that allows for appropriate compensation consistent with policy or existing memorandum of understanding or collective bargaining agreements, or if the member has prior express authorization from his/her supervisor, the member may engage in business-related communications. Should members engage in such approved off-duty communications or work, members entitled to compensation shall promptly document the time worked and communicate the information to their supervisors to ensure appropriate compensation. Members who independently document off-duty department-related business activities in any manner shall promptly provide the Department with a copy of such records to ensure accurate record keeping.

702.6 USE OF PCD

The following protocols shall apply to all PCDs that are carried while on-duty or used to conduct department business:

(a) A PCD shall not be carried in a manner that allows it to be visible while in uniform, unless it is in an approved carrier.

(b) All PCDs in the workplace shall be set to silent or vibrate mode.

(c) A PCD may not be used to conduct personal business while on-duty, except for brief personal communications (e.g., informing family of extended hours). Members shall endeavor to limit their use of PCDs to authorized break times, unless an emergency exists.

(d) Members may use a PCD to communicate with other personnel in situations where the use of radio communications is either impracticable or not feasible. PCDs should not be used as a substitute for, as a way to avoid, or in lieu of regular radio communications.

(e) Members are prohibited from taking pictures, audio or video recordings or making copies of any such picture or recording media unless it is directly related to official
department business. Disclosure of any such information to any third party through any means, without the express authorization of the Chief of Police or the authorized designee, may result in discipline.

(f) Members will not access social networking sites for any purpose that is not official department business.

(g) Using PCDs to harass, threaten, coerce or otherwise engage in inappropriate conduct with any third party is prohibited. Any member having knowledge of such conduct shall promptly notify a supervisor.

702.7 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that members under their command are provided appropriate training on the use of PCDs consistent with this policy.

(b) Monitoring, to the extent practicable, PCD use in the workplace and taking prompt corrective action if a member is observed or reported to be improperly using a PCD.
   1. An investigation into improper conduct should be promptly initiated when circumstances warrant.
   2. Before conducting any administrative search of a member’s personally owned device, supervisors should consult with the Chief of Police or the authorized designee.

702.8 USE WHILE DRIVING
The use of a PCD while driving can adversely affect safety, cause unnecessary distractions and present a negative image to the public. Officers operating emergency vehicles should restrict the use of these devices to matters of an urgent nature and should, where practicable, stop the vehicle at an appropriate location to use the PCD.

Members who are operating department vehicles that are not authorized emergency vehicles shall not use a PCD while driving unless the device is specifically designed and configured to allow hands-free use. In an emergency, a wireless phone may be used to place an emergency call to the Department or other emergency services agency (Vehicle Code § 23123; Vehicle Code § 23123.5). Hands-free use should be restricted to business-related calls or calls of an urgent nature.

702.9 OFFICIAL USE
Employees are reminded that PCDs are not secure devices and conversations may be intercepted or overheard. Caution should be exercised while utilizing PCDs to ensure that sensitive information is not inadvertently transmitted. As soon as reasonably possible, employees shall conduct sensitive or private communications on a land-based or other department communications network.

The following situations are examples of when the use of a PCD may be appropriate:

(j) Properly trained fire department and marine safety personnel may also utilize the UTV.
Vehicle Use

706.1 PURPOSE AND SCOPE
The purpose of this policy is to establish a system of accountability to ensure department vehicles are used appropriately. This policy provides guidelines for on- and off-duty use of department vehicles and shall not be construed to create or imply any contractual obligation by the City of Laguna Beach to provide assigned take-home vehicles.

706.2 POLICY
The Laguna Beach Police Department provides vehicles for department-related business and may assign patrol and unmarked vehicles based on a determination of operational efficiency, economic impact to the Department, requirements for tactical deployments and other considerations.

706.3 USE OF VEHICLES

If a member exchanges vehicles during his/her shift, the new vehicle number shall be documented on the roster.

706.3.2 OTHER USE OF VEHICLES
Members utilizing a vehicle for any purpose other than their normally assigned duties or normal vehicle assignment (e.g., transportation to training, community event) shall first notify the Watch Commander. Members shall ensure all weapons are secured while the vehicle is unattended.

Members shall not make any unauthorized modifications to the system. At the start of each shift, members shall verify that the system is on and report any malfunctions to their supervisor. If the member finds that the system is not functioning properly at any time during the shift, he/she should exchange the vehicle for one with a working system, if available.

System data may be accessed by supervisors at any time. However, access to historical data by other than supervisors will require Division Commander approval.

All data captured by the system shall be retained in accordance with the established records retention schedule.

706.3.7 KEYS
Members approved to operate marked patrol vehicles should be issued a copy of the key as part of their initial equipment distribution. Members who are assigned a specific vehicle should be issued keys for that vehicle.

The assignment of vehicles may be suspended when the member is unable to perform his/her regular assignment.

706.4.1 MAINTENANCE
Members are responsible for the cleanliness (exterior and interior) and overall maintenance of their assigned vehicles. Cleaning and maintenance supplies will be provided by the Department. Failure to adhere to these requirements may result in discipline and loss of vehicle assignment. The following should be performed as outlined below:

Officers may render public assistance when it is deemed prudent (e.g., to a stranded motorist).

Officers driving take-home vehicles shall be armed, appropriately attired and carry their department-issued identification. Officers should also ensure that department radio communication capabilities are maintained to the extent feasible.

706.4.3 ASSIGNED VEHICLES
Assignment of take-home vehicles shall be based on the location of the member’s residence, the nature of the member’s duties, job description and essential functions, and employment or appointment status. Residence in the City of Laguna Beach is a prime consideration for assignment of a take-home vehicle. Members who reside outside the City of Laguna Beach may be required to secure the vehicle at a designated location or the Department at the discretion of the Chief of Police.

Department members shall sign a take-home vehicle agreement that outlines certain standards, including, but not limited to, how the vehicle shall be used, where it shall be parked when the member is not on-duty, vehicle maintenance responsibilities and member enforcement actions.

Members are cautioned that under federal and local tax rules, personal use of a City vehicle may create an income tax liability for the member. Questions regarding tax rules should be directed to the member’s tax adviser.

Criteria for use of take-home vehicles include the following:

(a) Vehicles shall only be used for work-related purposes and shall not be used for personal errands or transports, unless special circumstances exist and the Chief of Police or a Division Commander gives authorization.
(b) Vehicles may be used to transport the member to and from the member’s residence for work-related purposes.

(c) Vehicles will not be used when off-duty except:

1. In circumstances when a member has been placed on call by the Chief of Police or Division Commanders and there is a high probability that the member will be called back to duty.

2. When the member is performing a work-related function during what normally would be an off-duty period, including vehicle maintenance or travelling to or from a work-related activity or function.

(d) While operating the vehicle, authorized members will carry and have accessible their duty firearms and be prepared to perform any function they would be expected to perform while on-duty.

(e) The two-way communications radio, MDC and global positioning satellite device, if equipped, must be on and set to an audible volume when the vehicle is in operation.

(f) Unattended vehicles are to be locked and secured at all times.

1. No key should be left in the vehicle except when it is necessary that the vehicle be left running (e.g., continued activation of emergency lights, canine safety, equipment charging).

2. All weapons shall be secured while the vehicle is unattended.

3. All department identification, portable radios and equipment should be secured.

(g) Vehicles are to be parked off-street at the member’s residence unless prior arrangements have been made with the Chief of Police or the authorized designee. If the vehicle is not secured inside a locked garage, all firearms and kinetic impact weapons shall be removed and properly secured in the residence (see the Firearms Policy regarding safe storage of firearms at home).

(h) Vehicles are to be secured at the member’s residence or the appropriate department facility, at the discretion of the Department when a member will be away (e.g., on vacation) for periods exceeding one week.

1. If the vehicle remains at the residence of the member, the Department shall have access to the vehicle.

(c) The member lives within a reasonable distance (generally not to exceed a 60-minute drive time) of the Laguna Beach City limits.
(d) Off-street parking will be available at the member’s residence.
(e) Vehicles will be locked when not attended.

706.4.5 ON-DUTY USE
Vehicle assignments shall be based on the nature of the member’s duties, job description and essential functions, and employment or appointment status. Vehicles may be reassigned or utilized by other department members at the discretion of the Chief of Police or the authorized designee.

706.5 UNMARKED VEHICLES
Vehicles are assigned to various divisions and their use is restricted to the respective division and the assigned member, unless otherwise approved by a division supervisor. Any member operating an unmarked vehicle shall record vehicle usage on the sign-out log maintained in the division for that purpose. Any use of unmarked vehicles by those who are not assigned to the division to which the vehicle is assigned shall also record the use with the Watch Commander on the shift assignment roster.

706.6 DAMAGE, ABUSE AND MISUSE
When any department vehicle is involved in a traffic collision or otherwise incurs damage, the involved member shall promptly notify a supervisor. Any traffic collision report shall be filed with the agency having jurisdiction (see the Traffic Collision Reporting Policy).

Damage to any department vehicle that was not caused by a traffic collision shall be immediately reported during the shift in which the damage was discovered, documented in memorandum format and forwarded to the Watch Commander. An administrative investigation should be initiated to determine if there has been any vehicle abuse or misuse.

706.7 TOLL ROAD USAGE
Law enforcement vehicles are not routinely exempted from incurring toll road charges.
Vehicle Use

To avoid unnecessary toll road charges, all members operating department vehicles on a toll road shall adhere to the following:

(a) Members operating department vehicles for any reason other than in response to an emergency shall pay the appropriate toll charge or utilize the appropriate toll way transponder. Members may submit a request for reimbursement from the City for any toll fees incurred in the course of official business.

(b) Members passing through a toll plaza or booth during a response to an emergency shall notify, in writing, the appropriate Division Commander within five working days explaining the circumstances.

706.8 ATTIRE AND APPEARANCE

When operating any department vehicle while off-duty, members may dress in a manner appropriate for their intended activity. Whenever in view of or in contact with the public, attire and appearance, regardless of the activity, should be suitable to reflect positively upon the Department.
Requisition for Maintenance and Supplies

707.1 PURPOSE AND SCOPE
All personnel who are in need of supplies or repairs shall complete a Request for Material, Supplies or Repairs form (M-36) available in the Report Writing Room. The form shall be approved by the Supervisor and submitted to the Police Fleet Coordinator.
Cash Handling, Security and Management

708.1 PURPOSE AND SCOPE
This policy provides guidelines to ensure department members handle cash appropriately in the performance of their duties.

This policy does not address cash-handling issues specific to the Property and Evidence and Informants policies.

708.2 POLICY
It is the policy of the Laguna Beach Police Department to properly handle and document cash transactions and to maintain accurate records of cash transactions in order to protect the integrity of department operations and ensure the public trust.

708.3 PETTY CASH FUNDS
The Chief of Police shall designate a person as the fund manager responsible for maintaining and managing the petty cash fund.

Each petty cash fund requires the creation and maintenance of an accurate and current transaction ledger and the filing of invoices, receipts, cash transfer forms and expense reports by the fund manager.

708.4 PETTY CASH TRANSACTIONS
The fund manager shall document all transactions on the ledger and any other appropriate forms. Each person participating in the transaction shall sign or otherwise validate the ledger, attesting to the accuracy of the entry. Transactions should include the filing of an appropriate receipt, invoice or cash transfer form. Transactions that are not documented by a receipt, invoice or cash transfer form require an expense report.

708.5 PETTY CASH AUDITS
The fund manager shall perform an audit no less than once every six months. This audit requires that the fund manager and at least one command staff member, selected by the Chief of Police, review the transaction ledger and verify the accuracy of the accounting. The fund manager and the participating member shall sign or otherwise validate the ledger attesting to the accuracy of all documentation and fund accounting. A discrepancy in the audit requires documentation by those performing the audit and an immediate reporting of the discrepancy to the Chief of Police.

Transference of fund management to another member shall require a separate petty cash audit and involve a command staff member.

A separate audit of each petty cash fund should be completed on a random date, approximately once each year by the Chief of Police or the City.
**Cash Handling, Security and Management**

708.6 ROUTINE CASH HANDLING
Those who handle cash as part of their property or Investigation Bureau supervisor duties shall discharge those duties in accordance with the Property and Evidence and Informants policies.

Members who routinely accept payment for department services shall discharge those duties in accordance with the procedures established for those tasks.

708.7 OTHER CASH HANDLING
Members of the Department who, within the course of their duties, are in possession of cash that is not their property or that is outside their defined cash-handling responsibilities shall, as soon as practicable, verify the amount, summon another member to verify their accounting, and process the cash for safekeeping or as evidence or found property, in accordance with the Property and Evidence Policy.

Cash in excess of $1,000 requires immediate notification of a supervisor, special handling, verification and accounting by the supervisor. Each member involved in this process shall complete an appropriate report or record entry.
Personal Protective Equipment

709.1 PURPOSE AND SCOPE
This policy identifies the different types of personal protective equipment (PPE) provided by the Department as well the requirements and guidelines for the use of PPE.

This policy does not address ballistic vests or protection from communicable disease, as those issues are addressed in the Body Armor and Communicable Diseases policies.

709.1.1 DEFINITIONS
Definitions related to this policy include:

**Personal protective equipment (PPE)** - Equipment that protects a person from serious workplace injuries or illnesses resulting from contact with chemical, radiological, physical, electrical, mechanical or other workplace hazards.

**Respiratory PPE** - Any device that is worn by the user to protect from exposure to atmospheres where there is smoke, low levels of oxygen, high levels of carbon monoxide, or the presence of toxic gases or other respiratory hazards. For purposes of this policy, respiratory PPE does not include particulate-filtering masks such as N95 or N100 masks.

709.2 POLICY
The Laguna Beach Police Department endeavors to protect members by supplying certain PPE to members as provided in this policy.

709.3 OFFICER RESPONSIBILITIES
Members are required to use PPE as provided in this policy and pursuant to their training.

Members are responsible for proper maintenance and storage of issued PPE. PPE should be stored in an appropriate location so that it is available when needed.

Any member who identifies hazards in the workplace is encouraged to utilize the procedures in the Illness and Injury Prevention Policy to recommend new or improved PPE or additional needs for PPE.

709.4 HEARING PROTECTION
Approved hearing protection shall be used by members during firearms training.

Hearing protection shall meet or exceed the requirements provided in 8 CCR 5098.

709.5 EYE PROTECTION
Approved eye protection, including side protection, shall be used by members during firearms training. Eye protection for members who wear prescription lenses shall incorporate the prescription (e.g., eye protection that can be worn over prescription lenses). Members shall ensure their eye protection does not interfere with the fit of their hearing protection.
Personal Protective Equipment

The Rangemaster shall ensure eye protection meets or exceeds the requirements provided in 8 CCR 3382.

709.6 HEAD AND BODY PROTECTION
Members who make arrests or control crowds should be provided ballistic head protection with an attachable face shield.

Padded body protection consisting of chest, arm, leg and groin protection should be provided as required by any collective bargaining agreement.

709.7 RESPIRATORY PROTECTION
The Administrative Services Division Commander is responsible for ensuring a respiratory protection plan is developed and maintained by a trained and qualified member. The plan shall include procedures for (8 CCR 5144):

(a) Selecting appropriate respiratory PPE based on hazards and risks associated with functions or positions.
(b) Fit testing, including identification of members or contractors qualified to conduct fit testing.
(c) Medical evaluations.
(d) PPE inventory control.
(e) PPE issuance and replacement.
(f) Cleaning, disinfecting, storing, inspecting, repairing, discarding and otherwise maintaining respiratory PPE, including schedules for these activities.
(g) Regularly reviewing the PPE plan.
(h) Remaining current with applicable National Institute for Occupational Safety and Health (NIOSH), American National Standards Institute (ANSI), Occupational Safety and Health Administration (OSHA), Environmental Protective Agency (EPA) and state PPE standards and guidelines.

709.7.1 RESPIRATORY PROTECTION USE
Designated members may be issued respiratory PPE based on the member’s assignment (e.g., a narcotics investigator who is involved in clandestine lab investigations).

Respiratory PPE may be worn when authorized by a scene commander who will determine the type and level of protection appropriate at a scene based upon an evaluation of the hazards present.

Scene commanders are responsible for monitoring members using respiratory PPE and their degree of exposure or stress. When there is a change in work area conditions or when a member’s degree of exposure or stress may affect respirator effectiveness, the scene commander shall reevaluate the continued effectiveness of the respirator and direct the member to leave the respirator use area when the scene commander reasonably believes (8 CCR 5144):
Personal Protective Equipment

(a) It is necessary for the member to wash his/her face and the respirator facepiece to prevent eye or skin irritation associated with respirator use.

(b) The member detects vapor or gas breakthrough, or there is a change in breathing resistance or leakage of the facepiece.

(c) The member needs to replace the respirator, filter, cartridge or canister.

709.7.2 MEMBER RESPONSIBILITIES FOR RESPIRATORY PROTECTION

Members shall not use self-contained breathing apparatus (SCBA), full-face respirators or cartridge respirators unless they have completed training requirements for the equipment.

Members exposed to environments that are reasonably known to be harmful due to gases, smoke or vapors shall use respiratory PPE.

Members using respiratory PPE shall (8 CCR 5144):

(a) Ensure that they have no facial hair between the sealing surface of the facepiece and the face that could interfere with the seal or the valve function. Members also shall ensure that they have no other condition that will interfere with the face-to-facepiece seal or the valve function.

(b) Not wear corrective glasses, goggles or other PPE that interferes with the seal of the facepiece to the face, or that has not been previously tested for use with that respiratory equipment.

(c) Perform a user seal check per department-approved procedures recommended by the respirator manufacturer each time they put on a tight-fitting respirator.

(d) Leave a respiratory use area whenever they detect vapor or gas breakthrough, changes in breathing resistance or leakage of their facepiece and ensure that the respirator is replaced or repaired before returning to the affected area.

709.7.3 GAS MASK

Full-face air-purifying respirators, commonly referred to as gas masks, may be fitted with mechanical pre-filters or combination cartridge/filter assemblies for use in areas where gases, vapors, dusts, fumes or mists are present. Members must identify and use the correct cartridge based on the circumstances (8 CCR 5144).

A scene commander may order the use of gas masks in situations where the use of a SCBA is not necessary. These incidents may include areas where tear gas has or will be used or where a vegetation fire is burning. Gas masks shall not be used if there is a potential for an oxygen-deficient atmosphere.

Members shall ensure their gas mask filters are replaced whenever:

(a) They smell, taste or are irritated by a contaminant.

(b) They experience difficulty breathing due to filter loading.

(c) The cartridges or filters become wet.

(d) The expiration date on the cartridges or canisters has been reached.
709.7.4 SELF-CONTAINED BREATHING APPARATUS
Scene commanders may direct members to use SCBA when entering an atmosphere that may pose an immediate threat to life, would cause irreversible adverse health effects or would impair an individual's ability to escape from a dangerous atmosphere. These situations may include, but are not limited to:

(a) Entering the hot zone of a hazardous materials incident.
(b) Entering any area where contaminant levels may become unsafe without warning, or any situation where exposures cannot be identified or reasonably estimated.
(c) Entering a smoke- or chemical-filled area.

The use of SCBA should not cease until approved by a scene commander.

709.7.5 RESPIRATOR FIT TESTING
No member shall be issued respiratory PPE until a proper fit testing has been completed by a designated member or contractor (8 CCR 5144).

After initial testing, fit testing for respiratory PPE shall be repeated (8 CCR 5144):

(a) At least once every 12 months.
(b) Whenever there are changes in the type of SCBA or facepiece used.
(c) Whenever there are significant physical changes in the user (e.g., obvious change in body weight, scarring of the face seal area, dental changes, cosmetic surgery or any other condition that may affect the fit of the facepiece seal).

All respirator fit testing shall be conducted in negative-pressure mode.

709.7.6 RESPIRATORY MEDICAL EVALUATION QUESTIONNAIRE
No member shall be issued respiratory protection that forms a complete seal around the face until (8 CCR 5144):

(a) The member has completed a medical evaluation that includes a medical evaluation questionnaire.
(b) A physician or other licensed health care professional has reviewed the questionnaire.
(c) The member has completed any physical examination recommended by the reviewing physician or health care professional.

The Training Officer is responsible for maintaining records of all:

(a) PPE training.
(b) Initial fit testing for respiratory protection equipment.
(c) Annual fit testing.
(d) Respirator medical evaluation questionnaires and any subsequent physical examination results.
Personal Protective Equipment

1. These records shall be maintained in a separate confidential medical file. The records shall be maintained in accordance with the department records retention schedule and 8 CCR 5144.

709.9 TRAINING
Members should be trained in the respiratory and other hazards to which they may be potentially exposed during routine and emergency situations.

All members shall be trained in the proper use and maintenance of PPE issued to them, including when the use is appropriate; how to put on, remove and adjust PPE; how to care for the PPE; and the limitations (8 CCR 3380).

Members issued respiratory PPE shall attend annual training on the proper use of respiratory protection devices (8 CCR 5144).
Chapter 8 - Support Services

   3. Assignment of emergency response.

802.7 CALL HANDLING
This Department provides members of the public with access to the 9-1-1 system for a single emergency telephone number.

When a call for services is received, the dispatcher will reasonably and quickly attempt to determine whether the call is an emergency or non-emergency, and shall quickly ascertain the call type, location and priority by asking four key questions:

- Where?
- What?
- When?
- Who?

If the dispatcher determines that the caller has a hearing and/or speech impairment or disability, he/she shall immediately initiate a connection with the individual via available TDD/TTY equipment or Telephone Relay Service (TRS), as mandated by the Americans with Disabilities Act (ADA).

If the dispatcher determines that the caller is a limited English proficiency (LEP) individual, the dispatcher should quickly determine whether sufficient information can be obtained to initiate an appropriate response. If language assistance is still needed, the language is known and
a language-appropriate authorized interpreter is available in Dispatch, the dispatcher should immediately connect the LEP caller to the authorized interpreter.

If no authorized interpreter is available or the dispatcher is unable to identify the caller’s language, the dispatcher will contact the contracted telephonic interpretation service and establish a three-party call connecting the dispatcher, the LEP individual and the interpreter.

Dispatchers should be courteous, patient and respectful when dealing with the public.

802.7.1 EMERGENCY CALLS
A call is considered an emergency when there is an immediate or potential threat to life or serious property damage, and the timely arrival of public safety assistance is of the utmost importance. A person reporting an emergency should not be placed on hold until the dispatcher has obtained all necessary information to ensure the safety of the responding department members and affected individuals.

Emergency calls should be dispatched immediately. The Watch Commander shall be notified of pending emergency calls for service when department members are unavailable for dispatch.

802.7.2 NON-EMERGENCY CALLS
A call is considered a non-emergency call when there is no immediate or potential threat to life or property. A person reporting a non-emergency may be placed on hold, if necessary, to allow the dispatcher to handle a higher priority or emergency call.

The reporting person should be advised if there will be a delay in the dispatcher returning to the telephone line or when there will be a delay in the response for service.

802.8 RADIO COMMUNICATIONS

Laguna Beach Police Department radio operations shall be conducted in accordance with Federal Communications Commission (FCC) procedures and requirements.

802.8.2 RADIO IDENTIFICATION
Radio call signs are assigned to department members based on factors such as duty assignment, uniformed patrol assignment and/or member identification number. Dispatchers shall identify themselves on the radio with the appropriate station name or number, and identify the department member by his/her call sign. Members should use their call signs when initiating communication with the dispatcher. The use of the call sign allows for a brief pause so that the dispatcher can acknowledge the appropriate department member. Members initiating communication with other law enforcement or support agencies shall use their entire radio call sign, which includes the department station name or number.

802.9 DOCUMENTATION
It shall be the responsibility of Dispatch to document all relevant information on calls for service or self-initiated activity. Note: Procedures for seizing, booking in and maintaining computer or digital evidence can be found in policy 814.

804.3.2 NARCOTICS AND DANGEROUS DRUGS
All narcotics and dangerous drugs shall be booked separately using a separate property record. Paraphernalia as defined by Health & Safety Code § 11364 shall also be booked separately.

The officer seizing the narcotics and dangerous drugs shall place them in the designated locker.

804.3.3 EXPLOSIVES
Officers who encounter a suspected explosive device shall promptly notify their immediate supervisor or the Watch Commander. The bomb squad will be called to handle explosive-related incidents and will be responsible for the handling, storage, sampling and disposal of all suspected explosives.

Explosives will not be retained in the police facility. Only fireworks that are considered stable and safe and road flares or similar signaling devices may be booked into property. All such items shall be stored in proper containers and in an area designated for the storage of flammable materials. The Property Officer is responsible for transporting to the Fire Department, on a regular basis, any fireworks or signaling devices that are not retained as evidence.

804.3.4 EXCEPTIONAL HANDLING
Certain property items require a separate process. The following items shall be processed in the described manner:

(a) Bodily fluids such as blood or semen stains shall be air dried prior to booking. Do not package the items. Hang them in the property annex and complete an evidence tag to place beside the item. Leave a voicemail message for property officer in order to alert him/her that an item is air drying.
(b) License plates found not to be stolen or connected with a known crime, should be released directly to the Property and Evidence Clerk, or placed in a locker for return to the Department of Motor Vehicles. A property report shall be completed to document the incident.

(c) All bicycles and bicycle frames require a property record. Property tags will be securely attached to each bicycle or bicycle frame. The property may be released directly to the Property and Evidence Clerk, or placed in the bicycle storage cage.

(d) All cash shall be counted in the presence of a supervisor and the envelope initialed by the booking officer and the supervisor. The Watch Commander shall be contacted for cash in excess of $1,000 for special handling procedures.

City property, unless connected to a known criminal case, should be released directly to the appropriate City department. No formal booking is required. In cases where no responsible person can be located, the property should be booked for safekeeping in the normal manner.

804.4 PACKAGING OF PROPERTY
Certain items require special consideration and shall be booked separately as follows:

(a) Narcotics and dangerous drugs
(b) Firearms (ensure they are unloaded and booked separately from ammunition)

   (a) Wet marijuana or other wet plant material should never be placed into a plastic bag since mold formation is likely. If marijuana is taken as evidence or for destruction in a plastic bag, leave the plastic bag open to air dry and place it in a paper bag. This will allow it to breathe and dry out. Book marijuana in paper bags.

Restoration of Firearm Serial Numbers

808.1 PURPOSE AND SCOPE
The primary purpose for restoring firearm serial numbers is to determine the prior owners or origin of the item from which the number has been recovered. Thus, property can be returned to rightful owners or investigations can be initiated to curb illegal trade of contraband firearms. The purpose of this plan is to develop standards, methodologies, and safety protocols for the recovery of obliterated serial numbers from firearms and other objects using procedures that are accepted as industry standards in the forensic community. All personnel who are involved in the restoration of serial numbers will observe the following guidelines. This policy complies with Penal Code § 11108.9.

808.2 PROCEDURE
Any firearm coming into the possession of the Laguna Beach Police Department as evidence, found property, etc., where the serial numbers have been removed or obliterated will be processed in the following manner:

808.2.1 PRELIMINARY FIREARM EXAMINATION
(a) Always keep the muzzle pointed in a safe direction. Be sure the firearm is in an unloaded condition. This includes removal of the ammunition source (e.g., the detachable magazine, contents of the tubular magazine) as well as the chamber contents.

(b) If the firearm is corroded shut or in a condition that would preclude inspection of the chamber contents, treat the firearm as if it is loaded. Make immediate arrangements for a firearms examiner or other qualified examiner to render the firearm safe.

(c) Accurately record/document the condition of the gun when received. Note the positions of the various components such as the safeties, cylinder, magazine, slide, hammer, etc. Accurately record/document cylinder chamber and magazine contents. Package the ammunition separately.

(d) If the firearm is to be processed for fingerprints or trace evidence, process before the serial number restoration is attempted. First record/document important aspects such as halos on the revolver cylinder face or other relevant evidence that might be obscured by the fingerprinting chemicals.

808.2.2 PROPERTY BOOKING PROCEDURE
Any employee taking possession of a firearm with removed/obliterated serial numbers shall book the firearm into property following standard procedures. The employee booking the firearm shall indicate on the property form that serial numbers have been removed or obliterated.
808.2.3 OFFICER RESPONSIBILITY
The Property Officer receiving a firearm when the serial numbers have been removed or obliterated shall arrange for the firearm to be transported to the crime lab for restoration and maintain the chain of evidence.

808.2.4 DOCUMENTATION
Case reports are prepared in order to document the chain of custody and the initial examination and handling of evidence from the time it is received/collected until it is released.

This report must include a record of the manner in which and/or from whom the firearm was received. This may appear on the request form or property form depending on the type of evidence.

808.2.5 FIREARM TRACE
After the serial number has been restored (or partially restored) by the criminalistics laboratory, the Property Officer will complete a Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Tracing Center (NTC) Obliterated Serial Number Trace Request Form (ATF 3312.1-OBL) and forward the form to the NTC in Falling Waters, West Virginia or enter the data into the ATF eTrace system.

808.3 BULLET AND CASING IDENTIFICATION
Exemplar bullets and cartridge cases from the firearm, depending upon acceptance criteria and protocol, may be submitted to the Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) National Integrated Ballistic Information Network (NIBIN) which uses the Integrated Ballistic Identification System (IBIS) technology to search the national database and compare with ballistic evidence recovered from other crime scenes.

If identification is required, a current driver’s license or identification card issued by any state in the United States, a current passport issued by the United States or a foreign government with which the United States has a diplomatic relationship or current Matricula Consular card is acceptable (Government Code § 6254.30).

(c) Either the requested record or the reason for non-disclosure will be provided promptly, but no later than 10 days from the date of request, unless unusual circumstances preclude doing so. If more time is needed, an extension of up to 14 additional days may be authorized by the Custodian of Records or the authorized designee. If an extension is authorized, the Department shall provide the requester written notice that includes the reason for the extension and the anticipated date of the response.

1. When the request does not reasonably describe the records sought, the Custodian of Records shall assist the requester in making the request focused and effective in a way to identify the records or information that would be responsive to the request including providing assistance for overcoming any practical basis for denying access to the records or information. The Custodian of Records shall also assist in describing the information technology and physical location in which the record exists (Government Code § 6253.1).

2. If the record requested is available on the department website, the requester may be directed to the location on the website where the record is posted. If the requester is unable to access or reproduce the record, a copy of the record shall be promptly provided.

(d) Upon request, a record shall be provided in an electronic format utilized by the Department. Records shall not be provided only in electronic format unless specifically requested (Government Code § 6253.9).

(e) When a record contains material with release restrictions and material that is not subject to release restrictions, the restricted material shall be redacted and the unrestricted material released.

1. A copy of the redacted release should be maintained in the case file for proof of what was actually released and as a place to document the reasons for
Records Maintenance and Release

the redactions. If the record is audio or video, a copy of the redacted audio/video release should be maintained in the department-approved media storage system and a notation should be made in the case file to document the release and the reasons for the redacted portions.

(f) If a record request is denied in whole or part, the requester shall be provided a written response that includes the statutory exemption for withholding the record or facts that the public interest served by nondisclosure outweighs the interest served by disclosure (Government Code § 6255). The written response shall also include the names, titles or positions of each person responsible for the denial.

810.5 RELEASE RESTRICTIONS

Examples of release restrictions include:

(a) Personal identifying information, including an individual’s photograph; Social Security and driver identification numbers; name, address and telephone number; and medical or disability information that is contained in any driver license record, motor vehicle record or any department record, including traffic collision reports, are restricted except as authorized by the Department, and only when such use or disclosure is permitted or required by law to carry out a legitimate law enforcement purpose (18 USC § 2721; 18 USC § 2722).

(b) Social Security numbers (Government Code § 6254.29).

(c) Personnel records, medical records and similar records which would involve an unwarranted invasion of personal privacy (Government Code § 6254; Penal Code § 832.7; Penal Code § 832.8; Evidence Code § 1043 et seq.).

1. Peace officer personnel records are deemed confidential and shall not be made public or otherwise released to unauthorized individuals or entities absent a valid court order.

2. The identity of any officer subject to any criminal or administrative investigation shall not be released without the consent of the involved officer, prior approval of the Chief of Police or as required by law.

(d) Victim information that may be protected by statutes, including victims of certain crimes who have requested that their identifying information be kept confidential, victims who are minors and victims of certain offenses (e.g., sex crimes or human trafficking, Penal Code § 293). Addresses and telephone numbers of a victim or a witness to any arrested person or to any person who may be a defendant in a criminal action shall not be disclosed, unless it is required by law (Government Code § 6254; Penal Code § 841.5).

1. Victims of certain offenses (e.g., domestic violence, sexual assault, stalking, human trafficking, adult abuse) or their representative shall be provided, upon request and without charge, one copy of all incident report face sheets, one copy of all incident reports, or both, pursuant to the requirements and time frames of Family Code § 6228.

(e) Information involving confidential informants, intelligence information, information that would endanger the safety of any person involved or information that would endanger
the successful completion of the investigation or a related investigation. This includes analysis and conclusions of investigating officers (Evidence Code § 1041; Government Code § 6254).

1. Absent a statutory exemption to the contrary or other lawful reason to deem information from reports confidential, information from unrestricted agency reports shall be made public as outlined in Government Code § 6254(f).

(f) Local criminal history information including, but not limited to, arrest history and disposition, and fingerprints shall only be subject to release to those agencies and individuals set forth in Penal Code § 13300.

(h) Sealed autopsy and private medical information concerning a murdered child with the exceptions that allow dissemination of those reports to law enforcement agents, prosecutors, defendants or civil litigants under state and federal discovery laws (Code of Civil Procedure §130).

(i) Information contained in CCW permit applications or other files which would tend to reveal where the applicant is vulnerable or which contains medical or psychological information (Government Code § 6254).

(j) Traffic collision reports (and related supplemental reports) shall be considered confidential and subject to release only to the California Highway Patrol, Department of Motor Vehicles (DMV), other law enforcement agencies and those individuals and their authorized representatives set forth in Vehicle Code § 20012.

(k) Any record created exclusively in anticipation of potential litigation involving this department (Government Code § 6254).

(l) Any memorandum from legal counsel until the pending litigation has been adjudicated or otherwise settled (Government Code § 6254.25).

(m) Records relating to the security of the department’s electronic technology systems (Government Code § 6254.19).

810.6  SUBPOENAS AND DISCOVERY REQUESTS
Any member who receives a subpoena duces tecum or discovery request for records should promptly contact a supervisor and the Custodian of Records for review and processing. While a subpoena duces tecum may ultimately be subject to compliance, it is not an order from the court that will automatically require the release of the requested information.

Generally, discovery requests and subpoenas from criminal defendants and their authorized representatives (including attorneys) should be referred to the District Attorney, City Attorney or the courts.

All questions regarding compliance with any subpoena duces tecum or discovery request should be promptly referred to legal counsel for the Department so that a timely response can be prepared.

810.7  RELEASED RECORDS TO BE MARKED
Each page of any written record released pursuant to this policy should be stamped in a colored ink or otherwise marked to indicate the department name and to whom the record was released.

Each audio/video recording released should include the department name and to whom the record was released.

810.8  SEALED RECORD ORDERS
Sealed record orders received by the Department shall be reviewed for appropriate action by the Custodian of Records. The Custodian of Records shall seal such records as ordered by the court. Records may include, but are not limited to, a record of arrest, investigation, detention or conviction. Once the record is sealed, members shall respond to any inquiry as though the record did not exist (Penal Code § 851.8; Welfare and Institutions Code § 781).

810.9  SECURITY BREACHES
The Records Supervisor shall ensure notice is given anytime there is a reasonable belief an unauthorized person has acquired either unencrypted personal identifying information or encrypted personal information along with the encryption key or security credential stored in any Department information system (Civil Code § 1798.29).

Notice shall be given as soon as reasonably practicable to all individuals whose information may have been acquired. The notification may be delayed if the Department determines that notification will impede a criminal investigation or any measures necessary to determine the scope of the breach and restore the reasonable integrity of the data system.

For the purposes of this requirement, personal identifying information includes an individual’s first name or first initial and last name in combination with any one or more of the following:

- Social Security number
- Driver license number or California identification card number
Records Maintenance and Release

- Account number or credit or debit card number, in combination with any required security code, access code or password that would permit access to an individual's financial account
- Medical information
- Health insurance information
- A username or email address, in combination with a password or security question and answer that permits access to an online account
- Information or data collected by Automated License Plate Reader (ALPR) technology

810.9.1 FORM OF NOTICE

(a) The notice shall be written in plain language, be consistent with the format provided in Civil Code § 1798.29 and include, to the extent possible, the following:

1. The date of the notice.
2. Name and contact information for the Laguna Beach Police Department.
3. A list of the types of personal information that were or are reasonably believed to have been acquired.
4. The estimated date or date range within which the security breach occurred.
5. Whether the notification was delayed as a result of a law enforcement investigation.
6. A general description of the security breach.
7. The toll-free telephone numbers and addresses of the major credit reporting agencies, if the breach exposed a Social Security number or a driver license or California identification card number.

(b) The notice may also include information about what the Laguna Beach Police Department has done to protect individuals whose information has been breached and may include information on steps that the person whose information has been breached may take to protect him/herself (Civil Code § 1798.29).

(c) When a breach involves an online account, and only a username or email address in combination with either a password or security question and answer that would permit access to an online account, and no other personal information has been breached (Civil Code § 1798.29):

1. Notification may be provided electronically or in another form directing the person to promptly change either his/her password or security question and answer, as applicable, or to take other appropriate steps to protect the online account with the Department in addition to any other online accounts for which the person uses the same username or email address and password or security question and answer.
2. When the breach involves an email address that was furnished by the Laguna Beach Police Department, notification of the breach should not be sent to that
email address but should instead be made by another appropriate medium as prescribed by Civil Code § 1798.29.

810.9.2 MANNER OF NOTICE

(a) Notice may be provided by one of the following methods (Civil Code § 1798.29):

1. Written notice.

2. Electronic notice if the notice provided is consistent with the provisions regarding electronic records and signatures set forth in 15 USC § 7001.

3. Substitute notice if the cost of providing notice would exceed $250,000, the number of individuals exceeds 500,000 or the Department does not have sufficient contact information. Substitute notice shall consist of all of the following:

   (a) Email notice when the Department has an email address for the subject person.

   (b) Conspicuous posting of the notice on the department’s webpage for a minimum of 30 days.

4. Notification to major statewide media and the California Information Security Office within the California Department of Technology.

(b) If a single breach requires the Department to notify more than 500 California residents, the Department shall electronically submit a sample copy of the notification, excluding any personally identifiable information, to the Attorney General.
Protected Information

812.1  PURPOSE AND SCOPE

The purpose of this policy is to provide guidelines for the access, transmission, release and security of protected information by members of the Laguna Beach Police Department. This policy addresses the protected information that is used in the day-to-day operation of the Department and not the public records information covered in the Records Maintenance and Release Policy.

812.1.1  DEFINITIONS

Definitions related to this policy include:

Protected information - Any information or data that is collected, stored or accessed by members of the Laguna Beach Police Department and is subject to any access or release restrictions imposed by law, regulation, order or use agreement. This includes all information contained in federal, state or local law enforcement databases that is not accessible to the public.

812.2  POLICY

Members of the Laguna Beach Police Department will adhere to all applicable laws, orders, regulations, use agreements and training related to the access, use, dissemination and release of protected information.

812.3  RESPONSIBILITIES

The Chief of Police shall select a member of the Department to coordinate the use of protected information.

The responsibilities of this position include, but are not limited to:

(a) Ensuring member compliance with this policy and with requirements applicable to protected information, including requirements for the National Crime Information Center (NCIC) system, National Law Enforcement Telecommunications System (NLETS), Department of Motor Vehicle (DMV) records and California Law Enforcement Telecommunications System (CLETs).

(b) Developing, disseminating and maintaining procedures that adopt or comply with the U.S. Department of Justice’s current Criminal Justice Information Services (CJIS) Security Policy.

(c) Developing, disseminating and maintaining any other procedures necessary to comply with any other requirements for the access, use, dissemination, release and security of protected information.

(d) Developing procedures to ensure training and certification requirements are met.

(e) Resolving specific questions that arise regarding authorized recipients of protected information.
812.4 ACCESS TO PROTECTED INFORMATION

Protected information shall not be accessed in violation of any law, order, regulation, user agreement, Laguna Beach Police Department policy or training. Only those members who have completed applicable training and met any applicable requirements, such as a background check, may access protected information, and only when the member has a legitimate work-related reason for such access.

Unauthorized access, including access for other than a legitimate work-related purpose, is prohibited and may subject a member to administrative action pursuant to the Personnel Complaints Policy and/or criminal prosecution.

812.4.1 PENALTIES FOR MISUSE OF RECORDS

It is a misdemeanor to furnish, buy, receive or possess Department of Justice criminal history information without authorization by law (Penal Code § 11143).

Authorized persons or agencies violating state regulations regarding the security of Criminal Offender Record Information (CORI) maintained by the California Department of Justice may lose direct access to CORI (11 CCR 702).

812.5 RELEASE OR DISSEMINATION OF PROTECTED INFORMATION

Protected information may be released only to authorized recipients who have both a right to know and a need to know.

A member who is asked to release protected information that should not be released should refer the requesting person to a supervisor or to the Records Supervisor for information regarding a formal request.

Unless otherwise ordered or when an investigation would be jeopardized, protected information maintained by the Department may generally be shared with authorized persons from other law enforcement agencies who are assisting in the investigation or conducting a related investigation. Any such information should be released through the Records Bureau to ensure proper documentation of the release (see the Records Maintenance and Release Policy).

Protected information, such as Criminal Justice Information (CJI), which includes Criminal History Record Information (CHRI), should generally not be transmitted by radio, cellular telephone or any other type of wireless transmission to members in the field or in vehicles through any computer or electronic device, except in cases where there is an immediate need for the information to further an investigation or where circumstances reasonably indicate that the immediate safety of officers, other department members or the public is at risk.

Nothing in this policy is intended to prohibit broadcasting warrant information.
812.5.1 REVIEW OF CRIMINAL OFFENDER RECORD
Individuals requesting to review their own California criminal history information shall be referred to the Department of Justice (Penal Code § 11121).

Individuals shall be allowed to review their arrest or conviction record on file with the Department after complying with all legal requirements regarding authority and procedures in Penal Code § 11120 through Penal Code § 11127 (Penal Code § 13321).

812.6 SECURITY OF PROTECTED INFORMATION
The Chief of Police will select a member of the Department to oversee the security of protected information.

The responsibilities of this position include, but are not limited to:

(a) Developing and maintaining security practices, procedures and training.

(b) Ensuring federal and state compliance with the CJIS Security Policy and the requirements of any state or local criminal history records systems.

(c) Establishing procedures to provide for the preparation, prevention, detection, analysis and containment of security incidents including computer attacks.

(d) Tracking, documenting and reporting all breach of security incidents to the Chief of Police and appropriate authorities.

812.6.1 MEMBER RESPONSIBILITIES
Members accessing or receiving protected information shall ensure the information is not accessed or received by persons who are not authorized to access or receive it. This includes leaving protected information, such as documents or computer databases, accessible to others when it is reasonably foreseeable that unauthorized access may occur (e.g., on an unattended table or desk; in or on an unattended vehicle; in an unlocked desk drawer or file cabinet; on an unattended computer terminal).

812.7 TRAINING
All members authorized to access or release protected information shall complete a training program that complies with any protected information system requirements and identifies authorized access and use of protected information, as well as its proper handling and dissemination.
Computers and Digital Evidence

814.1 PURPOSE AND SCOPE
This policy establishes procedures for the seizure and storage of computers, personal communications devices (PCDs) digital cameras, digital recorders and other electronic devices that are capable of storing digital information; and for the preservation and storage of digital evidence. All evidence seized and/or processed pursuant to this policy shall be done so in compliance with clearly established Fourth Amendment and search and seizure provisions.

814.2 SEIZING COMPUTERS AND RELATED EVIDENCE
Computer equipment requires specialized training and handling to preserve its value as evidence. Officers should be aware of the potential to destroy information through careless or improper handling, and utilize the most knowledgeable available resources. When seizing a computer and accessories the following steps should be taken:

(a) Photograph each item, front and back, specifically including cable connections to other items. Look for a phone line or cable to a modem for Internet access.

(b) Do not overlook the possibility of the presence of physical evidence on and around the hardware relevant to the particular investigation such as fingerprints, biological or trace evidence, and/or documents.

(c) If the computer is off, do not turn it on.

(d) If the computer is on, do not shut it down normally and do not click on anything or examine any files.
   1. Photograph the screen, if possible, and note any programs or windows that appear to be open and running.
   2. Disconnect the power cable from the back of the computer box or if a portable notebook style, disconnect any power cable from the case and remove the battery).

(e) Label each item with case number, evidence sheet number, and item number.

(f) Handle and transport the computer and storage media (e.g., tape, discs, memory cards, flash memory, external drives) with care so that potential evidence is not lost.

(g) Lodge all computer items in the Property Room. Do not store computers where normal room temperature and humidity is not maintained.

(h) At minimum, officers should document the following in related reports:
   1. Where the computer was located and whether or not it was in operation.
   2. Who was using it at the time.
   3. Who claimed ownership.
4. If it can be determined, how it was being used.

   (i) In most cases when a computer is involved in criminal acts and is in the possession of the suspect, the computer itself and all storage devices (hard drives, tape drives, and disk drives) should be seized along with all media. Accessories (printers, monitors, mouse, scanner, keyboard, cables, software and manuals) should not be seized unless as a precursor to forfeiture.

814.2.1 BUSINESS OR NETWORKED COMPUTERS
If the computer belongs to a business or is part of a network, it may not be feasible to seize the entire computer. Cases involving networks require specialized handling. Officers should contact a certified forensic computer examiner for instructions or a response to the scene. It may be possible to perform an on-site inspection, or to image the hard drive only of the involved computer. This should only be done by someone specifically trained in processing computers for evidence.

814.2.2 FORENSIC EXAMINATION OF COMPUTERS
If an examination of the contents of the computer's hard drive, or floppy disks, compact discs, or any other storage media is required, forward the following items to a computer forensic examiner:

   (a) Copy of report(s) involving the computer, including the Evidence/Property sheet.
   (b) Copy of a consent to search form signed by the computer owner or the person in possession of the computer, or a copy of a search warrant authorizing the search of the computer hard drive for evidence relating to investigation.
   (c) A listing of the items to search for (e.g., photographs, financial records, e-mail, documents).
   (d) An exact duplicate of the hard drive or disk will be made using a forensic computer and a forensic software program by someone trained in the examination of computer storage devices for evidence.

814.3 SEIZING DIGITAL STORAGE MEDIA
Digital storage media including hard drives, floppy discs, CD's, DVD's, tapes, memory cards, or flash memory devices should be seized and stored in a manner that will protect them from damage.

   (a) If the media has a write-protection tab or switch, it should be activated.
   (b) Do not review, access or open digital files prior to submission. If the information is needed for immediate investigation request the Property and Evidence Section to copy the contents to an appropriate form of storage media.
   (c) Many kinds of storage media can be erased or damaged by magnetic fields. Keep all media away from magnetic devices, electric motors, radio transmitters or other sources of magnetic fields.
(d) Do not leave storage media where they would be subject to excessive heat such as in a parked vehicle on a hot day.

(e) Use plastic cases designed to protect the media, or other protective packaging, to prevent damage.

814.4 SEIZING PCDS
Personal communication devices such as cell phones, PDAs or other hand-held devices connected to any communication network must be handled with care to preserve evidence that may be on the device including messages, stored data and/or images.

(a) Officers should not attempt to access, review or search the contents of such devices prior to examination by a forensic expert. Unsent messages can be lost, data can be inadvertently deleted and incoming messages can override stored messages.

(b) Do not turn the device on or off. The device should be placed in a solid metal container such as a paint can or in a faraday bag, to prevent the device from sending or receiving information from its host network.

(c) When seizing the devices, also seize the charging units and keep them plugged in to the chargers until they can be examined. If the batteries go dead all the data may be lost.

814.5 DIGITAL EVIDENCE RECORDED BY OFFICERS
Officers handling and submitting recorded and digitally stored evidence from digital cameras and audio or video recorders will comply with these procedures to ensure the integrity and admissibility of such evidence.

814.5.1 COLLECTION OF DIGITAL EVIDENCE
Once evidence is recorded it shall not be erased, deleted or altered in any way prior to submission. All photographs taken will be preserved regardless of quality, composition or relevance. Video and audio files will not be altered in any way.

Employees are to download their digital audio files and photographs into the FORAY system at the end of each shift.

814.5.2 SUBMISSION OF DIGITAL MEDIA
The following are required procedures for the submission of digital media used by cameras or other recorders:

(a) The recording media (smart card, compact flash card or any other media) shall be brought to the Property and Evidence Section as soon as possible for submission into evidence.
Computers and Digital Evidence

(b) Officers are not authorized to review or copy memory cards. The evidence technicians are the only employees authorized to copy and/or distribute digital media made from the memory cards.

(c) As soon as possible following the collection of evidence, the camera operator is to download the evidence into the FORAY system.

(d) Evidence technicians (property/evidence or discovery clerk) will make a copy of digital data once they have verified that the images properly transferred to the storage media. The storage media will be marked as the original for court purposes.

(e) Officers requiring a copy of the digital files must request the copy via the court liaison officer or property/evidence clerk.

814.5.3 DOWNLOADING OF DIGITAL FILES
Digital information such as video or audio files recorded on devices using internal memory must be downloaded to storage media. The following procedures are to be followed:

(a) Files should not be opened or reviewed prior to downloading and storage.

(b) Where possible, the device should be connected to a computer and the files accessed directly from the computer directory or downloaded to a folder on the host computer for copying to the storage media.

814.5.4 PRESERVATION OF DIGITAL EVIDENCE

(a) Only evidence technicians are authorized to copy original digital media that is held as evidence.

(b) Digital images that are enhanced to provide a better quality photograph for identification and investigative purposes must only be made from a copy of the original media.

(c) If any enhancement is done to the copy of the original, it shall be noted in the corresponding incident report.
Animal Control

820.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for interacting with animals and responding to calls for service that involve animals.

820.2 ANIMAL CONTROL RESPONSIBILITIES
Animal control services are generally the primary responsibility of Animal Control and include:

(a) Animal-related matters during periods when Animal Control is available.
(b) Ongoing or persistent animal nuisance complaints. Such complaints may be scheduled, if reasonable, for handling during periods that Animal Control is available for investigation and resolution.
(c) Follow-up on animal-related calls, such as locating owners of injured animals.

820.3 MEMBER RESPONSIBILITIES
Members who respond to or assist with animal-related calls for service should evaluate the situation to determine the appropriate actions to control the situation.

Due to the hazards of handling animals without proper training and equipment, responding members generally should not attempt to capture or pick up any animal, but should keep the animal under observation until the arrival of appropriate assistance.

Members may consider acting before the arrival of such assistance when:

(a) There is a threat to public safety.
(b) An animal has bitten someone. Members should take measures to confine the animal and prevent further injury.
(c) An animal is creating a traffic hazard.
(d) An animal is seriously injured.
(e) The owner/handler of an animal has been arrested or is incapacitated. In such circumstances, the member should find appropriate placement for the animal.

1. This is only necessary when the arrestee is expected to be in custody for a time period longer than would reasonably allow him/her to properly care for the animal.
2. With the owner’s consent, locating appropriate placement may require contacting relatives or neighbors to care for the animal.
3. If no person can be found or the owner does not or cannot give consent, the animal should be taken to a designated animal care facility.
820.3.1 IMPOUNDING FOUND ANIMALS
Each year hundred of animals are abandoned by irresponsible pet owners. Many of these pet owners feel that relinquishing their personal pet to a City animal shelter as a found animal will relieve them of their personal responsibility or guilt. Unfortunately, the animal shelter cannot find homes for all these animals, nor does it have the space or personnel to care for them, which means that many of them will be put to sleep. The City’s current policy is that we do not accept owner relinquished animals.

(a) Whenever a citizen comes to the police station or calls requesting that an employee respond to a location so they can relinquish a found animal, the following procedures will be followed:

1. During normal business hours, the person shall either be directed to the City Animal Shelter, or an on-duty Animal Services Officer (ASO) will be called to handle the matter.

2. If there are no Animal Shelter employees, or ASOs on duty, and the relinquishing person is unwilling to hold the animal until they are on duty, the employee responsible for accepting the animal shall, prior to accepting the animal, do the following:

   (a) Make all attempts to ensure/verify the animal had been found and that this is not just an owner trying to rid him/herself of the responsibility for a sick, old or problematic pet.

   (b) Verify the identity of the relinquishing person by means of proper identification.

   (c) Inform and remind the relinquishing person that the animal may be put to sleep if found to be unacceptable for adoption.

   (d) Complete in its entirety department form LBPD M-171 (animal relinquishment form).

   (e) Place the completed LBPD M-171 in the Animal Shelter tray at the police department.

3. The animal will be taken to the animal shelter and placed in a temporary holding cage.

4. The officer or designated employee will enter the animal information on the clipboard located near the holding cages.

820.3.2 CHEMICAL CAPTURE EQUIPMENT
It will be the policy of this department that chemical capture equipment shall be deployed when an animal poses a threat to the safety or welfare of the general public or to remove an injured animal to a location where it may be humanely euthanized.

Regulations
Animal Control

(a) Chemical capture may be used under the following conditions:

1. When domestic or wild animals have been deemed dangerous to the community at large and physical capture presents an unreasonable threat to the health and safety of responding officers.

2. When the use of firearms to destroy injured wildlife is impractical due to public safety issues.

3. An animal is causing a serious traffic hazard and every other reasonable attempt to remove or capture the animal has failed.

4. An animal is vicious, wild, or dangerous to the safety and well-being of people, other animal(s), or itself, and the only means of safely capturing the animal is by the use of chemical capture equipment.

5. An animal is suspected of being rabid.

6. Every other reasonable attempt to safely capture an animal has failed.

(b) Chemical capture MAY NOT be used when:

1. The animal poses little threat to public safety and may be captured by leash, catch pole, snare, live trap or other humane capture device.

2. The animal is a marine mammal except under the direction of a supervising representative of the Pacific Marine Mammal Center.

3. The animal is close enough to the ocean to use it as an escape route.

4. Chemical capture should not be used on aquatic animals, or animals which might retreat to nearby bodies of water, (oceans, ponds, etc.) due to the possibility of the animal drowning.

(c) Person authorized to use chemical capture equipment shall include:

1. Regular, full-time Laguna Beach Animal Services Officers.

2. Any other officers who have been trained in, and are familiar with the equipment and properties of those drugs necessary in chemically capturing animals.

TRAINING

(a) All persons deploying chemical capture equipment must hold a certification in P.O.S.T PC 832, including the firearms segment, and must possess at least one of the following certifications:

(a) Certified Euthanasia Technician (CET)

(b) Registered Veterinary Technician (RVT)

(c) Doctor of Veterinary Medicine (DVM)

(d) Chemical Capture Certification of Course Completion
(b) All persons deploying chemical capture equipment must be deemed proficient in the use of such equipment by the Department Range Master.

(c) All persons deploying chemical capture equipment must qualify in the use of the equipment through one of the department's designated Range Masters on a quarterly basis.

PROCEDURE

When it is deemed by the Laguna Beach Animal Services Officer that the use of chemical capture equipment is necessary, the following procedure shall be followed:

(a) The On-Duty Watch Commander shall be notified.

(b) Due to the potentially unpredictable nature of an animal under duress, the ASO will request assistance from at least one of the following:
   1. A second ASO
   2. A police officer
   3. A supervisor
   4. Any non-sworn civilian employee

(c) Should no back up personnel be available in a timely manner, the ASO is clear to proceed if:
   1. Waiting for follow-up personnel would subject the animal to unnecessary suffering, or
   2. Waiting for follow-up would cause a public, or officer safety issue.

(d) The ASO or other qualified individual will be responsible for the dispensing and delivery of the appropriate drugs.

(e) The ASO or other qualified individual shall be responsible for the humane euthanasia of an injured animal or the recovery of animals to be relocated.

(f) A Miscellaneous Information Report (MIR) shall be submitted to the on-duty watch commander and will include the following information:
   1. Description of the incident, including,
      (a) Date
      (b) Time
      (c) Locations
      (d) Justification for use
   2. Animal Information
      (a) Species
Animal Control

- Color or other descriptors
- Estimated weight
- Sex
- Notable injuries

3. Equipment used
   - Drug doses

If the person is transported while still in custody, he/she will be accompanied by an officer.

Those who require medication while in temporary custody should not be at the Laguna Beach Police Department. They should be released or transferred to another facility as appropriate.

900.5.4 ORTHOPEDIC OR PROSTHETIC APPLIANCE

Subject to safety and security concerns, individuals shall be permitted to retain an orthopedic or prosthetic appliance. However, if the member supervising the individual has probable cause to believe the possession of the appliance presents a risk of bodily harm to any person or is a risk
to the security of the facility, the appliance may be removed from the individual unless its removal would be injurious to his/her health or safety.

Whenever a prosthetic or orthopedic appliance is removed, the Watch Commander shall be promptly apprised of the reason. It shall be promptly returned when it reasonably appears that any risk no longer exists (Penal Code § 2656; 15 CCR 1207).

900.5.5 TELEPHONE CALLS
Immediately upon being booked and, except where physically impossible, no later than three hours after arrest, an individual in custody has the right to make at least three completed calls to an attorney, bail bondsman, and a relative or other person (Penal Code § 851.5). Additional calls may be made as reasonable and necessary (15 CCR 1067). In providing further access to a telephone beyond that required by Penal Code § 851.5, legitimate law enforcement interests such as officer safety, effect on ongoing criminal investigations and logistics should be balanced against the individual’s desire for further telephone access.

(a) Telephone calls may be limited to local calls, except that long-distance calls may be made by the individual at his/her own expense.
   1. The Department should pay the cost of any long-distance calls related to arranging for the care of a child or dependent adult (see the Child and Dependent Adult Safety Policy).
   2. The provisions of Penal Code § 851.5 concerning this issue shall be posted in bold, block type in a conspicuous place within the facility.

(b) The individual should be given sufficient time to contact whomever he/she desires and to make any necessary arrangements, including child or dependent adult care, or transportation upon release.
   1. Telephone calls are not intended to be lengthy conversations. The member assigned to monitor or process the individual may use his/her judgment in determining the duration of the calls.
   2. Within three hours of the arrest, the member supervising the individual should inquire whether the individual is a custodial parent with responsibility for a minor child, and notify the individual that he/she may make two additional telephone calls to a relative or other person for the purpose of arranging for the care of minor children (Penal Code § 851.5).

(c) Calls between an individual in temporary custody and his/her attorney shall be deemed confidential and shall not be monitored, eavesdropped upon or recorded (Penal Code § 851.5(b)(1); 15 CCR 1068).

900.5.6 DISCIPLINE
Discipline will not be administered to any individual in custody at this facility. Any individual in custody who repeatedly fails to follow directions or facility rules should be transported to the appropriate jail, mental health facility or hospital as soon as practicable. Such conduct should be documented and reported to the receiving facility (15 CCR 1081).
Temporary Custody of Adults

900.5.7 FIREARMS AND OTHER SECURITY MEASURES
Firearms shall not be permitted in secure areas where individuals are in custody or are processed. They should be properly secured outside of the secure area. An exception may occur only during emergencies, upon approval of a supervisor.

900.5.8 REPORTING PHYSICAL HARM OR SERIOUS THREAT OF PHYSICAL HARM
In addition to a custody log entry, any incident that results in physical harm or serious threat of physical harm to a member, person in custody or any other person shall be documented as stated in the Use of Force or On-Duty Injuries policies, or other applicable reporting process. A copy of all reports generated regarding the above circumstances shall be submitted as soon as reasonably practicable. The Watch Commander will retain a record of these reports for inspection purposes (15 CCR 1044).

900.5.9 ATTORNEYS AND BAIL BONDSMEN
(a) An attorney may visit at the request of the individual in custody or a relative (Penal Code § 825).
(b) Attorneys and bail bondsmen who need to interview an individual in custody should do so inside a secure interview room.
(c) The individual in custody as well as the attorney or bail bondsman should be searched for weapons prior to being admitted to the interview room and at the conclusion of the interview.

(e) Interviews between attorneys and their clients shall not be monitored or recorded (15 CCR 1068).

900.6 USE OF RESTRAINT DEVICES
Individuals in custody may be handcuffed in accordance with the Handcuffing and Restraints Policy. Unless an individual presents a heightened risk, handcuffs should generally be removed when the person is in a cell.

The use of restraints, other than handcuffs or leg irons, generally should not be used for individuals in temporary custody at the Laguna Beach Police Department unless the person presents a heightened risk, and only in compliance with the Handcuffing and Restraints Policy.

Individuals in restraints shall be kept away from other unrestrained individuals in custody and monitored to protect them from abuse.

900.6.1 PREGNANT ADULTS
Women who are known to be pregnant should be restrained in accordance with the Handcuffing and Restraints Policy.
900.7 PERSONAL PROPERTY
The personal property of an individual in temporary custody should be removed, inventoried and processed as provided in the Custodial Searches Policy, unless the individual requests a different disposition. For example, an individual may request property (i.e., cash, car or house keys, medications) be released to another person. A request for the release of property to another person must be made in writing. Release of the property requires the recipient’s signature on the appropriate form.

Upon release of an individual from temporary custody, his/her items of personal property shall be compared with the inventory, and he/she shall sign a receipt for the property’s return. If the individual is transferred to another facility or court, the member transporting the individual is required to obtain the receiving person’s signature as notice of receipt. The Department shall maintain a copy of the property receipt.

The Watch Commander shall be notified whenever an individual alleges that there is a shortage or discrepancy regarding his/her property. The Watch Commander shall attempt to prove or disprove the claim.

900.8 HOLDING CELLS
A thorough inspection of a cell shall be conducted before placing an individual into the cell to ensure there are no weapons or contraband and that the cell is clean and sanitary. An inspection also should be conducted when he/she is released. Any damage noted to the cell should be photographed and documented.

The following requirements shall apply:

(a) The individual shall be searched (see the Custodial Searches Policy), and anything that could create a security or suicide risk, such as contraband, hazardous items, belts, shoes or shoelaces and jackets, shall be removed.

(b) The individual shall constantly be monitored by an audio/video system during the entire custody.

(c) The individual shall have constant auditory access to department members.

(d) The individual’s initial placement into and removal from a locked enclosure shall be logged.

(e) Safety checks by department members shall occur no less than every 15 minutes.

1. Safety checks should be at varying times.
2. All safety checks shall be logged.
3. The safety check should involve questioning the individual as to his/her well-being.

Inmates who are to be held in the temporary holding facility and who present a threat to their own safety or the safety of others due to their state of intoxication should be placed in a sobering cell until their condition allows for continued processing.

The following guidelines apply when placing any inmate in a sobering cell (15 CCR 1056):

(a) Placement of an inmate into the cell requires approval of the Watch Commander.

(b) A cell log shall be initiated every time an inmate is placed in the cell. The log shall be maintained for the entire time the inmate is housed in the cell.

(c) A safety check consisting of direct visual observation sufficient to assess the inmate's well-being and behavior shall occur at least once every 30 minutes. Each safety check shall be documented in the cell log. Supervisors shall check the logs for completeness every two hours and document this action on the cell log.

(d) Under no circumstances shall an inmate be held in a sobering cell for more than six hours without being evaluated by qualified medical personnel to ensure that the inmate does not have an urgent medical issue.

(e) Inmates will be removed from the cell when they no longer pose a threat to their own safety and the safety of others, and are able to continue processing.

900.9 SUICIDE ATTEMPT, DEATH OR SERIOUS INJURY
The Patrol Division Commander will ensure procedures are in place to address any suicide attempt, death or serious injury of any individual in temporary custody at the Laguna Beach Police Department. The procedures should include the following:

(f) The individual is not permitted in any nonpublic areas of the Laguna Beach Police Department unless escorted by a member of the Department.
(g) Any known threat or danger the individual may pose (e.g., escape risk, suicide potential, medical condition) is documented, and the documentation transported with the individual if he/she is being sent to another facility.
   1. The department member transporting the individual shall ensure such risks are communicated to intake personnel at the other facility.
(h) Generally, persons of the opposite sex, or adults and juveniles, should not be transported in the same vehicle unless they are physically separated by a solid barrier. If segregating individuals is not practicable, officers should be alert to inappropriate physical or verbal contact and take appropriate action as necessary.
(i) Transfers between facilities or other entities, such as a hospital, should be accomplished with a custodial escort of the same sex as the person being transferred to assist with his/her personal needs as reasonable.
900.12  ASSIGNED ADMINISTRATOR

901.1 PURPOSE AND SCOPE
The purpose of this policy is to establish guidelines for the transportation of prisoners outside and to the detention facility.

901.2 POLICY
It is the policy of the Laguna Beach Police Department to provide safe, secure and humane transportation for all prisoners and other persons as required by law.

Prisoners shall be transported from this detention facility in accordance with all laws relating to the transfer of Prisoners and costs related to transfers to facilities and jurisdictions.

901.3 PROCEDURES

Any member who transports an prisoner outside the secure confines of this detention facility is responsible for:

(a) Verifying the prisoner's identity and obtaining all necessary paperwork for the inmate being transported.

(b) Ensuring that all prisoners are thoroughly searched and appropriate restraints are properly applied.

1. Prisoners who are known to be pregnant will not be handcuffed behind their backs or placed in waist restraints while being transported (see the Use of Restraints Policy).

(c) Ensuring that all vehicle security devices (e.g., window bars, inside cages, door locks) are in good repair and are operational.

(d) Thoroughly searching the transporting vehicle for contraband before any prisoner is placed inside, and again after removing the inmate from the transporting vehicle.

901.4 ARRIVAL/DEPARTURE SALLY PORT
Upon arrival at the sally port with a prisoner, an officer transporting a prisoner shall advise dispatch over green channel, 10-15 Alpha. Dispatch will then activate the sally port door open button on the dispatch console. Once the unit is completely inside the sally port, the transporting officer shall advise, 10-15 Charlie. Dispatch will activate the close button, closing the sally port door.

Transporting officers should be observant to persons about the sally port entrance/front door, and decide whether or not the prisoner can safely be placed in the sally port without interference.

Once the sally port door is closed, officers should secure their weapons, open the booking cell door and place the prisoner inside the booking cell. Once the prisoner is secured, the officer should re-arm himself, search the back seat of the patrol unit and then immediately remove the unit from the sally port.
Custodial Searches

902.1 PURPOSE AND SCOPE
This policy provides guidance regarding searches of individuals in custody. Such searches are necessary to eliminate the introduction of contraband, intoxicants or weapons into the Laguna Beach Police Department facility. Such items can pose a serious risk to the safety and security of department members, individuals in custody, contractors and the public.

Nothing in this policy is intended to prohibit the otherwise lawful collection of evidence from an individual in custody.

902.1.1 DEFINITIONS
Definitions related to this policy include:

Custody search - An in-custody search of an individual and of his/her property, shoes and clothing, including pockets, cuffs and folds on the clothing, to remove all weapons, dangerous items and contraband.

Physical body cavity search - A search that includes a visual inspection and may include a physical intrusion into a body cavity. Body cavity means the stomach or rectal cavity of an individual, and the vagina of a female person.

Strip search - A search that requires an individual to remove or rearrange some or all of his/her clothing to permit a visual inspection of the underclothing, breasts, buttocks, anus or outer genitalia. This includes monitoring an individual who is changing clothes, where his/her underclothing, buttocks, genitalia or female breasts are visible.

902.2 POLICY
All searches shall be conducted with concern for safety, dignity, courtesy, respect for privacy and hygiene, and in compliance with policy and law to protect the rights of those who are subject to any search.

Searches shall not be used for intimidation, harassment, punishment or retaliation.

902.3 FIELD AND TRANSPORTATION SEARCHES
An officer should conduct a custody search of an individual immediately after his/her arrest, when receiving an individual from the custody of another, and before transporting a person who is in custody in any department vehicle.

Whenever practicable, a custody search should be conducted by an officer of the same sex as the person being searched. If an officer of the same sex is not reasonably available, a witnessing officer should be present during the search. Notwithstanding officer safety or when practicable, if the individual in custody is transgender or intersex they may choose the gender of the staff person conducting the search.

Except in exigent circumstances, the search should be conducted by a member of the same sex as the individual being searched. If a member of the same sex is not available, a witnessing member must be present during the search. Custody searches should also be conducted any time an individual in custody enters or re-enters a secure area, or any time it is reasonably believed that a search is necessary to maintain the safety and security of the facility. Notwithstanding officer safety or when practicable, if the individual in custody is transgender or intersex they may choose the gender of the staff person conducting the search.

902.4.1 PROPERTY
Members shall take reasonable care in handling the property of an individual in custody to avoid discrepancies or losses. Property retained for safekeeping shall be kept in a secure location until the individual is released or transferred.

All property shall be inventoried by objective description (this does not include an estimated value). The individual from whom it was taken shall be required to sign the completed inventory. If the individual's signature cannot be obtained, the inventory shall be witnessed by another department member. 902.4.2 VERIFICATION OF MONEY

Additionally, all money should be placed in a separate envelope and sealed. Negotiable checks or other instruments and foreign currency should also be sealed in an envelope with the amount indicated but not added to the cash total. All envelopes should clearly indicate the contents on the front. The department member sealing it should place his/her initials across the sealed flap. Should any money be withdrawn or added, the member making such change shall enter the amount below the original entry and initial it. The amount of money in the envelope should always be totaled and written on the outside of the envelope.

902.5 STRIP SEARCHES
No individual in temporary custody at any Laguna Beach Police Department facility shall be subjected to a strip search unless there is reasonable suspicion based upon specific and articulable facts to believe the individual has a health condition requiring immediate medical
Custodial Searches

(a) The detection of an object during a custody search that may be a weapon or contraband and cannot be safely retrieved without a strip search.

(b) Circumstances of a current arrest that specifically indicate the individual may be concealing a weapon or contraband.

(c) Custody history (e.g., past possession of contraband while in custody, assaults on department members, escape attempts).

(d) The individual’s actions or demeanor.

(e) Criminal history (i.e., level of experience in a custody setting).

(g) No member should view an individual's private underclothing, buttocks, genitalia or female breasts while that individual is showering, performing bodily functions or changing clothes, unless he/she otherwise qualifies for a strip search. However, if serious hygiene or health issues make it reasonably necessary to assist the individual with a shower or a change of clothes, a supervisor should be contacted to ensure reasonable steps are taken to obtain the individual's consent and/or otherwise protect his/her privacy and dignity.

(h) If the individual has been arrested for a misdemeanor or infraction offense, the written authorization from the Watch Commander shall include specific and articulable facts and circumstances upon which the reasonable suspicion determination for the search was made.

A record of the time, date, place of the search, the name and sex of the person conducting the search, and a statement of the results of the search shall also be retained and made available upon request to the individual or the individual’s authorized representative.

902.5.2 SPECIAL CIRCUMSTANCE FIELD STRIP SEARCHES

(a) There is probable cause to believe that the individual is concealing a weapon or other dangerous item that cannot be recovered by a more limited search.

(b) There is probable cause to believe that the individual is concealing controlled substances or evidence that cannot be recovered by a more limited search, and there is no reasonable alternative to ensure the individual cannot destroy or ingest the substance during transportation.
Custodial Searches

These special-circumstance field strip searches shall only be authorized and conducted under the same restrictions as the strip search procedures in this policy, except that the Watch Commander authorization does not need to be in writing.

902.6 PHYSICAL BODY CAVITY SEARCH
Physical body cavity searches shall be subject to the following (Penal Code § 4030):

(a) No individual shall be subjected to a physical body cavity search without written approval of the Watch Commander and only upon a search warrant. (d) Privacy requirements, including restricted touching of body parts and sanitary condition requirements, are the same as required for a strip search.

(e) All such searches shall be documented, including:
   1. The facts that led to the decision to perform a physical body cavity search of the individual.
   2. The reasons less intrusive methods of searching were not used or were insufficient.
   3. The Watch Commander’s approval.

(b) Should ask female inmates if they are pregnant prior to a body scan and should not knowingly use a body scanner on a woman who is pregnant.
Trustee Program

903.1 PURPOSE AND SCOPE
The purpose of this order is to establish a program whereby select individuals sentenced to incarceration for certain misdemeanor crimes are allowed to work as a trustee at the Laguna Beach Police Department. It shall be the policy of the Laguna Beach Police Department to authorize and utilize select individuals as trustees in compliance with this order.

The philosophy of the Laguna Beach Police Department concerning the trustee program is that the Department is providing a desirable and beneficial alternative for citizens faced with incarceration in a county jail. A supervised eight hour daily program of community service in the City of Laguna Beach is considerably more attractive to the average citizen than 24 hours of incarceration in the Orange County Jail. Since the department does not charge a fee and/or actually lock up a trustee, as some agencies do, the Laguna Beach Police Department expects its trustee to reciprocate by turning in a good day's work.

903.2 PROCEDURES
(a) Trustees are reminded that they are, in fact, prisoners and as such, are expected to:
   1. Obey the orders of all police officers and those non-sworn city employees assigned as their supervisors.
   2. Maintain a polite and respectful relationship with all people they come in contact with during the course of their duties as a trustee.

(b) Selection
   1. Individuals (or their attorneys on behalf of a client) who are interested in the trustee program are invited to contact the Support Services Division Commander and/or Supervisor to make application. The Support Services Supervisor will determine if the applicant meets the qualifications of the trustee program, including:
      (a) A review of the individual's arrest report.
      (b) Contacting the arresting agency.
      (c) Interviewing the applicant.
   2. The minimum physical standards required to establish eligibility for the position of trustee are:
      (a) Must be at least 18 years of age.
      (b) Must be in good health.
      (c) Must be capable of performing outdoors and engaging in moderate physical labor.
Trustee Program

3. The minimum requirements of the position of trustee are:
   (a) Must have a temperament and personality suitable for work at this police department.
   (b) Must not have a criminal background which would be inappropriate for such a position at this police department.
   (c) Must not have been arrested by this police department for the same crime resulting in the current sentence.

   1. This requirement may occasionally be waived by the Chief of Police at his/her discretion, after taking into consideration the opinion of the arresting officer.

(c) Booking / Completion of Program

   1. A new trustee must be booked prior to starting the trustee program.

   2. The booking process will be performed by an officer or jailer of the Field Services Division.

   3. The booking/arrest paperwork will be completed as usual with the following modification:

      (a) In places where "Arrest Report" is noted, the word "Trustee" shall replace it.

      (b) The completed booking package will be routed to the Support Services Supervisor as an administrative booking.

      (c) Once a trustee has been approved for participation in this program, the Support Services Division Supervisor will arrange for the trustee to be booked and schedule his/her work assignment.

      (d) Upon the successful completion of the trustee program, the Support Services Division Commander will direct a letter to the individual, his/her attorney, probation officer, or the court (whichever is most applicable) indicating that the individual has, in fact, successfully completed the program.

(d) Assignment

   (a) The duration of an assignment as a trustee may range from one day to several weeks.

   (b) The hours of the assignment as a trustee are from 0800 to 1700 hours, with one hour off for lunch, Monday through Friday.

   (c) Trustees are to report to the Support Services Division Supervisor or his/her designee for work by 0800 hours.
Trustee Program

(d) Trustees are responsible for providing their own mid-day meal and may leave the premises during their assigned lunch period.

(e) Under special circumstances, a trustee may be assigned to work at the animal shelter during weekends and/or holidays.

(f) Physical location of assignment may be the police department, the City animal shelter, or any other City administered operation where said trustee is supervised by the police department.

(g) Actual assignments may include, but are not limited to: janitorial duties, car washing, painting, clerical duties, buildings and ground maintenance, or other assigned duties as deemed appropriate within the abilities of the trustee.

(h) This program is a privilege enjoyed by the trustee and not a right.

(i) A trustee serves at the pleasure of the Chief of Police and may be terminated from the program at any time and for any reason.

(e) Equipment

(a) Trustees will be issued a Laguna Beach Trustee I.D. Card, which is to be conspicuously worn by the trustee throughout the work day, and turned in at the conclusion of the work day to the Support Services Division Supervisor, or his/her designee.

(b) Trustees are not issued a uniform, but shall wear their own civilian clothing which shall be appropriate for their working conditions and a police department environment.

(f) Supervision

(a) The Support Services Supervisor is responsible for the overall administration of the trustee program. Periodically, in the absence of this supervisor, the on-duty Watch Commander may be required to assume functional supervision of trustees.

(g) Department personnel are reminded that trustees are, in fact, prisoners and that fraternization with trustees is prohibited.

1. Evidence collection practices that maximize the potential for obtaining usable physical evidence based on the most recent edition of the U.S. Department of Justice's (DOJ) Office on Violence Against Women publication, "A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents" or a similarly comprehensive and authoritative protocol.

2. A process to ensure a criminal or administrative investigation is completed on all allegations of sexual abuse or sexual harassment.

3. A process to document all referrals to other law enforcement agencies.

4. Access to forensic medical examinations, without financial cost, for all victims of sexual abuse where appropriate. Such examinations shall be performed by Sexual Assault Forensic Examiners (SAFEs) or Sexual Assault Nurse Examiners (SANEs) where possible. If SAFEs or SANEs cannot be made available, the examination can be performed by other qualified medical practitioners. The efforts to provide SAFEs or SANEs shall be documented.

5. In accordance with security needs, provisions to permit, to the extent available, detainee and prisoner access to victim advocacy services if the detainee or prisoner is transported for a forensic examination to an outside hospital that offers such services.

1. The agency shall not rely on other detainees or prisoners for assistance except in limited circumstances where an extended delay in obtaining an interpreter could compromise the detainee's or prisoner's safety, the performance of first-response duties under this policy, or the investigation of a prisoner's allegations of sexual abuse, harassment or retaliation.

(h) Publishing on the department's website:
Prison Rape Elimination

1. Information on how to report sexual abuse and sexual harassment on behalf of a detainee or prisoner (28 CFR 115.154).

Detainees or prisoners may make reports verbally, in writing, privately or anonymously of any of the following (28 CFR 115.151):

- Sexual abuse
- Sexual harassment
- Retaliation by other detainees or prisoners or staff for reporting sexual abuse or sexual harassment
- Staff neglect or violation of responsibilities that may have contributed to sexual abuse or sexual harassment

During intake the Department shall notify all detainees and prisoners of the zero-tolerance policy regarding sexual abuse and sexual harassment, and of at least one way to report abuse or harassment to a public or private entity that is not part of the Department and that is able to receive and immediately forward detainee or prisoner reports of sexual abuse and sexual harassment to agency officials. This allows the detainee or prisoner to remain anonymous (28 CFR 115.132; 28 CFR 115.151).
904.4.1 MEMBER RESPONSIBILITIES
Department members shall accept reports from detainees, prisoners and third parties and shall promptly document all reports (28 CFR 115.151).

All members shall report immediately to the Watch Commander any knowledge, suspicion or information regarding:

(a) An incident of sexual abuse or sexual harassment that occurs in the Temporary Holding Facility.
(b) Retaliation against detainees or the member who reports any such incident.
(c) Any neglect or violation of responsibilities on the part of any department member that may have contributed to an incident or retaliation (28 CFR 115.161).

No member shall reveal any information related to a sexual abuse report to anyone other than to the extent necessary to make treatment and investigation decisions.

904.4.2 WATCH COMMANDER RESPONSIBILITIES
The Watch Commander shall report to the department's designated investigators all allegations of sexual abuse, harassment, retaliation, neglect or violations leading to sexual abuse, harassment or retaliation. This includes third-party and anonymous reports (28 CFR 115.161).

If the alleged victim is under the age of 18 or considered a vulnerable adult, the Watch Commander shall also report the allegation as required under mandatory reporting laws and department policy.

Upon receiving an allegation that a detainee or prisoner was sexually abused while confined at another facility, the Watch Commander shall notify the head of the facility or the appropriate office of the agency where the alleged abuse occurred. The notification shall be made as soon as possible but no later than 72 hours after receiving the allegation. The Watch Commander shall document such notification (28 CFR 115.163).

If an alleged detainee or prisoner victim is transferred from the Temporary Holding Facility to a jail, prison or medical facility, the Department shall, as permitted by law, inform the receiving facility of the incident and the prisoner's potential need for medical or social services, unless the prisoner requests otherwise (28 CFR 115.165).

904.5 INVESTIGATIONS
The Department shall promptly, thoroughly and objectively investigate all allegations, including third-party and anonymous reports, of sexual abuse or sexual harassment. Only investigators who have received department-approved special training shall conduct sexual abuse investigations (28 CFR 115.171).

904.5.1 FIRST RESPONDERS
The first officer to respond to a report of sexual abuse or sexual assault shall (28 CFR 115.164):

(a) Separate the parties.
(b) Establish a crime scene to preserve and protect any evidence. Identify and secure witnesses until steps can be taken to collect any evidence.

(c) If the abuse occurred within a time period that still allows for the collection of physical evidence, request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

(d) If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking or eating.

If the first responder is not an officer the responder shall request that the alleged victim not take any actions that could destroy physical evidence and should then notify a law enforcement staff member (28 CFR 115.164).

904.5.2 INVESTIGATOR RESPONSIBILITIES
Investigators shall (28 CFR 115.171):

(a) Gather and preserve direct and circumstantial evidence, including any available physical and biological evidence and any available electronic monitoring data.

(b) Interview alleged victims, suspects and witnesses.

(c) Review any prior complaints and reports of sexual abuse involving the suspect.

(d) Conduct compelled interviews only after consulting with prosecutors as to whether compelled interviews may be an obstacle for subsequent criminal prosecution.

(e) Assess the credibility of the alleged victim, suspect or witness on an individual basis and not by the person's status as a detainee or a member of the Laguna Beach Police Department.

(f) Document in written reports a description of physical, testimonial, documentary and other evidence, the reasoning behind any credibility assessments, and investigative facts and findings.

(g) Refer allegations of conduct that may be criminal to the District Attorney for possible prosecution, including any time there is probable cause to believe a detainee or prisoner sexually abused another detainee or prisoner in the Temporary Holding Facility (28 CFR 115.178).

(h) Cooperate with outside investigators and remain informed about the progress of any outside investigation.

904.5.3 ADMINISTRATIVE INVESTIGATIONS
Administrative investigations shall include an effort to determine whether staff actions or failures to act contributed to the abuse. The departure of the alleged abuser or victim from the employment
Prison Rape Elimination

or control of this department shall not be used as a basis for terminating an investigation (28 CFR 115.171).

904.5.4 SEXUAL ASSAULT AND SEXUAL ABUSE VICTIMS
No detainee or prisoner who alleges sexual abuse shall be required to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation (28 CFR 115.171(e)).

Detainee or prisoner victims of sexual abuse shall receive timely, unimpeded access to emergency medical treatment. Treatment services shall be provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident (28 CFR 115.182).

904.5.5 CONCLUSIONS AND FINDINGS
All completed investigations shall be forwarded to the Chief of Police, or if the allegations may reasonably involve the Chief of Police, to the City Manager. The Chief of Police or City Manager shall review the investigation and determine whether any allegations of sexual abuse or sexual harassment have been substantiated by a preponderance of the evidence (28 CFR 115.172).

All personnel shall be subject to disciplinary sanctions up to and including termination for violating this policy. Termination shall be the presumptive disciplinary sanction for department members who have engaged in sexual abuse. All discipline shall be commensurate with the nature and circumstances of the acts committed, the member's disciplinary history and the sanctions imposed for comparable offenses by other members with similar histories (28 CFR 115.176).

All terminations for violations of this policy, or resignations by members who would have been terminated if not for their resignation, shall be criminally investigated unless the activity was clearly not criminal and reported to any relevant licensing body (28 CFR 115.176).

Any contractor or volunteer who engages in sexual abuse shall be prohibited from contact with detainees or prisoners and reported to any relevant licensing bodies (28 CFR 115.177). The Chief of Police shall take appropriate remedial measures and consider whether to prohibit further contact with detainees or prisoners by a contractor or volunteer.

904.6 RETALIATION PROHIBITED
All detainees, prisoners and members who report sexual abuse or sexual harassment or who cooperate with sexual abuse or sexual harassment investigations shall be protected from retaliation (28 CFR 115.167). If any other individual who cooperates with an investigation expresses a fear of retaliation, appropriate measures shall be taken to protect that individual.

The Watch Commander or the authorized designee shall employ multiple protection measures, such as housing changes or transfers for detainee or prisoner victims or abusers, removal of alleged abusers from contact with victims, and emotional support services for detainees, prisoners or members who fear retaliation for reporting sexual abuse or sexual harassment or for cooperating with investigations.
Prison Rape Elimination

The Watch Commander or the authorized designee shall identify a staff member to monitor the conduct and treatment of detainees, prisoners or members who have reported sexual abuse and of detainees or prisoners who were reported to have suffered sexual abuse. The staff member shall act promptly to remedy any such retaliation. In the case of detainees or prisoners, such monitoring shall also include periodic status checks.

904.7 REVIEWS AND AUDITS

904.7.1 INCIDENT REVIEWS
An incident review shall be conducted at the conclusion of every sexual abuse investigation, unless the allegation has been determined to be unfounded. The review should occur within 30 days of the conclusion of the investigation. The review team shall include upper-level management officials and seek input from line supervisors and investigators (28 CFR 115.186).

The review shall (28 CFR 115.186):

(a) Consider whether the allegation or investigation indicates a need to change policy or practice to better prevent, detect or respond to sexual abuse.

(b) Consider whether the incident or allegation was motivated by race; ethnicity; gender identity; lesbian, gay, bisexual, transgender or intersex identification, status or perceived status; gang affiliation; or was motivated or otherwise caused by other group dynamics at the facility.

(c) Examine the area in the facility where the incident allegedly occurred to assess whether physical barriers in the area may enable abuse.

(d) Assess the adequacy of staffing levels in that area during different shifts.

(e) Assess whether monitoring technology should be deployed or augmented to supplement supervision by staff.

The review team shall prepare a report of its findings, including any determinations made pursuant to this section and any recommendations for improvement. The report shall be submitted to the Chief of Police and the PREA Coordinator. The Chief of Police or the authorized designee shall implement the recommendations for improvement or shall document the reasons for not doing so (28 CFR 115.186).

904.7.2 DATA REVIEWS
The facility shall conduct an annual review of collected and aggregated incident-based sexual abuse data. The review should include, as needed, data from incident-based documents, including reports, investigation files and sexual abuse incident reviews (28 CFR 115.187).

The purpose of these reviews is to assess and improve the effectiveness of sexual abuse prevention, detection and response policies, practices and training. An annual report shall be prepared that includes (28 CFR 115.188):
Prison Rape Elimination

(a) Identification of any potential problem areas.
(b) Identification of any corrective actions taken.
(c) Recommendations for any additional corrective actions.
(d) A comparison of the current year's data and corrective actions with those from prior years.
(e) An assessment of the department's progress in addressing sexual abuse.

The report shall be approved by the Chief of Police and made readily available to the public through the department website or, if it does not have one, through other means. Material may be redacted from the reports when publication would present a clear and specific threat to the safety and security of the Temporary Holding Facility. However, the nature of the redacted material shall be indicated.

All aggregated sexual abuse data from Laguna Beach Police Department facilities and private facilities with which it contracts shall be made readily available to the public at least annually through the department website or, if it does not have one, through other means. Before making aggregated sexual abuse data publicly available, all personal identifiers shall be removed (28 CFR 115.189).

904.8 RECORDS
The Department shall retain all written reports from administrative and criminal investigations pursuant to this policy for as long as the alleged abuser is held or employed by the Department, plus five years (28 CFR 115.171).

All other data collected pursuant to this policy shall be securely retained for at least 10 years after the date of the initial collection unless federal, state or local law requires otherwise (28 CFR 115.189).

904.9 TRAINING
All employees, volunteers and contractors who may have contact with detainees or prisoners shall receive department-approved training on the prevention and detection of sexual abuse and sexual harassment within this facility. The Training Officer shall be responsible for developing and administering this training as appropriate, covering at a minimum (28 CFR 115.131):

- The Department's zero-tolerance policy and the right of detainees and prisoners to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
- The dynamics of sexual abuse and harassment in confinement settings, including which detainees and prisoners are most vulnerable.
- The right of detainees, prisoners and staff members to be free from sexual abuse and sexual harassment, and from retaliation for reporting sexual abuse or harassment.
Prison Rape Elimination

- Detecting and responding to signs of threatened and actual abuse.
- Communicating effectively and professionally with all detainees and prisoners.
- Compliance with relevant laws related to mandatory reporting of sexual abuse to outside authorities.

Investigators assigned to sexual abuse investigations shall also receive training in conducting such investigations in confinement settings. Training should include (28 CFR 115.134):

- Techniques for interviewing sexual abuse victims.
- Proper use of Miranda and Garrity warnings.
- Sexual abuse evidence collection in confinement settings.
- Criteria and evidence required to substantiate a case for administrative action or prosecution referral.

The Training Officer shall maintain documentation that employees, volunteers, contractors and investigators have completed required training and that they understand the training. This understanding shall be documented through individual signature or electronic verification.

All current employees and volunteers who may have contact with detainees or prisoners shall be trained within one year of the effective date of the PREA standards. The agency shall provide annual refresher information to all such employees and volunteers to ensure that they understand the current sexual abuse and sexual harassment policies and procedures.

1000.2 RECRUITMENT
The Administrative Services Division Commander should employ a comprehensive recruitment and selection strategy to recruit and select employees from a qualified and diverse pool of candidates.

The strategy should include:

(a) Identification of racially and culturally diverse target markets.
(b) Use of marketing strategies to target diverse applicant pools.

(e) Employee referral and recruitment incentive programs.
(f) Consideration of shared or collaborative regional testing processes.

The Administrative Services Division Commander shall avoid advertising, recruiting and screening practices that tend to stereotype, focus on homogeneous applicant pools or screen applicants in a discriminatory manner.

The Department should strive to facilitate and expedite the screening and testing process, and should periodically inform each candidate of his/her status in the recruiting process.

1000.3 SELECTION PROCESS
The Department shall actively strive to identify a diverse group of candidates that have in some manner distinguished themselves as being outstanding prospects. Minimally, the Department should employ a comprehensive screening, background investigation and selection process that assesses cognitive and physical abilities and includes review and verification of the following:

(a) A comprehensive application for employment (including previous employment, references, current and prior addresses, education, military record)
(b) Driving record
(c) Reference checks
(d) Employment eligibility, including U.S. Citizenship and Immigration Services (USCIS) Employment Eligibility Verification Form I-9 and acceptable identity and employment authorization documents consistent with Labor Code § 1019.1. (e) Information obtained from public internet sites

(f) Financial history consistent with the Fair Credit Reporting Act (FCRA) (15 USC § 1681 et seq.)

(g) Local, state and federal criminal history record checks

(j) Review board or selection committee assessment

1000.3.1 VETERAN’S PREFERENCE
Qualifying veterans of the United States Armed Forces who receive a passing score on an entrance examination shall be ranked in the top rank of any resulting eligibility list. The veteran’s preference shall also apply to a widow or widower of a veteran or a spouse of a 100 percent disabled veteran (Government Code § 18973.1).

1000.4 BACKGROUND INVESTIGATION
Every candidate shall undergo a thorough background investigation to verify his/her personal integrity and high ethical standards, and to identify any past behavior that may be indicative of the candidate’s unsuitability to perform duties relevant to the operation of the Laguna Beach Police Department (11 CCR 1953).

The narrative report and any other relevant background information shall be shared with the psychological evaluator. Information shall also be shared with others involved in the hiring process if it is relevant to their respective evaluations (11 CCR 1953).

1000.4.1 NOTICES
Background investigators shall ensure that investigations are conducted and notices provided in accordance with the requirements of the FCRA and the California Investigative Consumer Reporting Agencies Act (15 USC § 1681d; Civil Code § 1786.16).

1000.4.2 REVIEW OF SOCIAL MEDIA SITES
Due to the potential for accessing unsubstantiated, private or protected information, the Administrative Services Division Commander shall not require candidates to provide passwords, account information or access to password-protected social media accounts (Labor Code § 980).
Recruitment and Selection

The Administrative Services Division Commander should consider utilizing the services of an appropriately trained and experienced third party to conduct open source, internet-based searches and/or review information from social media sites to ensure that:

(a) The legal rights of candidates are protected.
(b) Material and information to be considered are verified, accurate and validated.
(c) The Department fully complies with applicable privacy protections and local, state and federal law.

Regardless of whether a third party is used, the Administrative Services Division Commander should ensure that potentially impermissible information is not available to any person involved in the candidate selection process.

1000.4.3 DOCUMENTING AND REPORTING
The background investigator shall summarize the results of the background investigation in a narrative report that includes sufficient information to allow the reviewing authority to decide whether to extend a conditional offer of employment. The report shall not include any information that is prohibited from use, including that from social media sites, in making employment decisions. The report and all supporting documentation shall be included in the candidate’s background investigation file (11 CCR 1953).

1000.4.4 STATE NOTICES
If information disclosed in a candidate’s criminal offender record information (CORI) is the basis for an adverse employment decision, a copy of the CORI shall be provided to the applicant (Penal Code § 11105).

1000.4.5 RECORDS RETENTION
The background report and all supporting documentation shall be maintained in accordance with the established records retention schedule.

1000.4.6 BACKGROUND INVESTIGATION UPDATE
A background investigation update may, at the discretion of the Chief of Police, be conducted in lieu of a complete new background investigation on a peace officer candidate who is reappointed within 180 days of voluntary separation from the Laguna Beach Police Department or is transferred to a different department within the City as provided in 11 CCR 1953(f).

1000.5 DISQUALIFICATION GUIDELINES

- Likelihood of recurrence
- Relevance of past behavior to public safety employment

1000.6 EMPLOYMENT STANDARDS

All candidates shall meet the minimum standards required by state law (Government Code § 1029; Government Code § 1031; 11 CCR 1950 et seq.). Candidates will be evaluated based on merit, ability, competence and experience, in accordance with the high standards of integrity and ethics valued by the Department and the community. The California Commission on Peace Officer Standards and Training (POST) developed a Job Dimensions list, which is used as a professional standard in background investigations.

Validated, job-related and nondiscriminatory employment standards shall be established for each job classification and shall minimally identify the training, abilities, knowledge and skills required to perform the position’s essential duties in a satisfactory manner. Each standard should include performance indicators for candidate evaluation. The Department of Human Resources should maintain validated standards for all positions.

1000.6.1 STANDARDS FOR OFFICERS

Candidates shall meet the minimum standards established by POST (Government Code § 1029; Government Code § 1031; 11 CCR 1950 et seq.):

1000.7 POLICY
In accordance with applicable federal, state and local law, the Laguna Beach Police Department provides equal opportunities for applicants and employees, regardless of race, gender expression, age, pregnancy, religion, creed, color, national origin, ancestry, physical or mental handicap, genetic information, veteran status, marital status, sex or any other protected class or status. The Department does not show partiality or grant any special status to any applicant, employee or group of employees unless otherwise required by law.

The Department will recruit and hire only those individuals who demonstrate a commitment to service and who possess the traits and characteristics that reflect personal integrity and high ethical standards.
Evaluation of Employees

1002.1 PURPOSE AND SCOPE
The Department’s employee performance evaluation system is designed to record work performance for both the Department and the employee, providing recognition for good work and developing a guide for improvement. The employee performance evaluation report is a gauge in measuring performance and is used for making personnel decisions relating to merit increase, promotion, reassignment, discipline, demotion and termination. The report also provides a guide for mutual work planning and review and an opportunity to convert general impressions into a more objective history of work performance based on job standards.

1002.2 POLICY
Employee performance evaluations will be written based on job related factors specific to the position occupied by the employee without regard to sex, race, color, or creed. Each evaluation will cover a specific period and should be based on performance during that period. The employee's immediate supervisor will complete each evaluation. Other supervisors directly familiar with the employee’s performance during the rating period should be consulted by the immediate supervisor for their input.

All sworn and civilian supervisory personnel shall be sent to a POST approved supervisory course that includes training on the completion of performance evaluations within one year of the supervisory appointment.

Each supervisor should discuss the tasks of the position, standards of performance expected, and the evaluation rating criteria with each employee at the beginning of the rating period. When a non-probationary employee’s overall job performance falls below the established standards of the job, the supervisor should, as soon as practical, but at least 90 days prior to the end of the annual evaluation period, advise the employee in writing in order to provide an opportunity for the employee to improve performance. The involved employee will be provided the opportunity to initial any such writing and respond in writing within 30 days, if desired. Failure to meet established performance standards is justification for an unsatisfactory rating. Rating factors that are not observed are assumed to be performed at a standard level.

1002.3 EVALUATION FREQUENCY
Employees are evaluated based on the following chart:

<table>
<thead>
<tr>
<th>Position</th>
<th>Evaluated Every</th>
<th>Evaluated Yearly</th>
<th>Length of Probation</th>
</tr>

1002.3.1 RESERVE OFFICER EVALUATIONS
Reserve officer evaluations are covered under the Reserve Officers Policy.

1002.4 FULL TIME PROBATIONARY PERSONNEL
Civilian personnel are on probation for 12 months before being eligible for certification as permanent employees. An evaluation is completed quarterly for all full-time civilian personnel during the probationary period.

Sworn personnel are on probation for 12 months before being eligible for certification as permanent employees. Probationary officers are evaluated daily, weekly, and monthly during the training phase. In addition to the training evaluations completed by the Field Training Officers, the sworn personnel also received quarterly evaluations from the supervisor (until the one year evaluation is completed).

1002.5 FULL-TIME PERMANENT STATUS PERSONNEL
Permanent employees are subject to three types of performance evaluations:

**Regular** - An Employee Performance Evaluation shall be completed once each year by the employee’s immediate supervisor, on the anniversary of the employee's date of hire, except for employees who have been promoted. In the case of a promotion, an Employee Performance Evaluation shall be completed on the anniversary of the employee's date of last promotion.

**Closing** - Closing evaluations are intended to eliminate an employee being evaluated by two or more supervisors in different divisions. If an employee is transferred from one assignment to another, more than six months after receiving their last annual evaluation, the previous supervisor will complete a closing evaluation. If the transfer occurs less than six months since the employee received the annual evaluation, then the next rating will be completed by the current supervisor with input from the previous supervisor. (*Closing evaluations can be waived in extenuating circumstances, but only upon approval of the Chief of Police. An example would be an employee moving from patrol to detectives and he/she was recently given an annual evaluation already.*)

**Special** - A special evaluation may be completed any time the rater/supervisor feel one is necessary due to employee performance that is deemed less than standard. Generally, the special evaluation will be the tool used to demonstrate those areas of performance deemed less than standard when follow-up action is planned (action plan, remedial training, retraining, etc.). The evaluation form and the attached documentation shall be submitted as one package.
Evaluation of Employees

1002.5.1 RATINGS
When completing the Employee Performance Evaluation, the rater will place a numerical score next to the items in Section A. At the end of the evaluation, the rater will give an overall rating which correlates to the numerical scores. The definition of each rating category is as follows:

**Outstanding (Numerical= 5)** - The actual performance is well beyond that required for the position. It is exceptional performance, definitely superior or extraordinary.

**Exceeds Standards (Numerical= 4)** - Represents performance that is better than expected of a fully competent employee. It is superior to what is expected, but is not of such rare nature to warrant outstanding.

**Meets Standards (Numerical= 3)** - It is the performance of a fully competent employee. It means satisfactory performance that meets the standards required of the position.

**Needs/Requiring Improvement (Numerical= 2)** - This is a level of performance less than that expected of a fully competent employee and less than standards required of the position. A needs improvement rating must be thoroughly discussed with the employee.

**Unsatisfactory (Numerical= 1)** - Performance is inferior to the standards required of the position. It is very inadequate or undesirable performance that cannot be tolerated.

1002.5.2 EVALUATION FORMAT: SECTION A
Section A for All Employees: All employees will have a numerical check list which appears in a table format with associated ratings in each category between one and five. An example of the Section A table is as follows:

1002.5.4 EVALUATION FORMAT: SECTION'S C THROUGH G

(a) Section C: Progress Achieved Narrative
Evaluation of Employees

1. This area should reflect the progress made by the employee on his/her established goals.

2. Each goal from the employee's previous evaluation should be listed and the progress described. If the goal needs to be continued into the next rating period, this should also be noted.

3. Other accomplishments not previously set as goals should be listed also.

(b) Section D: Goals or Improvement Programs Narrative

1. New goals, or modifications to established goals, are recorded in this section.

2. The evaluator may divide the employee's goals into "Short Term" and "Long Term" goals.

3. Individual goals, both long and short term, should be discussed and agreed upon by both the employee and the supervisor. Follow-up discussions regarding each goal should take place routinely during the course of each rating period.

4. Each employee should have some goals that are realistic and practical, and that they are willing to accomplish within the next rating period.

5. Each employee should be rated in Section C on how much progress has been made relative to his or her expressed goals since their previous evaluation.

6. Achievement of expressed goals, both short and long term, must generally be flexible. Completion dates should not be absolute. They often require adjustment as circumstances change.

(c) Section E: Deficiencies Narrative

1. Factors in Section A, with a "Requires Improvement" or lower, must be detailed in this section.

2. Significant disciplinary incidents may be described here to emphasize the importance of correcting the behavior.

3. Behavior correction programs are set out in this area. They should be written as follows:
   (a) Describe the behavior that should be modified.
   (b) Describe the means to be used to measure the improvement.
   (c) Set reasonable goals for the employee to meet.
   (d) Describe what will happen if the goal is not met.

(d) Section F: Policy Review

(a) Employees are requested to review certain critical policies, and acknowledge that they have a working knowledge and understanding of those policies.
Evaluation of Employees

(b) The "Section F Policy Review" document will be initialed at the time the evaluation is presented to the employee. The completed form will be attached to the signed evaluation.

(c) Should an employee reveal to the supervisor at this time that there has been an incident of sexual harassment precluding their ability to initial that section, the supervisor should note this on the document and follow department policy for documenting the complaint.

(e) Section G: Summary Evaluation

(a) This section will reflect the evaluator's overall assessment of the employee's performance.

(b) Sections A through E are to be completed by the immediate supervisor, or supervisors, of the employee during the applicable rating period.

(c) When an employee has had more than one immediate supervisor during a rating period, it will be acceptable for one form to be completed depicting a consensus of each supervisor, or for each supervisor to complete a separate form.

1002.5.5 EVALUATION FORMAT: SIGNATURES AND GUIDELINES

(a) Signature Area

1. Evaluations completed by a supervisor should contain a signature area for that supervisor, a signature area for the Shift Commander with comment lines, Division Commander with comment lines, and a signature area for the Chief of Police with comment lines.

2. Evaluations completed by a Division commander should contain a signature area for that rater and a signature area for the Chief of Police with comment lines.

3. After the evaluation form is completed, it shall be forwarded to the employee's Division Commander for review and/or additional comments.

4. The Division Commander shall forward it to the Chief of Police for review and/or additional comments.

5. The signed form shall be routed to the employee's immediate supervisor who will discuss it with the involved employee. This will normally be the same supervisor who completed the evaluation. The employee will receive a copy of the evaluation at this time.

6. The original evaluation shall be routed to the office of Chief of Police for placement in the employee's personnel file.

7. The employee may respond to each evaluation, in writing, if so desired. Any employee response must be received within 30 days of receipt of the evaluation.
Evaluation of Employees

It must be in writing on a separate sheet of paper, and shall be permanently affixed to the original evaluation form.

(b) Rater Guidelines and Cautionary Measures

1. As mentioned, a supervisor should meet with the employee prior to initiating the evaluation to discuss areas of concern, progress on goals, accomplishments and information the employee would like included in the evaluation.

2. Supervisory personnel must be concerned about overrating employees to avoid unpleasant revelation of deficient areas of performance. It is of utmost importance that weak areas are brought to the attention of an employee as early as possible.

3. The evaluation process should not be the first time the employee hears that he or she has a performance problem.

4. Supervisors must not allow personal bias or feelings to affect performance evaluations.

5. Supervisors must be concerned that one or two traits (or recent actions) don't dominate the evaluation. The rating should be based on the entire period measured and must include all pertinent factors.

6. Supervisors must consider the correlation of consistent low ratings of a subordinate and their own effectiveness as a supervisor.

7. Ratings of "Requires Improvement" or lower should never come as a surprise to the employee during the rating interview.

8. Discussions with previous supervisors or review of previous evaluations should always precede completion of the rating form.

9. Supervisors must be cautioned regarding placing everyone in the middle row of the personnel trait checklist because they feel uncomfortable in justifying extreme performance, either positive or negative.

   (a) This is also applicable to overrating employees.

10. Supervisors must be concerned about assuming that trait factors are similar in nature and, as a result, give the same score to them.

11. Supervisors must not be influenced by the seniority of the employee.

12. Supervisors must ensure that the ratings fit their recommendations.

1002.6 EVALUATION INTERVIEW

(a) When the supervisor has completed the evaluation, arrangements shall be made for a private discussion of the evaluation with the employee.
Evaluation of Employees

1. The supervisor should discuss the results of the just completed rating period and clarify any questions the employee may have.

2. If the employee has valid and reasonable protests of any of the ratings, the supervisor may make appropriate changes to the evaluation or advise the employee of the right to respond to the evaluation in writing within 30 days.

3. Areas needing improvement and goals for reaching the expected level of performance should be identified and discussed.

4. The supervisor should also provide relevant counseling regarding advancement, specialty positions and training opportunities.

   (b) The employee will sign and date the evaluation. (See above section- 1002.5.2 for further information on the pre-evaluation interview.)

   (c) If the employee desires a copy of the evaluation, the supervisor will make a photocopy prior to sending the evaluation to the Chief's Secretary.

1002.7 EVALUATION REVIEW
After the supervisor finishes the evaluation, it is forwarded to the rater's supervisor (Division Commander). The Division Commander shall review the evaluation for fairness, impartiality, uniformity, and consistency. The Division Commander will then forward the evaluation to the Chief of Police for review prior to it being given to the employee. (See section 1002.5.6 for any further information regarding this subject.)

1002.8 EVALUATION DISTRIBUTION
The original performance evaluation shall be maintained in the employee's personnel file in the office of the Chief of Police for the tenure of the employee's employment. A copy will be given to the employee and a copy will be forwarded to City Personnel Department.

1002.8.1 EMPLOYEE REBUTTAL

   (a) Each employee has the opportunity to rebut information contained in his/her evaluation.

   (b) In order to submit a written rebuttal, the employee must submit it via the chain of command within 30 days of receiving the original evaluation.

   (c) Once the rebuttal is received and reviewed by the supervisor, division commander and the Chief of Police, it will be attached to the original evaluation in the employee's personnel file.

(b) The appropriate Division Commander shall review such application and make a recommendation to the Chief of Police which may, in part, be based upon:

1. Individual Interview.
2. Command Staff input.

(c) Whenever possible, rotation will be from the Field Services Division to either the Investigative or Support Services Division.
Special Assignments/Rotation Policy

(d) In the event no qualified replacement is available, the incumbent may be extended per the guidelines noted above.

(e) One-year extension requests will be evaluated and approved through the employee's annual performance evaluation.
Grievance Procedure

1006.1 PURPOSE AND SCOPE
It is the policy of this department that all grievances be handled quickly and fairly without discrimination against employees who file a grievance whether or not there is a basis for the grievance. Our Department’s philosophy is to promote a free verbal communication between employees and supervisors.

1006.1.1 GRIEVANCE DEFINED
A grievance is any difference of opinion concerning terms or conditions of employment or the dispute involving the interpretation or application of any of the following documents by the person(s) affected:

- The employee bargaining agreement (Memorandum of Understanding)
- This Policy Manual
- City rules and regulations covering personnel practices or working conditions

Grievances may be brought by an individual affected employee or by a group representative.

Specifically outside the category of grievance are complaints related to alleged acts of sexual, racial, ethnic or other forms of unlawful harassment, as well as complaints related to allegations of discrimination on the basis of sex, race, religion, ethnic background and other lawfully protected status or activity are subject to the complaint options set forth in the Discriminatory Harassment Policy, and personnel complaints consisting of any allegation of misconduct or improper job performance against any department employee that, if true, would constitute a violation of department policy, federal, state or local law set forth in the Personnel Complaint Policy.

1006.2 PROCEDURE
Except as otherwise required under a collective bargaining agreement, if an employee believes that he or she has a grievance as defined above, then that employee shall observe the following procedure:

(a) Attempt to resolve the issue through informal discussion with immediate supervisor.

(b) If after a reasonable amount of time, generally seven days, the grievance cannot be settled by the immediate supervisor, the employee may request an interview with the Division Commander of the affected division or bureau.

(c) If a successful resolution is not found with the Division Commander, the employee may request a meeting with the Chief of Police.

(d) If the employee and the Chief of Police are unable to arrive at a mutual solution, then the employee shall proceed as follows:
Grievance Procedure

1. Submit in writing a written statement of the grievance and deliver one copy to the Chief of Police and another copy to the immediate supervisor and include the following information:
   (a) The basis for the grievance (i.e., what are the facts of the case?).
   (b) Allegation of the specific wrongful act and the harm done.
   (c) The specific policies, rules or regulations that were violated.
   (d) What remedy or goal is being sought by this grievance.
   (e) The employee shall receive a copy of the acknowledgment signed by the supervisor including the date and time of receipt.
   (f) The Chief of Police will receive the grievance in writing. The Chief of Police and the City Manager will review and analyze the facts or allegations and respond to the employee within 14 calendar days. The response will be in writing, and will affirm or deny the allegations. The response shall include any remedies if appropriate. The decision of the City Manager is considered final.

1006.3 EMPLOYEE REPRESENTATION
Employees are entitled to have representation during the grievance process. The representative may be selected by the employee from the appropriate employee bargaining group.

1006.4 GRIEVANCE RECORDS
At the conclusion of the grievance process, all documents pertaining to the process shall be forwarded to the Administrative Services Division Commander for inclusion into a secure file for all written grievances. A second copy of the written grievance will be maintained by the City Manager's office to monitor the grievance process.
Anti-Retaliation

1008.1 PURPOSE AND SCOPE
This policy prohibits retaliation against members who identify workplace issues, such as fraud, waste, abuse of authority, gross mismanagement or any inappropriate conduct or practices, including violations that may pose a threat to the health, safety or well-being of members.

This policy does not prohibit actions taken for nondiscriminatory or non-retaliatory reasons, such as discipline for cause.

These guidelines are intended to supplement and not limit members’ access to other applicable remedies. Nothing in this policy shall diminish the rights or remedies of a member pursuant to any applicable federal law, provision of the U.S. Constitution, law, ordinance or memorandum of understanding.

1008.2 POLICY
The Laguna Beach Police Department has a zero tolerance for retaliation and is committed to taking reasonable steps to protect from retaliation members who, in good faith, engage in permitted behavior or who report or participate in the reporting or investigation of workplace issues. All complaints of retaliation will be taken seriously and will be promptly and appropriately investigated.

1008.3 RETALIATION PROHIBITED
No member may retaliate against any person for engaging in lawful or otherwise permitted behavior; for opposing a practice believed to be unlawful, unethical, discriminatory or retaliatory; for reporting or making a complaint under this policy; or for participating in any investigation related to a complaint under this or any other policy.

Retaliation includes any adverse action or conduct, including but not limited to:

- Refusing to hire or denying a promotion.
- Extending the probationary period.
- Unjustified reassignment of duties or change of work schedule.
- Real or implied threats or other forms of intimidation to dissuade the reporting of wrongdoing or filing of a complaint, or as a consequence of having reported or participated in protected activity.
- Taking unwarranted disciplinary action.
- Spreading rumors about the person filing the complaint or about the alleged wrongdoing.
- Shunning or unreasonably avoiding a person because he/she has engaged in protected activity.
1008.4 COMPLAINTS OF RETALIATION
Any member who feels he/she has been retaliated against in violation of this policy should promptly report the matter to any supervisor, command staff member, Chief of Police or the City Personnel Manager.

Members shall act in good faith, not engage in unwarranted reporting of trivial or minor deviations or transgressions, and make reasonable efforts to verify facts before making any complaint in order to avoid baseless allegations. Members shall not report or state an intention to report information or an allegation knowing it to be false, with willful or reckless disregard for the truth or falsity of the information or otherwise act in bad faith.

Investigations are generally more effective when the identity of the reporting member is known, thereby allowing investigators to obtain additional information from the reporting member. However, complaints may be made anonymously. All reasonable efforts shall be made to protect the reporting member’s identity. However, confidential information may be disclosed to the extent required by law or to the degree necessary to conduct an adequate investigation and make a determination regarding a complaint. In some situations, the investigative process may not be complete unless the source of the information and a statement by the member is part of the investigative process.

1008.5 SUPERVISOR RESPONSIBILITIES
Supervisors are expected to remain familiar with this policy and ensure that members under their command are aware of its provisions.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring complaints of retaliation are investigated as provided in the Personnel Complaints Policy.

(b) Receiving all complaints in a fair and impartial manner.

(c) Documenting the complaint and any steps taken to resolve the problem.

(d) Acknowledging receipt of the complaint, notifying the Chief of Police via the chain of command and explaining to the member how the complaint will be handled.

(e) Taking appropriate and reasonable steps to mitigate any further violations of this policy.

(f) Monitoring the work environment to ensure that any member making a complaint is not subjected to further retaliation.

(g) Periodic follow-up with the complainant to ensure that retaliation is not continuing.

(h) Not interfering with or denying the right of a member to make any complaint.

(i) Taking reasonable steps to accommodate requests for assignment or schedule changes made by a member who may be the target of retaliation if it would likely mitigate the potential for further violations of this policy.
1008.6 COMMAND STAFF RESPONSIBILITIES
The Chief of Police should communicate to all supervisors the prohibition against retaliation.

Command staff shall treat all complaints as serious matters and shall ensure that prompt actions take place, including but not limited to:

(a) Communicating to all members the prohibition against retaliation.

(b) The timely review of complaint investigations.

(c) Remediation of any inappropriate conduct or condition and instituting measures to eliminate or minimize the likelihood of recurrence.

(d) The timely communication of the outcome to the complainant.

1008.7 WHISTLE-BLOWING
California law protects members who (Labor Code § 1102.5; Government Code § 53296 et seq.):

(a) Report a violation of a state or federal statute or regulation to a government or law enforcement agency, including the member’s supervisor or any other member with the authority to investigate the reported violation.

(b) Provide information or testify before a public body if the member has reasonable cause to believe a violation of law occurred.

(c) Refuse to participate in an activity that would result in a violation of a state or federal statute or regulation.

(d) File a complaint with a local agency about gross mismanagement or a significant waste of funds, abuse of authority or a substantial and specific danger to public health or safety. Members shall exhaust all available administrative remedies prior to filing a formal complaint.

(e) Are family members who have engaged in any protected acts described above.

Members are encouraged to report any legal violations through the chain of command (Labor Code § 1102.5).

Members who believe they have been the subject of retaliation for engaging in such protected behaviors should promptly report it to a supervisor. Supervisors should refer the complaint to the Professional Standards Unit for investigation pursuant to the Personnel Complaints Policy.

1008.7.1 DISPLAY OF WHISTLE-BLOWER LAWS
The Department shall display a notice to members regarding their rights and responsibilities under the whistle-blower laws, including the whistle-blower hotline maintained by the Office of the Attorney General (Labor Code § 1102.8).
Anti-Retaliation

1008.8 RECORDS RETENTION AND RELEASE
The Records Supervisor shall ensure that documentation of investigations is maintained in accordance with the established records retention schedules.

1008.9 TRAINING
The policy should be reviewed with each new member.

All members should receive periodic refresher training on the requirements of this policy.
Reporting of Employee Convictions

1010.1 PURPOSE AND SCOPE
Constitutions of certain offenses may restrict or prohibit an employee’s ability to properly perform official duties. Therefore, all employees shall be required to promptly notify the Department of any past and current criminal convictions.

The Administrative Services Supervisor shall submit in a timely manner a notice to the Commission on Peace Officer Standards and Training (POST) of any appointment, termination, reinstatement, name change or status change regarding any peace officer, reserve peace officer, public safety dispatcher and records supervisor employed by this department (11 CCR 1003).

The Administrative Services Supervisor shall submit in a timely manner a notice to POST of a felony conviction or Government Code § 1029 reason that disqualifies any current peace officer employed by this department or any former peace officer if this department was responsible for the investigation (11 CCR 1003).

1010.2 DOMESTIC VIOLENCE CONVICTIONS, OUTSTANDING WARRANTS AND RESTRAINING ORDERS
California and federal law prohibit individuals convicted of, or having an outstanding warrant for, certain offenses and individuals subject to certain court orders from lawfully possessing a firearm. Such convictions and court orders often involve allegations of the use or attempted use of force or threatened use of a weapon on any individual in a domestic relationship (e.g., spouse, cohabitant, parent, child) (18 USC § 922; Penal Code § 29805).

All members are responsible for ensuring that they have not been disqualified from possessing a firearm by any such conviction or court order and shall promptly report any such conviction or court order to a supervisor, as provided in this policy.

1010.3 OTHER CRIMINAL CONVICTIONS AND COURT ORDERS
Government Code § 1029 prohibits any person convicted of a felony from being a peace officer in the State of California. This prohibition applies regardless of whether the guilt was established by way of a verdict, guilty or nolo contendre plea.

Convictions of certain violations of the Vehicle Code and other provisions of law may also place restrictions on an employee’s ability to fully perform the duties of the job.

Outstanding warrants as provided in Penal Code § 29805 also place restrictions on a member’s ability to possess a firearm.

Moreover, while legal restrictions may or may not be imposed by statute or by the courts upon conviction of any criminal offense, criminal conduct by members of this department may be inherently in conflict with law enforcement duties and the public trust.
1010.4 REPORTING PROCEDURE
All members of this department and all retired officers with an identification card issued by the Department shall promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing of any past or current criminal arrest, outstanding warrant or conviction regardless of whether or not the matter is currently on appeal and regardless of the penalty or sentence, if any.

All members and all retired officers with an identification card issued by the Department shall further promptly notify their immediate supervisor (or the Chief of Police in the case of retired officers) in writing if the member or retiree becomes the subject of a domestic violence restraining order or similar court order or becomes the subject of an outstanding warrant.

Any member whose criminal conviction unduly restricts or prohibits that member from fully and properly performing his/her duties may be disciplined including, but not limited to, being placed on administrative leave, reassignment and/or termination. Any effort to remove such disqualification or restriction shall remain entirely the responsibility of the member on his/her own time and expense.

Any member failing to provide prompt written notice pursuant to this policy shall be subject to discipline.

1010.5 PROCEDURE FOR RELIEF
Pursuant to Penal Code § 29855, a peace officer may petition the court for permission to carry a firearm following a conviction under state law. Federal law, however, does not provide for any such similar judicial relief and the granting of a state court petition under Penal Code § 29855 will not relieve one of the restrictions imposed by federal law. Therefore, relief for any employee falling under the restrictions imposed by federal law may only be obtained by expungement of the conviction. Each employee shall seek relief from firearm restrictions on their own time and through their own resources.

Pursuant to Family Code § 6389(h), an individual may petition the court for an exemption to any restraining order, which would thereafter permit the individual to carry a firearm as a part of their employment. Relief from any domestic violence or other restriction shall also be pursued through the employee’s own resources and on the employee’s own time.

Pending satisfactory proof of relief from any legal restriction imposed on an employee’s duties, the employee may be placed on administrative leave, reassigned or disciplined. The Department may, but is not required to return an employee to any assignment, reinstate any employee or reverse any pending or imposed discipline upon presentation of satisfactory proof of relief from any legal restriction set forth in this policy.
Drug- and Alcohol-Free Workplace

1012.1 PURPOSE AND SCOPE
The purpose of this policy is to establish clear and uniform guidelines regarding drugs and alcohol in the workplace.

1012.2 POLICY
It is the policy of this department to provide a drug- and alcohol-free workplace for all members.

1012.3 GENERAL GUIDELINES
Alcohol and drug use in the workplace or on department time can endanger the health and safety of department members and the public. Such use shall not be tolerated (41 USC § 8103).

Members who have consumed an amount of an alcoholic beverage or taken any medication, or combination thereof, that would tend to adversely affect their mental or physical abilities shall not report for duty. Affected members shall notify the Watch Commander or appropriate supervisor as soon as the member is aware that he/she will not be able to report to work. If the member is unable to make the notification, every effort should be made to have a representative contact the supervisor in a timely manner. If the member is adversely affected while on-duty, he/she shall be immediately removed and released from work (see Work Restrictions in this policy).

1012.3.1 USE OF MEDICATIONS
Members should avoid taking any medications that will impair their ability to safely and completely perform their duties. Any member who is medically required or has a need to take any such medication shall report that need to his/her immediate supervisor prior to commencing any on-duty status.

No member shall be permitted to work or drive a vehicle owned or leased by the Department while taking any medication that has the potential to impair his/her abilities, without a written release from his/her physician.

1012.3.2 USE OF MARIJUANA
Possession of marijuana, including medical marijuana, or being under the influence of marijuana on- or off-duty is prohibited and may lead to disciplinary action.

1012.4 MEMBER RESPONSIBILITIES
Members shall report for work in an appropriate mental and physical condition. Members are prohibited from purchasing, manufacturing, distributing, dispensing, possessing or using controlled substances or alcohol on department premises or on department time (41 USC § 8103). The lawful possession or use of prescribed medications or over-the-counter remedies is excluded from this prohibition.

Members who are authorized to consume alcohol as part of a special assignment shall not do so to the extent of impairing on-duty performance.
Drug- and Alcohol-Free Workplace

Members shall notify a supervisor immediately if they observe behavior or other evidence that they believe demonstrates that a fellow member poses a risk to the health and safety of the member or others due to drug or alcohol use.

Members are required to notify their immediate supervisors of any criminal drug statute conviction for a violation occurring in the workplace no later than five days after such conviction (41 USC § 8103).

1012.5 EMPLOYEE ASSISTANCE PROGRAM

There may be available a voluntary employee assistance program to assist those who wish to seek help for alcohol and drug problems (41 USC § 8103). Insurance coverage that provides treatment for drug and alcohol abuse also may be available. Employees should contact the Department of Human Resources, their insurance providers or the employee assistance program for additional information. It is the responsibility of each employee to seek assistance before alcohol or drug problems lead to performance problems.

1012.6 WORK RESTRICTIONS

If a member informs a supervisor that he/she has consumed any alcohol, drug or medication that could interfere with a safe and efficient job performance, the member may be required to obtain clearance from his/her physician before continuing to work.

If the supervisor reasonably believes, based on objective facts, that a member is impaired by the consumption of alcohol or other drugs, the supervisor shall prevent the member from continuing work and shall ensure that he/she is safely transported away from the Department.

1012.7 REQUESTING SCREENING TESTS

The supervisor may request an employee to submit to a screening test under the following circumstances:

(a) The supervisor reasonably believes, based upon objective facts, that the employee is under the influence of alcohol or drugs that are impairing his/her ability to perform duties safely and efficiently.

(b) The employee discharges a firearm, other than by accident, in the performance of his/her duties.

(c) During the performance of his/her duties, the employee drives a motor vehicle and becomes involved in an incident that results in bodily injury to him/herself or another person, or substantial damage to property.

1012.7.1 SUPERVISOR RESPONSIBILITY

The supervisor shall prepare a written record documenting the specific facts that led to the decision to request the test, and shall inform the employee in writing of the following:

(a) The test will be given to detect either alcohol or drugs, or both.
Drug- and Alcohol-Free Workplace

(b) The result of the test is not admissible in any criminal proceeding against the employee.

(c) The employee may refuse the test, but refusal may result in dismissal or other disciplinary action.

1012.7.2 SCREENING TEST REFUSAL
An employee may be subject to disciplinary action if he/she:

(a) Fails or refuses to submit to a screening test as requested.

(b) After taking a screening test that indicates the presence of a controlled substance, fails to provide proof, within 72 hours after being requested, that he/she took the controlled substance as directed, pursuant to a current and lawful prescription issued in his/her name.

(c) Violates any provisions of this policy.

1012.8 COMPLIANCE WITH THE DRUG-FREE WORKPLACE ACT
No later than 30 days following notice of any drug statute conviction for a violation occurring in the workplace involving a member, the Department will take appropriate disciplinary action, up to and including dismissal, and/or requiring the member to satisfactorily participate in a drug abuse assistance or rehabilitation program (41 USC § 8104).

1012.9 CONFIDENTIALITY
The Department recognizes the confidentiality and privacy due to its members. Disclosure of any information relating to substance abuse treatment, except on a need-to-know basis, shall only be with the express written consent of the member involved or pursuant to lawful process.

The written results of any screening tests and all documents generated by the employee assistance program are considered confidential medical records and shall be maintained separately from the employee’s other personnel files.
Sick Leave

1014.1 PURPOSE AND SCOPE
This policy provides general guidance regarding the use and processing of sick leave. The accrual and terms of use of sick leave for eligible employees are detailed in the City personnel manual or applicable collective bargaining agreement.

This policy is not intended to cover all types of sick or other leaves. For example, employees may be entitled to additional paid or unpaid leave for certain family and medical reasons as provided for in the Family and Medical Leave Act (FMLA) (29 USC § 2601 et seq.) and the California Family Rights Act, and leave related to domestic violence, sexual assault, stalking or for organ or bone marrow donor procedures (29 CFR 825; Government Code § 12945.2; Labor Code § 230.1; Labor Code § 1510).

1014.2 POLICY
It is the policy of the Laguna Beach Police Department to provide eligible employees with a sick leave benefit.

1014.3 USE OF SICK LEAVE
Sick leave is intended to be used for qualified absences. Sick leave is not considered vacation. Abuse of sick leave may result in discipline, denial of sick leave benefits, or both.

Employees on sick leave shall not engage in other employment or self-employment or participate in any sport, hobby, recreational activity or other activity that may impede recovery from the injury or illness (see Outside Employment Policy).

Qualified appointments should be scheduled during a member’s non-working hours when it is reasonable to do so.

1014.3.1 NOTIFICATION
All members should notify the Watch Commander or appropriate supervisor as soon as they are aware that they will not be able to report to work and no less than one hour before the start of their scheduled shifts. If, due to an emergency, a member is unable to contact the supervisor, every effort should be made to have a representative for the member contact the supervisor (Labor Code § 246).

When the necessity to be absent from work is foreseeable, such as planned medical appointments or treatments, the member shall, whenever possible and practicable, provide the Department with no less than 30 days’ notice of the impending absence (Labor Code § 246).

Upon return to work, members are responsible for ensuring their time off was appropriately accounted for, and for completing and submitting the required documentation describing the type of time off used and the specific amount of time taken.
Sick Leave

1014.4 EXTENDED ABSENCE
Members absent from duty for more than three consecutive days may be required to furnish a statement from a health care provider supporting the need to be absent and/or the ability to return to work. Members on an extended absence shall, if possible, contact their supervisor at specified intervals to provide an update on their absence and expected date of return.

Nothing in this section precludes a supervisor from requiring, with cause, a health care provider’s statement for an absence of three or fewer days after the first three days of paid sick leave are used in a 12-month period.

1014.5 REQUIRED NOTICES
The Personnel Manager shall ensure:

(a) Written notice of the amount of paid sick leave available is provided to employees as provided in Labor Code § 246.

(b) A poster is displayed in a conspicuous place for employees to review that contains information on paid sick leave as provided in Labor Code § 247.

1014.6 SUPERVISOR RESPONSIBILITIES
The responsibilities of supervisors include, but are not limited to:

(a) Monitoring and regularly reviewing the attendance of those under their command to ensure that the use of sick leave and absences is consistent with this policy.

(b) Attempting to determine whether an absence of four or more days may qualify as family medical leave and consulting with legal counsel or the Department of Human Resources as appropriate.

(c) Addressing absences and sick leave use in the member’s performance evaluation when excessive or unusual use has:

   1. Negatively affected the member’s performance or ability to complete assigned duties.

   2. Negatively affected department operations.

(d) When appropriate, counseling members regarding excessive absences and/or inappropriate use of sick leave.

(e) Referring eligible members to an available employee assistance program when appropriate.
Communicable Diseases

1016.1 PURPOSE AND SCOPE
This policy provides general guidelines to assist in minimizing the risk of department members contracting and/or spreading communicable diseases.

1016.1.1 DEFINITIONS
Definitions related to this policy include:

**Communicable disease** - A human disease caused by microorganisms that are present in and transmissible through human blood, bodily fluid, tissue, or by breathing or coughing. These diseases commonly include, but are not limited to, hepatitis B virus (HBV), HIV and tuberculosis.

**Exposure** - When an eye, mouth, mucous membrane or non-intact skin comes into contact with blood or other potentially infectious materials, or when these substances are injected or infused under the skin; when an individual is exposed to a person who has a disease that can be passed through the air by talking, sneezing or coughing (e.g., tuberculosis), or the individual is in an area that was occupied by such a person. Exposure only includes those instances that occur due to a member’s position at the Laguna Beach Police Department. (See the exposure control plan for further details to assist in identifying whether an exposure has occurred.)

1016.2 EXPOSURE CONTROL OFFICER
The Chief of Police will assign a person as the Exposure Control Officer (ECO). The ECO shall develop an exposure control plan that includes:

(a) Exposure-prevention and decontamination procedures.
(b) Procedures for when and how to obtain medical attention in the event of an exposure or suspected exposure.
(c) The provision that department members will have no-cost access to the appropriate personal protective equipment (PPE) (e.g., gloves, face masks, eye protection, pocket masks) for each member’s position and risk of exposure.
(d) Evaluation of persons in custody for any exposure risk and measures to separate them (15 CCR 1051; 15 CCR 1207).
(e) Compliance with all relevant laws or regulations related to communicable diseases, including:
   1. Responding to requests and notifications regarding exposures covered under the Ryan White law (42 USC § 300ff-133; 42 USC § 300ff-136).
   2. Bloodborne pathogen mandates including (8 CCR 5193):
      (a) Sharps injury log.
      (b) Needleless systems and sharps injury protection.
   3. Airborne transmissible disease mandates including (8 CCR 5199):
Communicable Diseases

(a) Engineering and work practice controls related to airborne transmissible diseases.

(b) Distribution of appropriate personal protective equipment to minimize exposure to airborne disease.

4. Promptly notifying the county health officer regarding member exposures (Penal Code § 7510).

5. Establishing procedures to ensure that members request exposure notification from health facilities when transporting a person that may have a communicable disease (Health and Safety Code § 1797.188).

The ECO should also act as the liaison with the Division of Occupational Safety and Health (Cal/OSHA) and may request voluntary compliance inspections. The ECO shall annually review and update the exposure control plan and review implementation of the plan (8 CCR 5193).

1016.3 CONFIDENTIALITY OF REPORTS

Medical information shall remain in confidential files and shall not be disclosed to anyone without the member’s written consent (except as required by law). Test results from persons who may have been the source of an exposure are to be kept confidential as well.

1016.4 EXPOSURE PREVENTION AND MITIGATION

1016.4.1 GENERAL PRECAUTIONS

All members are expected to use good judgment and follow training and procedures related to mitigating the risks associated with communicable disease. This includes, but is not limited to (8 CCR 5193):

(a) Stocking disposable gloves, antiseptic hand cleanser, CPR masks or other specialized equipment in the work area or department vehicles, as applicable.

(b) Wearing department-approved disposable gloves when contact with blood, other potentially infectious materials, mucous membranes and non-intact skin can be reasonably anticipated.

(c) Washing hands immediately or as soon as feasible after removal of gloves or other PPE.

(d) Treating all human blood and bodily fluids/tissue as if it is known to be infectious for a communicable disease.

(e) Using an appropriate barrier device when providing CPR.

(f) Using a face mask or shield if it is reasonable to anticipate an exposure to an airborne transmissible disease.

(g) Decontaminating non-disposable equipment (e.g., flashlight, control devices, clothing and portable radio) as soon as possible if the equipment is a potential source of exposure.
Communicable Diseases

1. Clothing that has been contaminated by blood or other potentially infectious materials shall be removed immediately or as soon as feasible and stored/decontaminated appropriately.

   (h) Handling all sharps and items that cut or puncture (e.g., needles, broken glass, razors, knives) cautiously and using puncture-resistant containers for their storage and/or transportation.

   (i) Avoiding eating, drinking, smoking, applying cosmetics or lip balm, or handling contact lenses where there is a reasonable likelihood of exposure.

   (j) Disposing of biohazardous waste appropriately or labeling biohazardous material properly when it is stored.

1016.4.2 IMMUNIZATIONS
Members who could be exposed to HBV due to their positions may receive the HBV vaccine and any routine booster at no cost (8 CCR 5193).

1016.5 POST EXPOSURE

1016.5.1 INITIAL POST-EXPOSURE STEPS
Members who experience an exposure or suspected exposure shall:

   (a) Begin decontamination procedures immediately (e.g., wash hands and any other skin with soap and water, flush mucous membranes with water).

   (b) Obtain medical attention as appropriate.

   (c) Notify a supervisor as soon as practicable.

1016.5.2 REPORTING REQUIREMENTS
The supervisor on-duty shall investigate every exposure or suspected exposure that occurs as soon as possible following the incident. The supervisor shall ensure the following information is documented (8 CCR 5193):

   (a) Name and Social Security number of the member exposed

   (b) Date and time of the incident

   (c) Location of the incident

   (d) Potentially infectious materials involved and the source of exposure (e.g., identification of the person who may have been the source)

   (e) Work being done during exposure

   (f) How the incident occurred or was caused

   (g) PPE in use at the time of the incident

   (h) Actions taken post-event (e.g., clean-up, notifications)

The supervisor shall advise the member that disclosing the identity and/or infectious status of a source to the public or to anyone who is not involved in the follow-up process is prohibited.
Communicable Diseases

The supervisor should complete the incident documentation in conjunction with other reporting requirements that may apply (see the Occupational Disease and Work-Related Injury Reporting Policy).

1016.5.3 MEDICAL CONSULTATION, EVALUATION AND TREATMENT
Department members shall have the opportunity to have a confidential medical evaluation immediately after an exposure and follow-up evaluations as necessary (8 CCR 5193).

The ECO should request a written opinion/evaluation from the treating medical professional that contains only the following information:

(a) Whether the member has been informed of the results of the evaluation.

(b) Whether the member has been notified of any medical conditions resulting from exposure to blood or other potentially infectious materials which require further evaluation or treatment.

No other information should be requested or accepted by the ECO.

1016.5.4 COUNSELING
The Department shall provide the member, and his/her family if necessary, the opportunity for counseling and consultation regarding the exposure (8 CCR 5193).

1016.5.5 SOURCE TESTING
Testing a person for communicable diseases when that person was the source of an exposure should be done when it is desired by the exposed member or when it is otherwise appropriate (8 CCR 5193). Source testing is the responsibility of the ECO. If the ECO is unavailable to seek timely testing of the source, it is the responsibility of the exposed member’s supervisor to ensure testing is sought.

Source testing may be achieved by:

(a) Obtaining consent from the individual.

(b) Complying with the statutory scheme of Health and Safety Code § 121060. This includes seeking consent from the person who was the source of the exposure and seeking a court order if consent is not given.

(c) Testing the exposed member for evidence of a communicable disease and seeking consent from the source individual to either access existing blood samples for testing or for the source to submit to testing (Health and Safety Code § 120262).

(d) Taking reasonable steps to immediately contact the County Health Officer and provide preliminary information regarding the circumstances of the exposure and the status of the involved individuals to determine whether the County Health Officer will order testing (Penal Code § 7510).

(e) Under certain circumstances, a court may issue a search warrant for the purpose of HIV testing a person when the exposed member qualifies as a crime victim (Penal Code § 1524.1).
Communicable Diseases

Since there is the potential for overlap between the different manners in which source testing may occur, the ECO is responsible for coordinating the testing to prevent unnecessary or duplicate testing.

The ECO should seek the consent of the individual for testing and consult the City Attorney to discuss other options when no statute exists for compelling the source of an exposure to undergo testing if he/she refuses.

Inquiries about conduct or performance that, if true, would not violate department policy or federal, state or local law, policy or rule may be handled informally by a supervisor and shall not be considered a personnel complaint. Such inquiries generally include clarification regarding policy, procedures or the response to specific incidents by the Department.

**1020.3.1 COMPLAINT CLASSIFICATIONS**

Personnel complaints shall be classified in one of the following categories:

- **Informal** - A matter in which the Watch Commander is satisfied that appropriate action has been taken by a supervisor of rank greater than the accused member.

- **Incomplete** - A matter in which the complaining party either refuses to cooperate or becomes unavailable after diligent follow-up investigation. At the discretion of the assigned supervisor or the Professional Standards Unit, such matters may be further investigated depending on the seriousness of the complaint and the availability of sufficient information.

Personnel Complaints

1020.4.2 ACCEPTANCE
All complaints will be courteously accepted by any department member and promptly given to the appropriate supervisor. Although written complaints are preferred, a complaint may also be filed orally, either in person or by telephone. Such complaints will be directed to a supervisor. If a supervisor is not immediately available to take an oral complaint, the receiving member shall obtain contact information sufficient for the supervisor to contact the complainant. The supervisor, upon contact with the complainant, shall complete and submit a complaint form as appropriate.

Although not required, complainants should be encouraged to file complaints in person so that proper identification, signatures, photographs or physical evidence may be obtained as necessary.

If requested, a complainant shall be provided with a copy of his/her statement at the time it is filed with the Department (Penal Code § 832.7).

All complaints and inquiries should also be documented in a log that records and tracks complaints. The log shall include the nature of the complaint and the actions taken to address the complaint. On an annual basis, the Department should audit the log and send an audit report to the Chief of Police or the authorized designee.

1020.6 ADMINISTRATIVE INVESTIGATIONS
Allegations of misconduct will be administratively investigated as follows.

1020.6.1 SUPERVISOR RESPONSIBILITIES
In general, the primary responsibility for the investigation of a personnel complaint shall rest with the member's immediate supervisor, unless the supervisor is the complainant, or the supervisor is the ultimate decision-maker regarding disciplinary action or has any personal involvement regarding the alleged misconduct. The Chief of Police or the authorized designee may direct that another supervisor investigate any complaint.

A supervisor who becomes aware of alleged misconduct shall take reasonable steps to prevent aggravation of the situation.

The responsibilities of supervisors include, but are not limited to:

(a) Ensuring that upon receiving or initiating any formal complaint, a complaint form is completed.
Personnel Complaints

1. The original complaint form will be directed to the Watch Commander of the accused member, via the chain of command, who will take appropriate action and/or determine who will have responsibility for the investigation.

2. In circumstances where the integrity of the investigation could be jeopardized by reducing the complaint to writing or where the confidentiality of a complainant is at issue, a supervisor shall orally report the matter to the member's Division Commander or the Chief of Police, who will initiate appropriate action.

(b) Responding to all complaints in a courteous and professional manner.

(c) Resolving those personnel complaints that can be resolved immediately.

1. Follow-up contact with the complainant should be made within 24 hours of the Department receiving the complaint.

2. If the matter is resolved and no further action is required, the supervisor will note the resolution on a complaint form and forward the form to the Watch Commander.

(d) Ensuring that upon receipt of a complaint involving allegations of a potentially serious nature, the Watch Commander and Chief of Police are notified via the chain of command as soon as practicable.

(e) Promptly contacting the Department of Human Resources and the Watch Commander for direction regarding their roles in addressing a complaint that relates to sexual, racial, ethnic or other forms of prohibited harassment or discrimination.

(f) Forwarding unresolved personnel complaints to the Watch Commander, who will determine whether to contact the complainant or assign the complaint for investigation.

(g) Informing the complainant of the investigator's name and the complaint number within three days after assignment.

(h) Investigating a complaint as follows:

1. Making reasonable efforts to obtain names, addresses and telephone numbers of witnesses.

2. When appropriate, ensuring immediate medical attention is provided and photographs of alleged injuries and accessible uninjured areas are taken.

(i) Ensuring that the procedural rights of the accused member are followed (Government Code § 3303 et seq.).

(j) Ensuring interviews of the complainant are generally conducted during reasonable hours.

1020.6.2 ADMINISTRATIVE INVESTIGATION PROCEDURES

Whether conducted by a supervisor or a member of the Professional Standards Unit, the following applies to members covered by the Public Safety Officers Procedural Bill of Rights Act (POBR) (Government Code § 3303):
Personnel Complaints

(a) Interviews of an accused member shall be conducted during reasonable hours and preferably when the member is on-duty. If the member is off-duty, he/she shall be compensated.

(b) Unless waived by the member, interviews of an accused member shall be at the Laguna Beach Police Department or other reasonable and appropriate place.

(c) No more than two interviewers should ask questions of an accused member.

(d) Prior to any interview, a member shall be informed of the nature of the investigation, the name, rank and command of the officer in charge of the investigation, the interviewing officers and all other persons to be present during the interview.

(e) All interviews shall be for a reasonable period and the member's personal needs should be accommodated.

(f) No member should be subjected to offensive or threatening language, nor shall any promises, rewards or other inducements be used to obtain answers.

(g) Any member refusing to answer questions directly related to the investigation may be ordered to answer questions administratively and may be subject to discipline for failing to do so.

1. A member should be given an order to answer questions in an administrative investigation that might incriminate the member in a criminal matter only after the member has been given a Lybarger advisement. Administrative investigators should consider the impact that compelling a statement from the member may have on any related criminal investigation and should take reasonable steps to avoid creating any foreseeable conflicts between the two related investigations. This may include conferring with the person in charge of the criminal investigation (e.g., discussion of processes, timing, implications).

2. No information or evidence administratively coerced from a member may be provided to anyone involved in conducting the criminal investigation or to any prosecutor.

(h) The interviewer should record all interviews of members and witnesses. The member may also record the interview. If the member has been previously interviewed, a copy of that recorded interview shall be provided to the member prior to any subsequent interview.

(i) All members subjected to interviews that could result in discipline have the right to have an uninvolved representative present during the interview. However, in order to maintain the integrity of each individual's statement, involved members shall not consult or meet with a representative or attorney collectively or in groups prior to being interviewed.

(j) All members shall provide complete and truthful responses to questions posed during interviews.

(k) No member may be requested or compelled to submit to a polygraph examination, nor shall any refusal to submit to such examination be mentioned in any investigation (Government Code § 3307).
No investigation shall be undertaken against any officer solely because the officer has been placed on a prosecutor’s *Brady* list or the name of the officer may otherwise be subject to disclosure pursuant to *Brady v. Maryland*. However, an investigation may be based on the underlying acts or omissions for which the officer has been placed on a Brady list or may otherwise be subject to disclosure pursuant to *Brady v. Maryland* (Government Code § 3305.5).

**1020.6.3 DISPOSITIONS**  
Each personnel complaint shall be classified with one of the following dispositions:

- **Unfounded** - When the investigation discloses that the alleged acts did not occur or did not involve department members. Complaints that are determined to be frivolous will fall within the classification of unfounded.

- **Exonerated** - When the investigation discloses that the alleged act occurred but that the act was justified, lawful and/or proper.

- **Not sustained** - When the investigation discloses that there is insufficient evidence to sustain the complaint or fully exonerate the member.

- **Sustained** - When the investigation discloses sufficient evidence to establish that the act occurred and that it constituted misconduct.

If an investigation discloses misconduct or improper job performance that was not alleged in the original complaint, the investigator shall take appropriate action with regard to any additional allegations.

**1020.6.4 COMPLETION OF INVESTIGATIONS**  
Every investigator or supervisor assigned to investigate a personnel complaint or other alleged misconduct shall proceed with due diligence in an effort to complete the investigation within one year from the date of discovery by an individual authorized to initiate an investigation (Government Code § 3304).

In the event that an investigation cannot be completed within one year of discovery, the assigned investigator or supervisor shall ensure that an extension or delay is warranted within the exceptions set forth in Government Code § 3304(d) or Government Code § 3508.1.

**1020.6.5 ADMINISTRATIVE INVESTIGATION FORMAT**  
Formal investigations of personnel complaints shall be thorough, complete and essentially follow this format:

Personnel Complaints

Evidence - Each allegation should be set forth with the details of the evidence applicable to each allegation provided, including comprehensive summaries of member and witness statements. Other evidence related to each allegation should also be detailed in this section.

Conclusion - A recommendation regarding further action or disposition should be provided.

Exhibits - A separate list of exhibits (e.g., recordings, photos, documents) should be attached to the report.

1020.6.6 NOTICE TO COMPLAINANT OF INVESTIGATION STATUS
The member conducting the investigation should provide the complainant with periodic updates on the status of the investigation, as appropriate.

1020.7 ADMINISTRATIVE SEARCHES
Assigned lockers, storage spaces and other areas, including desks, offices and vehicles, may be searched as part of an administrative investigation upon a reasonable suspicion of misconduct. Such areas may also be searched any time by a supervisor for non-investigative purposes, such as obtaining a needed report, radio or other document or equipment.

Lockers and storage spaces may only be administratively searched in the member's presence, with the member's consent, with a valid search warrant or where the member has been given reasonable notice that the search will take place (Government Code § 3309).

(c) If the employee is assigned to or being considered for a special assignment with a potential for bribes or other improper inducements

Any employee placed on administrative leave:

(a) May be required to relinquish any department badge, identification, assigned weapons and any other department equipment.
(b) Shall be required to continue to comply with all policies and lawful orders of a supervisor.

1020.10 CRIMINAL INVESTIGATION
Where a member is accused of potential criminal conduct, a separate supervisor or investigator shall be assigned to investigate the criminal allegations apart from any administrative investigation. Any separate administrative investigation may parallel a criminal investigation.

The Chief of Police shall be notified as soon as practicable when a member is accused of criminal conduct. The Chief of Police may request a criminal investigation by an outside law enforcement agency.

A member accused of criminal conduct shall be advised of his/her constitutional rights (Government Code § 3303(h)). The member should not be administratively ordered to provide any information in the criminal investigation.

The Laguna Beach Police Department may release information concerning the arrest or detention of any member, including an officer, that has not led to a conviction. No disciplinary action should be taken until an independent administrative investigation is conducted.

1020.11 POST-ADMINISTRATIVE INVESTIGATION PROCEDURES
Upon completion of a formal investigation, an investigation report should be forwarded to the Chief of Police through the chain of command. Each level of command should review and include his/her comments in writing before forwarding the report. The Chief of Police may accept or modify any classification or recommendation for disciplinary action.

1020.11.1 DIVISION COMMANDER RESPONSIBILITIES
Upon receipt of any completed personnel investigation, the Division Commander of the involved member shall review the entire investigative file, the member's personnel file and any other relevant materials.

The Division Commander may make recommendations regarding the disposition of any allegations and the amount of discipline, if any, to be imposed.

Prior to forwarding recommendations to the Chief of Police, the Division Commander may return the entire investigation to the assigned investigator or supervisor for further investigation or action.

When forwarding any written recommendation to the Chief of Police, the Division Commander shall include all relevant materials supporting the recommendation. Actual copies of a member's existing personnel file need not be provided and may be incorporated by reference.
Personnel Complaints

1020.11.2 CHIEF OF POLICE RESPONSIBILITIES
Upon receipt of any written recommendation for disciplinary action, the Chief of Police shall review the recommendation and all accompanying materials. The Chief of Police may modify any recommendation and/or may return the file to the Division Commander for further investigation or action.

Once the Chief of Police is satisfied that no further investigation or action is required by staff, the Chief of Police shall determine the amount of discipline, if any, that should be imposed. In the event disciplinary action is proposed, the Chief of Police shall provide the member with a pre-disciplinary procedural due process hearing (Skelly) by providing written notice of the charges, proposed action and reasons for the proposed action. Written notice shall be provided within one year from the date of discovery of the misconduct (Government Code § 3304(d)). The Chief of Police shall also provide the member with:

(a) Access to all of the materials considered by the Chief of Police in recommending the proposed discipline.
(b) An opportunity to respond orally or in writing to the Chief of Police within five days of receiving the notice.

2. If the member elects to respond orally, the presentation may be recorded by the Department. Upon request, the member shall be provided with a copy of the recording.

Once the member has completed his/her response or if the member has elected to waive any such response, the Chief of Police shall consider all information received in regard to the recommended discipline. The Chief of Police shall render a timely written decision to the member and specify the grounds and reasons for discipline and the effective date of the discipline. Child restraint system - An infant or child passenger restraint system that meets Federal Motor Vehicle Safety Standards (FMVSS) and Regulations set forth in 49 CFR 571.213.

1022.2 WEARING OF SAFETY RESTRAINTS
All members shall wear properly adjusted safety restraints when operating or riding in a seat equipped with restraints, in any vehicle owned, leased or rented by this department while on- or off-duty, or in any privately owned vehicle while on-duty. The member driving such a vehicle shall ensure that all other occupants, including non-members, are also properly restrained.

Exceptions to the requirement to wear safety restraints may be made only in exceptional situations where, due to unusual circumstances, wearing a seat belt would endanger the member or the public. Members must be prepared to justify any deviation from this requirement.

1022.3 TRANSPORTING SUSPECTS, PRISONERS OR ARRESTEES
Suspects, prisoners and arrestees should be in a seated position and secured in the rear seat of any department vehicle with a prisoner restraint system or, when a prisoner restraint system is not available, by seat belts provided by the vehicle manufacturer. The prisoner restraint system is not intended to be a substitute for handcuffs or other appendage restraints.

Prisoners in leg restraints shall be transported in accordance with the Handcuffing and Restraints Policy.

1022.4 INOPERABLE SEAT BELTS
Department vehicles shall not be operated when the seat belt in the driver's position is inoperable. Persons shall not be transported in a seat in which the seat belt is inoperable.

Department vehicle seat belts shall not be modified, removed, deactivated or altered in any way, except by the vehicle maintenance and repair staff, who shall do so only with the express authorization of the Chief of Police.

Members who discover an inoperable restraint system shall report the defect to the appropriate supervisor. Prompt action will be taken to replace or repair the system.

1022.5 POLICY
It is the policy of the Laguna Beach Police Department that members use safety and child restraint systems to reduce the possibility of death or injury in a motor vehicle collision.
1022.6 TRANSPORTING CHILDREN
Children under the age of 8 shall be transported in compliance with California’s child restraint system requirements (Vehicle Code § 27360; Vehicle Code § 27363).

Rear seat passengers in a cage-equipped vehicle may have reduced clearance, which requires careful seating and positioning of seat belts. Due to this reduced clearance, and if permitted by law, children and any child restraint system may be secured in the front seat of such vehicles provided this positioning meets federal safety standards and the vehicle and child restraint system manufacturer’s design and use recommendations. In the event that a child is transported in the front seat of a vehicle, the seat should be pushed back as far as possible and the passenger-side airbag should be deactivated. If this is not possible, members should arrange alternate transportation when feasible. A child shall not be transported in a rear-facing child restraint system in the front seat in a vehicle that is equipped with an active frontal passenger airbag (Vehicle Code § 27363).

1022.7 VEHICLE AIRBAGS
In all vehicles equipped with airbag restraint systems, the system will not be tampered with or deactivated, except when transporting children as written elsewhere in this policy. All equipment installed in vehicles equipped with airbags will be installed as per the vehicle manufacturer specifications to avoid the danger of interfering with the effective deployment of the airbag device.

1022.8 VEHICLES MANUFACTURED WITHOUT SEAT BELTS
Vehicles manufactured and certified for use without seat belts or other restraint systems are subject to the manufacturer’s operator requirements for safe use.
Body Armor

1024.1 PURPOSE AND SCOPE
The purpose of this policy is to provide law enforcement officers with guidelines for the proper use of body armor.

1024.2 POLICY
It is the policy of the Laguna Beach Police Department to maximize officer safety through the use of body armor in combination with prescribed safety procedures. While body armor provides a significant level of protection, it is not a substitute for the observance of officer safety procedures.

1024.3 ISSUANCE OF BODY ARMOR
The Training Coordinator shall ensure that body armor is issued to all officers when the officer begins service at the Laguna Beach Police Department and that, when issued, the body armor meets or exceeds the standards of the National Institute of Justice.

The Training Coordinator shall establish a body armor replacement schedule and ensure that replacement body armor is issued pursuant to the schedule or whenever the body armor becomes worn or damaged to the point that its effectiveness or functionality has been compromised.

1024.3.1 USE OF SOFT BODY ARMOR
Generally, the use of body armor is required subject to the following:

(a) Officers shall only wear agency-approved body armor.

(c) Officers may be excused from wearing body armor in uniform when they are functioning primarily in an administrative or support capacity and could not reasonably be expected to take enforcement action.

(d) Body armor shall be worn when an officer is working in uniform.

(e) An officer may be excused from wearing body armor when he/she is involved in undercover or plainclothes work that his/her supervisor determines could be compromised by wearing body armor, or when a supervisor determines that other circumstances make it inappropriate to mandate wearing body armor.

1024.3.2 INSPECTIONS OF BODY ARMOR
Supervisors should ensure that body armor is worn and maintained in accordance with this policy through routine observation and periodic documented inspections. Annual inspections of body armor should be conducted by an authorized designee for fit, cleanliness, and signs of damage, abuse and wear.
Body Armor

1024.3.3 CARE AND MAINTENANCE OF SOFT BODY ARMOR
Soft body armor should never be stored for any period of time in an area where environmental conditions (e.g., temperature, light, humidity) are not reasonably controlled (e.g., normal ambient room temperature/humidity conditions), such as in automobiles or automobile trunks.

Soft body armor should be cared for and cleaned pursuant to the manufacturer's care instructions provided with the soft body armor. The instructions can be found on labels located on the external surface of each ballistic panel. The carrier should also have a label that contains care instructions. Failure to follow these instructions may damage the ballistic performance capabilities of the armor. If care instructions for the soft body armor cannot be located, contact the manufacturer to request care instructions.

Soft body armor should not be exposed to any cleaning agents or methods not specifically recommended by the manufacturer, as noted on the armor panel label.

Soft body armor should be replaced in accordance with the manufacturer's recommended replacement schedule.

1024.4 EXTERNAL BODY ARMOR

The pouches shall be kept clean, operable and present a professional uniform appearance. The Chief of Police will have the authority to regulate and make changes as necessary to this policy.
1024.5 RANGEMASTER RESPONSIBILITIES
The Range Master should:

(a) Monitor technological advances in the body armor industry for any appropriate changes to Department approved body armor.

(b) Assess weapons and ammunition currently in use and the suitability of approved body armor to protect against those threats.

(c) Provide training that educates officers about the safety benefits of wearing body armor.

   1. Uniformed officers shall take their breaks within the City limits unless on assignment outside of the City.
   2. No more than two uniformed officers and one uniformed civilian employee shall be in the same establishment taking a break, barring a major deployment, or authorized by a supervisor. This is due to the negative perception it creates with the community we serve.
   3. No more than one marked police unit will be at a location for the purpose of a meal break at one time unless authorized by a supervisor and discretion should be used in the parking of marked units that are in the public view.
   4. Exceptions to 2 and/or 3:
      (a) The marked unit is assigned two officers.
      (b) A major deployment of uniformed officers as in a natural disaster or extreme emergencies, necessitating multiple officers on simultaneous meal breaks.

Meal Periods and Breaks

Employees normally assigned to the police facility shall remain in the police facility for their breaks. This would not prohibit them from taking a break outside the facility if on official business.

Field officers will take their breaks in their assigned areas, subject to call and shall monitor their radios. When field officers take their breaks away from their vehicles, they shall do so only with the knowledge and clearance of the Communications Center.

1034.1.3 PERSONAL BUSINESS WHILE ON DUTY IN UNIFORM

At no time shall more than one uniformed person conduct any personal shopping, as described herein, at the same location and at the same time. An exception is obtaining prior approval from a supervisor after demonstrating a need.
Lactation Break Policy

1035.1 PURPOSE AND SCOPE
The purpose of this policy is to provide reasonable accommodations to employees desiring to express breast milk for the employee's infant child (29 USC § 207 and Labor Code §§ 1030-1032).

1035.2 POLICY
It is the policy of this department to provide, in compliance with the Fair Labor Standards Act, reasonable break time and appropriate facilities to accommodate any employee desiring to express breast milk for her nursing infant child (29 USC § 207 and Labor Code § 1030).

1035.3 LACTATION BREAK TIME
A rest period should be permitted each time the employee has the need to express breast milk (29 USC § 207). In general, lactation breaks that cumulatively total 30 minutes or less during any four-hour work period or major portion of a four-hour work period would be considered reasonable. However, individual circumstances may require more or less time. Such breaks, if feasible, should be taken at the same time as the employee's regularly scheduled rest or meal periods.

While a reasonable effort will be made to provide additional time beyond authorized breaks, any such time exceeding regularly scheduled and paid break time will be unpaid (Labor Code § 1030).

Employees desiring to take a lactation break shall notify Dispatch or a supervisor prior to taking such a break. Such breaks may be reasonably delayed if they would seriously disrupt department operations (Labor Code § 1032).

Once a lactation break has been approved, the break should not be interrupted except for emergency or exigent circumstances.

1035.4 PRIVATE LOCATION
The Department will make reasonable efforts to accommodate employees with the use of an appropriate room or other location to express milk in private. Such room or place should be in close proximity to the employee's work area and shall be other than a bathroom or toilet stall. The location must be shielded from view and free from intrusion from co-workers and the public (29 USC § 207 and Labor Code § 1031).

Employees occupying such private areas shall either secure the door or otherwise make it clear to others that the area is occupied with a need for privacy. All other employees should avoid interrupting an employee during an authorized break, except to announce an emergency or other urgent circumstance.

Authorized lactation breaks for employees assigned to the field may be taken at the nearest appropriate private area.
1035.5 STORAGE OF EXPRESSED MILK
Any employee storing expressed milk in any authorized refrigerated area within the Department shall clearly label it as such and shall remove it when the employee ends her shift.
Employee Time Sheets

1036.1 PURPOSE AND SCOPE

1036.1.1 RESPONSIBILITY FOR COMPLETION OF TIME SHEETS AND VARIANCE SLIPS
(a) The individual employee or Watch Commander are responsible for the accurate and timely submission of time sheets for the payment of wages.

1. Most field services personnel have their bi-weekly time sheets submitted by the on duty Watch Commanders who complete the time sheets on a daily basis.

(b) Variance Slips:

1. Whenever an employee takes time off of work, they are required to submit a variance slip indicating the type of leave account they wish to utilize (vacation, comp leave, etc.).

2. This slip must be turned in and approved as expeditiously as possible and within the same time period when the leave will occur.

(a) An exception is an employee requesting a vacation in advance. In these cases, the variance slips are often requested during periods when the new schedules are being drafted.

(b) A second exception is when the employee is out sick and the Watch Commander completes the sick leave variance slip on behalf of the employee.

3. All overtime slips must be submitted during the same pay period in which the overtime occurred. It is imperative that the overtime slips be submitted by the end of the same pay period in order for the employee to be compensated for the overtime/comp time.

4. Overtime slips for court testimony or on call time must have the subpoena attached to the variance slip. If the case was trailed, attach the email or notice indicating that the case was trailed from an original subpoena.

(c) Court Pay:

(a) Excerpted in October 2009 from the Memorandum of Understanding (MOU) between the City of Laguna Beach and the Laguna Beach Police Association, item #21.0:

Employees shall receive a minimum of three hours of compensation for actual hours present in court.

1036.1.2 TIME REQUIREMENTS
All employees are paid on a bi-weekly basis usually on Thursday with certain exceptions such as holidays. Time sheets shall be completed and submitted to Support Services no later than 8:00 a.m. on the Monday morning after the last Sunday of the pay period, unless specified otherwise.

The pay periods are based on a 14 day cycle which begins on a Monday and ends on a Sunday.
ISE SCHEDULING PROGRAM

1037.1 PURPOSE AND SCOPE
The purpose of this policy is to provide an understanding of the practices and procedures for the Intime Scheduling Engine (ISE) program. ISE provides an electronic mechanism for the scheduling of personnel, tracking of overtime, general leave and sick leave; and to provide for an effective subpoena control and delivery system.

1037.2 DEFINITION
The ISE program is an electronic mechanism for the effective scheduling of personnel and includes multiple internal modules to assist in the management of personnel and assets. The ISE program is linked to the Orange County court system through the ILJAOC (Integrated Law and Justice Agency of Orange County) to facilitate the effective and efficient delivery of subpoena information to employees and the ongoing status of delivered subpoenas.

The ISE program includes optional modules to assist in time keeping, payroll, overtime and general leave management, asset management and the documentation of employee training. The ISE program provides both current and future deployment schedules and serves as a historical data base for employee work time.

1037.3 ISE MANAGEMENT RESPONSIBILITIES
The ISE program is administered by the ISE Coordinator who serves as the primary contact for the department. Sergeants and Non-sworn Supervisors will be responsible for employee scheduling, overtime tacking and general leave management.

The ISE Coordinator will oversee updates to the program and any implementation/training related to changes in the program.

1037.3.1 SUPERVISOR RESPONSIBILITIES
Sergeants and Non-sworn Supervisors will serve as the primary schedulers for the department and will monitor and insure minimum staffing levels are maintained on a daily basis. They will coordinate the selection and posting of employee schedules at the quarterly shift change periods for the upcoming two months deployment. They will also coordinate the entering of employee vacation and school requests which may require staffing reviews and/or shift coverage adjustments. The supervisors may assist in the daily sick leave and singular general leave adjustments as needed.

The Chief's Administrative Assistant will oversee the entry of changes in the ISE program related to new employees, transferred or reassigned employees; or the retirement/termination of an employee.

1037.3.2 EMPLOYEE RESPONSIBILITIES
Each employee is responsible for accessing and monitoring their individual schedule in the ISE program through the Employee Self Serve (ESS) Portal. Every employee shall check their
ISE SCHEDULING PROGRAM

schedule at the beginning of each work week and at the end of each work week at a minimum. Since the system is designed to issue court ordered subpoenas and advise employees of changes to issued subpoenas, it is imperative the ISE program is monitored by every employee.

The Employee Self Serve (ESS) Portal is available to all employees via a secured Internet connection on a 24/7 basis. Employees may access the ESS Portal outside of their normal work hours (off-duty), however, it is required and will not be compensated.

Employees are responsible for ensuring the information listed under their individual profile is correct and current. Contact information shall be maintained at all times with a minimum of a work email address and cell phone number. An employee may elect to add a home email address and home phone number as additional contact points. A home number may be substituted for the cell phone number only if the employee does not have a cell phone.
Overtime Compensation Requests

1038.1 PURPOSE AND SCOPE
It is the policy of the Department to compensate non-exempt salaried employees who work authorized overtime either by payment of wages as agreed and in effect through the Memorandum of Understanding (MOU), or by the allowance of accrual of compensatory time off. In order to qualify for either, the employee must complete and submit a Variance of Duty Form as soon as practical after overtime is worked.

1038.1.1 DEPARTMENT POLICY
Because of the nature of police work, and the specific needs of the Department, a degree of flexibility concerning overtime policies must be maintained.

Non-exempt employees are not authorized to volunteer work time to the Department. All requests to work overtime shall be approved in advance by a supervisor. If circumstances do not permit prior approval, then approval shall be sought as soon as practical during the overtime shift and in no case later than the end of shift in which the overtime is worked.

The individual employee may request compensatory time in lieu of receiving overtime payment, however, the employee may not exceed 80 hours of compensatory time.

1038.2 REQUEST FOR OVERTIME COMPENSATION
Employees shall submit all overtime compensation requests to their immediate supervisors as soon as practicable for verification and forwarding to the Administrative Services Division.

Failure to submit a request for overtime compensation in a timely manner may result in discipline.

1038.2.1 EMPLOYEES RESPONSIBILITY
Employees shall complete the requests immediately after working the overtime and turn them in to their immediate supervisor or the Watch Commander. Employees submitting overtime sheets for on-call pay when off duty shall submit the forms to the Watch Commander the first day after returning for work.

1038.2.2 SUPERVISORS RESPONSIBILITY
The supervisor who verifies the overtime earned shall verify that the overtime was worked before approving the request.

Once the Variance of Duty form has been reviewed by the appropriate supervisor, the variance of duty form will be forwarded to the employee's Division Commander for final approval.

1038.2.3 DIVISION COMMANDERS RESPONSIBILITY
Division Commanders, after approving payment, will then forward the form to the payroll clerk for review.
Overtime Compensation Requests

1038.3 ACCOUNTING FOR OVERTIME WORKED
Employees are to record the actual time worked in an overtime status. In some cases, the Memorandum of Understanding provides that a minimum number of hours will be paid, (e.g., two hours for Court, three hours for outside overtime). The supervisor will enter the actual time worked.

1038.3.1 ACCOUNTING FOR PORTIONS OF AN HOUR
When accounting for less than a full hour, overtime is paid for actual time worked or as negotiated per the current M.O.U.

1038.3.2 VARIATION IN TIME REPORTED
Where two or more employees are assigned to the same activity, case, or court trial and the amount of time for which payment is requested varies from that reported by the other officer, the Watch Commander or other approving supervisor may require each employee to include the reason for the variation on the back of the overtime payment request.

1039.2 QUALIFICATIONS

(b) The Chief of Police will determine what types of courses will be allowed for reimbursement prior to commitment by the employee.
   1. Courses considered by the Chief of Police for reimbursement shall be designed to directly improve the knowledge of the employee related to public services which will improve performance and enhance advancement opportunities.

1039.3 PROCEDURES

For purposes of this section, the definition of outside employment includes those employees who are self-employed and not affiliated directly with this department for services, product(s) or benefits rendered.

Outside Overtime - Any member of this department who performs duties or services on behalf of an outside organization, company, or individual within this jurisdiction. Such outside overtime shall be requested and scheduled directly through this department so that the Department may be reimbursed for the cost of wages and benefits.

1040.2 OBTAINING APPROVAL
No member of this department may engage in any outside employment without first obtaining prior written approval of the Chief of Police. Failure to obtain prior written approval for outside employment or engaging in outside employment prohibited by this policy may lead to disciplinary action.

In order to obtain approval for outside employment, the employee must complete an Outside Employment Memorandum which shall be submitted to the employee’s immediate supervisor. The memorandum will then be forwarded through channels to the Chief of Police for consideration.

The memorandum must contain the name of the organization, business or individual who will be the employer. The address and/or location of the employment. A brief description of the employment and job title. The total number of hours to be worked per week and a breakdown thereof.

If approved, the employee will be provided with a copy of the approved memo which becomes the employee’s outside employment permit (the original is placed in the employee’s personnel file). Unless otherwise indicated in writing on the approved permit, outside employment will be valid through the end of the calendar year in which the permit is approved. Any employee seeking to renew a permit shall submit a new Outside Employment Memorandum in a timely manner.

Any employee seeking approval of outside employment, whose request has been denied, shall be provided with a written reason for the denial of the application at the time of the denial (Penal Code § 70(e)(3)).
Outside Employment

1040.2.1 APPEAL OF DENIAL OF OUTSIDE EMPLOYMENT
If an employee’s Outside Employment Application is denied or withdrawn by the Department, the employee may file a written notice of appeal to the Chief of Police within ten days of the date of denial.

If the employee’s appeal is denied, the employee may file a grievance pursuant to the procedure set forth in the current Memorandum of Understanding (MOU).

1040.2.2 REVOCATION/SUSPENSION OF OUTSIDE EMPLOYMENT PERMITS
Any outside employment permit may be revoked or suspended under the following circumstances:

(a) Should an employee's performance at this department decline to a point where it is evaluated by a supervisor as needing improvement to reach an overall level of competency, the Chief of Police may, at his or her discretion, revoke any previously approved outside employment permit(s). That revocation will stand until the employee's performance has been reestablished at a satisfactory level and his/her supervisor recommends reinstatement of the outside employment permit.

(b) Suspension or revocation of a previously approved outside employment permit may be included as a term or condition of sustained discipline.

(c) If, at any time during the term of a valid outside employment permit, an employee’s conduct or outside employment conflicts with the provisions of department policy, the permit may be suspended or revoked.

(d) When an employee is unable to perform at a full duty capacity due to an injury or other condition, any previously approved outside employment permit may be subject to similar restrictions as those applicable to the employee's full time duties until the employee has returned to a full duty status.

1040.3 PROHIBITED OUTSIDE EMPLOYMENT

(a) Consistent with the provisions of Government Code § 1126, the Department expressly reserves the right to deny any Outside Employment Application submitted by an employee seeking to engage in any activity which:

1. Involves the employee's use of departmental time, facilities, equipment or supplies, the use of the Department badge, uniform, prestige or influence for private gain or advantage.

2. Involves the employee's receipt or acceptance of any money or other consideration from anyone other than this department for the performance of an act which the employee, if not performing such act, would be required or expected to render in the regular course or hours of employment or as a part of the employee's duties as a member of this department.

3. Involves the performance of an act in other than the employee's capacity as a member of this department that may later be subject directly or indirectly to the
control, inspection, review, audit or enforcement of any other employee of this department.

4. Involves time demands that would render performance of the employee’s duties for this department less efficient.

(b) Examples of outside employment which are potential conflicts of interest may include, but are not limited to those listed below. Requests will be reviewed on a case-by-case basis and attendant circumstances will be considered.

1. Security Guard, Private Investigator and/or bodyguard (see Section 1040.3.1).
2. Bartender and/or bouncer.
3. Sales Clerk position in a liquor store or gun dealership.

1040.3.1 OUTSIDE SECURITY AND PEACE OFFICER EMPLOYMENT
Consistent with the provisions of Penal Code § 70, and because it would further create a potential conflict of interest, no member of this department may engage in any outside or secondary employment as a private security guard, private investigator or other similar private security position.

Any private organization, entity or individual seeking special services for security or traffic control from members of this department must submit a written request to the Chief of Police in advance of the desired service. Such outside extra duty overtime assignments will be assigned, monitored and paid through the Department.

(a) The applicant will be required to enter into an indemnification agreement prior to approval.

(b) The applicant will further be required to provide for the compensation and full benefits of all employees requested for such outside security services.

(c) Should such a request be approved, any employee working outside overtime shall be subject to the following conditions:

1. The officer(s) shall wear the departmental uniform/identification.
2. The officer(s) shall be subject to the rules and regulations of this department.

5. Outside security services shall not be subject to the collective bargaining process.

6. No officer may engage in outside employment as a peace officer for any other public agency without prior written authorization of the Chief of Police.

1040.3.2 OUTSIDE OVERTIME ARREST AND REPORTING PROCEDURE
Any employee making an arrest or taking other official police action while working in an approved outside overtime assignment shall be required to complete all related reports in a timely manner pursuant to department policy. Time spent on the completion of such reports shall be considered incidental to the outside overtime assignment.

1040.3.3 SPECIAL RESTRICTIONS
Except for emergency situations or with prior authorization from the Division Commander, undercover officers or officers assigned to covert operations shall not be eligible to work overtime or other assignments in a uniformed or other capacity which might reasonably disclose the officer's law enforcement status.

1040.4 DEPARTMENT RESOURCES
Employees are prohibited from using any department equipment or resources in the course of or for the benefit of any outside employment. This shall include the prohibition of access to official records or databases of this department or other agencies through the use of the employee's position with this department. The Chief of Police can make an exception to this policy for outside employment when it relates to training functions. Examples of the exceptions would be employment at the Police Academy, the Explorer Academy or working for another agencies range.

1040.4.1 REVIEW OF FINANCIAL RECORDS
Employees approved for outside employment expressly agree that their personal financial records may be requested and reviewed/audited for potential conflict of interest (Government Code § 3308; Government Code § 1126). Prior to providing written approval for an outside employment position, the Department may request that an employee provide his/her personal financial records for review/audit in order to determine whether a conflict of interest exists. Failure of the employee to provide the requested personal financial records could result in denial of the off-duty work permit. If, after approving a request for an outside employment position, the Department becomes concerned that a conflict of interest exists based on a financial reason, the Department may request that the employee provide his/her personal financial records for review/audit. If the employee elects not to provide the requested records, his/her off-duty work permit may be revoked pursuant to the Revocation/Suspension of Outside Employment Permits section of this policy.
Outside Employment

1040.5 CHANGES IN OUTSIDE EMPLOYMENT STATUS
If an employee terminates his or her outside employment during the period of a valid permit, the employee shall promptly submit written notification of such termination to the Chief of Police through channels. Any subsequent request for renewal or continued outside employment must thereafter be processed and approved through normal procedures set forth in this policy.

Employees shall also promptly submit in writing to the Chief of Police any material changes in outside employment including any change in the number of hours, type of duties, or demands of any approved outside employment. Employees who are uncertain whether a change in outside employment is material are advised to report the change.

1040.6 OUTSIDE EMPLOYMENT WHILE ON DISABILITY
Department members engaged in outside employment who are placed on disability leave or modified/light-duty shall inform their immediate supervisor in writing within five days whether or not they intend to continue to engage in such outside employment while on such leave or light-duty status. The immediate supervisor shall review the duties of the outside employment along with any related doctor's orders, and make a recommendation to the Chief of Police whether such outside employment should continue.

In the event the Chief of Police determines that the outside employment should be discontinued or if the employee fails to promptly notify his/her supervisor of his/her intentions regarding their work permit, a notice of revocation of the member's permit will be forwarded to the involved employee, and a copy attached to the original work permit.

Criteria for revoking the outside employment permit include, but are not limited to, the following:

(a) The outside employment is medically detrimental to the total recovery of the disabled member, as indicated by the City's professional medical advisors.

(b) The outside employment performed requires the same or similar physical ability, as would be required of an on-duty member.

(c) The employee's failure to make timely notice of their intentions to their supervisor.

When the disabled member returns to full duty with the Laguna Beach Police Department, a request (in writing) may be made to the Chief of Police to restore the permit.

1042.1.1 DEATH OR SERIOUS INJURY
When a member is killed or seriously injured, either on or off-duty, immediate verbal notification will be made to the Chief of Police or the Division Commander acting in the Chief's absence.

Off-Duty:
A written report of the injury should be completed as soon as practical. Information shall include the date, location, cause, extent of the injury, and any related property damage.

Serious injury in this instance means an injury which could result in death, disability, or hospitalization.

1042.1.2 NON-SERIOUS OFF DUTY INJURY
In cases where the injuries are other than a serious nature, an oral report will be submitted to the employee's primary supervisor on the first work day following the incident, including all the information required above. These oral reports are in addition to those accident and absence reports otherwise required (typically for light-duty assignments).

The supervisor shall determine whether or not the non-serious off-duty injury warrants a written report instead.

1042.1.3 DEFINITIONS
Definitions related to this policy include:

Occupational disease or work-related injury - An injury, disease or psychiatric injury arising out of employment (Labor Code § 3208; Labor Code § 3208.3; Labor Code § 3212 et seq.).

The Chief of Police shall review and forward copies of the report to the Department of Human Resources. Copies of the report and related documents retained by the Department shall be filed in the member's confidential medical file.
1042.3.2 DIVISION COMMANDER RESPONSIBILITIES
The Division Commander who receives a report of an occupational disease or work-related injury should review the report for accuracy and determine what additional action should be taken. The report shall then be forwarded to the Chief of Police, the City’s risk management entity, and the Administrative Services Division Commander to ensure any required Division of Occupational Health and Safety Administration (Cal/OSHA) reporting is made as required in the illness and injury prevention plan identified in the Illness and Injury Prevention Policy.

1042.3.3 SUPERVISOR RESPONSIBILITIES
A supervisor learning of any occupational disease or work-related injury should ensure the member receives medical care as appropriate.

Supervisors shall ensure that required documents regarding workers’ compensation are completed and forwarded promptly. Any related Citywide disease- or injury-reporting protocol shall also be followed.

Supervisors shall determine whether the Major Incident Notification and Illness and Injury Prevention policies apply and take additional action as required.

A copy of the completed form shall be forwarded to the appropriate Division Commander through the chain of command and a copy sent to the Administrative Services Division Commander.

Unless the injury is extremely minor, this report shall be signed by the affected member, indicating that he/she desired no medical attention at the time of the report. By signing, the member does not preclude his/her ability to later seek medical attention.

1042.5 SETTLEMENT OFFERS
When a member sustains an occupational disease or work-related injury that is caused by another person and is subsequently contacted by that person, his/her agent, insurance company or attorney and offered a settlement, the member shall take no action other than to submit a written report of this contact to his/her supervisor as soon as possible.

No less than 10 days prior to accepting and finalizing the settlement of any third-party claim arising out of or related to an occupational disease or work-related injury, the member shall provide the Chief of Police with written notice of the proposed terms of such settlement. In no case shall
the member accept a settlement without first providing written notice to the Chief of Police. The purpose of such notice is to permit the City to determine whether the offered settlement will affect any claim the City may have regarding payment for damage to equipment or reimbursement for wages against the person who caused the disease or injury, and to protect the City's right of subrogation, while ensuring that the member's right to receive compensation is not affected.

Police Facility Security/Proximity Card Policy

1053.1 PURPOSE AND SCOPE
The purpose of this order is to establish a policy for the security of the police facility as intended under the UASI Homeland Security grant provisions.

It shall be the policy of this department to establish a security policy for the police department building, implementation of the proximity card security system, related programs and standards designed to limit liability and protect its employees, property, operations, assets and proprietary information from criminal or hostile acts. This policy is not a static document but one that will evolve to accommodate changing conditions and operating environments.

Background:

World events today have required that technology produce sophisticated security measures to protect our citizens and our employees. Both Law Enforcement personnel and facilities have become targets to a terrorist society whose goal is to prove that even the protectors cannot be protected. In the effort to create a secure work environment and to reduce the risk of a compromised facility, it is of paramount importance to assert any all means possible to control egress and ingress into the police facility. Further, the confidentiality required for addressing victims, suspects and informants is equally important for the continued successful operation of our police services. Consequently, this police department and its employees will strive to maintain the highest security measures possible.

Pursuant to the increased national terrorist threat levels, the Department of Homeland Security acknowledged the need to enhance security measures in various types of facilities nation wide. In this regard, the Urban Areas Security Initiative (UASI) was implemented for the purpose of creating funding programs for various government facilities. The Laguna Beach Police Department was granted a portion of this funding in 2007 to improve and increase security measures within the police department.

To help fulfill this objective, an electronic keyless card system was implemented together with improved building security cameras and enhanced front desk security and safety featuring a bullet resistant lower counter combined with an electric roll down divider for the front counter. The secured proximity smart card system brings keyless convenience to physical access control systems. These cards contain an internal antenna that card-holder's wave within a few inches of the reader in order to request access to a particular area of the police facility. It is also a combination card in that serves as a photo ID for police employees. Using advanced data encryption techniques, proximity smart cards are every bit as secure as their traditional counterpart hardware key systems.

This building security enhancement was selected as it is ideal for access control without the need for every re-keying entry locking systems. Additionally, throughout the police facility and the jail, color digital cameras are strategically located and recording twenty-four hours per day, seven days per week. Some of these locations are also recording audio, primarily in the jail and interview
room. These recordings can later be accessed for investigatory purposes and also when needed for court.

1053.2 PROCEDURE

(a) Use of and access to the Proximity Security Card System:

1. The Office of Chief of Police or designee has the ultimate authority to grant or deny use of or access through the proximity card system
   (a) Authority to access the established zones will be determined by this office.

2. The Support/Investigative Services Division Commander holds overall security responsibility and accountability for the implementation and maintenance of the proximity security card system.
   (a) The Commander shall also be tasked with the maintenance of the designated access zones.

3. All information including employee photographs and employee fingerprints collected and maintained for security purposes, shall be done in accordance with employee's right to privacy.

4. Access to the technology room for the purpose of working on the security system program is limited to those individuals authorized with access to that zone.

Temporary Modified-Duty Assignments

1054.1 PURPOSE AND SCOPE
This policy establishes procedures for providing temporary modified-duty assignments. This policy is not intended to affect the rights or benefits of employees under federal or state law, City rules, current memorandums of understanding or collective bargaining agreements. For example, nothing in this policy affects the obligation of the Department to engage in a good faith, interactive process to consider reasonable accommodations for any employee with a temporary or permanent disability that is protected under federal or state law.

1054.2 POLICY
Subject to operational considerations, the Laguna Beach Police Department may identify temporary modified-duty assignments for employees who have an injury or medical condition resulting in temporary work limitations or restrictions. A temporary assignment allows the employee to work, while providing the Department with a productive employee during the temporary period.

1054.3 GENERAL CONSIDERATIONS
Priority consideration for temporary modified-duty assignments will be given to employees with work-related injuries or illnesses that are temporary in nature. Employees having disabilities covered under the Americans with Disabilities Act (ADA) or the California Fair Employment and Housing Act (Government Code § 12940 et seq.) shall be treated equally, without regard to any preference for a work-related injury.

No position in the Laguna Beach Police Department shall be created or maintained as a temporary modified-duty assignment.

Temporary modified-duty assignments are a management prerogative and not an employee right. The availability of temporary modified-duty assignments will be determined on a case-by-case basis, consistent with the operational needs of the Department. Temporary modified-duty assignments are subject to continuous reassessment, with consideration given to operational needs and the employee’s ability to perform in a modified-duty assignment.

The Chief of Police or the authorized designee may restrict employees working in temporary modified-duty assignments from wearing a uniform, displaying a badge, carrying a firearm, operating an emergency vehicle, engaging in outside employment, or being otherwise limited in employing their peace officer powers.

Temporary modified-duty assignments shall generally not exceed a cumulative total of 420 hours in any one-year period.

1054.4 PROCEDURE
Employees may request a temporary modified-duty assignment for short-term injuries or illnesses.
Temporary Modified-Duty Assignments

Employees seeking a temporary modified-duty assignment should submit a written request to their Division Commanders or the authorized designees. The request should, as applicable, include a certification from the treating medical professional containing:

(a) An assessment of the nature and probable duration of the illness or injury.
(b) The prognosis for recovery.
(c) The nature and scope of limitations and/or work restrictions.
(d) A statement regarding any required workplace accommodations, mobility aids or medical devices.
(e) A statement that the employee can safely perform the duties of the temporary modified-duty assignment.

The Division Commander will make a recommendation through the chain of command to the Chief of Police regarding temporary modified-duty assignments that may be available based on the needs of the Department and the limitations of the employee. The Chief of Police or the authorized designee shall confer with the Department of Human Resources or the City Attorney as appropriate.

Requests for a temporary modified-duty assignment of 20 hours or less per week may be approved and facilitated by the Watch Commander or Division Commander, with notice to the Chief of Police.

1054.5 ACCOUNTABILITY
Written notification of assignments, work schedules and any restrictions should be provided to employees assigned to temporary modified-duty assignments and their supervisors. Those assignments and schedules may be adjusted to accommodate department operations and the employee's medical appointments, as mutually agreed upon with the Division Commander.

1054.5.1 EMPLOYEE RESPONSIBILITIES
The responsibilities of employees assigned to temporary modified duty shall include, but not be limited to:

(a) Communicating and coordinating any required medical and physical therapy appointments in advance with their supervisors.

(c) Communicating a status update to their supervisors no less than once every 30 days while assigned to temporary modified duty.
(d) Submitting a written status report to the Division Commander that contains a status update and anticipated date of return to full-duty when a temporary modified-duty assignment extends beyond 60 days.
1054.5.2 SUPERVISOR RESPONSIBILITIES
The employee’s immediate supervisor shall monitor and manage the work schedule of those assigned to temporary modified duty.

The responsibilities of supervisors shall include, but not be limited to:

(a) Periodically apprising the Division Commander of the status and performance of employees assigned to temporary modified duty.

(b) Notifying the Division Commander and ensuring that the required documentation facilitating a return to full duty is received from the employee.

(c) Ensuring that employees returning to full duty have completed any required training and certification.

1054.6 MEDICAL EXAMINATIONS
Prior to returning to full-duty status, employees shall be required to provide certification from their treating medical professionals stating that they are medically cleared to perform the essential functions of their jobs without restrictions or limitations.

The Department may require a fitness-for-duty examination prior to returning an employee to full-duty status, in accordance with the Fitness for Duty Policy.

1054.7 PREGNANCY
If an employee is temporarily unable to perform regular duties due to a pregnancy, childbirth or a related medical condition, the employee will be treated the same as any other temporarily disabled employee (42 USC § 2000e(k)). A pregnant employee shall not be involuntarily transferred to a temporary modified-duty assignment.

1054.7.1 NOTIFICATION
Pregnant employees should notify their immediate supervisors as soon as practicable and provide a statement from their medical providers identifying any pregnancy-related job restrictions or limitations. If at any point during the pregnancy it becomes necessary for the employee to take a leave of absence, such leave shall be granted in accordance with the City’s personnel rules and regulations regarding family and medical care leave.

1054.8 PROBATIONARY EMPLOYEES
Probationary employees who are assigned to a temporary modified-duty assignment shall have their probation extended by a period of time equal to their assignment to temporary modified duty.

1054.9 MAINTENANCE OF CERTIFICATION AND TRAINING
Employees assigned to temporary modified duty shall maintain all certification, training and qualifications appropriate to both their regular and temporary duties, provided that the certification, training or qualifications are not in conflict with any medical limitations or restrictions. Employees
Temporary Modified-Duty Assignments

who are assigned to temporary modified duty shall inform their supervisors of any inability to maintain any certification, training or qualifications.

Employee Speech, Expression and Social Networking

1058.1 PURPOSE AND SCOPE
This policy is intended to address issues associated with employee use of social networking sites and to provide guidelines for the regulation and balancing of employee speech and expression with the needs of the Department.

Nothing in this policy is intended to prohibit or infringe upon any communication, speech or expression that is protected or privileged under law. This includes speech and expression protected under state or federal constitutions as well as labor or other applicable laws. For example, this policy does not limit an employee from speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, about matters of public concern, such as misconduct or corruption.

Employees are encouraged to consult with their supervisor regarding any questions arising from the application or potential application of this policy.

1058.1.1 APPLICABILITY
This policy applies to all forms of communication including, but not limited to, film, video, print media, public or private speech, use of all Internet services, including the World Wide Web, e-mail, file transfer, remote computer access, news services, social networking, social media, instant messaging, blogs, forums, video and other file-sharing sites.

1058.2 POLICY
Public employees occupy a trusted position in the community, and thus, their statements have the potential to contravene the policies and performance of this department. Due to the nature of the work and influence associated with the law enforcement profession, it is necessary that employees of this department be subject to certain reasonable limitations on their speech and expression. To achieve its mission and efficiently provide service to the public, the Laguna Beach Police Department will carefully balance the individual employee's rights against the Department's needs and interests when exercising a reasonable degree of control over its employees' speech and expression.

1058.3 SAFETY
Employees should consider carefully the implications of their speech or any other form of expression when using the Internet. Speech and expression that may negatively affect the safety of the Laguna Beach Police Department employees, such as posting personal information in a public forum, can result in compromising an employee's home address or family ties. Employees should therefore not disseminate or post any information on any forum or medium that could reasonably be anticipated to compromise the safety of any employee, an employee's family or
Employee Speech, Expression and Social Networking

associates. Examples of the type of information that could reasonably be expected to compromise safety include:

- Disclosing a photograph and name or address of an officer who is working undercover.
- Disclosing the address of a fellow officer.
- Otherwise disclosing where another officer can be located off-duty.

1058.4 PROHIBITED SPEECH, EXPRESSION AND CONDUCT
To meet the department's safety, performance and public-trust needs, the following are prohibited unless the speech is otherwise protected (for example, an employee speaking as a private citizen, including acting as an authorized member of a recognized bargaining unit or officer associations, on a matter of public concern):

(a) Speech or expression made pursuant to an official duty that tends to compromise or damage the mission, function, reputation or professionalism of the Laguna Beach Police Department or its employees.

(b) Speech or expression that, while not made pursuant to an official duty, is significantly linked to, or related to, the Laguna Beach Police Department and tends to compromise or damage the mission, function, reputation or professionalism of the Laguna Beach Police Department or its employees. Examples may include:

1. Statements that indicate disregard for the law or the state or U.S. Constitution.
2. Expression that demonstrates support for criminal activity.
3. Participating in sexually explicit photographs or videos for compensation or distribution.

(c) Speech or expression that could reasonably be foreseen as having a negative impact on the credibility of the employee as a witness. For example, posting statements or expressions to a website that glorify or endorse dishonesty, unlawful discrimination or illegal behavior.

(d) Speech or expression of any form that could reasonably be foreseen as having a negative impact on the safety of the employees of the Department. For example, a statement on a blog that provides specific details as to how and when prisoner transportsations are made could reasonably be foreseen as potentially jeopardizing employees by informing criminals of details that could facilitate an escape or attempted escape.

(e) Speech or expression that is contrary to the canons of the Law Enforcement Code of Ethics as adopted by the Laguna Beach Police Department.

(f) Use or disclosure, through whatever means, of any information, photograph, video or other recording obtained or accessible as a result of employment with the Department.
Employee Speech, Expression and Social Networking

for financial or personal gain, or any disclosure of such materials without the express authorization of the Chief of Police or the authorized designee.

(g) Posting, transmitting or disseminating any photographs, video or audio recordings, likenesses or images of department logos, emblems, uniforms, badges, patches, marked vehicles, equipment or other material that specifically identifies the Laguna Beach Police Department on any personal or social networking or other website or web page, without the express authorization of the Chief of Police.

(h) Accessing websites for non-authorized purposes, or use of any personal communication device, game device or media device, whether personally or department-owned, for personal purposes while on-duty, except in the following circumstances:

1. When brief personal communication may be warranted by the circumstances (e.g., inform family of extended hours).
2. During authorized breaks such usage should be limited as much as practicable to areas out of sight and sound of the public and shall not be disruptive to the work environment.

Employees must take reasonable and prompt action to remove any content, including content posted by others, that is in violation of this policy from any web page or website maintained by the employee (e.g., social or personal website).

1058.4.1 UNAUTHORIZED ENDORSEMENTS AND ADVERTISEMENTS

While employees are not restricted from engaging in the following activities as private citizens or as authorized members of a recognized bargaining unit or officer associations, employees may not represent the Laguna Beach Police Department or identify themselves in any way that could be reasonably perceived as representing the Laguna Beach Police Department in order to do any of the following, unless specifically authorized by the Chief of Police (Government Code § 3206; Government Code § 3302):

(a) Endorse, support, oppose or contradict any political campaign or initiative.
(b) Endorse, support, oppose or contradict any social issue, cause or religion.
(c) Endorse, support or oppose any product, service, company or other commercial entity.
(d) Appear in any commercial, social or nonprofit publication or any motion picture, film, video, public broadcast or on any website.

Additionally, when it can reasonably be construed that an employee, acting in his/her individual capacity or through an outside group or organization (e.g., bargaining group or officer associations), is affiliated with this department, the employee shall give a specific disclaiming statement that any such speech or expression is not representative of the Laguna Beach Police Department.
Employee Speech, Expression and Social Networking

Employees retain their right to vote as they choose, to support candidates of their choice and to express their opinions as private citizens, including as authorized members of a recognized bargaining unit or officer associations, on political subjects and candidates at all times while off-duty.

However, employees may not use their official authority or influence to interfere with or affect the result of an election or a nomination for office. Employees are also prohibited from directly or indirectly using their official authority to coerce, command or advise another employee to pay, lend or contribute anything of value to a party, committee, organization, agency or person for political purposes (5 USC § 1502).

1058.5 PRIVACY EXPECTATION

Employees forfeit any expectation of privacy with regard to e-mails, texts or anything published or maintained through file-sharing software or any Internet site (e.g., Facebook, MySpace) that is accessed, transmitted, received or reviewed on any department technology system.

The Department reserves the right to access, audit and disclose for whatever reason any message, including attachments, and any information accessed, transmitted, received or reviewed over any technology that is issued or maintained by the Department. This includes the department e-mail system, computer network or any information placed into storage on any department system or device.

It also includes records of all key strokes or web-browsing history made at any department computer or over any department network.

The fact that access to a database, service or website requires a user name or password will not create an expectation of privacy if it is accessed through a department computer or network. However, the Department may not require an employee to disclose a personal user name or password or open a personal social website, except when access is reasonably believed to be relevant to the investigation of allegations of work related misconduct (Labor Code § 980).

1058.6 CONSIDERATIONS

In determining whether to grant authorization of any speech or conduct that is prohibited under this policy, the factors that the Chief of Police or authorized designee should consider include:

(a) Whether the speech or conduct would negatively affect the efficiency of delivering public services.

(b) Whether the speech or conduct would be contrary to the good order of the Department or the efficiency or morale of its members.

(c) Whether the speech or conduct would reflect unfavorably upon the Department.

(d) Whether the speech or conduct would negatively affect the member's appearance of impartiality in the performance of his/her duties.

(e) Whether similar speech or conduct has been previously authorized.
Employee Speech, Expression and Social Networking

(f) Whether the speech or conduct may be protected and outweighs any interest of the Department.

1058.7 TRAINING
Subject to available resources, the Department should provide training regarding employee speech and the use of social networking to all members of the Department.
Aerosol Transmissible Diseases (ATD) Control Procedures

1059.1 PURPOSE AND SCOPE
The intent of the Laguna Beach Police Department Aerosol Transmissible Diseases (ATD) Control Procedures is to promote safe work practices and to provide an environment that reduces occupational exposure to ATDs such as tuberculosis, SARS, meningitis, pertussis (whooping cough), and seasonal influenza. The objectives of the procedures are to:

- Protect our employees from the illnesses associated with ATDs.
- Provide appropriate treatment and counseling following an employee exposure incident.

These procedures have been established in accordance with the Cal/OSHA ATD Standard, California Code of Regulations (CCR), Title 8, Section 5199.

The ATD Standard applies to police services provided during:

- Transport or detention of persons reasonably anticipated to be ATD cases.
- Services provided in conjunction with health care or public health operations.

Police services are considered a "referring employer" under the standard if the following conditions are met:

- There is a process in place to screen persons for further evaluation by a health care provider based on readily observable ATD signs and symptoms.
- Suspected ATD cases are referred or transported to a facility that can provide appropriate diagnosis, treatment, and isolation.
- Non-medical transport only is provided (i.e. medical services are not expected to be provided).

1059.2 RESPONSIBILITIES
The Chief of Police has the responsibility to:

- Designate the ATD Administrator.
- Allocate resources and support to appropriately implement the ATD procedures including annual employee training.
- Ensure employees comply with ATD procedures.
- Review the results of the annual ATD procedure review and correct deficiencies if necessary.

The Exposure Control Officer is the designated ATD Administrator and has the authority and full support of the Chief of Police to perform these duties. The Administrator has the responsibility to:
Aerosol Transmissible Diseases (ATD) Control Procedures

- Demonstrate knowledge in infection control principles and practices as they apply to the police department's facilities and operations.
- Provide information on health alerts and community outbreaks from the local health officer during daily briefings.
- Ensure ATD procedures are implemented in the department.
- Determine department-specific methods for source control, cleaning/disinfection of work areas and vehicles, and referrals.
- Implement communication procedures to inform employees, and other employers involved in the exposure incident who may have had contact with the ATD case.
- Document exposure incidents and implement the post-exposure evaluation process for affected employees.
- Ensure employees receive initial and annual training in ATD procedures.
- Offer required vaccinations and tuberculosis (TB) testing annually.
- Maintain all required records for the ATD procedures, including employee medical records.
- Conduct an annual review of the ATD procedures and provide a summary to the Chief.

Watch Commanders/Supervisors have the responsibility to:
- Ensure compliance with the ATD procedures for employees under their direct supervision and control.
- Train employees on department-specific safe work practices to reduce exposure to ATDs.
- Ensure employees attend initial and annual training sessions.
- Monitor the post-exposure evaluation process where an exposure incident has occurred.

All exposed police officers and employees have a responsibility to:
- Recognize signs and symptoms of ATDs based on screening procedures.
- Comply with safe work practices when exposure to a suspected ATD case occurs.
- Provide input regarding the effectiveness of the procedures to the ATD Administrator, including input during the annual review.
- Attend annual ATD training.
- Receive vaccinations and annual TB testing offered by the department.
- Follow post-exposure evaluation procedures if an exposure incident occurs.
1059.3 OCCUPATIONAL EXPOSURE DETERMINATION
Cal/OSHA defines an occupational exposure as exposure from work activity or working conditions that is reasonably anticipated to create an elevated risk of contracting an ATD if protection measures are not in place. The following units/divisions at the Laguna Beach Police Department have the potential for occupational exposure as defined in the standard:

- Sworn personnel, including field patrol officers, the Community Outreach Officer, detectives and reserve officers, have an elevated risk of exposure to suspected ATD cases due to the likelihood of needing to interact with ATD cases during arrests and in-custody settings, responding to medical aid and welfare check calls, transporting ATD cases to a custody facility and/or health care facility and accompanying suspected ATD cases in an ambulance.

- Non-sworn personnel, including: records and dispatch employees who perform matron duties, non-sworn Booking Officers and Beach Patrol Officers who assist with booking duties, have an elevated risk of exposure to suspected ATD cases due to the likelihood of needing to interact with ATD cases in custody, transporting ATD cases to a custody facility and/or a health care facility and accompanying suspected ATD cases in an ambulance.

1059.4 SCREENING PROCEDURES (HEALTH CARE PROVIDERS NOT AVAILABLE)
The police department will initiate non-medical screening procedures based on readily observable symptoms and/or self-reports of the following conditions:

- Persistent cough for more than three weeks.

- Signs and symptoms of a flu-like illness between March and October (non-seasonal flu months) or for more than two weeks any time of year. Flu-like symptoms include coughing, fever, sweating, chills, muscle aches, weakness, malaise, or a combination. Person states he or she has a transmissible respiratory disease or an infectious ATD case, excluding the common cold and seasonal flu.

The department screening criteria below are appropriate for persons in custody with suspected ATD. Screening may be performed at department facilities, or in the field prior to transport where feasible. The privacy of the person(s) must be maintained during screening procedures.

Screening a potential TB case:
Cough for more than three weeks and one or more of the following symptoms:

- Unexplained weight loss (>5 lbs)
- Night sweats
- Fever
- Chronic fatigue/malaise
- Coughing up blood
Aerosol Transmissible Diseases (ATD) Control Procedures

A person who has had a cough for more than three weeks and who has one of the other symptoms must be referred to a health care provider for further evaluation, unless that person is already under treatment. Consider referring a person with any of the above symptoms if there is no alternative explanation.

**Screening other potential ATD cases:**

Other vaccine preventable ATDs, including pertussis ("whooping cough"), measles, mumps, rubella ("German measles"), and chicken pox, should be considered. The following is a brief list of some findings that should prompt referral to a health care provider for further evaluation when identified through a screening process:

- Severe coughing spasms, especially if persistent; coughing fits may interfere with eating, drinking, and breathing
- Fever; headache; muscle aches; tiredness; poor appetite followed by painful, swollen salivary glands on one side or both sides of face under jaw
- Fever, chills, cough, runny nose, watery eyes associated with onset of an unexplained rash (diffuse rash or blister-type skin rash)
- Fever, headache, stiff neck, possibly mental status changes

**Note:** Seasonal influenza does not require referral. Examples of diseases requiring transfer to a health care facility include TB, severe acute respiratory syndrome (SARS), measles, chicken pox, and pertussis. Refer to Appendix A to review additional signs and symptoms for common ATDs.

Any person who exhibits any of the above described findings and/or reports contact with individuals known to have any of these transmissible illnesses in the past two to four weeks should be promptly evaluated by a health care provider. Proceed to the Referral Procedures in Section 5.

Health officials may periodically issue alerts for community outbreaks of other diseases. Local public health authorities will provide screening criteria which will be communicated by the ATD Administrator during daily briefing.

### 1059.5  REFERRAL PROCEDURES

The ATD Administrator and/or on-duty Watch Commander will be notified of a suspected ATD case requiring referral to a health care facility for further evaluation. If the ATD Administrator is not available, a designated department back up will assume the responsibilities. Immediately implement the Source Control and Transmission Reduction Procedures in Section 6 until the person can be transferred.
1059.6 SOURCE CONTROL AND TRANSMISSION REDUCTION PROCEDURES

The department will provide temporary control measures to protect employees during the period of time when a person requiring referral is waiting for transfer to another facility. These procedures apply inside department facilities as well as in field operations where feasible.

Separation and masking of potential ATD source

Move the person to a separate room or area. If a common area must be used, seat the person at least three feet away from others. While in the Laguna Beach Police Department building, they will be placed alone in the booking area holding cell. Provide separate ventilation or filtration in the room or area where possible. Determine whether it is appropriate to offer the person awaiting transfer a surgical or procedure mask, paper towels, and hand sanitizer or hand washing facilities. The source control supplies are located in the booking area cabinet, the Supply Services garage, and the first aid kits in each patrol vehicle trunk. The person will be informed about the following police department controls to reduce the potential for disease transmission including:

- Cover your cough or sneeze with tissue and dispose of the tissue in the covered receptacle provided (where appropriate).
- Offer hand washing facilities for use (where appropriate).
- Wear the provided surgical or procedure mask (where appropriate).

Note: It is not necessary to offer a N95 respirator to the person awaiting transfer. A surgical or procedure mask is adequate. Officers cannot insist on the use of source controls and must use judgment where the provision of alcohol-based hand sanitizers may be a security risk. Offering a surgical mask may not be advisable where the person is handcuffed or in respiratory distress.

Use of employee respiratory protection where source controls are not practical

Employees will use a N95 respirator to enter the room or work area where a suspected ATD case is awaiting transfer where source control procedures are not feasible, or the source is non-compliant with the controls (e.g. refuses or is unable to don a surgical or procedure mask). Employees should use frequent hand hygiene when they come in contact with contaminated surfaces or articles. Cleaning and disinfection of the waiting area with appropriate personal protective equipment will be performed following transfer of the person. (See Section 9) Respiratory protection use must be in compliance with Laguna Beach Police Department's written Respiratory Protection Program located on-line in the Lexipol Manual. The Police Department utilizes N95 particulate respirators for protection against potentially infectious aerosols. Supplies of the single use respirators are located in the Booking Area cabinet, the Supply Services garage, and the first aid kits in each patrol vehicle trunk.
1059.7 TRANSFER OF SUSPECTED ATD CASES
Transfers will occur within five (5) hours of the identification of the suspected case. The ATD Administrator or the on-duty Watch Commander is responsible for determining if any of the following exceptions are applicable:

- If initial exposure to the suspected case occurs in the evening (after 3:30 p.m. and prior to 7 a.m.), the transfer must occur no later than 11:00 a.m.; or
- If the transfer cannot occur within the 5-hour period, the ATD Administrator will document at the end of the 5-hour period that:
  (a) The Police Department has contacted the local health officer and determined that there is no facility with an appropriate airborne infection isolation room or area available within that jurisdiction.
  (b) Reasonable efforts have been made to contact establishments outside of that jurisdiction, as provided in the procedures.
  (c) All applicable measures recommended by the local health officer or the infection control physician or other licensed health care professional have been implemented.
  (d) All employees who enter the room or area housing the individual are provided with and use appropriate personal protective equipment and N95 respiratory protection.

The local health officer contact information is provided below for suspected ATD cases that will require a period longer than five hours to transfer to a health care facility:

Officers required to accompany the suspected ATD case in the ambulance will use N95 respiratory protection, unless the use of respiratory protection would result in a safety hazard.

Transport in department vehicles (if applicable)
Aerosol Transmissible Diseases (ATD) Control Procedures

Officers involved in the transport of a suspected ATD case will use N95 respiratory protection or equivalent protection, unless the use of respiratory protection would result in a safety hazard. The officers will consider the duration of the transport operation, the signs and symptom being exhibited and any potential safety hazards presented by the use of an N95 respirator during the specific operation.

1059.8 CLEANING AND DISINFECTION PROCEDURES
The Police Department is required to clean and disinfect all contaminated work surfaces with an approved sanitizer after any exposure from a suspected or confirmed ATD case. Contaminated work surfaces include exposed areas at the police station and all transport vehicles.

The approved cleaning and disinfecting materials, along with appropriate personal protective equipment, must be available at each facility, including all transport vehicles.

At the Laguna Beach Police Department, cleaning supplies are located at City Hall in the utility closet next to the service counter, the booking area in a cabinet over the ink print station and in the Supply Services garage.

The contract cleaning company for the police department is: Merchants Building Maintenance, 2100 E. McFadden, Santa Ana, CA 92705-4748 (714) 973-9272. The cleaning tasks are stipulated in the business contract.

The booking area and holding cells are cleaned nightly by staff from Merchants Building Maintenance. This included the floors, walls as needed, toilet and sink areas and mattresses.

Blankets are sent out for cleaning and replaced with clean blankets weekly by: Prudential Overall Supply, 16901 Aston, Irvine, CA 92606 (714) 866-6169). Exposed cells will be taken out of service until they have been decontaminated.

Exposed vehicles will be taken out of service until they are decontaminated. They will be decontaminated by the on-duty Jailer, or the Supply Services Officer, utilizing the appropriate protective equipment and cleaning solution. This will include the seats, seatbelts, floor, side panels and roof liner.

1059.9 COMMUNICATION PROCEDURES
The ATD Administrator is responsible for communicating with department employees who have had contact with a suspected ATD case when another employer, local health authorities, or the health care provider notify the department of a confirmed ATD case. The police department is also responsible for communicating the information to other employers involved in the exposure incident (e.g. fire department, ambulance service) to the extent that exposure information is available.

When the diagnosing health care facility reports an ATD case to the local public health officer, the department will receive notification of a confirmed case from the health care facility and/or the local public health officer. The ATD Administrator or the Watch Commander is responsible for implementing the following communication procedures upon notification:
• Receive feedback from the local health authority or the health care provider on the disease status of the suspected ATD case. The local health authority will call the police department business line, which is answered 24 hours a day. The information will be immediately forwarded to the on-duty Watch Commander; a Watch Commander is on-duty 24 hours a day and available by both phone and radio. The Watch Commander will immediately notify the ATD Administrator by phone, who will respond to the department as necessary and immediately begin making the necessary notifications.

• **Immediately** contact other employers who had employees involved in the specific exposure incident, no later than 72 hours after receiving notification. *(Note: This is a maximum timeframe and would not be considered appropriate for an illness such as meningitis where life threatening illness may develop within 48 hours. The department will adjust the timeframe depending on the nature of the specific illness and input from the local health officer.)* **The department will not provide the identity of the source patient to other employers.**

• The department contact list for other employers likely to be involved in exposure incidents includes: Laguna Beach Fire Department, Doctor's Ambulance, Laguna Beach Marine Safety (Lifeguard) Department, Orange County Fire Authority, Orange County Sheriff's Department, Alternative Sleeping Location (homeless shelter), Mission Hospital Laguna Beach, Hoag Hospital Newport Beach, Saddleback Hospital Laguna Hills and Mission Hospital Mission Viejo. Each of these agencies and companies is contacted directly by Laguna Beach Police/Fire dispatchers by phone and/or radio 24 hours a day.

• The respective contacts for these organizations are: the on-duty Fire Department Duty Officer (Division Chief), the Doctor's Ambulance supervisor via Doctor's dispatch center, the Marine Safety Department Captain or on-call Lieutenant, the Duty Officer for the Orange County Fire Authority, the on-duty Watch Commander for the Orange County Sheriff's Department, the on-duty shelter staff person and the on-duty nursing supervisor for each hospital.

• **Immediately** communicate with affected department employees about the confirmed ATD case and indicate that an exposure analysis is in progress with completion expected no later than 96 hours after receiving notification. *(Note: This is a maximum timeframe and would not be considered appropriate for an illness such as meningitis where life threatening illness may develop within 48 hours. The department will adjust the timeframe depending on the nature of the specific illness and input from the local health officer.)* The affected employees would be notified via their respective supervisors. This notification would be confirmed by the Laguna Beach Police Department ATD Administrator within an appropriate amount of time based on the urgency of the exposure. Laguna Beach police, fire and marine safety employees would be notified in person or by phone if on-duty, and by phone if off-duty. If the situation warranted
it, and they could not be reached by phone, local law enforcement would be asked to attempt to contact them at their homes.

- Begin the analysis of the exposure incident and report the results to the affected employees within 72 hours after receiving notification except where the nature of the illness requires immediate action.
- Notify affected employees of the results of the analysis within 96 hours of receiving notification except where the nature of the illness requires immediate action. Refer employees with significant exposure for medical evaluation as soon as possible. (See Section 10)

1059.10 EXPOSURE INCIDENT ANALYSIS AND POST-EXPOSURE EVALUATION
ATD Exposure Incident Analysis

An ATD exposure incident is an event where all of the following have occurred:

- An employee has been exposed to a person who is a case/suspected case of a reportable ATD, and
- Source control and risk reduction measures were not present or utilized, and
- It reasonably appears from the circumstances of the exposure that transmission of the ATD is likely to require medical evaluation.

If an exposure incident occurs, the police department will take the following steps within 72 after receiving notification except where the nature of the illness requires immediate action:

- The ATD Administrator will conduct an analysis of the exposure scenario to determine which employees had significant exposures. Appendix C, ATD Exposure Incident and Notification Checklist, will be used to document the incident analysis.
- The ATD Administrator will notify employees who had significant exposure of the date, time, and nature of the exposure.
- The ADT Administrator will determine if any other employer’s employees have been exposed and notify the employer.

Post-Exposure Evaluation and Follow-Up

In the event of an exposure incident, the Police Department will provide a post-exposure medical evaluation, as soon as feasible, to all employees who had a significant exposure. All post-exposure evaluations will be performed by Sand Canyon Urgent Care medical center.

- A description of the exposed employee's duties as they relate to the exposure incident
- The circumstances under which the exposure incident occurred
- Any available diagnostic information relating to the source of the exposure that could assist in the medical management of the employee
- The Police Department's medical records for the exposed employee(s)

The Police Department will request the following information from the health care professional:

- An opinion regarding whether precautionary removal from the employee's regular assignment is necessary to prevent spread of the disease agent and what type of alternate work assignment may be provided
- A written opinion from the health care professional limited to the following information:
  (a) The employee's test and infectivity status A statement that the employee has been informed of the results of the medical evaluation and has been offered any applicable vaccinations, prophylaxis, or treatment
  (b) A statement that the employee has been told about any medical conditions resulting from the exposure that require further evaluation or treatment
  (c) Any recommendations for precautionary removal from the employee's regular assignment
  (d) Any limitations on respirator use related to the medical condition of the employee or the working conditions in which the respirator will be used

All other findings or diagnoses will remain confidential and will not be included in the written report. The Police Department will obtain and provide the employee with a copy of the written opinion within 15 working days from the completed medical evaluation.

1059.11 MEDICAL SERVICES
Vaccination Recommendations The Police Department offers and recommends all employees in the identified job classifications in Section 4 receive the following vaccination at no cost to the employee:

<table>
<thead>
<tr>
<th>Vaccine</th>
<th>Schedule</th>
</tr>
</thead>
<tbody>
<tr>
<td>Seasonal Influenza</td>
<td>One dose annually</td>
</tr>
</tbody>
</table>

If the employee declines to accept the vaccination, he or she must sign the Declination Statement (Appendix B) and forward to for required record keeping. Note: Seasonal influenza vaccine shall be provided during the period designated by the CDC for administration and need not be provided outside of those periods. Latent Tuberculosis Infection (LTBI) Annual Test The police department maintains a surveillance program
for LTBI. All employees in the identified job classifications in Section 4 will receive annual TB tests. (Refer to Appendix D for the complete definition of LTBI). Employees with a positive baseline TB test hall have an annual symptom screen. If the employee’s TB test indicates a conversion (a change in the TB test results from negative to positive) the police department will refer the employee to the following health care professional:

<table>

</tr>
<tr>
<td>Phone Number</td>
<td>949-417-0272</td>
</tr>
</tbody>
</table>

In the case of a conversion, the department is responsible for following requirements in the standard:

- Provide a copy of the ATD Standard (8 CCR 5199) and the employee’s TB test records to the health care provider.
- If the department has determined the source of the infection, the department will also provide any available diagnostic test results including drug susceptibility patterns relating to the source patient.
- The department will request, with the employee’s consent, that the health care provider perform any necessary diagnostic tests and inform the employee about appropriate treatment options.
- The department will request that the health care provider determine if the employee is a TB case or suspected case, and to do all of the following:
  - Inform employee and the local health officer in accordance with Title17.
  - Consult with the local health officer and inform the employer of any infection control recommendations related to the employee’s activity in the workplace
  - Recommend whether precautionary removal from the employee’s regular assignment is necessary to prevent the spread of disease by the employee and what type of alternate work assignment may be provided. The department will request the recommendation for precautionary removal immediately via phone or fax, and that a written opinion within 15 days containing the information outlined in paragraph (h)(9) of the standard.
- In cases where the health care provider or local health officer recommends precautionary removal from regular job duties, the department will maintain the employee’s earnings, seniority, and other employee rights and benefits, including the employee’s right to his or her former job status, as if the employee had not been removed from his/her job. These provisions do not extend to any period of time during which the employee is unable to work for reasons other than precautionary removal.
1059.12 TRAINING
All employees with an occupational exposure will receive training:

• At the time of initial assignment to tasks where occupational exposure may occur
• At least annually thereafter
• When changes such as introduction of new engineering or work practice controls or modification of tasks affect the employee's occupational exposure

Training will be interactive and tailored to the education and language level of all exposed police department employees. It will include the following:

• An explanation of ATDs, including the signs and symptoms that require further medical evaluation
• Screening methods and referral procedures
• Source control measures and how these measures will be communicated to persons the employees contact
• Procedures for temporary risk reduction measures prior to transfer
• Respiratory protection training
• Review of the medical services provided
• Exposure incident reporting procedures and communication procedures
• Vaccine information and education

Location of written procedures (ATD Control Procedures and Respiratory Protection Program) and how employees can provide feedback on the effectiveness of the procedures. The training will be offered during the normal work shift and will include an opportunity for questions and answers with a person who is knowledgeable about the police department's exposures and ATD control procedures. Training not given in person (e.g. web-based training or training videos) shall provide for interactive questions to be answered within 24 hours by a knowledgeable person.

1059.13 RECORD KEEPING

1059.15.2 SEASONAL INFLUENZA VACCINATION STATEMENT (MANDATORY) - APPENDIX B
Seasonal Influenza Vaccination Declination Statement (Mandatory)

I understand that due to my occupational exposure to aerosol transmissible diseases, I may be at risk of acquiring seasonal influenza. I have been given the opportunity to be vaccinated against this infection at no charge to me. However, I decline this vaccination at this time. I understand that by declining this vaccine, I continue to be at increased risk of acquiring influenza. If during the season for which the CDC recommends administration of the influenza vaccine I continue to have occupational exposure to aerosol transmissible diseases and want to be vaccinated, I can receive the vaccination at no charge to me.

1059.15.4 DEFINITIONS- APPENDIX D

Definitions For a complete list of definitions found in the ATD standard, refer to Cal/OSHA Title 8, Chapter 4, Section 5199; Subsection (b) at

Aerosol transmissible disease (ATD) or aerosol transmissible pathogen (ATP)

A disease or pathogen for which droplet or airborne precautions are required, as listed in Appendix A of the standard.

Airborne infection isolation (All)

Infection control procedures as described in Guidelines for Preventing the Transmission of Mycobacterium tuberculosis in Health-Care Settings. These procedures are designed to reduce the risk of transmission of airborne infectious pathogens, and apply to patients known or suspected to be infected with epidemiologically important pathogens that can be transmitted by the airborne route.

Airborne infection isolation room or area (AIIR)

A room, area, booth, tent, or other enclosure that is maintained at negative pressure to adjacent areas in order to control the spread of aerosolized M. tuberculosis and other airborne infectious pathogens and that meets the requirements stated in subsection (e)(5)(D) of this standard.

Airborne infectious disease (AirID)
Either: (1) an aerosol transmissible disease transmitted through dissemination of airborne droplet nuclei, small particle aerosols, or dust particles containing the disease agent for which AII is recommended by the CDC or CDPH, as listed in Appendix A, or (2) the disease process caused by a novel or unknown pathogen for which there is no evidence to rule out with reasonable certainty the possibility that the pathogen is transmissible through dissemination of airborne droplet nuclei, small particle aerosols, or dust particles containing the novel or unknown pathogen.

**Airborne infectious pathogen (AirIP)**

Either: (1) an aerosol transmissible pathogen transmitted through dissemination of airborne droplet nuclei, small particle aerosols, or dust particles containing the infectious agent, and for which the CDC or CDPH recommends AII, as listed in Appendix A, or (2) a novel or unknown pathogen for which there is no evidence to rule out with reasonable certainty the possibility that it is transmissible through dissemination of airborne droplet nuclei, small particle aerosols, or dust particles containing the novel or unknown pathogen.

**CDC**

United States Centers for Disease Control and Prevention

**CDPH** California Department of Public Health and its predecessor, the California Department of Health Services (CDHS).

**Case** Either of the following:

(1) A person who has been diagnosed by a health care provider who is lawfully authorized to diagnose, using clinical judgment or laboratory evidence, to have a particular disease or condition.

(2) A person who is considered a case of a disease or condition that satisfies the most recent communicable disease surveillance case definitions established by the CDC and published in the Morbidity and Mortality Weekly Report (MMWR) or its supplements.

**Droplet precautions**

Infection control procedures as described in Guideline for Isolation Precautions designed to reduce the risk of transmission of infectious agents through contact of the conjunctivae or the mucous membranes of the nose or mouth of a susceptible person with large-particle droplets (larger than 5 m in size) containing microorganisms generated from a person who has a clinical disease or who is a carrier of the microorganism.

**Emergency medical services**

Medical care provided pursuant to Title 22, Division 9, by employees who are certified EMT-1, certified EMT-II, or licensed paramedic personnel to the sick and injured at the scene of an emergency, during transport, or during interfacility transfer.

**Exposure incident**

An event in which all of the following have occurred: (1) An employee has been exposed to an individual who is a case or suspected case of a reportable ATD, or to a work area or to equipment...
Aerosol Transmissible Diseases (ATD) Control Procedures

that is reasonably expected to contain ATPs associated with a reportable ATD; and (2) The exposure occurred without the benefit of applicable exposure controls required by this section, and (3) It reasonably appears from the circumstances of the exposure that transmission of disease is sufficiently likely to require medical evaluation.

Field operation
An operation conducted by employees that is outside of the employer’s fixed establishment, such as paramedic and emergency medical services or transport, law enforcement, home health care, and public health.

Guideline for Isolation Precautions
The Guideline for Isolation Precautions: Preventing Transmission of Infectious Agents in Healthcare Settings, June 2007, CDC, which is hereby incorporated by reference for the sole purpose of establishing requirements for droplet and contact precautions.

Health care provider
A physician and surgeon, a veterinarian, a podiatrist, a nurse practitioner, a physician assistant, a registered nurse, a nurse midwife, a school nurse, an infection control practitioner, a medical examiner, a coroner, or a dentist.

Health care worker
A person who works in a health care facility, service or operation, or who has occupational exposure in a public health service described in subsection (a)(1)(D).

High hazard procedures
Procedures performed on a person who is a case or suspected case of an aerosol transmissible disease or on a specimen suspected of containing an ATP-L, in which the potential for being exposed to aerosol transmissible pathogens is increased due to the reasonably anticipated generation of aerosolized pathogens. Such procedures include, but are not limited to, sputum induction, bronchoscopy, aerosolized administration of pentamidine or other medications, and pulmonary function testing. High Hazard Procedures also include, but are not limited to, autopsy, clinical, surgical and laboratory procedures that may aerosolize pathogens.

Individually identifiable medical information
Medical information that includes or contains any element of personal identifying information sufficient to allow identification of the individual, such as the patient’s name, address, electronic mail address, telephone number, or social security number, or other information that, alone or in combination with other publicly available information, reveals the individual's identity.

Infection control PLHCP
A PLHCP who is knowledgeable about infection control practices, including routes of transmission, isolation precautions, and the investigation of exposure incidents.

Initial treatment
Aerosol Transmissible Diseases (ATD) Control Procedures

Treatment provided at the time of the first contact a health care provider has with a person who is potentially an AirID case or suspected case. Initial treatment does not include high hazard procedures.

**Latent TB infection (LTBI)**

Infection with M. tuberculosis in which bacteria are present in the body, but are inactive. Persons who have LTBI but who do not have TB disease are asymptomatic, do not feel sick, and cannot spread TB to other persons. They typically react positively to TB tests.

**Local health officer**

The health officer for the local jurisdiction responsible for receiving and/or sending reports of communicable diseases, as defined in Title 17, CCR. NOTE: Title 17, Section 2500 requires that reports be made to the local health officer for the jurisdiction where the patient resides.

**M. tuberculosis**

Mycobacterium tuberculosis complex, which includes M. tuberculosis, M. bovis, M. africanum, and M. microti. M. tuberculosis is the scientific name of the group of bacteria that cause tuberculosis.

**Negative pressure**

A relative air pressure difference between two areas. The pressure in a containment room or area that is under negative pressure is lower than adjacent areas, which keeps air from flowing out of the containment facility and into adjacent rooms or areas.

**Non-medical transport**

The transportation by employees other than health care providers or emergency medical personnel during which no medical services are reasonably anticipated to be provided.

**Novel or unknown ATP**

A pathogen capable of causing serious human disease meeting the following criteria:

(a) There is credible evidence that the pathogen is transmissible to humans by aerosols; and

(b) The disease agent is:

1. A newly recognized pathogen, or

2. A newly recognized variant of a known pathogen and there is reason to believe that the variant differs significantly from the known pathogen in virulence or transmissibility, or

3. A recognized pathogen that has been recently introduced into the human population, or

4. A not yet identified pathogen.
NOTE: Variants of the human influenza virus that typically occur from season to season are not considered novel or unknown ATPs if they do not differ significantly in virulence or transmissibility from existing seasonal variants. Pandemic influenza strains that have not been fully characterized are novel pathogens.

**Occupational exposure**

Exposure from work activity or working conditions that is reasonably anticipated to create an elevated risk of contracting any disease caused by ATPs or ATPs-L if protective measures are not in place. In this context, "elevated" means higher than what is considered ordinary for employees having direct contact with the general public outside of the facilities, service categories, and operations listed in subsection (a)(1) of this standard. Occupational exposure is presumed to exist to some extent in each of the facilities, services, and operations listed in subsection (a) (1)(A) through (a)(1)(l). Whether a particular employee has occupational exposure depends on the tasks, activities, and environment of the employee, and therefore, some employees of a covered employer may have no occupational exposure. For example, occupational exposure typically does not exist where a hospital employee works only in an office environment separated from patient care facilities, or works only in other areas separate from those where the risk of ATD transmission, whether from patients or contaminated items, would be elevated without protective measures. It is the task of employers covered by this standard to identify those employees who have occupational exposure so that appropriate protective measures can be implemented to protect them as required. Employee activities that involve having contact with, or being within exposure range of cases or suspected cases of ATD, are always considered to cause occupational exposure. Similarly, employee activities that involve contact with, or routinely being within exposure range of, populations served by facilities identified in subsection (a)(1) (E) are considered to cause occupational exposure. Employees working in laboratory areas in which ATPs-L are handled or reasonably anticipated to be present are also considered to have occupational exposure.

**Physician or other licensed health care professional (PLHCP)**

An individual whose legally permitted scope or practice (i.e., license, registration, or certification) allows him or her to independently provide, or be delegated the responsibility to provide, some or all of the health care services required by this section.

**Public health guidelines**

RESPIRATORY PROTECTION

1061.1 PURPOSE AND SCOPE
The purpose of this program is to provide law enforcement agencies with a respiratory protection plan for general duty officers whose assignments do not normally include contact with hazardous materials or response to the release of hazardous materials. This plan sets the minimum standards to comply with California Code of Regulations, Title 8, Section 5144, as it pertains to the use of air purifying respirators (APRs) and powered air-purifying respirators (PAPRs). It does not prevent agencies from electing to be more restrictive in the designated use and fit testing of any specific equipment.

This program covers equipment selection, medical screening, fit testing, training, use and maintenance of respirators to be used by the following types of officers:

(a) Officers who are issued respirators to be used for escape from hazardous atmospheres.

(b) Officers who are issued respirators to be used while maintaining perimeters at hazardous materials incidents. These are officers who will be stationed in the support ("cold" or "green") zone, where contaminants are not expected to exceed levels deemed safe for unprotected persons, as determined by the incident commander.

(c) Officers who are issued respirators for use in maintaining the perimeter at crowd-control incidents where chemical agents (e.g., CS or CN tear gas) are used.

(d) Officers who are issued respirators to prevent exposure to tuberculosis and other serious airborne respiratory infections due to sustained contact with, or transport of, persons who are suspected of carrying an active infection with a serious airborne respiratory disease (such as tuberculosis).

(e) Officers who, in exigent or emergency situations, are required to enter an area where CS, CN, smoke, or other tearing agents have been expelled.

Note: In these situations, the incident commander, or officer in charge, shall ensure that the levels of contamination do not exceed the tearing agent manufacturer’s recommendation for safe operation, or the NIOSH maximum concentration for use (MUC), prior to entry. As of 10/1/03, the MUC for CN is 15mg/M3 and the MUC for CS is 2 mg/M3. Agencies should have written policies on the type, amount and vehicle of release of the agents following manufacturer’s recommended guidelines. These polices shall be specific for indoor, outdoor and semi-contained (stadium type) situations.

1061.2 PROGRAM ADMINISTRATOR
Agencies shall designate a respiratory protection program administrator to oversee this program. This person shall be identified in the policy by name, title and location. The Program Administrator shall be knowledgeable about the requirements of Section 5144 of Title 8 of the California Code
RESPIRATORY PROTECTION

of Regulations and all elements of the respiratory protection program. The Administrator will be responsible for assuring implementation of all elements of this program.

The program administrator is responsible for ensuring that all general duty personnel designated to use respirators are included in this program, and that the program is implemented in a consistent manner throughout the agency. The Laguna Beach Police Department Program Administrator is: Sgt. John Falk, Patrol Watch Commander.

1061.3 APPROVED EQUIPMENT

All respiratory protective equipment shall be approved by the National Institute for Occupational Safety and Health (NIOSH) for the environment in which it is going to be used. The following definitions apply to equipment that will be issued to officers under this program:

(a) **Air-purifying respirator (APR)** means a respirator that works by removing gas, vapor, or particulate, or combinations of gas, vapor, and/or particulate from the air through the use of filters, cartridges, or canisters that have been tested and approved for use in specific types of contaminated atmospheres by NIOSH. This respirator does not supply oxygen and therefore cannot be used to enter an atmosphere that is oxygen deficient.

(b) **Powered air-purifying respirator (PAPR)** means air-purifying respirator that uses a blower to force ambient air through air-purifying elements to the respirator facepiece or hood.

Note: Cartridges, canisters and filters are approved for use against specific hazards where the concentration is known or can be reasonably estimated. Some combination organic vapor/particulate cartridges and canisters are approved for use against CS and CN tear gas.

NIOSH is currently in the process of testing air-purifying respirators for protection against chemical, biological, radiological and nuclear agents including sarin (nerve agent), cyanide, phosgene, tear gas, and sulfur mustard (blister agents). When those respirators are approved, the notation CBRN will follow the NIOSH approval number, and equipment will bear the label shown below. As of September 2003, only some self-contained breathing apparatus (SCBA), which are beyond the scope of this program, have been tested and approved for this use.

1061.4 RESPIRATOR SELECTION

Agencies shall maintain records on the type of equipment provided to employees and under what circumstances the equipment is to be used.

**Powered Air Purifying Respirators**

Officers who are covered in this program will be issued with Powered Air Purifying Respirators (PAPR) under the following conditions:

1. The physician or other licensed health care professional (PLHCP) recommends the use of a PAPR for medical reasons.
2. The officer cannot be successfully fit-tested for a tight-fitting facepiece. These officers shall be issued a PAPR with a loose fitting hood or helmet.
3. The officer requests a PAPR.

**1061.4.1 MEDICAL EVALUATION**

Personnel are considered medically qualified to use respiratory protective equipment after completing the POST Medical History Statement (POST 2-252) or its equivalent and successfully passing a physical examination that occurs as a condition of employment. The pre-employment physical must meet or exceed the standards described in the POST Medical Screening Manual for California Law Enforcement. Employees who were hired prior to the implementation of the POST Medical History Statement (POST 2-252) shall complete the Cal/OSHA medical questionnaire and department medical personnel shall review it. Medical evaluations are required for any officer when:

(a) An officer reports medical signs or symptoms that are related to the ability to use a respirator,

(b) A physician or other licensed health care professional (PLHCP), a supervisor, or the Program Administrator informs the agency that an officer needs to be reevaluated,

RESPIRATORY PROTECTION

(c) Observations made during fit testing and program evaluation indicate a need for re-evaluation, or

(d) A change occurs in workplace conditions (e.g., physical work effort, protective clothing, temperature) that may result in a substantial increase in the physiological burden placed on an officer.

1061.4.2 FIT TESTING
Fit test procedures shall be in accordance with Appendix A of Section 5144 of Title 8 of the California Code of Regulations.

(a) Before an officer is required to use any respirator with a tight-fitting facepiece (APR/PAPR), the officer must be fit tested with the same make, model, style, and size of respirator to be used. Officers shall be provided with a sufficient number of respirator models and sizes so that he/she may select an acceptable facepiece.

(b) Fit tests shall be provided at the time of initial assignment and at least annually thereafter. Additional fit tests shall be provided whenever the officer, employer, PLHCP, supervisor, or program administrator makes visual observations of changes in the officer's physical condition that could affect respirator fit. These conditions include, but are not limited to, facial scarring, dental changes, cosmetic surgery, or an obvious change in body weight.

(c) The person who administers the fit test shall complete fit test training. Agencies may accomplish this training through their fire agency, OSHA, or the manufacturer of the equipment. Documentation of all training must be maintained in the department program records. All personnel qualified to fit-test must keep up to date on their training.

(d) Prior to the fit test, the officer shall be shown the proper procedures for donning a respirator. The officer shall demonstrate donning the respirator, adjust the straps, and perform positive and negative pressure fit checks.

(e) Respirators with tight-fitting facepieces do not seal properly when facial hair comes between the sealing surface of the facepiece and the face, or when it interferes with valve function. Therefore, any officer who has facial hair that interferes with sealing surfaces, or who cannot be successfully fit tested with a tight-fitting facepiece respirator shall be issued a PAPR with a hood or helmet.

(f) Officers who wear corrective glasses or other personal protective equipment must be sure that such equipment is worn in a manner that does not interfere with the facepiece seal. The glasses or personal protective equipment that must be worn with the respirator shall be taken to the fit-test assessment and worn during the test.

(g) Officers who are issued tight-fitting facepiece gas/vapor air purifying respirators (gas masks) shall be provided with either a qualitative (employee response to test agent) or quantitative (numerical measurement of leakage) method fit test. Agencies must
indicate in their department program records which test was utilized and the results of the tests.

(h) An escape hood is not a tight-fitting facepiece, and need not be fit tested. Officers who are issued escape hoods shall practice donning and removing the hood during training.

1061.4.3 RESPIRATOR USE

**Escape:** For escape from the release of hazardous materials, officers will be provided with (agency to select) N/A at this time

- Air purifying Escape Hoods
- Combination cartridge air-purifying respirator
- CBRN approved air-purifying respirator
- Other

**Entry:** Respirators issued under this program shall not be used to enter any area that is designated as the exclusion ("hot" or "red") zone, or the contaminant reduction ("warm" or "yellow") zone of a hazardous materials incident. They also should not be used to enter any areas that are known or suspected to be oxygen deficient, or that contain concentrations of hazardous substances that are unknown or are immediately dangerous to life or health (IDLH). Respirator use shall not conflict with the agency's emergency response plan.

**Continuous duty:** For continuous duty in maintaining the perimeter of hazardous materials or crowd control incidents, approved gas masks and other air-purifying respirators shall be used. Respirators shall be selected that are approved for the contaminants that are believed to be present, and wearers shall not be located in atmospheres in which concentrations exceed the protection factor of the respirator. The program administrator or incident commander shall determine a cartridge change schedule.

**Breakthrough:** If an officer detects breakthrough, the officer shall exit the area immediately, or as soon as safety conditions permit, remove the respirator and perform decontamination procedures. Breakthrough shall be reported to the incident commander or officer in charge. The incident commander or officer in charge shall re-evaluate potential exposures and determine whether it is necessary to redefine the incident perimeter.

**Note:** Some contaminants are detectable at levels that are below Cal/OSHA permissible exposure limits. Therefore detection of contaminants by a respirator user does not necessarily mean that officers are being exposed above the concentrations permitted under this program.

**TB and other infectious airborne diseases:** Particulate respirators shall be used when an officer is in sustained contact (including transport in a closed vehicle) with a person who is suspected of carrying an active infection with a serious airborne respiratory disease (such as tuberculosis), and who cannot be masked. Used respirators shall be discarded in appropriate containers, in accordance with the department's infection control procedures.
RESPIRATORY PROTECTION

1061.4.4 TRAINING
Cal/OSHA requires agencies to conduct training for all personnel designated to use respirators.

(a) The training shall include at least the following:

1. The specific circumstances under which respirators are to be used, including illustrative scenarios that identify the proper use by general-duty officers.
2. Why the respirator is necessary and how proper fit, usage, or maintenance can ensure the protective effect of the respirator.
3. What the respirator’s limitations and capabilities are in terms of protecting against chemical agents and other respiratory hazards.
4. How to effectively use the respirators in emergency situations, including situations when the respirator malfunctions.
5. How to inspect, put on, remove, use, and check the seals of the respirator.
6. How to maintain and store the respirator. Officers who are issued PAPRs shall be instructed in procedures for charging and maintaining the batteries, and for checking the flow rate.
7. How to recognize medical signs and symptoms that may limit or prevent the effective use of respirators.
8. How to decontaminate (or safely dispose of) a respirator that has been contaminated with chemicals or hazardous biological materials.

(b) Training shall be provided at the time of initial assignment to respirator use, and at least annually thereafter.

(c) Additional training shall be provided when there is a change in the type of respiratory protection used, or when inadequacies in the officer’s knowledge or use of the respirator indicate that he/she has not retained the requisite understanding or skill.

(d) This training can be accomplished by in-house instruction, or by viewing the POST video on respiratory protective equipment in combination with instruction. The training should be conducted prior to the fit-test procedures.

1061.4.5 MAINTENANCE
Agencies shall have a procedure in place for maintaining, cleaning, disinfecting, storing, inspecting and repairing all respiratory protective equipment used by department personnel.

Cleaning and Disinfecting
Each respirator user shall be provided with a respirator that is clean, sanitary, and in good working order. The agency will ensure that respirators are cleaned and disinfected at the following intervals:

Respirators issued for the exclusive use of an officer shall be cleaned and disinfected as often as necessary to maintain a sanitary condition.
RESPIRATORY PROTECTION

(a) Respirators issued to more than one officer shall be cleaned and disinfected before being worn other persons.

(b) Respirators maintained for emergency use shall be cleaned and disinfected after each use.

(c) Respirators used in fit testing and training shall be cleaned and disinfected after each use (before being used by another person).

(d) Respirators that have been contaminated with certain chemical, biological, or radioactive (CBRN) agents require special decontamination procedures to reduce the likelihood of secondary exposures to the user or assisting personnel. The HAZMAT incident commander or officer in charge will inform users of any special decontamination procedures that are required.

Storage

All respirators shall be stored to protect them from damage, contamination, dust, sunlight, extreme temperatures, excessive moisture, and damaging chemicals. They shall be packed or stored to prevent deformation of the facepiece and exhalation valve. To protect the integrity of the equipment, agencies must follow the manufacturer's recommendation for storage. Agencies must also maintain records of where all equipment is stored.

Agencies should take into consideration the need for charging PAPR batteries when they are stored or not in use.

Inspection

Single-use particulate respirators shall be inspected prior to use. All other respirators shall be inspected at least monthly and prior to each use. Inspections should include a check of:

(a) Respirator function, tightness of connections, condition of the various parts including, but not limited to, the facepiece, head straps, valves, and cartridges, canisters or filters.

(b) All rubber or plastic parts for pliability and signs of deterioration.

(c) PAPR connecting tubes or hoses and batteries.
RESPIRATORY PROTECTION

Each inspection shall include donning the respirator and performing positive and negative pressure fit-checks. An inspection log shall be kept with the respirator (except single use particulate respirators).

**Repairs**

Any defective respirators shall be removed from service, and shall be adjusted, repaired or discarded as appropriate. Written policies shall indicate where defective equipment must be turned in, the person responsible for receiving it and how replacement equipment is to be issued.

Only persons who have been trained to perform such operations shall make repairs or adjustments to respirators. All repairs shall be made according to the manufacturer’s recommendations and specifications for the type and extent of repairs to be performed, using only the manufacturer’s NIOSH-approved parts.

1061.4.6   PROGRAM EVALUATION

The program administrator will conduct a periodic review of the agency’s program to ensure the agency adheres to all subsections of this program. This review will include at a minimum:

1. Respirator fit
2. Appropriate respirator selection
3. Proper use of respirators
4. Proper inspection and maintenance procedures

1061.4.7   RECORD KEEPING

The program administrator is responsible for ensuring that proper records are kept for this program.

This includes:

(a) Personnel medical records shall be retained and made available in, accordance with the California Code of Regulations, Section 3204, Title 8, for a minimum of thirty (30) years after an employee’s separation or termination. Agencies may follow departmental policies for the maintenance of confidential medical records. The policy must indicate where these records are maintained, who is responsible for them, and how employees, their representatives, or Cal/OSHA personnel can obtain access to the records.

(b) Documentation of training, inspection and maintenance.

(c) Documentation of fit testing, including:

1. Type of test (qualitative or quantitative)
2. Name or ID of employee
3. Make, model, style and size of respirator tested
4. Date of test
5. Results of the fit test

(d) A copy of this program and the above records shall be made available to all affected employees, their representatives, and representatives of the Chief of the Division of Occupational Safety and Health. Agencies shall determine the records retention policy for training, inspection, maintenance and fit-test records. At a minimum, agencies shall retain the most recent record of each type for each employee or piece of equipment.

Performance History Audits

1062.1 PURPOSE AND SCOPE
Performance History Audits are collections of data designed to assist supervisors evaluating the performance of their employees. Performance History Audits can help identify commendable performance as well as early recognition of training needs and other potential issues. While it is understood that the statistical compilation of data may be helpful to supervisors, it cannot account for, and must be carefully balanced with the many variables in law enforcement such as:

- An officer's ability to detect crime.
- An officer's work ethic.
- An officer's work assignment and shift.
- An officer's physical abilities, stature, etc.
- Randomness of events.

1062.2 RESPONSIBILITIES
Under the authority of the Division Commander, the Professional Standards Unit is responsible for collecting performance indicators and other relevant data to generate and provide a quarterly Performance History Audit Report for each officer to the appropriate Division Commander. Though generated quarterly, each Performance History Audit will contain data from a one-year time period. The Division Commander will also forward a copy of each Performance History Audit Report to the Office of the City Attorney for review and retention as attorney work product and confidential personnel information.

1062.3 COMPONENTS OF PERFORMANCE HISTORY AUDITS
Performance History Audits will include the following components:

- Performance indicators
- Data analysis
- Employee review
- Follow-up monitoring

1062.4 PERFORMANCE INDICATORS
Performance indicators represent the categories of employee performance activity that the Chief of Police of Laguna Beach Police Department has determined may be relevant data for the generation and analysis of Performance History Audits. Performance indicators may include but are not limited to:

(a) The frequency and findings of use of force incidents.
Performance History Audits

(b) Frequency of involvement and conduct during vehicle pursuits.
(c) Frequency and findings of citizen complaints.
(d) Number of commendations, compliments and awards (citizen and Department).
(e) Claims and civil suits related to the employee’s actions or alleged actions.
(f) Canine bite incidents.
(g) Internal Affairs investigations.
(h) Frequency and reasons for District Attorney case rejections.
(i) Intentional or accidental firearm discharges (regardless of injury).
(j) Vehicle collisions.
(k) Missed court appearances.
(l) Documented counseling memos.

1062.5 COMPILATION OF DATA
The Professional Standards Unit will utilize secure systems and other confidential methods to compile and track information regarding performance indicators for each officer during each quarter in order to prepare Performance History Audit Reports.

1062.6 EMPLOYEE NOTIFICATION AND RESPONSE
The Professional Standards Unit will notify each officer prior to retaining any performance indicator for entry into a Performance History Audit Report. The affected officer may submit a written comment within 10 days regarding each performance indicator. Any such written comment will be attached to the related performance indicator in such a way as to be readily noticed by supervisors reviewing a Performance History Audit Report.

1062.7 DATA ANALYSIS AND ACTION
Upon receipt, the Division Commander will review each Performance History Audit Report and determine whether it should be provided to an officer’s immediate supervisor for further consideration. The officer’s immediate supervisor will carefully review the Performance History Audit Report with the officer to assess any potential trends or other issues which may warrant informal counseling, additional training or a recommendation for other action, including discipline. The officer shall date and sign the Performance History Audit Report and may be provided a copy of the report upon request.

If a supervisor determines that an officer’s performance warrants action beyond informal counseling, the supervisor shall advise the Division Commander of such recommendation. If the Division Commander concurs with the recommendation of the supervisor, he/she shall take steps to initiate the appropriate action.
If discipline or other adverse action is initiated against an officer as a result of a Performance History Audit, the officer shall be entitled to all rights and processes set forth in the Personnel Complaints Policy.

1062.8 CONFIDENTIALITY OF DATA
Information, data and copies of material compiled to develop Performance History Audit Reports shall be considered confidential as part of the employee’s personnel file and will not be subject to discovery or release except as provided by law. Access to the data in the system will be governed under the same process as access to an officer’s personnel file as outlined in the Department Peace Officer Personnel Files Policy.

1062.9 RETENTION AND PURGING
Except as incorporated in separate training or disciplinary records, all performance indicators and Performance History Audit Reports shall be purged from the Professional Standards Unit and all other locations within the Department one year from the date generated. The City Attorney however, shall retain a copy of Performance History Audit Reports for an additional one year period as attorney work product.

      (f) Fire Prevention Plan (8 CCR § 3221)
      (e) Making available the Identified Hazards and Correction Record form to document inspections, unsafe conditions or work practices, and actions taken to correct unsafe conditions and work practices.
      (f) Making available the Investigation/Corrective Action Report to document individual incidents or accidents.
      (g) Making available a form to document the safety and health training of each member. This form will include the member’s name or other identifier, training dates, type of training and training providers.
Illness and Injury Prevention

(h) Conducting and documenting a regular review of the illness and injury prevention plan.

1063.5 SUPERVISOR RESPONSIBILITIES
Supervisor responsibilities include, but are not limited to:

(a) Ensuring member compliance with illness and injury prevention guidelines and answering questions from members about this policy.

(b) Training, counseling, instructing or making informal verbal admonishments any time safety performance is deficient. Supervisors may also initiate discipline when it is reasonable and appropriate under the Standards of Conduct Policy.

(c) Establishing and maintaining communication with members on health and safety issues. This is essential for an injury-free, productive workplace.

(d) Completing required forms and reports relating to illness and injury prevention; such forms and reports shall be submitted to the Administrative Services Division Commander.

(e) Notifying the Administrative Services Division Commander when:
1. New substances, processes, procedures or equipment that present potential new hazards are introduced into the work environment.
2. New, previously unidentified hazards are recognized.
3. Occupational illnesses and injuries occur.
4. New and/or permanent or intermittent members are hired or reassigned to processes, operations or tasks for which a hazard evaluation has not been previously conducted.
5. Workplace conditions warrant an inspection.

1063.6 HAZARDS
All members should report and/or take reasonable steps to correct unsafe or unhealthy work conditions, practices or procedures in a timely manner. Members should make their reports to a supervisor (as a general rule, their own supervisors).

Supervisors should make reasonable efforts to correct unsafe or unhealthy work conditions in a timely manner, based on the severity of the hazard. These hazards should be corrected when observed or discovered, when it is reasonable to do so. When a hazard exists that cannot be immediately abated without endangering members or property, supervisors should protect or remove all exposed members from the area or item, except those necessary to correct the existing condition.

Members who are necessary to correct the hazardous condition shall be provided with the necessary protection.

All significant actions taken and dates they are completed shall be documented on an Identified Hazards and Correction Record form. This form should be forwarded to the Administrative Services Division Commander via the chain of command.
Illness and Injury Prevention

The Administrative Services Division Commander will take appropriate action to ensure the illness and injury prevention plan addresses potential hazards upon such notification.

1063.7 INSPECTIONS
Safety inspections are crucial to a safe work environment. These inspections identify and evaluate workplace hazards and permit mitigation of those hazards. A hazard assessment checklist should be used for documentation and to ensure a thorough assessment of the work environment.

The Administrative Services Division Commander shall ensure that the appropriate documentation is completed for each inspection.

1063.7.1 EQUIPMENT
Members are charged with daily vehicle inspections of their assigned vehicles and of their personal protective equipment (PPE) prior to working in the field. Members shall complete the Identified Hazards and Correction Record form if an unsafe condition cannot be immediately corrected. Members should forward this form to their supervisors.

1063.8 INVESTIGATIONS
Any member sustaining any work-related illness or injury, as well as any member who is involved in any accident or hazardous substance exposure while on-duty shall report such event as soon as practicable to a supervisor. Members observing or learning of a potentially hazardous condition are to promptly report the condition to their immediate supervisors.

A supervisor receiving such a report should personally investigate the incident or ensure that an investigation is conducted. Investigative procedures for workplace accidents and hazardous substance exposures should include:

(a) A visit to the accident scene as soon as possible.
(b) An interview of the injured member and witnesses.
(c) An examination of the workplace for factors associated with the accident/exposure.
(d) Determination of the cause of the accident/exposure.
(e) Corrective action to prevent the accident/exposure from reoccurring.
(f) Documentation of the findings and corrective actions taken.
(g) Completion of an Investigation/Corrective Action Report form.
(h) Completion of an Identified Hazards and Correction Record form.

Additionally, the supervisor should proceed with the steps to report an on-duty injury, as required under the Occupational Disease and Work-Related Injury Reporting Policy, in conjunction with this investigation to avoid duplication and ensure timely reporting.
Illness and Injury Prevention

1063.9 TRAINING
The Administrative Services Division Commander should work with the Training Officer to provide all members, including supervisors, with training on general and job-specific workplace safety and health practices. Training shall be provided:

(a) To supervisors to familiarize them with the safety and health hazards to which members under their immediate direction and control may be exposed.

(b) To all members with respect to hazards specific to each member’s job assignment.

(c) To all members given new job assignments for which training has not previously been provided.

(d) Whenever new substances, processes, procedures or equipment are introduced to the workplace and represent a new hazard.

(e) Whenever the Department is made aware of a new or previously unrecognized hazard.

1063.9.1 TRAINING TOPICS
The Training Officer shall ensure that training includes:

(a) Reporting unsafe conditions, work practices and injuries, and informing a supervisor when additional instruction is needed.

(b) Use of appropriate clothing, including gloves and footwear.

(c) Use of respiratory equipment.

(d) Availability of toilet, hand-washing and drinking-water facilities.

(e) Provisions for medical services and first aid.

(f) Handling of bloodborne pathogens and other biological hazards.

(g) Prevention of heat and cold stress.

(h) Identification and handling of hazardous materials, including chemical hazards to which members could be exposed, and review of resources for identifying and mitigating hazards (e.g., hazard labels, Safety Data Sheets (SDS)).

(i) Mitigation of physical hazards, such as heat and cold stress, noise, and ionizing and non-ionizing radiation.

(j) Identification and mitigation of ergonomic hazards, including working on ladders or in a stooped posture for prolonged periods.

(k) Back exercises/stretches and proper lifting techniques.

Line-of-Duty Deaths

1064.1 PURPOSE AND SCOPE
The purpose of this policy is to provide guidance to members of the Laguna Beach Police Department in the event of the death of a member occurring in the line of duty and to direct the Department in providing proper support for the member’s survivors.

The Chief of Police may also apply some or all of this policy in situations where members are injured in the line of duty and the injuries are life-threatening.

1064.1.1 DEFINITIONS
Definitions related to this policy include:

**Line-of-duty death** - The death of a sworn member during the course of performing law enforcement-related functions while on- or off-duty, or a non-sworn member during the course of performing their assigned duties.

**Survivors** - Immediate family members of the deceased member, which can include spouse, children, parents, other next of kin or significant others. The determination of who should be considered a survivor for purposes of this policy should be made on a case-by-case basis given the individual’s relationship with the member and whether the individual was previously designated by the deceased member.

1064.2 POLICY
It is the policy of the Laguna Beach Police Department to make appropriate notifications and to provide assistance and support to survivors and coworkers of a member who dies in the line of duty.

It is also the policy of this department to respect the requests of the survivors when they conflict with these guidelines, as appropriate.

1064.3 INITIAL ACTIONS BY COMMAND STAFF
(a) Upon learning of a line-of-duty death, the deceased member’s supervisor should provide all reasonably available information to the Watch Commander and Dispatch.

1. Communication of information concerning the member and the incident should be restricted to secure networks to avoid interception by the media or others (see the Press Information Officer section of this policy).

(b) The Watch Commander should ensure that notifications are made in accordance with the Officer-Involved Shootings and Deaths and Major Incident Notification policies as applicable.

(c) If the member has been transported to the hospital, the Watch Commander or the designee should respond to the hospital to assume temporary responsibilities as the Hospital Liaison.
(d) The Chief of Police or the authorized designee should assign members to handle survivor notifications and assign members to the roles of Hospital Liaison (to relieve the temporary Hospital Liaison) and the Department Liaison as soon as practicable (see the Notifying Survivors section and the Department Liaison and Hospital Liaison subsections in this policy).

1064.4 NOTIFYING SURVIVORS
Survivors should be notified as soon as possible in order to avoid the survivors hearing about the incident in other ways.

The Chief of Police or the authorized designee should review the deceased member’s emergency contact information and make accommodations to respect the member’s wishes and instructions specific to notifying survivors. However, notification should not be excessively delayed because of attempts to assemble a notification team in accordance with the member’s wishes.

The Chief of Police, Watch Commander or the authorized designee should select at least two members to conduct notification of survivors, one of which may be the Department Chaplain.

Notifying members should:

(a) Make notifications in a direct and compassionate manner, communicating as many facts of the incident as possible, including the current location of the member. Information that is not verified should not be provided until an investigation has been completed.

(b) Determine the method of notifying surviving children by consulting with other survivors and taking into account factors such as the child’s age, maturity and current location (e.g., small children at home, children in school).

(c) Plan for concerns such as known health concerns of survivors or language barriers.

(d) Offer to transport survivors to the hospital, if appropriate. Survivors should be transported in department vehicles. Notifying members shall inform the Hospital Liaison over a secure network that the survivors are on their way to the hospital and should remain at the hospital while the survivors are present.

(e) When survivors are not at their residences or known places of employment, actively seek information and follow leads from neighbors, other law enforcement, postal authorities and other sources of information in order to accomplish notification in as timely a fashion as possible. Notifying members shall not disclose the reason for their contact other than a family emergency.

(f) If making notification at a survivor’s workplace, ask a workplace supervisor for the use of a quiet, private room to meet with the survivor. Members shall not inform the workplace supervisor of the purpose of their visit other than to indicate that it is a family emergency.

(g) Offer to call other survivors, friends or clergy to support the survivors and to avoid leaving survivors alone after notification.

(h) Assist the survivors with meeting childcare or other immediate needs.
Line-of-Duty Deaths

(i) Provide other assistance to survivors and take reasonable measures to accommodate their needs, wishes and desires. Care should be taken not to make promises or commitments to survivors that cannot be met.

(j) Inform the survivors of the name and phone number of the Survivor Support Liaison (see the Survivor Support Liaison section of this policy), if known, and the Department Liaison.

(k) Provide their contact information to the survivors before departing.

(l) Document the survivor’s names and contact information, as well as the time and location of notification. This information should be forwarded to the Department Liaison.

(m) Inform the Chief of Police or the authorized designee once survivor notifications have been made so that other Laguna Beach Police Department members may be apprised that survivor notifications are complete.

1064.4.1 OUT-OF-AREA NOTIFICATIONS
The Department Liaison should request assistance from law enforcement agencies in appropriate jurisdictions for in-person notification to survivors who are out of the area.

(a) The Department Liaison should contact the appropriate jurisdiction using a secure network and provide the assisting agency with the name and telephone number of the department member that the survivors can call for more information following the notification by the assisting agency.

(b) The Department Liaison may assist in making transportation arrangements for the member’s survivors, but will not obligate the Department to pay travel expenses without the authorization of the Chief of Police.

1064.5 NOTIFYING DEPARTMENT MEMBERS
Supervisors or members designated by the Chief of Police are responsible for notifying department members of the line-of-duty death as soon as possible after the survivor notification is made. Notifications and related information should be communicated in person or using secure networks and should not be transmitted over the radio.

Notifications should be made in person and as promptly as possible to all members on-duty at the time of the incident. Members reporting for subsequent shifts within a short amount of time should be notified in person at the beginning of their shift. Members reporting for duty from their residence should be instructed to contact their supervisor as soon as practicable. Those members who are working later shifts or are on days off should be notified by phone as soon as practicable.

Members having a close bond with the deceased member should be notified of the incident in person. Supervisors should consider assistance (e.g., peer support group, modifying work schedules, approving sick leave) for members who are especially affected by the incident.

Supervisors should direct members not to disclose any information outside the Department regarding the deceased member or the incident.
1064.6 LIAISONS AND COORDINATORS
The Chief of Police or the authorized designee should select members to serve as liaisons and coordinators to handle responsibilities related to a line-of-duty death, including, but not limited to:

(a) Department Liaison.
(b) Hospital Liaison.
(c) Survivor Support Liaison.
(d) Critical Incident Stress Management (CISM) coordinator.
(e) Funeral Liaison.
(f) Mutual aid coordinator.
(g) Benefits Liaison.
(h) Finance coordinator.

Liaisons and coordinators will be directed by the Department Liaison and should be given sufficient duty time to complete their assignments.

Members may be assigned responsibilities of more than one liaison or coordinator position depending on available department resources. The Department Liaison may assign separate liaisons and coordinators to accommodate multiple family units, if needed.

1064.6.1 DEPARTMENT LIAISON
The Department Liaison should be a Division Commander or of sufficient rank to effectively coordinate department resources, and should serve as a facilitator between the deceased member’s survivors and the Department. The Department Liaison reports directly to the Chief of Police. The Department Liaison’s responsibilities include, but are not limited to:

(a) Directing the other liaisons and coordinators in fulfilling survivors’ needs and requests. Consideration should be given to organizing the effort using the National Incident Management System (NIMS).
(b) Establishing contact with survivors within 24 hours of the incident and providing them contact information.
(c) Advising survivors of the other liaison and coordinator positions and their roles and responsibilities.
(d) Identifying locations that will accommodate a law enforcement funeral and presenting the options to the appropriate survivors, who will select the location.
(e) Coordinating all official law enforcement notifications and arrangements.
(f) Making necessary contacts for authorization to display flags at half-mast.
(g) Ensuring that department members are reminded of appropriate information–sharing restrictions regarding the release of information that could undermine future legal proceedings.
(h) Coordinating security checks of the member’s residence as necessary and reasonable.
(i) Serving as a liaison with visiting law enforcement agencies during memorial and funeral services.

1064.6.2 HOSPITAL LIAISON
The Hospital Liaison should work with hospital personnel to:

(a) Arrange for appropriate and separate waiting areas for:
   1. The survivors and others whose presence is requested by the survivors.
   2. Department members and friends of the deceased member.
   3. Media personnel.

(b) Ensure, as much as practicable, that any suspects who are in the hospital and their families or friends are not in close proximity to the member’s survivors or Laguna Beach Police Department members (except for members who may be guarding the suspect).

(c) Ensure that survivors receive timely updates regarding the member before information is released to others.

(d) Arrange for survivors to have private time with the member, if requested.
   1. The Hospital Liaison or hospital personnel may need to explain the condition of the member to the survivors to prepare them accordingly.
   2. The Hospital Liaison should accompany the survivors into the room, if requested.

(e) Stay with survivors and ensure that they are provided with other assistance as needed at the hospital.

(f) If applicable, explain to the survivors why an autopsy may be needed.

(g) Ensure hospital bills are directed to the Department, that the survivors are not asked to sign as guarantor of payment for any hospital treatment and that the member’s residence address, insurance information and next of kin are not included on hospital paperwork.

Other responsibilities of the Hospital Liaison include, but are not limited to:

- Arranging transportation for the survivors back to their residence.
- Working with investigators to gather and preserve the deceased member’s equipment and other items that may be of evidentiary value.
- Documenting his/her actions at the conclusion of his/her duties.

1064.6.3 SURVIVOR SUPPORT LIAISON
The Survivor Support Liaison should work with the Department Liaison to fulfill the immediate needs and requests of the survivors of any member who has died in the line of duty, and serve as the long-term department contact for survivors.

The Survivor Support Liaison should be selected by the deceased member’s Division Commander. The following should be considered when selecting the Survivor Support Liaison:
Line-of-Duty Deaths

- The liaison should be an individual the survivors know and with whom they are comfortable working.
- If the survivors have no preference, the selection may be made from names recommended by the deceased member’s supervisor and/or coworkers. The deceased member’s partner or close friends may not be the best selections for this assignment because the emotional connection to the member or survivors may impair their ability to conduct adequate liaison duties.
- The liaison must be willing to assume the assignment with an understanding of the emotional and time demands involved.

The responsibilities of the Survivor Support Liaison include, but are not limited to:

(a) Arranging for transportation of survivors to hospitals, places of worship, funeral homes and other locations, as appropriate.

(b) Communicating with the Department Liaison regarding appropriate security measures for the family residence, as needed.

(c) If requested by the survivors, providing assistance with instituting methods of screening telephone calls made to their residence after the incident.

(d) Providing assistance with travel and lodging arrangements for out-of-town survivors.

(e) Returning the deceased member’s personal effects from the Department and the hospital to the survivors. The following should be considered when returning the personal effects:
   1. Items should not be delivered to the survivors until they are ready to receive the items.
   2. Items not retained as evidence should be delivered in a clean, unmarked box.
   3. All clothing not retained as evidence should be cleaned and made presentable (e.g., items should be free of blood or other signs of the incident).
   4. The return of some personal effects may be delayed due to ongoing investigations.

(f) Assisting with the return of department-issued equipment that may be at the deceased member’s residence.
   1. Unless there are safety concerns, the return of the equipment should take place after the funeral at a time and in a manner considerate of the survivors’ wishes.

(g) Working with the CISM coordinator to ensure that survivors have access to available counseling services.

(h) Coordinating with the department’s Press Information Officer (PIO) to brief the survivors on pending press releases related to the incident and to assist the survivors with media relations in accordance with their wishes (see the Press Information Officer section of this policy).

(i) Briefing survivors on investigative processes related to the line-of-duty death, such as criminal, internal and administrative investigations.
Line-of-Duty Deaths

(j) Informing survivors of any related criminal proceedings and accompanying them to such proceedings.

(k) Introducing survivors to prosecutors, victim’s assistance personnel and other involved personnel as appropriate.

(l) Maintaining long-term contact with survivors and taking measures to sustain a supportive relationship (e.g., follow-up visits, phone calls, cards on special occasions, special support during holidays).

(m) Inviting survivors to department activities, memorial services or other functions as appropriate.

Survivor Support Liaisons providing services after an incident resulting in multiple members being killed should coordinate with and support each other through conference calls or meetings as necessary.

The Department recognizes that the duties of a Survivor Support Liaison will often affect regular assignments over many years, and is committed to supporting members in the assignment.

If needed, the Survivor Support Liaison should be issued a personal communication device (PCD) owned by the Department to facilitate communications necessary to the assignment. The department-issued PCD shall be used in accordance with the Personal Communication Devices Policy.

1064.6.4 CRITICAL INCIDENT STRESS MANAGEMENT COORDINATOR
The CISM coordinator should work with the Chief of Police or the authorized designee, liaisons, coordinators and other resources to make CISM and counseling services available to members and survivors who are impacted by a line-of-duty death. The responsibilities of the CISM coordinator include, but are not limited to:

(a) Identifying members who are likely to be significantly affected by the incident and may have an increased need for CISM and counseling services, including:

1. Members involved in the incident.
2. Members who witnessed the incident.
3. Members who worked closely with the deceased member but were not involved in the incident.

(b) Ensuring that members who were involved in or witnessed the incident are relieved of department responsibilities until they can receive CISM support as appropriate and possible.

(c) Ensuring that CISM and counseling resources (e.g., peer support, debriefing, grief counselors) are available to members as soon as reasonably practicable following the line-of-duty death.

(d) Coordinating with the Survivor Support Liaison to ensure survivors are aware of available CISM and counseling services and assisting with arrangements as needed.
Following up with members and the Survivor Support Liaison in the months following the incident to determine if additional CISM or counseling services are needed.

(a) Confirming the filing of workers’ compensation claims and related paperwork (see the Occupational Disease and Work-Related Injury Reporting Policy).

(b) Researching and assisting survivors with application for federal government survivor benefits, such as those offered through the:

(c) Working with the Benefits Liaison to establish a process for the receipt of public donations to the deceased member’s survivors.
(d) Providing accounting and cost information as needed.

1064.7 PRESS INFORMATION OFFICER
In the event of a line-of-duty death, the department’s PIO should be the department’s contact point for the media. As such, the PIO should coordinate with the Department Liaison to:

Investigators from other agencies may be assigned to work on any criminal investigation related to line-of-duty deaths. Partners, close friends or personnel who worked closely with the deceased member should not have any investigative responsibilities because such relationships may impair the objectivity required for an impartial investigation of the incident.

Involved department members should be kept informed of the progress of the investigations and provide investigators with any information that may be pertinent to the investigations.
