### SECTION 2:

Under California Health and Safety Code 19827.5 regulations, applicants must file with the South Coast Air Quality Management District (SCAQMD) an Asbestos Demolition Notification for **EVERY** demolition.

SCAQMD Rule 1403 defines a demolition as the wrecking, or taking out, of any load supporting structural member, including, but not limited to, the foundation, roof support structures, or any exterior wall of a facility or structure and related handling operations, or the intentional burning of any facility. This means that if you remove as little as one (1) two-by-four from a load-bearing wall, it is considered a demolition. Other examples of load-bearing members include foundation, slab, rafters, porch pillars, etc.

**APPLICANTS ARE RESPONSIBLE** for fully satisfying the provisions of their requirements and for obtaining the necessary approval.

ONLINE NOTIFICATIONS – SCAQMD must be notified, using the online web app, prior to any work activities taking place for (a) renovations that impact ACM (except for renovations involving less than 100 square feet total of ACM surface area); (b) all renovations involving the clean-up of damaged or disturbed ACM; and (c) **all demolitions**.

When applicable, a copy of the **1403 Asbestos and/or 1403 Demolition online notification confirmation** are required to be submitted to the City prior to permit issuance. A copy of the Asbestos Abatement Certification is also required when applicable.

### SECTION 3:

I certify I have read the above excerpt and the information I have provided on this form is true and correct, and I further certify the following:
